Kansas State Department of Education
Public Schools and District Not Making AYP 2011

The Elementary and Secondary Education Act (ESEA)—currently known as No Child Left Behind—requires States to determine whether or not public schools and districts are making *Adequate Yearly Progress (AYP)* toward the goal of having all students at a minimum proficient on the reading and mathematics State assessments by 2014. Included in AYP calculations are participation rates on the assessments, attendance rates and graduation rates. AYP is met when all students and all disaggregated student groups (i.e. free and reduced lunch) meet the criteria.

Information regarding the schools and districts **not** making AYP for the 2010-11 testing cycle follows:

*AYP calculations for USD 418 McPherson are not completed yet; they are not included in the data on AYP. The district was granted a waiver from the US Department of Education that allowed ACT assessments rather than State assessments.
