FINAL AUDITED LEGAL MAX

Dear Dr. Clark,

For the 2022-23 school year, the legal General Fund is **\$1,950,030** and the legal Local Option Budget (LOB) is **\$611,466**.

Under KSA 72-5131, the general fund budget is computed using preceding years' enrollment plus current year weightings multiplied times the BASE of \$4,846, plus virtual state aid. The LOB base general fund calculation starts with the total weighted enrollment, excluding special education, KAMS and Virtual state aid. This total is multiplied by the LOB BASE of \$4,912, the higher of the 2008-2009 or current year special education state aid is added, and the sum is multiplied by the authorized district LOB percentage to obtain the maximum LOB budget.

Enclosed is a printout showing data used to compute the General Fund and Local Option Budget. This information is based upon audited enrollment. To view the complete data used to calculate the individual weightings, download the "FY 2023 Legal Max Final" from the school finance website: <https://www.ksde.org/Agency/Fiscal-and-Administrative-Services/School-Finance/Legal-Max-General-Fund-School-Finance-Studies>

***The final legal maximum general fund is based on actual Special Education state aid, Virtual Credits (20 and over) and Virtual Credits (Dropout 19 & Under) reported on the local effort.*** All special education state aid must be deposited in the general fund and transferred to the special education fund.

Under KSA 72-5148 (b) (3), the portion of the school district's state Foundation aid attributable to the transportation weighting shall not be in excess of 110% of the school district's total expenditures for regular route transportation from all funds for the immediately preceding school year. The current year general fund budget will be reduced by any amount in excess of 110% cap. These expenditures are reflected on the "Overall Audit Summary" for the 2021-2022 school year audit completed by KSDE.

*Kansas leads the world in the success of each student.*

KSA 72-5151(b)(5) requires school districts to transfer from the General Fund to K-12 At-Risk Fund the portion of state foundation aid that is directly attributable to the district's at-risk student weighting and high-density at-risk student weighting. Also, KSA 72-5143(i)(2) requires school districts to transfer from the Supplemental General Fund (LOB) to K-12 At-Risk Fund and Bilingual Education Fund the amount that is proportional to the amount of the district's total foundation aid attributable to the at-risk and bilingual weighting. To view your district's General Fund and LOB transfer amounts, download the FY 2023 Legal Max (Final) spreadsheet from the school finance website referenced on the first page. Next, click on the bottom tab "Required Transfers" to view.

**FINAL AUDITED LEGAL MAX  
REPUBLISHED BUDGET**

Dear Dr. Myers,

For the 2022-23 school year, the legal General Fund is **\$7,969,259** and the legal Local Option Budget (LOB) is **\$2,621,799**.

Under KSA 72-5131, the general fund budget is computed using preceding years' enrollment plus current year weightings multiplied times the BASE of \$4,846, plus virtual state aid. The LOB base general fund calculation starts with the total weighted enrollment, excluding special education, KAMS and Virtual state aid. This total is multiplied by the LOB BASE of \$4,912, the higher of the 2008-2009 or current year special education state aid is added, and the sum is multiplied by the authorized district LOB percentage to obtain the maximum LOB budget.

Enclosed is a printout showing data used to compute the General Fund and Local Option Budget. This information is based upon audited enrollment. To view the complete data used to calculate the individual weightings, download the "FY 2023 Legal Max Final" from the school finance website: <https://www.ksde.org/Agency/Fiscal-and-Administrative-Services/School-Finance/Legal-Max-General-Fund-School-Finance-Studies>

***The final legal maximum general fund is based on actual Special Education state aid, Virtual Credits (20 and over) and Virtual Credits (Dropout 19 & Under) reported on the local effort.*** All special education state aid must be deposited in the general fund and transferred to the special education fund.

Under KSA 72-5148 (b) (3), the portion of the school district's state Foundation aid attributable to the transportation weighting shall not be in excess of 110% of the school district's total expenditures for regular route transportation from all funds for the immediately preceding school year. The current year general fund budget will be reduced by any amount in excess of 110% cap. These expenditures are reflected on the "Overall Audit Summary" for the 2021-2022 school year audit completed by KSDE.

*Kansas leads the world in the success of each student.*

KSA 72-5151(b)(5) requires school districts to transfer from the General Fund to K-12 At-Risk Fund the portion of state foundation aid that is directly attributable to the district's at-risk student weighting and high-density at-risk student weighting. Also, KSA 72-5143(i)(2) requires school districts to transfer from the Supplemental General Fund (LOB) to K-12 At-Risk Fund and Bilingual Education Fund the amount that is proportional to the amount of the district's total foundation aid attributable to the at-risk and bilingual weighting. To view your district's General Fund and LOB transfer amounts, download the FY 2023 Legal Max (Final) spreadsheet from the school finance website referenced on the first page. Next, click on the bottom tab "Required Transfers" to view.

FINAL AUDITED LEGAL MAX

Dear Mr. Clark,

For the 2022-23 school year, the legal General Fund is **\$10,033,052** and the legal Local Option Budget (LOB) is **\$3,328,259**.

Under KSA 72-5131, the general fund budget is computed using preceding years' enrollment plus current year weightings multiplied times the BASE of \$4,846, plus virtual state aid. The LOB base general fund calculation starts with the total weighted enrollment, excluding special education, KAMS and Virtual state aid. This total is multiplied by the LOB BASE of \$4,912, the higher of the 2008-2009 or current year special education state aid is added, and the sum is multiplied by the authorized district LOB percentage to obtain the maximum LOB budget.

Enclosed is a printout showing data used to compute the General Fund and Local Option Budget. This information is based upon audited enrollment. To view the complete data used to calculate the individual weightings, download the "FY 2023 Legal Max Final" from the school finance website: <https://www.ksde.org/Agency/Fiscal-and-Administrative-Services/School-Finance/Legal-Max-General-Fund-School-Finance-Studies>

***The final legal maximum general fund is based on actual Special Education state aid, Virtual Credits (20 and over) and Virtual Credits (Dropout 19 & Under) reported on the local effort.*** All special education state aid must be deposited in the general fund and transferred to the special education fund.

Under KSA 72-5148 (b) (3), the portion of the school district's state Foundation aid attributable to the transportation weighting shall not be in excess of 110% of the school district's total expenditures for regular route transportation from all funds for the immediately preceding school year. The current year general fund budget will be reduced by any amount in excess of 110% cap. These expenditures are reflected on the "Overall Audit Summary" for the 2021-2022 school year audit completed by KSDE.

*Kansas leads the world in the success of each student.*

KSA 72-5151(b)(5) requires school districts to transfer from the General Fund to K-12 At-Risk Fund the portion of state foundation aid that is directly attributable to the district's at-risk student weighting and high-density at-risk student weighting. Also, KSA 72-5143(i)(2) requires school districts to transfer from the Supplemental General Fund (LOB) to K-12 At-Risk Fund and Bilingual Education Fund the amount that is proportional to the amount of the district's total foundation aid attributable to the at-risk and bilingual weighting. To view your district's General Fund and LOB transfer amounts, download the FY 2023 Legal Max (Final) spreadsheet from the school finance website referenced on the first page. Next, click on the bottom tab "Required Transfers" to view.

BUDGET REDUCTION**

Dear Mr. Womack,

For the 2022-23 school year, the legal General Fund is **\$5,669,371** and the legal Local Option Budget (LOB) is **\$1,901,980**.

Under KSA 72-5131, the general fund budget is computed using preceding years' enrollment plus current year weightings multiplied times the BASE of \$4,846, plus virtual state aid. The LOB base general fund calculation starts with the total weighted enrollment, excluding special education, KAMS and Virtual state aid. This total is multiplied by the LOB BASE of \$4,912, the higher of the 2008-2009 or current year special education state aid is added, and the sum is multiplied by the authorized district LOB percentage to obtain the maximum LOB budget.

Enclosed is a printout showing data used to compute the General Fund and Local Option Budget. This information is based upon audited enrollment. To view the complete data used to calculate the individual weightings, download the "FY 2023 Legal Max Final" from the school finance website: <https://www.ksde.org/Agency/Fiscal-and-Administrative-Services/School-Finance/Legal-Max-General-Fund-School-Finance-Studies>

***The final legal maximum general fund is based on actual Special Education state aid, Virtual Credits (20 and over) and Virtual Credits (Dropout 19 & Under) reported on the local effort.*** All special education state aid must be deposited in the general fund and transferred to the special education fund.

Under KSA 72-5148 (b) (3), the portion of the school district's state Foundation aid attributable to the transportation weighting shall not be in excess of 110% of the school district's total expenditures for regular route transportation from all funds for the immediately preceding school year. The current year general fund budget will be reduced by any amount in excess of 110% cap. These expenditures are reflected on the "Overall Audit Summary" for the 2021-2022 school year audit completed by KSDE.

*Kansas leads the world in the success of each student.*

KSA 72-5151(b)(5) requires school districts to transfer from the General Fund to K-12 At-Risk Fund the portion of state foundation aid that is directly attributable to the district's at-risk student weighting and high-density at-risk student weighting. Also, KSA 72-5143(i)(2) requires school districts to transfer from the Supplemental General Fund (LOB) to K-12 At-Risk Fund and Bilingual Education Fund the amount that is proportional to the amount of the district's total foundation aid attributable to the at-risk and bilingual weighting. To view your district's General Fund and LOB transfer amounts, download the FY 2023 Legal Max (Final) spreadsheet from the school finance website referenced on the first page. FINAL AUDITED LEGAL MAX

Dear Mr. Goracke,

For the 2022-23 school year, the legal General Fund is **\$4,278,533** and the legal Local Option Budget (LOB) is **\$1,440,700**.

Under KSA 72-5131, the general fund budget is computed using preceding years' enrollment plus current year weightings multiplied times the BASE of \$4,846, plus virtual state aid. The LOB base general fund calculation starts with the total weighted enrollment, excluding special education, KAMS and Virtual state aid. This total is multiplied by the LOB BASE of \$4,912, the higher of the 2008-2009 or current year special education state aid is added, and the sum is multiplied by the authorized district LOB percentage to obtain the maximum LOB budget.

Enclosed is a printout showing data used to compute the General Fund and Local Option Budget. This information is based upon audited enrollment. To view the complete data used to calculate the individual weightings, download the "FY 2023 Legal Max Final" from the school finance website: <https://www.ksde.org/Agency/Fiscal-and-Administrative-Services/School-Finance/Legal-Max-General-Fund-School-Finance-Studies>

***The final legal maximum general fund is based on actual Special Education state aid, Virtual Credits (20 and over) and Virtual Credits (Dropout 19 & Under) reported on the local effort.*** All special education state aid must be deposited in the general fund and transferred to the special education fund.

Under KSA 72-5148 (b) (3), the portion of the school district's state Foundation aid attributable to the transportation weighting shall not be in excess of 110% of the school district's total expenditures for regular route transportation from all funds for the immediately preceding school year. The current year general fund budget will be reduced by any amount in excess of 110% cap. These expenditures are reflected on the "Overall Audit Summary" for the 2021-2022 school year audit completed by KSDE.

*Kansas leads the world in the success of each student.*

KSA 72-5151(b)(5) requires school districts to transfer from the General Fund to K-12 At-Risk Fund the portion of state foundation aid that is directly attributable to the district's at-risk student weighting and high-density at-risk student weighting. Also, KSA 72-5143(i)(2) requires school districts to transfer from the Supplemental General Fund (LOB) to K-12 At-Risk Fund and Bilingual Education Fund the amount that is proportional to the amount of the district's total foundation aid attributable to the at-risk and bilingual weighting. To view your district's General Fund and LOB transfer amounts, download the FY 2023 Legal Max (Final) spreadsheet from the school finance website referenced on the first page. Next, click on the bottom tab "Required Transfers" to view.

**FINAL AUDITED LEGAL MAX  
REPUBLISHED BUDGET**

Dear Mr. Bickford,

For the 2022-23 school year, the legal General Fund is **\$5,197,820** and the legal Local Option Budget (LOB) is **\$1,620,027**.

Under KSA 72-5131, the general fund budget is computed using preceding years' enrollment plus current year weightings multiplied times the BASE of \$4,846, plus virtual state aid. The LOB base general fund calculation starts with the total weighted enrollment, excluding special education, KAMS and Virtual state aid. This total is multiplied by the LOB BASE of \$4,912, the higher of the 2008-2009 or current year special education state aid is added, and the sum is multiplied by the authorized district LOB percentage to obtain the maximum LOB budget.

Enclosed is a printout showing data used to compute the General Fund and Local Option Budget. This information is based upon audited enrollment. To view the complete data used to calculate the individual weightings, download the "FY 2023 Legal Max Final" from the school finance website: <https://www.ksde.org/Agency/Fiscal-and-Administrative-Services/School-Finance/Legal-Max-General-Fund-School-Finance-Studies>

***The final legal maximum general fund is based on actual Special Education state aid, Virtual Credits (20 and over) and Virtual Credits (Dropout 19 & Under) reported on the local effort.*** All special education state aid must be deposited in the general fund and transferred to the special education fund.

Under KSA 72-5148 (b) (3), the portion of the school district's state Foundation aid attributable to the transportation weighting shall not be in excess of 110% of the school district's total expenditures for regular route transportation from all funds for the immediately preceding school year. The current year general fund budget will be reduced by any amount in excess of 110% cap. These expenditures are reflected on the "Overall Audit Summary" for the 2021-2022 school year audit completed by KSDE.

*Kansas leads the world in the success of each student.*

KSA 72-5151(b)(5) requires school districts to transfer from the General Fund to K-12 At-Risk Fund the portion of state foundation aid that is directly attributable to the district's at-risk student weighting and high-density at-risk student weighting. Dear Mr. Cox,

For the 2022-23 school year, the legal General Fund is **\$2,413,987** and the legal Local Option Budget (LOB) is **\$778,244**.

Under KSA 72-5131, the general fund budget is computed using preceding years' enrollment plus current year weightings multiplied times the BASE of \$4,846, plus virtual state aid. The LOB base general fund calculation starts with the total weighted enrollment, excluding special education, KAMS and Virtual state aid. This total is multiplied by the LOB BASE of \$4,912, the higher of the 2008-2009 or current year special education state aid is added, and the sum is multiplied by the authorized district LOB percentage to obtain the maximum LOB budget.

**FINAL AUDITED LEGAL MAX  
REPUBLISHED BUDGET**

Dear Mr. West,

For the 2022-23 school year, the legal General Fund is **\$2,102,626** and the legal Local Option Budget (LOB) is **\$710,770**.

Under KSA 72-5131, the general fund budget is computed using preceding years' enrollment plus current year weightings multiplied times the BASE of \$4,846, plus virtual state aid. The LOB base general fund calculation starts with the total weighted enrollment, excluding special education, KAMS and Virtual state aid. This total is multiplied by the LOB BASE of \$4,912, the higher of the 2008-2009 or current year special education state aid is added, and the sum is multiplied by the authorized district LOB percentage to obtain the maximum LOB budget.

Enclosed is a printout showing data used to compute the General Fund and Local Option Budget. This information is based upon audited enrollment. To view the complete data used to calculate the individual weightings, download the "FY 2023 Legal Max Final" from the school finance website: <https://www.ksde.org/Agency/Fiscal-and-Administrative-Services/School-Finance/Legal-Max-General-Fund-School-Finance-Studies>

***The final legal maximum general fund is based on actual Special Education state aid, Virtual Credits (20 and over) and Virtual Credits (Dropout 19 & Under) reported on the local effort.*** All special education state aid must be deposited in the general fund and transferred to the special education fund.

Under KSA 72-5148 (b) (3), the portion of the school district's state Foundation aid attributable to the transportation weighting shall not be in excess of 110% of the school district's total expenditures for regular route transportation from all funds for the immediately preceding school year. The current year general fund budget will be reduced by any amount in excess of 110% cap. These expenditures are reflected on the "Overall Audit Summary" for the 2021-2022 school year audit completed by KSDE.

*Kansas leads the world in the success of each student.*

KSA 72-5151(b)(5) requires school districts to transfer from the General Fund to K-12 At-Risk Fund the portion of state foundation aid that is directly attributable to the district's at-risk student weighting and high-density at-risk student weighting. Also, KSA 72-5143(i)(2) requires school districts to transfer from the Supplemental General Fund (LOB) to K-12 At-Risk Fund and Bilingual Education Fund the amount that is proportional to the amount of the district's total foundation aid attributable to the at-risk and bilingual weighting. To view your district's General Fund and LOB transfer amounts, download the FY 2023 Legal Max (Final) spreadsheet from the school finance website referenced on the first page. Next, click on the bottom tab "Required Transfers" to view.

**FINAL AUDITED LEGAL MAX  
REPUBLISHED BUDGET**

Dear Mr. Langdon,

For the 2022-23 school year, the legal General Fund is **\$3,285,588** and the legal Local Option Budget (LOB) is **\$1,018,379**.

Under KSA 72-5131, the general fund budget is computed using preceding years' enrollment plus current year weightings multiplied times the BASE of \$4,846, plus virtual state aid. The LOB base general fund calculation starts with the total weighted enrollment, excluding special education, KAMS and Virtual state aid. This total is multiplied by the LOB BASE of \$4,912, the higher of the 2008-2009 or current year special education state aid is added, and the sum is multiplied by the authorized district LOB percentage to obtain the maximum LOB budget.

Enclosed is a printout showing data used to compute the General Fund and Local Option Budget. This information is based upon audited enrollment. To view the complete data used to calculate the individual weightings, download the "FY 2023 Legal Max Final" from the school finance website: <https://www.ksde.org/Agency/Fiscal-and-Administrative-Services/School-Finance/Legal-Max-General-Fund-School-Finance-Studies>

***The final legal maximum general fund is based on actual Special Education state aid, Virtual Credits (20 and over) and Virtual Credits (Dropout 19 & Under) reported on the local effort.*** All special education state aid must be deposited in the general fund and transferred to the special education fund.

Under KSA 72-5148 (b) (3), the portion of the school district's state Foundation aid attributable to the transportation weighting shall not be in excess of 110% of the school district's total expenditures for regular route transportation from all funds for the immediately preceding school year. The current year general fund budget will be reduced by any amount in excess of 110% cap. These expenditures are reflected on the "Overall Audit Summary" for the 2021-2022 school year audit completed by KSDE.

*Kansas leads the world in the success of each student.*

KSA 72-5151(b)(5) requires school districts to transfer from the General Fund to K-12 At-Risk Fund the portion of state foundation aid that is directly attributable to the district's at-risk student weighting and high-density at-risk student weighting. Also, KSA 72-5143(i)(2) requires school districts to transfer from the Supplemental General Fund (LOB) to K-12 At-Risk Fund and Bilingual Education Fund the amount that is proportional to the amount of the district's total foundation aid attributable to the at-risk and bilingual weighting. To view your district's General Fund and LOB transfer amounts, download the FY 2023 Legal Max (Final) spreadsheet from the school finance website referenced on the first page. Next, click on the bottom tab "Required Transfers" to view.

FINAL AUDITED LEGAL MAX

Dear Mr. Reynolds,

For the 2022-23 school year, the legal General Fund is **\$5,610,843** and the legal Local Option Budget (LOB) is **\$1,879,651**.

Under KSA 72-5131, the general fund budget is computed using preceding years' enrollment plus current year weightings multiplied times the BASE of \$4,846, plus virtual state aid. The LOB base general fund calculation starts with the total weighted enrollment, excluding special education, KAMS and Virtual state aid. This total is multiplied by the LOB BASE of \$4,912, the higher of the 2008-2009 or current year special education state aid is added, and the sum is multiplied by the authorized district LOB percentage to obtain the maximum LOB budget.

Enclosed is a printout showing data used to compute the General Fund and Local Option Budget. This information is based upon audited enrollment. To view the complete data used to calculate the individual weightings, download the "FY 2023 Legal Max Final" from the school finance website: <https://www.ksde.org/Agency/Fiscal-and-Administrative-Services/School-Finance/Legal-Max-General-Fund-School-Finance-Studies>

***The final legal maximum general fund is based on actual Special Education state aid, Virtual Credits (20 and over) and Virtual Credits (Dropout 19 & Under) reported on the local effort.*** All special education state aid must be deposited in the general fund and transferred to the special education fund.

Under KSA 72-5148 (b) (3), the portion of the school district's state Foundation aid attributable to the transportation weighting shall not be in excess of 110% of the school district's total expenditures for regular route transportation from all funds for the immediately preceding school year. The current year general fund budget will be reduced by any amount in excess of 110% cap. These expenditures are reflected on the "Overall Audit Summary" for the 2021-2022 school year audit completed by KSDE.

*Kansas leads the world in the success of each student.*

KSA 72-5151(b)(5) requires school districts to transfer from the General Fund to K-12 At-Risk Fund the portion of state foundation aid that is directly attributable to the district's at-risk student weighting and high-density at-risk student weighting. Also, KSA 72-5143(i)(2) requires school districts to transfer from the Supplemental General Fund (LOB) to K-12 At-Risk Fund and Bilingual Education Fund the amount that is proportional to the amount of the district's total foundation aid attributable to the at-risk and bilingual weighting. To view your district's General Fund and LOB transfer amounts, download the FY 2023 Legal Max (Final) spreadsheet from the school finance website referenced on the first page. Next, click on the bottom tab "Required Transfers" to view.

**FINAL AUDITED LEGAL MAX  
BUDGET REDUCTION**

Dear Mr. Hogan,

For the 2022-23 school year, the legal General Fund is **\$7,630,559** and the legal Local Option Budget (LOB) is **\$2,304,506**.

Under KSA 72-5131, the general fund budget is computed using preceding years' enrollment plus current year weightings multiplied times the BASE of \$4,846, plus virtual state aid. The LOB base general fund calculation starts with the total weighted enrollment, excluding special education, KAMS and Virtual state aid. This total is multiplied by the LOB BASE of \$4,912, the higher of the 2008-2009 or current year special education state aid is added, and the sum is multiplied by the authorized district LOB percentage to obtain the maximum LOB budget.

Enclosed is a printout showing data used to compute the General Fund and Local Option Budget. This information is based upon audited enrollment. To view the complete data used to calculate the individual weightings, download the "FY 2023 Legal Max Final" from the school finance website: <https://www.ksde.org/Agency/Fiscal-and-Administrative-Services/School-Finance/Legal-Max-General-Fund-School-Finance-Studies>

***The final legal maximum general fund is based on actual Special Education state aid, Virtual Credits (20 and over) and Virtual Credits (Dropout 19 & Under) reported on the local effort.*** All special education state aid must be deposited in the general fund and transferred to the special education fund.

Under KSA 72-5148 (b) (3), the portion of the school district's state Foundation aid attributable to the transportation weighting shall not be in excess of 110% of the school district's total expenditures for regular route transportation from all funds for the immediately preceding school year. The current year general fund budget will be reduced by any amount in excess of 110% cap. These expenditures are reflected on the "Overall Audit Summary" for the 2021-2022 school year audit completed by KSDE.

*Kansas leads the world in the success of each student.*

KSA 72-5151(b)(5) requires school districts to transfer from the General Fund to K-12 At-Risk Fund the portion of state foundation aid that is directly attributable to the district's at-risk student weighting and high-density at-risk student weighting. Also, KSA 72-5143(i)(2) requires school districts to transfer from the Supplemental General Fund (LOB) to K-12 At-Risk Fund and Bilingual Education Fund the amount that is proportional to the amount of the district's total foundation aid attributable to the at-risk and bilingual weighting. To view your district's General Fund and LOB transfer amounts, download the FY 2023 Legal Max (Final) spreadsheet from the school finance website referenced on the first page. Next, click on the bottom tab "Required Transfers" to view.

**FINAL AUDITED LEGAL MAX  
REPUBLISHED BUDGET**

Dear Mr. Berry,

For the 2022-23 school year, the legal General Fund is **\$6,202,387** and the legal Local Option Budget (LOB) is **\$2,054,755**.

Under KSA 72-5131, the general fund budget is computed using preceding years' enrollment plus current year weightings multiplied times the BASE of \$4,846, plus virtual state aid. The LOB base general fund calculation starts with the total weighted enrollment, excluding special education, KAMS and Virtual state aid. This total is multiplied by the LOB BASE of \$4,912, the higher of the 2008-2009 or current year special education state aid is added, and the sum is multiplied by the authorized district LOB percentage to obtain the maximum LOB budget.

Enclosed is a printout showing data used to compute the General Fund and Local Option Budget. This information is based upon audited enrollment. To view the complete data used to calculate the individual weightings, download the "FY 2023 Legal Max Final" from the school finance website: <https://www.ksde.org/Agency/Fiscal-and-Administrative-Services/School-Finance/Legal-Max-General-Fund-School-Finance-Studies>

***The final legal maximum general fund is based on actual Special Education state aid, Virtual Credits (20 and over) and Virtual Credits (Dropout 19 & Under) reported on the local effort.*** All special education state aid must be deposited in the general fund and transferred to the special education fund.

Under KSA 72-5148 (b) (3), the portion of the school district's state Foundation aid attributable to the transportation weighting shall not be in excess of 110% of the school district's total expenditures for regular route transportation from all funds for the immediately preceding school year. The current year general fund budget will be reduced by any amount in excess of 110% cap. These expenditures are reflected on the "Overall Audit Summary" for the 2021-2022 school year audit completed by KSDE.

*Kansas leads the world in the success of each student.*

KSA 72-5151(b)(5) requires school districts to transfer from the General Fund to K-12 At-Risk Fund the portion of state foundation aid that is directly attributable to the district's at-risk student weighting and high-density at-risk student weighting. Also, KSA 72-5143(i)(2) requires school districts to transfer from the Supplemental General Fund (LOB) to K-12 At-Risk Fund and Bilingual Education Fund the amount that is proportional to the amount of the district's total foundation aid attributable to the at-risk and bilingual weighting. To view your district's General Fund and LOB transfer amounts, download the FY 2023 Legal Max (Final) spreadsheet from the school finance website referenced on the first page. Next, click on the bottom tab "Required Transfers" to view.

**FINAL AUDITED LEGAL MAX  
REPUBLISHED BUDGET**

Dear Miss Nugent,

For the 2022-23 school year, the legal General Fund is **\$12,545,809** and the legal Local Option Budget (LOB) is **\$3,934,748**.

Under KSA 72-5131, the general fund budget is computed using preceding years' enrollment plus current year weightings multiplied times the BASE of \$4,846, plus virtual state aid. The LOB base general fund calculation starts with the total weighted enrollment, excluding special education, KAMS and Virtual state aid. This total is multiplied by the LOB BASE of \$4,912, the higher of the 2008-2009 or current year special education state aid is added, and the sum is multiplied by the authorized district LOB percentage to obtain the maximum LOB budget.

Enclosed is a printout showing data used to compute the General Fund and Local Option Budget. This information is based upon audited enrollment. To view the complete data used to calculate the individual weightings, download the "FY 2023 Legal Max Final" from the school finance website: <https://www.ksde.org/Agency/Fiscal-and-Administrative-Services/School-Finance/Legal-Max-General-Fund-School-Finance-Studies>

***The final legal maximum general fund is based on actual Special Education state aid, Virtual Credits (20 and over) and Virtual Credits (Dropout 19 & Under) reported on the local effort.*** All special education state aid must be deposited in the general fund and transferred to the special education fund.

Under KSA 72-5148 (b) (3), the portion of the school district's state Foundation aid attributable to the transportation weighting shall not be in excess of 110% of the school district's total expenditures for regular route transportation from all funds for the immediately preceding school year. The current year general fund budget will be reduced by any amount in excess of 110% cap. These expenditures are reflected on the "Overall Audit Summary" for the 2021-2022 school year audit completed by KSDE.

*Kansas leads the world in the success of each student.*

KSA 72-5151(b)(5) requires school districts to transfer from the General Fund to K-12 At-Risk Fund the portion of state foundation aid that is directly attributable to the district's at-risk student weighting and high-density at-risk student weighting. Also, KSA 72-5143(i)(2) requires school districts to transfer from the Supplemental General Fund (LOB) to K-12 At-Risk Fund and Bilingual Education Fund the amount that is proportional to the amount of the district's total foundation aid attributable to the at-risk and bilingual weighting. To view your district's General Fund and LOB transfer amounts, download the FY 2023 Legal Max (Final) spreadsheet from the school finance website referenced on the first page. Next, click on the bottom tab "Required Transfers" to view.

REPUBLISHED BUDGET**

Dear Dr. Adams,

For the 2022-23 school year, the legal General Fund is **\$14,099,437** and the legal Local Option Budget (LOB) is **\$4,579,955**.

Under KSA 72-5131, the general fund budget is computed using preceding years' enrollment plus current year weightings multiplied times the BASE of \$4,846, plus virtual state aid. The LOB base general fund calculation starts with the total weighted enrollment, excluding special education, KAMS and Virtual state aid. This total is multiplied by the LOB BASE of \$4,912, the higher of the 2008-2009 or current year special education state aid is added, and the sum is multiplied by the authorized district LOB percentage to obtain the maximum LOB budget.

Enclosed is a printout showing data used to compute the General Fund and Local Option Budget. This information is based upon audited enrollment. To view the complete data used to calculate the individual weightings, download the "FY 2023 Legal Max Final" from the school finance website: <https://www.ksde.org/Agency/Fiscal-and-Administrative-Services/School-Finance/Legal-Max-General-Fund-School-Finance-Studies>

***The final legal maximum general fund is based on actual Special Education state aid, Virtual Credits (20 and over) and Virtual Credits (Dropout 19 & Under) reported on the local effort.*** All special education state aid must be deposited in the general fund and transferred to the special education fund.

Under KSA 72-5148 (b) (3), the portion of the school district's state Foundation aid attributable to the transportation weighting shall not be in excess of 110% of the school district's total expenditures for regular route transportation from all funds for the immediately preceding school year. The current year general fund budget will be reduced by any amount in excess of 110% cap. These expenditures are reflected on the "Overall Audit Summary" for the 2021-2022 school year audit completed by KSDE.

*Kansas leads the world in the success of each student.*

KSA 72-5151(b)(5) requires school districts to transfer from the General Fund to K-12 At-Risk Fund the portion of state foundation aid that is directly attributable to the district's at-risk student weighting and high-density at-risk student weighting. FINAL AUDITED LEGAL MAX

Dear Dr. Vincent,

For the 2022-23 school year, the legal General Fund is **\$16,837,912** and the legal Local Option Budget (LOB) is **\$5,619,548**.

Under KSA 72-5131, the general fund budget is computed using preceding years' enrollment plus current year weightings multiplied times the BASE of \$4,846, plus virtual state aid. The LOB base general fund calculation starts with the total weighted enrollment, excluding special education, KAMS and Virtual state aid. This total is multiplied by the LOB BASE of \$4,912, the higher of the 2008-2009 or current year special education state aid is added, and the sum is multiplied by the authorized district LOB percentage to obtain the maximum LOB budget.

Enclosed is a printout showing data used to compute the General Fund and Local Option Budget. This information is based upon audited enrollment. **FINAL AUDITED LEGAL MAX  
REPUBLISHED BUDGET**

Dear Mr. Marcotte,

For the 2022-23 school year, the legal General Fund is **\$4,038,226** and the legal Local Option Budget (LOB) is **\$1,263,153**.

Under KSA 72-5131, the general fund budget is computed using preceding years' enrollment plus current year weightings multiplied times the BASE of \$4,846, plus virtual state aid. The LOB base general fund calculation starts with the total weighted enrollment, excluding special education, KAMS and Virtual state aid. This total is multiplied by the LOB BASE of \$4,912, the higher of the 2008-2009 or current year special education state aid is added, and the sum is multiplied by the authorized district LOB percentage to obtain the maximum LOB budget.

Enclosed is a printout showing data used to compute the General Fund and Local Option Budget. This information is based upon audited enrollment. To view the complete data used to calculate the individual weightings, download the "FY 2023 Legal Max Final" from the school finance website: <https://www.ksde.org/Agency/Fiscal-and-Administrative-Services/School-Finance/Legal-Max-General-Fund-School-Finance-Studies>

***The final legal maximum general fund is based on actual Special Education state aid, Virtual Credits (20 and over) and Virtual Credits (Dropout 19 & Under) reported on the local effort.*** All special education state aid must be deposited in the general fund and transferred to the special education fund.

Under KSA 72-5148 (b) (3), the portion of the school district's state Foundation aid attributable to the transportation weighting shall not be in excess of 110% of the school district's total expenditures for regular route transportation from all funds for the immediately preceding school year. The current year general fund budget will be reduced by any amount in excess of 110% cap. These expenditures are reflected on the "Overall Audit Summary" for the 2021-2022 school year audit completed by KSDE.

*Kansas leads the world in the success of each student.*

KSA 72-5151(b)(5) requires school districts to transfer from the General Fund to K-12 At-Risk Fund the portion of state foundation aid that is directly attributable to the district's at-risk student weighting and high-density at-risk student weighting. Also, KSA 72-5143(i)(2) requires school districts to transfer from the Supplemental General Fund (LOB) to K-12 At-Risk Fund and Bilingual Education Fund the amount that is proportional to the amount of the district's total foundation aid attributable to the at-risk and bilingual weighting. To view your district's General Fund and LOB transfer amounts, download the FY 2023 Legal Max (Final) spreadsheet from the school finance website referenced on the first page. Next, click on the bottom tab "Required Transfers" to view.

**FINAL AUDITED LEGAL MAX  
BUDGET REDUCTION**

Dear Mr. Thexton,

For the 2022-23 school year, the legal General Fund is **\$22,094,417** and the legal Local Option Budget (LOB) is **\$6,963,557**.

Under KSA 72-5131, the general fund budget is computed using preceding years' enrollment plus current year weightings multiplied times the BASE of \$4,846, plus virtual state aid. The LOB base general fund calculation starts with the total weighted enrollment, excluding special education, KAMS and Virtual state aid. This total is multiplied by the LOB BASE of \$4,912, the higher of the 2008-2009 or current year special education state aid is added, and the sum is multiplied by the authorized district LOB percentage to obtain the maximum LOB budget.

Enclosed is a printout showing data used to compute the General Fund and Local Option Budget. This information is based upon audited enrollment. To view the complete data used to calculate the individual weightings, download the "FY 2023 Legal Max Final" from the school finance website: <https://www.ksde.org/Agency/Fiscal-and-Administrative-Services/School-Finance/Legal-Max-General-Fund-School-Finance-Studies>

***The final legal maximum general fund is based on actual Special Education state aid, Virtual Credits (20 and over) and Virtual Credits (Dropout 19 & Under) reported on the local effort.*** All special education state aid must be deposited in the general fund and transferred to the special education fund.

Under KSA 72-5148 (b) (3), the portion of the school district's state Foundation aid attributable to the transportation weighting shall not be in excess of 110% of the school district's total expenditures for regular route transportation from all funds for the immediately preceding school year. The current year general fund budget will be reduced by any amount in excess of 110% cap. These expenditures are reflected on the "Overall Audit Summary" for the 2021-2022 school year audit completed by KSDE.

*Kansas leads the world in the success of each student.*

KSA 72-5151(b)(5) requires school districts to transfer from the General Fund to K-12 At-Risk Fund the portion of state foundation aid that is directly attributable to the district's at-risk student weighting and high-density at-risk student weighting. Also, KSA 72-5143(i)(2) requires school districts to transfer from the Supplemental General Fund (LOB) to K-12 At-Risk Fund and Bilingual Education Fund the amount that is proportional to the amount of the district's total foundation aid attributable to the at-risk and bilingual weighting. To view your district's General Fund and LOB transfer amounts, download the FY 2023 Legal Max (Final) spreadsheet from the school finance website referenced on the first page. <p><b>FINAL AUDITED LEGAL MAX BUDGET REDUCTION</b></p>
--

Dear Mrs. Woolf,

For the 2022-23 school year, the legal General Fund is **\$2,603,649** and the legal Local Option Budget (LOB) is **\$870,872**.

Under KSA 72-5131, the general fund budget is computed using preceding years' enrollment plus current year weightings multiplied times the BASE of \$4,846, plus virtual state aid. The LOB base general fund calculation starts with the total weighted enrollment, excluding special education, KAMS and Virtual state aid. This total is multiplied by the LOB BASE of \$4,912, the higher of the 2008-2009 or current year special education state aid is added, and the sum is multiplied by the authorized district LOB percentage to obtain the maximum LOB budget.

Enclosed is a printout showing data used to compute the General Fund and Local Option Budget. This information is based upon audited enrollment. To view the complete data used to calculate the individual weightings, download the "FY 2023 Legal Max Final" from the school finance website: <https://www.ksde.org/Agency/Fiscal-and-Administrative-Services/School-Finance/Legal-Max-General-Fund-School-Finance-Studies>

***The final legal maximum general fund is based on actual Special Education state aid, Virtual Credits (20 and over) and Virtual Credits (Dropout 19 & Under) reported on the local effort.*** All special education state aid must be deposited in the general fund and transferred to the special education fund.

Under KSA 72-5148 (b) (3), the portion of the school district's state Foundation aid attributable to the transportation weighting shall not be in excess of 110% of the school district's total expenditures for regular route transportation from all funds for the immediately preceding school year. The current year general fund budget will be reduced by any amount in excess of 110% cap. These expenditures are reflected on the "Overall Audit Summary" for the 2021-2022 school year audit completed by KSDE.

*Kansas leads the world in the success of each student.*

KSA 72-5151(b)(5) requires school districts to transfer from the General Fund to K-12 At-Risk Fund the portion of state foundation aid that is directly attributable to the district's at-risk student weighting and high-density at-risk student weighting. Also, KSA 72-5143(i)(2) requires school districts to transfer from the Supplemental General Fund (LOB) to K-12 At-Risk Fund and Bilingual Education Fund the amount that is proportional to the amount of the district's total foundation aid attributable to the at-risk and bilingual weighting. To view your district's General Fund and LOB transfer amounts, download the FY 2023 Legal Max (Final) spreadsheet from the school finance website referenced on the first page. Next, click on the bottom tab "Required Transfers" to view.

BUDGET REDUCTION**

Dear Dr. McWilliams,

For the 2022-23 school year, the legal General Fund is **\$45,181,267** and the legal Local Option Budget (LOB) is **\$14,352,801**.

Under KSA 72-5131, the general fund budget is computed using preceding years' enrollment plus current year weightings multiplied times the BASE of \$4,846, plus virtual state aid. The LOB base general fund calculation starts with the total weighted enrollment, excluding special education, KAMS and Virtual state aid. This total is multiplied by the LOB BASE of \$4,912, the higher of the 2008-2009 or current year special education state aid is added, and the sum is multiplied by the authorized district LOB percentage to obtain the maximum LOB budget.

Enclosed is a printout showing data used to compute the General Fund and Local Option Budget. This information is based upon audited enrollment. To view the complete data used to calculate the individual weightings, download the "FY 2023 Legal Max Final" from the school finance website: <https://www.ksde.org/Agency/Fiscal-and-Administrative-Services/School-Finance/Legal-Max-General-Fund-School-Finance-Studies>

***The final legal maximum general fund is based on actual Special Education state aid, Virtual Credits (20 and over) and Virtual Credits (Dropout 19 & Under) reported on the local effort.*** All special education state aid must be deposited in the general fund and transferred to the special education fund.

Under KSA 72-5148 (b) (3), the portion of the school district's state Foundation aid attributable to the transportation weighting shall not be in excess of 110% of the school district's total expenditures for regular route transportation from all funds for the immediately preceding school year. The current year general fund budget will be reduced by any amount in excess of 110% cap. These expenditures are reflected on the "Overall Audit Summary" for the 2021-2022 school year audit completed by KSDE.

*Kansas leads the world in the success of each student.*

KSA 72-5151(b)(5) requires school districts to transfer from the General Fund to K-12 At-Risk Fund the portion of state foundation aid that is directly attributable to the district's at-risk student weighting and high-density at-risk student weighting. Also, KSA 72-5143(i)(2) requires school districts to transfer from the Supplemental General Fund (LOB) to K-12 At-Risk Fund and Bilingual Education Fund the amount that is proportional to the amount of the district's total foundation aid attributable to the at-risk and bilingual weighting. To view your district's General Fund and LOB transfer amounts, download the FY 2023 Legal Max (Final) spreadsheet from the school finance website referenced on the first page. Next, click on the bottom tab "Required Transfers" to view.

**FINAL AUDITED LEGAL MAX  
REPUBLISHED BUDGET  
BUDGET REDUCTION**

Dear Dr. Dierksen,

For the 2022-23 school year, the legal General Fund is **\$59,895,733** and the legal Local Option Budget (LOB) is **\$20,000,169**.

Under KSA 72-5131, the general fund budget is computed using preceding years' enrollment plus current year weightings multiplied times the BASE of \$4,846, plus virtual state aid. The LOB base general fund calculation starts with the total weighted enrollment, excluding special education, KAMS and Virtual state aid. This total is multiplied by the LOB BASE of \$4,912, the higher of the 2008-2009 or current year special education state aid is added, and the sum is multiplied by the authorized district LOB percentage to obtain the maximum LOB budget.

Enclosed is a printout showing data used to compute the General Fund and Local Option Budget. This information is based upon audited enrollment. To view the complete data used to calculate the individual weightings, download the "FY 2023 Legal Max Final" from the school finance website: <https://www.ksde.org/Agency/Fiscal-and-Administrative-Services/School-Finance/Legal-Max-General-Fund-School-Finance-Studies>

***The final legal maximum general fund is based on actual Special Education state aid, Virtual Credits (20 and over) and Virtual Credits (Dropout 19 & Under) reported on the local effort.*** All special education state aid must be deposited in the general fund and transferred to the special education fund.

Under KSA 72-5148 (b) (3), the portion of the school district's state Foundation aid attributable to the transportation weighting shall not be in excess of 110% of the school district's total expenditures for regular route transportation from all funds for the immediately preceding school year. The current year general fund budget will be reduced by any amount in excess of 110% cap. These expenditures are reflected on the "Overall Audit Summary" for the 2021-2022 school year audit completed by KSDE.

*Kansas leads the world in the success of each student.*

KSA 72-5151(b)(5) requires school districts to transfer from the General Fund to K-12 At-Risk Fund the portion of state foundation aid that is directly attributable to the district's at-risk student weighting and high-density at-risk student weighting. Also, KSA 72-5143(i)(2) requires school districts to transfer from the Supplemental General Fund (LOB) to K-12 At-Risk Fund and Bilingual Education Fund the amount that is proportional to the amount of the district's total foundation aid attributable to the at-risk and bilingual weighting. To view your district's General Fund and LOB transfer amounts, download the FY 2023 Legal Max (Final) spreadsheet from the school finance website referenced on the first page. Next, click on the bottom tab "Required Transfers" to view.
