FCCLA KANSAS

Chapter Feature- Victoria FCCLA

The Victoria FCCLA led an “Aware to Care” day on November 20th. The day consisted of guest speakers and a lot of fun and games. Students learned about premature babies and ways to help out the March of Dimes organization. They also learned about other ways to become aware and help organizations in their own community. All seventh through twelfth graders and staff participated in the day. Students started off the day with a “Stack the Door” contest. The class that filled their door first with nonperishable items got to go to lunch first. In all, a pickup load of canned items were donated to the church food bank. Later that afternoon students could participate in “Naptime for Newborns” if they brought an item for the Mary Elizabeth Home, a house for unwed teen moms. Five boxes of items were collected. This event was a great way to kick off the Thanksgiving holiday.

Your SEC asks...

What is your chapter doing this season?

The southeast of saline chapter is going is nursing homes this weekend to sing carols to the residents!
-Jonathan Peuchen- District G Officer

Campus FCCLA is doing a special project called "Undercover Santa" where we help out students from local elementary schools who aren't fortunate enough to get a special present for the holidays!
-Cassandra Nguyen- District I Officer

Mission Valley is joining up with other organizations in our school and adopting a family for Christmas!
-Kori Schlesener- Mission Valley Chapter Member

Chapter Feature- Southeast of Saline

Southeast of Saline FCCLA chapter went to the Salina rescue mission to help prepare food for the residents. We peeled potatoes and sliced bread for the next day's meal. The group members stayed long enough at the mission to have dinner with some very nice people.

This project was part of the national service project Share Our Strength. Our chapter through this project learned that there are more people going hungry than you might think and that people should help out and donate food to keep these types of organizations going. We will further our community service for Share Our Strength with our entire school when we have a food drive at one of our home basketball games.
