AMAO #3 Adequate Yearly Progress (AYP) for ELL subgroup Each district participating in Title III that has an ELL subgroup must make AYP in both reading and mathematics for the subgroup in order to make AMAO 3. AYP is based on the Kansas Reading Assessment and the Kansas Mathematics Assessment. The target for reading in 2010-11 was 86%, the target for mathematics in 2010-11 was 82.3%. The following districts did not meet AMAO #3 in school year 2010-11.

*AMAO 1, 2, 3R, 3M = indication of which AMAO was missed. Use of parentheses indicates that the AMAO was met, but due to hypothesis test, safe harbor, etc. as indicated in the AYP report and KELPA_AMAO report.

= Districts that missed AMAOs for one year. Their status column above reflects the status of the district as a result of missing one or more AMAOs the previous year. If any of the AMAOs are missed the following year, the district will be on improvement for Title III.

OI = "On Improvement". Districts that are "On Improvement" have missed one or more AMAOs for two consecutive years. These districts will write a Title III Improvement Plan, found on the School Improvement webpage at: http://www.ksde.org/Default.aspx?tabid=405.

(OI2) = "On Improvement year two." These districts made AMAOs last year but are in their 2nd year on improvement will continue with the plan they completed last year, making updates and amendments as needed. These districts will not be on improvement next year.

OI3 = "On Improvement – missed AMAOs for three consecutive years". These districts missed AMAOs last year and will continue with the School Improvement plan previously written, making an increased effort to improve their status for next year.

(OI3) = "On Improvement year three." These districts made AMAOs last year but will continue the work they began under the improvement plan they completed the previous year, making updates and amendments as needed. These districts will not be on improvement next year.

OI4 = "On Improvement – missed AMAOs for four consecutive years".

Title III Section 3122(b)(4) states… "ACCOUNTABILITY – If a State educational agency determines that an eligible entity has failed to meet the annual measureable achievement objectives described in subsection (a) for 4 consecutive years, the agency shall –

(A) require such entity to modify the entity's curriculum, program, and method of instruction; or
(B) (i) make a determination whether the entity shall continue to receive funds related to the entity's failure to meet such objectives; and
(C) (ii) require such entity to replace educational personnel relevant to the entity's failure to meet such objectives.

Districts on Title III improvement for missing AMAOs for four consecutive years will review data analysis for causes of the district not succeeding in meeting AMAOs, and will take part in the KLN School Improvement process to specifically address issues impeding the district's ability to meet AMAOs.

(OI4) = continue working with KLN for a second year

OI5 = work with KLN, Professional development grant (Francie Christopher), and KORE.
