System Requirements

KSDE currently supports the following web browsers for use with its web applications:

- > Microsoft Edge (*version 18 or higher*), Apple Safari (*version 12.1 or newer*), Google Chrome (*version 76 or newer*), Mozilla Firefox (*version 68 or newer*). *Most modern web browsers are updated to the latest version automatically.

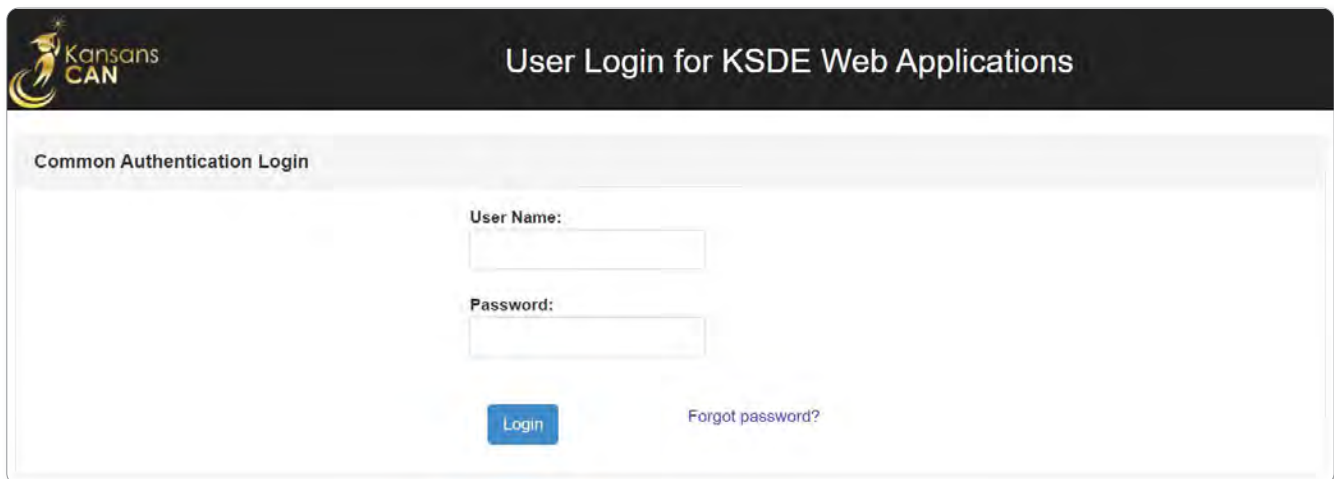

NOTE: Please ensure you are using one of these browsers before contacting technical support.

Microsoft Internet Explorer Users: Microsoft has ended support for IE and is encouraging users to discontinue its use. While IE *may work* with KSDE web applications, it *should not* be used.

Login

KGRS is part of the KDSE single sign-on system. To reach the KSDE Web Applications page, type the following URL into your browser's address bar:

<https://apps.ksde.org/authentication/login.aspx>

Once there, enter your **User Name** and **Password** in the fields and click the blue Login button. Next, you must request access to the KGRS application by filling out the **KSDE Registration Form**.

The **Task Navigation** menu is the area along the left side of each page that provides links to common tasks within the site. **NOTE:** State **users** see the following list of options: Manage Applications, LEA Home, Help, and Logout. District **admins** see each of the above options, as well as a Maintenance link.

- > [Manage Applications](#) Returns you to the main KSDE Web Applications page
