The table below shows Charter School data for school years 2008-2009 and 2009-2010. In 2009-2010, Kansas had a total of 37 Charter Schools operating. Comparisons of reading assessment results were made for all Charter Schools that were operational for two consecutive years. Kansas had 30 Charter Schools recording data in the area of reading for this time period. Fifteen of the 30 schools indicated an increase in the number of students scoring proficient or above on the state assessments. 50% of Kansas Charter schools made improvement in the area of Reading/Language Arts.

District #	Number of Charter Schools		Number of Schools making progress		Percentage of Schools making progress
