Kansas FCCLA STAR Event Information

Affiliation Date: **ALL** STAR Event participants are required to be affiliated by December 1 (of the current year). The *affiliation form, student membership list, and payment* must reach the State Office with a **December 1 postmark date or before**. (see affiliation information sheet) ***Students must be designated occupational on the affiliation form student list to compete in an occupational event.***

New Students to your school or your program after the December 1 deadline date **may be added to an affiliated chapter** by a postmark date of January 31 or before of the current year. These new students may participate in Kansas STAR Events as long as the original chapter affiliation form with the student list was sent to State office by December 1.

ALL Kansas state STAR Event entries must first be presented at FCCLA District STAR Events except for Culinary Arts which is a state only competition.

One entry per FCCLA District for each national event in all three categories may participate at the state STAR events competition. All state STAR event entries will receive recognition at the State Leadership Showcase with top winners in each category of each event qualifying to represent Kansas at Nationals. Any member substitutions for team events must be less than half of the team.

District STAR Event Advisors: Using the district STAR Event report form, found on the Kansas web site under the forms link, please submit a list of the **TOP TWO** STAR event competitors in the junior, senior and occupational category for National STAR Events. Send to the State Office within three days upon the completion of your district STAR Event competition by either e-mail or postal mail. It is not necessary to do both and we will let you know when we receive this information in the office.
