USD #420

.

Introduction

"All Can Achieve"

The USD 420 school district is organized to provide the basic elementary and secondary education, which most nearly meets the needs of the child. We believe that each individual matures at a rate which is natural for him or her. When one child is compared with another, sight is lost of their individual traits-many of which cannot be changed nor controlled by external experiences. However, in our daily lives in a competitive society, all people must be encouraged to learn to compete with one another but be accepted for their own accomplishments; provided they are working up to a capacity, which is normal for each individual.

The USD 420 faculty and staff provide students with a quality educational experience. During the past few years Osage City students have achieved higher graduation rates, higher test scores and have improved each year on the Kansas State Assessments.

The District's Accomplishments and Challenges

Accomplishments:
The past few years has brought much success to the students of USD 420. From academics to activity programs, students have achieved in the classroom and in extracurricular activities.

Osage City students have improved on the Kansas State Assessments for the past three years. Osage City Elementary and Osage City High School has received three State Standard of Excellence Awards for student performance in math. A new on-line learning program called Virtual Prescriptive Learning (VPL) has helped with student success in the classroom. Graduation rates have imp[roved to over 90% this past year. Additional on-line courses, a new vocational technology program, an expanded college curriculum, a middle level publications curriculum and a new elementary technology lab will be introduced during the 2005-06 school year.

USD 420 continues a Vision for the 21st Century believing that USD 420 will become actively engaged in developing a student centered learning environment that will prepare students for the new information age.

We appreciate your continued financial support in helping us reach each student in this community.

"Through Teamwork We All Can Achieve Excellence"
