AUDIT GUIDE
DEAF-BLIND EXPENDITURES
2022-23, Audited in FY24

PURPOSE OF AUDIT

State aid is based on documented local education agency (LEA) expenditures for program costs, which have been approved by KSDE. KSDE has been authorized to expend available funds for assisting children who are deaf-blind or otherwise severely disabled.

Assistance, based on available funds can be provided in the following categories:

- assistive technology including equipment, software, etc., that is research based.
- consultation for feeding clinics, seating clinics, supporting consultation for communication, academic areas, and inclusive environments, etc.
- evaluation, including evaluation from otolaryngologist, optometric, ophthalmologist, etc. Any assistance request must be for an evidence-based practice.

AUDIT STEPS

1. Validate reported program expenditures.
2. Determine whether state aid was expended to serve designated recipients.
3. Determine the location and use of equipment purchased with program funds. Local education agencies (LEAs/districts) are strongly encouraged to keep track of all equipment purchased with assistance from the deaf-blind fund, including whether equipment is no longer in use, is broken, etc.
