The following is a partial list of qualitative and quantitative data, sorted by data type that a school or district may want to access when collecting and analyzing data for schoolwide and school improvement plans.

ACHIEVEMENT DATA

- ✓ Kansas Assessment Results
- ✓ Screening and progress monitoring data
- ✓ QPA Summary Report data
- ✓ AYP Report data
- ✓ Report Card data
- ✓ Students receiving D's and F's in core subjects
- ✓ School Leading Indicator Report
- ✓ MTSS Innovation Configuration Matrix results

PERCEPTION DATA

- ✓ Parent Climate Surveys
- ✓ Staff Climate Surveys
- ✓ Student Climate Surveys
- ✓ Community Climate Surveys
- ✓ Community Focus Groups
- ✓ Communities that Care Survey
- ✓ Youth Risk Behavior Survey

CONTEXTUAL DATA

- ✓ Discipline data
- ✓ Principal effectiveness data
- ✓ Teacher effectiveness data
- ✓ Parent and community partnership data
- ✓ Parent involvement data
- ✓ Walk-through data
- ✓ Professional development data (types, delivery model(s), when offered, number at Knowledge/Application/Impact levels)
- ✓ School program and process data (curriculum, instruction, assessment)
- ✓ School transitions
- ✓ Electives offered
- ✓ Career and technology offerings
- ✓ ACT, PLAN, PLAN Explore data
- ✓ College enrollment rates
- ✓ College offerings

- ✓ AP Course offerings
- ✓ Advanced coursework completion data
- ✓ Percentage of LEP students attaining proficiency
- ✓ Post-secondary data
- ✓ Grant data

DEMOGRAPHIC DATA

- ✓ School enrollment trends
- ✓ Community demographic data
- ✓ Free and reduced lunch data
- ✓ Ethnicity, gender and special populations data
- ✓ Teacher attendance data
- ✓ Student attendance data
- ✓ Teacher mobility data
- ✓ Student mobility data
- ✓ Equitable distribution of teachers data
- ✓ Drop-out and graduation rates
- ✓ Language proficiency data
- ✓ Homeless population data
- ✓ Migrant population data
