

UNITED STATES DEPARTMENT OF EDUCATION
OFFICE OF SPECIAL EDUCATION AND REHABILITATIVE SERVICES

JUN - 3 2010

Honorable Diane DeBacker
Interim Commissioner
Kansas State Department of Education
120 S.E. 10th Avenue
Topeka, Kansas 66612-1182

Dear Commissioner DeBacker:

Thank you for the timely submission of Kansas' Federal fiscal year (FFY) 2008 Annual Performance Report (APR) and revised State Performance Plan (SPP) under Part B of the Individuals with Disabilities Education Act (IDEA).

The Department has determined that, under IDEA section 616(d)(2)(A)(i), Kansas meets the requirements of Part B of IDEA. The Department's determination is based on the totality of the State's data and information, including the State's FFY 2008 APR and revised SPP, other State-reported data and other publicly available information. See the enclosure entitled "How the Department Made Determinations under Section 616(d) of the IDEA in 2010: Part B" for further details.

Specific factors affecting the determination made by the Office of Special Education Programs (OSEP) that Kansas meets requirements under IDEA section 616(d) include: (1) Kansas provided valid and reliable FFY 2008 data reflecting the measurement for each indicator; and (2) Kansas reported high levels of compliance or correction for Indicators 9, 10, 11, 12, 15, 16, 17, and 20. We commend Kansas for its performance.

The enclosed table provides OSEP's analysis of the State's FFY 2008 APR and revised SPP and identifies, by indicator, OSEP's review of any revisions the State made to its targets, improvement activities (timelines and resources), and baseline data in the State's SPP. The table also identifies, by indicator: (1) the State's reported FFY 2008 data; (2) whether such data met the State's FFY 2008 targets and reflect progress or slippage from prior year's data; and (3) whether the State corrected findings of noncompliance.

As you know, pursuant to IDEA section 616(b)(2)(C)(ii)(I) and 34 CFR §300.602(b)(1)(i)(A), your State must report annually to the public on the performance of each local educational agency (LEA) located in the State on the targets in the SPP as soon as practicable, but no later than June 1, 2010. In addition, your State must: (1) review LEA performance against targets in the State's SPP; (2) determine if each LEA "meets requirements" of Part B, or "needs assistance," "needs intervention," or "needs substantial intervention" in implementing Part B of the IDEA; (3) take appropriate enforcement action; and (4) inform each LEA of its determination. 34 CFR §300.600(a)(2) and (3). For further information regarding these requirements, see the SPP/APR Calendar at: <http://spp-apr-calendar.rrfcnetwork.org/explorer/view/id/656>. Finally, if your State included revisions to baseline, targets or improvement activities in its APR submission, and OSEP accepted those revisions, please ensure that your SPP is updated accordingly and that the updated SPP is posted

400 MARYLAND AVE. S.W., WASHINGTON, DC 20202-2600
www.ed.gov

The Department of Education's mission is to promote student achievement and preparation for global competitiveness by fostering educational excellence and ensuring equal access.

on the State's website and made available to the public, consistent with 34 CFR §300.602(b)(1)(i)(B).

OSEP is committed to supporting Kansas' efforts to improve results for children and youth with disabilities and looks forward to working with your State over the next year. If you have any questions, would like to discuss this further, or want to request technical assistance, please contact Ellen Safranek, your OSEP State Contact, at 202-245-7515.

Sincerely,

A handwritten signature in cursive script that reads "Patricia J. Guard".

Patricia J. Guard
Deputy Director
Office of Special Education Programs

Enclosures

cc: State Director of Special Education

How the Department Made Determinations under Section 616(d) of the Individuals with Disabilities Education Act in 2010: Part B

In making our determination for each State under section 616(d) of the Individuals with Disabilities Education Act (IDEA), we considered the totality of the information we have available about a State. This includes the State's FFY 2008 Annual Performance Report (APR)/State Performance Plan (SPP) submission, information from monitoring visits, including verification reviews, and other public information, such as the State's performance under any existing special conditions on its FFY 2009 grant or a compliance agreement, longstanding unresolved audit findings, and other State compliance data under the IDEA.

FFY 2008 APR/SPP Submissions

In reviewing the States' FFY 2008 APR/SPP submissions, we considered both the submission of valid and reliable data and the level of compliance, and if the State's compliance data were above 75%, whether the State corrected all previously identified findings of noncompliance.

With respect to data, for Indicators 1 through 5, 7 through 12, and 15 through 19, we examined whether the State provided valid and reliable FFY 2008 data (e.g., the State provided all the required data, the data were for the correct year and were consistent with the required measurement and/or the approved SPP, and whether we had information demonstrating that the data were not correct or the State indicated that the data were not valid and reliable).

With respect to compliance, we examined Indicators 9, 10, 11, 12, 15, 16, 17, and 20. With respect to these indicators, we looked for evidence that the State demonstrated substantial compliance either through reporting FFY 2008 data that reflected a very high level of compliance (generally 95% or better) or, for Indicators 9, 10, 11, and 12, if the State's FFY 2008 compliance data were above 75%, whether it had fully corrected previously identified findings of noncompliance. If the State did not demonstrate either a very high level of compliance or full correction, we examined whether it nonetheless had maintained current levels, or made progress in ensuring compliance over its performance for that indicator as reported in its FFY 2007 SPP/APR submission. We considered "progress" to include reporting a higher level of compliance or reporting more accurate and complete compliance data compared to the data provided in the prior year's submission. Indicator 15 evaluates "timely" correction of FFY 2007 findings, so for this indicator we specifically examined whether the correction was timely. For the other compliance indicators, we considered both whether the State timely corrected its findings of noncompliance identified in FFY 2007 and whether the State subsequently corrected findings of noncompliance. We did not consider Indicators 16 and 17 if the State reported less than 100% compliance, but fewer than 10 complaints or 10 fully adjudicated hearings, in recognition of the inequities in basing decisions on small numbers.

Generally, and absent any other issues (see below), we considered a State to "meet requirements" if it provided valid and reliable FFY 2008 data consistent with, or substantially the same as, the measurement for each indicator and/or the approved SPP, and demonstrated substantial compliance for Indicators 9, 10, 11, 12, 15, 16, 17, and 20. We determined that a State demonstrated substantial compliance if it provided data showing a very high level of compliance (generally 95% or better) for these indicators, or if it had fully corrected previously identified findings of noncompliance for Indicators 9 and 10 (if the State's FFY 2008 compliance data for these indicators were 25% or below), and for Indicators 11 and 12 (if the State's FFY 2008

compliance data for these indicators were above 75%). As indicated in OSEP's Memorandum, 09-02, dated October 17, 2008 (OSEP Memo 09-02), beginning with the Department's determinations in 2010, for Indicators 9, 10, 11 and 12, we considered a State to have demonstrated correction of previously identified noncompliance for any findings identified in FFY 2007 if the State verified correction of those findings consistent with OSEP Memo 09-02. In addition, we did not consider a State to be in substantial compliance for a compliance indicator based on correction if its reported FFY 2008 data were low (generally 75% or lower), consistent with OSEP Memo 09-02. If a State did not meet these standards for substantial compliance for only one compliance indicator (including Indicators 15 and 20) and there were no other factors (see below), we considered the State to "meet requirements" if the compliance level for that indicator was high (generally 90% or better). In no case, however, did we place a State in "meets requirements" if it failed to provide valid and reliable FFY 2008 data (as defined above) for compliance Indicators 9, 10, 11, 12, 15, 16, or 17. We also considered whether the State, when it reported under Indicator 4A: (1) made clear that, if it identified any districts as having significant discrepancies in the discipline of children with disabilities, it reviewed and, if appropriate revised (or required the LEA to revise) its policies, procedures, and practices related to the development and implementation of IEPs, the use of positive behavioral interventions and supports, and procedural safeguards, as required by 34 CFR §300.170(b); and (2) if the State identified any noncompliance in policies, procedures or practices in these areas as a result of this review, it corrected the noncompliance.

Generally, and absent any other issues (see below), we considered a State to be "in need of intervention" if its data demonstrated very low performance for Indicators 9, 10, 11, 12, 15, 16 or 17 (generally 50% or below, or in the case of Indicators 9 and 10, 50% or above, and such performance did not represent progress (as defined above) over the prior year's compliance data), regardless of whether it demonstrated correction of previously identified findings of noncompliance. We also identified a State "in need of intervention" if it did not provide any FFY 2008 data for Indicators 9, 10, 11, 12, 15, 16 or 17 or if the data for these indicators were not valid and reliable (as defined above).

We would identify a State as "in need of substantial intervention" if its substantial failure to comply significantly affected the core requirements of the program, such as the delivery of services to children with disabilities or the State's exercise of general supervision, or if the State informed the Department that it was unwilling to comply with an IDEA requirement. In making this determination, we would consider the impact of any longstanding unresolved issues on the State's current implementation of the program. We would also consider identifying a State "in need of substantial intervention" for failing to submit its APR/SPP.

Absent any other issues (see below), we determined that States that did not "meet requirements" and were not "in need of intervention" or "in need of substantial intervention" were "in need of assistance."

Monitoring Data and Other Public Information

We also considered other public information available to the Department, including information from monitoring visits, including verification reviews, and other public information, such as the State's performance under any existing special conditions on its FFY 2009 grant or a compliance agreement, longstanding unresolved audit findings, and other State compliance data under the IDEA. We did not consider a State to "meet requirements" if the State had unresolved special

conditions that were imposed as a result of the State being designated as a “high risk” grantee, outstanding OSEP monitoring findings, including verification visit findings, or longstanding audit issues or a compliance agreement. In determining whether the State should be identified as “in need of assistance,” “in need of intervention,” or “in need of substantial intervention,” we considered the length of time the problem had existed, the magnitude of the problem, and the State’s response to the problem, including progress the State had made to correct the problem. Finally, for States with a current Compliance Agreement covering the requirements of one or more indicators during the reporting period, we did not consider the State to be “in need of intervention” based on those same indicators if the Compliance Agreement provided for the State to demonstrate compliance beyond the reporting period.

Kansas Part B FFY 2008 SPP/APR Response Table

Monitoring Priorities and Indicators	Status of APR Data/SPP Revision Issues	OSEP Analysis/Next Steps
<p>1. Percent of youth with IEPs graduating from high school with a regular diploma.</p> <p>[Results Indicator]</p>	<p>The State revised the indicator and measurement language (consistent with revisions in the Indicator Measurement Table) target and improvement activities for this indicator and OSEP accepts those revisions.</p> <p>The State's FFY 2008 reported data for this indicator are 84.14%. OSEP was unable to determine whether there was progress or slippage because the State changed the source and methodology of data collected and reported as required in the revised Indicator Measurement Table. The State met its FFY 2008 target of 75%.</p> <p>The State provided a narrative that describes the conditions youth must meet to graduate with a regular diploma.</p> <p>The State reported the required graduation rate calculation and timeline established by the Department under the Elementary and Secondary Education Act (ESEA). This means that the State submitted the most recent graduation data that the State reported to the Department as part of its Consolidated State Performance Report (CSPR). In its APR submitted February 1, 2010, the State reported FFY 2008 data for this indicator.</p> <p>The State explained that FFY 2008 data are the most recent data that the State has reported to the Department as part of its CSPR.</p>	<p>OSEP appreciates the State's efforts to improve performance.</p>
<p>2. Percent of youth with IEPs dropping out of high school.</p> <p>[Results Indicator]</p>	<p>The State revised the indicator and measurement language (consistent with revisions in the Indicator Measurement Table) baseline and improvement activities for this indicator and OSEP accepts those revisions. However, the State did not provide updated targets for subsequent years.</p> <p>The State's FFY 2007 reported data for this indicator are 4.15%. OSEP was unable to determine whether there was progress, slippage or whether the State met its target because the State changed the source and methodology of data collected and reported as required in the revised Indicator Measurement Table.</p> <p>The State provided a narrative that describes what counts as dropping out for all youth and, if different, what counts as dropping out for youth with IEPs.</p> <p>The State reported the required dropout rate calculation and timeline established by the Department under the ESEA. This means that the State submitted the most recent dropout data that the State reported to the Department as part of its CSPR. In its APR submitted February 1, 2010, the</p>	<p>OSEP looks forward to the State's data demonstrating improvement in performance in the FFY 2009 APR, due February 1, 2011.</p>

Kansas Part B FFY 2008 SPP/APR Response Table

Monitoring Priorities and Indicators	Status of APR Data/SPP Revision Issues	OSEP Analysis/Next Steps
	State reported FFY 2008 data for this indicator.	
<p>3. Participation and performance of children with IEPs on statewide assessments:</p> <p>A. Percent of the districts with a disability subgroup that meets the State’s minimum “n” size that meet the State’s AYP targets for the disability subgroup.</p> <p>[Results Indicator]</p>	<p>The State’s FFY 2008 reported data for this indicator are 85.4%. These data represent slippage from the FFY 2007 data of 87%. The State met its FFY 2008 target of 85.1%.</p>	<p>OSEP appreciates the State’s efforts to improve performance.</p>
<p>3. Participation and performance of children with IEPs on statewide assessments:</p> <p>B. Participation rate for children with IEPs.</p> <p>[Results Indicator]</p>	<p>The State revised the indicator and measurement language (consistent with revisions in the Indicator Measurement Table) for this indicator and OSEP accepts those revisions.</p> <p>The State’s FFY 2008 reported data for this indicator are 98.86% for reading and 98.85% for math.</p> <p>The data source for this indicator has changed. Therefore, OSEP cannot determine progress or slippage from the State’s reported FFY 2007 data. The State met its FFY 2008 targets of 97.5%.</p> <p>The State provided a web link to 2008 publicly-reported assessment results. http://online.ksde.org/rcard.</p>	<p>OSEP appreciates the State’s efforts to improve performance.</p>
<p>3. Participation and performance of children with disabilities on statewide assessments:</p> <p>C. Proficiency rate for children with IEPs against grade level, modified and alternate academic achievement standards.</p> <p>[Results Indicator]</p>	<p>The State revised the indicator and the measurement language (consistent with revisions in the Indicator Measurement Table) for this indicator and OSEP accepts those revisions.</p> <p>The State’s FFY 2008 reported data for this indicator are 72.21% for reading and 66.19% for math. The data source for this indicator has changed. Therefore, OSEP cannot determine progress or slippage from the State’s reported FFY 2007 data. The State met its FFY 2008 target of 70.8% for reading but did not meet its FFY 2008 target of 70.5% for math.</p> <p>The State provided a web link to 2008 publicly-reported assessment results.</p>	<p>OSEP appreciates the State’s efforts to improve performance and looks forward to the State’s data demonstrating improvement in performance in the FFY 2009 APR.</p>
