## **INTRODUCTION AND OVERVIEW**

---

The Kansas State Department of Education (KSDE) *Institutional Handbook for Program Review* is designed to guide teacher education units through the process of program review. This document explains the procedures that apply if a unit wishes to renew programs or have a new program reviewed.

Throughout the following pages, the term “KSDE” and “KSBE” are used. KSBE refers to the Kansas State Board of Education, the state board responsible for approving the rules and regulations for reviewing programs. KSDE refers to the Kansas State Department of Education, the agency staff activities and practices that assist and facilitate the process described in the KSBE rules and regulations.

### **THE PROCESS**

The program review process focuses on the specific areas that lead to an endorsement on a license, such as mathematics, social studies, or building administrator, etc. Program reviews must be completed for all programs at both the initial and advanced levels. Advanced programs that do not lead to licensure but lead to an advanced degree for educators will be reviewed at the time of the accreditation site visit. Based on a partnership agreement between the National Council for Accreditation of Teacher Education (NCATE) and KSDE, program reviews are placed under KSBE procedures whether the unit is seeking joint KSBE/NCATE accreditation or KSBE accreditation only. Units also may exercise an option to submit programs for review to the national specialty professional associations (SPAs), (e.g. NCTM, NCTE, etc.). Data from program reviews must be included in Standard 1: Candidate Knowledge, Skills, and Dispositions of the Institutional Report for accreditation, and/or Standard 2: Assessment System and Unit Evaluation.

The unit is expected to coordinate all programs for the initial and continuing preparation of school personnel no matter whether they are housed administratively on a campus, at a location apart from the campus or offered through on-line coursework. In many institutions, content areas or academic subjects are offered primarily in units other than education (for example, in the College of Arts and Sciences, School of Agriculture, School of Business, etc.). The education unit is held accountable for the quality of these programs as well as any program offered within the unit itself.

In the Kansas performance-based licensing system, program reviews are based on data that demonstrate the educator candidate knows the subject matter and can teach it effectively so students learn. It is no longer satisfactory for a faculty member or an educator candidate to say, “I taught the material.” The focus is on showing that candidates can actually connect theory to practice and demonstrate effective practice in settings for students, birth through twelfth grade and candidates. Subject matter knowledge will be assessed by one or more subject knowledge tests, and this information will be used in the program review, and ultimately in the accreditation process.

All programs are examined through the program review process. The program review process is described in greater detail in the following pages. A detailed

description of the process for review of new programs and for renewal of continuing teacher education programs can also be found in Regulations 91-1-68 and 91-1-68e of the *Regulations and Teaching Standards for Kansas Educators*. See **appendices D and E** of this handbook for flow charts that demonstrate the processes for both renewal of continuing teacher education programs and review of new programs. **Appendix F** provides a checklist for the program review process. **Appendix G** summarizes the steps in the program review process.

Program approval falls into two categories – renewal of programs currently approved and approval of new programs. All new programs are *Approved with Stipulation* or *Not Approved*. The status assigned to a renewal program is *Approved*, *Approved with Stipulation* or *Not Approved*. The assignment of approved status to an educator preparation program is usually effective for seven academic years. New and renewed programs that are *Approved with Stipulation* are considered to be approved but are required to have stipulations removed by a time set by KSBE.

### **ACCREDITATION VISITS**

Beginning fall 2012, the unit's previous accreditation has validated its compliance with all KSBE/NCATE standards and established a baseline for continuing accreditation. Although a finding of continued compliance with standards is necessary for any reaccreditation, units will have two options for their visits. One is Continuous Improvement, in which the unit will report changes since the previous visit and focus its self-study on assessment of progress toward the target level of one or more of NCATE's standards. The second option will focus on the unit's continuous improvement system and a Transformation Initiative related to one or more standards that are designed to improve educator preparation at the institution and inform the work of the field at large. Kansas is a partnership state with NCATE. Extensive information about accreditation is available at [www.ncate.org](http://www.ncate.org).

### **VISITS TO OFF-CAMPUS SITES AND PROGRAMS**

All off-campus sites within the state of Kansas used for the preparation of professional educators for school settings from birth through twelfth grade will be part of the institution's professional education unit. Programs at various sites can be considered as one program, as one program with options, or as separate programs. It is the responsibility of the unit to determine how the programs are organized. All off-campus sites will be identified by the unit when it files the "Intent to Seek Unit Accreditation and/or Approval of Teacher Education Programs." Programs and curriculum that differ from the unit's campus site will be described in the Institutional Report and in the Program Reviews that are submitted three years prior to the on-site accreditation visit.

During an accreditation on-site visit, team members will visit one or all of the off-campus sites – as determined by the team chairs, the unit and KSDE. If the off-campus sites are located geographically distant from the parent institution, representatives of the team may be asked to conduct on-site visits to off-campus programs prior to the scheduled visit to the campus. When possible, the off-campus site administrator, some faculty and some candidates should be interviewed by the team during the regular on-site visit to the campus. If the unit includes several off-campus sites, the number of team members may be increased to provide time for adequate data collection and team

deliberations. All programs offered electronically will also be reviewed during on-site visits.

Off-campus sites and programs offered electronically are expected to uphold the same program standards as those of the campus site. If KSBE program standards are not followed in off-campus sites or electronically, overall decisions about whether campus program standards are met may be adversely affected.

The program report will include confirmation that candidates in an initial program will complete coursework that constitutes a major in the subject at the institution or coursework that is equivalent to a major and a minimum of twelve weeks of student teaching. Advanced programs that do not lead to licensure are reviewed during the on-site visit.

---

## ***NOMINATIONS AND TERMS OF APPOINTMENT***

---

KSDE evaluators are comprised of representation from (a) teacher preparation units, (b) PreK-12 teachers, (c) administrators, and (d) state and local policy makers.

KSDE evaluators are expected to have demonstrated expertise in professional education, teaching, research, evaluation, and/or subject area expertise. They must have good writing skills and be proficient in evaluation techniques such as:

- interpreting quantitative data
- using rating scales and questionnaires
- observing and interviewing
- reading and analyzing narrative information
- making evaluations and writing observations
- making professional judgments about professional education units and programs

Service as a KSDE evaluator is a voluntary commitment. Evaluators are partially reimbursed for expenses during training and fully reimbursed for expenses incurred during the conduct of an on-site visit or program review session, but they do not receive an honorarium for their work.

KSDE evaluators are initially appointed to a three-year term by the nominating constituent organization. In accepting the nomination, they must agree to attend either a three-day training session for on-site visits and to serve a three-year commitment or for program review to attend a one-day training session and serve a three-year commitment. If their performance on teams is adequate, they may be asked by KSDE and the appointing organization to serve a second three-year term. Re-appointment for additional terms can be made after participation in another training session.

KSDE requests nominations for the list of evaluators from the following professional organizations:

- Kansas Association of Colleges for Teacher Education (KACTE)
- Kansas National Education Association (KNEA)
- Kansas Association of School Boards (KASB)
- United School Administrators (USA)

Nominations are also solicited from accredited non-public schools. Each organization has its own criteria and procedures for selecting potential KSDE evaluators. An individual who is interested in becoming a KSDE evaluator should contact the appropriate organization for details.

### **THE ROLE OF KSDE CONSULTANTS**

For the program review process, KSDE consultants organize the review teams for each content area, conduct an orientation session prior to the actual review, and ensure that team reports are written with clarity and precision.

---

## ***KSDE PROGRAM REVIEW EVALUATOR TRAINING***

---

The program review training is designed to help future members develop their skills for making professional judgments about whether an institution's programs and graduates meet the standards found in the *Regulations and Teaching Standards for Kansas Educators*. During training, participants read sample program reports, examine documentation that emphasizes assessment data, and practice making decisions about whether graduates of an institution are meeting the program standards. The training attempts to simulate the processes involved in an actual program review. Individuals are assigned to teams to complete reviewer worksheets and write a team report about an institution's programs and graduates.

Throughout the training, community-building activities help prospective team members learn how to work together as a team. Although a single training session may include forty participants, each individual is assigned to a cadre of fewer members who work together in different activities during the training session.

The trainers, who have planned and conducted past training sessions, include individuals who have worked for several years in the program review process, serving as team members, team chairs, and assisting with writing and editing of program reports.

The performance of participants is evaluated. In addition, KSDE staff provide feedback on the team report that was prepared.. Individuals whose performance does not meet KSDE staff expectations will not be asked to serve as program reviewers.

---

## ***RENEWAL OF PROGRAMS***

---

### **THE SELF-STUDY**

For renewal purposes, a unit will conduct a self-study to determine the viability of continuing each of its programs. The self-study includes an examination of the need for each program, the unit's ability to carry out its responsibilities for each program, the unit's ability to maintain the quality of each program and the unit's system of assessment for gauging the effectiveness of the program.

There are no specific requirements for the conduct of a self-study, but the involvement of the faculty with responsibility for the professional education core, including those who teach methods courses, appears critical to a successful self-study. Collaboration with faculty in supporting units that deliver content is also essential in this process.

### **INTENT TO SEEK RENEWAL OF PROGRAMS APPLICATION**

The "Intent to Seek Unit Accreditation and/or Approval of Teacher Education Programs" Application (**Appendix H**) will be sent to the units by the Teacher Education and Licensure Office at KSDE. The application is also available on the Teacher Education and Licensure home page at [www.ksde.org](http://www.ksde.org). The application for renewal of programs must be completed and returned to the Teacher Education and Licensure Office of the Kansas State Department of Education at least **12 months** prior to the expiration of the current approval period. The intent application requests the following information about the institution and professional education unit:

1. Name and address of institution
2. Name and address of the professional education unit
3. Name of the chief executive officer of the institution
4. Name of the unit head
5. Name of a contact person (if other than unit head)
6. Type of institution (e.g., independent or public)
7. Consortia arrangements (if applicable)
8. Programs offered electronically or off-campus
9. Programs for which review is sought including PreK-12 grade levels
10. Level of each program (initial or advanced).

### **PROGRAM REPORTS**

The content of the program reports responds to the standards found in the *Regulations and Teaching Standards for Kansas Educators* <http://www.ksde.org/Default.aspx?tabid=295>. The program report includes qualitative and quantitative descriptions about the program, as well as performance data from current candidates and program completers. A single program report is written for each program for which approval is sought. (**See Appendix I for program submission instructions and Appendix J for a sample of the program report.**) All programs (initial and advanced) that lead to licensure will complete a program report for review.

As changes are made to programs over time, the question is posed whether the program should be classified as a “new” program or merely changes to an existing program. Changes to program content and/or pedagogy that address “areas for improvement” must always be submitted on Annual IHE Profile Data Collection Report at some point during the approval cycle. In addition any changes to the content and/or pedagogy curriculum and assessments must be reported on the Annual IHE Profile Data Collection Report during the year the change occurs. Programs that make substantial changes must be resubmitted as a **new** program. A substantial change would be one that involves adding or deleting 25 percent or more of the content credit hours in a program or 25 percent or more of the assessments of the program.

The following specific program information must be included in the cover page of the program review:

1. Name of Institution
2. Accredited by – KSDE, NCATE
3. Date of Submission - month, day and year of submission of program to KSDE
4. Preparer(s) of the Program - names of individuals who are primarily responsible for the content of the program matrix, assessment system and evaluation of the candidates in the program
5. Unit Head Name, phone number and e-mail
6. Level of Program, Grade Range of Program and Site Information
7. Program Report Status

#### **ADDITIONAL ITEMS TO SUBMIT**

Institutions are expected to submit assessment evidence at each program review. Such assessment evidence provides the focus that demonstrates educator candidate proficiencies, accompanied by appropriate contextual information that will assist trained program reviewers.

Program faculty are responsible for making the case that candidates completing educator preparation programs are meeting the standards and data confirms candidate proficiency and program performance. Faculty in every institution conduct extensive assessment activities and, through external sources, have access to additional information about the performances of their candidates. Through response to the material for program review described in this document, each educator preparation institution and all faculty involved with educator candidates should make full use of evaluative information that is readily available about current candidate and program completer proficiencies. Faculty must build on the institution’s own assessments, already in place, and in ways that are suited to the institution’s mission and overall program goals. There are many alternatives through which faculty can provide experiences that will enable candidates to learn and practice the content expressed in the standards. Similarly, there are multiple ways to build the monitoring of candidate progress into an educator preparation program. Program quality judgments are based on evidence that the program’s candidates, as a group, demonstrate proficiency in the standards. Both components of courses or experiences offered by the institution, and characteristics of the assessment and

evaluation system, can advance the preparation of educator candidates. They are essential “inputs” or processes created by institutions so that candidates have opportunities to learn and practice the content and skills of the standards. However, the emphasis in performance-based program review is on data demonstrating that candidates know content and can teach effectively for student learning.

### **PERFORMANCE-BASED EVIDENCE**

Twenty-four months prior to the program review time, each institution offering educator preparation programs should begin to prepare performance material - **report page limitations are as designated in the program template** - that summarizes the proficiencies of knowledge and skills of educator candidates as a group. This information constitutes the primary evidence upon which a judgment of program approval will be made.

The performance material must be comprehensive in its assessment of the program standards. The intent is to inform reviewers about candidate proficiencies in relation to the standards included in the *Regulations and Teaching Standards for Kansas Educators*. Each program should convey the necessary information in a concise manner. This is possible if an institution regularly analyzes and synthesizes data from its monitoring of candidate progress and puts the results into forms useful for discussions about how the program can be strengthened.

The program review document includes a cover sheet followed by a program template.. The program format begins with **Section I**—a description of contextual information including the program of study that outlines the courses and experiences required for all candidates to complete the program. A description of the relationship of the program to the unit’s Conceptual Framework is included in Section I.. Charts with candidate information and program completion information are reported in Section I. The charts provide information for the most recent three years.

**Section II** lists the name of the assessment, the type or form of assessment and when the assessment is required or administered. All programs must provide a minimum of six assessments and a maximum of eight assessments. Assessments 1-4 may come from the unit’s assessment system.

**Section III** requires reporting of assessments that are being used to demonstrate that candidates meet program standards. One assessment may apply to multiple Kansas standards. **Section IV** requires institutions to discuss the assessments and assessment data in terms of program standards. This includes a brief description of the assessment, its use in the program and alignment to the standards, a brief summary of the data findings and an interpretation of how that data provides evidence for meeting standards. Two attachments related to each assessment must be included for the program report to be complete. The first attachment includes rubrics (content specific), scoring guides or criteria as attachments. The second attachment includes tables (with # of candidates) with aggregated results of the assessment. If the assessment is used to meet more than one program standard, data must be disaggregated per standard. Data will be provided for the most recent three years. Data must be organized according to the categories used in the rubric, scoring guide/criteria. The percentage of candidates achieving at each category will be provided. Each attachment should be no longer than five pages.

**Section V** addresses the use of assessment results to improve candidate and program performance. Evidence is presented using assessment results that are analyzed and used or will be used to improve candidate performance and strengthen the program. The report should not link improvements to individual assessments. It must summarize major findings from the evidence, the faculty's interpretation of those findings, and changes made in (or planned for) the program as a result. There is a description of the steps the program faculty have taken to use information from assessments for improvement of both candidate performance and the program.

Sound evidence usually exhibits several qualitative characteristics:

1) It results from planned, purposeful, and continuing evaluation of candidate proficiencies, drawing on diverse sources.

Monitoring of candidate performance is embedded in preparation programs and conducted on a continuing basis. This monitoring is planned in response to faculty decisions about the points in the preparation program best suited to gathering candidate performance information, consistent with the unit's own context and mission.

The monitoring information from the preparation program will be complemented by evaluations originating from external sources that supply information on candidate proficiencies. Examples from sources outside the unit are candidate performance evaluations during induction years and follow-up studies; performance on state licensure exams that assess candidates' knowledge of their subject content and of pedagogy, and especially ones constructed to evaluate classroom teaching and effects on student learning; and academic subject knowledge end-of-course examinations, essays, or other comprehensive demonstrations of achievement.

2) It represents the scope of the standards for educator preparation.

Program faculty determine the best way to demonstrate that all standards are assessed. Faculty evaluate how all their existing assessment information demonstrates candidate proficiency across the standards and if additional information is needed.

3) It measures the different "attributes" of standards in appropriate and multiple ways.

One conclusion about the current state-of-the-art practices in educator assessment is that no single test or measurement of educator candidates is sufficient by itself to represent these different attributes and the full scope of the standards. The program should develop multiple measures using a variety of strategies to provide opportunities for candidates to demonstrate their accomplishments in relation to the standards. Institutions should draw on the extensive range of available assessment forms, including multiple choice (which may be useful to gauge proficiencies in standards calling for candidate knowledge) and also observations, reflections, teaching demonstrations, analytic work, P-12 student work samples, other measures of candidate impact on student performance, comprehensive projects, portfolios and other forms of evaluative information demonstrating proficiency in teaching and other professional practices.

4) It results from rigorous and systematic efforts by each program to set performance levels and judge accomplishments of its candidates.

Faculty establish written and shared explanations of what is valued in a candidate's response to an assessment (the qualities by which levels of performance can be differentiated) that serve as benchmarks for judgments about the degree of candidate success. The terms "rubrics" and "criteria" are frequently used in assessment to designate these explanations for levels of performance. Rubrics and criteria should not be generic

but specific to the content being assessed. They must define acceptable levels of performance for the institution and one or more levels below (such as borderline, or unacceptable) and above (such as exemplary), or they may be in the form of criteria defining the institution's expectations for success. The rubrics or criteria are "public," that is, shared with candidates and across the faculty.

The institution judges individual candidate proficiencies. It also summarizes and analyzes the performance data of educator candidates who achieve various levels expressed in the rubrics or criteria. These results are used both for advisement of individual candidates, and for strengthening the courses and experiences offered by the institution to prepare educator candidates. The summary of results from the faculty judgments in applying the rubrics or criteria are used for the KSDE program submission.

5) It provides information that is accurate, consistent, fair and avoiding bias.

The faculty gathers information on the accuracy (or validity) and consistency (or reliability) of its assessments. Accuracy is an expectation that the assessment information measures what it is designed to measure for the decision to be made. Consistency is an expectation that successive samples of performances from the same candidate are reasonably related. Assessment systems must also be fair, avoiding bias and providing equitable treatment. These are matters that require professional judgment and are often determined through peer review, evaluations by external experts, or formal validation studies.

6) It makes use of appropriate summarizing procedures.

Candidate proficiency results are summarized through averages, range of scores, and distributions of rubric scores. Summary results are requested because KSDE's interest is in making decisions about program quality, rather than decisions about individual candidates.

Institutions use data to advise individual candidates and to strengthen both candidate and faculty teaching, courses, experiences, and programs.

### **SUGGESTIONS FOR PREPARING PROGRAM REPORT SUBMISSION**

#### **Do's**

- Do have the unit head review, approve, and submit all program reports including those from colleges/departments outside of education.
- Do respond from a factual perspective.
- Do justify an approach to meeting the standards, especially if using an approach that may not be the "norm"; the review teams and Evaluation Review Committee (ERC) will not make a judgment on how a program "is packaged."

#### **Don'ts**

- Don't try to rationalize/justify a program by objecting to or criticizing the standards.
- Don't respond from an emotional perspective.

#### **Other Suggestions**

- Get an unbiased opinion - have an unbiased reader examine the program report for content, clarity, typos, etc. Someone from the college/university may serve in this role, but it would be even better to use someone from outside of the college/university.

- Follow the program template and be as concise as possible yet still describe the assessments, summarize the data findings and provide an interpretation of how that data provides evidence for meeting standards.
- Ask someone to “play” team member. Have someone read the program report and judge whether it documents that the specified standards are met.
- Keep things simple. Access to documents referenced in the program report should be simple and quick. Don't put in confidential information such as candidate transcripts.

### **SUBMITTING PROGRAM REPORTS FOR REVIEW**

Prior to the program review date, institutions will submit the program template and supporting documents on the document warehouse site ([www.ksde.org/dm](http://www.ksde.org/dm)). One CD of each program report must be submitted to Teacher Education and Licensure (TEAL) to facilitate the review. **See Appendix I for instructions.** The program reports are due October 1 for fall reviews and March 1 for spring reviews and must be submitted to the document warehouse. CDs will be mailed to TEAL, 120 SE 10th Avenue, Topeka, Kansas 66612. **The unit will be notified of incomplete, ambiguous, or apparently inaccurate reports which will delay the program approval process.**

### **PROGRAM REVIEW TEAM MEMBERS**

After receiving a completed application, KSDE staff selects a review team. The review team normally consists of three persons with one designated as chair. Criteria for selection of team members include the following:

1. KSDE program trained or KSDE/NCATE trained
2. Area of expertise the same as the program being reviewed or as closely aligned
3. No conflict of interest - (see guidelines on conflict of interest)

The list of team members will be sent to the unit before the scheduled review. **A unit is allowed to challenge team members' assignments to serve on teams based on a conflict of interest only** (see guidelines on conflict of interest). A unit challenge of team members must be submitted in writing to KSDE.

### **CONFLICT OF INTEREST**

In some situations, clear-cut rules for conflict of interest may be difficult to establish. There are many cases where ethical judgments must be made according to the facts of a specific situation. The guidelines are intended to provide credibility and objectivity by team members in conducting evaluations of programs.

Team members should avoid serving on teams for institutions at which they have close personal or professional relationships. Many individuals serving on teams know a large number of professionals throughout the state. The fact that someone is known does not automatically rule out the possibility of serving on a team. The key to this principle is *no close personal or professional relationships*. Team members will avoid serving at institutions if:

1. they hold an earned or honorary degree from the institution within the past 10 years;
2. they have significant ties such as being active members of a common consortium;

3. they are colleagues with others at that institution and have jointly authored and or collaborated in research, grants or publications. They have recently served on the faculty or staff at the institution;
5. an immediate family member is or was recently employed at the institution;
6. they have applied for a position at the institution;
7. an immediate family member is or was a student at the institution;
8. there is some predisposing factor that could prejudice them with respect to an institution;
9. an individual has served as a consultant or advisor for assisting and preparing for an on-site visit or a program review within the past 10 years.
10. they sit on a governing board making decisions affecting the institution.

In these cases, personal prejudice is sometimes difficult to avoid, and bias is often assumed by the institution whose programs are being reviewed.

### **ETHICAL GUIDELINES FOR INSTITUTIONS**

Institutions also have some ethical responsibilities related to the program approval process. KSDE has established the following guidelines for institutions:

1. Each institution will facilitate a thorough and objective appraisal of its programs by KSDE.
2. Institutions are allowed to challenge team members nominated to serve on teams based on conflict of interest only. The right to challenge cannot be employed as a process for selecting team members holding particular pre-dispositions.
3. Institutional personnel will refrain from publicly criticizing those individuals participating in the program approval process.
4. Institutions will report any perceived inadequacies of the KSDE procedures or processes at the time of their occurrence, rather than withholding the information until after the Evaluation Review Committee takes action.

### **PROGRAM REVIEW PROCEDURES**

Each team member has access to the document warehouse for review of the documents. After reviewing the program, each team member completes reviewer worksheets in preparation for the program review meeting. The reviewer worksheet lists each of the standards for an individual program and has columns for the reviewer to note questions and comments regarding evidence that was found or lacking for each of the standards. (See Appendix K for a sample of a program reviewer worksheet.)

Program reports are usually reviewed simultaneously at KSDE. The teams meet on one day or an evening and the following day to review the program documents. The time frame depends on the number of institutions and their programs reviewed. During this time, they compare and discuss their findings on the reviewer worksheets, make a judgment as to whether areas for improvement or strengths exist in regard to the KSDE program standards, and prepare the team reports. The team chair is responsible for turning in the report to TEAL prior to departing. There is one program team per content area. A team report provides a brief comment summary for each standard, for candidate

and program performance and includes responses to a series of questions about the program. (See **Appendix L** for a sample of the report format.)

A copy of the team report is submitted to the appropriate representative of the unit at the institution. Generally, the program report will follow the format below:

### **COVER SHEET**

- Includes the name of the institution, date the report was prepared and other pertinent information.

### **PROGRAM REPORT**

- Provides the following two pieces of information:
  1. Decision of the Team  
This section indicates if standards have been MET or NOT MET.
  2. Areas for Improvement  
Indicates specific areas for improvement that the team determines should be addressed. Areas for improvement must relate to a specific standard and should be specific enough to be helpful without being a recommendation. The rationale for the area for improvement must be standards related and specific in order to assist the institution in preparation of the rejoinder and to provide ERC with appropriate references for making decisions.

The team report is the property of the institution. It can be released at the discretion of the institution. If portions of the report are released to the public, the institution should indicate that the full report is available from them. KSDE will not release the team report nor any parts of the team report without permission from the institution.

### **DORMANT PROGRAMS**

A dormant program is a program that has developed an effective assessment system and yet does not have candidates admitted to the program and so, has no data. The program would be reviewed for its assessment system and could be assigned an approval status but would also be designated as a “dormant program.” The institution would be told that its program and assessment system was approved and that it could admit students during the seven year period, but it would not be required to submit data until it actually had candidates admitted.

By having this status, if an institution wishes to go through the process of developing an assessment system and seeking approval, it could. The institution could list this program as one that it is offering. However, when it is time to submit data to the state for any purpose, it would not be penalized because it did not have data at the time of approval.

### **PROGRAM REJOINDER TO THE TEAM REPORT**

The unit may respond and file supplemental materials pertinent to the facts and conclusions found in the team report. The Program Rejoinder must be submitted to the document warehouse within 45 days of the date the unit receives the team report. The

purpose of the rejoinder is to clarify information presented in the team report and to correct any factual errors in the report. If the judgments of the team members are being contested by the unit, the rejoinder must indicate the grounds for such a stand and the available documentation to support them. This information should be summarized, cited, and included as attachments. The original program report is not to be resubmitted.

The rejoinder should be concise and complete. **The rejoinder should respond only to areas for improvement cited in the team report.** If the unit agrees that a cited area for improvement is correct, the rejoinder **should acknowledge this fact. Progress on cited areas for improvement (which remain in the final report) will be addressed by the unit in the Annual Report.**

The following conditions must be adhered to as the Program Rejoinder is prepared by the unit:

- To address the AFIs, the rejoinder may include the following:
  - Evidence that existed at the time of the review that may have been omitted or overlooked.
  - Revised materials that address the areas for improvement.
  - Newly developed materials that address the areas for improvement.
- All evidence must relate directly to the standards and procedures that applied at the time of the program review.
- The rejoinder must be factual in nature. All inaccurate information should be corrected, and appropriate documentation should be submitted with the rejoinder.
- When the unit does not respond to the areas for improvement in the team report, it will be assumed that the unit concurs with the team citation.

The Program Rejoinder should be paginated and include the following *four* sections:

1. Letter from the unit head acknowledging the receipt of the team report.
2. Response to all areas for improvement cited by the team. If there is evidence to suggest that an area for improvement does not exist, the appropriate documentation should be appended.
3. Perceptions of procedural concerns, if any, regarding the program approval process that might have prejudiced the team judgments.
4. Attachments that support any requests for reconsideration of the team judgments.

NOTE: If the data were included in the Program Report and not given adequate consideration by the team, the appropriate pages should be resubmitted to the document warehouse with the rejoinder. The attachments should be paginated and their sources (e.g., Faculty Handbook or program matrix) clearly identified on each attachment.

Upon completion of the Program Rejoinder:

- The Program Rejoinder will be submitted to the document warehouse within 45 days of the receipt of the team report. When team reports are sent to a unit around vacation times, additional time to prepare the rejoinder will be allowed.

The chair of the original review team is notified by email to access the Team Report, the Program Rejoinder and other applicable materials on the document warehouse with directions to do the following:

1. Review the Program Rejoinder to the standards and areas for improvement for the assigned programs.
2. Consult other team members as needed to make judgments about the removal of areas for improvement.
3. Prepare a revised Team Report citing all remaining areas for improvement and revise the narrative accordingly.

A copy of the revised Team Report is submitted to the appropriate representative of the teacher education institution. No additional response is permitted.

#### **PROGRAM APPROVAL DECISIONS**

The ERC reviews the final team reports. Program Reports, rejoinders, or other documents will be available for review through the document warehouse prior to and at the ERC meeting. The ERC may modify the team report to bring consistency to the committee's judgments across institutions. A program will not be recommended for full approval if it meets fewer than 75% of the standards.

Procedures for review are outlined in **Appendix M**. The ERC then prepares a written initial recommendation regarding the appropriate status to be assigned to each program. This initial recommendation will be submitted to an appropriate institutional representative of the teacher education unit and to the Commissioner of Education.

Within 30 days of the receipt of the initial recommendation of the ERC, the educator preparation unit may submit a written request for a hearing to appeal the initial recommendation. Hearing procedures are outlined in **Appendix N**. This request must specify, in detail, the basis for the appeal, including an identification of each item disputed.

- To address the AFIs, the appeal may include the following:
  - Evidence that existed at the time of the review that may have been omitted or overlooked.
  - Revised materials that address the areas for improvement.
  - Newly developed materials that address the areas for improvement.
- All evidence must relate directly to the standards and procedures that applied at the time of the program review.
- The appeal must be factual in nature. All inaccurate information should be corrected, and appropriate documentation should be submitted with the appeal.

Appeal documents and all supporting materials for the hearing will be submitted to the document warehouse.

After the 30 days or, if applicable, after the hearing, the ERC submits a written final recommendation regarding the appropriate status to be assigned to the proposed program. The recommendation is submitted to the Commissioner and, if a hearing was held, to an appropriate representative of the educator preparation unit. The Commissioner submits the final recommendation to the Kansas State Board of Education for its consideration and determination.

#### **PROGRAM APPROVAL STATUS**

The status assigned to any teacher education program being renewed is *Approved*, *Approved with Stipulation*, or *Not Approved*. Even though a program is *Approved*, it may still be accompanied with areas for improvement. If areas for improvement are cited, the unit is expected to address progress on those areas for improvement in the Annual IHE

Profile Data Collection Report. If a program earns *Approved* status, the approval is effective for seven academic years.

*Approved with Stipulation* status is assigned to renewed programs when critical deficiencies exist. These deficiencies will be addressed during the stipulated two-year time period and prior to being granted *Approved* status. An Upgrade Report is required for programs granted *Approved with Stipulation* status.

For *Not Approved* programs, refer to Guidelines for Candidate Completion of Unapproved programs below.

### **ACTION LETTER AND REPORT**

A unit is notified of the approval status within ten business days after the KSBE meeting when its case was reviewed. The KSBE communicates its action by a letter and an action report from the Commissioner of Education to the unit head. This action report indicates the status of all programs and areas for improvement cited for any program reviewed at that time.

The unit must review the Action Letter and Final Decision from the State Board and the information on the KSDE web site for errors. The unit has 30 days to notify TEAL of any errors. After the 30 days, it is difficult to change any erroneous information and could result in a severe delay in the issuance of a license for candidates of this program.

### **UPGRADE REPORTS FOR APPROVED WITH STIPULATION PROGRAMS**

An Upgrade Report is due for each program approved with stipulation on October 1. The Upgrade Report for Renewed Programs *Approved with Stipulation* should include the following format and content:

1. Scope - Identify the name and endorsement level(s) of the program, and indicate whether the program is at the initial or advanced level.
2. Program Evaluation - Describe the areas for improvement that were cited at the time the program was reviewed. For the “Areas for Improvement” cited, describe the procedures used for assessing the standards, the results of the assessments, and changes in the assessment system or in the curriculum that have been made to correct the areas for improvement. Include any specific data that is now being collected.
3. Supporting Documentation - Include any documents supporting the correction of the areas for improvement.

The Upgrade Report is submitted to KSDE on the document warehouse. One CD is mailed to TEAL. Trained program reviewers complete a preliminary review of the Upgrade Report to determine if areas for improvement should be removed based on the documentation submitted in the Upgrade Report. If critical deficiencies are not removed, the program loses its approved status.

The program reviewers forward their findings along with the Upgrade Report to the ERC for its examination and analysis. After such examination and analysis, the ERC prepares a written initial recommendation regarding the status to be assigned to the program for the succeeding year or years. The recommendation includes a statement of the findings and conclusions of the ERC. The recommendation is submitted to the

appropriate representative of the teacher education unit and to the Commissioner of Education for final action by the Kansas State Board of Education.

#### **GUIDELINES FOR CANDIDATE COMPLETION OF UNAPPROVED PROGRAMS**

Units receiving notification that one or more of its programs are *Approved with Stipulation* or *Not Approved* must notify, in writing, each candidate enrolled in the effected professional education program(s) of the implications and outcomes of programs *Approved with Stipulation* or *Not Approved*. This notification must occur before the end of the semester during which the notification is received. The unit will not recruit candidates for a *Not Approved* program and must remove all reference to the program from catalogs, handbooks, institutional brochures, websites and other publications.

Candidates are allowed two full, consecutive, regular semesters following the notification of final action by KSBE to complete a *Not Approved* program. Summer sessions and interterms are not counted as part of the two semesters. Candidates who finish within this period may be recommended for licensure by the college or university.

#### **GUIDELINES FOR CANDIDATE COMPLETION OF APPROVED PROGRAMS WHEN UNIT ACCREDITATION IS REVOKED**

When an institution has its accreditation revoked, candidates are not allowed **any** additional semesters to complete approved programs at that institution. Candidates who complete their programs at the end of the semester in which revocation occurs may be recommended for licensure by the institution.

The institution may not recruit candidates for any program and must remove all reference to any programs from catalogs, handbooks, institutional brochures, websites and other publications. Courses taken at the institution while the unit is not accredited may not be used to meet licensure requirements.

#### **GUIDELINES FOR MATCHING ACCREDITATION AND PROGRAM APPROVAL CYCLES**

When an institution gains continuing accreditation status after a probationary review, ERC has the option to extend the expiration date of institutional programs to coincide with the next seven-year, accreditation cycle.

#### **GUIDELINES FOR COMPLETION OF PROGRAMS WHEN AN APPROVED PROGRAM IS NOT RENEWED**

When an institution chooses not to renew one of its approved programs, a letter of intent to non-renew the approved program should be included in the application for renewal of all other programs. The institution must not recruit candidates for any program they are not renewing as of the date of notification and must remove all reference to that program from catalogs, handbooks, institutional brochures, websites and other publications.

Candidates in the program must receive written notification that the program is not going to be renewed. Those candidates are allowed three full, consecutive, regular semesters following the notification date to complete their programs. Summers and

interterms are not counted as part of the three semesters. Candidates who finish within this period may be recommended for licensure by the institution.

**GUIDELINES FOR CANDIDATE COMPLETION OF APPROVED PROGRAMS WHEN UNIT DROPS THE PROGRAM**

When a college or university's educator preparation unit drops an approved program, all due consideration must be given to candidates in the program. Assistance should be given to those candidates to enable them to transfer to an approved program in that field at another institution. A letter of intent to drop a program with the official date when the program will no longer exist must be forwarded to TEAL. Candidates in the program must also receive official notification that the program is going to be dropped. Candidates in the program are allowed three full, consecutive, regular semesters following the notification date to complete the approved educator preparation program. Summers and interterms are not counted as part of the three semesters. Candidates who finish within this period may be recommended for licensure by the college or university. The institution may not recruit candidates for any educator preparation program that has been dropped and must remove all reference to the program from catalogs, handbooks, institutional brochures, websites and other publications. Candidates admitted to the institution after the program has been dropped may not be recommended for an endorsement in that program.

---

## ***NEW PROGRAMS***

---

### **THE SELF-STUDY**

New programs must be approved by the Kansas State Board of Education (KSBE) prior to being offered. Just as with renewal of teacher education programs, a unit will conduct a self-study to determine the viability of offering a new program. The resulting data will be recorded in the program matrix that becomes the major resource document for determining the approval status for a new program.

The self-study includes the rationale that speaks to the need for the new program and a formal examination that determines (a) the ability of the unit to carry out its responsibilities for the program and (b) the quality of the program under consideration. The unit should capitalize on its strengths and eliminate or reduce its areas of improvement.

There are no specific requirements for the conduct of a self-study, but the involvement of the faculty with responsibility for the teaching content area and professional education courses, including those who teach methods courses, appears critical to a successful review. Collaboration with faculty in other supporting units (e.g., Arts and Sciences and the teaching content areas) is also essential to a successful self-study.

### **NEW PROGRAM REPORTS**

Program Reports are the essential part of the initial approval of a educator preparation program. Reports prepared for new programs are similar to those prepared for renewal of programs (See pgs. 46-62). The content of the report responds to the statements and expectations found in the standards of the *Regulations and Teaching Standards for Kansas Educators*. The program report includes a qualitative and quantitative description of the unit's new program.

As changes are made to programs over time, the question is posed whether the program should be classified as a “new” program or merely changes to an existing program. Changes to program content and/or pedagogy that address “areas for improvement” must always be submitted on Annual IHE Profile Data Collection Report at some point during the approval cycle. In addition any changes to the content and/or pedagogy curriculum and assessments must be reported on the Annual IHE Profile Data Collection Report during the year the change occurs. Programs that make substantial changes must be resubmitted as a **new** program. A substantial change would be one that involves adding or deleting 25 percent or more of the content credit hours in a program or 25 percent or more of the assessments of the program.

New programs are submitted by either October 1 for fall reviews or March 1 for spring reviews. The “Intent to Seek Unit Accreditation and/or Approval of New Teacher Education Programs” must be submitted **12 months** preceding the academic year in which the unit’s program is to be operationalized OR no later than **90** days prior to the program submission date. The program report and all documents must be submitted to the document warehouse site ([www.ksde.org/dm](http://www.ksde.org/dm)) by October 1 for fall reviews and March 1 for spring reviews. One CD copy of the new program report must be submitted

to TEAL to facilitate the review. **The unit will be notified of incomplete, ambiguous, or apparently inaccurate reports which will delay the new program approval process.** All new programs (initial and advanced) that lead to licensure will complete a program report for review.

(See program renewal information for additional information about Program Review Team Members, Conflicts of Interest, and Ethical Guidelines for Institutions)

The following outline describes the information that should be submitted.

### **Preliminary Information**

1. Completed “Intent to Seek Unit Accreditation and/or Approval of New Teacher Education Programs” application

### **Program Reports**

1. Cover Page (see **Appendix J** for a sample)
  - Name of Institution
  - Accredited by – KSDE, NCATE
  - Date of Submission - month, day and year of submission of program to KSDE
  - Preparer(s) of the Program - names of individuals who are primarily responsible for the content of the program matrix, assessment system and evaluation of the candidates in the program
  - Unit Head Name, phone number and e-mail
  - Level of Program, Grade Range of Program and Site Information
  - Program Report Status
2. Sections I-V in the Program Report Template

Persons preparing the data in support of the unit's request for initial approval of a educator preparation program are requested to be concise and specific.

The following outline must be followed when preparing the program review for a new educator preparation program.

### **SPECIFIC PROGRAM INFORMATION FOR NEW PROGRAMS**

1. Contextual Information in Section I - Identify how the new program fits into, and will be supported, by the organizational structure of the unit. Describe the plan for implementation and operation of the program and list the objectives of the program.

2. Requirements – Use the report template found on the KSDE website for the program. As a new program, syllabi for all required courses must be submitted to the document warehouse and in one folder labeled “Course Syllabi” on the CD. **Section IV** description and the attachments for rubrics, scoring guides or criteria for evaluation must be submitted. Data tables will not be submitted. **Section V** will need to indicate that this is a new program submission.

The program format begins with **Section I**—a description of contextual information including the program of study that outlines the courses and experiences required for all candidates to complete the program. A description of the relationship of the program to the unit’s Conceptual Framework will be included in Section I. A chart with candidate information and program completer information is not required for new programs.

**Section II** lists the name of the assessment, the type or form of assessment and when the assessment is required or administered. All programs must provide a minimum of six assessments and a maximum of eight assessments. Assessments 1-4 may come from the unit's assessment system.

**Section III** requires reporting of assessments that will be used to demonstrate that candidates meet program standards. One assessment may apply to multiple Kansas standards.

**Section IV** requires institutions to discuss the assessments and assessment data in terms of program standards. This includes a brief description of the assessment, its use in the program and alignment to the standard/s. Omit the brief summary of data findings and the interpretation of how the data provides evidence for meeting standards. The program must include rubrics (content specific), scoring guides or criteria for evaluation as attachments. If the assessment is used to meet more than one program standard, the plan must indicate data will be disaggregated per standard. Each attachment should be no longer than five pages. Data tables will not be included for new programs. The attachment related to each assessment must be included for the program report to be complete. The report will not be reviewed until it is complete.

**Section V** addresses the use of assessment results to improve candidate and program performance. Omit the presentation of evidence that documents assessment results have been analyzed. Instead, include in this section how the assessment plan will be implemented, how the unit will review the assessment data and use it to improve candidate performance and strengthen the program, and the frequency of review of the data.

All new programs are *Approved with Stipulation* or *Not Approved*. If approval to begin the program is received, the unit must file a Progress Report within 60 days after completion of the second semester of operation of the program.

### **NEW PROGRAM TEAM MEMBERS**

After receiving a completed application, KSDE staff selects a review team. The review team normally consists of three persons with one designated as chair. Criteria for selection of team members include the following:

1. KSDE program trained or KSDE/NCATE trained
2. Area of expertise the same as the program being reviewed or as closely aligned
3. No conflict of interest (See [pg. 13](#) for guidelines on conflict of interest)

### **PROGRAM REVIEW PROCEDURES FOR NEW PROGRAMS**

Each team member has access to the document warehouse for review of the documents. After reviewing the program, each team member completes reviewer worksheets in preparation for the program review meeting. The reviewer worksheet lists each of the standards for an individual program and has columns for the reviewer to note questions and comments regarding evidence that was found or lacking for each of the standards. (See [Appendix K](#) for a sample of a program reviewer worksheet.)

Program reports are usually reviewed simultaneously at KSDE. The teams will meet on one day or an evening and the following day to review the program documents. The time frame depends on the number of institutions reviewed. During this time, they compare and discuss their findings on the reviewer worksheets, make a judgment as to

whether areas of improvement or strengths exist in regard to the KSDE program standards, and prepare the team reports. The team chair is responsible for turning in the report to the teacher education section of KSDE prior to departing. If several institutions submit programs for the same endorsement area, a single team may examine all of these programs. A team report provides a brief comment summary for each standard,, for candidate and program performance and includes responses to a series of questions about the program. (See **Appendix L** for a sample of the report format.)

The team chair submits the new program report to TEAL. A copy of the team report is submitted to the appropriate representative of the unit at the institution. Generally, the program report will follow the format below:

#### **COVER SHEET**

- Includes the name of the institution, date the report was prepared and other pertinent information.

#### **PROGRAM REPORT**

- Provides the following two pieces of information:
  1. Decision of the Team  
This section indicates if standards have been MET or NOT MET.
  2. Areas for Improvement  
Indicates specific areas for improvement that the team determines should be addressed. Areas for improvement must relate to a specific standard and should be specific enough to be helpful without being a recommendation. The rationale for the area for improvement must be standards related and specific in order to assist the institution in preparation of the rejoinder and to provide ERC with appropriate references for making decisions.

The team report is the property of the institution. It can be released at the discretion of the institution. If portions of the report are released to the public, the institution should indicate that the full report is available from them. KSDE will not release the team report nor any parts of the team report without permission from the institution.

#### **PROGRAM REJOINDER TO THE TEAM REPORT**

The unit may respond and file supplemental materials pertinent to the facts and conclusions found in the team report. The Program Rejoinder must be submitted to the document warehouse within 45 days of the date the unit receives the program report. The purpose of the rejoinder is to clarify information presented in the team report and to correct any factual errors in the report. If the judgments of the team members are being contested by the unit, the rejoinder must indicate the grounds for such a stand and the available documentation to support them. This information should be summarized, cited, and included as attachments. The original program report is not to be resubmitted.

The rejoinder should be concise and complete. **The rejoinder should respond only to areas for improvement cited in the team report.** If the unit agrees that a cited area for improvement is correct, the rejoinder **should acknowledge this fact.** **Progress**

**on cited areas for improvement (which remain in the final report) will be addressed by the unit in the Progress Report.**

The following conditions must be adhered to as the Program Rejoinder is prepared by the unit:

- To address the AFIs, the rejoinder may include the following:
  - Evidence that existed at the time of the review that may have been omitted or overlooked.
  - Revised materials that address the areas for improvement.
  - Newly developed materials that address the areas for improvement.
- All evidence must relate directly to the standards and procedures that applied at the time of the program review.
- The rejoinder must be factual in nature. All inaccurate information should be corrected, and appropriate documentation should be submitted with the rejoinder.
- When the unit does not respond to the areas for improvement in the team report, it will be assumed that the unit concurs with the team citation.

The Program Rejoinder should be paginated and include the following *four* sections:

1. Letter from the unit head acknowledging the receipt of the team report.
2. Response to all areas for improvement cited by the team. If there is evidence to suggest that an area for improvement does not exist, the appropriate documentation should be appended.
3. Perceptions of procedural concerns, if any, regarding the program approval process that might have prejudiced the team judgments.
4. Attachments that support any requests for reconsideration of the team judgments.

Upon completion of the Program Rejoinder:

- The Program Rejoinder will be submitted to the document warehouse within **45 days of the receipt of the team report**. When team reports are sent to a unit around vacation times, additional time to prepare the rejoinder will be allowed.

The chair of the original review team is notified by email to access the Team Report, the Program Rejoinder and other applicable materials on the document warehouse with directions to do the following:

1. Review the Program Rejoinder to the standards and areas for improvement for the assigned programs.
2. Consult other team members as needed to make judgments about the removal of areas for improvement.
3. Prepare a revised Team Report citing all remaining areas for improvement and revise the narrative accordingly.

A copy of the revised Team Report is submitted to the appropriate representative of the educator preparation institution. No additional response is permitted.

### **PROGRAM APPROVAL DECISIONS**

The ERC reviews the final team reports. Program Reports, rejoinders, or other documents will be available for review through the document warehouse prior to and at the ERC meeting. The ERC may modify the team report to bring consistency to the

committee's judgments across institutions. A program will not be recommended for full approval if it meets fewer than 75% of the standards.

Procedures for review are outlined in **Appendix M**. The ERC then prepares a written initial recommendation regarding the appropriate status to be assigned to the proposed program. This initial recommendation will be submitted to an appropriate institutional representative of the educator preparation unit and to the Commissioner of Education.

Within 30 days of the receipt of the initial recommendation of the ERC, the educator preparation unit may submit a written request for a hearing to appeal the initial recommendation. Hearing procedures are outlined in **Appendix N**. This request must specify, in detail, the basis for the appeal, including an identification of each item disputed.

- To address the AFIs, the appeal may include the following:
  - Evidence that existed at the time of the review that may have been omitted or overlooked.
  - Revised materials that address the areas for improvement.
  - Newly developed materials that address the areas for improvement.
- All evidence must relate directly to the standards and procedures that applied at the time of the program review.
- The appeal must be factual in nature. All inaccurate information should be corrected, and appropriate documentation should be submitted with the appeal.

Appeal documents and all supporting materials for the hearing will be submitted to the document warehouse.

After the 30 days or, if applicable, after the hearing, the ERC submits a written final recommendation regarding the appropriate status to be assigned to the proposed program. The recommendation is submitted to the Commissioner and, if a hearing was held, to an appropriate representative of the educator preparation unit. The Commissioner submits the final recommendation to the Kansas State Board of Education for its consideration and determination.

### **PROGRAM APPROVAL STATUS**

Each new program may be *Approved with Stipulation* or *Not Approved*. When *Approved with Stipulation* status is assigned to a new program, the unit submits a **Progress Report** to the Commissioner within 60 days after completion of the second semester of operation of the program. Thereafter, progress is noted in the Annual IHE Profile Data Collection Report until the next on-site visit. *Approved with Stipulation* status for a new program may be accompanied by areas for improvement. In its Progress Report, the unit is expected to address progress on eliminating areas for improvement, as well as present information on the implementation and evaluation of the new program. ERC reviews the Progress Report and prepares a written recommendation that includes its findings and conclusions.

*Not Approved* status prohibits a unit from starting the proposed program. When a new program receives the *Not Approved* status, the unit receives a report indicating the MET/NOT MET standards and areas for improvement from KSBE.

### **ACTION LETTER AND REPORT**

A unit is notified of the approval status within ten business days after the KSBE meeting when its case was reviewed. The KSBE communicates its action by a letter and an action report from the Commissioner of Education to the unit head. This action report indicates the status of all programs and areas for improvement cited for any program reviewed at that time.

The unit must review the Action Letter from the State Board and the information on the KSDE web site for errors. The unit has 30 days to notify TEAL of any errors. After the 30 days, it is difficult to change any erroneous information and could result in a severe delay in the issuance of a license for candidates of this program.

### **NEW PROGRAM PROCEDURES FOLLOWING INITIAL APPROVAL**

If a new program is *Approved with Stipulation*, that status is effective until the institution's next on-site visit or until ERC removes the stipulation. The unit must notify KSDE when the new program becomes operational (see definition below). If a new program is not operational within the first two years after approval, the unit may request a one-year extension from the Evaluation Review Committee. If the new program is not operational by the expiration date of the extension, it must be resubmitted as a new program. The new program will be reviewed at the unit's next regularly scheduled on-site visit.

### **OPERATIONALIZING A PROGRAM**

A new program is considered to be operational if one or more candidates have declared/admitted that they are seeking the program as an endorsement for their teaching license and are currently enrolled in or have completed required program coursework. **The unit must notify the Director of TEAL at KSDE in writing when a program is operationalized.** The institution must indicate the date the program is operational and the number of candidates declared or admitted to the program.

### **PROGRESS REPORTS FOR NEW PROGRAMS**

The Progress Report must include the following format and content:

1. Scope - Identify the name and endorsement level(s) of the program and indicate whether the program is initial or advanced.
2. Requirements - Give a complete listing of the courses and requirements for the program. List required courses and electives, and describe any required competencies, skills, prerequisites, etc. that are required in addition to the coursework.
3. Program Implementation and Evaluation - Describe how many candidates were admitted and the date when the program was operationalized. Indicate how many candidates have been admitted to the program each semester thereafter. Describe the procedures used to evaluate the program and what changes occurred because of the evaluation process. Rubrics, scoring guides and/or criteria for evaluation for each assessment will be included in the progress report. Include data tables that present program data that has collected on each assessment.

4. Areas for Improvement (if any) - Describe all areas for improvement that existed at the time the new program was reviewed, what changes have been made to correct the areas for improvement, and the result of the changes.
5. In the attachments, include all documents or other written verification to show areas for improvement have been accomplished.

Revisions or areas for improvement can be documented by:

1. Minutes of meetings
2. Revised documents
3. Course syllabi
4. All documents or other written verification to demonstrate any critical deficiencies that have been corrected.

The Progress Report and supporting documents must be submitted to the document warehouse. The unit will receive a letter acknowledging receipt of the Progress Report. The Progress Report is then forwarded to the Evaluation Review Committee for review.

The status assigned to any new program after a review of the progress report is *Approved*, *Approved with Stipulation*, or *Not Approved*. Even though a program is approved, it may still be accompanied with areas for improvement. If areas for improvement are cited, the unit is expected to address progress on those areas for improvement in the Annual IHE Profile Data Collection Report. If approved, the new program is approved through the expiration date of the currently approved programs, allowing the program to follow prescribed program review procedures. *Approved with Stipulation* status may be assigned to a program when critical deficiencies exist. These deficiencies must be addressed during the stipulated time period and prior to being granted *Approved* status. An Upgrade Report is required for programs granted *Approved with Stipulation* status. See [pg. 18](#) for information on Upgrade Reports. For *Not Approved* programs, refer to Guidelines for Candidate Completion of Unapproved programs on [pg. 18](#).

---

## ***ANNUAL IHE REPORTS***

---

The Title II Institutional Report (IPRC) is completed and submitted April 30 each year. The Annual IHE Profile Data Collection Report form will be available in June for the institutions. The IHE Profile Data Collection Report is submitted July 30 each year. The IHE Profile Data Collection report will be accessed through TEAL. **Each institution must register to receive KSDE approval and receipt of a password.** KSBE and NCATE rely on these data to monitor the capability of units to continue programs of high quality. The Title II IPRC Report includes the following sections:

### **Institution/Program Information**

Requests basic institutional and unit information, including the name of the Title II IHE contact. Some of this information is pre-populated on the form and only needs to be checked for accuracy.

### **Section I**

Requests information about admission requirements, enrollment, supervised clinical experience, teachers prepared and program completers.

### **Section II**

Requests information about annual goals and assurances .

### **Section III**

Requests information about the assessment and summary pass rates.

### **Section IV**

Requests information concerning approval and accreditation.

### **Section V**

Requests information concerning the use of technology.

### **Section VI**

Requests information about teacher training preparation.

### **Section VII**

Requests contextual information about the institution.

**(Add info about the June/July Supplemental Report).**

**IHE Profile Data Collection Report (IHE-SR)**

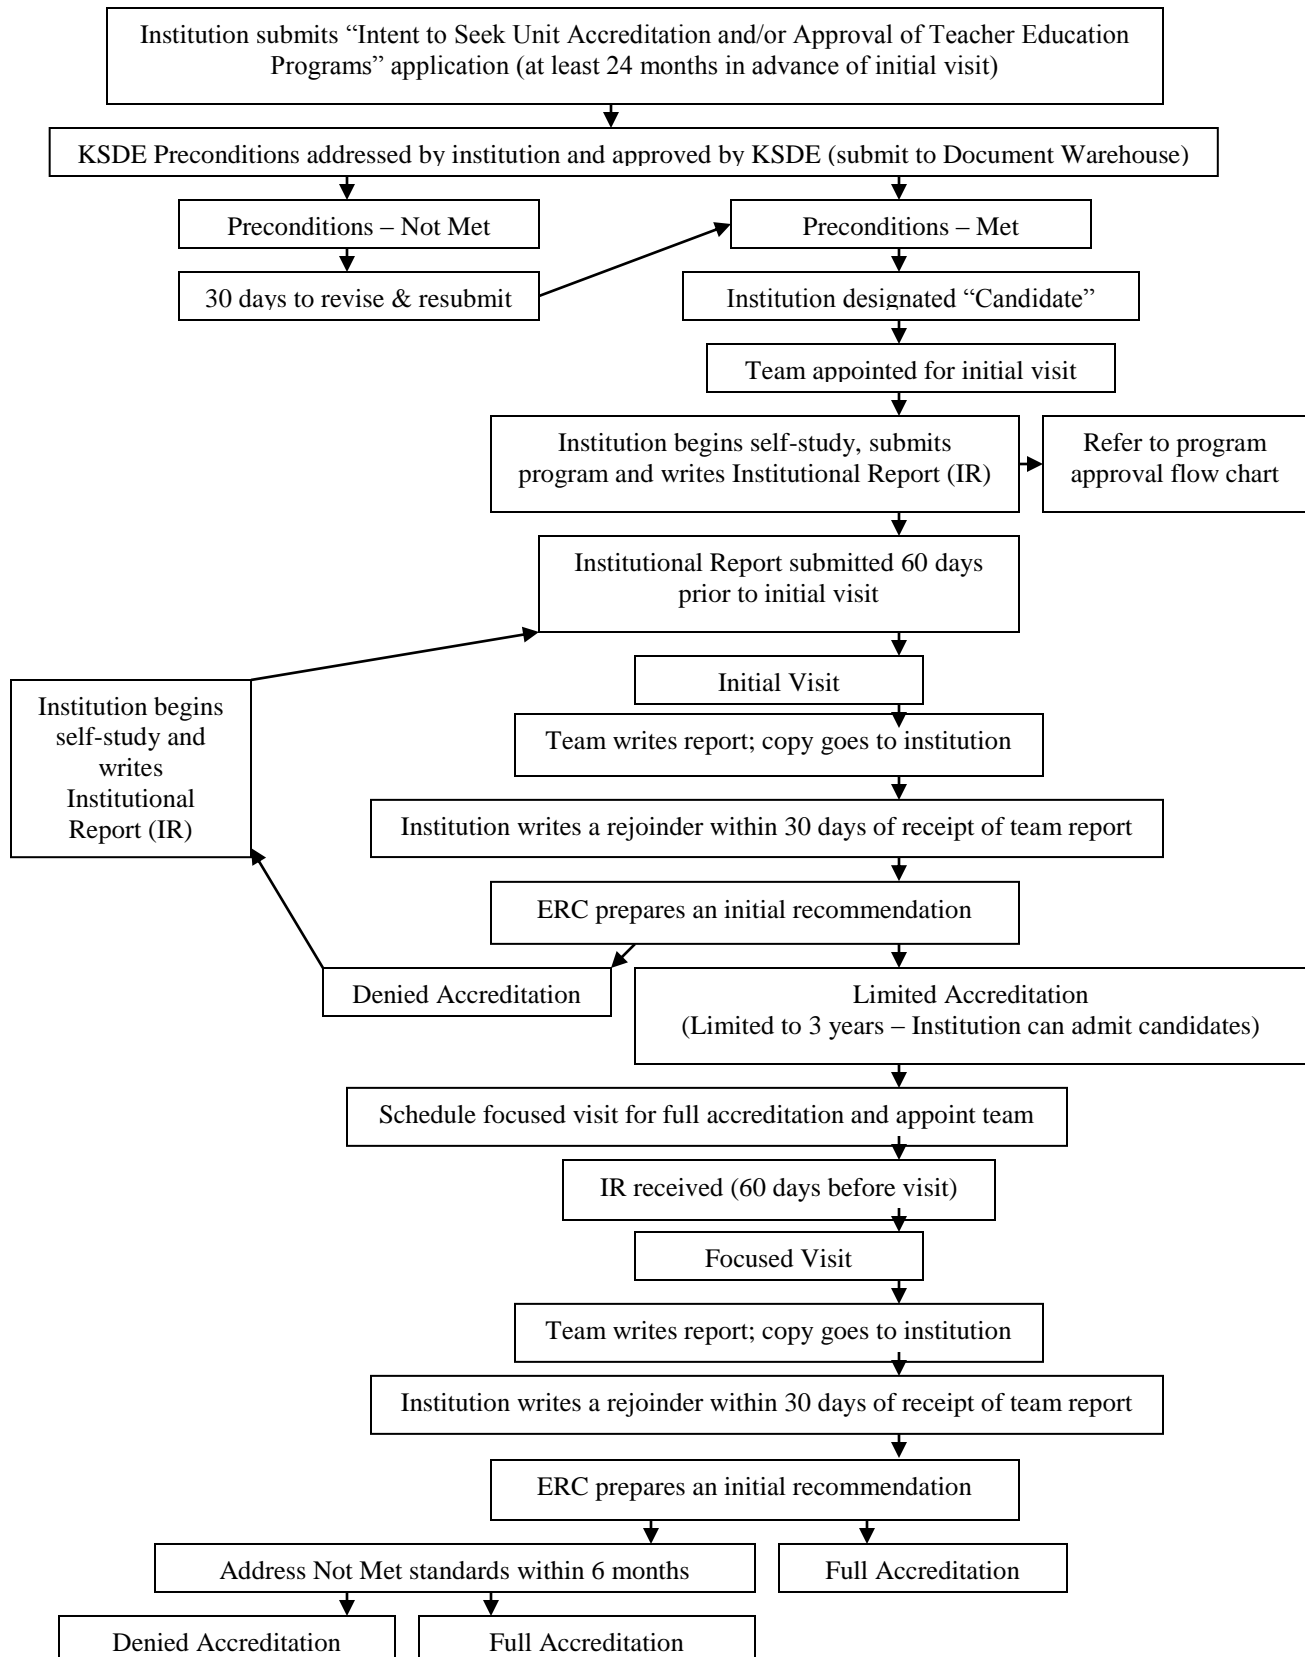

---

## ***APPENDICES***

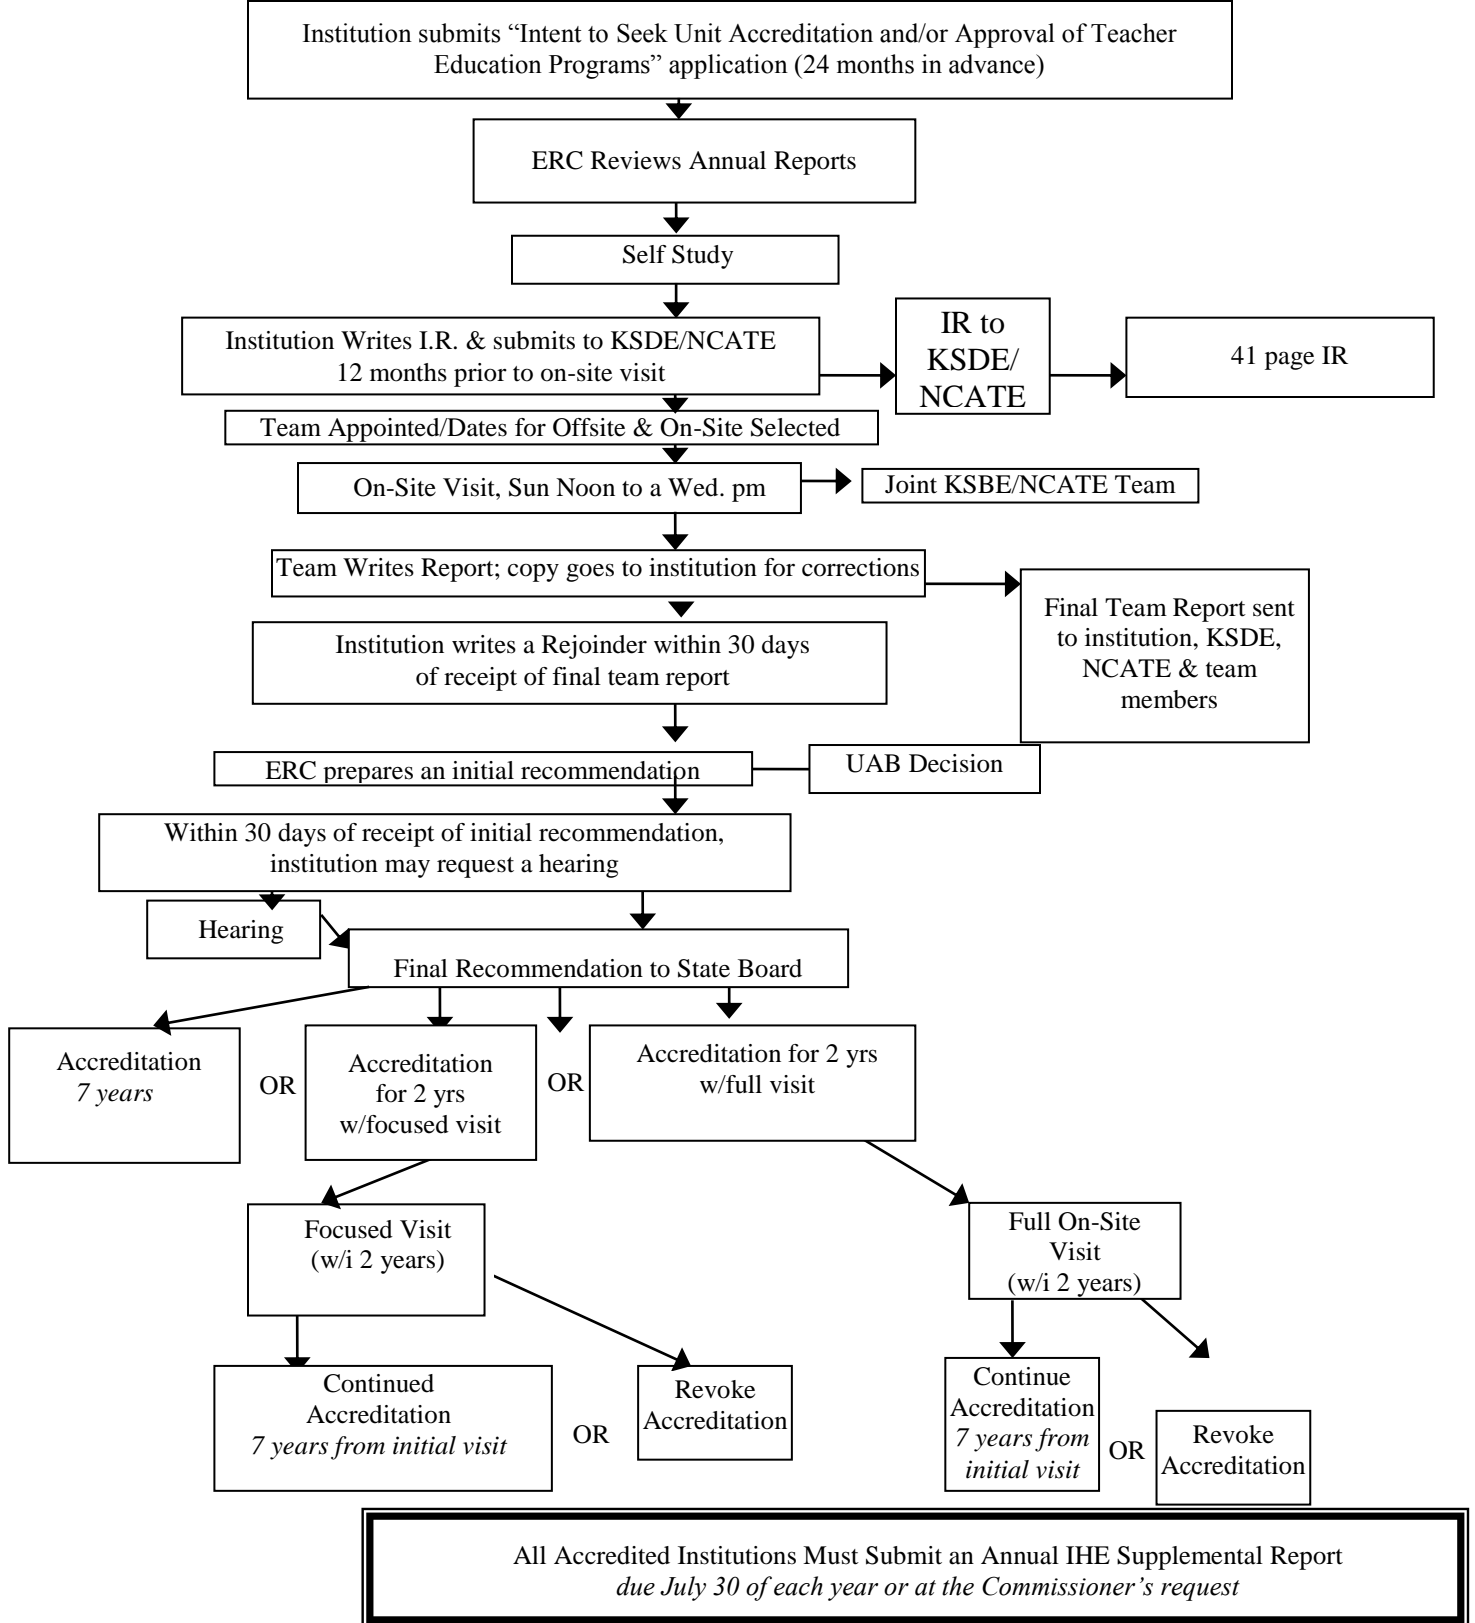

---

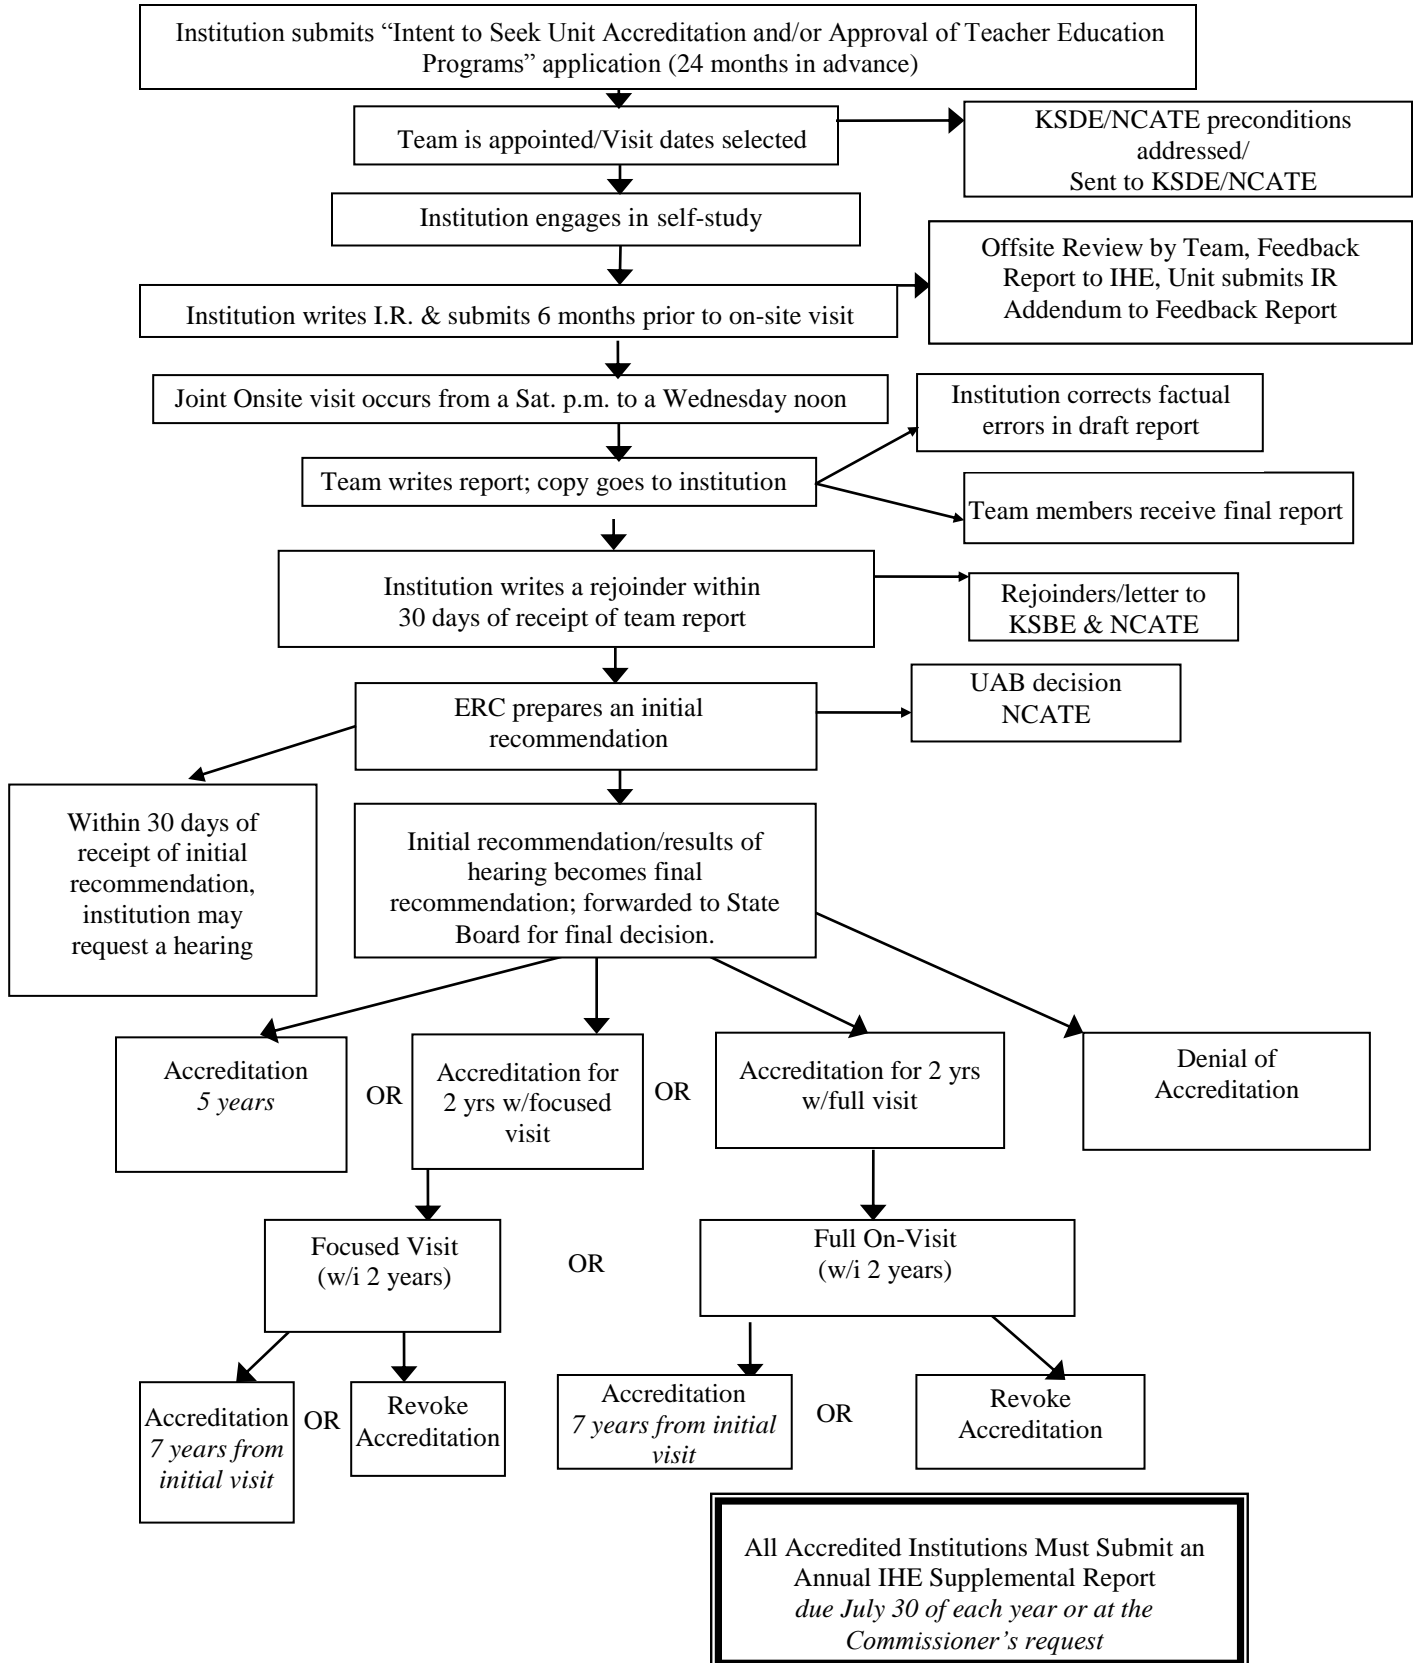

**APPENDIX A**  
***KANSAS INITIAL ACCREDITATION***

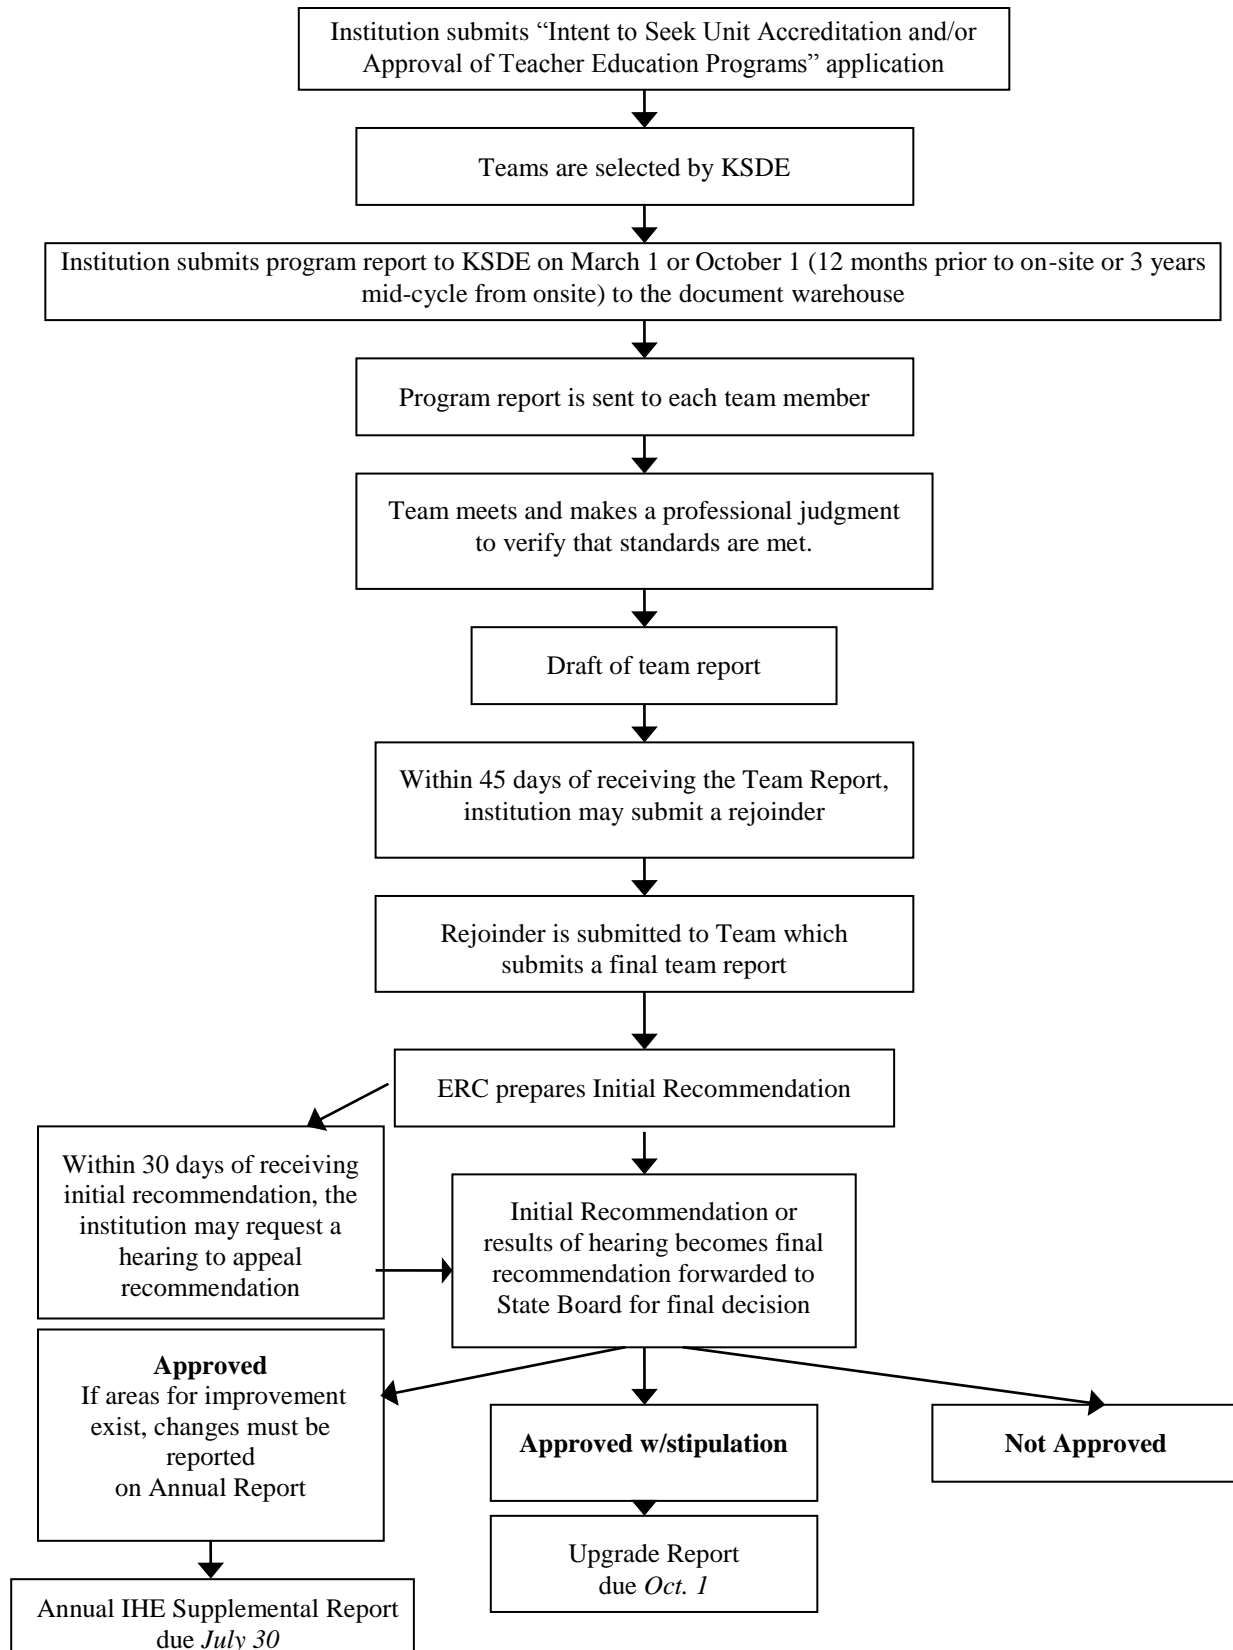

**APPENDIX B**  
***CONTINUING ACCREDITATION***

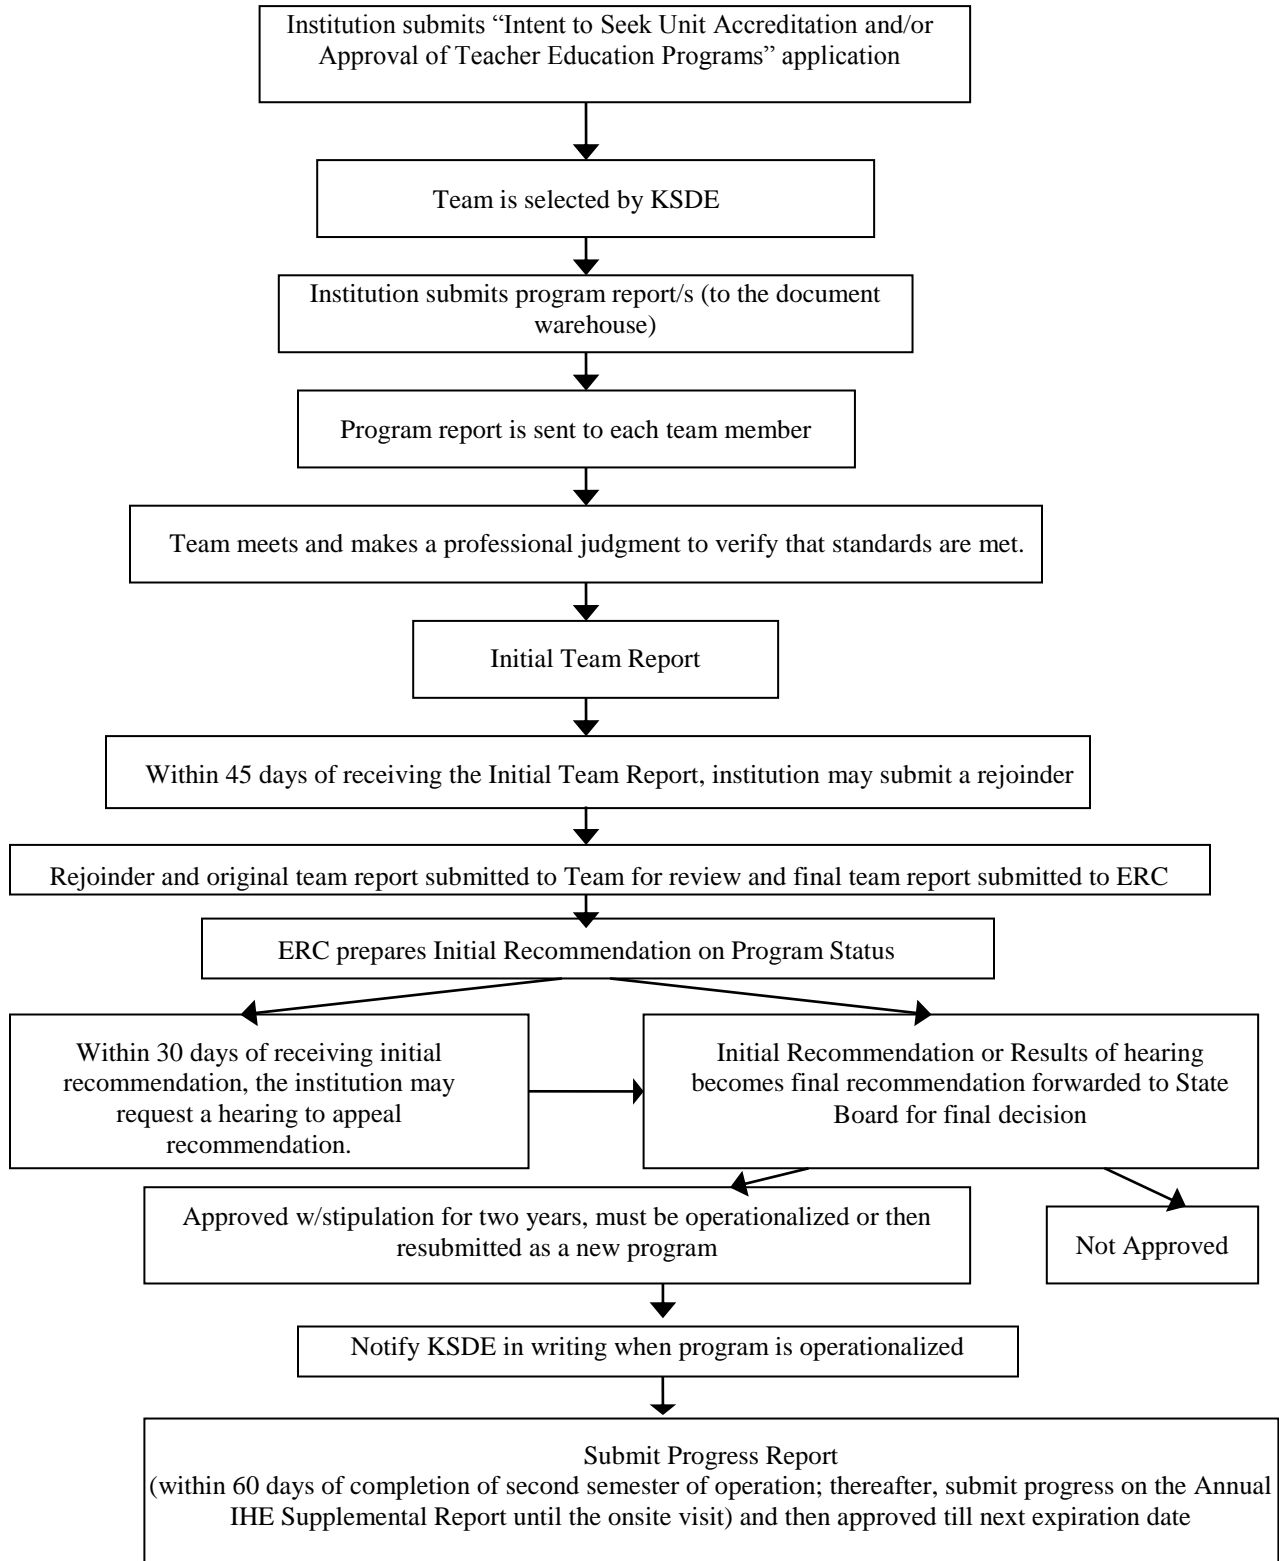

**APPENDIX C**  
**JOINT KSBE/NCATE FIRST ACCREDITATION**

**APPENDIX D**  
***PROGRAM REVIEW PROCESS FOR RENEWAL OF PROGRAMS***

**APPENDIX E**  
***NEW PROGRAM REVIEW PROCESS***

**APPENDIX F**  
***PROGRAM REVIEW CHECK LIST***

WHAT OCCURS	WHEN
Letter and Intent to Seek Unit Accreditation and/or Approval of Programs Form sent	24 months prior to expiration
Intent to Seek Unit Accreditation and/or Approval of Programs Form received from institution	12 months prior to expiration
Letter sent from Commissioner to institution acknowledging receipt of Intent Form and set date	2 weeks after receipt of application
Letter sent to invite team	120 days prior to program review
List of reviewers sent to institution	120 days prior to program review
Institutional response to team noting conflict of interests, if any, received	
Receive Program Reports from institution	60 days prior to program review
Document warehouse submissions open emailed to team members	30-60 days prior to program review
Review team meets and writes report	
Initial Team Report mailed to institution requesting rejoinders	30 days after program review
Institutional Rejoinder received	45 days after receipt of team report
Rejoinder sent to team chair with directions	
Final Team Report sent to institution with letter stating ERC date	
Letter sent from ERC chair to institution informing of initial recommendation	15 days after ERC meeting
**Letter received from institution requesting hearing	
**Letter sent from Commissioner informing institution of hearing date	
**Institution submits hearing information	
**Hearing held	
Letter sent informing institution of Final Recommendation and State Board action date	within 10 days of ERC meeting
Letter sent from Commissioner informing institution of KSBE Final Action/Decision	within 10 days after State Board Action

## **APPENDIX G**

### ***PROGRAM REVIEW PROCEDURES***

Renewal of approved programs occurs by program review rather than on-site review. Following are the KSDE program review procedures for renewal of approved programs.

1. The institution submits its Program Report documents to TEAL on the document warehouse ([www.ksde.org/dm](http://www.ksde.org/dm)) on March 1 for spring or October 1 for fall, approximately 12 months prior to expiration of programs. Email notification is sent to the institution about the submission process.
2. The institution must email TEAL and inform our office of when all documents are uploaded to the document warehouse. It is required that TEAL also receive one CD of each program submitted to the document warehouse. An email is sent to the institution acknowledging receipt of the programs.
3. Within 30 days of receipt of the programs, a review team of at least three persons with one designated as chair is selected by KSDE staff and approved by the Commissioner. Criteria for selection of team members include:
  - a. KSDE trained
  - b. Area of expertise same or as nearly as possible as the program
  - c. No conflict of interest
4. After the review team has been assigned and at least 30 days prior to the review date, an email is sent to each team member with instructions for the review. After reviewing the program, each team member completes the applicable Reviewer Worksheet form in preparation for a team meeting.
5. The team meets and prepares a draft of the Team Program Report. The draft team report is reviewed by the team, revised if necessary and approved by the team.
6. The team chair submits the final draft of the Team Program Report to the TEAL consultant.

#### **Final Team Program Report**

- Includes the name of the institution, name of the program being reviewed, program status, and date the report was prepared.
- Provides the following information:  
 Test results of Praxis II and data for PLT and KPTP/TWS  
 Standards Sections include the following—

			<b>Present</b>	<b>Not Present</b>
<b>Standard # 1</b>	<input type="checkbox"/> MET	<input type="checkbox"/> NOT MET		
Course syllabi (new programs only)			<input type="checkbox"/>	<input type="checkbox"/>
Assessment Description			<input type="checkbox"/>	<input type="checkbox"/>
Scoring guides, rubrics, evaluation criterion			<input type="checkbox"/>	<input type="checkbox"/>
Aggregated data (minimum 3 yrs)			<input type="checkbox"/>	<input type="checkbox"/>
<b>Areas for Improvement and Rationale (Please number the AFI and the corresponding rationale):</b>				

Areas for Improvement indicate specific areas of concern that the team determines should be corrected. Areas for improvement must relate to a specific standard.

***Program requirements are not aligned to the standard.***

***Descriptions of actual performance assessments are not provided.***

***Data are not provided.***

***Data do not clearly demonstrate an adequate level of preparation.***

***Data are not provided on all candidates.***

***Decisions about improving the program based on aggregated data are not provided.***

Candidate and Program Performance will be reviewed for evidence of the program's response to data.

7. One copy of the Program Report is submitted to the appropriate representative of the unit.
8. The head of the teacher education unit may respond and file supplemental materials pertinent to the facts and conclusions found in the Program Report. Any such response (Program Rejoinder) must be submitted to the Commissioner within 45 days of the date the institution receives the Program Report.
9. The Program Report, the Program Rejoinder, and other applicable materials are submitted to the chair of the original review team with directions to do the following:
  - a. Review the Program Rejoinder to the standards and areas for improvement for the assigned programs. Consult other team members as needed to make judgments about the removal of areas for improvement.
  - b. Prepare a revised Program Report for any remaining areas for improvement and revise the narrative accordingly.
10. A copy of the revised Program Report is submitted to the appropriate representative of the teacher education institution. No additional response is permitted.
11. The team revised Program Report, the Program Rejoinder, and other applicable materials are submitted to the Evaluation Review Committee (ERC).
12. The ERC meets and determines the initial recommendation regarding the appropriate status to be assigned to each program, including the areas for improvement to be cited.
13. The initial recommendation is submitted to an appropriate representative of the teacher education unit and to the Commissioner, and the institution is informed of the right to request a hearing before the ERC.
14. If a request for a hearing is not submitted, the initial recommendation becomes the final recommendation and is submitted to State Board for action.
15. If a request for a hearing, as described below, is submitted, the ERC conducts a hearing and determines its final recommendation regarding the appropriate status to be assigned to each program, including the areas of improvement to be cited.

Criteria for Hearing: Within 30 days of the receipt of an initial recommendation of the ERC, the teacher education unit may submit a written request to the Commissioner for a hearing before the

ERC to appeal the initial recommendation. This request must specify, in detail, the basis for the appeal, including an identification of each item disputed by the institution.

16. The final recommendation is submitted to an appropriate representative of the teacher education unit and to the Commissioner.
17. The Commissioner submits the recommendation of the ERC to the Kansas State Board of Education for its consideration and determination.
18. The State Board acts on the ERC final recommendation.
19. The final action of the State Board is submitted to an appropriate representative of the teacher education unit.

**APPENDIX H**

**APPENDIX I**  
***PROGRAM SUBMISSION INSTRUCTIONS***

1. Download the correct program worksheet template at <http://www.ksde.org/Default.aspx?tabid=1739> .
  - a. Each program template when completed must be submitted on the document warehouse, [www.ksde.org/dm](http://www.ksde.org/dm) Right click on the appropriate program content worksheet template and left click “Open in New Window”.
  - b. Also mail one CD for each program to Teacher Education and Licensure.
  - c. .
2. Type your institution’s and program’s data into the worksheet template.
  - a. Fill out the cover sheet with the correct information.
  - b. Complete Sections I through V. Observe the page limitations.
3. Section I
  - a. Program of study may be uploaded to the document warehouse and in the first folder on the CD.
  - b. Label the folder “Section I Program of Study” (Attachment may be from college catalog or as a student advisement sheet – maximum of five text pages).
4. Section II
  - a. Assessments are numbered and should be named.
  - b. Keep the assessment number and title the same throughout all documents.
5. Section III
  - a. All standards must be assessed at least once.
  - b. An assessment may assess more than one standard.
6. Section IV
  - a. Respond to each of the four bullets completely but in a concise manner.
  - b. Attachments for each assessment would be kept in separate folders on the CD. Program report and supporting documents will be uploaded to the document warehouse. Title the documents as you wish them to read for the reviewers. The program report should be uploaded last. The last document uploaded is the first document seen on the warehouse.
  - c. Each folder would be named “Section IV Assessment #1,” “Section IV Assessment #2,” etc.
  - d. In the folder named “Section IV Assessment #1,” place a file named “Section IV Assessment #1 Data Table.”
  - e. In the next folder named “Section IV Assessment #2,” place a file named “Section IV Assessment #2 Scoring Guides, Criteria for Evaluation or Rubric.” In that same folder, place another file named “Section IV Assessment #2 Data Table.”
  - f. Continue in this manner until all assessment attachments are in separate folders (see example below).

7. Section V
  - a. Complete the narrative as described.
  - b. Address all aspects required in this section.
8. Submission of CD versions
  - a. Submit 1 copy of the CD.
  - b. CDs need to include the same materials and attachments that are being submitted to the document warehouse.
9. Submission to the document warehouse: [www.ksde.org/dm](http://www.ksde.org/dm)
  - a. Contact us for user name and password to the document warehouse.
  - b. Upload the supporting documents and program template in reverse order. Upload the last document first and continue till the program template is last to upload. The documents are loaded to the site by date and time. The first one uploaded is the last one in the list that the reviewers see on the page.
  - c. Upon entering the document warehouse, you should only see your institution.
  - d. Click on Program Review Submissions.
  - e. To upload programs, click on upload on bottom left of screen.
  - f. Type in the title of the document (see 9g below).
  - g. Title each document uploaded appropriately. Examples: Section IV, Assessment 6 Rubric; Section IV, Assessment 6 Data Table;
  - h. Browse for your file.
  - i. Click on the content category for the location of the document.
  - j. Your name and email address should be pre-populated.
  - k. Click on the Upload button on the bottom of the page.
  - l. Note that there is a cancel button and a delete button that you may click on to cancel or delete the upload. You may also use these buttons if you made a mistake and need to remove a document from one of the categories. The tiny pencil icon to the left of the file allows you to edit/delete the file.

- m. After you click on Upload, the system takes you back to the Program Review Submissions page with all of your content categories. The process adds a numeral to the content category where you uploaded the document. As you upload more documents to each content program category, the number increases.
- n. All attachments/documents must be consistently numbered and titled to correspond to the assessment.

10. Submission of New Programs

- a. Submit the program as above except for data tables.
- b. Submit the syllabi for all required courses in one folder labeled “Course Syllabi” on the CD.
- c. All syllabi must be submitted to the document warehouse. Upload the syllabi first to the site and in reverse order.
- d.
- e. Section IV description and the attachments for scoring guides, rubrics or criteria for evaluation must be submitted.

11. Submission of Upgrade Reports

- a. Follow the instructions for format in the *Institutional Handbook for Program Approval*.
- b. Address each Area for Improvement.
- c. Follow previous instructions for uploading to the document warehouse.
- d. Mail one CD to Teacher Education and Licensure.

12. Submission of Progress Reports

- a. Follow the instructions for format in the *Institutional Handbook for Program Approval*.
- b. Address each Area for Improvement
- c. Follow previous instructions for uploading to the document warehouse.
- d. Mail one CD to Teacher Education and Licensure

If you have any questions, please don't hesitate to contact:

Sungti Hsu  
Teacher Education and Licensure

**APPENDIX J**  
***PROGRAM REPORT FORMAT***

Revised 6-15-09

**Program Report Format**

**ENGLISH LANGUAGE ARTS**

**Kansas State Department of Education**

**COVER SHEET**

**Institution:**

**Accredited By:** ☐ KSDE    ☐ NCATE

**Date Submitted:**

**Name of Preparer(s):**

**Unit Head Name:**

**Unit Head Phone Number:**                      **Unit Head Email:**

**Level of the Program:** ☐ Initial    ☐ Advanced

**Grade levels for which candidates are being prepared:**

☐ 6-12

Is this program being offered at more than one site? ☐ Yes    ☐ No

If yes, please list the sites at which the program is offered:

**Program Report Status:**

☐ New Program    ☐ Continued Program    ☐ Dormant Program

**(NEW PROGRAMS MUST SUBMIT SYLLABI)**

**A PROGRAM WILL NOT BE RECOMMENDED FOR FULL APPROVAL IF IT MEETS FEWER THAN 75% OF THE STANDARDS.**

## GENERAL DIRECTIONS

The following directions are designed to assist institutions as they complete this program report. To complete the report, institutions must provide data from multiple assessments that, taken as a whole, will demonstrate candidate mastery of the Kansas standards. These data will also be used to answer the following questions. Reviewers expect these prompts to be answered by the report.

- Have candidates mastered the necessary knowledge for the subjects they will teach or the jobs they will perform?
- Do candidates meet state licensure requirements?
- Do candidates understand teaching and learning and can they plan their teaching?
- Can candidates apply their knowledge in classrooms and schools?
- Are candidates effective in promoting student learning?

To that end, the program report form includes the following sections:

- I. Contextual Information** – provides the opportunity for institutions to present general information to help reviewers understand the program.
- II. Assessments and Related Data** – provides the opportunity for institutions to submit multiple assessments, scoring guides or criteria, and assessment data as evidence that standards are being met.
- III. Standards Assessment Chart** – provides the opportunity for institutions to indicate which of the assessments are being used to determine if candidates meet program standards.
- IV. Evidence for Meeting Standards** – provides the opportunity for institutions to discuss the assessments and assessment data in terms of standards.
- V. Use of Assessment Results to Improve Candidate and Program Performance** – provides the opportunity for institutions to indicate how faculty are using the data from assessments to improve candidate performance and the program, as it relates to content knowledge; pedagogical and professional knowledge, and skills; and effects on student learning.

Page limits are specified for each of the narrative responses required in Sections IV and V of the report, with each page approximately equivalent to one text page of single-spaced, 12-point type. Each attachment required in Sections I and IV of the report should be kept to a maximum of five text pages. Although attachments longer than five pages will be accepted electronically, staff will require institutions to revise reports submitted with lengthy attachments.

Except for the required attachments, institutional responses can be entered directly onto the form. Specific directions are included at the beginning of each section.

## SECTION I—CONTEXT

### Complete the following contextual information:

A program of study that outlines the courses and experiences **required for all candidates** to complete the program. The program of study must include course titles and hours of credit per course. (This information may be provided as an attachment from the college catalog or as a student advisement sheet-- maximum of five text pages.) **NEW PROGRAMS MUST SUBMIT SYLLABI IN THE DOCUMENT WAREHOUSE AND IN A FOLDER ON THE CD.**

1. Chart with the number of candidates and completers. (Title-Chart with Candidate Information)<sup>1</sup>  
(response limited to 6 pages, not including charts)

### 1. Program of Study:

#### Provide the following contextual information:

<ul style="list-style-type: none"><li>• <i>Description of the relationship of the program to the unit's conceptual framework.</i></li></ul>
<ul style="list-style-type: none"><li>• <i>Indication of the program's unique set of program assessments and their relationship of the program's assessments to the unit's assessment system.<sup>2</sup></i></li></ul>
<ul style="list-style-type: none"><li>• <i>Description of the criteria for admission, retention, and exit from the program, including required GPAs and minimum grade requirements for the content courses accepted by the program..</i></li></ul>
<ul style="list-style-type: none"><li>• <i>Description of the field and clinical experiences required for the program, including the number of hours for early field experiences and the number of hours/weeks for student teaching or internships.</i></li></ul>

---

<sup>1</sup> KSDE uses the Title II definition for *program completers*. Program completers are persons who have met all the requirements of a state-approved teacher preparation program. Program completers include all those who are documented as having met such requirements. Documentation may take the form of a degree, institutional certificate, program credential, transcript, or other written proof of having met the program's requirements.

<sup>2</sup> This response should clarify how the key assessments used in the program are derived from or informed by the assessment system that the unit will address under KSDE/NCATE Standard 2.

## 2. Chart with Candidate Information:

**Directions:** Provide three years of data on candidates enrolled in the program and completing the program, beginning with the most recent academic year for which numbers have been tabulated. Please report the data separately for the levels/tracks (e.g., baccalaureate, post-baccalaureate, master's, doctorate) being addressed in this report.

<b>Program (initial):</b>		
<b>Academic Year</b>	<b># of Candidates Enrolled in the Program<sup>3</sup></b>	<b># of Program Completers<sup>4</sup></b>
20 -20		
20 -20		
20 -20		

<b>Program (Post-baccalaureate – Added Endorsement):</b>			
<b>Academic Year</b>	<b># of Candidates Enrolled in the Program</b>	<b># of Program Completers</b>	<b>Master's/Ed. Specialist/Doctoral</b>
20 -20			
20 -20			
20 -20			

---

<sup>3</sup> An enrolled candidate is officially admitted to the program.

<sup>4</sup>KSDE uses the Title II definition for *program completers*. Program completers are persons who have met all the requirements of a state-approved teacher preparation program. Program completers include all those who are documented as having met such requirements. Documentation may take the form of a degree, institutional certificate, program credential, transcript, or other written proof of having met the program's requirements.

## SECTION II— ASSESSMENTS AND RELATED DATA

In this section, list the multiple assessments that are being submitted as evidence for meeting the Kansas standards for this content area. All programs must provide a **minimum of six assessments, maximum of eight assessments**; assessments #1-6 are required for all programs. For each assessment, indicate the type or form of the assessment and when it is required/administered in the program.

Name of Assessment <sup>5</sup>		Type or Form of Assessment <sup>6</sup>	When the Assessment Is Required/Administered <sup>7</sup>
1	[Licensure assessment, or other content-based assessment] <sup>8</sup> * (Required) a. Praxis II-content test data and sub-score data if utilized b. PLT	Standardized	
2	[Assessment of candidate ability to plan instruction] * (Required)		
3	[Assessment of clinical experience] <sup>9</sup> * (Required)		
4	[Assessment of candidate effect on student learning] * (Required)		
5	[Content-based assessment (Required)] Examples of assessments include comprehensive examinations, projects,		

<sup>5</sup> Identify assessment by title used in the program; refer to Section IV for further information on appropriate assessment to include.

<sup>6</sup> Identify the type of assessment (e.g., essay, case study, project, comprehensive exam, reflection, portfolio).

<sup>7</sup> Indicate the point in the program when the assessment is administered (e.g., admission to the program, admission to student teaching/internship, required courses [specify course title and number], or completion of the program).

<sup>8</sup> Assessment #1a Praxis II sub-score data may be used as an assessment for meeting content standards. A data table for Praxis II content test and a data table for sub-score data must be submitted but a rubric is not required

<sup>9</sup> Clinical experience includes practica, student teaching and internships.

Name of Assessment <sup>5</sup>		Type or Form of Assessment <sup>6</sup>	When the Assessment Is Required/ Administered <sup>7</sup>
	<b>comprehensive portfolio tasks and score/s aligned to standards OR course grades-based assessments<sup>10</sup> related to content knowledge.</b>		
6	<b>[Content-based assessment (Required)] Examples of assessments include comprehensive standard examinations, case studies involving many content standards, projects, comprehensive portfolio tasks and score/s related to content knowledge.</b>		
7	<b>[Additional assessment that addresses Kansas content standards (Optional) ]</b>		
8	<b>[Additional assessment that addresses Kansas content standards (Optional) ]</b>		

\*Required Assessments

---

<sup>10</sup> Course grades-based assessments can only be used for Assessment 5.

### SECTION III—STANDARDS ASSESSMENT CHART

For each Kansas standard on the chart below, identify the assessment(s) in Section II that address each standard. **One assessment may apply to multiple Kansas standards.** In Section IV you will describe these assessments in greater detail and summarize and analyze candidate results to document that a majority of your candidates are meeting Kansas standards. To save space, the knowledge and performance indicators of the Kansas standards are not identified here, but are available on the website — [www.ksde.org](http://www.ksde.org) . The full set of standards provides more specific information about what should be assessed. **Please include information on assessments used for PreK if this is an all-level program.**

KANSAS STANDARD	APPLICABLE ASSESSMENTS FROM SECTION II			
1. The teacher of English language arts demonstrates knowledge of a variety of texts, both print and nonprint, and of how learners create and discover meaning in a text.	<input type="checkbox"/> #1a <input type="checkbox"/> #5	<input type="checkbox"/> #2 <input type="checkbox"/> #6	<input type="checkbox"/> #3 <input type="checkbox"/> #7	<input type="checkbox"/> #4 <input type="checkbox"/> #8
2. The teacher of English language arts demonstrates knowledge of the history, structure, and development of the English language and how people use language to influence the thinking and actions of others.	<input type="checkbox"/> #1a <input type="checkbox"/> #5	<input type="checkbox"/> #2 <input type="checkbox"/> #6	<input type="checkbox"/> #3 <input type="checkbox"/> #7	<input type="checkbox"/> #4 <input type="checkbox"/> #8

## SECTION IV—EVIDENCE FOR MEETING STANDARDS

**DIRECTIONS:** Information on the multiple assessments listed in Section II and the data findings must be reported in this section. The assessments must be those that **all candidates** in the program are required to complete and should be used by the program to determine candidate proficiencies as expected in the program standards.

For each assessment, the evidence for meeting standards should include the following information:

- ❖ A brief description of the assessment, project, portfolio and its use in the program. Explain specificity of the assessment to the standard/s. An assessment may assess several standards at the same time;
- ❖ The alignment of the assessment with the specific KSDE standards addressed by the assessment, as they are identified in Section III;
- ❖ A brief summary of the data findings;
- ❖ An interpretation of how that data provides evidence for meeting standards.

The response to each assessment is limited to the equivalent of two text pages.

For each assessment listed, you will need to attach the following:

- Scoring guides, criteria or rubric (specific to content of standard/s) used to score candidate responses on the assessment;
- A table (**include # of candidates**) with the aggregated results of the assessment providing, where possible, data for at least the most recent three years. Data should be organized according to the categories used in the scoring guide/criteria. Provide the percentage of candidates achieving at each category.

For each assessment #1a (sub-score data) and assessment #5(course grades-based assessments), you will include the following information:

- Praxis II sub-score data tables must be clearly labeled to indicate alignment with the standard it is assessing. Section IV narrative must clearly show alignment of sub-score data to the standard or elements of the standard.
- Course grades-based assessments have a brief description in the matrix. A more detailed and specific discussion of the alignment of activities, exams, and projects in the course to the standard should be included in the narrative description of assessment 5. The course grades-based assessments data tables will be included in the narrative of assessment 5. Each course grades-based assessments is numbered and lettered as 5A, 5B, 5C, 5D, 5E and 5F. Use the same number and letter in the narrative and the data table. If the course grades-based assessments are used as evidence for meeting two standards, the course key assessments' data (exams, projects, portfolio tasks) must be disaggregated in a data table for each of the two standards. This is necessary to provide evidence of meeting each standard. One course MAY NOT MEET more than two standards.

In the two columns for attachments, click in the box for each attachment to be included with the report. Each attachment should be no longer than five pages. The two attachments related to each assessment must be included for the program report to be complete. The report will not be reviewed until it is complete.

**#1 (Required) CONTENT KNOWLEDGE: Data from licensure tests for content knowledge.** Provide assessment information as outlined in the directions for Section IV. PRAXIS II Content and PLT. **(PRAXIS II data should be sub-score data that are aligned to specific standard/s.)**

(No more than 2 pages)

Attachments		
Assessment #1	Scoring Guides/Criteria/ Rubric	Data Table <sup>11</sup>
1a—Praxis II Content 1b—PLT	NA NA	Click the box if attached. <input type="checkbox"/> <input type="checkbox"/>

**#2 (Required) PEDAGOGICAL AND PROFESSIONAL KNOWLEDGE AND SKILLS: Assessment that demonstrates candidates can effectively plan classroom-based instruction.** Examples of assessments include the evaluation of candidates' abilities to develop lesson or unit plans, individualized educational plans, needs assessments, or intervention plans. Provide assessment information as outlined in the directions for Section IV.

(No more than 2 pages)

<sup>11</sup> Licensure test data must reflect the percentage of candidates who have passed the state licensure test for each year since the last accreditation visit. The most recent year of data must include the range of total scores and sub-scores on the licensure test. Data must be presented for all program completers, even if there were fewer than 10 test takers in a given year. Sub-score data tables will report the N, the % of candidates' performance and the average performance range provided in the Praxis report.

Attachments		
Assessment #2	Scoring Guides/Criteria/ Rubric	Data Table
[Assessment of candidate ability to plan instruction] * (Required)	Click the box if attached. <input type="checkbox"/>	Click the box if attached. <input type="checkbox"/>

**#3 (Required) PEDAGOGICAL AND PROFESSIONAL KNOWLEDGE AND SKILLS:** Assessment that demonstrates candidates' knowledge and skills are applied effectively in practice. The assessment instrument used in student teaching should be submitted. Provide assessment information as outlined in the directions for Section IV.

(No more than 2 pages)

Attachments		
Assessment #3	Scoring Guides/Criteria/ Rubric	Data Table
[Assessment of clinical experience] <sup>12</sup> * (Required)	Click the box if attached. <input type="checkbox"/>	Click the box if attached. <input type="checkbox"/>

**#4 (Required) EFFECTS ON STUDENT LEARNING:**<sup>13</sup> Assessment that demonstrates candidate effects on student learning. Examples of assessments include those based on student work samples, portfolio tasks, case studies, follow-up studies, and employer surveys. Provide assessment information as outlined in the directions for Section IV.

(No more than 2 pages)

<sup>12</sup> Clinical experience includes practica, student teaching and internships.

<sup>13</sup> Effects on student learning include the creation of environments that support student learning.

**5 (Required) CONTENT KNOWLEDGE: Assessment of content knowledge.** Examples of assessments include comprehensive examinations, projects, comprehensive portfolio tasks and score/s aligned to standards OR the option of submitting **course grades-based assessment related to content knowledge evaluation**. Provide assessment information as outlined in the directions for Section IV. If submitting course grades-based assessment, the detailed description for Assessment #5 must clearly delineate the alignment of the course description and assessments to the standard that is assessed during the course in order to assure that the course grade reflects candidate knowledge of the standard. Describe course key activities, projects, assessments that show specificity to the standard. If course grades are used, include the program or unit definition of grades in the narrative or as an attachment to assessment 5. If the course grades-based assessments are used as evidence for meeting two standards, the course key assessments' data (exams, projects, portfolio tasks) must be disaggregated in a data table for each of the two standards. This is necessary to provide evidence of meeting each standard. This narrative must state the proficiency level or grade acceptable by the program. COURSE GRADES-BASED ASSESSMENTS ARE LIMITED TO SIX COURSES.

(No more than 5 pages)

**If submitting comprehensive examinations, projects, comprehensive portfolio tasks and scores/s aligned to standards, the program must use the table below and submit the Scoring Guides/Evaluation Criteria/Rubric and a Data Table. DO NOT USE THIS TABLE FOR COURSE GRADES-BASED ASSESSMENTS!!!**

## SECTION V—USE OF ASSESSMENT RESULTS TO IMPROVE CANDIDATE AND PROGRAM PERFORMANCE

Evidence must be presented in this section that assessment results have been analyzed and have been or will be used to improve candidate performance and strengthen the program. This description should not link improvements to individual assessments, but rather, it should summarize **major findings** from the evidence, the faculty's interpretation of those findings, and changes made in (or planned for) the program as a result. Describe the steps program faculty have taken to use information from assessments for improvement of both candidate performance and the program.

(No more than 3 pages)

<sup>14</sup> Be specific in stating the Area for Improvement. An Area for Improvement could be cited if there are specific concerns about the program or weaknesses in the program. The following represent some examples of concern:

- Assessments and/or rubrics are not aligned to the standard.
- Descriptions of actual performance assessments are not provided.
- Data tables and/or rubrics are not provided.
- Data do not clearly demonstrate an adequate level of preparation.
- Data are not provided on all candidates.
- Decisions about improving the program based on aggregated data are not provided.

**APPENDIX M**  
***PROCEDURES FOR REVIEW OF PROGRAMS BY THE  
EVALUATION REVIEW COMMITTEE***

1. Evaluation Review Committee members are appointed to serve on audit committee teams. There will normally be two audit committee teams with a membership of six and seven. A chair will be assigned for each audit committee team.
2. Each institution is assigned to an audit committee team. Each audit committee team may have more than one institution or institution's programs to review.
3. Approximately thirty days before the ERC meeting date, all program documents are accessible to the committee through the document warehouse. The documents include the program report, supporting documents, and a rejoinder if submitted.
4. Each ERC member reviews the documents in advance of the meeting of the ERC and fills out the NOTES showing his/her recommendations regarding the accreditation or approval status to be assigned to the unit and/or to each program.
5. Audit committee teams meet separately at the time scheduled on the ERC agenda. Individual recommendations are discussed and a consensus is reached on the recommendations regarding the accreditation or approval status to be assigned to the unit and/or to each program.
6. Each audit committee team is provided a NOTES report form that must be completed by the team detailing their recommendations and listing areas of improvement for consideration by the full ERC.
7. The full ERC meets to determine initial recommendations, including any areas of improvement to be cited, for each institution.
8. If the staff sees "glitches" or problems in the program review process, eg. a poor review team, that information is shared prior to the ERC meeting.

**APPENDIX N**  
***TEACHING AND SCHOOL ADMINISTRATION PROFESSIONAL STANDARDS***  
***ADVISORY BOARD***

The purpose of an Evaluation Review Committee (ERC) hearing is to allow an institution to provide the following information:

- To address the AFIs, the rejoinder may include the following:
  - Evidence that existed at the time of the review that may have been omitted or overlooked.
  - Revised materials that address the areas for improvement.
  - Newly developed materials that address the areas for improvement.
- All evidence must relate directly to the standards and procedures that applied at the time of the program review.
- The rejoinder must be factual in nature. All inaccurate information should be corrected, and appropriate documentation should be submitted with the rejoinder.

Information which has already been considered by ERC should not be repeated at the hearing.

Procedures for an Evaluation Review Committee hearing are as follows:

- (A) Person(s) designated by the unit head will have a right to make introductory remarks not to exceed three minutes.
- (B) If more than one unit or program is being considered during a hearing, a person may make a separate presentation addressing each.
- (C) Each standard's presentation will be limited to five minutes with a maximum of twenty minutes allowed for any one KSBE or NCATE program. The presiding officer may grant additional time at his/her discretion. Additional written comments may be submitted as part of the hearing.
- (D) Up to three minutes will be allowed for Evaluation Review Committee members to ask questions for clarification from the person making the presentation. The responses to the questions will be included in the three minute time limit. The presiding officer may grant additional time at his/her discretion.
- (E) The presiding officer will rule on presentations that are not pertinent to the subject or that are too lengthy.
- (F) A person wishing to speak will identify himself/herself.
- (G) Hearing procedures adopted will be printed and sent with the hearing information.
- (H) The presiding officer will advise persons in attendance of procedures for the hearing.
- (I) Within ten working days, the Evaluation Review Committee will prepare a written final recommendation regarding the appropriate status to be assigned to the teacher education institution and/or program. The recommendation will be submitted to an appropriate representative of the teacher education institution and to the Commissioner who will submit the final recommendation to the State Board.

Note: Any individual with a disability may request accommodation in order to participate in a public hearing or open forum and may request the pertinent information in an accessible format. Requests for accommodation to participate in

the hearing should be made at least five working days in advance of the hearing or open forum by contacting Karen Watney at 785-296-5363 and TTY at 785-296-6338.

4. State program team size and composition	1	2	3	4	5
COMMENTS/RECOMMENDATIONS:					
_____					
_____					
5. Team Recommendation/Standard Ratings Forms	1	2	3	4	5
COMMENTS/RECOMMENDATIONS:					
_____					
_____					
6. Overall rating of program review procedures	1	2	3	4	5
COMMENTS/RECOMMENDATIONS:					
_____					
_____					
7. What would you recommend the State do differently to ensure that the program review is more effective and efficient?					
_____					
_____					
_____					

## EVALUATION OF PROGRAM REVIEW TEAM BY TEAM CHAIR

**Institution:** \_\_\_\_\_

**Date of Review:** \_\_\_\_\_

**Instructions:** For items 1-11, indicate the effectiveness of your colleagues on the program review team on which you recently served. Please use the following scale:

1                      2                      3                      4                      5  
 Not effective                      Effective                      Very effective

Rate each team member according to the Likert Scale above.	Member 1	Member 2	Member 3	Member 4			
1.Came prepared; familiar with the program							
2.Knowledge about standards and consistent interpretation applied							
3.Cogent judgments in team deliberations							
4.Insightful in implementing the State procedures							
5.Prompt and efficient in use of time/energy							
6.Acceptable written contributions							
7.Desirable interpersonal skills in team work sessions							
8.Capable of making difficult decisions when warranted							
9.Overall evaluation							

For items 10-11, respond with a Y for Yes or N for No in the box for each team member

10.Ready to serve as team chair							
11.Should be assigned to future teams							

## EVALUATION OF TEAM CHAIR BY PROGRAM REVIEW TEAM MEMBERS

**Institution:** \_\_\_\_\_

**Date of Review:** \_\_\_\_\_

**Team #**

**Instructions:** Please evaluate the effectiveness of the team chair in the areas listed below. Indicate the appropriate response using the following scale:

1                      2                      3                      4                      5  
 Not effective                      Effective                      Very effective

**Scale:**

	1	2	3	4	5	
<b>Rate the team chair according to the Likert Scale above.</b>						
1.Group processing skills to facilitate individual and group						
2.Use of compliance criteria rating scales						
3.Management of writing assignments for team report						
4.Leadership skills (i.e., ability to organize, identify responsibilities,						
5.Personal qualities (i.e., tact, promptness, communication						
6.Overall rating of the chair						

**Would you recommend that this person serve again as a team chair in the future?**

---

## ***DEFINITIONS***

---

**Academic Year.** July 1 through June 30.

**Accredited.** When applied to continuing or initial accreditation, this is the status assigned to a teacher education unit which substantially meets the accreditation standards prescribed in regulations adopted by the State Board.

**Accreditation for two years with focused visit. (Previously Accredited with Conditions.)** The status assigned to a teacher education unit that has critical areas of improvement based on the accreditation standards prescribed in regulations adopted by the State Board that must be addressed by the unit prior to the granting of “accredited” status.

**Accreditation for two years with full visit. (Previously Accredited with Probation.)** This accreditation decision indicates that the unit has serious and significant areas of improvement related to the Kansas State Board of Education standards. As a result of the continuing accreditation review, the Kansas State Board of Education has determined that areas of improvement with respect to standards will place a unit’s accreditation in jeopardy if left uncorrected.

**Administrative Head of Education.** The chief officer of the institution’s designated education unit. The official title given to this administrator could be chairperson of the division of education, head of the department of education, dean of education, etc.

**Annual IHE Supplemental Report.** Information as specified by the Commissioner which must be submitted on a yearly basis.

**Approved Program.** A teacher education program approved by the State Board.

**Approved with Stipulation.** The status assigned to a professional education program that has critical areas of improvement based on the program standards prescribed in regulations adopted by the State Board that must be addressed by the unit prior to the granting of approval.

**Areas for Improvement.** The features and characteristics that prevent the unit or program from being effective at the level expected to meet a KSBE or NCATE standard.

**CAEP. Council for the Accreditation of Educator Preparation**

**Certification.** The act of designating persons who may legally be employed as teachers or other professional education personnel by boards of education, and of issuing professional certificates to those qualified persons as a result of their having completed a state-approved teacher education program.

**Clinical experience.** This includes practica, student teaching and internships.

**Combined On-Site Review Team.** An on-site review team which has members who represent the State Board and NCATE.

**Commissioner.** The Kansas Commissioner of Education or the Commissioner's designee.

**Content Area Courses.** Courses and other learning experiences in the academic or professional area that the candidate plans to teach, for the grade level at which the candidate plans to teach, or for other professional roles in which the candidate plans to serve. Examples of content areas include science, elementary education, school psychology, administration, reading, and physical education. For some content areas such as elementary education, the content and professional studies are closely integrated.

**Continuing Accreditation.** The status assigned to a teacher education unit which after achieving initial accreditation continues to substantially meet the accreditation standards prescribed in regulations adopted by the State Board.

**Continuing Accreditation Report (CAR).** The 25 page report prepared by a unit seeking continuing accreditation status that presents an overview of the institution and the education unit, and a summary of changes, new initiatives, and future directions as they pertain to each of the four standards categories.

**Course.** An organized subject matter in which instruction is offered within a given period of time as a part of program and for which credit toward graduation and/or licensure is usually given.

**Denial of Accreditation.** This accreditation decision indicates that the unit does not meet one or more of the standards and has pervasive problems that limit its capacity to offer quality programs that adequately prepare candidates.

**Eligibility Roster.** A current listing of persons eligible to serve on on-site review teams.

**Endorsement.** The code numbers and legend printed on the license which identifies the level and field or subject a person is entitled to teach.

**Enrolled Candidate.** A candidate that is officially admitted to the program.

**Evaluation Review Committee (ERC).** A standing committee of the Teaching and School Administration Professional Standards Advisory Board delegated the responsibility to recommend accreditation and approved program actions, based on the institutional self study, team report and other relevant information, to the State Board of Education through the appropriate person responsible for teacher education accreditation/program approval at the State Department of Education and the Office of the Commissioner of Education.

**Exit Conference.** A meeting between the team chairs, the administrative head of education and other members of the college/university faculty, and the KSDE teacher education consultant at the completion of the on-site review. The purpose of the meeting is to inform the institutional personnel that the team has completed its on-site work and to present any other information that is deemed appropriate by the team chairs.

**Field Experiences.** All those professional laboratory experiences provided teacher education candidates in elementary, secondary schools, or other educational settings not formally under the direct control of, or affiliated with the teacher education unit. (See Professional Laboratory Experiences.)

**Focused Visit.** The on-site visit to a teacher education institution that has limited accreditation by the state board and is seeking full accreditation.

**Full-Time Faculty.** Employees of a higher education institution with full-time assignments within the unit as instructors, professors at different ranks, administrators, or other professional support personnel (e.g., student teaching supervisor or advisor).

**General Studies.** Courses and other learning experiences in the liberal arts and sciences that candidates in baccalaureate programs typically complete in the first two or three years of their programs for the purpose of becoming liberally educated college candidates.

**Indicators.** Operational definitions that suggest the kinds of evidence that professional education units should provide to demonstrate that a standard is met. They are not standards in and of themselves. In determining that a standard is met, Board of Examiners teams will weigh the evidence provided for each indicator as well as other data not necessarily related to indicators but germane to the standard. It is possible for a unit to be judged to meet a standard without addressing each indicator. In such cases, other evidence for meeting the standard will have been offered by the unit and judged as acceptable by the Board of Examiners team.

**Initial Visit.** The first on-site visit to a teacher education institution that is seeking accreditation for the first time from the State Board.

**Innovative or Experimental Program.** A program that cannot conform to the *Teacher Education and Licensure Regulations and Teaching Standards for Kansas Educators*.

**Institutional Report (IR).** A document that describes how a teacher education institution meets the accreditation standards adopted by the State Board.

**Licensure.** The act of designating persons who may legally be employed as teachers or other professional education personnel by boards of education, and of issuing professional licenses to those qualified persons as a result of their having completed a state-approved teacher education program.

**Limited Accreditation.** The status assigned to a teacher education institution that is determined through an initial visit to meet substantially the accreditation standards adopted by the State Board.

**NCATE.** The National Council for Accreditation of Teacher Education.

**Not Approved.** The status assigned to a professional education program which fails substantially to meet program standards prescribed in regulations adopted by the State Board.

**On-Site Coordinator.** The individual at an institution who has been assigned the responsibilities of organizing the on-site visit and other tasks related to the visit.

**On-Site Review Team.** A group of persons appointed by the Commissioner to review and analyze an Institutional Report, conduct an on-site review of the teacher education institution or a professional program or programs of such institution, and prepare a report concerning the matter.

**Operational.** A new program is considered to be operational if one or more candidates have declared the program as an endorsement for their teaching license and are currently enrolled in the required program coursework.

**Part-Time Faculty.** Employees of a higher institution who have less than a full-time assignment in the professional education unit. Some part-time faculty are full-time employees of the college or university with a portion of their assignments in the professional education unit. Other part-time faculty are not full-time employees of the institution and are commonly considered adjunct faculty.

**Probation.** The two-year status assigned to a teacher education institution which after achieving initial accreditation, failed to continue to meet substantially accreditation standards prescribed in regulations adopted by the State Board.

**Probationary On-Site Visit.** The Probationary On-Site is a visit which must be scheduled by a unit within two years of the semester in which a probationary decision is rendered. The on-site visit date must be scheduled in coordination with both KSDE and/or NCATE.

**Probationary Review.** The Probationary Review is the process in which the probationary on-site visiting team submits their report for consideration by the Evaluation Review Committee and for subsequent review and final decision by the Kansas State Board of Education.

**Professional Education Faculty.** Those individuals who teach one or more courses in education, provide services to education candidates (e.g., advising or supervising student teaching) or administer some portion of the unit. Professional education faculty include

both higher education faculty and school-based personnel; they are all considered to be members of an institution's professional education unit.

**Professional Education Program.** An organized set of learning activities designed to provide prospective school personnel with the knowledge, competencies and skills to perform successfully in a specified educational position.

**Professional Education Unit.** The professional education unit is the institution, college, school, department, or other administrative body within the institution that is primarily responsible for the initial and advanced preparation of teachers and other professional school personnel. (The institution as a whole may also be considered to be the unit.) Although it is not essential that all professional education programs be administratively housed in the unit, the NCATE standard on governance and accountability requires that all professional education programs in an institution be organized, unified, and coordinated by the unit.

**Professional Laboratory Experiences.** The contacts with children, youth, and adults which are provided through observation, participation, and teaching and which make a direct contribution to the understanding of learners and their guidance in individual and group teaching-learning processes.

**Program.** A planned sequence of courses and experiences leading to a degree, a state license, and/or adequate preparation to provide professional education services in schools.

**Program Completers.** Are persons who have met all the requirements of a state-approved teacher preparation program. Program completers include all those who are documented as having met such requirements.

**Program Report.** A qualitative and quantitative report prepared by the unit for an accreditation visit to describe how the professional education unit meets the accreditation standards prescribed in regulations adopted by the State Board.

**Program Review.** A qualitative and quantitative description of how a teacher education unit meets the program standards prescribed in regulations adopted by the State Board.

**Progress Report.** A written document that addresses the stipulations that are noted if a new program is approved with stipulation.

**Protocol.** The procedures that guide joint KSDE/NCATE site visits in Kansas has a partnership agreement with NCATE.

**Provisional Accreditation.** This accreditation decision indicates that the unit has not met one or more of the standards following the first accreditation visit. When the ERC renders this decision, the unit has accredited status, but must satisfy provisions by meeting previously unmet standards within an established time period.

**Rejoinder.** The institution's written response to a team report, or which may take the form of a letter or a document. A rejoinder is required of all units following their receipt of the team report.

**Review.** The process as carried out by a team, of applying adopted evaluative criteria (standards) to a teacher education unit or program to determine its quality.

**Review Team.** A group of persons appointed by the Commissioner to review and analyze reports from teacher education institutions and prepare reports based upon the review and analysis.

**Revocation of Accreditation.** Following a focused visit that occurs as a result of a provisional accreditation decision, this accreditation decision indicates that the unit has not sufficiently addressed the unmet standard(s).

**Scholarship.** Is defined as systematic inquiry into the areas related to teaching, learning, and the education of teachers and other school personnel. Scholarship includes traditional research and publication as well as the rigorous and systematic study of pedagogy, and the application of current research findings in new settings. Scholarship further presupposes submission of one's work for professional review and evaluation.

**Self-Study.** An institutional analysis in light of state standards describing the teacher education unit or its programs prepared by the teacher education unit which describes its programs.

**Service.** Includes faculty contributions to college or university activities, schools, communities, and professional associations in ways that are consistent with the institution and unit's mission. This may take the form of an officer of a state or national association, article published in a specific journal, and an evaluation of a local school program.

**State Approval.** A governmental activity requiring specific professional education programs within Kansas to meet standards of quality so that their graduates will be eligible for state licensing. State approval is used synonymously with program approval.

**State Board.** The Kansas State Board of Education.

**State Department.** The Kansas State Department of Education.

**Student Learning.** Refers to students in grades P-12 classrooms and includes creating environments that support learning.

**Student Teaching.** An in-depth, direct teaching experience conducted in a school setting that is usually a culminating field-based experience for the initial teacher preparation program.

**Teacher Education Institution or Institution.** A college or university which offers at least a four-year program of study in higher education and which maintains a unit which offers teacher education programs.

**Teacher Education Program.** An organized set of learning activities and opportunities designed to provide prospective school personnel with knowledge, competencies, and skills to develop the attitudes necessary for successful performance in a specified education setting. Each program will lead to potential licensure by the State Board of Education.

**Teacher Education Candidates.** College or university candidates enrolled in a program that has been designed for the preparation of teachers and other school personnel, the completion of which usually leads to licensure.

**Teacher Educators.** Professional educators who serve as the training arm of the teaching profession. They include higher education faculty and school-based practitioners who supervise field experiences, student teaching, and internships.

**Team Chair.** A professional educator designated to head the review team to which he/she has been appointed by the State Board of Education. The responsibilities of this member include presiding over all meetings, providing leadership designed to help the team accomplish its purpose, preparation of the official team report, etc.

**UAB.** Unit Accreditation Board.

**Unit Head.** The individual--usually a dean, director, or chair--officially designated to represent the professional education unit as an assigned authority and who has responsibility for its overall administration and operation.

**Upgrade Report.** A written document that addresses the stipulations noted if an existing program is approved with stipulation.
