Kansas State School for the Blind

“The right help, at the right time, in the right location
for students with visual impairments”

Kansas Teachers of Students with Visual Impairment
(TVI) and Communication and Orientation Specialists
(COMS) have joined in a new partnership project.
This project is designed to address the critical shortage of
highly qualified TVIs and COMS in the state of Kansas.
and youth who are visually impaired.

TVIs and COMS are the backbone of the
KANSAS STATE SCHOOL FOR THE BLIND
and are the primary providers of
services to students with visual impairments.
The project is designed to address the critical shortage of
highly qualified TVIs and COMS in the state of Kansas.
and youth who are visually impaired.
