**Audited Enrollment
Budget Reduction**

Dear Mr. Woolf,

The legal general fund budget for USD 101, for 2014-15, is **\$4,460,518**, and the legal supplemental general fund budget is **\$1,525,940**. We compute your general fund based on a Base State Aid Per Pupil of **\$3,852**. We compute your local option budget on a Base State Aid Per Pupil of **\$4,490**, and the higher of the current year or the 2008-09 special education state aid. Additionally, the general fund budget was reduced by \$-4,720 as noted in column 20(c) on the reverse side.

On the reverse side is a printout showing the data used in the computation of these figures. The information contained in this letter is based upon reports filed by your district and information obtained after audit figures were received. Please compare Column 20 (computed general fund) with Column 20a (adopted general fund). If your district adopted less than what is computed for your general fund budget authority, you should republish the general fund in order to get the additional authority. If there are any discrepancies, please notify School Finance as soon as possible.

All Special Education State Aid money received by your district must be deposited in the General Fund and then transferred to the Special Education Fund. The final 2014-15 State Aid is noted on the reverse side. Districts may transfer cash balances from authorized funds to the general fund, not to exceed \$250 times the final weighted enrollment (excluding special education). These transfers do not impact state aid. The final 2014-15 authorized transfers are noted on the reverse side.

School district officials expending money in excess of the computed legally adopted budget are in violation of Kansas statutes. Accordingly, a district will be penalized state aid equal to the amount expended in excess of the computed statutory limitation. If we can answer any questions regarding this letter, please let us know.

Sincerely,

Dale M. Dennis, Deputy Commissioner

Dear Mr. Hodson,

The legal general fund budget for USD 105, for 2014-15, is **\$2,648,635**, and the legal supplemental general fund budget is **\$866,120**. We compute your general fund based on a Base State Aid Per Pupil of **\$3,852**. We compute your local option budget on a Base State Aid Per Pupil of **\$4,490**, and the higher of the current year or the 2008-09 special education state aid.

On the reverse side is a printout showing the data used in the computation of these figures. The information contained in this letter is based upon reports filed by your district and information obtained after audit figures were received. Please compare Column 20 (computed general fund) with Column 20a (adopted general fund). If your district adopted less than what is computed for your general fund budget authority, you should republish the general fund in order to get the additional authority. If there are any discrepancies, please notify School Finance as soon as possible.

All Special Education State Aid money received by your district must be deposited in the General Fund and then transferred to the Special Education Fund. The final 2014-15 State Aid is noted on the reverse side. Districts may transfer cash balances from authorized funds to the general fund, not to exceed \$250 times the final weighted enrollment (excluding special education). These transfers do not impact state aid. The final 2014-15 authorized transfers are noted on the reverse side.

School district officials expending money in excess of the computed legally adopted budget are in violation of Kansas statutes. Accordingly, a district will be penalized state aid equal to the amount expended in excess of the computed statutory limitation. Dear Mr. Stumpf,

The legal general fund budget for USD 106, for 2014-15, is **\$1,347,815**, and the legal supplemental general fund budget is **\$484,121**. We compute your general fund based on a Base State Aid Per Pupil of **\$3,852**. We compute your local option budget on a Base State Aid Per Pupil of **\$4,490**, and the higher of the current year or the 2008-09 special education state aid.

On the reverse side is a printout showing the data used in the computation of these figures. The information contained in this letter is based upon reports filed by your district and information obtained after audit figures were received. Please compare Column 20 (computed general fund) with Column 20a (adopted general fund). If your district adopted less than what is computed for your general fund budget authority, you should republish the general fund in order to get the additional authority. If there are any discrepancies, please notify School Finance as soon as possible.

All Special Education State Aid money received by your district must be deposited in the General Fund and then transferred to the Special Education Fund. The final 2014-15 State Aid is noted on the reverse side. Districts may transfer cash balances from authorized funds to the general fund, not to exceed \$250 times the final weighted enrollment (excluding special education). These transfers do not impact state aid. The final 2014-15 authorized transfers are noted on the reverse side.

School district officials expending money in excess of the computed legally adopted budget are in violation of Kansas statutes. Accordingly, a district will be penalized state aid equal to the amount expended in excess of the computed statutory limitation. If we can answer any questions regarding this letter, please let us know.

Sincerely,

Dale M. Dennis, Deputy Commissioner

**Audited Enrollment
Republished Budget**

Dear Mr. Couch,

The legal general fund budget for USD 109, for 2014-15, is **\$3,627,428**, and the legal supplemental general fund budget is **\$1,282,922**. We compute your general fund based on a Base State Aid Per Pupil of **\$3,852**. We compute your local option budget on a Base State Aid Per Pupil of **\$4,490**, and the higher of the current year or the 2008-09 special education state aid.

On the reverse side is a printout showing the data used in the computation of these figures. The information contained in this letter is based upon reports filed by your district and information obtained after audit figures were received. Please compare Column 20 (computed general fund) with Column 20a (adopted general fund). If your district adopted less than what is computed for your general fund budget authority, you should republish the general fund in order to get the additional authority. If there are any discrepancies, please notify School Finance as soon as possible.

All Special Education State Aid money received by your district must be deposited in the General Fund and then transferred to the Special Education Fund. The final 2014-15 State Aid is noted on the reverse side. Districts may transfer cash balances from authorized funds to the general fund, not to exceed \$250 times the final weighted enrollment (excluding special education). These transfers do not impact state aid. The final 2014-15 authorized transfers are noted on the reverse side.

School district officials expending money in excess of the computed legally adopted budget are in violation of Kansas statutes. Accordingly, a district will be penalized state aid equal to the amount expended in excess of the computed statutory limitation. If we can answer any questions regarding this letter, please let us know.

Sincerely,

Dale M. Dennis, Deputy Commissioner

Dear Mr. Evans,

The legal general fund budget for USD 113, for 2014-15, is **\$8,451,668**, and the legal supplemental general fund budget is **\$2,488,805**. We compute your general fund based on a Base State Aid Per Pupil of **\$3,852**. We compute your local option budget on a Base State Aid Per Pupil of **\$4,490**, and the higher of the current year or the 2008-09 special education state aid.

On the reverse side is a printout showing the data used in the computation of these figures. The information contained in this letter is based upon reports filed by your district and information obtained after audit figures were received. Please compare Column 20 (computed general fund) with Column 20a (adopted general fund). If your district adopted less than what is computed for your general fund budget authority, you should republish the general fund in order to get the additional authority. If there are any discrepancies, please notify School Finance as soon as possible.

All Special Education State Aid money received by your district must be deposited in the General Fund and then transferred to the Special Education Fund. The final 2014-15 State Aid is noted on the reverse side. Districts may transfer cash balances from authorized funds to the general fund, not to exceed \$250 times the final weighted enrollment (excluding special education). These transfers do not impact state aid. The final 2014-15 authorized transfers are noted on the reverse side.

School district officials expending money in excess of the computed legally adopted budget are in violation of Kansas statutes. Accordingly, a district will be penalized state aid equal to the amount expended in excess of the computed statutory limitation. If we can answer any questions regarding this letter, please let us know.

Sincerely,

Dale M. Dennis, Deputy Commissioner

**Audited Enrollment
Republished Budget**

Dear Mr. Bockwinkel,

The legal general fund budget for USD 200, for 2014-15, is **\$2,090,866**, and the legal supplemental general fund budget is **\$713,961**. We compute your general fund based on a Base State Aid Per Pupil of **\$3,852**. We compute your local option budget on a Base State Aid Per Pupil of **\$4,490**, and the higher of the current year or the 2008-09 special education state aid.

On the reverse side is a printout showing the data used in the computation of these figures. The information contained in this letter is based upon reports filed by your district and information obtained after audit figures were received. Please compare Column 20 (computed general fund) with Column 20a (adopted general fund). If your district adopted less than what is computed for your general fund budget authority, you should republish the general fund in order to get the additional authority. If there are any discrepancies, please notify School Finance as soon as possible.

All Special Education State Aid money received by your district must be deposited in the General Fund and then transferred to the Special Education Fund. The final 2014-15 State Aid is noted on the reverse side. Districts may transfer cash balances from authorized funds to the general fund, not to exceed \$250 times the final weighted enrollment (excluding special education). These transfers do not impact state aid. The final 2014-15 authorized transfers are noted on the reverse side.

School district officials expending money in excess of the computed legally adopted budget are in violation of Kansas statutes. Accordingly, a district will be penalized state aid equal to the amount expended in excess of the computed statutory limitation. If we can answer any questions regarding this letter, please let us know.

Sincerely,

Dale M. Dennis, Deputy Commissioner

The legal general fund budget for USD 204, for 2014-15, is **\$15,900,286**, and the legal supplemental general fund budget is **\$5,288,513**. We compute your general fund based on a Base State Aid Per Pupil of **\$3,852**. We compute your local option budget on a Base State Aid Per Pupil of **\$4,490**, and the higher of the current year or the 2008-09 special education state aid.

On the reverse side is a printout showing the data used in the computation of these figures. The information contained in this letter is based upon reports filed by your district and information obtained after audit figures were received. Please compare Column 20 (computed general fund) with Column 20a (adopted general fund). If your district adopted less than what is computed for your general fund budget authority, you should republish the general fund in order to get the additional authority. If there are any discrepancies, please notify School Finance as soon as possible.

All Special Education State Aid money received by your district must be deposited in the General Fund and then transferred to the Special Education Fund. The final 2014-15 State Aid is noted on the reverse side. Districts may transfer cash balances from authorized funds to the general fund, not to exceed \$250 times the final weighted enrollment (excluding special education). These transfers do not impact state aid. The final 2014-15 authorized transfers are noted on the reverse side.

School district officials expending money in excess of the computed legally adopted budget are in violation of Kansas statutes. Accordingly, a district will be penalized state aid equal to the amount expended in excess of the computed statutory limitation. If we can answer any questions regarding this letter, please let us know.

**Audited Enrollment
Republished Budget**

Dear Dr. Griffith,

The legal general fund budget for USD 208, for 2014-15, is **\$2,764,580**, and the legal supplemental general fund budget is **\$988,678**. We compute your general fund based on a Base State Aid Per Pupil of **\$3,852**. We compute your local option budget on a Base State Aid Per Pupil of **\$4,490**, and the higher of the current year or the 2008-09 special education state aid.

On the reverse side is a printout showing the data used in the computation of these figures. The information contained in this letter is based upon reports filed by your district and information obtained after audit figures were received. Please compare Column 20 (computed general fund) with Column 20a (adopted general fund). If your district adopted less than what is computed for your general fund budget authority, you should republish the general fund in order to get the additional authority. If there are any discrepancies, please notify School Finance as soon as possible.

All Special Education State Aid money received by your district must be deposited in the General Fund and then transferred to the Special Education Fund. The final 2014-15 State Aid is noted on the reverse side. Districts may transfer cash balances from authorized funds to the general fund, not to exceed \$250 times the final weighted enrollment (excluding special education). These transfers do not impact state aid. The final 2014-15 authorized transfers are noted on the reverse side.

School district officials expending money in excess of the computed legally adopted budget are in violation of Kansas statutes. Accordingly, a district will be penalized state aid equal to the amount expended in excess of the computed statutory limitation. If we can answer any questions regarding this letter, please let us know.

Sincerely,

Dale M. Dennis, Deputy Commissioner

**Audited Enrollment
Republished Budget**

Dear Mr. Mann,

The legal general fund budget for USD 211, for 2014-15, is **\$5,221,952**, and the legal supplemental general fund budget is **\$1,740,000**. We compute your general fund based on a Base State Aid Per Pupil of **\$3,852**. We compute your local option budget on a Base State Aid Per Pupil of **\$4,490**, and the higher of the current year or the 2008-09 special education state aid.

On the reverse side is a printout showing the data used in the computation of these figures. The information contained in this letter is based upon reports filed by your district and information obtained after audit figures were received. Please compare Column 20 (computed general fund) with Column 20a (adopted general fund). If your district adopted less than what is computed for your general fund budget authority, you should republish the general fund in order to get the additional authority. If there are any discrepancies, please notify School Finance as soon as possible.

All Special Education State Aid money received by your district must be deposited in the General Fund and then transferred to the Special Education Fund. The final 2014-15 State Aid is noted on the reverse side. Districts may transfer cash balances from authorized funds to the general fund, not to exceed \$250 times the final weighted enrollment (excluding special education). These transfers do not impact state aid. The final 2014-15 authorized transfers are noted on the reverse side.

School district officials expending money in excess of the computed legally adopted budget are in violation of Kansas statutes. Accordingly, a district will be penalized state aid equal to the amount expended in excess of the computed statutory limitation. If we can answer any questions regarding this letter, please let us know.

Sincerely,

Dear Mrs. Keim,

The legal general fund budget for USD 216, for 2014-15, is **\$2,085,858**, and the legal supplemental general fund budget is **\$741,598**. We compute your general fund based on a Base State Aid Per Pupil of **\$3,852**. We compute your local option budget on a Base State Aid Per Pupil of **\$4,490**, and the higher of the current year or the 2008-09 special education state aid.

On the reverse side is a printout showing the data used in the computation of these figures. The information contained in this letter is based upon reports filed by your district and information obtained after audit figures were received. Please compare Column 20 (computed general fund) with Column 20a (adopted general fund). If your district adopted less than what is computed for your general fund budget authority, you should republish the general fund in order to get the additional authority. If there are any discrepancies, please notify School Finance as soon as possible.

All Special Education State Aid money received by your district must be deposited in the General Fund and then transferred to the Special Education Fund. The final 2014-15 State Aid is noted on the reverse side. Districts may transfer cash balances from authorized funds to the general fund, not to exceed \$250 times the final weighted enrollment (excluding special education). These transfers do not impact state aid. The final 2014-15 authorized transfers are noted on the reverse side.

School district officials expending money in excess of the computed legally adopted budget are in violation of Kansas statutes. Accordingly, a district will be penalized state aid equal to the amount expended in excess of the computed statutory limitation. If we can answer any questions regarding this letter, please let us know.

Sincerely,

Dale M. Dennis, Deputy Commissioner

Dear Mr. Walker,

The legal general fund budget for USD 219, for 2014-15, is **\$2,027,693**, and the legal supplemental general fund budget is **\$700,185**. We compute your general fund based on a Base State Aid Per Pupil of **\$3,852**. We compute your local option budget on a Base State Aid Per Pupil of **\$4,490**, and the higher of the current year or the 2008-09 special education state aid.

On the reverse side is a printout showing the data used in the computation of these figures. The information contained in this letter is based upon reports filed by your district and information obtained after audit figures were received. Please compare Column 20 (computed general fund) with Column 20a (adopted general fund). If your district adopted less than what is computed for your general fund budget authority, you should republish the general fund in order to get the additional authority. If there are any discrepancies, please notify School Finance as soon as possible.

All Special Education State Aid money received by your district must be deposited in the General Fund and then transferred to the Special Education Fund. The final 2014-15 State Aid is noted on the reverse side. Districts may transfer cash balances from authorized funds to the general fund, not to exceed \$250 times the final weighted enrollment (excluding special education). These transfers do not impact state aid. The final 2014-15 authorized transfers are noted on the reverse side.

School district officials expending money in excess of the computed legally adopted budget are in violation of Kansas statutes. Accordingly, a district will be penalized state aid equal to the amount expended in excess of the computed statutory limitation. If we can answer any questions regarding this letter, please let us know.

We compute your general fund based on a Base State Aid Per Pupil of **\$3,852**. We compute your local option budget on a Base State Aid Per Pupil of **\$4,490**, and the higher of the current year or the 2008-09 special education state aid. Additionally, the general fund budget was reduced by \$-1,077 as noted in column 20(c) on the reverse side.

On the reverse side is a printout showing the data used in the computation of these figures. The information contained in this letter is based upon reports filed by your district and information obtained after audit figures were received. Please compare Column 20 (computed general fund) with Column 20a (adopted general fund). If your district adopted less than what is computed for your general fund budget authority, you should republish the general fund in order to get the additional authority. If there are any discrepancies, please notify School Finance as soon as possible.

All Special Education State Aid money received by your district must be deposited in the General Fund and then transferred to the Special Education Fund. Districts may transfer cash balances from authorized funds to the general fund, not to exceed \$250 times the final weighted enrollment (excluding special education). These transfers do not impact state aid. The final 2014-15 authorized transfers are noted on the reverse side.

Dear Dr. Dolenz,

The legal general fund budget for USD 225, for 2014-15, is **\$1,481,094**, and the legal supplemental general fund budget is **\$577,905**. We compute your general fund based on a Base State Aid Per Pupil of **\$3,852**. We compute your local option budget on a Base State Aid Per Pupil of **\$4,490**, and the higher of the current year or the 2008-09 special education state aid.

On the reverse side is a printout showing the data used in the computation of these figures. The information contained in this letter is based upon reports filed by your district and information obtained after audit figures were received. Please compare Column 20 (computed general fund) with Column 20a (adopted general fund). If your district adopted less than what is computed for your general fund budget authority, you should republish the general fund in order to get the additional authority. If there are any discrepancies, please notify School Finance as soon as possible.

All Special Education State Aid money received by your district must be deposited in the General Fund and then transferred to the Special Education Fund. The final 2014-15 State Aid is noted on the reverse side. Districts may transfer cash balances from authorized funds to the general fund, not to exceed \$250 times the final weighted enrollment (excluding special education). These transfers do not impact state aid. The final 2014-15 authorized transfers are noted on the reverse side.

School district officials expending money in excess of the computed legally adopted budget are in violation of Kansas statutes. Accordingly, a district will be penalized state aid equal to the amount expended in excess of the computed statutory limitation. If we can answer any questions regarding this letter, please let us know.

Sincerely,

Dale M. Dennis, Deputy Commissioner

Dear Dr. Trigg,

The legal general fund budget for USD 229, for 2014-15, is **\$129,084,757**, and the legal supplemental general fund budget is **\$48,519,957**. We compute your general fund based on a Base State Aid Per Pupil of **\$3,852**. We compute your local option budget on a Base State Aid Per Pupil of **\$4,490**, and the higher of the current year or the 2008-09 special education state aid.

On the reverse side is a printout showing the data used in the computation of these figures. The information contained in this letter is based upon reports filed by your district and information obtained after audit figures were received. Please compare Column 20 (computed general fund) with Column 20a (adopted general fund). If your district adopted less than what is computed for your general fund budget authority, you should republish the general fund in order to get the additional authority. If there are any discrepancies, please notify School Finance as soon as possible.

All Special Education State Aid money received by your district must be deposited in the General Fund and then transferred to the Special Education Fund. The final 2014-15 State Aid is noted on the reverse side. Districts may transfer cash balances from authorized funds to the general fund, not to exceed \$250 times the final weighted enrollment (excluding special education). These transfers do not impact state aid. The final 2014-15 authorized transfers are noted on the reverse side.

School district officials expending money in excess of the computed legally adopted budget are in violation of Kansas statutes. Accordingly, a district will be penalized state aid equal to the amount expended in excess of the computed statutory limitation. If we can answer any questions regarding this letter, please let us know.

Districts may transfer cash balances from authorized funds to the general fund, not to exceed \$250 times the final weighted enrollment (excluding special education). These transfers do not impact state aid. The final 2014-15 authorized transfers are noted on the reverse side.

School district officials expending money in excess of the computed legally adopted budget are in violation of Kansas statutes. Accordingly, a district will be penalized state aid equal to the amount expended in excess of the computed statutory limitation. Budget Reduction**

Dear Dr. Berry,

The legal general fund budget for USD 233, for 2014-15, is **\$168,577,573**, and the legal supplemental general fund budget is **\$64,120,804**. We compute your general fund based on a Base State Aid Per Pupil of **\$3,852**. We compute your local option budget on a Base State Aid Per Pupil of **\$4,490**, and the higher of the current year or the 2008-09 special education state aid. Additionally, the general fund budget was reduced by \$-585 as noted in column 20(c) on the reverse side.

On the reverse side is a printout showing the data used in the computation of these figures. The information contained in this letter is based upon reports filed by your district and information obtained after audit figures were received. Please compare Column 20 (computed general fund) with Column 20a (adopted general fund). If your district adopted less than what is computed for your general fund budget authority, you should republish the general fund in order to get the additional authority. If there are any discrepancies, please notify School Finance as soon as possible.

**Audited Enrollment
Republished Budget**

Dear Mr. Meitler,

The legal general fund budget for USD 237, for 2014-15, is **\$3,147,469**, and the legal supplemental general fund budget is **\$1,201,540**. We compute your general fund based on a Base State Aid Per Pupil of **\$3,852**. We compute your local option budget on a Base State Aid Per Pupil of **\$4,490**, and the higher of the current year or the 2008-09 special education state aid.

On the reverse side is a printout showing the data used in the computation of these figures. The information contained in this letter is based upon reports filed by your district and information obtained after audit figures were received. Please compare Column 20 (computed general fund) with Column 20a (adopted general fund). If your district adopted less than what is computed for your general fund budget authority, you should republish the general fund in order to get the additional authority. If there are any discrepancies, please notify School Finance as soon as possible.

All Special Education State Aid money received by your district must be deposited in the General Fund and then transferred to the Special Education Fund. The final 2014-15 State Aid is noted on the reverse side. Districts may transfer cash balances from authorized funds to the general fund, not to exceed \$250 times the final weighted enrollment (excluding special education). These transfers do not impact state aid. The final 2014-15 authorized transfers are noted on the reverse side.

School district officials expending money in excess of the computed legally adopted budget are in violation of Kansas statutes. Accordingly, a district will be penalized state aid equal to the amount expended in excess of the computed statutory limitation. If we can answer any questions regarding this letter, please let us know.

Sincerely,

Dale M. Dennis, Deputy Commissioner

Dear Mr. Porter,

The legal general fund budget for USD 241, for 2014-15, is **\$1,630,552**, and the legal supplemental general fund budget is **\$566,166**. We compute your general fund based on a Base State Aid Per Pupil of **\$3,852**. We compute your local option budget on a Base State Aid Per Pupil of **\$4,490**, and the higher of the current year or the 2008-09 special education state aid.

On the reverse side is a printout showing the data used in the computation of these figures. The information contained in this letter is based upon reports filed by your district and information obtained after audit figures were received. Please compare Column 20 (computed general fund) with Column 20a (adopted general fund). If your district adopted less than what is computed for your general fund budget authority, you should republish the general fund in order to get the additional authority. If there are any discrepancies, please notify School Finance as soon as possible.

All Special Education State Aid money received by your district must be deposited in the General Fund and then transferred to the Special Education Fund. The final 2014-15 State Aid is noted on the reverse side. Districts may transfer cash balances from authorized funds to the general fund, not to exceed \$250 times the final weighted enrollment (excluding special education). These transfers do not impact state aid. The final 2014-15 authorized transfers are noted on the reverse side.

School district officials expending money in excess of the computed legally adopted budget are in violation of Kansas statutes. Accordingly, a district will be penalized state aid equal to the amount expended in excess of the computed statutory limitation. If we can answer any questions regarding this letter, please let us know.

Sincerely,

Dale M. Dennis, Deputy Commissioner

**Audited Enrollment
Republished Budget**

Dear Dr. Williams,

The legal general fund budget for USD 245, for 2014-15, is **\$1,989,558**, and the legal supplemental general fund budget is **\$684,058**. We compute your general fund based on a Base State Aid Per Pupil of **\$3,852**. We compute your local option budget on a Base State Aid Per Pupil of **\$4,490**, and the higher of the current year or the 2008-09 special education state aid.

On the reverse side is a printout showing the data used in the computation of these figures. The information contained in this letter is based upon reports filed by your district and information obtained after audit figures were received. Please compare Column 20 (computed general fund) with Column 20a (adopted general fund). If your district adopted less than what is computed for your general fund budget authority, you should republish the general fund in order to get the additional authority. If there are any discrepancies, please notify School Finance as soon as possible.

All Special Education State Aid money received by your district must be deposited in the General Fund and then transferred to the Special Education Fund. The final 2014-15 State Aid is noted on the reverse side. Districts may transfer cash balances from authorized funds to the general fund, not to exceed \$250 times the final weighted enrollment (excluding special education). These transfers do not impact state aid. The final 2014-15 authorized transfers are noted on the reverse side.

School district officials expending money in excess of the computed legally adopted budget are in violation of Kansas statutes. Accordingly, a district will be penalized state aid equal to the amount expended in excess of the computed statutory limitation. If we can answer any questions regarding this letter, please let us know.

Sincerely,

Dale M. Dennis, Deputy Commissioner

We compute your general fund based on a Base State Aid Per Pupil of **\$3,852**. We compute your local option budget on a Base State Aid Per Pupil of **\$4,490**, and the higher of the current year or the 2008-09 special education state aid. Additionally, the general fund budget was reduced by \$-863 as noted in column 20(c) on the reverse side.

Dear Mr. Bauer,

The legal general fund budget for USD 248, for 2014-15, is **\$6,803,017**, and the legal supplemental general fund budget is **\$2,335,075**. We compute your general fund based on a Base State Aid Per Pupil of **\$3,852**. We compute your local option budget on a Base State Aid Per Pupil of **\$4,490**, and the higher of the current year or the 2008-09 special education state aid.

On the reverse side is a printout showing the data used in the computation of these figures. The information contained in this letter is based upon reports filed by your district and information obtained after audit figures were received. Please compare Column 20 (computed general fund) with Column 20a (adopted general fund). If your district adopted less than what is computed for your general fund budget authority, you should republish the general fund in order to get the additional authority. If there are any discrepancies, please notify School Finance as soon as possible.

All Special Education State Aid money received by your district must be deposited in the General Fund and then transferred to the Special Education Fund. The final 2014-15 State Aid is noted on the reverse side. Districts may transfer cash balances from authorized funds to the general fund, not to exceed \$250 times the final weighted enrollment (excluding special education). These transfers do not impact state aid. The final 2014-15 authorized transfers are noted on the reverse side.

School district officials expending money in excess of the computed legally adopted budget are in violation of Kansas statutes. Accordingly, a district will be penalized state aid equal to the amount expended in excess of the computed statutory limitation. If we can answer any questions regarding this letter, please let us know.

Dear Mr. Argabright,

The legal general fund budget for USD 252, for 2014-15, is **\$3,936,359**, and the legal supplemental general fund budget is **\$1,350,252**. We compute your general fund based on a Base State Aid Per Pupil of **\$3,852**. We compute your local option budget on a Base State Aid Per Pupil of **\$4,490**, and the higher of the current year or the 2008-09 special education state aid.

On the reverse side is a printout showing the data used in the computation of these figures. The information contained in this letter is based upon reports filed by your district and information obtained after audit figures were received. Please compare Column 20 (computed general fund) with Column 20a (adopted general fund). If your district adopted less than what is computed for your general fund budget authority, you should republish the general fund in order to get the additional authority. If there are any discrepancies, please notify School Finance as soon as possible.

All Special Education State Aid money received by your district must be deposited in the General Fund and then transferred to the Special Education Fund. The final 2014-15 State Aid is noted on the reverse side. Districts may transfer cash balances from authorized funds to the general fund, not to exceed \$250 times the final weighted enrollment (excluding special education). These transfers do not impact state aid. The final 2014-15 authorized transfers are noted on the reverse side.

School district officials expending money in excess of the computed legally adopted budget are in violation of Kansas statutes. Accordingly, a district will be penalized state aid equal to the amount expended in excess of the computed statutory limitation. If we can answer any questions regarding this letter, please let us know.

Sincerely,

Dale M. Dennis, Deputy Commissioner

Dear Mr. Morris,

The legal general fund budget for USD 255, for 2014-15, is **\$2,006,892**, and the legal supplemental general fund budget is **\$687,767**. We compute your general fund based on a Base State Aid Per Pupil of **\$3,852**. We compute your local option budget on a Base State Aid Per Pupil of **\$4,490**, and the higher of the current year or the 2008-09 special education state aid.

On the reverse side is a printout showing the data used in the computation of these figures. The information contained in this letter is based upon reports filed by your district and information obtained after audit figures were received. Please compare Column 20 (computed general fund) with Column 20a (adopted general fund). If your district adopted less than what is computed for your general fund budget authority, you should republish the general fund in order to get the additional authority. If there are any discrepancies, please notify School Finance as soon as possible.

All Special Education State Aid money received by your district must be deposited in the General Fund and then transferred to the Special Education Fund. The final 2014-15 State Aid is noted on the reverse side. Districts may transfer cash balances from authorized funds to the general fund, not to exceed \$250 times the final weighted enrollment (excluding special education). These transfers do not impact state aid. The final 2014-15 authorized transfers are noted on the reverse side.

School district officials expending money in excess of the computed legally adopted budget are in violation of Kansas statutes. Accordingly, a district will be penalized state aid equal to the amount expended in excess of the computed statutory limitation. If we can answer any questions regarding this letter, please let us know.

Sincerely,

Dale M. Dennis, Deputy Commissioner

**Audited Enrollment
Budget Reduction**

Dear Mr. Allison,

The legal general fund budget for USD 259, for 2014-15, is **\$325,585,849**, and the legal supplemental general fund budget is **\$111,369,465**. We compute your general fund based on a Base State Aid Per Pupil of **\$3,852**. We compute your local option budget on a Base State Aid Per Pupil of **\$4,490**, and the higher of the current year or the 2008-09 special education state aid. Additionally, the general fund budget was reduced by \$-1,755 as noted in column 20(c) on the reverse side.

On the reverse side is a printout showing the data used in the computation of these figures. The information contained in this letter is based upon reports filed by your district and information obtained after audit figures were received. Please compare Column 20 (computed general fund) with Column 20a (adopted general fund). If your district adopted less than what is computed for your general fund budget authority, you should republish the general fund in order to get the additional authority. If there are any discrepancies, please notify School Finance as soon as possible.

All Special Education State Aid money received by your district must be deposited in the General Fund and then transferred to the Special Education Fund. The final 2014-15 State Aid is noted on the reverse side. Districts may transfer cash balances from authorized funds to the general fund, not to exceed \$250 times the final weighted enrollment (excluding special education). These transfers do not impact state aid. The final 2014-15 authorized transfers are noted on the reverse side.

School district officials expending money in excess of the computed legally adopted budget are in violation of Kansas statutes. Accordingly, a district will be penalized state aid equal to the amount expended in excess of the computed statutory limitation. If we can answer any questions regarding this letter, please let us know.

Sincerely,

Dale M. Dennis, Deputy Commissioner

**Audited Enrollment
Republished Budget**

Dear Mr. Gibson,

The legal general fund budget for USD 262, for 2014-15, is **\$15,947,424**, and the legal supplemental general fund budget is **\$5,297,870**. We compute your general fund based on a Base State Aid Per Pupil of **\$3,852**. We compute your local option budget on a Base State Aid Per Pupil of **\$4,490**, and the higher of the current year or the 2008-09 special education state aid.

On the reverse side is a printout showing the data used in the computation of these figures. The information contained in this letter is based upon reports filed by your district and information obtained after audit figures were received. Please compare Column 20 (computed general fund) with Column 20a (adopted general fund). If your district adopted less than what is computed for your general fund budget authority, you should republish the general fund in order to get the additional authority. If there are any discrepancies, please notify School Finance as soon as possible.

All Special Education State Aid money received by your district must be deposited in the General Fund and then transferred to the Special Education Fund. The final 2014-15 State Aid is noted on the reverse side. Districts may transfer cash balances from authorized funds to the general fund, not to exceed \$250 times the final weighted enrollment (excluding special education). These transfers do not impact state aid. The final 2014-15 authorized transfers are noted on the reverse side.

School district officials expending money in excess of the computed legally adopted budget are in violation of Kansas statutes. Accordingly, a district will be penalized state aid equal to the amount expended in excess of the computed statutory limitation. If we can answer any questions regarding this letter, please let us know.

Sincerely,

Dale M. Dennis, Deputy Commissioner
