

Chapter Feature- Chanute FCCLA

This year members of Chanute Senior FCCLA put on a "Grim Reaper" mock accident. During the day, they had students taken out of class each hour by the grim reaper and "ghosted out"- had their face painted white with fake blood splatters and bruises- to represent those who die each day from texting while driving accidents. These students were not allowed to talk the rest of the day and also wrote their obituaries which were then posted outside the auditorium that day. Then, there

was a mock accident in the school's parking lot with actual wrecked cars and students in "gored" make-up who were taken off in a helicopter, ambulance and hearse. Afterwards, there was assembly which featured letters read from the "deceased" and their families, several videos, memorials to those ghosted out, and much more. After this powerful assembly, there was a booth available for students to take the "It Can Wait" pledge not to text and drive.

Your SEC asks...

What do you do to prepare for STAR Events/Elections?

I always use flash cards to prepare for my fact questions when running for a District Office!

-Allyson Busch- District JW President

I generally get pretty nervous before presenting something like a STAR Event, but I have found that listening to music right before is always something that can calm me down!

-Hannah Emberton- Coffeyville Chapter Member

Practice! Practice! Practice! I always make sure I have everything I need to say well rehearsed and memorized!

-Callie Webster- Blue Valley Randolph Chapter Member

Chapter Feature- Fredonia FCCLA

Featured above is Fredonia High School FCCLA members counting shoes for the Fredonia vs. Neodesha shoe drive! Neodesha and Fredonia communities are having a competitive shoe drive for new and gently used shoes for our

communities. We are having a large collection at the basketball game gates Friday during the Fredonia vs. Neodesha game. The community that collects the most shoes will receive a traveling “shoe trophy.” May the best community win!
