Welcome to the Kansas Labor Information Center (KLIC)
KLIC is a powerful job search, career assessment, and labor market information system. KLIC was specifically designed for job seekers, students, employers, training providers, workforce professionals, and others seeking to explore local labor markets in Kansas.

How is Career Information Organized?

- The Career Clusters and pathways framework is used by KSDE and schools throughout Kansas
 - 16 Career Clusters
 - Helps identify pathways from school to the workplace
- The Standard Occupational Classification (SOC) system is used by LMIS and the Bureau of Labor Statistics (BLS)
 - Federal statistical standard used to classify workers into occupational categories for the purpose of collecting, calculating, or disseminating data
 - Over 800 detailed occupations
 - 23 major groups – detailed occupations with similar job duties, and in some cases skills, education, and/or training, are grouped together

Kansas Wage Survey

*Occupational Employment
and Wage Statistics (OEWS)*

What is the Kansas Wage Survey?

- The Kansas Wage Survey is compiled using results from a semi-annual survey conducted by the Occupational Employment and Wage Statistics (OEWS) program
 - Sample-based survey
 - Asks employers to provide data regarding occupational employment and wages for their establishment
- Wage data includes annual and/or hourly estimates
- Estimates available for Kansas, MSAs, Local Areas, Projection Regions, and Counties

The 2021 Kansas Wage Survey is compiled using results from a semi-annual survey conducted by the Kansas Department of Labor. The survey is sample-based and asks employers to provide data regarding occupational employment (annual and/or hourly) and employment data for most occupations in the state, its metropolitan areas, and its non-metropolitan areas. Due to quality criteria, the Labor Market Information Division cannot produce estimates for every occupation. **by occupation are the most recent data available.**

Occupational Employment Projections

- Based on industry projections and occupational staffing patterns created using data from the Kansas Wage Survey
- Occupational projections data includes:
 - Expected openings by detailed occupation
 - Openings due to Numerical Change – growth/decline in total employment for an occupation
 - Openings due to Separations
 - Exits – openings that occur when workers leave the labor force entirely
 - Transfers – openings that occur when workers leave an occupation and find employment in a different occupation
- Typical level of education/training needed to enter an occupation

Understanding Total Job Openings: Growth and Separations Growing Occupation

Understanding Total Job Openings: Growth and Separations Declining Occupation

How Is Projections Data Used?

- Career planning (long-term)
 - Shows job seekers what occupations are growing
 - Allows students to explore future career options
- Education and training initiatives (long-term)
 - Helps workforce centers direct education and training efforts to occupations projected to grow
 - Helps workforce centers and local educational facilities adjust, expand and/or create education and training programs
- Short-term training (short-term)
 - Useful for individuals looking for short-term training to enhance skills and re-enter the labor market

Kansas 10 Year Job Outlook 2018 - 2028

The *Kansas Occupational Outlook* projects the total employment in the state of Kansas to grow by 38,625 jobs over the 10 year period.

The 10 year projection program projects the long-term trend of employment in Kansas. The major assumption is full employment in the projected year. In this way, the program is not intending to project future expansions and contractions, only the long-term trend.

Legal Occupations

PRINTER-FRIENDLY 

Employment in legal occupations is projected to grow 9 percent from 2020 to 2030, about as fast as the average for all occupations, and will result in about 116,600 new jobs. As law firms try to increase the efficiency of legal services and reduce their costs, there is expected to be strong demand to hire more paralegals and legal assistants. Additionally, the demand for lawyers is expected to continue as individuals, businesses, and governments require legal services in many areas.

The median annual wage for legal occupations was \$84,910 in May 2020, which was higher than the median annual wage for all occupations of \$41,950.

BLS provides summary data, including employment projections, for legal occupations not shown in the table on this page. That information is available on the [Data for Occupations Not Covered in Detail](#) page.

	OCCUPATION 	JOB SUMMARY	ENTRY-LEVEL EDUCATION  	2020 MEDIAN PAY  
	Arbitrators, Mediators, and Conciliators	Arbitrators, mediators, and conciliators facilitate negotiation and dialogue between disputing parties to help resolve conflicts outside of the court system.	Bachelor's degree	\$66,130
	Court Reporters and Simultaneous Captioners	Court reporters create word-for-word transcriptions at trials, depositions, and other legal proceedings. Simultaneous captioners provide similar transcriptions for television or for presentations in other settings, such as press conferences and business meetings, for people who are deaf or hard of hearing.	Postsecondary nondegree award	\$61,660
	Judges and Hearing Officers	Judges and hearing officers apply the law by overseeing the legal process in courts.	Doctoral or professional degree	\$124,200
	Lawyers	Lawyers advise and represent individuals, businesses, and government agencies on legal issues and disputes.	Doctoral or professional degree	\$126,930
