- Why has my district's allocation changed?**
- 1) Federal funding for SY 2018 has remained constant.
  - 2) Allocations are required by the federal government to be calculated with the most recent census data available. SY 2018 allocations were calculated using 2015 Census estimates , while SY 2019 will be calculated using the 2016 US Census. Districts will see large variances in funding if the census reflects a large variance in ages 5-17 residents.
  - 3) This estimate includes all districts eligible for Perkins funding in the 2017 - 2018 school year as of July 1, 2017.
  - 4) As pathways continue to develop, funding will be more widespread throughout the state as federal contribution remains constant.
