Dear Ms. Tosh,

For the 2020-2021 school year, the legal general fund is $13,533,572 and the legal local option budget (LOB) is $4,567,583. Under KSA 72-5131, the general fund budget is computed using preceding years’ enrollment plus current year weightings multiplied times the BASE of $4,569, plus virtual state aid. The LOB base general fund calculation starts with the total weighted enrollment, excluding special education, KAMS and virtual state aid. This total is multiplied by the LOB BASE of $4,608, the higher of the 2008-2009 or current year special education state aid is added, and the sum is multiplied by the authorized district LOB percentage to obtain the maximum LOB budget.

Enclosed is a printout showing data used to compute the general fund and LOB: a) preceding years’ enrollment; b) current year total WTD FTE and c) virtual state aid. This information is based upon audited enrollment. To view the complete data used to calculate the individual weightings, download the “FY 2021 Legal Max Final” from the school finance website: https://www.ksde.org/Agency/Fiscal-and-Administrative-Services/School-Finance/Legal-Max-General-Fund-School-Finance-Studies

The final legal maximum general fund is based upon actual Special Education state aid and Virtual Credits (20 and over) reported on the local effort. All special education state aid must be deposited in the general fund and transferred to the special education fund.

Under KSA 72-5148 (b) (3), the portion of the school district’s state Foundation aid attributable to the transportation weighting shall not be in excess of 110% of the school district’s total expenditures for regular route transportation from all funds for the immediately preceding school year. The current year general fund budget will be reduced by any amount in excess of 110% cap. These expenditures are reflected on the “Overall Audit Summary” for the 2019-20 school year recently completed by KSDE.

Kansas leads the world in the success of each student.
In addition, school districts expending money in excess of the prior year legal maximum general fund budget are in violation of Kansas statute. After review of the local CPA audit for the prior year, the current year general fund budget will be reduced by any over expenditure.

If there are any discrepancies or questions regarding this letter, please contact School Finance as soon as possible.

For the 2020-2021 school year, the legal general fund is $5,383,196 and the legal local option budget (LOB) is $1,627,934. Under KSA 72-5131, the general fund budget is computed using preceding years’ enrollment plus current year weightings multiplied times the BASE of $4,569, plus virtual state aid. The LOB base general fund calculation starts with the total weighted enrollment, excluding special education, KAMS and virtual state aid. This total is multiplied by the LOB BASE of $4,608, the higher of the 2008-2009 or current year special education state aid is added, and the sum is multiplied by the authorized district LOB percentage to obtain the maximum LOB budget.

Enclosed is a printout showing data used to compute the general fund and LOB: a) preceding years' enrollment; b) current year total WTD FTE and c) virtual state aid. This information is based upon audited enrollment. To view the complete data used to calculate the individual weightings, download the “FY 2021 Legal Max Final” from the school finance website: https://www.ksde.org/Agency/Fiscal-and-Administrative-Services/School-Finance/Legal-Max-General-Fund-School-Finance-Studies

The final legal maximum general fund is based upon actual Special Education state aid and Virtual Credits (20 and over) reported on the local effort. All special education state aid must be deposited in the general fund and transferred to the special education fund.

Under KSA 72-5148 (b) (3), the portion of the school district's state Foundation aid attributable to the transportation weighting shall not be in excess of 110% of the school district's total expenditures for regular route transportation from all funds for the immediately preceding school year. The current year general fund budget will be reduced by any amount in excess of 110% cap. These expenditures are reflected on the “Overall Audit Summary” for the 2019-20 school year recently completed by KSDE.

Kansas leads the world in the success of each student.
In addition, school districts expending money in excess of the prior year legal maximum general fund budget are in violation of Kansas statute. After review of the local CPA audit for the prior year, the current year general fund budget will be reduced by any over expenditure.

Dear Dr. Moeller,

For the 2020-2021 school year, the legal general fund is $6,828,300 and the legal local option budget (LOB) is $2,058,423. Under KSA 72-5131, the general fund budget is computed using preceding years’ enrollment plus current year weightings multiplied times the BASE of $4,569, plus virtual state aid. The LOB base general fund calculation starts with the total weighted enrollment, excluding special education, KAMS and virtual state aid. This total is multiplied by the LOB BASE of $4,608, the higher of the 2008-2009 or current year special education state aid is added, and the sum is multiplied by the authorized district LOB percentage to obtain the maximum LOB budget.

Enclosed is a printout showing data used to compute the general fund and LOB: a) preceding years’ enrollment; b) current year total WTD FTE and c) virtual state aid. This information is based upon audited enrollment. To view the complete data used to calculate the individual weightings, download the “FY 2021 Legal Max Final” from the school finance website: https://www.ksde.org/Agency/Fiscal-and-Administrative-Services/School-Finance/Legal-Max-General-Fund-School-Finance-Studies

The final legal maximum general fund is based upon actual Special Education state aid and Virtual Credits (20 and over) reported on the local effort. All special education state aid must be deposited in the general fund and transferred to the special education fund.

Under KSA 72-5148 (b) (3), the portion of the school district's state Foundation aid attributable to the transportation weighting shall not be in excess of 110% of the school district's total expenditures for regular route transportation from all funds for the immediately preceding school year. The current year general fund budget will be reduced by any amount in excess of 110% cap. These expenditures are reflected on the “Overall Audit Summary” for the 2019-20 school year recently completed by KSDE.
In addition, school districts expending money in excess of the prior year legal maximum general fund budget are in violation of Kansas statute. After review of the local CPA audit for the prior year, the current year general fund budget will be reduced by any over expenditure.

If there are any discrepancies or questions regarding this letter, please contact School Finance as soon as possible.

The final legal maximum general fund is based upon actual Special Education state aid and Virtual Credits (20 and over) reported on the local effort. All special education state aid must be deposited in the general fund and transferred to the special education fund.

Under KSA 72-5148 (b) (3), the portion of the school district’s state Foundation aid attributable to the transportation weighting shall not be in excess of 110% of the school district’s total expenditures for regular route transportation from all funds for the immediately preceding school year. The current year general fund budget will be reduced by any amount in excess of 110% cap. These expenditures are reflected on the “Overall Audit Summary” for the 2019-20 school year recently completed by KSDE.
In addition, school districts expending money in excess of the prior year legal maximum general fund budget are in violation of Kansas statute. After review of the local CPA audit for the prior year, the current year general fund budget will be reduced by any over expenditure.

Dear Ms. Ray,

For the 2020-2021 school year, the legal general fund is $10,210,532 and the legal local option budget (LOB) is $3,071,942. Under KSA 72-5131, the general fund budget is computed using preceding years’ enrollment plus current year weightings multiplied times the BASE of $4,569, plus virtual state aid. The LOB base general fund calculation starts with the total weighted enrollment, excluding special education, KAMS and virtual state aid. This total is multiplied by the LOB BASE of $4,608, the higher of the 2008-2009 or current year special education state aid is added, and the sum is multiplied by the authorized district LOB percentage to obtain the maximum LOB budget.

Enclosed is a printout showing data used to compute the general fund and LOB: a) preceding years’ enrollment; b) current year total WTD FTE and c) virtual state aid. This information is based upon audited enrollment. To view the complete data used to calculate the individual weightings, download the “FY 2021 Legal Max Final” from the school finance website: https://www.ksde.org/Agency/Fiscal-and-Administrative-Services/School-Finance/Legal-Max-General-Fund-School-Finance-Studies

Dear Mr. Ward,

For the 2020-2021 school year, the legal general fund is $2,807,194 and the legal local option budget (LOB) is $862,712. Under KSA 72-5131, the general fund budget is computed using preceding years’ enrollment plus current year weightings multiplied times the BASE of $4,569, plus virtual state aid. The LOB base general fund calculation starts with the total weighted enrollment, excluding special education, KAMS and virtual state aid. This total is multiplied by the LOB BASE of $4,608, the higher of the 2008-2009 or current year special education state aid is added, and the sum is multiplied by the authorized district LOB percentage to obtain the maximum LOB budget.

Enclosed is a printout showing data used to compute the general fund and LOB: a) preceding years’ enrollment; b) current year total WTD FTE and c) virtual state aid. This information is based upon audited enrollment. To view the complete data used to calculate the individual weightings, download the “FY 2021 Legal Max Final” from the school finance website: https://www.ksde.org/Agency/Fiscal-and-Administrative-Services/School-Finance/Legal-Max-General-Fund-School-Finance-Studies

The final legal maximum general fund is based upon actual Special Education state aid and Virtual Credits (20 and over) reported on the local effort. All special education state aid must be deposited in the general fund and transferred to the special education fund.

Under KSA 72-5148 (b) (3), the portion of the school district’s state Foundation aid attributable to the transportation weighting shall not be in excess of 110% of the school district’s total expenditures for regular route transportation from all funds for the immediately preceding school year. The current year general fund budget will be reduced by any amount in excess of 110% cap. These expenditures are reflected on the “Overall Audit Summary” for the 2019-20 school year recently completed by KSDE.

Kansas leads the world in the success of each student.
In addition, school districts expending money in excess of the prior year legal maximum general fund budget are in violation of Kansas statute. After review of the local CPA audit for the prior year, the current year general fund budget will be reduced by any over expenditure.

If there are any discrepancies or questions regarding this letter, please contact School Finance as soon as possible.

Dear Dr. Fulton,

For the 2020-2021 school year, the legal general fund is $182,266,196 and the legal local option budget (LOB) is $61,718,489. Under KSA 72-5131, the general fund budget is computed using preceding years' enrollment plus current year weightings multiplied times the BASE of $4,569, plus virtual state aid. The LOB base general fund calculation starts with the total weighted enrollment, excluding special education, KAMS and virtual state aid. This total is multiplied by the LOB BASE of $4,608, the higher of the 2008-2009 or current year special education state aid is added, and the sum is multiplied by the authorized district LOB percentage to obtain the maximum LOB budget.

Enclosed is a printout showing data used to compute the general fund and LOB: a) preceding years' enrollment; b) current year total WTD FTE and c) virtual state aid. This information is based upon audited enrollment. To view the complete data used to calculate the individual weightings, download the “FY 2021 Legal Max Final” from the school finance website: [https://www.ksde.org/Agency/Fiscal-and-Administrative-Services/School-Finance/Legal-Max-General-Fund-School-Finance-Studies](https://www.ksde.org/Agency/Fiscal-and-Administrative-Services/School-Finance/Legal-Max-General-Fund-School-Finance-Studies)

**The final legal maximum general fund is based upon actual Special Education state aid and Virtual Credits (20 and over) reported on the local effort.** All special education state aid must be deposited in the general fund and transferred to the special education fund.

Under KSA 72-5148 (b) (3), the portion of the school district's state Foundation aid attributable to the transportation weighting shall not be in excess of 110% of the school district's total expenditures for regular route transportation from all funds for the immediately preceding school year. The current year general fund budget will be reduced by any amount in excess of 110% cap. These expenditures are reflected on the “Overall Audit Summary” for the 2019-20 school year recently completed by KSDE.

_Kansas leads the world in the success of each student._
In addition, school districts expending money in excess of the prior year legal maximum general fund budget are in violation of Kansas statute. After review of the local CPA audit for the prior year, the current year general fund budget will be reduced by any over expenditure.

If there are any discrepancies or questions regarding this letter, please contact School Finance as soon as possible.

Sincerely,

Craig Neuenswander, Deputy Commissioner
Division of Fiscal & Administrative Services
