Agenda

- Welcome
- Current State/Future State
  - Feedback Review
  - Update
  - Discuss
- Reminders
- Q & A
- Closing:
  - Next Meeting/Final Meeting: MAY 9, 2023
Within a system of accreditation and design, provide **accountability** along with **support** to move systems toward ensuring the success of each student.
A & D Mission - Actions

**Accountability**
- Yearly Check Ins
- Student Outcomes, Process (standards-based)
- ARC Review and Rating
  - Compliance, Process, and Results

**Support**
- Yearly Check Ins
- Regional Executives
  - One-on-One Coaching
  - Connector
- Regional OVT
- On-going training and updates
Purpose of KESA

Ensure a Minimum Standard for Student Outcomes, Quality Process, & Compliance

Recognize Excellence in Student Outcomes
Why make changes to KESA?

- Dissatisfaction with Current Student Outcomes, particularly Academics
- Lack of Clarity & Consistency
- Redundancy
If we...

- **Process** - Move to one cumulative report that is standards-based in which you self assess and provide artifacts and justification;
- **Results** - Move to a more objective system for determining growth and improvement toward the quantitative state board outcomes;
- **OVT** - Move to a Peer Review model that can be done in the traditional form/fashion or with a like-system via a partnership or on-site at an educational service center

Will we have addressed the feedback as it relates to clarity, consistency, and eliminating redundancy?
To what degree do these changes address clarity, consistency, eliminating redundancy?

- One report = less redundancy, less disruption with turnover
- Build statewide capacity
- 5 Year Consistency
- Continuous Improvement doesn’t stop
- Rubrics
  - Pros - Consistency and Clarity
  - Con - Ensuring transferability across systems
How might these shifts impact continuous improvement in your system?

● OVT options are a huge plus!
● Continuous improvement is continuous
  ○ If a system experiences turnover, will this support or harm continuity?
● Less time spent reporting is a good thing!
● Peer collaboration/learning would be helpful
● Worry that we will focus too much on lag data
● The story should stay at the forefront.
Open Response

Comments -

● Make sure that the focus does not fall solely back to state assessments. Keep focusing on growth and process.
  ○ Make sure accreditation is about improvement and not just a rubber stamp.
● Make sure that the reporting timeline aligns with the work.
● OVT changes are needed!

Questions -

● How do we ensure that the report is relevant to each system regardless of where they are in the cycle?
● Systems need to use the rubrics and tools in order for them to be impactful. Rubrics need to define and add clarity. How will you ensure that everyone knows them and uses them?
Creating conditions to maximize internal accountability reinforced by external accountability.

Breakout Discussion

- What are the conditions necessary for teachers to own and account for the student outcomes most in need of improvement, ie., your KESA goals?
- How do you go about building and ensuring internal accountability (from district level to classroom level) for student outcome data?
- What can you do to end the year with internal reflection and accountability from all?

Reminders
**Reporting Adjustments Reminder**

---

**KESA Reporting: 2022-2023**

**Adjustments: 2022-2023**

**Why?**
As the Accreditation and Design Team responds to feedback from the field surrounding KESA and its current reporting system, we recognize that there is a need to provide clarity and consistency and eliminate redundancies while still maintaining a rigorous process for accreditation. Moving forward, the Accreditation and Design Team will be actively working on adjusting KESA for all systems with anticipated updates being made for the 2023-2024 school year. Until then, we are working to streamline the reporting work our systems in years 1-4 need to do during the 2022-2023 school year. Intentionally focusing on the sections below will still ensure that you are on track for seeking an accreditation determination.

**What adjustments can you expect?**

<table>
<thead>
<tr>
<th>Year</th>
<th>Reporting Sections</th>
</tr>
</thead>
<tbody>
<tr>
<td>Year 5</td>
<td>All systems going before the ARC in 2022-2023 will complete the current year 5 report as is. In 2023-2024, adjustments to the report are being made for this cohort of systems. No OIT changes are being made for Year 5 systems.</td>
</tr>
</tbody>
</table>

**Required Sections**
- Compliance – Review and address areas as designated in the authenticator application
- Complete the section titled Needs Assessment
- Process and Goals
- For systems in Year 1, you can summarize your needs assessment process and results from your Legislative Building Needs Assessment in response to the first question in this section.
- Assurances

**Monitor & Update as Needed**
- Foundational Structures
- State Board Outcomes
- Definition of a Successful High School Graduate
- Tell Your Story
- Stakeholder Involvement
- Engagement
- Expand Your Next Steps

---

**Training for System Leaders:**

- **System Training – Beginning of the Year Kick-Off (Attend One)**
  - August 23, 2022 9:00 - 11:00 am  
  - Zoom Link (956926)
  - August 25, 2022 1:00 - 3:00 pm  
  - Zoom Link (956926)

- **Monthly KESA Updates – Beginning October 11, 2022 from 9:00-9:45 am**
  - Second Tuesday of every month from 9:00-9:45 am on Zoom (Registration)
