1	1444 Sacred Heart, Emporia	29	B1444-1-004 Headsets	Many of our students must now go online to receive services that they were previously able to receive in person. As such, it is important that they have quality headphones with Microphones to be able to communicate	\$639	If they need to receive services online, we interpreted this to be remote, and they would not need headsets. Some have been approved before, but not many	eligible
2	1856 All Saints, Wichita	44	B1856-1-017 (Take Home Envelopes)	To be used for school and home communication so each family has their own sanitary envelope to help monitor the spread of germs and the spread of covid	\$309	Take home envelopes-900 envelopes for a school with 168 kids, does not have a strong COVID tie, as this is an unlikely way to transmit. We have has some approved, question is reasonability fo amount.	eligible

<b>3</b>	1856 All Saints, Wichita	46	B1856-1-022 Color Jet Printer	To allow grade 6-8 students to print their assignments in their classrooms for social distancing and avoid close contact of clustering in the copy room.	\$1,587	We do not understand why students use a color printer to print out assignments. Why would assignments be turned in in color copy when they are electronic. The three cited as approved, one was to remain in classroom for students, the other two were for staff.	eligible
<b>4</b>	1856 All Saints, Wichita	47	B1856-1-024 Projectors	In need of 3 projectors for 3 resource teachers to use with grades K-2, 3-5 and 6-8 MTSS groups that have been identified with need for learning recovery in math and reading. The students in these subsets are ESOL and at risk students that have been identified as having a strength for visual learning.	\$1,433	These projectors were identified for small group work, we did not see a need for small group work to need additional projectors. The ones approved that are cited were used because of the creation of more classrooms to reduce class size.	eligible
<b>5</b>	1856 All Saints, Wichita	52	B1856-3-006 Part-time Para Summer school		\$7,719	This can be deemed eligible, it is a continuation of a previously approved position.	eligible

<b>6</b>	1856 All Saints, Wichita	56	01856-4-008 Music Subscription	Subscription to Music Class to allow our students to partipate in music class while in quarantine due Covid-19. Many of our ESOL and at-risk students do not have the opportunity to participate in fine arts programs outside of school and this will allow all students to be engaged when online, hybrid or in quarantine.	\$608	This is only for students to use while in quarantine. We did not see the need as this should not happen much and if they are receiving remote or hybrid instruction, the instruction should be coming from the school, not a separate curriculum. The referenced request in EANS I was for a summer school program.	eligible
<b>7</b>	1864 Christ the King, Wichita	69	B1864-4-003 (Flexible Seating)	Flexible Seating to provide options for students who are demonstrating above average anxiety and emotional strain due to Covid 19 and the pandemic.	\$848	Flexible seating to deal with anxiety caused by COVID was the reasoning. This isn't an allowable use under EANS. Additional seating may be allowable to assist with social distancing, but it was clear this seating was not intended to address that issue. Was approved for social distancing in EANS-I.	eligible

<b>8</b>	1868 Holy Savior, Wichita	83	B1868-1-010 (Absorbant Powder)	To disinfect rooms / areas in school	\$284	Since EANS-I, much more has been learned about COVID. GI distress occurs in less than 10% of COVID patients, and vomiting is only one symptom of GI distress. We feel that buildings should be able to handle this minimal increase based on normal purchases. We do not want to go back and take away from those previously approved because those were approved when we had less to staff information available.	<b>eligible</b>
<b>9</b>	1182 St. Anne, Wichita	101	B1182-1-006 (Culture and wellness)	To rebuild staff emotional health due to exteme health brought on by the COVID-19 Pandemic	\$10,192	mental health for staff is not allowable under EANS	<b>ineligible</b>
<b>10</b>	1890 St Jude, Wichita	130	1890-01-010 Glass and Utility Cleaner (also requested EANS1 for \$262)	Supplies necessary to help sanitize and maintain mitigation of all COVID practices for all to be safe and sanitary	\$131	Glass cleaner does not reduce the spread of COVID. We do not want to go back and take away form previously approved because those were approved when we had less information available to staff.	<b>eligible</b>

13	2244 St. John Elementary Beloit	235	B2244-1-001 iPads (with explanation)	ipads to be used with the The Alive studios interactive carpet and learning books provide multi-sensory and multimodality learning. These carpets with an ipad bring learning into multidimensional activities reinforced with the accompanying workbooks. Students have been struggling with their learning and it is becoming more evident of the impact on the youngest of our students 1st grade and younger who are struggling with their early literacy and numeracy skills as a result of the covid pandemic. The early years are critical in laying the foundation for solid academic	\$814	The IPAD carpet combination does not seem to be a reasoable cost	eligible

14	2244 St. John Elementary Beloit	249	B2244-4-003 Math Stackers (manipulativ es)	Math Stackers - The Math Thinker Plus for Kindergarten: During the Covid-19 pandemic, student opportunities for using math manipulatives were reworked to avoid student contact as much as possible. In remote learning, students did not have math manipulatives to assist in learning as they did in the classroom. When inperson instruction resumed, students were given a container with math manipulatives that they kept at their desk and used independently. Collaborating and problem-solving in mathematics was nearly non-existent in the classroom. This affected students'	\$372	the request includes that each student had already been provided a set per student, so more should not be needed	eligible
