## Kansas Social, **Emotional** and Character **Development Model Standards**

Adopted by the Kansas State Board of Education, **April 17, 2012** 

**Revised July 2018** 

A new study reveals that students who participate in school-based programs focused on social and emotional learning benefit in multiple ways as compared to students who do not experience programming in social and emotional learning.

Check out these incredible findings!

9%

improvement in prosocial behavior

9%

improvement in attitudes about self, others. and school

9%

reduction in problem behaviors

**10%** 

reduction in emotional distress

11%

increase in standardized achievement test scores

**23**%

increase in social and emotional skills

### now have preschool SEL competencies

states have K-12
SEL competencies
(up from 1 in 2011)

8 additional states developing guidelines

16 states have SEL-related web pages

### SOCIAL EMOTIONAL AND **CHARACTER DEVELOPMENT MODEL STANDARDS**

**Revision Committee April 2018** 

### **SECD STANDARDS**

Kansas was the first state to adopt Social, Emotional and Character Development standards.

The standards were adopted in 2012.

### 2018 Revisions

- Prevention statutes
- Employability
- School mental health
- Civic engagement
- First read for BOE will be in June

SECD Standards

#### Character Development

**Definition:** Developing skills to help students identify, define and five in accordance with core principles that aid in effective problem solving and responsible decision-making.

Rationals: Our schools have the job of preparing our children for American citizenship and participation in an interdependent world. Success in school and life is built upon the ability make responsible decisions, solve problems effectively, and to identify and demonstrate core principles.

#### Core Principles

Students will

- A. Recognize, select, and ascribe to a set of core ethical and performance principles as a foundation of good character and be able to define character comprehensively to include thinking, feeling, and doing.
- B. Develop, implement, promote, and model core ethical and performance principles.
- C. Create a caring community.

#### II. Responsible Decision Making and Problem Solving

Students will:

- A. Develop, implement, and model responsible decision making skills
- B. Develop, implement, and model effective problem solving skills.

#### Core Principles

 A. Recognize, select, and ascribe to a set of core ethical and performance principles as a foundation of good character and be able to define character comprehensively to include thinking, feeling, and doing.

K-2	1.	Understand that core ethical and performance principles exist (for example, in classrooms, in the community,
		in homes).
	2.	Identify and apply core principles in everyday behavior.
3-5	1.	Discuss and define developmentally appropriate core ethical and performance principles and their importance (for example, respect, fairness, kindness, honesty, treating others as they wish to be treated, giving their best effort)
	2	Identify and apply personal core ethical and performance principles.
6-8	1.	Compare and contrast personal core principles with personal behavior.
	2.	Illustrate and discuss personal core principles in the context of relationships and of classroom work.
9-12	1.	Evaluate personal core principles with personal behavior (including ethical and performance principles).
	2.	Reflect upon personal core principles, appreciate them, and become committed to them.

# STATE BOARD SOCIAL-EMOTIONAL GROWTH GOAL

Each student develops the social, emotional, and character competencies that promote learning and success in life.

### **PURPOSE**

Social, Emotional, and Character Development (SECD) Standards provide schools a framework for integrating social-emotional learning (SEL) with character development so that students will learn, practice and model essential personal life habits that contribute to academic, career, and personal success.

### **DEFINITION**

SECD standards encompass practicing good citizenship as respectful, responsible, empathetic and ethical individuals, through making healthy decisions, practicing personal safety, understanding risk prevention, promoting a positive school culture, problem solving effectively, and valuing excellence.

### **CORE BELIEFS**

- SECD skills are teachable and measurable.
- SECD skills are essential for academic achievement.
- SECD skills are developed within a continuous growth process throughout life.
- SECD skills are acquired by students through intentional, integrated efforts of the entire school, family and community.
- SECD skills are best learned in a respectful, safe and civil school environment where adults are caring role models.

### CHARACTER DEVELOPMENT

### **Definition:**

Developing skills to help students identify, define and live in accordance with core principles that aid in effective problem solving and responsible decision making.

### Rationale:

Our schools have the job of preparing students for citizenship in a global society. Success in school and life is built upon the ability to make responsible decisions, solve problems effectively, and to identify and demonstrate core principles.

# SOCIAL, EMOTIONAL AND CHARACTER DEVELOPMENT STANDARDS

### CHARACTER DEVELOPMENT

**Definition:** Developing skills to help students identify, define and live in accordance with core principles that aid in effective problem-solving and responsible decision-making.

Rationale: Our schools have the job of preparing our children for American citizenship and participation in an interdependent world. Success in school and life is built upon the ability make responsible decisions, solve problems effectively,

and to identify and demonstrate core principles.

#### **Core Principles**

- Recognize, select, and ascribe to a set of core ethical and performance principles as a foundation of good character and be able to define character comprehensively to include thinking, feeling, and doing.
- Develop, implement, promote, and model core ethical and performance principles.
- 3. Create a caring community.

### **Responsible Decision Making and Problem Solving**

- 1. Develop, implement, and model responsible decision making skills.
- 2. Develop, implement, and model effective problem solving skills.

### SUGGESTED EDITS/INCLUSION

- Jason's Law (youth suicide)
- Erin's Law (child sexual abuse)
- KSA 72-8256 (bullying)
- School Mental Health
- Trauma-Informed/ACES

- Self-Harm
- Recovery and Resiliency
- Growth Mindset
- Civic Engagement
- Ethical Use of Technology

### **SECD STANDARDS REVIEW RUBRIC**

Component	Character Development	Social Development	Personal Development	Notes
Suicide (Jason Flatt	Core Principles	Social Awareness	Self-Awareness	Core Principles
Act)	Create a set of core ethical and performance principles Create a caring community Address statutory social-emotional/school mental health requirements Understand cultural differences Responsible Decision making Develop, implement and model responsible decision making skills Develop, implement and model effective problem solving skills Ethical use of technology across the grade levels	Be aware and understand the thoughts, feelings and perspective of others Demonstrate awareness of cultural issues and a respect for human dignity and differences Be aware and understand the indicators of self harm in others Interpersonal Skills Demonstrate communication and social skills Develop and maintain positive relationships Demonstrate the ability to prevent, manage and resolve interpersonal conflicts Promote a caring community	Understand and analyze thoughts, mindsets and emotions     Understand how to help others     Self-Management     Understand and practice strategies for managing thoughts and behaviors, such as self-regulation, self-harm, recovery and resiliency     Reflect on perspectives and emotional responses     Set, monitor, adapt and evaluate goals to achieve success in school and life	Address statutory social-emotional requirements (1.1)     Identify adult care-givers  Character Development     Self-harm awareness     Community of caring     Self-respect     Self-harm interventions     Identify adult care givers     Recovery/Resiliency  Social Development     Be aware and understand the indicators of self-harm in others (I.A, B; II. A, B, C)     Understand how to help others (I. A, B; II. A, B, C)     Effective communications skills (I. A, B; II. A, B, C)     Community of caring (1.B)     Conflict resolution (I.A, B)     Bullying awareness (1.A, B; II. A, B, C)  Personal Development     Self-regulation     Growth mindset     Recovery and resiliency     Refusal skills

### CHARACTER DEVELOPMENT

### II. Responsible Decision Making and Problem Solving

- 1. Develop, implement, and model responsible decision making skills.
- 2. Consider multiple factors in decision-making including ethical and safety factors, personal and community responsibilities, and short-term and long-term goals.
- 9-12 a. Assess lessons learned from experiences and mistakes while demonstrating the ability to build resiliency.
  - b. Implement responsible decision making skills when working towards a goal and assess how these skills lead to goal achievement.
  - c. Utilize skills and habits of applying standards of behavior by asking questions about decisions that students or others make, are about to make, or have made.
  - d. Evaluate situations that are safe or unsafe and how to avoid unsafe practices.
  - e. Effectively analyze and evaluate evidence, arguments, claims, and beliefs.
- f. Students recognize consequences of sexual behavior, including sexual consent, pregnancy and the inability of minors to give consent.

  #KonsonsCon

### PERSONAL DEVELOPMENT

### II. Self Management

B. Reflect on perspectives and emotional responses.

- K-2 1. Describe personal responsibilities to self and others.
  - 2. Describe responsibilities in school, home, and communities.
  - 3. Describe how they react to getting help from others (for example, surprise, appreciation, gratitude, indifference and resentment).
  - 4. Describe common responses to success, challenge, failure, and disappointment.

### PERSONAL DEVELOPMENT, CONT.

- 3-5 1. Acknowledge personal responsibilities to self and others.
  - 2. Recognize and demonstrate environmental responsibilities.
  - 3. Examine the personal impact of helping others.
  - 4. Reflect on your personal responses to success, challenge, failure, and disappointment.
  - 5. Understand causes and effects of impulsive behavior.
- 6-8 1. Demonstrate personal responsibilities to self and others (for example, friends, family, school, community, state, country, culture, and world).
  - 2. Practice environmental responsibilities.
  - 3. Practice and reflect on democratic responsibilities.
  - 4. Describe positive and negative experiences that shape personal perspectives.

#KansansCan nstrate empathy in a variety of settings and situations.

### SOCIAL DEVELOPMENT

### II. Interpersonal Skills

- B. Develop and maintain positive relationships.
- 6-8 1. Evaluate how self-regulation and relationships impact your life.
  - Understand how safe and risky behaviors affect relationships and one's health and well-being.
  - 3. Respond in a healthy manner to peer-pressure against self and others.
  - 4. Identify the impact of social media in relationships.
  - 5. Identify the difference between safe and risky behaviors and understand effective responses.
- 9-12 1. Practice strategies for maintaining self-regulation and positive relationships.
  - 2. Identify consequences of safe and risky behaviors.
  - 3. Practice refusal strategies and reporting of unhealthy behaviors and relationships.
  - 4. Define the impact of social media on reputation and relationships.
  - 5. Develop understanding of relationships within the context of networking and careers.

### **STANDARDS USE**

- Framework for:
  - Needs assessment
  - Vetting for "best practices" curriculum and instruction
  - Evaluation
- Verbiage for:
  - SIT Teams
  - IPS
  - IEP
  - Behavior plans
- KESA

### **PUBLIC COMMENTS**

### **Feedback**

- KSDE conducted more than a dozen public comment sessions
  - Conferences (Kansans CAN, KCA etc.)
  - In-Services (i.e. USD 500, USD 233)
  - Superintendents Association
  - Webcasts
  - Service Center Workshops
  - Standards posted on-line and sent out over list serve
- 98% of more than 300 attendees Agreed or Strongly Agreed with the statements:
  - "The SECD Standards will be useful to me in my position"
  - "The SECD Standards will support positive change in the climate and culture (Conditions for Learning) of Kansas Schools."

### **PUBLIC COMMENTS**

### Most frequently stated concerns

- "... help with implementing these standards."
- "... staff support."

### **IMPLEMENTATION FOR SECD** STANDARDS, CURRICULUM, INSTRUCTION AND EVALUATION

### INTEGRATION AND ALIGNMENT

- SECD Standards Revisions
  - Incorporated prevention statutes
- Integration with content areas
  - ELA
  - Math and Growth Mindset
  - Employability (CTE)
- Board Outcomes
  - IPS
  - Graduation
  - Post-Secondary
- Career Development Cycle

- Civic Engagement
- Kansas Schools of Character Recognition Program
- Anti-Bullying Awareness Week
- Measuring Social-Emotional Growth Toolkit
- CASEL's Collaborative States Initiative

Standards Committee Co-Chair Smoky Hill ESC

#### SUICIDE PREVENTION

Monica Kurz

# Youth Suicide Prevention

Kansas Suicide Prevention Resource Center

KS had the 5th largest increase in suicide deaths between
 1999-2016 (45%)

• 54% of the suicide deaths investigated did **not** have a known mental health condition at the time of death

 Other life stressors were contributing factors such as relationship problems, criminal/legal, housing loss or impending crisis

#### Suicide Death Rate Per 100,000

## Suicide is Complex

More investigation will be needed to understand the increasing suicide death rate trend

Suicide prevention has often prioritized identifying suicidal individuals and treatment of mental health conditions. The information from the CDC report shows that more upstream work is needed due to the large percentage of suicide deaths which occurred when no mental health condition was identified.

#### Differences exist among those with and without mental health conditions.

People without known mental health conditions were more likely to be male and to die by firearm.

Differences exist among those with and without mental health conditions. People without known mental health conditions were more likely to be male and to die by firearm.

Many factors contribute to suicide among those with and without known mental health conditions.

Note: Persons who died by suicide may have had multiple circumstances. Data on mental health conditions and other factors are from coroner/medical examiner and law enforcement reports. It is possible that mental health conditions or other circumstances could have been present and not diagnosed, known, or reported.

SOURCE: CDC's National Violent Death Reporting System, data from 27 states participating in 2015.

Many factors contribute to suicide among those with and without mental health conditions

## CDC Report - Youth specific data

- For the age group 10-24 years: more suicides occurred in individuals without an identified mental health condition
  - Around 57% did not have an identified mental health condition

- 19.9% of suicide deaths (10-18 years) identified having "school problems" as a contributing factor
  - The majority of these deaths (92 or 162) did not have a known mental health condition

## Kansas Communities that Care Survey

Assess current perceptions, opinions, attitudes and behaviors of youth in Kansas

Expanded module available to assess depression and suicide experiences in 8th, 10th and 12th graders

No statewide data available for 2015 due to low participation of school districts

80% utilizing the KCTC use depression/ suicide module

#### 2018 KCTC COUNTY PARTICIPATION

## Have you seriously thought about killing yourself, in the past year?

14.31

13.76

17.92

## Have you made a plan to kill yourself, in the last year?

9.41%

9.01%

11.59%

## Have you tried to kill yourself, in the last year?

#### KS Selected Causes of Death Ages 5-24, 2016

## Headquarters - Call Data

#### National Suicide Prevention Lifeline

- Higher suicide rates in rural and frontier counties
- Lower call volumes from the Western parts of the state
- Increase in call volume from all ages to the Lifeline
  - o 65% increase from 2015 to 2018

#### NSPL Calls To HQ 2018

"I just get sad. I don't know how to pull myself out of it and all I can think is whether it's always going to be like this. Then I think about suicide. I tried talking to my mom about it, but she just freaked out. My friends are great to talk to, but they just tell me to smile and get over it. When I call Headquarters, they don't tell me what to do. They listen and understand. It makes me feel validated and really helps. They've helped me figure out who and how to talk about my feelings with my friends and family. Without Headquarters, I probably would have killed myself. They totally saved my life."

## Teen Help Seeking

Teens are more likely to talk to their peers than adults when they have serious concerns like suicide.

#### Two approaches

- Programs that are youth peer led which attempt to change this social norm.
   One example is Sources of Strength.
- Peer resource like the Teen Line in California which trains teens to talk with other teens while providing support to teen listeners to ensure they know what to do and how to get help.

### **Jason Flatt Act**

- Passed by the legislature and requires schools to provide one-hour of suicide awareness training to all school staff.
- Some schools are using free online training
- Some schools are creating their own programs
- No requirement to do suicide prevention programming to students
  - o In fact, there is some perception among school officials that this is not safe. The evidence tells us it is SAFE and IMPORTANT to communicate with students about suicide and mental health

## **Jason Flatt**

KSPRC staff has learned that school mental health professionals value the Jason Flatt training requirement

- Referrals for students from a variety of school personnel
- Continued challenges across the state in getting information about the outcome of mental health referrals
- Questions about how to best support students who return to school after a mental health intervention

### **Local Work**

#### Kansas Prevention Collaborative

- Statewide coalition made up of local prevention coalitions
- Emphasis on integrated prevention including suicide

#### Kansas Suicide Prevention Resource Center

- Existing Suicide Prevention Coalitions supported in the past through federal funding (GLS) distributed by Headquarters to localities
- Currently consultation and training available on fee for service basis

### **Current Efforts - ASIST**

ASIST is a two day workshop which teaches professionals and lay people to complete a suicide intervention with a person at risk. In 2017-2018

- Manhattan
- Lawrence
- Scott City
- Hutchinson
- Abilene
- Emporia
- Sterling
- Kansas City, KS

#### **School Based**

Yellow Ribbon- a gatekeeper program that teaches students about warning signs for suicide and provides an avenue for asking for help

- Dodge City has most robust program in state
- Liberal

More Than Sad- a classroom presentation and discussion on depression and suicide

- Wichita
- Herrington

### **School Based**

Signs of Suicide- student and parent education around suicide

Abilene Schools are implementing

Sources of Strength-youth led suicide and mental health program. Some evidence showing positive effects on substance use and dating violence reduction

- No current schools that KSPRC is aware
- Newton, KS and Johnson County are pursuing funding

### **School Based**

There is not a robust system for tracking which schools are addressing suicide risk and in which ways they are doing so.

School districts must find room in their budgets or work with community partners to find funding to implement evidence-based programming.
