Why has my district's allocation changed?

1. Allocations are required by the federal government to be calculated with the most recent census data available. SY 2022 allocations were calculated using 2019 Census estimates , while SY 2023 will be calculated using the 2020. Districts will see large variances in funding if the census reflects a large variance in ages 5-17 residents.
2. This 21- 22 estimate includes all districts eligible for Perkins funding in the 2020 - 21 school year as of July 1, 2021. Statewide funding can be impacted by schools entering and exiting the Perkins funding stream.
3. The total Perkins amount for districts increased to \$4,349,657.00 from \$4,173,529.00 last year.
4. The Ages 5-17 Relevant Population Poverty total for Kansas decreased from 67,888 students to 64,337.
