

OLATHE KANSAS USD 233

WESTVIEW ELEMENTARY

Launch Date:

August 2018

Number of Students Enrolled:

195

Vision:

Preparing a diverse community for life-long success.

Goal Areas:

Academics, Social-Emotional Learning, Community, and Personalized Learning

What to Look for During Your Visit:

Social-emotional learning, project-based learning, flexible seating, teacher work spaces, and co-teaching.

To Learn More:

We start our day with blended family groups for breakfast. Students meet with the same teacher every day and have that teacher their entire time at Westview. Every classroom starts their day with a social-emotional learning focus using our Second Step resource as a guide and is integrated throughout the day.

Students apply what they have learned on Social Studies and Science standards using project-based learning answering a driving question based on our standards.

Contact Information:

Tom Hanken, Administrator; Tjhanken@olatheschools.org
