

Counting Kids Workshops – 2020

Counting KIDS workshops are presented by KSDE [Fiscal Auditing](#) in late August/early September to discuss counting students on count day and the information to enter in KIDS (Kansas Individual Data on Students) for funding purposes.

KIDS training staff will also have a short presentation and will be available for questions.

To help encourage questions and discussion, we will limit the number of participants in each session and will offer the workshops by “region.” Please attend (via Zoom) the workshop region or “location” that you would have normally attended in person. To register, go to the KSDE Training Portal: <https://learning.ksde.org/>
