LiNK was created from a $27 million federal literacy grant awarded to Kansas last fall from the U.S. Department of Education. LiNK projects focus on significantly impacting literacy growth and development for children birth through grade 12. Dr. Suzanne Myers, LiNK Project Director, described the competitive application process and selection criteria. The eight top-scoring applications represent 32 school districts that either applied individually or as part of a consortium. In all, 96 percent of the federal award will be distributed over three years to subgrantees. The grant is a project of the USDE’s Striving Readers Comprehensive Literacy Initiative. Dr. Watson concluded the report to Board members by prefacing this month’s Mercury 7 presentations, acknowledging support from the Ewing Marion Kauffman Foundation for regional redesign training, and commenting on teacher-led EdCamp sessions being conducted across the state.

The Coalition of Innovative Districts was created by the Legislature and became law in July 2013. The Act allows up to 10 percent of the state’s school districts to opt out of most state laws, rules and regulations in exchange for setting higher student achievement goals. Commissioner Watson provided a brief history of the Coalition and the State Board’s involvement and then referenced Bylaw stipulations that are not in statute. He distributed proposed changes, which he will present to the Coalition Board at their next meeting. The Coalition’s membership currently consists of seven school districts, two of which are now involved with the school redesign project. No action was taken this month, but recommendations are expected to be reviewed again in August.

At 12:02 p.m., the Board recessed for lunch until 1:30 p.m.

RECOGNITION OF KANSAS SUPERINTENDENT AND PRINCIPALS OF THE YEAR

UPDATE ON KANSANS CAN STATE-LEVEL OUTCOME: SOCIAL EMOTIONAL GROWTH
Staff with the Early Childhood, Special Education and Title Services team provided an overview of progress made during the past year on the State Board’s outcome for social emotional growth. Board members received updates on specific strategies, including centralized access to resources for required and recommended trainings. They learned about developments centered on an integrated learning process and contributions from outside partners. Other highlights were organization of the first Kansas School Mental Health Conference, collaboration with the School Mental Health Advisory
Council, training and coaching throughout the state, and collaboration with standards' revision. Board members' suggestions included replacing the term “college and career competencies” with "postsecondary" to better describe vision goals, meeting professional development training needs and relaying progress to the legislature.

**RECEIVE MODEL STANDARDS FOR SOCIAL, EMOTIONAL AND CHARACTER DEVELOPMENT**

The Social, Emotional and Character Development standards for Kansas recently underwent a review as part of the legislative review mandate. Committee Co-Chair Noalee McDonald-Augustine and Education Program Consultant Kent Reed presented the draft standards for the State Board’s consideration. They highlighted proposed changes to the standards such as improving content for prevention and school mental health as well as addressing social development. Emphasis was placed on knowing, practicing and modeling. Board comments during discussion focused on adding the topic of humility, tailoring benchmarks to age rather than grade level, and ensuring systems are addressing social emotional growth within the accreditation process. There is a public comment period on the proposed changes. The Board is expected to vote on the revised standards in July.

**BREAK**

There was a break until 3:55 p.m.

**ACTION ON MERCURY 7 SCHOOLS' REDESIGN PLANS: WELLINGTON AND COFFEYVILLE**

The seven school districts participating in the Kansans Can School Redesign Project each presented their redesign plans to the State Board of Education for acceptance just ahead of August’s launch. Officially referred to as the Mercury 7, their projects are each named after one of the Mercury 7 astronauts. KSDE school redesign specialists Tammy Mitchell and Jay Scott introduced the guests, who they credited with creating a new frontier in Kansas education. Criteria that the selected elementary and secondary schools focus on are: the five outcomes established by the Kansas State Board of Education, the five elements identified as defining a successful Kansas high school graduate, and what Kansans said they want their schools to provide and look like in the future. The redesign plans are to be accomplished using existing resources.

Each school highlighted areas of focus, many of which have been piloted during the past year. Some common themes were: project-based learning, self-paced learning, more student choice, student-led conferences, increased service opportunities, focus on social-emotional growth, flexible school-day schedules and establishment of multi-grade school families or communities.

Following each presentation, time was allowed for questions, comments, acknowledgement of any challenges, awarding of banners and photo opportunities. Presentations of redesign plans continued during Wednesday’s meeting.
LEGISLATIVE MATTERS
Deputy Commissioner Dale Dennis addressed upcoming bond election requests and bond caps plus the need to approve tentative standards and distribution of funds for safe and secure schools grants. USD 500 Board of Education approved the applications on April 10. Mrs. Beech noted that the first 
group of Teaching Fellows will be recognized this month and the retention rate is currently 85 per-
cent. Mrs. Waugh moved to approve the Specialized Certificate applications as presented for use 
in USD 500 Kansas City Kansas for the 2018-19 school year. Mrs. Horst seconded. Motion carried 
10-0. Dr. Lane recommended reconsidering the approval steps for filling positions through the 
specialized certificate process. Additional discussion occurred on promoting alternate licensure 
pathways, benefits of Teaching Fellows Program and need to track participants after two years.

WORK SESSION: KANSAS EDUCATION SYSTEMS ACCREDITATION

The Kansas Education Systems Accreditation (KESA) is the new model of accreditation which 
follows a systems/districts approach over a multi-year cycle. Board members spent the morning 
discussing roles of the Outside Visitation Teams (OVT) and Accreditation Review Council (ARC). 
Representative Jim Karleskint, former superintendent and OVT Chair, talked about the importance 
of utilizing a growth model and identifying what year systems are entering into the accreditation 
cycle. Darrel Kohlman, USD 115 Nemaha Central, explained how having a strategic plan is key to 
the process. He described his district’s focus on relationships and relevance, two of the accredita-
tion “Rs” in the rubric. He also noted that KESA promotes intentional decision making, for instance 
about curriculum choices and CTE pathway selection.
The Board took a break at 10 a.m.

There was discussion about the KESA model’s flexibility, comparison between the former building accreditation model and the new systems model, and OVT makeup. Mischel Miller, Bill Bagshaw and Jeannette Nobo from KSDE were the primary facilitators for the discussion and answered questions.

Board member comments and questions included the need for quantitative data, safeguards for accountability, selection of visitation teams members, monitoring of growth, districts’ predictive and effective rates, general summary of ARC recommendation and next steps.

The meeting adjourned at 12:05 p.m.

The next State Board meeting is June 12 and 13, 2018 in Topeka.

REQUEST AND RECOMMENDATION FOR BOARD ACTION

Agenda Number: 8

Staff Initiating: Suzanne Myers
Deputy Commissioner: Suzanne Myers
Commissioner: Randy Watson
Meeting Date: 7/10/2018

Item Title:

Act on Kansas model standards for Social, Emotional and Character Development

Recommended Motion:

It is moved that the Kansas State Board of Education approve the Kansas model standards for Social, Emotional and Character Development as presented.

Explanation of Situation Requiring Action:

The revised Social, Emotional and Character Development (SECD) standards were presented for review at the June State Board of Education meeting. The need to revise the standards has occurred as a result of 1) several new prevention statutes (i.e. bullying, youth suicide, opioid abuse) in Kansas; 2) SECD being a State Board Outcome; 3) a need to align SECD with the KSDE School Mental Health Initiative; and 4) emerging social-emotional learning initiatives, research and best practices.

KSDE staff will provide an overview of changes and answer questions.
Kansas

Social, Emotional, And Character Development Model Standards

Adopted by the Kansas State Board of Education, April 17, 2012
Revised July, 2018
The Mission of the State Board of Education is to prepare Kansas students for lifelong success through rigorous, quality academic instruction, career training and character development according to each student's gifts and talents.

The Kansans CAN Vision is to Lead the World in the Success of Each Student.

The Kansas State Board of Education consists of 10 elected members, each representing a district comprised of four contiguous senatorial districts. Board members serve four-year terms with an overlapping schedule. (View each one's profile and contact information by selecting his/her photo). Every other year, the State Board reorganizes to elect a chairman and vice-chairman. The State Board appoints a Commissioner of Education who serves as its executive director.
Effective social-emotional character development programs (SECD) impact thousands of Kansas students each year. Such vital programs, an integral part of each school’s educational program, must be designed to address the individual needs of students as we seek to realize the State Board Vision: “Kansas Leads the World in the Success of Each Student.”

The State Board Goal has set the social-emotional goal that “Each student develops the social, emotional, and character competencies that promote learning and success in life.” This in turn, will ensure that each student will also have the academic preparation, cognitive preparation, technical skills and employability skills to be successful in postsecondary education, or the workforce, without remediation. Our Social-Emotional Character Development (SECD) Standards will raise the bar to that end by establishing a framework for evidenced-based practices.

Research has demonstrated that implementing social-emotional character development strategies increases prosocial behavior, reduces problem behaviors, increases social and emotional skills, improves attitudes about self and others, and increases academic success. Additionally, and in light of, parallel current initiatives such as school mental health, trauma-sensitive schools, bullying prevention, youth suicide prevention, child sexual abuse prevention and school safety, SECD is crucial to ensuring the success of each student.

The Kansas Social-Emotional Character Development Revised Standards provide administrators, counselors, social-workers, school psychologists and classroom teachers the framework necessary to ensure the success of each student in Kansas.
The Social-Emotional Character Development Standards (SECD) were first approved by the Kansas State Board of Education in 2012. We are grateful for the prior work done by the Illinois Social, Emotional Learning Standards, and the Social and Emotional Learning (SEL) Standards and Benchmarks for the Anchorage School District, Alaska that the writing committee referenced and borrowed from. Kansas was the second state to adopt social-emotional competencies and the first state to integrate social-emotional learning and character development. This integration makes our Kansas SECD Standards unique. Currently there are three states, including Kansas, that have k-12 social-emotional competencies.

The need to revise the standards has occurred as a result of 1) several new prevention statutes (i.e. bullying, youth suicide, opioid abuse) in Kansas; 2) SECD being a State Board Outcome; 3) a need to align SECD with the KSDE School Mental Health Initiative; and 4) emerging social-emotional learning initiatives, research and best practices.

The work of the Standards Revision Committee is built on the research and practices from schools across Kansas, the Collaborative for Academic, Social, and Emotional Learning (CASEL), Character.org, Research and Collaboration (KU), the School Mental Health Advisory Group and participating Kansas Education Service Centers.

The Kansas SECD Standards are aligned with and supportive of 1) the Kansas Multi-Tier System of Supports (MTSS) 2) Positive Behavioral Interventions and Supports (PBIS) 3) trauma-sensitive schools 4) the Kansas Department of Education State Board Outcomes and 5) the Kansas School Mental Health Advisory Group.

We further acknowledge the participation of our SECD Revision Committee made up of teachers, counselors, psychologists, administrators, parents, community members, and curriculum and staff developers from over 25 school districts and educational organizations throughout the state. Their passion, expertise, and dedication are evident in this work.

Feedback gathered from over a dozen public comment sessions also informs the standards. Over 300 teachers, administrators, counselors, psychologists, and social workers reviewed the work and provided written feedback. Ninety-eight percent of the respondents Agreed or Strongly Agreed that, “The SECD Standards will be useful to me in my position,” and “The SECD Standards will support positive change in the climate and culture of Kansas schools.”

The SECD Writing Committee appreciates the support and challenge provided by the following Kansas State Dept. of Education staff: Dr. Scott Smith, Director, Career, Standards and Assessment Services (CSAS); Branden Johnson, Assistant Director, CSAS; Stacy Smith, Assistant Director (CSAS); Kent Reed, Counseling Education Program Consultant, CSAS; Dr. Suzy Myers, Standards Coordinator for CSAS; Myron Melton, Mental Health Education Program Consultant (ECSET); Jonathan Loppnow, Administrative Specialist CSAS; and Amanda Williams, Administrative Specialist CSAS. Their vision, analysis, and support of this work were critical.

SECD in Kansas would not have become the educational force it has without the support and encouragement from Dr. Randy Watson, Kansas Education Commissioner and Brad Neuenswander, Division of Learning Services Deputy Commissioner. Their commitment for SECD has been manifested through the Community Conversations Study, leading the State Board to adopt it as a State Outcome and the many presentations to educational, civic and business leaders about the merits of SECD. This has increased both the awareness and the significance of SECD and the SECD Standards.

This work is also informed by the Kansas Multi-Tiered System of Supports; Kansas Model School Counseling Standards, the School Mental Health Initiative and the Kansas Career and Technical Education Initiative. We are grateful for this powerful and important work.
Purpose

Social, Emotional, and Character Development (SECD) Standards provide a framework to schools for integrating social-emotional learning (SEL) with character development so that students will learn, practice and model essential personal life habits that contribute to academic, career, and personal success.

Definition

SECD standards encompass practicing good citizenship as respectful, responsible, empathetic and ethical individuals, through making healthy decisions, practicing personal safety, understanding risk prevention, promoting a positive school culture, problem solving effectively, and valuing excellence.

Core Beliefs

- SECD skills are teachable and measurable.
- SECD skills are essential for academic achievement.
- SECD skills are developed within a continuous growth process throughout life.
- SECD skills are acquired by students through intentional, integrated efforts of the entire school, family and community.
- SECD skills are best learned in a respectful, safe and civil school environment where adults are caring role models.

Postsecondary Success Goal

Students who are ready for postsecondary success must identify and demonstrate well-developed social-emotional skills and identified individual and community core principles that assure academic, vocational, and personal success. Students who are ready for postsecondary success in social-emotional and character development reflect these descriptions. These are not standards but instead offer a portrait of students who meet the standards in this document.

- They demonstrate character in their actions by treating others with respect and kindness and by giving their best effort.
- They assume responsibility for their thoughts and actions.
- They utilize a growth mindset and continually develop cognitively, emotionally and socially.
- They exhibit the skills to work independently and collaboratively with efficiency and effectiveness.
- They strive for excellence by committing to hard work, persistence and intrinsic motivation.
- They exhibit creativity and innovation, critical thinking and effective problem solving.
- They use resources, including technology and digital media, effectively, strategically capably and appropriately.
- They demonstrate an understanding of other perspectives and cultures; showing empathy for the feelings and beliefs of others.
- They model the responsibility of citizenship and exhibit respect for human dignity.

Subject: Receive Accreditation Review Council recommendations for systems seeking accreditation through KESA

The State Board of Education approved the Kansas Education Systems Accreditation (KESA) in 2016 as the new model to accredit schools in Kansas. The KESA shifts accreditation from schools to the district/system level as well as moves accreditation from a yearly event to a five-year improvement model approach. When a district/system moves through the KESA process and obtains an accreditation status, that accreditation status encompasses all buildings within that system.

The 2017-2018 school year was the KESA implementation year. Based on criteria, systems determined which year of the five-year process their system would enter into the KESA process. Therefore, staggered implementation is in place.

In the KESA model, an Outside Visitation Team (OVT) visits the system yearly to support and review progress toward its accreditation and State Board goals. A state-level review committee called the Accreditation Review Council (ARC) carefully reviews all OVT documentation and submits a recommended accreditation status for the system to the State Board of Education for final consideration.

Seven systems, both public and private, entered KESA as year five systems. The ARC has reviewed these seven systems' documentation. Attached for the State Board’s review are the Executive Summaries for each system with a recommended accreditation status from the ARC.

These seven systems are:

Executive Summary

The information contained in this executive summary is supported by evidence and observation documented by the Outside Visitation Team and is presented to the Accreditation Review Council for the purpose of making an accreditation level recommendation to the state board.

1. This system has assuredly followed the KESA process with an expected level of fidelity.

The district followed the process identified by KSDE to complete accreditation.

2. Compliance areas are assuredly addressed.

State has provided data that indicates the district has met all compliance issues.

3. Foundational areas are generally addressed.

In the future, detailed evidence is needed to verify full systems impact and growth for PreK-12.

4. Evidence is generally documented that Goal 1 activities and strategies were identified, implemented and produced reasonable results.

The district has reached out to the community to gain feedback regarding community (parent) satisfaction. However, the number of surveys returned has declined over time. Why? Are those not responding disenfranchised? Some additional information regarding how the nine action steps were met should be provided. An additional question to ask is how the MTSS question relates to relationships.
5. Evidence is generally documented that Goal 2 activities and strategies were identified, implemented and produced reasonable results.

The district has provided a long range plan that is posted on the website with the vision and belief statements.

6. System stakeholders relevant to each part of the KESA process were assuredly involved during the accreditation cycle.

Evidence was provided that stakeholders were involved in the accreditation process.

7. System leadership was assuredly responsive to the Outside Visitation Team throughout the accreditation cycle.

Leadership within the district did work with the OVT as they sought accreditation.

8. Evidence is assuredly documented that policies, procedures, and regulations guiding the system for the purpose of long term sustainability have been created and or updated.

The OVT verified that the district does have needed policies, procedures, and regulations to sustain the work.

9. The evidence submitted to the Accreditation Review Council indicates the system generally demonstrates significant gains in meeting the expectations of the Kansas Vision For Education and state board outcomes.

The district has provided documentation that the process of KESA was followed.

Meeting Date: 7/10/2018

Item Title:

Act on the recommendations of the Professional Practices Commission (no discipline)

Recommended Motion:

It is moved that the Kansas State Board of Education adopt the findings of fact and conclusions of law of the Professional Practices Commission and issue the requested licenses for Brooke Martin, Katelyn Marcotte and Todd Clark.

Explanation of Situation Requiring Action:

The following cases were reviewed by the Professional Practices Commission on April 23, 2018.

1. **Brooke Martin, 18-PPC-15**, applied for an Emergency Substitute Teaching License. On or about December 22, 2015 engaged in misconduct by stealing makeup from Wal-Mart. She subsequently entered and completed a term of diversion. The Professional Practices Commission recommends Ms. Martin’s license be granted as well as any other license for which she would otherwise qualify.

2. **Katelyn Marcotte, 18-PPC-06**, applied for an Emergency Substitute Teaching License. On or about October 31, 2016, Ms. Marcotte entered into a diversion agreement after having been charged with possession of marijuana and possession of drug paraphernalia. The Professional Practices Commission recommends Ms. Marcotte’s license be granted as well as any other license for which she would otherwise qualify.

3. **Todd Clark, 18-PPC-13**, applied for a full Professional License after having been previously licensed by the State Board. In 2013 Mr. Clark was convicted of possession of marijuana. This is now the third time he’s appeared before the Professional Practices Commission having been granted his license each of the prior two appearances. PROFESSIONAL PRACTICES COMMISSION

In the Matter of
the License
of Todd Clark

18-PPC-13

INITIAL ORDER

The above-captioned case comes on for hearing before the Professional Practices
Commission (Commission) of the Kansas State Board of Education ("State Board") upon
Complaint filed by the Kansas State Department of Education seeking revocation of Mr. Clark's
professional license.

The hearing on this matter convened on April 23rd, 2018. Kelli Broers appeared as counsel
for KSDE. Mr. Clark appeared on his own behalf.

FINDINGS OF FACT

1. Mr. Clark currently holds a Kansas professional teaching license.

2. On August 13, 2015, the Professional Practices Commission recommended Todd Clark be
   granted a one-year non-renewable Initial License subject to the condition that he reappear
   before the Commission when seeking any subsequent license. This condition was recommended
   because of Mr. Clark's 2013 conviction for misdemeanor possession of marijuana. The Kansas
   State Board of Education (State Board) adopted the Commission's recommendation and granted
   Mr. Clark's application on September 8, 2015. Mr. Clark has been licensed since.

3. Mr. Clark comes now before the State Board to request a Professional License.

4. Mr. Clark again acknowledged the wrongfulness of his past conduct and expressed remorse for
   the conduct.

5. Mr. Clark supplied two letters of recommendation, both of whom endorsed Mr. Clark and
   indicated they were aware of his criminal conviction.
6. Mr. Clark also supplied negative drug tests since the last time he appeared before the Professional Practices Commission.

CONCLUSIONS OF LAW

1. The Kansas State Board of Education (State Board) is responsible for the general supervision of education, including the certification and licensure of Kansas teachers. Kan. Const., Art. VI and K.S.A. 72-7513.

2. The State Board may revoke a license for misconduct or other just cause. K.A.R. 91-22-1a(a).

3. Additionally, the State Board may revoke a teaching license if an individual has been convicted of any misdemeanor involving drugs. K.A.R. 91-22-1a(a)(3).

4. The Commission finds Mr. Clark demonstrated a present recognition of the wrongfulness of his conduct and expressed remorse for his conduct. It also finds Mr. Clark to be sincere and credible.

5. The Commission finds that nearly three years have passed since the criminal conduct occurred. There is no evidence Mr. Clark has engaged in any subsequent criminal activity. The Commission believes Mr. Clark is rehabilitated.

6. The Commission finds that while licensed, Mr. Clark has demonstrated his fitness to teach.

THEREFORE, the Professional Practices Commission recommends to the State Board by a vote of 6 – 0 that Todd Clark’s application for this license and any other licensure for which he may apply and be otherwise qualified should be granted.

Staff Initiating: Scott Gordon

Meeting Date: 7/10/2018

Item Title:
Act on the recommendations of the Professional Practices Commission (revocation)

Recommended Motion:
It is moved that the Kansas State Board of Education adopt the findings of fact and conclusions of law of the Professional Practices Commission and revoke the licenses of Laurie Fry and Martin Segovia.

Explanation of Situation Requiring Action:
The following cases were reviewed by the Professional Practices Commission on April 23, 2018.

1. **Laurie Fry, 18-PPC-09**, engaged in misconduct when she inappropriately handled special education students, used an inappropriate tone with students, and had to be told several times to “keep her hands off” students while teaching in California. Her California teaching license has been revoked. She did not respond to the Complaint filed by the Kansas State Department of Education nor did she appear before the Professional Practices Commission. The Commission recommends Ms. Fry’s license be revoked.

2. **Martin Segovia, 17-PPC-39**, engaged in misconduct when he deprived his employing school district of $10,930.00. He was convicted of theft on June 15, 2017. Mr. Segovia voluntarily surrendered his license on April 17, 2018 by way of a signed, notarized document. The Commission recommends Mr. Segovia’s surrender be accepted and his license be revoked.

Documents for each case are available for review in the Office of General Counsel.
BEFORE THE KANSAS STATE BOARD OF EDUCATION
PROFESSIONAL PRACTICES COMMISSION

In the Matter of
the License of
Laurie Fry

18-PPC-09

INITIAL ORDER

The above-captioned case comes on for hearing before the Professional Practices Commission
(Commission) of the Kansas State Board of Education (State Board) upon the Complaint/Request
by the Kansas State Department of Education to revoke the license of Laurie Fry.

The hearing on this matter convened on April 23, 2018.

Kelli Broers appeared as counsel for KSDE.

Laurie Fry did not appear.

FINDINGS OF FACT

1. Laurie Fry holds a substitute teaching license issued by the State Board. Fry also held a
California license. Her California license was revoked because she inappropriately handled
special education students, used an inappropriate tone with students, and had to be told
several times to “keep her hands off” students.

2. Filed a Complaint suggesting Ms. Fry’s Kansas license should similarly be revoked.

3. Ms. Fry did not file a written response to the Complaint, nor did she request a hearing.

CONCLUSIONS OF LAW
AND
DISCUSSION

1. The State Board may revoke a license for misconduct or other just cause. K.A.R. 91-22-1a(a).
2. The State Board may revoke the license of an individual who has had a license revoked in another state on grounds similar to any of the grounds provided in K.A.R. 91-22-1a(a). K.A.R. 91-22-1a(a)(13). At a minimum, Fry’s California conduct constitutes misconduct or other just cause, i.e., the mistreatment of special education students. The allegations within the Complaint also constitute physical abuse.

3. Teaching and school administration are professions with all the similar rights, responsibilities and privileges accorded other legally recognized professions. K.S.A. 72-2308.

4. Fry’s conduct is inconsistent with the commonly held perceptions and expectations of a member of the teaching profession. Such conduct violates the public trust and confidence placed in members of the profession. Fry’s conduct demonstrates a lack of fitness to perform the duties and responsibilities of a member of the teaching and school administration professions and is sufficient and just cause to revoke her license.

5. The Kansas Administrative Procedure Act allows for default findings against a Respondent that does not respond to a Complaint such as that filed by KSDE.

   IT IS THEREFORE RECOMMENDED by the Professional Practices Commission to the Kansas State Board of Education, by a vote of 5 - 0, that Ms. Fry’s substitute teaching license should be revoked based on the revocation of her California license, the underlying misconduct of physically abusing children, and because she failed to respond to the Complaint filed in this case.

   This Initial Order is made and entered this April 23, 2018.

INITIAL ORDER

The above-captioned case comes on for hearing before the Professional Practices
Commission (Commission) of the Kansas State Board of Education ("State Board") upon
Complaint filed by the Kansas State Department of Education seeking revocation of Mr. Segovia's
professional license.

The hearing on this matter convened on April 23rd, 2018. Kelli Broers appeared as counsel
for KSDE. Mr. Segovia did not appear.

FINDINGS OF FACT

1. Martin Segovia currently holds a Kansas professional teaching license.

2. On or about June 15, 2017, Segovia entered a plea of no contest and was found guilty of
misdemeanor criminal deprivation of property.

3. Segovia was sentenced to thirty days unsupervised probation and was ordered to pay $10,930 in
restitution to USD 457, Garden City, Kansas.

4. On April 17, 2018 Mr. Segovia voluntarily surrendering his license by way of a signed, notarized
document.

CONCLUSIONS OF LAW

1. The Kansas State Board of Education (State Board) is responsible for the general supervision
of education, including the certification and licensure of Kansas teachers. Kan. Const., Art. VI
and K.S.A. 72-7513.
2. The State Board may revoke a license for misconduct or other just cause. K.A.R. 91-22-1a(a).

3. Additionally, the State Board may revoke a teaching license if an individual has been convicted of any misdemeanor involving theft. K.A.R. 91-22-1a(a)(3).

4. The State Board may cancel, i.e., revoke, a teaching license on the grounds of immorality. K.S.A. 72-1383; Hainline v. Bond, 250 Kan. 217 (1992). One of the obvious goals of education is to “instill respect for the law.” An educator is a role model. Hainline at 224.

5. In Kansas, teaching and school administration are professions with all the similar rights, responsibilities, and privileges accorded other legally recognized professions. K.S.A. 72-8501.

6. Segovia’s conduct is inconsistent with the commonly held perceptions and expectations of a member of the teaching profession. To wit: he was found guilty after having deprived his employer, a Kansas school district, of $10,930. Such conduct violates the public trust and confidence placed in the profession and demonstrates a lack of fitness to perform the duties and responsibilities of a member of the teaching and school administration professions. Such conduct is sufficient and just cause to revoke Segovia’s license.

THEREFORE the Professional Practices Commission recommends to the State Board by a vote of 5 – 0 that Martin Segovia’s license and any attached endorsements be revoked due to his criminal conviction, his underlying professional misconduct, and his voluntary surrender.

This Initial Order is made and entered this April 23rd, 2018.

Meeting Date: 7/10/2018

Item Title:

Act on the recommendations of the Professional Practices Commission regarding Trenton Banning

Recommended Motion:

It is moved that the Kansas State Board of Education issue the recommended findings of fact and conclusions of law and revoke the professional license of Trenton Banning.

Explanation of Situation Requiring Action:

Trenton Banning, licensed by the State Board since 2017, faces criminal charges in Cheyenne County, Colorado. He is charged with Sexual Assault on a child in a Position of Trust and charged with Sexual Assault. The Kansas State Department of Education filed a complaint requesting Mr. Banning’s license be revoked. The Professional Practices Commission (“PPC”) conducted a full evidentiary hearing on April 23, 2018. Mr. Banning represented himself. The Kansas State Department of Education was represented by Kelli Broers.

The Professional Practices Commission recommends Mr. Banning’s license be suspended until January 1, 2020. The Kansas State Department of Education filed a Petition for State Board review, and requested oral argument. R. Scott Gordon will present oral argument on behalf of the Department.

The materials include the Petition for Review, a Proposed Final Order, the PPC’s Initial Order, and all exhibits introduced during the hearing. the License of
Trenton Banning

OAH No. 18ED0009

PETITION FOR REVIEW

Trenton Banning is a 28-year-old man licensed by the Kansas State Board of Education ("State Board"). Sometime between October 10th, 2017 and November 17, 2018, Mr. Banning had sexual intercourse with a 15-year-old female student in his car. Although the young woman initially denied the relationship to law enforcement, she eventually disclosed information about a relationship with Mr. Banning to two of her closest friends as well as to her older sister, her parents, and to the Executive Director of the Western Kansas Child Advocacy Center during a forensic interview. Mr. Banning denies the existence of any such relationship or sexual activity.

The Professional Practices Commission (PPC) conducted a hearing on April 23, 2018. The PPC heard testimony from law enforcement and from Mr. Banning himself. The victim was unavailable because she has since moved to Germany to live with her older sister. In spite of the Kansas State Department of Education’s recommendation for the revocation of Mr. Banning’s license, the PPC recommends suspending his current license until January 1, 2020.

The PPC refused to determine whether misconduct occurred. The PPC also failed to provide any factual basis for its recommendation. For those two reasons, the Kansas State Department of Education asks the Kansas State Board of Education to conduct its own review of the evidence and to revoke Trenton Banning’s license. This review is proper under state law (K.S.A. 77-527 and K.A.R. 91-22-25(b)). In support of this request, the Kansas State Department of Education offers the following:
1. The PPC opines that the employing school district’s decision to allow Mr. Banning to resign rather than going through the process of terminating his employment “could be viewed as an indication of their perception of the veracity of the allegations made against him.” [Initial Order, Pg. 5]. This makes absolutely no sense, and directly contradicts the actual evidence. The PPC asked Superintendent David Hale if the [Weskan School] Board considered simply terminating Mr. Banning’s employment and not giving him the opportunity to resign [PPC23Ap18 video recording at 57:33]. Mr. Hale explained that the Board had decided to terminate Mr. Banning’s employment, but it was advised by an attorney with the Kansas Association of School Boards to give Mr. Banning the option to resign. Additionally, Mr. Hale wrote in a sworn affidavit that after he and the school board president met with the victim and her mother, they believed the victim was trying to protect Mr. Banning and that the allegations were probably true. [Exhibit B, pg. 2]. Contrary to the PPC’s opinion, the evidence explicitly demonstrates that both Mr. Hale and the Weskan School Board feel Mr. Banning is not fit to teach.

2. An important responsibility of the State Board is to determine whether the licensee engaged in any form of misconduct as described in K.A.R. 91-22-1a. The PPC’s Initial Order states that it “is not willing in this case, or any other case, to revoke a teaching license based merely on allegations, albeit serious allegations.” [Initial Order, Page 5]. Apparently, the PPC now believes that allegations must be proven by way of a criminal conviction before they will even consider recommending discipline. This makes no sense.

The PPC – and subsequently the Kansas State Board of Education – has found misconduct to have occurred on several occasions without an underlying criminal
conviction (i.e. Todd Puetz 13PPC46 bad judgment, Jerry Daskoski 13PPC09 theft and
dishonesty, Eden Bloom 14PPC31 drug possession and trespassing, Kelly Dockter
14PPC14 child endangerment). Although the PPC may have had “concerns” with its role
as a fact-finder, it clearly found enough evidence to find that Mr. Banning engaged in
professional misconduct. If the PPC did not believe there was any such misconduct, then
they would not have recommended any discipline at all.

So the only remaining question is whether Mr. Banning’s misconduct warrant more than
a mere 17 month suspension of his license.

3. The evidence supports a level of professional misconduct warranting the revocation of
Trenton Banning’s license. Specifically;

- In spite of being told to not use social media to communicate with students, Banning
  added/friended multiple students and communicated with them using a form of social
  media (i.e. Snapchat) designed specifically to share messages that disappear.

- The victim consistently provided a very specific, detailed description of sexual
  intercourse occurring between Banning and herself. The victim first described the
  relationship to her friends, and then to Kelly Robbins. Ms. Robbins is currently the
  director of the Western Kansas Child Advocacy Center after having retired as a
  Forensic Scientist with the Kansas Bureau of Investigation. Ms. Robbins testified
  during the PPC hearing that many times children will “accidently disclose”
  information by sharing with a close friend or friends because they just need to talk to
  someone about it. The allegations against Banning came about due to friends of the
  victim talking to their parents and to the police about what they had been told by the
  victim.

Petition to Review Banning 3
• Ms. Robbins also testified that based on her research and her experience, only half of one percent (.05%) of disclosures of sexual activity from children turn out to be false.

• Banning claims some of his students and their parents did not like him because he put academics before sports and because he had higher standards than to which his students were accustomed. However, Banning acknowledged during his testimony that the victim was a well-performing student who would have no such motivation to falsify her allegations.

• Since Banning’s resignation, Supt. Hale was contacted by the school district (Miami, OK) where Banning student taught. The superintendent of the Miami school district called Supt. Hale to let him know there are now pending allegations of inappropriate relationships between Banning and a student or students during his time as a student teacher.

4. The burden of proof for licensure cases is significantly lower than a burden of proof needed for a criminal conviction. Unlike criminal cases, the Kansas State Board of Education need not believe the misconduct has been proven beyond a reasonable doubt. The question is not one of absolute proof, but whether there is substantial, competent evidence to justify an agency action. Here, the State Board has more than enough evidence to warrant the revocation of Trenton Banning’s teaching license and need not rely on the criminal justice system.

Requested Action
For these reasons, KSDE requests that the State Board exercise its authority to conduct its own review of the evidence presented in this case and reach its own conclusion regarding the type of discipline warranted. KSDE continues to believe revocation is appropriate, and will provide a proposed Final Order for the State Board's consideration.

Respectfully submitted,

KSDE’S PROPOSED FINAL ORDER
BEFORE THE KANSAS STATE BOARD OF EDUCATION

In the Matter of
The Professional License
of Trenton Banning

Case No. 17-PPC-42
OAH No. 18ED0009

FINAL ORDER

Now, on this the 10th day of July, 2018, the above-captioned matter comes on for consideration by the Kansas State Board of Education (“State Board”) upon the Complaint filed by the Kansas State Department of Education (“KSDE”) requesting revocation of Trenton Banning’s teaching license. Appearing for the State Board are Chairman Jim Porter and members John Bacon, Kathy Busch, Deena Horst, Jim McNiece, Janet Waugh, Ken Willard, Steve Roberts, and Ann Mah.

WHEREUPON a full evidentiary hearing was held before the Professional Practices Commission (“Commission”) and such hearing was conducted on April 23, 2018. At that hearing Mr. Banning appeared on his own behalf. KSDE appeared by and through counsel Kelly M. Broers.

WHEREUPON the State Board reviewed the recommendations of the Commission, the video recording of all but a small portion of the April 23rd hearing, and all evidence made available to the Commission including the video-taped forensic interview of the alleged victim. The State Board granted the Request for Oral Argument filed by KSDE. Mr. Banning filed no similar request and did not file an objection to KSDE’s request. After hearing oral argument by KSDE’s General Counsel R. Scott Gordon and considering all of the evidence, the State Board decides to reject the findings of fact and conclusions of law issued by the Commission. Instead, the State Board enters the following findings of fact and conclusions to support the decision to cancel and revoke the professional teaching license of Trenton Banning.

1. Trenton Banning holds a BSE from Pittsburg State University. He was first licensed by the State Board in 2017.
2. USD 242 (Weskan) hired Mr. Banning as a 7-12 grade social studies teacher in August, 2017.
3. All employees of USD 242, including Mr. Banning, were instructed to not add students to their personal social media accounts such as Facebook or Snapchat. Mr. Banning chose to ignore the school policy and added some students to his personal accounts even after having been told to remove them.
4. The social media platform “Snapchat” deletes text and photo messages by default. Although the setting may be changed and there are ways of preserving photographs, the purpose and appeal of Snapchat is that messages become inaccessible after a short amount of time.
5. In late October/early November 2017 the superintendent of USD 242 (David Hale) investigated complaints from female students regarding Mr. Banning. At that time there was no finding of misconduct.
6. On November 17th, a student told officers with the Wallace County Sheriff’s Office she had seen a photograph of Mr. Banning’s penis on another student’s cell phone. The owner of that phone
is the 15-year-old victim in Mr. Banning’s pending criminal case, hereinafter referred to as the victim.

7. On November 19th, Superintendent Hale learned of allegations involving the exchange of nude photographs and a possible sexual relationship between Mr. Banning and a student. Mr. Banning was suspended with pay pending further notice.

8. Although the victim initially denied the allegations to Superintendent Hale, she eventually disclosed to close friends and her own family that she had had sexual intercourse with Mr. Banning. Those friends came forward and disclosed to law enforcement and to Superintendent Hale what the victim told them.

10. On December 11, 2017, the victim was interviewed by Kelly Robbins. Ms. Robbins is the Director of the Western Kansas Child Advocacy Center.

11. The victim disclosed to Ms. Robbins that she and Mr. Banning had initially connected on Snapchat and after flirting for a few months engaged in sexual intercourse. The intercourse took place sometime between October 10, 2017 and November 17, 2017 in Mr. Banning’s vehicle.

12. The victim’s family withdrew her from USD 242. She now lives in Germany with her older sister.

In light of these facts, the State Board reaches the following conclusions:

1. Any license issued by the State Board may be cancelled by the State Board in the manner provided by law. K.S.A. 72-2155.

2. The Commission conducted a full evidentiary hearing on the matter. All of the materials involving the licensure of Trenton Banning were included in the Board packet and were submitted to the Board for review prior to the meeting.

3. The Initial Order of the PPC is not a Final Order and is required to be reviewed by the Kansas State Board of Education. K.S.A. 72-2313, K.A.R. 91-22-25(b).

4. The State Board of Education is responsible for the general supervision of education, including the certification and licensure of teachers, in Kansas. K.S.A. 72-255 and Kan. Const., Art. VI.

5. The State Board finds the victim’s statements during her interview to be trustworthy and compelling. Ms. Robbins testified during the Commission’s hearing that based on her experience and her research, she believes many times children will accidently disclose information by sharing with a close friend or friends because they just need to talk to someone about it. The State Board believes this is what happened in this case. The victim disclosed to her friends, who eventually talked to their own parents and to the police. Ms. Robbins also testified that based on her research and her experience, only 0.5% of disclosures of sexual activity from children turn out to be false. The State Board has no reason to believe that the victim has not been truthful in this case.

6. The State Board finds Superintendent Hale’s testimony about the district’s decision to terminate Mr. Banning compelling. District staff knew the victim, the other students that came forward, and Mr. Banning. Hale testified that staff believed the victim was initially lying about not having a relationship with Mr. Banning and believed she was trying to cover for him. Hale also testified that they were proceeding with termination even before giving Mr. Banning the opportunity to resign.

7. When asked if he knew of any reason for the victim to make up allegations of a sexual relationship, Mr. Banning’s only response was that many people did not like him in the school district because of his high expectations. That does not mesh with his later testimony, during which he states the victim performed well in his class and had no academic or disciplinary problems.
8. The State Board is bothered that Mr. Banning brought up his then-girlfriend’s dislike of the victim without giving any reasonable explanation as to why his girlfriend would know the victim much less have any reason to dislike her. In light of the allegations against him, it was a bizarre revelation.

9. The State Board is also bothered by the rebuttal testimony from Superintendent Hale. Although not much information was available, there appears to be a pattern of allegations of inappropriate relationships with students going back to Mr. Banning’s days as a student teacher. This pattern reflects an inability to maintain appropriate boundaries between himself and the student body. The State Board is not insensitive to the desire of a young teacher to be the popular teacher or to be seen as someone to whom students are comfortable talking. However, there is a line that should never be crossed, and Mr. Banning has demonstrated an inability to stop himself from crossing it.

10. An important responsibility of the State Board is to determine whether the licensee engaged in any form of misconduct as described in K.A.R. 91-22-1a. The State Board disagrees with the Commission’s ultimate recommendation, and finds that there is sufficient evidence to believe Mr. Banning engaged in professional misconduct as described in K.A.R. 91-22-1a(7) and (8).

11. The State Board is aware of the Department for Children and Family’s investigation and lack of a finding of child abuse. The State Board is also aware of the pending criminal case. Those investigations are separate from and independent of any findings by the State Board. Each agency is charged with answering different questions. Each agency’s proceedings may have evidentiary limitations and/or higher burdens of proof than State Board licensure cases. The State Board finds these other investigations have no bearing on the State Board’s ability to find that Mr. Banning engaged in professional misconduct.

12. The State Board is not suspending Mr. Banning as recommended by the Commission. The State Board does not believe the recommended discipline is proper or warranted. There is substantial competent evidence to support the conclusion that an inappropriate relationship with a student occurred. This warrants more severe discipline.

13. It should be noted that under current Kansas law, a revocation in this circumstance (without a criminal conviction) is not the equivalent of a lifetime ban. If, for example, Mr. Banning is completely exonerated during the pendency of his criminal case or if he is somehow able to show rehabilitation, he has the option of applying for re-licensure at a later date.

14. When there is a substantiated allegation of inappropriate relationships with a student, the State Board is justified in revoking the license of that teacher.

Therefore, having regard for the nature and seriousness of Mr. Banning’s misconduct, it is ordered by the Kansas State Board of Education that Trenton Banning’s license and any endorsements which may be attached to it are hereby revoked.

This Final Order is made and entered this 10th day of July, 2018.

INITIAL ORDER

Statement of Case

The above-captioned case comes on for hearing before the Professional Practices Commission (Commission) of the Kansas State Department of Education (KSDE) upon the Complaint filed by the KSDE seeking revocation of the license of Trenton Banning.

The hearing was held on April 23, 2018. Appearing for the Commission were: chairperson, Linda Sieck; vice chairperson, Jessica Snyder; and members, Vici Jennings, Sylvia Ramirez, Nathan Reed, and Maret Schrader.

Mr. Banning appeared pro se. The KSDE appeared by and through its attorney, Kelli Broers.

Findings of Fact

Mr. Banning, a 28-year-old man, holds a 2017 BSE from Pittsburg State University. He was first licensed as a Kansas educator in 2017.

In August 2017, Mr. Banning was hired by Weskan Schools, USD 242 (Weskan) as a 7-12 social studies teacher.

In late October, early November 2017, David Hale, Superintendent of Weskan received complaints from three female students regarding comments Mr. Banning
allegedly made in his classroom. Mr. Hale investigated and did not find any misconduct. Mr. Hale, however, spoke to Mr. Banning about the alleged comments.

On or about November 10, 2017, an anonymous individual made a report to the Kansas Department for Children and Families (DCF) regarding Mr. Banning.

Also, on or about November 10, 2017, a local youth pastor made a complaint to the Wallace County Sheriff’s Office (Wallace County) regarding Mr. Banning.

DCF was unable to substantiate any findings of abuse. Wallace County continued to investigate, as did Mr. Hale.

On November 17, 2017, a student, EK, told Wallace County she had seen a photo of Mr. Banning’s penis on the cell phone of another student, BM. BM is the 15-year-old alleged victim named in Mr. Banning’s pending criminal case.

On November 17, 2017, a Forensic Interview of EK was conducted by Victoria Kramer of the Child Advocacy Center. EK stated that she had seen a picture of a penis and legs in a bathtub on BM’s cell phone. EK stated that she believed it was Mr. Banning because of the visible short, hairy legs. She also told Ms. Kramer the details BM had shared with her regarding her [BM] and Mr. Banning’s sexual encounter.

On November 17, 2017, Ms. Kramer interviewed BM. At that time, BM denied having a relationship with Mr. Banning.

Also, on November 17, 2017, Mr. Banning appeared at the Sherriff’s Department. He admitted that he interacted with the students through social media but denied using the Snapchat accounts found on BM’s cell phone. He also told the Sheriff that he had deleted the contents of his phone prior to coming to the office to keep his private life
On November 19, 2017, Mr. Hale learned about the allegations of a possible exchange of nude photos and a possible sexual relationship with BM. Mr. Hale suspended Mr. Banning with pay until further notice.

On November 20, 2017, Mr. Hale interviewed BM with her mother present. BM denied the allegations regarding her and Mr. Banning.

On November 21, 2017, the youth pastor who had made the report to Wallace County met with Mr. Hale. He shared the basis for his initial report, that being, he was told by a student that BM admitted she and Banning engaged in sexual intercourse.

On November 27, 2017, another student met with Mr. Hale and told him that BM had told her that she had engaged in a sexual relationship with Mr. Banning.

On November 29, 2017, Mr. Banning was provided the option to resign. He submitted a letter of resignation on November 30, 2017.

On December 4, 2017, BM’s sister told Mr. Hale that BM had admitted to the family that she and Mr. Banning had been having a relationship for several weeks involving texting, sharing indecent photographs through Snapchat, engaging in oral sex, and having sexual intercourse.

On December 11, 2017, Kelly Robbins with the Children’s Advocacy Center conducted an interview with BM. During this interview, BM stated that she and Mr. Banning were connected on Snapchat in September 2017. She claimed that, initially, the contact was benign but within a week it had turned flirtatious. BM claimed that Mr. Banning sent her a Snapchat of his genitalia and that he asked her to respond with
photos of herself.

BM recounted that sometime between October 10, 2017 and November 17, 2017, she and Mr. Banning had had a relationship and provided the details including their having engaged in oral sex and sexual intercourse in his car while parked in Colorado.

On December 20, 2017, the KSDE filed a Complaint seeking revocation of his teaching license based on his alleged misconduct with a minor student.

Mr. Banning timely requested a hearing.

On February 27, 2018, Mr. Banning was criminally charged in Colorado.

Conclusions of Law and Discussion

K.A.R. 91-22-1a(a) provides, in pertinent part, that “[a]ny license issued by the state board may be suspended or revoked, or the license holder may be publicly censured by the state board for misconduct or other just cause.

The KSDE is seeking revocation of Mr. Banning’s teaching license. For the following reasons, the Commission is not willing to revoke Mr. Banning’s license.

Initially, the Commission is somewhat perplexed by the actions taken by Mr. Hale and/or the USD 242 Board. Mr. Hale was involved, first, with handling complaints by students about inappropriate comments made by Mr. Banning. Then, after meeting with several individuals including the student who was allegedly involved in a sexual relationship with Mr. Banning, her sister, another student, and a youth pastor, all of whom reported the alleged criminal misconduct of Mr. Banning with BM, Mr. Hale
and/or the USD 242 Board provided Mr. Banning the option of resigning rather than be fired. The choice to not fire Mr. Banning could be viewed as an indication of their perception of the veracity of the allegations made against him.

Notwithstanding, the Commission has concerns as to the position in which it has been placed in this matter. The Commission recognizes that the KSDE is obligated to ensure that the health, safety, and welfare of students are not placed at risk by licensed educators. The Commission is also aware that the allegations against Mr. Banning are of a serious nature, so much so as to warrant charges being filed against him in Colorado. However, revocation of a teaching license, or any professional license, is a serious sanction.

Mr. Banning has been adamant, at all stages, that he did not send inappropriate pictures to BM and that he did not have a sexual relationship with her. At this time, the allegations regarding Mr. Banning and BM are simply allegations that have not been proven. The criminal matter against Mr. Banning is still pending.

The Commission is not willing in this case, or any other case, to revoke a teaching license based merely on allegations, albeit serious allegations. Rather, the Commission finds that suspension of Mr. Banning’s license until January 1, 2020, is warranted.

On a vote of 5-1, it is recommended by the Professional Practices Commission to the Kansas State Board of Education that Mr. Banning’s license be suspended until January 1, 2020.

This Order is not a Final Order. The Kansas State Board of Education must review the order in accordance with the provisions of the Kansas Administrative
Procedure Act. The State Board will review all issues. Notice of review with the specific date and time will be provided to the parties within 15 days of the review.

You may submit to the State Board for its consideration as part of its review of the Initial Order, a written brief citing legal authority as to why the above recommendation should not be accepted. You must file the brief with the State Board Secretary at the address indicated below within **ten calendar days** after service of the Initial Order for transmittal to the State Board. You must also make any request for oral argument at that time.

Affidavit of David Hale

1. My name is David Hale. I am superintendent at Weskan Schools – USD 242, 219 Coyote Boulevard, Weskan, Kansas 67762.

2. Weskan Schools hired Trenton Banning in August 2017. He served our district as a 7-12 social studies teacher. He resigned on November 30, 2017.

3. On October 31 and November 1, 2017, I received complaints from three female students about comments Mr. Banning had made in classroom. None of the students reported anything I considered inappropriate. They stated he made comments to the females in class they felt were sexist and he, overall, gave them a weird feeling they didn’t like. I did talk to Mr. Banning about the complaints but at that point there were no real red flags.

4. I didn’t know it until almost a week later, but two reports were made about Mr. Banning on November 10, 2017. The first report was made to the Kansas Department for Children and Families (DCF). That report was made by an anonymous person and I still have no idea who it was. The second report was made by Community Member 1, who is a local youth pastor. That report was made to the Wallace County Sheriff’s Office.

5. On November 16, 2017, I received an email in the afternoon giving me written notice that a complaint had been made about Mr. Banning to DCF. I read the report and immediately called DCF to get clarification. They stated that the complaint alleged that Mr. Banning had friended several students on Facebook and the reporter was concerned there might be inappropriate contact between him and the students. It also stated that Mr. Banning had made several inappropriate comments to female students in the classroom such as complimenting them on their bodies and stating, "I like what I see". I asked DCF if they felt this was credible and they said they had investigated and there was no credible evidence to substantiate the claim so they considered the case closed. After school, I pulled Mr. Banning into the office to discuss the DCF report, the social media policy we had already discussed at in-services, and why we have it in place. Mr. Banning admitted to re-friending students on social media after his girlfriend left. He said he'd initially taken them off but then put them back on. He also admits to telling female students, "I like what I see."

6. On November 17, 2017, I received a phone call from the Wallace County Sheriff, Larry Townsend, that a complaint had been filed by a community member against Mr. Banning. At the time he did not tell me who had filed the complaint but I later found out that it was made by Community Member 1. Sheriff Townsend told me that he wanted me to be aware that something was going on but gave me no details and asked me to not say anything to anyone about the report until I heard back from him.
7. On November 19, 2017, Sheriff Townsend called me with a few more details. He said there were complaints that Mr. Banning may be having a sexual relationship with one of the students as well as sexual photos sent to the student on Snapchat. I am unaware if the photos were exchanged between the two or whether they were just from Mr. Banning to Student 1. I looked up the policy for suspension of a staff member to make sure I handled things properly and then immediately called Mr. Banning to inform him that he was suspended with pay until further notice.

8. On November 20, 2017, I called for a special board of education (BOE) meeting at 7:00 am Monday morning to inform the BOE of my decision to suspend Mr. Banning and what few details I knew. At the conclusion of the meeting, Student 1 and her mother were waiting in my office to talk to me. Since we had just had a BOE meeting, the BOE president Aaron Aldridge was still here. I asked the mother if it was okay for him to sit in on the meeting with us so I would have another pair of ears. She agreed to that. Mom told us they had been interviewed by the sheriff over the weekend and she was angry that someone had filed a report about her daughter without talking to her. Student 1 was angry because she was worried that the allegations might ruin Mr. Banning's career and there was no truth to the rumors. She was very passionate in her pleas for us to ignore the rumors. So much so that when the meeting was over and they had left, Mr. Aldridge and I talked about it and we both believed Student 1 was lying to protect Mr. Banning and the allegations were probably true. We had no proof, just a gut feeling.

9. On November 21, 2017, Community Member 1 came by my office and asked to talk to me. At this point I did not know who had made the initial report to law enforcement. Community Member 1 told me in this meeting it was him. He was concerned that law enforcement had not told me any details and he was afraid I might consider lifting Mr. Banning's suspension. He wanted me to know he had reported it and also wanted me to know the story as it was told to him by a student. That student was Student 2. Student 2 confided in Community Member 1 because he and his wife work with our local youth and she needed someone to talk to. She told Community Member 1 that she and student 1 had left school before play practice one night and had smoked some pot. While they were high, Student 1 told Student 2 about the relationship she and Mr. Banning had been having and that they had had sex. Student 2 wanted to tell but Student 1 was blackmailing her by threatening to tell her parents that she had smoked pot. Student 2 finally decided that she would rather deal with her parents than let the relationship continue, so she went to Community Member 1 and his wife. Later that afternoon I gave the sheriff a call to ask if there had been anything new and he told me no. I then contacted Mr. Banning and told him that there had been no resolution to the case and he was still suspended with pay.
10. On November 27, 2017, Student 3 and her mom came to my office and asked to talk to me. I invited Principal Amy Rother to sit in on the meeting. Student 3 told us her story as follows:

On Sunday, after Student 1 was interviewed by the police, Student 1 came over and spent the night at Student 3’s house. Student 1 took Student 3 into Student 3’s room alone and told Student 3 that Mr. Banning and Student 1 had sex. Student 1 asked Student 3 to “keep it between us but that Mr. Banning and I did have sex.” Student 3 said, “Mr. Banning and Student 1 had sex a few days before Mr. Banning and his girlfriend broke up and that Student 1 told her the plan was to keep quiet until Student 1 turned 18.” She said she went into details about positions they shared while having intercourse and so forth but didn’t want to share those aloud with us. Student 3 says Student 1 blames herself for flirting with Mr. Banning in the first place and that “it’s not his fault because I wanted it.”

Student 3 kept the secret until the Friday after Thanksgiving, and then she told her mom because it was eating her up. Mom told Student 3 she needed to come tell me and go to the police, which they did.

As the conversation continued, Student 3 told me she and Student 4 were writing to each other on a piece of paper during Ag class but had torn it up after they were done. I asked Mrs. Rother to dig it out of the trash and tape it back together. She did that after Student 3 left. The note was legible and outlined what each student knew about Mr. Banning and Student 1 right down to the details about positions in which they had had sex.

11. On November 28, 2017, Community Member 2 asked to meet with me in my office. She is the mother of students at Weskan. She told us Student 1 told her nothing had happened but she talked with student 3’s mom and she told her that Student 1 did have sex with Mr. Banning. That same afternoon, Student 3 reported that Student 1 showed up at her house on the evening of the 27th and screamed and yelled at Student 3 and her mother for talking and that everything Student 3 said was a lie. Sheriff Townsend met with Principal Rother, BOE president Aldridge, and me. We shared with him a copy of Student 3’s report and a copy of the taped together note between Student 3 and student 4.

12. On November 29, 2017, we held a special BOE meeting where it was decided we would start the process of termination for Mr. Banning. I contacted Mr. Banning about it and told him our plan and that he also had the option to resign if he chose to. I explained the process of termination and he told me he would probably just resign but he wanted time to think about it.
13. I received Mr. Banning's letter of resignation on November 30, 2017. We had a special BOE meeting that afternoon and accepted his resignation.

14. On December 4, 2017, Student 1's sister met with me in my office. She came to let me know that what we suspected was true. She told me there were pictures found on Student 1's phone of Mr. Banning's genitals and when confronted about it Student 1 admitted to her family that everything that had been said was true. She and Mr. Banning had been having a relationship for several weeks and it involved indecent pictures that had been texted or shared via Snapchat, oral sex, and intercourse. Student 1's sister gathered Student 1's belongings from her locker and told me that Student 1 would not be back to school in Weskan. Student 1's sister is in the military and stationed in Germany and she is taking Student 1 back to Germany with her to complete high school.

I declare that, to the best of my knowledge and belief, the information herein is true, correct and complete.

CANDY L. COX
NOTARY PUBLIC - State of Kansas
My Appt. Exp. 7-19-2020

My appointment expires: 9-19-2020
My name is Trenton Banning and I am a former employee of Weskan, Kansas High School USD 242. I was hired as a social studies teacher in August of 2017 and was a teacher of 7th through 12th grades.

I vehemently deny these allegations and or accusations as stated in the affidavit that I received. I am requesting my right to a hearing right away to defend this.

I Trenton Banning shortly after school the 16th of November was asked to speak with my superintendent Dave Hale. He began to read this sheet that he had in his possession and I instantly responded by saying "what is this?" He then proceeded to hand me the sheet and asked me to read it. After doing so I did share with him that I did currently have students on Facebook and other social media outlets and did apologize for doing so but was under the impression that it was okay because other employees who were teachers also at Weskan had students on their Facebooks and other social media outlets. He replied that the school had a policy against this and I told him that I was sincerely sorry and that shortly after this meeting I would be removing students on my social media outlets and did so as soon as possible. I did not ever during that meeting or any meeting tell him that I told female students "I like what I see", I don't want to say that he is lying but I believe he is confused with a statement that I told him. I did tell him that I told one female student and one male student that I liked there outfits that they wore for our veteran appreciation day solely as a compliment nothing more. At the end of the meeting I requested to meet with the board to discuss the matter in a special meeting and he said he would see that he could make that happen since this was such an important matter and I wanted to clear my name because this school district is still new to me at the time and I did not want this to end my employment with them. The last thing that was discussed was that Dave Hale said that he saw a lot of himself in me and other members being my age and being closer to students age than other faculty members and that a student can be in his words "very good looking and simply hot but we can't do anything inappropriate or act upon anything". Along with this he shared with me that he believed "90 percent of this was bullshit" according to him. He did not share with me the rest of the sheets as he mentioned that they were very repetitive and that the first page summarizes the accusations and proceeded to tell me that to not worry about this as he called the state and they were not going to look into it.

He went on to tell me that this was an anonymous report and that he did not know who made the report at the time.

The next day I had a mother of three students at Weskan contact me on the phone to tell me that a student had to give her phone to the police for evidence and said what she assumed was an investigation into a perhaps relationship we had and that they wanted to look into her phone to find anything incriminating. Shortly after telling her the accusations are false I told her that I was going to go to the Sharon police department to get to the bottom of this. After getting off the phone I went to the police station and after sharing my name they had mentioned they were going to come talk to me but they were glad that I had come before doing so. I waved my right to a lawyer and met with Larry Townsend and another cop that I can't remember name was. They went on to ask me what I knew and I told them everything about me and Dave Hales meeting and that is all I knew and that I knew they had a student's phone who went to Weskan High School. I volunteered to meet with the cop who I forget name the next day to meet in Oakley, Kansas to where I would ride with him to Hays, KS to have my phone go through a forensic analysis and also have the students phone go through a forensics analysis. He explained with me on the trip the entire process and mentioned that he would get back with me if he found anything after we got back to my car in Oakley.

Around November 25th I believe I got a phone call from the cop and he asked me to come in for another interview. I told him that I could meet him as soon as possible and did so a couple days later as he said there was no rush. During the meeting he mentioned that he had been through both phones and that he had found nothing incriminating on either the students phone or my phone but that he did need to still go through Snapchat. He proceeded to say "hey man I get it she looks older than she looks and you look like a guy who has something to tell me, I can help you out if you tell me what you got to say, because I am going to get a warrant to look through Snapchat on Monday or Tuesday" I told him that I do not have anything to hide and that I am sorry that I am acting the way that I am but this is all very scary to me as I do not want to lose my job at Weskan and my license. He then stated "come on man I know I can see you guys communicated" I told him we did communicate but nothing inappropriate was said or done I told him that I had been to Cheyenne Wells for a basketball game before and I had looked for a place to go bar wise that my girlfriend wanted to do as there was and is hardly anything to do in Weskan and she was bored at times, but never had I been to a student's house or seen her outside school in any shape form or fashion beyond in.
the classroom. I did at the interview tell him that I did need to tell him something and I didn't want to but I told him that I did disclose me and Dave Hales conversation with my girlfriend Virginia Alice Fry who I was with and still with to this day and was living with in Weskan during my employment. I also told him that I had told certain students that I had to delete them off Facebook and other outlets and told them about the situation in some degree and that I was sorry I couldn't have them on those outlets anymore and that would be that way moving forward regardless if they think it's ridiculous or not. The cop replied "as far as the school goes they may be upset but with that information that does not concern us". I told him I had nothing more to share and that I was going back to Southeast, KS while under suspension since I was not working and I felt uncomfortable being in a town and not knowing what people might do or think of me as my house was right next door to the school.

The next contact that I had with the school was when Dave Hale informed me that I was still suspended with pay and that he knew nothing on his end and that is when I told him I knew nothing as well.

The next contact I had with the school was when Dave Hale called me to inform me that there was a lot of statements stating a lot of things and that with this he shared with the board and they were going to begin termination because they were worried about their jobs and that he could never see me back at Weskan as a teacher. He went on to share that I was a great teacher with a lot of promise and that he would "go to bat" for me for future employment. He shared that there is a difference between reality and perception and he did not want parents thinking I got away with something. At this point I asked what he would advise me to do and he shared that I should resign to rid my hands of this and to avoid national attention or state attention as far as the news go and papers go. He told me that it could get ugly for myself and the school district if I were to fight this termination. I told him that I would probably resign and take his advice as I knew that being in the classroom with the said student would be awkward for everyone and I was afraid of anything potentially happening to myself, my girlfriend and my step son. I emailed and mailed off my resignation because I did not want to be black balled for future employment because I was in the news.

As far as the in classroom allegations go I did not ever make sexist comments as I know there are students at that school could share that the minute I submitted test scores in my classes that attitudes towards me as a teacher and a person changed. I was told by several community members and board members and faculty that they had got a free ride the past two years in the history room and this is a teacher who has high expectations meaning myself and I knew I was going to have to learn my first year what was too hard and what was too lenient. I do admit that I threw in humor during lectures but was never sexist as many students would mention I taught the empowerment of women during WWI. I do not know why I gave students a weird feeling towards them I believe I handled myself in a professional manner and was very relatable and approachable and fun in the classroom and I had students engagement as far as education goes. I do want to share that I learned shortly after my first parent teacher conference that there were community members who were parents of some of the students that I taught who were not fond of me because I put school before sports. I was also told that one parent was told by Dave Hale in October that I would be lucky to be teaching the second semester here and that he did not see me doing so. I thought nothing of it and my information was acquired by the same family who told me that the student had her phone taken for evidence.

I do not know if this is appropriate for this type of letter but it is my response to the claims. I loved those students, I still do, I know I had some teachable moments and have learned that regardless if another teacher has students on social media that I should not do so. I do know that I had several heated exchanges with students who were not happy with their grades at times including some I believe that are in the affidavit and I believe this is where all this stems from. I cannot prove this but this is my belief. I do want to share that not only did I have a few female students on social media outlets but I had males to and those same students can share the contact that I had with them. After football games I would post pictures congratulating the football team and posting pictures of me in the Coyote mascot uniform only to show that I cared about them when some told me that nobody liked them in the faculty body. Some students communicated with me through social media outlets simply to ask me if I was at the Denver game or if something was due tomorrow and that they needed help. Was it the best or the professional avenue for communication? No I understand that but the communication for the most part was educational and or me trying to reach these kids and establishment positive relationships with them so that they would try in my classroom and in my defense it was working. As far as the rest of the accusations they are false, I only communicated with students for educational purposes and they were the ones that initiated the contact. I mean even me and another teacher there played fantasy basketball with the students and communicated about it on the app with them on message boards.
I know there are students and parents in that community that would defend me as a person and as a teacher. They would share that certain students didn't like my philosophy as far as making them work. I know the social media was wrong but I felt it was okay at the time because if a ten year plus or experienced teacher can have students on Facebook and other media outlets then why am I the only one being held to the highest of standards. I know I should have held myself to those highest standards and if given the chance I would do so moving forward as I did not go to school eight years and accrue 40,000 dollars in debt and to fight through those years when school and testing was so hard for me to waste it all for 3 months of teaching. I will never know definitively why this is all happening, to the point a student removes themselves and leaves the country, but I vehemently deny these allegations and after forensics analysis and nothing coming of both the phones how can one claim that there were pictures on her phone if nothing was found that can incriminate me. To further explain the social media and how it originally started I was once after a Denver Broncos game stranded at night as my car got short towed due to an emergency situation well after it being 11 pm MT I got on Facebook and contacted Heather Eck to inform the school, well in the process her kids told other kids of my situation and some added me to check on my behalf and I neglected to delete them off my Facebook, I did so at one point as Dave Hale states but like I said I was led under the impression that it was okay to have kids on my Facebook as other teachers had some too. One student was even a child of a board member to which validated me reasoning of thinking it was okay to have them on social media outlets.

I declare that this is the truth and is correct and complete.

   Your affiant has been employed as a duly sworn Law Enforcement Officer since 2013 and with the Wallace County Sheriff's Department since 2016, and was so employed during the duration of this investigation. While so employed, your affiant has
received a wide range of training related to criminal investigations. Your affiant has received training pertaining to the investigation of sex crimes as well as child crimes. Your affiant has applied for and executed numerous Cellular Phone search warrants pertaining to criminal investigations.

Probable Cause:

On November 14, 2017 WALLACE COUNTY Sheriff Larry TOWNSEND received a report of Trenton Keith Banning a teacher employed with the Weskan School district, USD 242 having a sexual relationship with a fifteen-year-old student enrolled in the same Weskan Kansas School USD 242.

On November 10, 2017 Sheriff Larry TOWNSEND and your Affiant spoke with EK (04-12-2001) and father. Sheriff TOWNSEND arranged for EK (04122001) to have a Forensic Interview conducted via Child Advocacy Center.

November 17, 2017 CAC Victoria Kramer conducted and interview EK(04122001). Sheriff TOWNSEND and your Affiant were present in a separate room to view the interview through video and audio. EK (04122001) stated that EK(04122001) had observed a picture of a Penis that had been sent via snap to EK(04122001)’s friend BM(12092002) who is a fifteen years of age and a student at Weskan Kansas School USD 242. BM(12092002) stated to EK (04122001) that the snap chat was from their teacher Trenton Keith Banning. Trenton Keith Banning is a History Teacher Employed by the Weskan Kansas School USD 242. EK(04122001) stated that the picture was of a penis and legs in a bathtub. EK(04122001) stated that she believed the Penis to be that of Banning’s due to BM(12092002) telling EK(04122001) it was and the short hairy legs visible in the picture. EK(04122001) stated that BM(12092002) and Banning began a snap chatting conversation after BM(12092002) had bent over in class and Banning could see down her shirt. EK(04122001) stated that BM(12092002) had confided in EK(04122001) that Banning and BM(12992992) had had sexual intercourse and that they had both performed oral sex to each other. EK(04122001) stated that Banning’s snap chat user name is “Failed to Send”.

November 17, 2017 CAC Victoria Kramer conducted and interview BM(12092002). Your Affiant were present in a separate room to view the interview through video and audio. BM(12092002) denied having a relationship with Banning, but stated that there were rumors of it going around the school. BM(12092002) stated that Banning snap chats with multiple female students and one male student. BM(12092002) stated that she had Banning on snap chat, and consented to let your affiant see their conversation. BM(12092002) stated that Banning’s user name was “TrentonBanning”. While scrolling through names BM(12092002) skipped over the Failed to Send” user, and stated that Banning must have deleted her. Your affiant observed the Failed to Send User name in the “best friend” category indicating frequent snap chat exchanges. Your affiant seized BM(12092002)’s cell phone for evidence.

November 17, 2017 Sheriff Larry Townsend and your affiant were at the Wallace County Sheriff Department. Trenton Banning came into the office and asked to speak with Sheriff Townsend and your affiant. Your affiant advised Banning of his rights per Miranda. Banning stated that he
understood his rights and stated that he wished to speak with Sheriff Townsend and your affiant without a lawyer present. Banning stated that he had heard of that officers were speaking with students regarding him having contact with them on social media. Banning stated that as a young teacher he related with students, and was building rapport, by interacting with them on social media including Facebook and Snapchat. Banning denied ever using the Snapchat name “failed to send” but instead stated that he used the account “tbanning58”. Banning granted consent for your affiant to look at Banning’s phone and its contents. Banning stated that he figured officers would be coming to his house so he cleaned his house and deleted the contents of his phone prior to coming to the office. Banning stated he deleted his phone in order to keep his private life privet. Banning agreed to grant consent to have his cell phone forensically downloaded the following day in Hays, Kansas. Banning left on the conclusion of the interview.

November 18, 2017 Banning met your affiant in Oakley, Kansas and road with your affiant to Hays, Kansas. Your affiant and Banning met with Ellis County Detective Brad Rickey. Information from Banning’s phone was downloaded to a jump drive and stored for Wallace County Evidence.

November 24, 2017 Banning met with your affiant at the Wallace County Sheriff Office. Your affiant again advised Banning of his rights as per Miranda warring and told him that he was free to leave at any time. Your affiant asked Banning if there was going to be any conversation between him and BM(12092002). Banning stated that there was only one time that they had conversed, and it was only about a school assignment. Banning later stated that after the Weskan School Superintendent Dave Hale had talked to him about the allegations, and Banning’s inappropriate social media relationships with students, Banning had Snapchatted BM(12092002) and discussed the allegations with her.

Further your affiant saith not.

WHEREFORE, your affiant requests a search warrant for the above described items at the above described location as described herein, as provided by law.

Probable Cause:

On November 14, 2017 WALLACE COUNTY Sheriff Larry TOWNSEND received a report of Trenton Keith Banning a teacher employed with the Weskan School district, USD 242 having a sexual relationship with a fifteen-year-old student enrolled in the same Weskan Kansas School USD 242.
On November 10, 2017 Sheriff Larry TOWNSEND and your Affiant spoke with EK (04-12-2001) and father. Sheriff TOWNSEND arranged for EK (04122001) to have a Forensic Interview conducted via Child Advocacy Center.

November 17, 2017 CAC Victoria Kramer conducted and interview EK(04122001). Sheriff TOWNSEND and your Affiant were present in a separate room to view the interview through video and audio. EK (04122001) stated that EK(04122001) had observed a picture of a Penis that had been sent via snap to EK(04122001)'s friend BM(12092002) who is a fifteen years of age and a student at Weskan Kansas School USD 242. BM(12092002) stated to EK (04122001) that the snap chat was from their teacher Trenton Keith Banning. Trenton Keith Banning is a History Teacher Employed by the Weskan Kansas School USD 242. EK(04122001) stated that the picture was of a penis and legs in a bathtub. EK(04122001) stated that she believed the Penis to be that of Banning's due to BM(12092002) telling EK(04122001) it was and the short hairy legs visible in the picture. EK(04122001) stated that BM(12092002) and Banning began a snap chatting conversation after BM(12092002) had bent over in call and Banning could see down her shirt. EK(04122001) stated that BM(12092002) had confided in EK(04122001) that Banning had had sexual intercourse and that they had both performed oral sex to each other. EK(04122001) stated that Banning's snap chat user name is "Failed to Send".

November 17, 2017 CAC Victoria Kramer conducted and interview BM(12092002). Your Affiant were present in a separate room to view the interview through video and audio. BM(12092002) denied having a relationship with Banning, but stated that there were rumors of it going around the school. BM(12092002) stated that Banning snap chats with multiple female students and one male student. BM(12092002) stated that she had Banning on snap chat, and consented to let your affiant see their conversation. BM(12092002) stated that Banning's user name was "TrentonBanning". While scrolling through names BM(12092002) skipped over the Failed to Send" user, and stated that Banning must have deleted her. Your affiant observed the Failed to Send User name in the "best friend" category indicating frequent snap chat exchanges. Your affiant seized BM(12092002)'s cell phone for evidence.

November 27, 2017

When this all started it was a Friday when B[redacted] went to my grandma's cafe and wanted to talk to me because she wanted to tell me about what happened and she told me that she just got out of an interview and she was freaking out because of what she told me that she was accused of having sex with Mr. Banning. She told me that she was scared and didn't know what to do in that kind of situation and she just wanted me to talk to. So I invited her over to my house so that she could feel safe and know that I was there for her. She came over and told me the information about the interview. She also told me that they were pretty stupid and they acted like B[redacted] was stupid. I was just overwhelmed. I had no idea what to do in this situation but just think about who would spread this kind of rumor about B[redacted]. I thought that at that time that she would never do something like that. My mom started to talk to her and me and B[redacted] went to my room and started talking and thinking of who would spread such a stupid rumor like that and put Brooklyn in this kind of situation. We started to narrow down the people that really hated him and nailed it down to J[redacted] and her mother Kristi. Some of us heard that during parent teacher conferences that Kristi yelled at Mr. Banning. No one knew what exactly they were yelling at well at least me and B[redacted] didn't but there was info that B[redacted] brother-in-law called her and the only people that really know that B[redacted] is related to the See's by marriage was the See's. Then we heard from C[redacted] that Ty See was seen at the police office the day Mr. Banning went in to the office to talk with the police. So again we started pointing fingers at the See Family, but we didn't find any real information or even talk to them about it. Then that is when B[redacted] and I decided to just sit down and play a computer game. She sat on my lap and just watched and we created characters together. Then she just stopped and told me that she wanted to tell me something. She started off telling me that she wanted me to pinky swear that I would not tell ANYONE and that what she was about to tell me was true and she didn't want me to freak out and just to keep quiet. I told her "I promise that I'll keep my mouth shut and I will not tell anyone what you tell me." She looked me straight in the eyes and told me that everything with Mr. Banning was true and that she actually had sex with him. I was shocked and I could not believe it so I kept denying what she told me. She put her hands on my face and told me again that it was true and that she was not lying one bit about it. She then got off of my lap and sat on my bed and told me that she will give me details about how it went so that I would believe her even more. She told me that they were Snapchatting one night and B[redacted] had the idea in her mind that she wanted to have sex with him so she kept asking him and asking him. She told me that she forced him to drive to Cheyenne Wells and pick her up and he did just that. After he picked her up they went somewhere out of Cheyenne Wells and just kinda sat there and then they started to kiss and touch each other. They were doing all this in his car. He put the seat back so that they had room to get undressed and stuff like that. He started to undress her. After he got her bra off he started to touch her. After that B[redacted] helped him take off his pants and underwear and they just started to go at it. She told me that sometimes she would be on top then it would switch and he would be on top. After they had sex they just sat there in the car and from what B[redacted] told me they cuddled. She didn't tell me
when she went home but she told me that they started talking about how Mr. Banning was going to break up with his girlfriend in a couple of days. Then [redacted] told me that exactly as he said that he did break up with his girlfriend. Then after she told me all that I didn’t know what to think I still put to myself that she actually didn’t have sex with him. I think about an hour went by and [redacted] came over and started talking with us and we again talked about how [redacted] and Mr. Banning didn’t actually have sex. We also talked about who could have been the person who started it all. Again we pointed fingers at the See’s. At one point I started texting [redacted] and asking him questions if he heard things and wondering why they knew that [redacted] phone was taken away. He told me that Larry the sheriff in Sharon Springs is family and they always talk about things like that. Alma was at my house a little before [redacted] got to my house so alma was there not really saying anything about the whole situation. After I got done talking with [redacted] he told his sister [redacted] and [redacted] was not too happy to hear that people were pointing fingers at her and her family. So [redacted] wanted to meet up and talk about it and get this whole situation out and get out of our heads that it was their family. We met up at my moms house that she bought for her photography and then we sat there and talked about how [redacted] family would never put someone in this kind of situation like this and they love each other and it’s not to even do something like this. Yes they were not that fond of Mr. Banning but they would never ever do something like that to someone. We still could not bring it together of who would say something like that. Through the whole talk [redacted] looked worried and played along that “No I am the innocent one and I did nothing with that teacher in any sort.” We then later headed back home to my house and we just sat down and talked about funny things that had happened in our life’s like what we did while we were younger. [redacted] had left to go home and spend some time with her boyfriend. Before [redacted] and [redacted] got into the house they stayed in the car talking. I later on found out (today) that in that car [redacted] and [redacted] where talking about how it was true that [redacted] and Mr. Banning actually did have sex. After all that [redacted] stayed over and we all went to bed around 3:30 a.m. After that me and [redacted] didn’t really talk that much about the problem we just kind of went our way and spent the rest of the week together. When we got ready to head back to school [redacted] and [redacted] and I found out that Mr. Banning will not be able to come back to the school until he was found innocent. [redacted] freaked out a little but [redacted] and I calmed her down and made her not think about it too much. The days went on and it came to Thanksgiving break. [redacted] texted me and told me that whatever was going on with [redacted] and Mr. Banning that it was spreading fast and it got all the way to Wichita where [redacted] was spending her Thanksgiving. I asked her where she heard this from and she told me that [redacted] told [redacted] and [redacted] told other people and it eventually got to [redacted] and she ended up hearing about it. At that point I kept hearing rumor after rumor and then I eventually told told my mother. Couple of days went on and it became Sunday I went to work at the cafe with my step-dad. After we got off work we headed home and when we get home my mom tells me that she went to the sheriff in sharin and told them what I told her. She told me that I would probably have to talk to some people and tell them the whole story about it. I was ok with it I just wanted to get this problem over with and get it out of the way. After that was over we celebrated my mom’s birthday but since the cake fell on the floor we could not really have cake and ice cream. We just made brownies and called it good. The next day or today when I headed off to school and thought that it was going to be
a normal day. It came to my 4th hour and me and person started writing down our conversation so that no one else would listen in. She told me that person told her a long time ago when we first met up and started talking about it all. She also told me that B person was flirting with Mr. Banning for a while now and she told A person and J person about it. Then she told me that B person forced Mr. Banning to have sex with her and that they wanted to wait until she was 18 so that it would be only considered rape from B person's side. It came to where it was lunch time and me and B person were walking down the stairs wondering why B person would go off and tell C person that she had sex with Mr. Banning because she should have known that he does not really keep his mouth shut. We walked into the lunch line and me and B person both ate with A person and B person. We started to talk about what me and J person talked about during Ag/Leadership class. B person was freaking out and when we told her that C person told people she got up and asked C person to come and talk to her for a bit. They left and A person told me and J person that B person was seriously thinking of killing herself because she didn't want people to find out that it was true. B person came back and J person and I all told B person that she didn't need to do that. J person told B person that she should just tell her parents and she would not get into that much of trouble and B person and B person said that it was a bad idea and that B person would not do it because she was scared of what her parents would do to her. During that talk all of them said that when they find out who told the police that it was true that they were going to hate them for a while. After that I went to my next class then that is when I asked if I could call my mom. I went up to the office and called and my mom told me to talk to Mr. Hale. So I went to Mr. Hale and talked to him about what happened today and he wanted to also have my mother here so that we all could talk about it. We talked and I told him what he asked to hear. I told him the whole story but without all the nasty, nasty details.

I, J person, have typed my written statement.

She basically lied to everyone about doing it with me. She told me before you guys all got to my house and started to cry a bit cuz she actually did it with him but didn't want anyone to know. Sooner or later the cops found out cuz 3 girls went in and told that its true that she actually did it. So now they are going through Snapchat to get their photos and freaking out telling me that they are both screwed.

Now I have to go in and tell them everything.

I was told that I act but I was not told and spread it around and its like everywhere. I was told to keep my mouth shut and tell no one but I wasn't sure that she was true so I thought she was lying. But found more info and then believed her.

I've known her ever since it first started. When they first started, I didn't know anything. But she told me these I can't hard to figure out. So I asked one day if it was true and she laughed and she said we but she is our friend so we have to keep quiet. So even when we all talked I knew it was true but I hadn't ever told anyone like ever. So I knew all the details. To mean all the details like even the exact positions of them Fucking. She gave me all the details that night when we both stayed in the car.
So when I asked my mom if it was true what
would she do, she said she would go to the police
and tell them everything, and I don't want to screw our
deep, she said he was saying she should wait till
you're 18 she said she make him do it if she raped
her pretty much.

I don't either cuz I love her but I also want her
to be safe and some other girls told and now
the b.s. about it wasn't so they can check
snapchat so no matter what they are both
screwed.

Who the fuck all knows which girls are saying this
stuff?

I don't know who knows. I was told
that 3 others know and told the cops.
But just thinks that they are lookin at
snapchat cuz they didn't have enough info
that someone else knows.

I think B [ ] told more people than she should've.
But who the hell in our school of girls
would know to go to the cops? They'd have to
be pretty brave to do that. She's the only person I
see doing that other girls is [ ], and that's it.
But she seems careless. She didn't even know
where Mr. Banning was. "Supposedly

I'm sure [ ] knows, and I'm damn sure
that she told [ ] cuz I guess [ ] knows
and he told.
AFFIDAVIT FOR ARREST WARRANT

In the District Court
County of CHEYENNE
State of Colorado

The Affiant, Undersheriff Jeffrey W. Miller, a duly sworn Peace Officer for CHEYENNE County, duly deposes and says that on December 1, 2017 I was contacted by Anna MJunchkins and [redacted] at the Cheyenne County Sheriff’s Office in Cheyenne Wells Colorado, County of Cheyenne, State of Colorado. MJunchkins told me that her sister [redacted] needed to speak with me about an incident that took place between [redacted] and her history teacher Trenton Keith BANNING, DOB: 02/26/1990, Male, Hgt: 507, Wgt: 140. I interviewed [redacted] on 12/9/2001 a 15 year old minor child at the Cheyenne County Sheriff’s Office in the presence of her mother Dixie LEFLORE, sister Anna MJUNCHINS and Kelly ADAMSON who works for The Department of Human Services. After the interview with [redacted] an appointment was made with Kansas Children’s Advocacy Center in Hay’s Kansas for a Forensic Interview.

On December 11, 2017 at approximately 1030 hours an interview was conducted by Kelly Robbins with the Kansas Children’s Advocacy Center located at 135 W. 8th in Hays Kansas. During the interview [redacted] stated that towards the end of September 2017 her and some friends were bored waiting for play practice to start so they went up to Mr. BANNING’s class room. [redacted] states that they learned that BANNING had a Snapchat. [redacted] added BANNING to her Snapchat as well as her friends that were present in the room that day. [redacted] states that her and BANNING began Snapchating back and forth for a couple of days, just friendly chats like “hey, what’s up”.

[redacted] stated that the chatting turned to flirting about a week later. [redacted] said the flirting started after she wore a dress to school and was in History class and she bent down to pick something off the floor. [redacted] said BANNING sent her a Snapchat that said “today you had a dress malfunction” and BANNING responded “Oh crap, did I flash you, I’m sorry”. [redacted] stated BANNING responded back saying “oh no, I don’t mind”. [redacted] states in the interview that she kind of egged him on by asking what do you mean by that, BANNING responded by telling [redacted] that she had a nice figure. BANNING then responded again saying he was sorry and they should keep thing professional and to forget he even said anything and that what they were doing was very inappropriate. BANNING responded by saying “ok” and BANNING responded he was sorry, he shouldn’t be thinking these things. [redacted] stated that BANNING responded that he finds [redacted] very attractive.

A couple of days later [redacted] states that BANNING sends her another chat stating “I hope you don’t mind but we have to keep things professional like student teacher relationship and that is all. [redacted] states that the Snapchats continued where BANNING would give her compliments like, she looks pretty.

BSKK stated that BANNING told her they should wait till she was 18 and she agreed by saying she was fine with that. BKKK stated that one day BANNING sent her a SNAPCHAT of his genitalia and asked that BKKK send something back. BKKK agreed and sent a SNAPCHAT back to BANNING of her in shorts and another picture of herself in underwear because that's what BANNING requested. BKKK stated that she never asked BANNING to send her pictures of his genitalia.

BSKK said the conversations and flirting continued until around mid October when she was hanging out in the small gym at Weskan High School waiting on play practice to start. BKKK says BANNING sent her a SNAPCHAT saying he wished this town was bigger so we could do something like making plans BKKK responded "you realize you have a car, you are an adult" BANNING responded back "what about your parents?" BKKK stated she responded back "there is a thing called sneaking out" BKKK said BANNING responded "ok, I guess just say the day" BKKK said she responded whenever you want to cause your the one who has to make the trip. She stated that BANNING responded back "well ok, how about tonight?" BKKK said after play practice she went home and got her homework done and sent him a SNAPCHAT around 9 or 930 pm and said once my Mom goes to sleep, you can probably start heading over. BKKK said her Mom fell asleep around 930 or 1000 pm so she sent BANNING a message saying her Mom was asleep you can head over. BKKK lives at 120 E 3rd St N in Cheyenne Wells, County of Cheyenne, State of Colorado. BKKK said a short time later BANNING sent her a message that he was in town and lost, so she told him to come down Main St and he would probably see her. BKKK said she snuck out the back door and met BANNING on Main St so she got in the car and the first thing BANNING said to her was "you know this is fucking crazy, you know that right?"

BKKK said her and BANNING just drove around for a while talking and he asked her if she was nervous and she responded "yeah a little bit" BKKK stated they didn't know where they were going and she told BANNING she knew a place. BKKK said they went down Business road near the trash dump on the west end of Cheyenne Wells. According to the directions that BKKK gave during the interview I know this location to be within Cheyenne County. BKKK said the car was a silver car with black interior. She goes on to say they started kissing for a while when BANNING asked "well, what about Oral" BKKK said BANNING offered to do Oral on her and she declined. BKKK explained where in the car her and BANNING were located during the kissing and Oral and she stated she was in the passenger seat and BANNING was in the drivers seat and she was leaning over the center console and BANNING was grabbing her butt.

The interviewer asked BKKK if BANNING removed his clothes or if she did and she stated he took them off. BKKK was asked if her clothes were on or off and she stated they stayed on. BKKK said she got bored and they were thinking of doing it outside but it was to cold. BANNING gets out and agrees it's to cold outside so they moved to the back seat. BKKK was asked to explain how she got into the back seat and she said she climbed over the seat and BANNING got out and got into the back seat. BKKK could not remember if BANNING was wearing his clothes when got into the back seat or not, but thinks he was wearing shorts. Once they were in the back seat they
began having intercourse and then oral again. The interviewer was asked to describe their positions during intercourse and she states she was on all fours and describes the position as "getting it from the back" and BANNING was behind her. The interviewer asked BANNING to describe what body part of hers and BANNINGS were used during intercourse and she states "my vagina and his dick" BANNING was asked about her clothes and whether or not they stayed on or off during intercourse and she states her shirt stayed on but her pants and underwear were off BANNING was then asked if BANNING removed her clothes or if she removed them and she stated BANNING removed her clothes.

BANNING was asked if there was talking during the intercourse and she said BANNING tried dirty talk but she didn't. BANNING was asked what kind of things BANNING was saying but she couldn't remember. BANNING was then asked if the sex positions changed and she said they did to her riding on top where she was hugging the chair and BANNING was sitting up with her on top of him. BANNING was then asked if BANNING used protection (condom) and she could not remember but she would say he was wearing a condom.

BANNING stated that after that she got her clothes back on she began oral again on BANNING to "finish off". When asked what she meant by that she states "cum" which she wasn't sure if he did or not. She turned her head so she didn't get any on herself. BANNING said they just sat back in the seat and chatted and BANNING made the comment "see, this is the best part Cuddling" BANNING stated that they just sat there for about 3 minutes and drove around for about 5 minutes. BANNING said they talked about the incident and BANNING asked if BANNING thought things would be weird between them now. BANNING said BANNING discusses his relationship with his current girlfriend and how she only performs oral on him. BANNING then dropped her off around 12 midnight.

All of the above facts give the Affiant probable cause to believe that Trenton Keith BANNING is in violation of CRS: 18-3-405.3 (1)(2) Sexual Assault on a child by one in a position of trust.

REQUEST AND RECOMMENDATION FOR BOARD ACTION

Agenda Number: 10 d.

Meeting Date: 7/10/2018

Staff Initiating: Scott Gordon  
Director: Scott Gordon  
Commissioner: Randy Watson

Item Title:

Act on the recommendations of the Professional Practices Commission (other discipline)

Recommended Motion:

It is moved that the Kansas State Board of Education adopt the findings of fact and conclusions of law of the Professional Practices Commission and publicly censure Alexandra Morris.

Explanation of Situation Requiring Action:

Alexandra Morris 18-PPC-11

On May 12, 2017, Ms. Morris was charged with one count of misdemeanor possession of marijuana. She was licensed by the Kansas State Board of Education at that time, but was not employed as a teacher. She subsequently pled guilty to the charge and was convicted on January 29, 2018. She was placed on 12 months' probation. KSDE filed a complaint and a hearing was held before the Professional Practices Commission. The Professional Practices Commission considered the matter and recommends to the State Board that it should publicly censure Alexandra Morris until she completes probation.
BEFORE THE KANSAS STATE BOARD OF EDUCATION
PROFESSIONAL PRACTICES COMMISSION

In the Matter of
the License
of Alexandra Morris

Case No: 18-PPC-11
OAH No. 18ED0016

AGREED INITIAL ORDER

The above-captioned case comes before the Professional Practices Commission (Commission) of the Kansas State Department of Education (KSDE) upon the Complaint filed by KSDE regarding the initial teaching license of Alexandra Morris.

This matter convened on April 23, 2018, on stipulated Findings of Fact and Conclusions of Law. Appearing for the Commission were Chairperson, Linda Sieck, and members, Vici Jennings, Sylvia Ramirez, Nathan Reed, Maret Schrader, and Jessica Snider.

Kelli Broers appeared as counsel for KSDE. Alexandra Morris appears in person and by and through counsel, Diane L. Belquist.

Stipulated Findings of Fact

1. Alexandra Morris, 420 Harvest Lane, Maize, Kansas 67106, holds an initial teaching license. Morris is 23 years old and was first licensed as a Kansas substitute in 2016. She obtained her initial teaching license on January 8, 2017.

2. On May 12, 2017, while licensed but not employed as a teacher, Morris was charged with one count of misdemeanor possession of marijuana, in the District Court of Kansas, Eighteenth Judicial District, Sedgwick County.

3. On or about January 29, 2018, Morris pled guilty and was convicted of one count of misdemeanor possession of marijuana and received 12 months’ probation.

4. KSDE filed a Complaint on March 13, 2018, requesting the Kansas State Board of Education revoke Morris’ license.
Stipulated Conclusions of Law

1. The Kansas State Board of Education (State Board) is responsible for the general supervision of Kansas education, including the certification and licensure of teachers. Kan. Const., Art VI and K.S.A. 72-255.

2. The State Board may publically censure a license holder for misconduct or other just cause. K.A.R. 91-22-1a(a).

3. The State Board may publically censure a license holder for conviction of a misdemeanor involving drug-related conduct. K.A.R. 91-22-1a(a)(4).

5. Teaching and school administration are professions with all the similar rights, responsibilities and privileges accorded other legally recognized professions. K.S.A. 72-2308.

7. The Commission finds Morris’ conduct is inconsistent with the commonly held perceptions and expectations of a member of the teaching profession; therefore, the Commission finds discipline is warranted.

8. The Commission recommends the public censure of Morris.

9. The Commission recommends that the public censure should expire on January 29, 2019, or such time that Morris has successfully completed probation and that said public censure shall be removed from KSDE’s public records and website at that time. It is Morris’ responsibility to contact KSDE’s Office of General Counsel and request the removal.
10. Morris acknowledges and understands that the Commission can only make recommendations to the State Board.

11. KSDE agrees to not ask the Commission or the State Board for discipline other than public censure scheduled to expire on January 29, 2019, or such time that Morris has successfully completed probation.

12. Morris agrees not to contest any order wherein it is recommended or ordered that the State Board publically censure her until January 29, 2019, or such time that Morris has successfully completed probation.

IT IS THEREFORE RECOMMENDED by the Professional Practices Commission to the Kansas State Board of Education that Alexandra Morris be disciplined by public censure as set forth above.

This Initial Order of the Professional Practices Commission is not a final order and is required to be reviewed by the Kansas State Board of Education in accordance with the provisions of the Kansas Administrative Procedure Act.

This Initial Order is made and entered this 23rd day of April, 2018.

Article 5. Disciplinary Procedure

A. Disciplinary action may result from a violation of Board policy, rules, regulations, or other good cause. Disciplinary action, with the exception of non-renewal/termination, is not meant to address an educator’s effectiveness with students. Such professional issues should be addressed through the evaluation procedure.

B. The underlying principal of discipline is correction rather than punishment. Discipline, short of discharge, should help the educator correct unacceptable actions. In these situations, the supervisor will make every effort to counsel the educator and/or suggest behavioral changes. If such counseling or suggestions fail to have a constructive effect, the supervisor shall follow this policy.

C. In most cases, disciplinary action for repeated violations shall be progressively more severe. However, the severity of the violation will determine the initial action taken from the following options:
   1. Verbal reprimand (no written record will be placed in the educator’s personnel file)
   2. Written reprimand
   3. Suspension with pay
   4. Suspension without pay for up to five (5) days
   5. Non-renewal/termination

D. Prior to any disciplinary action, the supervisor will confer with the educator. The educator may be accompanied by a representative and/or Level 5 interpreter of choice at any and all levels of the disciplinary procedure. Discussion of disciplinary actions between the educator and the supervisor shall occur within five (5) days of written notice from the supervisor or until a Level 5 interpreter is obtained.

E. A written reprimand or letter of suspension will be placed in the educator’s official Human Resource file. A copy will be provided to the educator. The educator has the right to respond in writing within ten (10) days and the response shall be attached to the reprimand/suspension documentation in the file.

F. Any disciplinary action taken, with the exception of a verbal reprimand or non-renewal/termination, shall be subject to the grievance procedure.
1. A grievance in regard to a written reprimand shall be filed at Step One of the grievance procedure with the appropriate supervisor.
2. A grievance in regard to a suspension shall be filed at Step Two of the grievance procedure with the Director of Human Resources.

Article 6. Grievance Procedure

A. Definition
A grievance is a statement of dissatisfaction over any condition of work which allegedly has an adverse effect on the educator. The procedure may also be used to provide redress for grievances alleging discrimination on the basis of race, color, ancestry, national origin, age, sex, sexual harassment, sexual orientation, disability, political affiliation, or veteran’s status. In addition to the right to file the grievance under this procedure, all employees retain the right to file civil rights complaints with the appropriate enforcement agencies.

B. Procedure
1. **Step One.** An educator must file a grievance with the appropriate supervisor within ten days of the event causing the dispute or within ten days of the educator’s knowledge of the occurrence of the event causing the dispute. The supervisor will meet with the educator and provide a written response within five days of receiving the grievance.

2. **Step Two.** If the educator is not satisfied with the response of the supervisor, the educator may file the grievance with the Director of Human Resources within ten days of the supervisor’s response. The HR Director will meet with the educator and provide a written response within ten days of receiving the grievance.

3. **Step Three.** If the educator is not satisfied with the response of the Director of Human Resources, the educator may file the grievance with the Superintendent within ten days of the Director’s response. Within ten days of receiving the grievance, the Superintendent will meet with the educator and/or appoint one or more persons as a hearing panel to gather pertinent statements and information and make recommendations to the Superintendent. Within fifteen days of receiving the grievance, the Superintendent will provide a written response.

4. **Step Four.** If the educator is not satisfied with the response of the Superintendent, the educator may request advisory mediation by notifying the Superintendent within ten days of the
Superintendent’s response. The request for advisory mediation will be jointly forwarded to the Federal Mediation Conciliation Service (FMCS) unless both parties agree to use an alternate resolution process.

C. General Provisions
1. The educator may be accompanied to a representative of choice at any and all levels of the grievance procedure. Up to two non-participating observers, chose by the educator, may attend. Disruptive behavior may be reason to terminate the meeting.
2. Discussion of a grievance between the educator and the supervisor, HR Director, or Superintendent shall occur at such times as the parties mutually agree.
3. Time limits as designated in this article may be extended by mutual agreement.

F. Compensation Time
One hour of compensation time shall be granted to the counselor, school psychologist, and school social worker for each hour spent outside the defined duty day in response to an administration approved request for services. Compensation time shall accumulate through the school year and may be used at the discretion of the educator with the approval of his/her supervisor. Accumulated compensation time shall be taken in no less than one hour increments with no more than eight hours (one contract day) taken at any one time. Accumulated compensation time not used by the end of the school year will be forfeited except for any hours earned during the last week of the school year. Any hours earned during the last week of school may be carried over to the following school year.

Article 11. Reduction in Force

In the event of severe budget constraints and/or severe declines in enrollment, a reduction in force other than what can be achieved by normal attrition may be necessary to ensure the viability of the School. In that situation, the Board has the right to determine if it is in the best interest of the School to reduce its work force. This decision shall be made after consultation between the Board and the School administration.

A. Procedure

1. Reduction of professional educators shall first be accomplished by normal attrition through resignation or retirement of educators.
2. If further reduction is necessary, probationary educators (as defined by KSA 76-11a13) will be non-renewed before any non-probationary educators are non-renewed due to a reduction in force.
3. If further reduction is necessary, the Board shall consider the following factors in determining which educators shall be non-renewed due to a reduction in force:

3. Any professional educator who has been displaced due to reduction in force may apply for assignment as a substitute teacher and have first consideration for filling substitute teacher positions.

Item Title:

Act on program standards recommendations for Safe and Secure Schools State Aid grants and applications

Recommended Motion:

It is moved that the Kansas State Board of Education approve the recommended program standards for the Safe and Secure Schools State Aid Grants and the recommendations for grant allocations to school districts not to exceed $5,000,000.

Explanation of Situation Requiring Action:

The 2018 Kansas Legislature placed House Bill 2773, Kansas Safe and Secure Schools Act, into House Substitute for Senate Bill 109 (Omnibus bill). Under this initiative, the State Board is required to develop and approve statewide standards for making all public school buildings in the state safe and secure. Once standards are adopted, school districts will be required to adopt a comprehensive school safety and security plan, with $5,000,000 available for grants to assist school districts to pay for building upgrades such as installing secure doors and windows, detection devices, security cameras, intercoms and other safety features.

Attached are recommended standards developed for use by school districts in making application for a Safe and Secure Schools State Aid Grant. Final standards will be presented to the State Board following the employment of staff members to administer this program.

Representatives from the following agencies met on June 26, 2018 to determine the criteria for approving applications followed by a review of the applications received: Office of Attorney General, Office of Adjutant General, Kansas Highway Patrol, Kansas Fire Marshal, Department of Health and Environment and KSDE. Applications were received from 153 school districts requesting state aid of approximately $13,000,000. Legislation requires that grants received by school districts must be matched with local funds on a dollar for dollar basis at a minimum.

Attached is a table which provides the districts applying for such grants, the amount requested, and the amount recommended for approval by the State Board of Education. Approval of these grants at this time will allow school districts to begin work on making sure their students and staff are safe and secure.
TENTATIVE STANDARDS FOR SAFE AND SECURE SCHOOLS
AS APPROVED BY THE STATE BOARD OF EDUCATION

The 2018 Kansas Legislature enacted House Substitute for Senate Bill 109 creating the Kansas Safe and Secure Schools Act (Act). Below is a summary of tentative standards, developed by the Kansas State Board of Education, to guide the distribution of grant funds included in the Act. Grant funds may be used to implement any of the areas described in these tentative standards for use in properties operated by school districts. However, school districts are not limited to applying for funding for only those items listed below. These tentative standards are to be used as guidelines for school safety improvements.

- School districts shall ensure that the infrastructure of school buildings and/or attendance centers operated by the district are safe and secure which includes creating secure entrances, enhancing the safety of windows, or improving any facet of structural building integrity.

- School districts shall secure all doors (interior and exterior) in facilities in which students are in attendance.

- School districts shall create or improve intrusion detection systems and security camera systems.

- School districts shall provide for a communication system that allows for the sharing of information between the school district, law enforcement agencies as well as other emergency response teams. The system should be tested annually.

- School districts shall have in place an up-to-date school safety and security plan (crisis management plan) as approved by the local board of education that will be implemented in cases of emergency or a breakdown of security. The plan should be reviewed annually.

- School districts shall provide training for staff and students on how they should react in cases of emergency and specifically review their school safety and security plan (crisis management plan) that applies to school employees and students.

- School districts shall develop procedures for outside individuals entering district facilities when they have business to discuss with school officials.

- School districts must include in the school safety and security plan an evacuation plan in case of emergency.

- School districts shall determine a process for district employees to contact law enforcement.
• School districts will establish procedures to ensure accountability for adopting and implementing school safety plans, including identifying roles and responsibilities at the school district, local law enforcement and emergency management agency levels.

• Crisis response drills should be conducted on a regular basis to ensure procedures are working effectively.

• School districts shall indicate how school safety plans will be distributed and coordinated with local law enforcement agencies and emergency management agencies (hospitals, emergency medical services, et.), as well as how safety plans will be incorporated into school district emergency response plans.

DISCUSS FY 2020 AND FY 2021 BUDGET OPTIONS

Attached are budget options for FY 2020 and FY 2021 to be discussed at the July meeting. Due to the large size of the KSDE budget, we would like the State Board to make decisions in July for these fiscal years. This will allow KSDE staff to proceed with the preparation of the budget and comply with the Sept. 15, 2018 due date.

SUPREME COURT DECISION ON SCHOOL FINANCE

The Kansas Supreme Court issued its opinion on school finance, Gannon VI, on June 25, 2018. Attached is a summary of the opinion which will be discussed at the July meeting.

### Kansas Safe and Secure Schools
Under this initiative, the State Board shall develop and approve statewide standards for making all public school buildings in the state safe and secure. Once standards are adopted, school districts will be required to adopt a comprehensive school safety and security plan, with $5 million available for grants to assist school districts to pay for building upgrades such as installing secure doors and windows, detection devices, security cameras, intercoms and other safety features. The State Board will also be required to establish curriculum guidelines for a standardized firearm safety education program.

1. Does the State Board wish to recommend increases for any of the programs listed above?
2. Does the State Board wish to recommend funding for any new programs or initiatives?

In its decision released today, the Kansas Supreme Court held the State has not shown that the school finance laws enacted during the 2017 and 2018 legislative sessions meet the adequacy requirement in Article 6 of the Kansas Constitution. But if the State chooses to make timely financial adjustments in response to problems identified with its selected plan and the accompanying calculations and then by completing that plan, the State can bring the K-12 public school finance system into constitutional compliance with the adequacy requirement. The court also held the new laws resolve the equity violations identified in Gannon V, the court's October 2017 decision. The court additionally held that the newly-created equity violations alleged by the plaintiffs do not exist. At the State's request, the court withheld any remedial action until June 30, 2019, to give the legislature an opportunity to make the required adjustments. This is the court's sixth decision in this lawsuit.

The new school finance laws were enacted by the legislature in response to the court's Gannon IV and Gannon V decisions. In Gannon IV, decided in March 2017, the court affirmed the lower court's holding that substantial funding cuts to the state's K-12 finance system beginning in 2009 led to a marked decline in student achievement, as measured by various standardized tests. The court concluded the 2015 legislature's Classroom Learning Assuring Student Success Act (CLASS) did not fix the problems, i.e., CLASS was not reasonably calculated to have all Kansas K-12 public school students meet or exceed the constitutional standards.

In Gannon V, the court held the State failed to meet its burden of showing that the remedial legislation enacted during the 2017 legislative session fixed the problems after Gannon IV. The court also held that four provisions of the new law created or exacerbated unconstitutional wealth-based inequities. But the court generally approved of the 2017 legislature's adoption of the Kansas School Equity and Enhancement Act (KSEEA).

The KSEEA provides a fixed amount of funding per student called the base aid amount. It then utilizes certain weightings, such as the at-risk student weighting, to increase that base aid funding because some students require more resources and some districts have factors that increase costs. The KSEEA was modeled after the School District Finance and Quality Performance Act (SDFQPA)—an act that had existed for 23 years before the 2015 legislature repealed and replaced it with CLASS.

In its May 22, 2018, argument before the court, the State contended it had complied with Article 6 by returning to the basic formula and resultant funding approved by the supreme court in July 2006 when it dismissed an earlier school finance lawsuit, Montoy v. State. The court
summarized that "the State claims it has raised education funding to at least such levels as to be firmly anchored in this self-described 'Montoy safe harbor.'"

The State's plan to do so was presented to the court in part through an April 23, 2018, memo from the Kansas Legislative Research Department. The memo concluded that after some other modifications, the 2018 Legislature still needed to add around $522 million of principal to reach the Montoy safe harbor. But the court identified two problems with the calculations presented in that memo: (1) the failure to consistently follow the memo's approach and adjust two years of funding for inflation through the approaching 2018-19 school year, which would yield a new principal amount owed to the school districts; and (2) the failure to adjust for inflation until the principal sum owed to the districts was paid in full—approximately 5 years, according to the State's plan.

The court also held that the Kansas Constitution's Article 6 equity requirement was not violated by: (1) requiring a protest petition procedure if a local school district wants to adopt a local option budget (LOB) greater than the statewide average for the preceding school year as determined by the state board of education; (2) requiring all districts to adopt a 15% LOB; or (3) requiring districts to transfer funds from their LOB to their district's at-risk and bilingual funds, based on a proportional formula.

Although the court ultimately held the funding fell short of the legislature's goal of reaching the Montoy safe harbor, it acknowledged the "considerable amount of total funding" added in school year 2017-18 and scheduled to be added through school year 2022-23. The court stayed issuance of its order until June 30, 2019, to allow the legislature ample time to bring the school finance system into compliance with Article 6 of the Kansas Constitution. Briefs are due April 15, 2019, and oral arguments are scheduled for May 9 to review whatever remedial legislation may be enacted.

All previously filed documents are available on the Gannon v. State case page.

Item Title:
Act on Evaluation Review Committee recommendations for higher education program approvals

Recommended Motion:
It is moved that the Kansas State Board of Education accept the following recommendations of the Evaluation Review Committee for program approvals for Bethel College, Emporia State University, Haskell Indian Nations University, MidAmerica Nazarene University and Pittsburg State University.

Explanation of Situation Requiring Action:
Following the institutional application and receipt of complete program reports, a review team of trained evaluators was appointed to review the education preparation programs for the above institutions based on adopted State Board policies, procedures and regulations. These are available for review by any member or members of the State Board. Each review team's report and each institution's response to the report, along with the institutional reports, were submitted to the Evaluation Review Committee (ERC) of the Teaching and School Administration Professional Standards Advisory Board. The ERC, in accordance with procedures adopted by the State Board, prepared written initial recommendations regarding the appropriate status to be assigned to each education unit or preparation program.

The initial recommendation was submitted to the education institution and the institution was given 30 days to request a hearing to appeal the initial recommendation. If requested, the ERC conducted a hearing and prepared a written final recommendation regarding the appropriate status to be assigned to the teacher education program. If a request for a hearing was not submitted, the initial recommendation became the final recommendation. These final recommendations have been submitted to appropriate representatives of the education institutions and are now submitted to the State Board, as attached, for consideration and approval of the ERC recommendations for accreditation and program approval status.

A copy of the regulations covering this process is also attached. Staff will be on hand to answer any questions.

*If approved, new programs are always assigned the status of “new program approved with stipulation.” New programs must be operationalized within two years of KSBE approval and submit a New Program Progress Report 60 days after the second semester of operation.

(a) Application.

(1) Each teacher education institution that desires to have any new program approved by the state board shall submit an application for program approval to the commissioner. The application shall be submitted at least 12 months before the date of implementation.

(2) Each institution shall submit with its application a program report containing a detailed description of each proposed program, including program coursework based on standards approved by the state board, and the performance-based assessment system that will be utilized to collect performance data on candidates’ knowledge and skills. Each program report shall be in the form and shall contain the information prescribed by the commissioner. The program report shall include confirmation that the candidates in the program will be required to complete the following successfully:

(A) Coursework that constitutes a major in the subject at the institution or that is equivalent to a major;

(B) at least 12 weeks of student teaching; and

(C) a validated preservice candidate work sample.

(b) Review team. Upon receipt of a program report, a review team shall be appointed by the commissioner to analyze the program report. The chairperson of the review team shall be designated by the commissioner. The number of review team members shall be determined by the commissioner, based upon the scope of the program to be reviewed. Any institution may challenge the appointment of a review team member. The institution’s challenge shall be submitted in writing and received by the commissioner no later than 30 days after the notification of review team appointments is sent to the institution. Each challenge to the appointment of a review team member shall be only on the basis of a conflict of interest.

(c) Program review process.

(1) In accordance with procedures adopted by the state board, a review team shall examine and analyze the proposed program report and shall prepare a report expressing the findings and conclusions of the review team. The review team’s report shall be submitted to the commissioner. The report shall be forwarded by the commissioner to an appropriate representative designated by the teacher education institution.

Receipt of the review team’s report shall be presumed to occur three days after mailing. The review team’s report, any response by the institution, and any other supporting documentation shall be forwarded to the evaluation review committee by the commissioner.

(d) Initial recommendation. The evaluation review committee, in accordance with procedures adopted by the state board, shall prepare a written initial recommendation regarding the appropriate status to be assigned to the proposed program, which shall include a statement of the findings and conclusions of the evaluation review committee. The recommendation shall be submitted to an appropriate representative designated by the teacher education institution and to the commissioner.

(1) At any time, the approval status of a teacher education program may be changed by the state board if, after providing an opportunity for a hearing, the state board finds that the institution either has failed to meet substantially the program standards or has materially changed the program. For just cause, the duration of the approval status of a program may be extended by the state board. The duration of the current approval status of a program shall be extended automatically if the program is in the process of being reevaluated by the state board. This extension shall be counted as part of any subsequent approval period of a program.

(2) At the time of an institution’s next on-site visit, the new program shall be reviewed pursuant to K.A.R. 91-1-236.

(3) For licensure purposes, each teacher education program that is approved with stipulation shall be considered to be approved. (Authorized by and implementing Article 6, Section 2(a) of the Kansas Constitution; effective Aug. 6, 2004; amended Aug. 12, 2011; amended July 7, 2017.)

An institution may challenge the appointment of a review team member only on the basis of a conflict of interest.

The committee's final recommendation shall be submitted by the commissioner to the state board for its consideration and determination.

(f) Approval status.

(1) The status assigned to any teacher education program specified in this regulation shall be approved, approved with stipulation, or not approved.
(2) Subject to subsequent action by the state board, the assignment of approved status to a teacher education program shall be effective for seven academic years. However, the state board, at any time, may change the approval status of a program if, after providing an opportunity for a hearing, the state board finds that the institution either has failed to meet substantially the program standards adopted by the state board or has made a material change in a program. For just cause, the duration of the approval status of a program may be extended by the state board. The duration of the approval status of a program shall be extended automatically if the program is in the process of being reevaluated by the state board.

(3) (A) If a program is approved with stipulation, that status shall be effective for the period of time specified by the state board, which shall not exceed seven years.

(B) If any program of a teacher education institution is approved with stipulation, the institution shall include in an upgrade report to the commissioner the steps that the institution has taken and the progress that the institution has made during the previous academic year to address the deficiencies that were identified in the initial program review.

(C) The upgrade report shall be submitted by the commissioner to the evaluation review committee for its examination and analysis. After this examination and analysis, the evaluation review committee shall prepare a written recommendation regarding the status to be assigned to the teacher education program for the succeeding academic years. The recommendation shall include a statement of the findings and conclusions of the evaluation review committee. The recommendation shall be submitted to an appropriate representative of the teacher education institution and to the commissioner. If the institution does not agree with this recommendation, the institution may request a hearing according to the provisions in subsection (e).

REQUEST AND RECOMMENDATION FOR BOARD ACTION

Item Title:
Act on cut scores for licensure tests

Recommended Motion:
It is moved that the Kansas State Board of Education adopt and set cut scores for licensure tests as presented.

Explanation of Situation Requiring Action:

Kansas statutes and regulations require all applicants to successfully complete pedagogy and content assessments prior to qualifying for an initial teaching license. A content assessment is also required prior to issuance of a new teaching endorsement or school specialist or school leadership license.

A list of content tests recommended by the Professional Standards Board requires adoption and setting of cut scores. The attached documents provide additional information regarding the tests, including the test name and number, endorsement area requiring the test and the recommended cut scores.
Due to the following reasons, a list of content tests require adoption and setting of cut scores:

1. **Educational Testing Service (ETS) regeneration:**
   ETS revises and regenerates tests on a cyclical basis. ETS regenerated the test for building leadership (SLLA) to align to the Council of Chief State School Officers (CCSSO) Professional Standards for Educational Leaders (formerly ISSLC) that form the basis for leadership preparation program standards. ETS assigns regenerated tests a new test number and a new cut score is required.

2. **Accommodation of new licensure endorsements:**
   Elementary unified, and proposed endorsements for early childhood generalist and middle level generalist will require a content assessment.

3. **A need to review test options to replace or supplement existing tests:**
   The Professional Standards Board (PSB) requested review of the available tests for elementary education and early childhood unified. Educational Testing Services (ETS) conducted a Kansas test review process April 3-5, 2018 in Topeka. Panelists from the teacher education institutions participated in the review of nine content assessments. The nine tests reviewed were potential tests to accommodate new endorsements, plus tests under consideration as replacement tests or to supplement existing tests. Panelists reviewed two elementary tests. The existing early childhood unified test (#5024 Education of Young Children) lacks any special education component, so panelists considered newer, more appropriate interdisciplinary or special education tests.

The PSB reviewed the test recommendations from the panelists at their June meeting. The recommended list is the result of final voting by the PSB. Panelists did not recommend several other tests for adoption based on their review.

The cut scores are as recommended by the Professional Standards Board were based on: results provided by ETS from national standard-setting studies comprised of panelists from multiple states; score suggestions by the April reviewers; and data results/score ranges from states using a recommended test where multi-state standard setting studies were not available.
