Why has my district's allocation changed?

- 1) Federal funding for SY 2020 has increased by \$1,579,040 to \$5,681,149.50!
- 2) Allocations are required by the federal government to be calculated with the most recent census data available. SY 2020 allocation calculated using 2017 Census estimates, while SY 2021 will be calculated using the 2018 US Census. Districts will see large variances the census reflects a large variance in ages 5-17 residents.
- 3) This estimate includes all districts eligible for Perkins funding in the 2019 - 2020 school year as of July 1, 2019.
- 4) As pathways continue to develop, funding will be more widespread throughout the state if federal contribution remains constant.
