A NEW Vision for Kansas ...

Kansas leads the **world** in the success of each student
Perkins Priorities

Kansas leads the world in the success of each student.
Perkins Priorities

• Career Exploration & Development and Academic Guidance

• Aligning Secondary CTE Pathways and Post Secondary CTE Programs to Labor Market Data

• Size, Scope and Quality of CTE Pathways and CTE Programs
  • Targeting Special Populations (Access and Equity)
  • Focus on integrating Work Based Learning, Academic, Technical and Employability Skills to ensure quality CTE Pathways
Perkins Priorities

• Align Secondary CTE Pathways with Post Secondary CTE Programs to create seamless transfer of credit through dual, concurrent and articulated credit

• Teacher Pre-Service Training, Recruitment, Professional Development and Retention
Advisory Committee Meetings and LCNA

- As you hold your Advisory Committee meetings, please plan to review the Local Comprehensive Needs Assessment for your region with all stakeholders.
Effective Advisory Committees

Make it count!

Kansas leads the world in the success of each student.
Why DO we Need an advisory committee?

• Required by Perkins legislation and a required component of the pathway approval process

• Provide guidance and leadership in your local pathways

• Provide insight into the types of pathways/programs needed in the community

• Provide resources for student work-based learning experiences
Who should be on the advisory committee?

• Should be representative of the program/pathway

• Include local business representatives
  • Look for diversity – male/female, age, ethnicity, variety of business/organization represented

• School board member

• Parent of former students (avoid current parents)

• Student
Who should be on the advisory committee?

*Minimum requirement of three members, realistically you will need 7 – 9

*Avoid using Alumni or Booster Club groups – they serve a different purpose

*Only one or two school personnel are needed on the committee – they may not hold officer positions

*Develop a three – year rotation schedule so members will be more likely to serve
What do we talk about?

• Develop an agenda with the committee chair
  • Do talk about updates on local program – enrollment, student successes, changes in class structure, potential new courses/pathways, etc.
  • Do talk about improvement plan – utilize Improvement Plan rubric, select one or two areas each meeting
  • Do talk about equipment, resources, technology needs, current industry standards
  • Do talk about teacher needs for professional development and training in new areas
  • Do talk about providing student opportunities for work-based learning
It is all about the students!

Make sure your committee meeting focuses on what is best for students in your program and serving the needs of the community. Sometimes teachers have to be willing to explore new ground.
Meeting guidelines

Make sure every meeting has a purpose and that all members are engaged. People are willing to serve if they feel needed and have a purpose. Have an advisory committee member report to the local BOE after a meeting. Utilize Advisory committee members to go to board meetings to make major purchase requests.
Accountability/Documentation

- Keep notebook with minutes and other materials
- Share minutes with District Clerk and administrators
- Keep record of meeting dates
- Keep three year plans on file
- Share three year plan with administrators and BOE – the plans should be dynamic documents that help drive your program forward
CPPSA Season

CTE Team

Kansas leads the world in the success of each student.
Career Clusters and Pathways

The Career Cluster Guidance Handbook is a useful guide for CTE Directors and teachers, with links to all necessary resources. It is important to review the handbook or the Summary of Pathway Changes document when preparing to update for the next year.

The Design Sheets for each pathway include an inventory of courses, with the required competencies, that can be offered in each pathway. Pathway content is reviewed by Business/Industry/Postsecondary every 5 years, so the content of the pathway is up to date.

Each course selected in an approved pathway should be offered at least once every three years.

There are no changes to the 2021 – 22 handbook as there were not any cluster reviews.

Cluster Handbook FY 2021-2022
CPPSA Season

• Review district staff and their Pathways Access Level
• Any staff to delete – email helpdesk@KSDE.org

• Any NEW staff – Register at Authenticated Applications
  • School Level – School Update or School Approve
    • Switch between the two using Manage My Account
  • District Level – Select “All Buildings” for the Building field
    • Access to CPPSA update screens and Student Data screens without switching
CPPSA Season

• Review Pathway Content – View/Print document
• Quality Pathway Rubric – Resource to “audit” your pathways
• Review Course Records within Pathway
  • Again, each course selected in an approved pathway should be offered at least once every three years.
  • New KCCMS Course Records by Feb. 1st
• Advisory Committee Assurances
  • Schedule Meetings if needed (Virtual or Email)
  • Quality Pathway Rubric document is available to use with your committee to “Audit” your pathway
  • Keep documentation on file locally
Section 1 – Only CPPSA Update

Section 1 will ask for the Lead Teacher and Years of Experience to help provide information for upcoming PD

Resources for States- COVID-19

Advance CTE will share resources and updates to aid in the delivery of high-quality CTE virtually.

Advance CTE Resources

COVID-19’s Impact on CTE: Defining the Challenge and the Opportunity

What makes Career Technical Education (CTE) unique, like the ability to participate in hands-on, work-based learning experiences, earn meaningful industry-recognized credentials and connect directly with employers, present specific and complex challenges when being delivered virtually. Within these challenges lies opportunity, and the pandemic can and should serve as a catalyst for change in the way states consider offering CTE programs to ensure that each learner - no matter their race, ethnicity, age, gender or zip code - is afforded access to and equitable delivery of high-quality CTE in their communities.

Advance CTE new resource, COVID-19’s Impact on CTE: Defining the Challenge and the Opportunity, identifies the challenges that impact the design, delivery and assessment of CTE programs across the country during COVID-19 (coronavirus) and beyond. Our work continues to provide members and the entire CTE community with the tools, resources and supports needed during this time.

Read the full paper here.
High-quality CTE

PLANNING FOR A COVID-19-Impacted School Year
COVID-19 (the coronavirus) has caused a significant disruption in our education system. Career Technical Education (CTE) has been particularly affected due to the nature of instruction and required laboratory- and work-based learning components. As state agencies are focused intently on their reopening plans — many of which do touch upon CTE — this tool aims to support state CTE leaders as they consider the wide array of challenges unique to supporting CTE learners and programs through this transition and beyond.
