Field Ref#	**Field Name**	**Required /Optional**	**Maximum Length**	**Format Details**	**Comments/Values**
C1	Organization Identification Number	Required	5	Alphanumeric	For **Public School Districts**, the unique number that has been assigned to the district by the state. Example: D0437 For **Private Schools**, the unique number that has been assigned to the school by the state. Example: 8565
C2	Local Subject Area	Required	100	Alphanumeric	The general content area under which this course would fall, as designated by the school district. Example: MATH
C3	Local Subject Area Code	Required	2	Alphanumeric.	The code assigned to the subject by the local district. Example: 03
C4	Local Course Identifier	Required	50	Alphanumeric.	The identifier designated by the local district for the course. Example: Algebra I or 1234
C5	Local Course Title	Required	100	Alphanumeric.	The title designated by the local district for the course. Example: Introduction to Algebra
C6	Local Course Descriptor	Required	2000	Alphanumeric.	The description provided by the local district for the course. **Carriage returns and linefeeds should not be included in the value and will cause errors if included.**
C7	Course Level	Required	1	Alphanumeric.	The level associated with the course offered. Valid values are: **B** = Basic/Remedial – A course focusing primarily on skills development, including literacy in language, mathematics, and the physical and social sciences. These courses typically meet the state's or district's expectations of scope and difficulty for mastery of the content. **G** = General – A course providing instruction in a given subject area that focuses primarily on general concepts appropriate for the grade level. General courses typically meet the state's or district's expectations of scope and difficulty for mastery of the content. **E** = Enriched/Advanced – A course that augments the content and/or rigor of a general course, but does not carry an honors designation. **H** = Honors – An advanced level course designed for students who have earned honors status according to educational requirements. These courses typically include additional content not found in general courses, and are formally designated as honors courses. **X** = No specified level for rigor. The notion of "rigor" may not be appropriate for some courses at the elementary or middle school levels; survey or interest courses that expose students to a variety of subjects are examples.
C8	Credits	Required	4	Numeric	The number of credits a student earns for completing the course. Valid range: 0.00 – 9.99 Example: 1.00
