Kansas Standards for English Language Arts

Adopted November 2017

By the Kansas State Board of Education

The 2017 English Language Arts Standards were created with a goal to meet the vision of the Kansas State Board of Education: To Lead the World in the Success of Each Student. To this end, these standards were built with the purpose of providing educators, parents, and other education stakeholders a clear view of what English Language Arts and Literacy instruction should look like in Kansas.

Further, the English Language Arts Standards are built upon a foundation of common understandings – or practices – which provide a "big picture view" of broad goals for English Language Arts and Literacy instruction for each student across the state. These five foundational practices are intended to support a philosophy aligned with the Kansas State Board of Education's vision and goals, which are intended to ensure that, through their PreK-12 experiences, Kansas kids are equipped with the academic, cognitive, metacognitive, technical, and employability skills required for postsecondary success, as well as the capacity to positively impact the world around them.

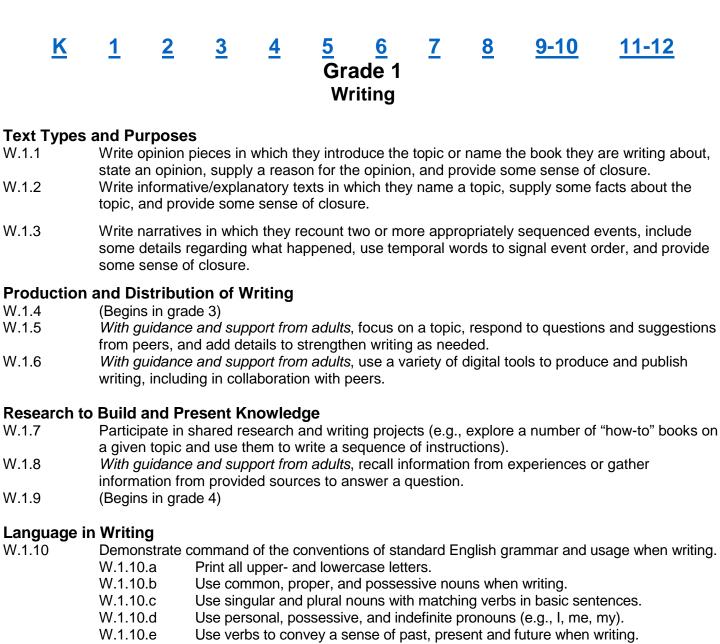

English Language Arts Foundational Practices

- 1. Write, speak, read, and listen appropriately in all disciplines.
- 2. Seek out and work to understand diverse perspectives.
- 3. Use knowledge gained from literacy experiences to solve problems.
- 4. Create multimodal versions of texts for a range of purposes and audiences.
- 5. Self-regulate and monitor growth in writing, speaking, reading, and listening.
