The Annual ADTSEA Conference brings together national leaders in traffic safety and driver education in the interest of quality programs. This is an opportunity to come together and share information that is a valuable part of our continued education.

ADTSEA program planners prepare an extensive list of presenters to include national leaders, motivational speakers, and awards recognition. The sessions are designed to assist attendees by providing contact hours to meet Professional Development requirements.

FROM KDOR: Due to Covid-19, the following change is in effect until June 30th, 2021:

All driver education forms expired after March 11th, 2020 will still be accepted at Kansas exam offices. This includes Certificate of Completion documents as well as the already extended DE-99

Parent/Guardian Permits students may have that did not finish class.

- This means that a student with a Certificate of Completion that expired on 3/11/20 or after will not have to retake driver education thru 6/30/2021.
- DE-99 Parent/Guardian Permits for students that did not finish class, whose Permit expired after 3/11/20 will be accepted until 6/30/2021.
- When students pass the drive test you still take the DE-99 Parent/Guardian Permit and give them the Certificate of Completion. That has not changed.
- Class time length has NOT changed and is still 7 months.

Motorcycle Tips for Riders (courtesy of [KTSRO.org](#))

- Before riding, complete a rider's education course and obtain a class "M" endorsement on your driver's license.
- Wear a helmet and eye protection every time you ride. Motorcyclists should also wear bright, thick protective clothing.
- Always ride sober. Operating a motorcycle takes a great deal of mental focus and physical maneuvering, so alcohol or other impairing substances and motorcycles just don't mix.
- Riders should strategically use their lane position to see and be seen on the highway. Motorcyclists should also combine turn signals and hand signals to draw attention to themselves when switching lanes.

KDOR/DMV Driver's Education Instructor Portal

Commercial and school district appointed Driver's Education Instructors in the state of Kansas are required to submit student applications, pay application fees, and print documentation from the Driver's Education Instructor Portal. In order to obtain access to the portal, Instructors must be approved by the [Kansas Department of Education](#) and register in the Customer Service Center prior to use.

New Driver Education School? All new Driver's Education Instructor Portal users will need to complete instructional [computer-based training \(CBT\)](#) in order to be granted access to the portal. Please fax or email your completion certificate along with the FEIN Request Form to the [Medical & Vision Unit](#) in order to set up your account. You will be contacted with your account information within 7-10 business days.

Kansas Handbook Test & Permit With advisement from the Kansas Driver Education Advisory Board, and requirement(s) from the DMV/KDOR, please see statements below:

Previous practice stands to have students take the Kansas Handbook Test in person; Kansas Handbook tests **CANNOT** be taken or presented online. It is **recommended** students take the Kansas Handbook test prior to the DE class. This is **recommended** not required, however this would allow drive instructors to begin driving on the first day of class with those students who already hold their permit. The student would still be required to attend DE class and learn (or review) the content covered. The ones who already held a permit could be exempt from having to take the actual exam.

CLARIFICATION: If you have a student that has an expired Permit issued by the Division of Vehicles or the Permit will expire during class, you will enter the Portal application with the expired Permit K number and then give the student the written test along with the rest of the class. As long as the student passes, you will give the student the Parent/Guardian DE-99 Permit and tell them to take it to the Division of Vehicles to have a new Permit issued.

In partnership with KDOR: Driver Education Students Age 14 Clarification

- Because every school begins their driver's education class at different times there is no yearly cut off. Every driver's education student must be 14 years of age on the day class begins or they must turn 14 within 1-2 days of the beginning of class. Review the student's birthdate and if they will not be 14 within 1-2 days of class beginning they will have to take your driver's education class at a later time when they meet that criteria.
- If you enroll earlier in the year, a 13-year-old student must turn 14 prior to the beginning of class or turn 14 within 1-2 days of class starting. This student can fill out the paper application but it cannot be entered into the Portal until the day they turn 14. This means you must have access to a computer and printer to do the data entry, pay for the application and print the documents. If you are not able to do this, then that student will have to wait to take driver's education until the following school year or sign up with a Commercial Driver's Education school when they are 14 or turn 14 within 1-2 days of class starting.
- Students that are not 14 may not participate in anything other than lectures the first 1-2 days of class until they turn 14. This means they cannot take any testing given by their USD school, Greenbush or a Commercial Driving School until they turn 14 which includes online quizzes, chapter tests or the handbook test. NO TESTING before age 14 is set by statutes.

Commercial School Instructor Requirements (Verification of certification is always needed for new instructors and renewals; form available [here](#)) [Kansas Statute 8-276](#).

Drivers' training schools; qualifications for instructor of school. Every person in order to qualify as an instructor for a driving school shall meet the following requirements:
