

Jason Flatt
Youth Suicide Awareness
SB 323

July 6th Update:

Relative to on-line youth suicide awareness training(s) the market is generating new opportunities, here are the latest we are aware of:

Jason Foundation: <http://jasonfoundation.com/>

Infinitec is working on a 60 minutes training.

SafeSchools has two modules: 1) the Jason Flatt Act Training 2) an in-house training developed by Dr. Scott Poland.

The Legislature has passed and the Governor has signed SB 323 which is known as the Jason Flatt Youth Suicide Awareness Act. The provisions of this bill relevant to suicide awareness and prevention are:

- The board of education of each school district shall provide suicide awareness and prevention programming to **all** school staff and shall notify the parents or legal guardians of students enrolled in such school district that the training materials provided under such programming are available to such parents or legal guardians.
- Such programming shall include at a **minimum**:
 - At least **one hour of training** each calendar year based on programs approved by the State Board of Education. Such training may be satisfied through independent self-review of suicide prevention training materials; and
 - A building crisis plan developed for each school building. Such plan shall include:
 - Steps for recognizing suicide ideation;
 - Appropriate methods of interventions; and
 - A crisis recovery plan
- On or before January 1, 2017, the State Board of Education shall adopt rules and regulations necessary to implement the provisions of this section.

Guidance

Between now and January 1, 2017 KSDE will be providing guidance relative to the implementation of SB 323 as well as adding resources to our KSDE School Counseling Resources web page (<http://www.ksde.org/Agency/Division-of-Learning-Services/Career-Standards-and-Assessment-Services/Content-Area-M-Z/School-Counseling/School-Counseling-Resources>). KSDE encourages districts to develop partnerships with local and regional mental health centers and educational service centers to provide **evidenced based** training materials and technical assistance in developing crisis plans that meet the statutory requirements. This is also true for districts who plan on utilizing evidence based “independent self-review of suicide materials” that is intended to satisfy the requirements of the statute. An example of this is the curriculum available through the Jason Flatt Foundation located at

<http://jasonfoundation.com/get-involved/educator-youth-worker-coach/professional-development-series/>.

Districts are also reminded that suicide ideation is tier 3 on a school-based mental health continuum. It is recommended that part of the training addresses tier 1 and tier 2 issues that may lead to a tier 3 suicide ideation.

Resources
