### Review of ESSER II application process timeline

The ESSER II application process was launched on March 24th and is a rolling process unlike EANS. The KSDE review team has been hard at work reviewing applications in the order they have been submitted, following up with districts as needed for clarification of requests and to inform them of requests deemed ineligible. The first 55 applications were reviewed by the Task Force in prior meetings and approved by the State Board on May 11th. The goal is for the Task Force to make its recommendations regarding additional applications submitted by May 21 (61 submitted so far) to the State Board for final approval at its next meeting on June 8th-9th. The Task Force therefore has two meetings in which to discuss KSDE’s preliminary reviews and decide on its recommendations (this Friday, May 21st, and Friday, June 4th). Once a district’s application is approved by the State Board, it will be able to begin drawing down its ESSER II funds as needed on a monthly basis through the same process being used for ESSER I funds.
Update on ESSER II application process

As of Tuesday, May 18th, 61 districts have submitted their ESSER II applications in addition to the 55 applications already approved by the Task Force and State Board. This week’s focus will be on 34 of those applications for which KSDE has already completed its initial and secondary review and for which all follow up questions for the district have been resolved. The remaining 27 applications are in the process of being reviewed, and we expect some additional applications to be received between now and May 21st. The goal is for most if not all remaining applications received by May 21st to be included in the next Task Force meeting on June 4th, 2021.

Like the previous ESSER II application batches, the batch of applications being presented this week includes very few requests deemed ineligible by KSDE relative to EANS I applications and reconsideration requests. There are several reasons for this:

- ESSER II has more allowable uses than EANS I, due to both program-specific provisions and other federal limitations on funds allocated to non-public entities vs. public entities
- Districts have been pre-allocated a set amount of money, and they are not allowed to submit requests that exceed their allocated funds; the EANS program did not set a maximum amount of funds that a school could receive
- ESSER II applications are being submitted at the account level rather than at the individual expenditure level and do not leverage a specific Service Center menu, resulting in fewer requests per applicant and providing more flexibility to the districts regarding the individual items being purchased
- Due to the longer timeline, KSDE staff are able to follow up with districts regarding all requests that would be deemed ineligible prior to presenting to the Task Force

KSDE will continue to provide visibility to the Task Force at each meeting regarding any requests deemed ineligible as well as requests that were removed by districts prior to being deemed ineligible.

Implications and plan for this week’s materials and meeting

This week’s Task Force meeting will focus on the batch of 34 applications for which KSDE has already completed its initial and secondary review, and all follow up questions for the district have been resolved. The 34 districts enroll 56.7K students and their applications include 474 individual requests with an estimated aggregate value of approximately $25.7M. As usual, the meeting will include both a summary of eligible requests as well as an individual dossier for the district submitting the 1 request deemed ineligible.

The next batch of applications and requests will be reviewed at the June 4th Task Force meeting. Any applications that have not been fully reviewed by that date will be deferred to the following batch, which will be reviewed in future Task Force meetings in preparation for the July State Board meeting. This Friday’s Task Force meeting will also include a review of the EANS I change requests process and a discussion of emerging themes from initial ESSER quarterly reports.
In addition to this cover letter, this pre-read contains the following:

ESSER II allowable use overview (resharing from earlier pre-read)
- Summary of all applications and requests included in this pre-read
- PDF of 34 reviewed applications, including a compiled list of all requests with KSDE eligibility recommendation by application

As a reminder, in the meeting we will review applications and requests deemed eligible at a summary level. If there is a specific application or request you would like addressed in the Task Force meeting, please email ESSER@ksde.org no later than Thursday at 4 p.m. so information for the district in question can be included in the presentation materials.
CALL TO ORDER
Chairman Porter called the weekly meeting of the Commissioner’s Task Force to order at 3:00p.m. on Friday, May 7th.
The meeting was conducted via video conference and was live streamed for the public to observe and listen.

APPROVAL OF AGENDA
Melissa Rooker made a motion to approve the agenda for the May 7th meeting, and Jason Winbolt had seconded it. Motion carried (16-0). Brenda Dietrich and Pat Pettay were not present at the beginning of the meeting to vote on this motion, and Brad Bergsma did not attend.

ATTENDANCE:
The following Task Force members attended by video conference:

- Jim Porter
- Janet Waugh
- Pat Pettay
- Brenda Dietrich
- Adam Thomas
- Simeon Russell
- Lisa Peters
- Alicia Thompson
- Nick Compagnone
- Frank Harwood
- Tracy Callard
- Jason Winbolt
- Melissa Rooker
- Mike Argabright
- Janet Eaton
- Adam Proffitt
- Roberta Lewis
- Jamie Rumford

APPROVAL OF APRIL 30th MINUTES
Janet Eaton made a motion to approve of the April 30th minutes, and Lisa Peters had seconded it. Motion carried (16-0). Brenda Dietrich and Pat Pettay were not present at the beginning of the meeting to vote on this motion, and Brad Bergsma did not attend.
Chairman Porter began the meeting by discussing that in a bill previously passed by the Legislature, direction was given for the COVID allocations ($10 million in three programs). One is to continue safety grants funded in the past several years, $3.9 million is to expand mental health program pilot project, and $100,000 towards Communities in Schools. Although this bill was passed, some of the contains may be not be allowable by the federal government.

Adam Proffitt then stated that there is a potential issue with maintenance of effort, and it may affect federal funding.

**EANS I Reconsideration: Status Update – Tate Toedman**

Tate started the meeting off by mentioning that the EANS I reconsideration request submission took place from April 20th through the 27th. During this time, the KSDE review team received 115 reconsideration requests from 36 different schools, totaling to $2.3 million in value. He also stated that the KSDE review team had spent a significant amount of time working with the districts to revise their descriptions and quantities (if needed), compare against original requests and receive feedback to ensure consistency. The majority of requests were deemed **eligible** during the EANS I reconsideration process, estimating to $1.3 million. The KSDE review team received an estimate of $1.0 million **ineligible** requests.

Tate then went over a recap of the EANS I application timeline, and it is shown below –

- **Initial Round**: March 22nd through April 2nd
- **Reconsideration Process**: April 20th through April 27th
- **Appeals**: TBD (May/June)
- **Second Round**: TBD

He discussed that the reconsideration process would give private schools an opportunity to provide the KSDE review team with further explanation on their initial requests. Private schools were **not** allowed to submit new requests at this time.

Tate stated that if the Task Force approves of the slate the KSDE review team is providing to them today and the State Board of Education approves the slate next week, Kansas will have awarded 85% of the EANS I funds; with requests primarily focused on student needs.

**EANS I Reconsideration: Summary & Discussion of Requests Deemed Eligible by KSDE – Tate Toedman**

Tate stated that 57% (estimated at $1.3 million) of reconsideration requests were deemed eligible, and requests could be seen in categories such as technology, personnel, curriculum and professional development. He mentioned that the eligible requests across categories focus on addressing student learning loss and social-emotional needs.

The KSDE review team had received two personnel requests originally deemed eligible in Round 1, but were submitted with modifications in the reconsideration process, and they were shown to the Task Force to inform them that the salary of two employees were requested to be increased. These two personnel requests are included in the EANS I reconsideration slate.
EANS I Reconsideration: Discussion of Requests Deemed Ineligible by KSDE – Tate Toedman

Tate went through a recap of the federal guidelines that EANS I requests must “fit” under to be deemed eligible, and some of the guidelines he highlighted are shown below –

- All expenditures must be reasonable, necessary, and allocable (proportional).
- Property and equipment may be purchased by the state and shared with the private school to meet their needs, but the property must be returned to the state or purchased by the private school at the fair market value. Permanent fixtures may not be supported through Kansas EANS funding.
- Property and services may only be provided when required for the stated need, and generally not held in anticipation of future need.
- All services and materials must be secular, neutral, and non-ideological.

43% of requests received during the reconsideration process is still deemed ineligible, estimating at $1.0 million. Ineligible requests can be sorted by several different categories including technology, personnel, SEL and Mental Health, curriculum and professional development, etc.

The details of ineligible EANS I requests are included below (7 categories) –

1. Technology – 23 requests; totaling to $579K.
2. Personnel – 3 requests; totaling to $302K.
3. SEL and Mental Health – 3 requests; totaling to $71K.
4. Curriculum and Professional Development – 4 requests; totaling to $14K.
5. Sanitization – 2 requests; totaling to $2K.
6. Non-Allowable Categories – 2 requests; totaling to $10K.
7. Unique Circumstances – 2 requests; totaling to $1K.

Tate had displayed a request that was originally deemed ineligible by the KSDE review team, that was pulled from the section by one of the Task Force members (ID no. 6060-4-004). The request was specifically for chrome books for a kindergarten class. Janet Eaton stated that she believes their request should be deemed eligible, as the request indicates student need due to COVID-19.

Chairman Porter had mentioned to Janet Eaton that if she would like to make a motion for the Task Force to move this specific request from ineligible to eligible, an appropriate time for this will be before the Task Force votes on the entire slate.
EANS I Reconsideration: Vote to Recommend Request Slate to KSBOE – Tate Toedman
Before the vote was finalized, Janet Eaton made a motion to add an ineligible request for chrome books ($8,694) for (6060) St. Joseph Catholic School in McPherson, KS, to be added to the eligible requests slate. Frank Harwood had seconded it. Motion carried (16-0). Adam Proffitt, Pat Pettey, and Brad Bergsma were not in the meeting at this time to vote on the motion.
Melissa Rooker made a motion to approve the slate of EANS I reconsideration requests as they were presented to the Task Force, and Adam Thomas had seconded it. Motion carried (16-0). Adam Proffitt, Pat Pettey, and Brad Bergsma were not in the meeting at this time to vote on the motion.

ESSER II: Application Status Update – Doug Boline
Doug had mentioned that 96 ESSER II plans have been submitted out of 286 districts (34%). 78 ESSER II plans currently in progress as of May 6th at 6:00 p.m. (CST). As of today, 35 applications are being reviewed by the Task Force with 20 applications from last week that will potentially be given to the State Board of Education next week during their state board meeting.
There has been a pattern to submission, as smaller districts are submitting first, and the larger districts are taking their time. As of May 6th at 6:00 p.m., there have been $24.4 million requested in ESSER II funds. Majority of the requests are in learning loss, summer enrichment, and technical assistance.
He then discussed what the procedure will look like for today in regards to ESSER; which consists of the following:
- Summary of Expenditures Deemed Eligible
- Expenditures Deemed Ineligible by KSDE review team
- Task Force Member Questions, if any.
- Vote on final slate of expenditures

Out of the 55 applications submitted and reviewed, and presented to the Task Force, 100 percent of the planned expenditures are deemed as eligible. The average eligible expenditures per district is $696K (range is from $52K to $6.5 million), and $419 per student (range is from $63 to $1,178).
Doug mentioned that the majority of eligible dollars were being requested in instruction, with significant investments in support services. The categories for requests include the following -
- Instruction - $16.6 million
- Support services - $6.7 million
- Facilities Acquisition and Construction - $1.0 million
- Operation Non-Instruction Services - $0.1 million

Kansas leads the world in the success of each student.
ESSER II: Summary & Discussion of Requests Deemed Eligible by KSDE – Doug Boline
Doug summarized the details of today's batch of ESSER II plans, which will represent 35 school districts, and their total allocation is $28.5 million, but they have only requested $4.1 (14%) at this time. The average dollar amount (per district) that has been deemed eligible is $696K, and eligible expenditures per student will be $419.

The majority of eligible expenditures are focused in instruction, support services, facilities acquisition and construction, and operation of non-instruction services.

ESSER II: Discussion of Requests Deemed Ineligible by KSDE – Doug Boline
Doug restated that the KSDE review would like to avoid bringing any ineligible ESSER II expenditure requests to the Task Force, as they would like to work the requests out beforehand. USD 343 Perry Lecompton's ESSER II expenditure plan totaled to $250K, and the KSDE review team recommended $241K of those requests eligible (97% of their request).

Doug mentioned that the district was notified, and the district insisted on their requests being given to the Task Force for further discussion.

The specific request that was deemed ineligible for USD 343 Perry Lecompton was explained by Doug as reimbursement for extra duty pay for teachers who had been streaming their athletic content online for viewing. The KSDE review team did not see this explanation as eligible as it is was explained as an extracurricular activity expense, which is not allowable under the federal guidelines.

Doug mentioned a few requests that are requiring follow-up with districts from KSDE, and some of the requests include the following –

**Example 1:**
“AED’s-7- To address health concerns of both students and staff who may have acquired heart issues due to COVID-19 and in preparation of community and visitors to the buildings, who may have developed heart conditions due to COVID.”

**KSDE Rationale for Deeming Request Ineligible:** Expenditure does not address an ESSER II allowable use.

**Example 2:** “FB Field Wireless Powerbeam and Wireless Access Point-to use camera system. Actual costs to install a wireless connection to the cameras at the football field to provide parents, relatives, and community to observe games while quarantining and promote social distancing by not having to attend the school activities.”

**KSDE Rationale for Deeming Request Ineligible:** Extra curricular costs are not an allowable use under ESSER II.

**Example 3:** “Hazard/Retention Stipend (all staff) […] With over 110 known positive cases and 623 individuals determined to be close contact […] it is clear that the staff put the needs of our students first while navigating a world-wide pandemic. While it could not have eliminated
learning loss, having our staff work in-person with students surely helped to lessen the learning loss caused by COVID and we hope to compensate them for this service.”

**KSDE Rationale for Deeming Request Ineligible:**
- Stipends for all staff members (bonuses) are not an allowable use under ESSER II.
- Description does not adequately provide the hazardous circumstances for each staff member receiving hazard pay; Hazard pay is an additional pay for performing hazardous duties or work involving physical hardship, in each case that is related to COVID-19.

The topic of bonuses are specifically mentioned in the law as not allowable. There are instances where a district can use ESSER II funds to pay an employee extra money as long as they can prove that the employee has gone “above and beyond” their normal work duties. The school district will need to provide time records of the employee going outside of their normal work hours to provide to auditors when they arrive.

**ESSER II: Vote to Recommend Application Slate to the KSBOE** - Doug Boline

Jason Winbolt made a motion to approve the slate of ESSER II applications as they were presented to the Task Force to provide recommendations to the Kansas State Board of Education, and Adam Thomas had seconded it. Motion carried (16-0). Adam Proffitt, Pat Pettey, and Brad Bergsma were not in the meeting at this time to vote on the motion.

**Next Steps and Plan for the May 14th Task Force Meeting – Tate Toedman**

Tate Toedman walked through the next steps for the Task Force which consisted of the following –
- KSDE to incorporate any approved Task Force changes to eligibility determinations
- KSDE to finalize materials for State Board meeting on Tuesday
- State Board to give final approval to slate of recommendations
- KSDE to inform schools and service centers of reconsideration request determinations
- Next Task Force Meeting is scheduled for Friday, May 21st, 2021. There will not be a meeting on Friday, May 14th, 2021.
- There will also not be a Task Force meeting on Friday, May 28th, 2021.

**ADJOURNMENT** - Chairman Porter adjourned the meeting at 4:22 p.m. The next meeting will occur on Friday, May 21st at 3:00 p.m.
## Commissioner's K-12 Relief Funds Task Force

**EANS I: Status update and overview of change request process**

The State Board approved the Task Force's recommended slate of EANS I reconsideration requests on Tuesday, May 11:

- Reconsideration requests were approved for 37 schools, with a total estimated value of $1.3M.
- Decisions have been communicated to the schools and service centers following the State Board decision.
- In total, the value of all approved EANS I requests is $22.6M, which represents 85% of the total $26.7M EANS I amount.

KSDE is developing a process for schools to submit change requests if they need to make minor adjustments to their approved EANS I expenditures.

Any EANS I funds not accounted for will be included in the EANS II application process in August/September.
Several guiding principles shape the EANS change request process

- All guiding principles for EANS I eligibility should apply equally to change request evaluation (i.e. eligible requests must comply with EANS I allowable uses and federal guidelines)

- Change request process should balance flexibility given changing needs with a commitment to honoring the decisions made during the initial round
  - The change request process is intended to address minor adjustments to cost/quantity for products/services that are consistent with the intent of the original approved requests
  - The change request process is not intended to address new requests not tied to a previously approved item

- Change requests for products/services that were consistently deemed eligible during the initial round should typically not require additional approval beyond KSDE

- Change requests should be evaluated so long as EANS I funding is available; Change requests will not be accepted if all EANS I funding has been accounted for

Change request process designed for minor adjustments of previously approved req

New requests are not addressed through the change request process and will be deferred to EANS II.

# Change request process involves varying levels of approval based on the scenario

**School** submits change request(s), including additional information and/or rationale, to KSDE by sending an email with all relevant information to EANS@KSDE.org.

**KSDE** evaluates request and makes a determination on the request itself and whether the recommendation should be escalated to the Task Force for approval.

**Task Force** votes on any escalated KSDE recommendations and sends slate of those recommendations to State Board for final decision at its next meeting.

**KSDE** provides the Task Force visibility into types of changes made by schools during monthly EANS reporting read-outs.
Schools will submit change requests to KSDE using a simple email template

<table>

Kansas leads the world in the success of each student.

USD 430: South Brown County | Plan summary

ESSER II Plan Summary

“USD 430 has created and will implement a new summer school program, “Ride the Wave”, for students in K-6 grades. Summer school will be held weekday mornings during the month of June. Each day, students will work with certified teachers with paraprofessional support on reading and math intervention or enrichment as well as social emotional learning. Each day will also include a fun camp activity for students to enjoy. Students will also receive breakfast and lunch while at the building. Transportation to and from school will be available. Elements of our current SEL program - Lions Quest will be used and supplemented with the Leader in Me principles. A school nurse will also be on duty during anytime students are on campus.

In order to address the need to socially distance our classrooms and to have the ability to move to an outdoor classroom environment when needed, we will be purchasing Interactive Clear Touch boards for our classrooms. This additional technology will allow greater movement within our district buildings and greenspace.

For our high school students, we will purchase an expanded Edgenuity plan for credit recovery. The Edgenuity schedule will be flexible for each student’s needs, a tutor also will be available for assistance.

In addition to our summer school offerings, we are looking forward to Fall 2021. Our 5-12 band instruments will be deep cleaned, purchasing materials for our middle school Intro to Agriculture course, and training for our new Reading Intervention materials will be completed. We are also looking to add a few positions within the district to meet the needs of our staff and students. The first position will be an Instructional Coach - a position working with our staff. The others will be Student Interventionists - one for each of our district buildings.”

Federal guidance outlines two requirements for additional pay to be allowable using ESSER II funds

1. The additional pay must be for activities that are above and beyond each individual’s contractual job responsibilities, which in the case of ESSER must be directly related to COVID-19

2. The additional pay must be committed prior to the additional duties being performed and may not be committed retroactively to pay for duties already performed
Additional pay must be for activities that are above and beyond each individual's contractual job responsibilities

"Workforce bonuses other than hazard pay or overtime" are cited by the US Treasury as an example of "costs that would not be eligible expenditures of payments from the Fund"

- **Overtime**
  - Overtime means additional pay for performing specific duties outside of agreed-upon job requirements or job hours

- **Hazard pay**
  - Hazard pay means additional pay for performing hazardous duty or work involving physical hardship that is directly related to COVID-19

- **Bonus**
  - A bonus means additional pay that is not necessarily tied to any specific duties outside of contractual job responsibilities; typically used to express gratitude, award performance, and/or support retention

Additional pay must be committed prior to the additional duties being performed

- **Reimbursement**
  - Reimbursement for overtime / hazard pay expenses that were previously incurred prior to the submission of the request

- **Future payment**
  - Commitment to utilize funds for cost of overtime / hazard pay for future additional duties not yet performed

- **Retroactive payment**
  - Retroactive overtime / hazard pay expenditures committed or incurred after the additional duties were already performed

"(e) Special considerations. Special considerations in determining allowability of compensation will be given to any change in a non-Federal entity's compensation policy resulting in a substantial increase in its employees' level of compensation (particularly when the change was concurrent with an increase in the ratio of Federal awards to other activities) or any change in the treatment of allowability of specific types of compensation due to changes in Federal policy."

"(f) Incentive compensation. Incentive compensation to employees based on cost reduction, or efficient performance, suggestion awards, safety awards, etc., is allowable to the extent that the overall compensation is determined to be reasonable and such costs are paid or accrued pursuant to an agreement entered into in good faith between the non-Federal entity and the employees before the services were rendered, or pursuant to an established plan followed by the non-Federal entity so consistently as to imply, in effect, an agreement to make such payment."

Source: 2 CFR 200.430(e)-430(f). Compensation – personal services.
Backup | Illustrative examples of additional payments that would be allowable under ESSER II funding

Request to use ESSER funds for **overtime pay** for 3 teachers who will be **dedicating additional time toward planning** after-school tutoring sessions to address learning loss.

Request to use ESSER funds to **reimburse the district for overtime pay** it previously committed and paid to 2 teachers to monitor students in their classroom during a **duty-free lunch** to facilitate social distancing among students through the use of the additional classroom.

Request to use ESSER funds to **reimburse the district for hazard pay** it previously committed and paid to 5 food service workers to serve meals to remote students during a local spike in coronavirus cases.

---

**ESSER I:** Emerging themes from initial quarterly ESSER reports
In the first year of the COVID-19 pandemic, Kansas public and private school districts had to manage the crisis of protecting student learning across changing learning environments:

- The vast majority of districts changed learning environments at least twice - from in-person to remote (in spring 2020) and from fully remote to partially remote/hybrid or in-person (in fall 2020).
- Continuing to provide support for students in both remote and in-person learning environments drove significant incremental costs.

Districts focused CRF and ESSER I funding on the immediate need to ensure continued learning:

- Reported CRF and ESSER I expenditures as of March 31, 2021, totaled $140M and were largely focused on educational technology (37%), supplies to sanitize and clean (24%), and general operations (21%).

Subsequent funding (EANS I, EANS II, ESSER II, ESSER III) will be critical in addressing medium-term COVID education needs in the coming years (e.g., learning recovery, continued school health & safety).

NOTE:
- Data is preliminary - finalized outputs will be included in the CRF and ESSER I report, but overall trends are not expected to change.
- All data is self-reported by districts; data has been reviewed for completion/integrity and major discrepancies have been resolved by KSDE.

Almost all districts have operated in both remote/hybrid and in-person settings since spring 2020:

- Most districts returned to full-time in-person learning in fall 2020...
- ...but most students remained in remote/hybrid learning environments.

1. Large districts defined as districts with 829-47k students; the 16 large districts that were remote in Dec-20 represent 127k students (27% of total students).
2. Includes districts with in-person in some grades but not all, districts with remote in some grades but not all, and districts with hybrid learning in some/all grade levels.
The pandemic has driven incremental near-term needs and costs across the state

**Immediate and near-term needs | March 2020 – March 2021**

**Spring and Fall 2020**
- Stand up remote/hybrid learning capabilities
  - Educational technology (devices and accessories)
  - Connectivity (wifi hotspots, internet stipends)
  - Software (digital curriculum licenses)

**Fall 2020 and Spring 2021**
- Reopen schools safely to minimize disease spread
  - Sanitation and cleaning supplies
  - Staff and student health supplies (masks, thermometers)
  - Social distancing costs (additional facilities, barriers, staff to teach students in smaller groups)
  - Staff to facilitate safe reopening (nurses, custodians)

**Spring 2020 – Spring 2021**
- Protect student learning time and provide social-emotional support for students and staff
  - Staff and supplies to provide additional learning time, including afterschool programming, summer school, extended school years, and tutoring
  - Mental health support for students and staff, including counselors, programs, and outreach

**CRF and ESSER I were the incremental PreK-12 funding sources during the first nine months of the pandemic**

</table>

Due to CRF’s original spend deadline of December 2020 and ESSER I’s spend deadline of September 2022, most districts spent CRF funding first and spread out ESSER I spend over time

Note: Draw downs capture the payments made from KSDE to districts after districts request funding for reimbursements or estimated expenditures and are different from reported expenditures captured in the CRF and ESSER I reports - draw down totals through March 2021 lag behind reported expenditures through March 2021; Draw downs for personnel may only be requested to reimburse payroll expenses over time (not a lump sum at the beginning of employment)
From March 2020 to March 2021, districts focused funds on ensuring continuity of learning.

Expenditures by allowable use
Note: ESSER I allowable uses were self-reported by districts, and CRF funding was grouped into the most similar allowable use; some expenditures may fall into other allowable uses not selected.

- $63M (45%) Expenditures for remote learning
- $52M (37%) Expenditures for in-person learning/reopening
- $25M (18%) General operations and student support expenditures
- $80.0M Total

ESSER I SPED: districts were able to focus SPED funding on general operations and student support

Expenditures by allowable use
Note: Allowable uses were self-reported by districts; some expenditures may fall into other allowable uses not selected

Examples: Personnel expenses for remote learning prep, COVID leave, new SPED teachers; online speech therapy services; transportation for in-person SPED learning

- $0.7M (17%)
- $0.4M (10%)
- $3M (74%)

1. Other includes improve LEA response efforts (2%), learning loss (2%), public health protocols for reopening (2%), facility repairs/improvements (2%), mental health (1%), resources to address ind. school needs (1%), training and PD on min COVID spread (0.2%), and indoor air quality (0.02%)
As learning environments stabilize, districts are shifting their focus to medium-term relief and recovery needs

**Medium-term needs | April 2021 -**

- **Prioritize academic and social-emotional learning recovery for students and staff**
  - Staff and supplies to provide additional learning time, including afterschool programming, summer school, extended school years, and tutoring
  - Mental health support for students and staff, including counselors, programs, and outreach

- **Maintain safe in-person learning environments**
  - Sanitation and cleaning supplies
  - Staff and student health supplies (masks, thermometers)
  - Social distancing costs (additional facilities, barriers, staff to teach students in smaller groups)
  - Staff to facilitate safe in-person learning (nurses, custodians)

**Future rounds of federal COVID funding (EANS I, EANS II, ESSER II, ESSER III) are critical to address these medium-term COVID needs; ESSER III funding may be used through September, 2024**

Next steps and plan for 6/4 Task Force meeting
Next Steps

- KSDE to incorporate any approved Task Force changes to eligibility determinations
- KSDE to complete review of next batch applications, following up with districts as appropriate
- Pre-read of reviewed applications for Task Force will be provided on Wednesday, 6/2; KSDE to prepare materials for next week's Task Force meeting on 6/4

- No Task Force meeting on 5/28
- Next Meeting (6/4): Task Force meeting focused on reviewing and voting on second slate of ESSER II applications in advance of KSBOE meeting

Thank You
## 15 Authorized Uses for ESSER II Funds

<table>
<thead>
<tr>
<th>AUTHORIZED USES FOR ESSER II FUNDS</th>
<th>EXAMPLES</th>
</tr>
</thead>
</table>
• Add staff to lower class sizes for COVID-related safety. (Cohorting, increasing physical space, etc.)  
• Create additional family engagement activities – surveys, etc. to provide feedback for program development. (Making connections outside of school hours.)  
• Establish a safe in-person environment for a limited number of students most in need of in-person support, even while most of the district may be remote.  
• Provide personal protective equipment and other resources to safely, send teachers to work with students in the home, when appropriate. |
| 2. Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus. | • Assign staff to attend coordinating meetings.  
• Meet regularly with county health officials and emergency management staff.  
• Share resources and facilities with county health officials and emergency management staff. |
| 3. Providing principals and others school leaders with the resources necessary to address the needs of their individual schools. | • Provide professional development on leading during a pandemic, addressing learning loss, etc.  
• Provide professional development on addressing mental health for staff and students.  
• Provide health care training for administrators and school leaders.  
• Develop remote learning strategies.  
• Provide training for communicating with parents, staff, and students during remote learning. |
<table>
<thead>
<tr>
<th>AUTHORIZED USES FOR ESSER II FUNDS</th>
<th>EXAMPLES</th>
</tr>
</thead>
</table>
| **4. Activities to address the unique needs of low-income children or students**, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, **including how outreach and service delivery will meet the needs of each population.** | • Locate disengaged students and make sure they have access to education.  
• Connect families with community resources.  
• Translate materials for families.  
• Establish a safe in-person environment for a limited number of students most in need of in-person support, even while most of the district may be remote. Hold classes at different hours of the day to accommodate unusual family schedules.  
• Provide meals (sack lunches) for students who cannot safely come to school. |
| **5. Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.** | • Pay staff for time outside of their contract to develop and implement necessary procedures in response to a health emergency, i.e. health protocols, mitigation of virus, cohorting procedures. |
| **6. Training and professional development for staff** of the local educational agency on sanitation and minimizing the spread of infectious diseases. | • Bring in health departments and other community health professionals to provide professional development on mitigation efforts, training on how to use tools/technology, etc.  
• Train all school staff on appropriate sanitation.  
• Share school staff training with staff from other agencies such as hospitals, nursing homes, businesses, retail stores, etc.  
• Share school sanitation protocol training with parents. |
| **7. Purchasing supplies to sanitize and clean the facilities** of a local educational agency, including buildings operated by such agency. | • Purchase additional supplies or specialty equipment necessary to mitigate the virus within school buildings.  
• Purchase personal protective equipment; face masks, shields, gowns, gloves, etc. |
| **8. Planning for, coordinating, and implementing activities during long-term closures**, including providing meals to eligible students, providing technology for online learning to all students, providing guidance for carrying out requirements under the IDEA and ensuring other educational services can continue to be provided consistent with all Federal, State, and local requirements. | • Provide for the excess costs associated with nutritional services – delivery, additional distribution locations, additional sanitation protocols/equipment.  
• Provide remote learning sites, internet hotspots, etc.  
• Provide meals (sack lunches) for students who cannot safely come to school.  
• Provide training for parents, staff, and students on use of technology.  
• Provide training for parents, staff, and students on remote learning practices and strategies. |
<table>
<thead>
<tr>
<th>AUTHORIZED USES FOR ESSER II FUNDS</th>
<th>EXAMPLES</th>
</tr>
</thead>
</table>
| **9. Purchasing educational technology** (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and children with disabilities, which may include assistive technology or adaptive equipment. | • Purchase additional technology such as tablets, laptops, screen readers etc. for remote teaching and remote learning.  
• Increase broadband for schools.  
• Purchase offsite internet security software to protect students and equipment.  
• Hire IT staff to implement and support additional technology.  
• Provide mental health services and supports. |
| **10. Providing mental health services and supports.** | • Contract with mental health agencies to provide counseling, social services, and access to mental health professionals for staff and students in response to COVID-19.  
• Provide professional development for counselors and social workers.  
• Develop and implement early warning systems/screeners to identify staff and student mental health needs.  
• Work with local mental health professionals to train school staff on mental health issues to watch for in students, staff, and parents; as well as how to respond appropriately. |
| **11. Planning and implementing activities related to summer learning and supplemental after school programs**, including providing classroom instruction or online learning during the summer months and addressing the needs of low-income students, children with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care. | • Cover additional salaries/expenses for staff, utility bills, etc. associated with summer extended learning.  
• Cover expenses associated with providing student transportation to summer learning programs.  
• Cover expenses associated with additional learning materials to address specific needs created by or as a result of the pandemic.  
• Implement effective and impactful summer learning programs and after-school programs: Team teach, small classes, varied timeframes, curriculum tied to field trips and hands-on activities, multi-age student groupings, cross curricular instruction, etc. |

Application details

Full District Name | Erie/Galesburg
District Number | 101
Please briefly describe the impacts of COVID-19 on the district and its Pre-K through 12 students, including any relevant data where possible (e.g., cost impact, learning loss, emotional impact on students). If there has been a disproportionate impact on a special population in the district (e.g., students with disabilities, English Learners, students in foster care, students in poverty, etc.), please describe the impact and provide the number of Pre-K through 12 students in that population.

For the most part, the impacts of COVID-19 have been equal among all of our PreK-12 students including all special groups. The higher impacts of the virus have been centered around the social emotional needs because of the reduced socialization and separation of students and their families with others. The remote education and reduction of interaction among peers have caused individuals to become more introverted and withdrawn from the learning environment. This has forced teachers to focus more attention to individuals with their instruction rather than the group and allowing for group interaction. In the early stages of the virus, there were restrictions for extra-curricular activities and this too discouraged students from focusing on academic needs. Once the ban on activities was lifted, it gave students a higher motivation knowing that they could participate in activities if they did well with their academics.

We believe that the combination of teachers focusing more with specific areas of their instruction and allowing students to participate in activities, have allowed our students to regain their level of education. The results from our assessment scores demonstrated that there was a slight gain from the previous year that supported our theory.

Does the district have remaining ESSER I funding that it has not yet spent as of the date of ESSER II application submission?

Our district has $33,795 remaining in our ESSER I funds as of the date of this application. It is our intent to purchase cleaning supplies that will finish out the current fiscal year and help to start the beginning of the 2021-2022 school year. We anticipate having to purchase more supplies as the year progresses. We are also using some of the remaining funds to support student services that will be provided by Greenbush. The final remaining funds will be used to purchase technology needs to begin the 2021-2022 school year and to support upgrading the HVAC system in the elementary and middle school buildings. ESSER II funds will provide the bulk of the HVAC upgrade.
Please review the following allowable uses of ESSER II funds before completing the narrative and Excel template portion of the application.

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.

- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.

- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.

- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.

- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.

- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.

- Planning for, coordinating, and implementing activities during long-term closures, including providing meals to eligible students, providing technology for online learning to all students, providing guidance for carrying out requirements under the IDEA and ensuring other educational services can continue to be provided consistent with all Federal, State, and local requirements.

- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and children with disabilities, which may include assistive technology or adaptive equipment.

- Providing mental health services and supports.

- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low-income students, children with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.

- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.

- School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.

- Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.

- Developing strategies and implementing public health protocols for the reopening and operation of school facilities.

- Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Please note: "Developing strategies and implementing public health protocols for the reopening and operation of school facilities," identified as an allowable use under ESSER III in the American Rescue Plan, is also permissible under ESSER II.
Plan for ESSER II Direct District Allocation and KSDE Per-Student Additional Allocation (If Applicable)

Please summarize how the district proposes using its ESSER II direct district allocation (and its KSDE per-student additional allocation, if applicable) to address incremental COVID-19 needs.

Our ESSER II funds will directly impact our student needs as a result of the COVID-19. We are proposing to use our ESSER II funds to update technology needs in the classroom, provide more support for social emotional needs, and to increase the safety of the environmental conditions with a cleaner air quality.

Part of our goal with the ESSER II funds is to update technology by using one-to-one devices. Our current devices are reaching the end of life period and do not possess the ability to communicate in remote settings or to allow for the greater demands for updated curriculum. It will be important to maintain an environment that reduces the ability of spreading germs by providing social distancing and less sharing of devices.

Our goals include adding software to allow students the ability to conduct virtual field trips, conduct screenings, complete various assessments, and to expand on other educational opportunities that cannot be through a face-to-face interaction. ESSER II funds will go towards allowable Greenbush services to help our district with providing environmental/custodial support, teacher and leadership training, and PAT.

The bulk of the ESSER II funds will be used for upgrading our Elementary and Middle school HVAC systems because they do not allow for fresh air exchange in the building. Our district did not receive SPARKS funding from our county that would have been utilized for this purpose so it will be important for us to make the upgrades of equipment. We have several families that do not want to have students present in the building because of the inability to clean the air for students. Several of our rooms only have a window AC unit that doesn't allow for any fresh air into the room. A quality HVAC system will provide industry standard air filtration and circulation.

How will the district determine the impact of its ESSER II direct district allocation expenditures (and additional per-student allocation, if applicable) on students?

The technology will be determined by teacher feedback and student participation. Having devices in each classroom will help teachers be able to plan lessons around what is best for students and not a schedule as to when they get the Chromebook cart.

The social emotional support will be determined through the number of referrals and the relationship with our assessments. We believe that if we support the students by becoming more confident that they will perform better in the classroom and have a stronger interaction with others.

With the HVAC, we will determine the impact from teacher, student, and administration feedback. Currently they share that the cooling/heating temperature varies greatly between classrooms and is very distracting towards student learning and participation. The teachers/administration should be able to provide feedback that this update has helped calm students and staff nerves and provides a higher quality educational environment for learning.

Notes on ESSER II application Excel template:

- Plans and budgets should be submitted for at least a 12 month period but do not need to account for the full duration of the program or the full allocation amount. Funds will remain accessible to the LEA until September 30, 2023 and there will be additional opportunities to submit further requests/plans in the future.
- Following ESSER II application approval and initiation of funds draw down, districts will be required to report to the Commissioner's Task Force on ESSER II expenditures and impact on a monthly basis throughout the program. This ESSER II reporting will be required as a part of regular ESSER program reporting, which will capture past expenditures across funding streams (ESSER I, ESSER I SPED, ESSER II, ESSER II SPED, ESSER II KSDE Per Student Allocation). Districts may be asked to provide expenditures by fund, function, object, account, and ESSER II allowable use as part of ongoing ESSER reporting.
- This reporting will not replace any reporting required by the federal government. KSDE will work to maximize compatibility between its reporting requirements and those of the federal government as much as possible to minimize burden on districts.
Please download and complete the ESSER II application template [here](101_Erie-Galesburg_ESSER... (147 KiB download)) to provide details on ESSER II budgeted expenditures across allowable uses and KSDE accounting codes.

**Local Education Agency (LEA) Assurances**

**Section I. General Grant Assurances for Federal Funds**

Throughout the period of the grant award, the LEA will comply with all requirements of:

The LEA will make a good faith effort, on a continuing basis, to maintain a drug-free workplace, in accordance with the measures in 34 CFR Part 84, Subpart B and the Drug-Free Workplace Act of 1988;

The Education Department General Administrative Regulations (EDGAR) 34 CFR 76 requirements, including:

34 CFR §76.500(a) Federal statutes and regulations on nondiscrimination.

(a) A State and a subgrantee shall comply with the following statutes and regulations:

- Discrimination on the basis of age | The Age Discrimination Act (42 U.S.C. 6101 et seq.) | 34 CFR part 110.

(b) A State or subgrantee that is a covered entity as defined in §108.3 of this title shall comply with the nondiscrimination requirements of the Boy Scouts of America Equal Access Act, 20 U.S.C. 7905, 34 CFR part 108.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.650 Private schools; purpose of §§76.651-76.662.

(a) Under some programs, the authorizing statute requires that a State and its subgrantees provide for participation by students enrolled in private schools. Sections 76.651-76.662 apply to those programs and provide rules for that participation. These sections do not affect the authority of the State or a subgrantee to enter into a contract with a private party.

(b) If any other rules for participation of students enrolled in private schools apply under a particular program, they are in the authorizing statute or implementing regulations for that program.

(Authority: 20 U.S.C. 1221e-3 and 3474)

34 CFR §76.700 Compliance with statutes, regulations, State plan, and applications.

A State and a subgrantee shall comply with the State plan and applicable statutes, regulations, and approved applications, and shall use Federal funds in accordance with those statutes, regulations, plan, and applications.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.701 The State or subgrantee administers or supervises each project.

A State or a subgrantee shall directly administer or supervise the administration of each project.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.702 Fiscal control and fund accounting procedures.

A State and a subgrantee shall use fiscal control and fund accounting procedures that insure proper disbursement of and accounting for Federal funds.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.709 Funds may be obligated during a “carryover period.”

(a) If a State or a subgrantee does not obligate all of its grant or subgrant funds by the end of the fiscal year for which Congress appropriated the funds, it may obligate the remaining funds during a carryover period of one additional fiscal year.

(b) The State shall return to the Federal Government any carryover funds not obligated by the end of the carryover period by the State and its subgrantees.

(Authority: U.S.C. 1221e-3, 1225(b), and 3474)
34 CFR §76.722 Subgrantee reporting requirements.
A State may require a subgrantee to submit reports in a manner and format that assists the State in complying with the requirements under 34 CFR 76.720 and in carrying out other responsibilities under the program.

(Authority: 20 U.S.C. 1221e-3, 1231a, and 3474)

34 CFR §76.730 Records related to grant funds.
A State and a subgrantee shall keep records that fully show:
(a) The amount of funds under the grant or subgrant;
(b) How the State or subgrantee uses the funds;
(c) The total cost of the project;
(d) The share of that cost provided from other sources; and
(e) Other records to facilitate an effective audit.

(Approved by the Office of Management and Budget under control number 1880-0513)

(Authority: 20 U.S.C. 1232f)

34 CFR §76.731 Records related to compliance.
A State and a subgrantee shall keep records to show its compliance with program requirements.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

The Uniform Grant Guidance, 2 CFR §200 all applicable subrecipient requirements, including but not limited to:
2 CFR Subpart D – Post Federal Award Requirements
§200.302 Financial management.
§200.303 Internal controls.
§200.305 Payment.
§200.313 Equipment.
§200.314 Supplies.
§200.318 General procurement standards.
§200.320 Methods of procurement to be followed;
2 CFR 200 Subpart E: Cost Principles:
§200.403 Factors affecting allowability of costs.
§200.404 Reasonable costs.
§200.405 Allocable costs.
§200.413 Direct costs.
§200.415 Required certifications.
§200.430 Compensation—personal services.

The Debarment and Suspension, 34 CFR Part 85, Section 85.510, Participants’ Responsibilities and makes the following certification by signing this application:
The prospective lower-tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.

Where the prospective lower-tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 for such failure.

Section II. Specific Elementary and Secondary School Emergency Relief (ESSER) Grant Assurances

The LEA assures that funds shall only be used for any of the following:

Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.

Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.

Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.

Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.

Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.

Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.

Planning for and coordinating during long-term closures, including for how to provide meals to eligible students, how to provide technology for online learning to all students, how to provide guidance for carrying out requirements under the Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.) and how to ensure other educational services can continue to be provided consistent with all Federal, State, and local requirements.

Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and students with disabilities, which may include assistive technology or adaptive equipment.

Providing mental health services and supports.

Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low income students, students with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.

Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.

School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.

Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.

Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Throughout the period of the grant award, the LEA shall comply with all applicable requirements of the Elementary and Secondary School Emergency Relief (ESSER) authorized by the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSA), including:

CONTINUED PAYMENT TO EMPLOYEES
SEC. 18006. A local educational agency, State, institution of higher education, or other entity that receives funds under
“Education Stabilization Fund”, shall to the greatest extent practicable, continue to pay its employees and contractors during the period of any disruptions or closures related to coronavirus.

**Certification**

To the best of my knowledge and belief, all the information and data in this agreement are true and correct. I acknowledge and agree that the failure to comply with all Assurances and Certifications in this Agreement, all relevant provisions and requirements of the CARES Act, Pub. L. No. 116-136 (March 27, 2020), or any other applicable law or regulation may result in liability under the False Claims Act, 31 U.S.C. § 3729, et seq.; OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485; and 18 USC § 1001, as appropriate.

Please provide more information on how the equipment will be used as it relates to COVID-19. Applicant provided via email: When examining our mid-year and end-of-year data for USD 101, it is clear that some gaps have been created and/or extended due to COVID 19 school closures and student instructional time lost. Expenditures on student devices and licenses will allow us to achieve and maintain a one to one ratio of student to device. One to one student devices will help our district more effectively serve students who display learning gaps caused by Covid-19 in our response to intervention processes with our supplemental programs that utilize a technology component. It will also allow full usage of the technologically based aspects of our adopted curricula to more fully engage our students who have shown a preference to a virtual means of engagement during the pandemic. Additionally, the extended use of supplemental programs that will be accessed through our use of one to one student devices will offer us more valid data to observe and report on the closure of Covid related gaps that exist and allow us to utilize real time data to inform instructional decisions.

Application details

Full District Name

| Cimarron-Ensign |

District Number

| 102 |
Please briefly describe the impacts of COVID-19 on the district and its Pre-K through 12 students, including any relevant data where possible (e.g., cost impact, learning loss, emotional impact on students). If there has been a disproportionate impact on a special population in the district (e.g., students with disabilities, English Learners, students in foster care, students in poverty, etc.), please describe the impact and provide the number of Pre-K through 12 students in that population.

USD 102 has approximately 660 students PreK-12 grades. All students have been in school, in-person this year. Since August 26th, students and staff have not been in school and in-person. USD 102 carefully considered the data associated with academic impacts, specifically data that may indicate a learning gap larger than normal. In reviewing the data, USD 102 found the following: 1) in 2019-2020 73% of all students K-12 were “on track academically”. This indicates the student has all A’s, B’s, and/or C’s in all classes; 2) In 2020-2021 the number of K-12 students “on track academically” was 69%. This was after a 10-week session of remote learning from March 2020 to May 2020; 3) In 2019-2020, NWEA Maps assessments indicate that 94% of students in 7-12 were “at or above the benchmark”; 4) In 2020-2021, NWEA Maps assessments indicate that 87% of students in 7-12 were “at or above the benchmark”. The Elementary staff continuously reviews data such as Aimsweb+ and Star Reading to ensure students are making proper progress - and the students are progressing at the pace of a non-Covid school year. The USD 102 Chronic Absenteeism is approximately the same through the last three years. A remarkable feat given schools are educating through a pandemic.

Please review the following allowable uses of ESSER II funds before completing the narrative and Excel template portion of the application.

Education Act of 2006 (20 U.S.C. 2301 et seq.) ("the Perkins Act"), or subtitle B of title VII of the McKinney-December 21,
Vento Homeless Assistance Act (42 U.S.C. 11431 et seq.).

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial
public health departments, and other relevant agencies, to improve coordinated responses among such entities to
prevent, prepare for, and respond to coronavirus.

- Providing principals and others school leaders with the resources necessary to address the needs of their individual
schools.

- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial
and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service
delivery will meet the needs of each population.

- Developing and implementing procedures and systems to improve the preparedness and response efforts of local
educational agencies.

- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of
infectious diseases.

- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such
agency.

- Planning for, coordinating, and implementing activities during long-term closures, including providing meals to eligible
students, providing technology for online learning to all students, providing guidance for carrying out requirements under
the IDEA and ensuring other educational services can continue to be provided consistent with all Federal, State, and local
requirements.

- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the
local educational agency that aids in regular and substantive educational interaction between students and their
classroom instructors, including low-income students and children with disabilities, which may include assistive technology
or adaptive equipment.

- Providing mental health services and supports.

- Planning and implementing activities related to summer learning and supplemental afterschool programs, including
providing classroom instruction or online learning during the summer months and addressing the needs of low-income
students, children with disabilities, English learners, migrant students, students experiencing homelessness, and children in
foster care.

- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial
and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational
agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess
students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating
instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing
information and assistance to parents and families on how they can effectively support students, including in a distance
learning environment. (D) Tracking student attendance and improving student engagement in distance education.

- School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure
to environmental health hazards, and to support student health needs.

- Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school
facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification
and other air cleaning, fans, control systems, and window and door repair and replacement.

- Developing strategies and implementing public health protocols for the reopening and operation of school facilities.

- Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and
continuing to employ existing staff of the local educational agency.

Please note: "Developing strategies and implementing public health protocols for the reopening and operation of school
facilities," identified as an allowable use under ESSER III in the American Rescue Plan, is also permissible under ESSER II.

Plan for ESSER II Direct District Allocation and KSDE Per-Student Additional Allocation (If Applicable)

Please summarize how the district proposes using its ESSER II direct district allocation (and its KSDE per-student additional
allocation, if applicable) to address incremental COVID-19 needs.
After consideration of many data points, the USD 102 Board of Education has decided to use the funds on “Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification, and other air cleaning, fans, control systems, and window and door repair and replacement.”

How will the district determine the impact of its ESSER II direct district allocation expenditures (and additional per-student allocation, if applicable) on students?

It will be difficult to determine the positive effect improved air quality and purification might have on students and staff. However, in an attempt to meet or exceed the American Society of Heating, Refrigeration, and Air-Conditioning Engineers (ASHRAE) standards for indoor quality, it will only assist students and staff with a better, cleaner, and healthier learning environment. It is the hope of USD 102 that better-purified air and improved air quality will help to keep all students in school more often and reduce the chronic absenteeism rate.

Notes on ESSER II application Excel template:

- Plans and budgets should be submitted for at least a 12 month period but do not need to account for the full duration of the program or the full allocation amount. Funds will remain accessible to the LEA until September 30, 2023 and there will be additional opportunities to submit further requests/plans in the future.
- Following ESSER II application approval and initiation of funds draw down, districts will be required to report to the Commissioner's Task Force on ESSER II expenditures and impact on a monthly basis throughout the program. This ESSER II reporting will be required as a part of regular ESSER program reporting, which will capture past expenditures across funding streams (ESSER I, ESSER I SPED, ESSER II, ESSER II SPED, ESSER II KSDE Per Student Allocation). Districts may be asked to provide expenditures by fund, function, object, account, and ESSER II allowable use as part of ongoing ESSER reporting.
- This reporting will not replace any reporting required by the federal government. KSDE will work to maximize compatibility between its reporting requirements and those of the federal government as much as possible to minimize burden on districts.

Please download and complete the ESSER II application template here to provide details on ESSER II budgeted expenditures across allowable uses and KSDE accounting codes.

Local Education Agency (LEA) Assurances

Section I. General Grant Assurances for Federal Funds

Throughout the period of the grant award, the LEA will comply with all requirements of:
The LEA will make a good faith effort, on a continuing basis, to maintain a drug-free workplace, in accordance with the measures in 34 CFR Part 84, Subpart B and the Drug-Free Workplace Act of 1988;
The Education Department General Administrative Regulations (EDGAR) 34 CFR 76 requirements, including:
34 CFR §76.500(a) Federal statutes and regulations on nondiscrimination.
(a) A State and a subgrantee shall comply with the following statutes and regulations:
- Discrimination on the basis of race, color, or national origin | Title VI of the Civil Rights Act of 1964 (42 U.S.C. 6101 et seq.) | 34 CFR part 100.
- Discrimination on the basis of age | The Age Discrimination Act (42 U.S.C. 6101 et seq.) | 34 CFR part 110.
(b) A State or subgrantee that is a covered entity as defined in §108.3 of this title shall comply with the nondiscrimination requirements of the Boy Scouts of America Equal Access Act, 20 U.S.C. 7905, 34 CFR part 108.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.650 Private schools; purpose of §§76.651-76.662.

(a) Under some programs, the authorizing statute requires that a State and its subgrantees provide for participation by students enrolled in private schools. Sections 76.651-76.662 apply to those programs and provide rules for that participation. These sections do not affect the authority of the State or a subgrantee to enter into a contract with a private party.

(b) If any other rules for participation of students enrolled in private schools apply under a particular program, they are in the authorizing statute or implementing regulations for that program.

(Authority: 20 U.S.C. 1221e-3 and 3474)

34 CFR §76.700 Compliance with statutes, regulations, State plan, and applications.

A State and a subgrantee shall comply with the State plan and applicable statutes, regulations, and approved applications, and shall use Federal funds in accordance with those statutes, regulations, plan, and applications.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.701 The State or subgrantee administers or supervises each project.

A State or a subgrantee shall directly administer or supervise the administration of each project.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.702 Fiscal control and fund accounting procedures.

A State and a subgrantee shall use fiscal control and fund accounting procedures that insure proper disbursement of and accounting for Federal funds.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.709 Funds may be obligated during a “carryover period.”

(a) If a State or a subgrantee does not obligate all of its grant or subgrant funds by the end of the fiscal year for which Congress appropriated the funds, it may obligate the remaining funds during a carryover period of one additional fiscal year.

(b) The State shall return to the Federal Government any carryover funds not obligated by the end of the carryover period by the State and its subgrantees.

(Authority: U.S.C. 1221e-3, 1225(b), and 3474)

34 CFR §76.722 Subgrantee reporting requirements.

A State may require a subgrantee to submit reports in a manner and format that assists the State in complying with the requirements under 34 CFR 76.720 and in carrying out other responsibilities under the program.

(Authority: 20 U.S.C. 1221e-3, 1231a, and 3474)

[72 FR 3703, Jan. 25, 2007]

34 CFR §76.730 Records related to grant funds.

A State and a subgrantee shall keep records that fully show:

(a) The amount of funds under the grant or subgrant;

(b) How the State or subgrantee uses the funds;

(c) The total cost of the project;

(d) The share of that cost provided from other sources; and

(e) Other records to facilitate an effective audit.

(Approved by the Office of Management and Budget under control number 1880-0513)

(Authority: 20 U.S.C. 1232f)

34 CFR §76.731 Records related to compliance.

A State and a subgrantee shall keep records to show its compliance with program requirements.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

The Uniform Grant Guidance, 2 CFR §200 all applicable subrecipient requirements, including but not limited to:

2 CFR Subpart D – Post Federal Award Requirements

§200.302 Financial management.

§200.303 Internal controls.
Section II. Specific Elementary and Secondary School
Emergency Relief (ESSER) Grant Assurances

The LEA assures that funds shall only be used for any of the following:

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.
- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.
- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.
- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.
- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.
- Planning for and coordinating during long-term closures, including for how to provide meals to eligible students, how to provide technology for online learning to all students, how to provide guidance for carrying out requirements under the Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.) and how to ensure other educational services can continue to be provided consistent with all Federal, State, and local requirements.
• Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and students with disabilities, which may include assistive technology or adaptive equipment.
• Providing mental health services and supports.
• Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low-income students, students with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.
• Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.
• School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.
• Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.
• Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Throughout the period of the grant award, the LEA shall comply with all applicable requirements of the Elementary and Secondary School Emergency Relief (ESSER) authorized by the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSAA), including:
CONTINUED PAYMENT TO EMPLOYEES
SEC. 18006. A local educational agency, State, institution of higher education, or other entity that receives funds under “Education Stabilization Fund”, shall to the greatest extent practicable, continue to pay its employees and contractors during the period of any disruptions or closures related to coronavirus.

Certification
To the best of my knowledge and belief, all the information and data in this agreement are true and correct. I acknowledge and agree that the failure to comply with all Assurances and Certifications in this Agreement, all relevant provisions and requirements of the CARES Act, Pub. L. No. 116-136 (March 27, 2020), or any other applicable law or regulation may result in liability under the False Claims Act, 31 U.S.C. § 3729, et seq.; OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485; and 18 USC § 1001, as appropriate.

Your User Profile will be linked to every application submitted under your login. You can always return to this page to keep your information current.

Select an Applicant Type | Unified School District

Applicant / Entity Name | USD 107

Applicant / Mailing Address

109 E Main
Mankato, KS 66956

Applicant / First and Last Name of Owner, CEO, or Executive Director | Rex Boley

Applicant / Email Address of Owner, CEO, or Executive Director | rboley@usd107.org

Applicant / Phone Number | 785-531-0087

All questions in the section below are optional, and offer an opportunity to upload or enter information that is typically asked for on grant opportunities.

(for EANS and ESSER grant applications - please skip the questions below, and scroll to the bottom to complete your User Profile information.)

Application details

Full District Name | Rock Hills

District Number | 107
Please briefly describe the impacts of COVID-19 on the district and its Pre-K through 12 students, including any relevant data where possible (e.g., cost impact, learning loss, emotional impact on students). If there has been a disproportionate impact on a special population in the district (e.g., students with disabilities, English Learners, students in foster care, students in poverty, etc.), please describe the impact and provide the number of Pre-K through 12 students in that population.

USD 107 ESSER II funds will provide principals and other school leaders with the resources necessary to address student needs. Purchase of FastBridge student screener. ID student academic & social emotional needs. Implement and train staff on administering, accessing student data results and setting up student intervention plans. Staff collaboration on ELA and Math lesson, assessments, interventions and alignment to address student learning loss. This summer we are expanding our summer Elementary programs for students. We are requesting ESSER II funding for educational interventions (Haggerty and 95 Percent) in addition we will use funding to implement the STREAM (Science, Technology, Reading, Engineering, Art, Math) model at our Elementary summer JumpStart. This summer we are starting Summer Learning Opportunities for our Jr/Sr High Students. ESEER II Funding will be used to fund a teacher salary for the Spring 2021 Semester that we hired in January to increase social distancing and address learning loss. We plan on using ESSER II funding to retain this teacher for next year and pay their salary. We are trying to add another additional elementary teacher to increase social distancing and especially address learning loss. Funding will be used for teachers and classified teacher aids during our Summer Opportunity and Jump Start programs. In addition, we want start and use funding for two Summer Enrichment Camps. These camps will be open to all students’ grades 4th and 5th as well as 6th and 7th. Enrichment Camps focuses on College/Career Readiness. Integration of CTE/ NC3 certification into core curriculum.

Does the district have remaining ESSER I funding that it has not yet spent as of the date of ESSER II application submission?

No

Please review the following allowable uses of ESSER II funds before completing the narrative and Excel template portion of the application.

Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.

Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.

Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.

Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.

Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.

Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.

Planning for, coordinating, and implementing activities during long-term closures, including providing meals to eligible students, providing technology for online learning to all students, providing guidance for carrying out requirements under the IDEA and ensuring other educational services can continue to be provided consistent with all Federal, State, and local requirements.

Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and children with disabilities, which may include assistive technology or adaptive equipment.

Providing mental health services and supports.

Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low-income students, children with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.

Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.

School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.

Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.

Developing strategies and implementing public health protocols for the reopening and operation of school facilities.

Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Please note: "Developing strategies and implementing public health protocols for the reopening and operation of school facilities," identified as an allowable use under ESSER III in the American Rescue Plan, is also permissible under ESSER II.

Plan for ESSER II Direct District Allocation and KSDE Per-Student Additional Allocation (If Applicable)
Please summarize how the district proposes using its ESSER II direct district allocation (and its KSDE per-student additional allocation, if applicable) to address incremental COVID-19 needs.

USD 107 ESSER II funds will provide principals and other school leaders with the resources necessary to address student needs. Purchase of FastBridge student screener. ID student academic & social emotional needs. Implement and train staff on administering, accessing student data results and setting up student intervention plans. Staff collaboration on ELA and Math lesson, assessments, interventions and alignment to address student learning loss. This summer we are expanding our summer Elementary programs for students. We are requesting ESSER II funding for educational interventions (Haggerty and 95 Percent) in addition we will use funding to implement the STREAM (Science, Technology, Reading, Engineering, Art, Math) model at our Elementary summer JumpStart. This summer we are starting Summer Learning Opportunities for our Jr/Sr High Students. ESEER II Funding will be used to fund a teacher salary for the Spring 2021 Semester that we hired in January to increase social distancing and address learning loss. We plan on using ESSER II funding to retain this teacher for next year and pay their salary. We are trying to add another additional elementary teacher to increase social distancing and especially address learning loss. Funding will be used for teachers and classified teacher aids during our Summer Opportunity and Jump Start programs. In addition, we want start and use funding for two Summer Enrichment Camps. These camps will be open to all students’ grades 4th and 5th as well as 6th and 7th. Enrichment Camps focuses on College/Career Readiness. Integration of CTE/ NC3 certification into core curriculum.

How will the district determine the impact of its ESSER II direct district allocation expenditures (and additional per-student allocation, if applicable) on students?

Using our FastBridge screener, national norm tests, progress monitoring, teacher observations, data from MTSS student plans/enrollment numbers in summer programs and student Individual Plans of Student College and Career Information.

Notes on ESSER II application Excel template:

- Plans and budgets should be submitted for at least a 12 month period but do not need to account for the full duration of the program or the full allocation amount. Funds will remain accessible to the LEA until September 30, 2023 and there will be additional opportunities to submit further requests/plans in the future.
- Following ESSER II application approval and initiation of funds draw down, districts will be required to report to the Commissioner's Task Force on ESSER II expenditures and impact on a monthly basis throughout the program. This ESSER II reporting will be required as a part of regular ESSER program reporting, which will capture past expenditures across funding streams (ESSER I, ESSER I SPED, ESSER II, ESSER II SPED, ESSER II KSDE Per Student Allocation). Districts may be asked to provide expenditures by fund, function, object, account, and ESSER II allowable use as part of ongoing ESSER reporting.
- This reporting will not replace any reporting required by the federal government. KSDE will work to maximize compatibility between its reporting requirements and those of the federal government as much as possible to minimize burden on districts.

Please download and complete the ESSER II application template here to provide details on ESSER II budgeted expenditures across allowable uses and KSDE accounting codes.

Local Education Agency (LEA) Assurances

Section I. General Grant Assurances for Federal Funds

Throughout the period of the grant award, the LEA will comply with all requirements of:
The LEA will make a good faith effort, on a continuing basis, to maintain a drug-free workplace, in accordance with the measures in 34 CFR Part 84, Subpart B and the Drug-Free Workplace Act of 1988;

The Education Department General Administrative Regulations (EDGAR) 34 CFR 76 requirements, including:

34 CFR §76.500(a) Federal statutes and regulations on nondiscrimination.

(a) A State and a subgrantee shall comply with the following statutes and regulations:

- Discrimination on the basis of age | The Age Discrimination Act (42 U.S.C. 6101 et seq.) | 34 CFR part 110.

(b) A State or subgrantee that is a covered entity as defined in §108.3 of this title shall comply with the nondiscrimination requirements of the Boy Scouts of America Equal Access Act, 20 U.S.C. 7905, 34 CFR part 108.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.650 Private schools; purpose of §§76.651-76.662.

(a) Under some programs, the authorizing statute requires that a State and its subgrantees provide for participation by students enrolled in private schools. Sections 76.651-76.662 apply to those programs and provide rules for that participation. These sections do not affect the authority of the State or a subgrantee to enter into a contract with a private party.

(b) If any other rules for participation of students enrolled in private schools apply under a particular program, they are in the authorizing statute or implementing regulations for that program.

(Authority: 20 U.S.C. 1221e-3 and 3474)

34 CFR §76.700 Compliance with statutes, regulations, State plan, and applications.

A State and a subgrantee shall comply with the State plan and applicable statutes, regulations, and approved applications, and shall use Federal funds in accordance with those statutes, regulations, plan, and applications.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.701 The State or subgrantee administers or supervises each project.

A State or a subgrantee shall directly administer or supervise the administration of each project.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.702 Fiscal control and fund accounting procedures.

A State and a subgrantee shall use fiscal control and fund accounting procedures that insure proper disbursement of and accounting for Federal funds.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.709 Funds may be obligated during a “carryover period.”

(a) If a State or a subgrantee does not obligate all of its grant or subgrant funds by the end of the fiscal year for which Congress appropriated the funds, it may obligate the remaining funds during a carryover period of one additional fiscal year.

(b) The State shall return to the Federal Government any carryover funds not obligated by the end of the carryover period by the State and its subgrantees.

(Authority: U.S.C. 1221e-3, 1225(b), and 3474)

34 CFR §76.722 Subgrantee reporting requirements.

A State may require a subgrantee to submit reports in a manner and format that assists the State in complying with the requirements under 34 CFR 76.720 and in carrying out other responsibilities under the program.

(Authority: 20 U.S.C. 1221e-3, 1231a, and 3474)

[72 FR 3703, Jan. 25, 2007]

34 CFR §76.730 Records related to grant funds.

A State and a subgrantee shall keep records that fully show:

(a) The amount of funds under the grant or subgrant;
(b) How the State or subgrantee uses the funds;
(c) The total cost of the project;
(d) The share of that cost provided from other sources; and
(e) Other records to facilitate an effective audit. 
(Approved by the Office of Management and Budget under control number 1880-0513) 

(Authority: 20 U.S.C. 1232f) 

34 CFR §76.731 Records related to compliance. 

A State and a subgrantee shall keep records to show its compliance with program requirements. 

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a)) 

The Uniform Grant Guidance, 2 CFR §200 all applicable subrecipient requirements, including but not limited to: 

2 CFR Subpart D – Post Federal Award Requirements 
$200.302 Financial management. 
$200.303 Internal controls. 
$200.305 Payment. 
$200.313 Equipment. 
$200.314 Supplies. 
$200.318 General procurement standards. 
$200.320 Methods of procurement to be followed; 
2 CFR 200 Subpart E: Cost Principles: 
$200.403 Factors affecting allowability of costs. 
$200.404 Reasonable costs. 
$200.405 Allocable costs. 
$200.413 Direct costs. 
$200.415 Required certifications. 
$200.430 Compensation—personal services. 

The Debarment and Suspension, 34 CFR Part 85, Section 85.510, Participants' Responsibilities and makes the following certification by signing this application: 

The prospective lower-tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency. 

Where the prospective lower-tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal. 

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 for such failure. 

Section II. Specific Elementary and Secondary School Emergency Relief (ESSER) Grant Assurances 

The LEA assures that funds shall only be used for any of the following: 

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus. 

- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools. 

- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.
Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.

Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.

Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.

Planning for and coordinating during long-term closures, including for how to provide meals to eligible students, how to provide technology for online learning to all students, how to provide guidance for carrying out requirements under the Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.) and how to ensure other educational services can continue to be provided consistent with all Federal, State, and local requirements.

Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and students with disabilities, which may include assistive technology or adaptive equipment.

Providing mental health services and supports.

Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low income students, students with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.

Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by—(A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students' academic progress and assist educators in meeting students' academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.

School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.

Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.

Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Throughout the period of the grant award, the LEA shall comply with all applicable requirements of the Elementary and Secondary School Emergency Relief (ESSER) authorized by the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSAA), including:

CONTINUED PAYMENT TO EMPLOYEES
SEC. 18006. A local educational agency, State, institution of higher education, or other entity that receives funds under “Education Stabilization Fund”, shall to the greatest extent practicable, continue to pay its employees and contractors during the period of any disruptions or closures related to coronavirus.

Certification

To the best of my knowledge and belief, all the information and data in this agreement are true and correct. I acknowledge and agree that the failure to comply with all Assurances and Certifications in this Agreement, all relevant provisions and requirements of the CARES Act, Pub. L. No. 116-136 (March 27, 2020), or any other applicable law or regulation may result in liability under the False Claims Act, 31 U.S.C. § 3729, et seq.; OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485; and 18 USC § 1001, as appropriate.

</table>

Per applicant, available to 16 teachers, mostly Elementary. With wearing masks and social distancing due to COVID-19 it was hard for teachers and students (especially younger grades levels) to hear and understand each other. As a result we have had more students identified with learning loss on Phonics and Phonemic Awareness. Part of this time will be to train staff on new intervention resources in these areas, 95 Percent and Haggarty. We will also train our Jr/Sr High English teachers. In addition, if funded, we are paying our Special Education Teachers to come in for this training as well. Furthermore this time will also be used to do more training with staff on FastBridge. We need to measure more accurately and respond quicker with targeted student intervention to address learning loss due to COVID-19. In addition we needed a student Social/Emotional screener so we can have staff develop intervention to assist our students & families dealing with COVID-19. Staff to learn how to read FastBridge student data, set up student intervention plans and progress monitor. Due to COVID-19 many safety protocols, procedures and safety plans were implemented into the teaching day. This these took away from student instructional time. During this the Summer Academy teachers will work with administration and within PLC's looking a ELA and Math Curriculum standards along with COVID-19 Safety measures to develop, have prepared and ready for implementation for the first day of school lessons that maximize student learning and COVID safety.

Per applicant, With wearing masks and social distancing due to COVID 19 it was hard for teachers and students (especially younger grades levels) to hear and understand each other. As a result we have had more students identified with learning loss on Phonics and Phenolic Awareness. Part of this time will be to train staff on new intervention resources in these areas, 95 Percent and Haggarty. We will also train our Jr/Sr High English teachers. This is a one-time purchase of student support and intervention curriculum that will allow us to address this learning loss due to COVID 19 with our students PreK-12.

Per narrative, ESEER II Funding will be used to fund a teacher salary for the Spring 2021 Semester that we hired in January to increase social distancing and address learning loss. We plan on using ESSER II funding to retain this teacher for next year and pay their salary. We are trying to add another additional elementary teacher to increase social distancing and especially address learning loss.

Per applicant, new program for the district. Open to all - 50 4th-5th graders one camp. Open to all - 54 6th-7th graders one camp. 2 Staff members per Camp total of 4 Staff. This Program is designed to address Social/Emotion needs of students due to COVID 19. In addition this program was added so our students can experience the importance of developing technical education skills along with academic skills. Our area has experienced business loss and decline enrollment at post-secondary education as a result of COVID 19.

Piper School District

**District Number**

203
Historically the majority of Piper students have scored higher than the national average on nationally normed-referenced assessments; however, with COVID, our data has declined. We use NWEA/MAP and FastBridge CBM to measure literacy and math growth. We use Panorama for our Social-emotional screening tool. While many students showed a decline in grades 2nd-10th grade on the NWEA MAP Literacy and Math Assessment, our greatest concern is for our Kindergarten and 1st grade students. According to the Winter 2021 FastBridge Literacy CBM measures, 49% of K students are not meeting benchmark. In a typical year we would want to see absolutely no more than 18% not meeting the benchmark during the winter testing period. Our gravest area of concern is our 1st grade population. 79% of our 1st grade students are not meeting benchmark on the FastBridge Literacy assessment. Therefore, our primary area of focus over the next few school years will be pouring resources into K-2 Phonics, Phonemic Awareness, and Fluency instruction. On our Panorama SEL Screening tool, our current 3-5th graders scored in the 30th percentile in the area of Positive Feelings and in the 10th percentile in the area of Grit. Our 6th through 12th grade students scored in 30th percentile in the area of Grit. These are areas of focus for us as a district. Additionally, during our item analysis, we discovered that we are not meeting the national average in the area of students feeling safe when they come to school in grades 3rd-12th grade.

Please review the following allowable uses of ESSER II funds before completing the narrative and Excel template portion of the application.

- Any activity authorized by the ESEA of 1965, including the Native Hawaiian Education Act and the Alaska Native Educational Equity, Support, and Assistance Act (20 U.S.C. 6301 et seq.), the Individuals with Disabilities Education Act (20 U.S.C.1400 et

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.

- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.

- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.

- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.

- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.

- Planning for, coordinating, and implementing activities during long-term closures, including providing meals to eligible students, providing technology for online learning to all students, providing guidance for carrying out requirements under the IDEA and ensuring other educational services can continue to be provided consistent with all Federal, State, and local requirements.

- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and children with disabilities, which may include assistive technology or adaptive equipment.

- Providing mental health services and supports.

- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low-income students, children with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.

- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.

- School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.

- Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.

- Developing strategies and implementing public health protocols for the reopening and operation of school facilities.

- Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

**Please note:** "Developing strategies and implementing public health protocols for the reopening and operation of school facilities," identified as an allowable use under ESSER III in the American Rescue Plan, is also permissible under ESSER II.

**Plan for ESSER II Direct District Allocation and KSDE Per-Student Additional Allocation (If Applicable)**
Please summarize how the district proposes using its ESSER II direct district allocation (and its KSDE per-student additional allocation, if applicable) to address incremental COVID-19 needs.

The Piper School District plans to utilize our ESSER II and KSDE per-student additional allocation, to meet the needs of our students in multiple ways. The first will be a Summer Learning Experience (based on NWEA MAP testing, FastBridge CBM testing, Panorama SEL data and teacher feedback), and the funds will include paying for the staff (small size classes) transportation, and new instructional resources. Defined Learning, a Project-Based learning tool, will be our primary instructional tool for our Summer Learning Offering. Secondly, we plan to hire two full-time elementary counselors (based data garnered from Panorama SEL screener) to provide Tier 1 counseling support to all students, along with Tier 2/Tier 3 small groups and individual counseling, to students who are struggling emotionally as they return from remote learning to onsite learning. Lastly, we plan to hire a full-time Early Childhood Coordinator who will oversee the programming of our Early Childhood program while also providing intensive literacy interventions to our kindergarten and first grade students who did not hit grade-level proficiency levels in the spring of 2021 on FastBridge CBM testing. We believe many of our youngest learners did not have accessibility to literacy interventions due to COVID-19. Additionally, our Pre-K and K 2020-21 enrollment was the lowest it has been in years, and we are anticipating an influx of students who possibly missed out on an early childhood education; therefore, missing many of the foundational literacy skills that we would hope to be secure.

How will the district determine the impact of its ESSER II direct district allocation expenditures (and additional per-student allocation, if applicable) on students?

The district will determine the effectiveness of our ESSER-funded interventions based on the end of project rubric scores from our summer learning experience, credit recovery numbers from our high school students in the summer learning opportunity, our Spring 2021 NWEA MAP data, state assessment data, Panorama SEL data, FastBridge CBM early literacy data, and then compare it to the same data sets in Spring of 2021. We want to be very purposeful and strategic in identifying effective and research-based assessments and performance tasks to determine the overall effectiveness of our interventions funded through ESSER dollars. We will also utilize common formative and summative data to drive our instruction and needed interventions along the way.

Notes on ESSER II application Excel template:

- Plans and budgets should be submitted for at least a 12 month period but do not need to account for the full duration of the program or the full allocation amount. Funds will remain accessible to the LEA until September 30, 2023 and there will be additional opportunities to submit further requests/plans in the future.
- Following ESSER II application approval and initiation of funds draw down, districts will be required to report to the Commissioner's Task Force on ESSER II expenditures and impact on a monthly basis throughout the program. This ESSER II reporting will be required as a part of regular ESSER program reporting, which will capture past expenditures across funding streams (ESSER I, ESSER I SPED, ESSER II, ESSER II SPED, ESSER II KSDE Per Student Allocation). Districts may be asked to provide expenditures by fund, function, object, account, and ESSER II allowable use as part of ongoing ESSER reporting.
- This reporting will not replace any reporting required by the federal government. KSDE will work to maximize compatibility between its reporting requirements and those of the federal government as much as possible to minimize burden on districts.

Please download and complete the ESSER II application template here to provide details on ESSER II budgeted expenditures across allowable uses and KSDE accounting codes.

Local Education Agency (LEA) Assurances
Section I. General Grant Assurances for Federal Funds

Throughout the period of the grant award, the LEA will comply with all requirements of:

The LEA will make a good faith effort, on a continuing basis, to maintain a drug-free workplace, in accordance with the measures in 34 CFR Part 84, Subpart B and the Drug-Free Workplace Act of 1988;

The Education Department General Administrative Regulations (EDGAR) 34 CFR 76 requirements, including:

34 CFR §76.500(a) Federal statutes and regulations on nondiscrimination.

(a) A State and a subgrantee shall comply with the following statutes and regulations:

- Discrimination on the basis of age | The Age Discrimination Act (42 U.S.C. 6101 et seq.) | 34 CFR part 110.

(b) A State or subgrantee that is a covered entity as defined in §108.3 of this title shall comply with the nondiscrimination requirements of the Boy Scouts of America Equal Access Act, 20 U.S.C. 7905, 34 CFR part 108.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.650 Private schools; purpose of §§76.651-76.662.

(a) Under some programs, the authorizing statute requires that a State and its subgrantees provide for participation by students enrolled in private schools. Sections 76.651-76.662 apply to those programs and provide rules for that participation. These sections do not affect the authority of the State or a subgrantee to enter into a contract with a private party.

(b) If any other rules for participation of students enrolled in private schools apply under a particular program, they are in the authorizing statute or implementing regulations for that program.

(Authority: 20 U.S.C. 1221e-3 and 3474)

34 CFR §76.700 Compliance with statutes, regulations, State plan, and applications.

A State and a subgrantee shall comply with the State plan and applicable statutes, regulations, and approved applications, and shall use Federal funds in accordance with those statutes, regulations, plan, and applications.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.701 The State or subgrantee administers or supervises each project.

A State or a subgrantee shall directly administer or supervise the administration of each project.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.702 Fiscal control and fund accounting procedures.

A State and a subgrantee shall use fiscal control and fund accounting procedures that insure proper disbursement of and accounting for Federal funds.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.709 Funds may be obligated during a “carryover period.”

(a) If a State or a subgrantee does not obligate all of its grant or subgrant funds by the end of the fiscal year for which Congress appropriated the funds, it may obligate the remaining funds during a carryover period of one additional fiscal year.

(b) The State shall return to the Federal Government any carryover funds not obligated by the end of the carryover period by the State and its subgrantees.

(Authority: U.S.C. 1221e-3, 1225(b), and 3474)

34 CFR §76.722 Subgrantee reporting requirements.

A State may require a subgrantee to submit reports in a manner and format that assists the State in complying with the requirements under 34 CFR 76.720 and in carrying out other responsibilities under the program.

(Authority: 20 U.S.C. 1221e-3, 1231a, and 3474)

[72 FR 3703, Jan. 25, 2007]

34 CFR §76.730 Records related to grant funds.

A State and a subgrantee shall keep records that fully show:

(a) The amount of funds under the grant or subgrant;
(b) How the State or subgrantee uses the funds;
(c) The total cost of the project;
(d) The share of that cost provided from other sources; and
(e) Other records to facilitate an effective audit.

(Approved by the Office of Management and Budget under control number 1880-0513)

(Authority: 20 U.S.C. 1232f)

34 CFR §76.731

Records related to compliance.

A State and a subgrantee shall keep records to show its compliance with program requirements.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

The Uniform Grant Guidance, 2 CFR §200 all applicable subrecipient requirements, including but not limited to:

2 CFR Subpart D – Post Federal Award Requirements
§200.302 Financial management.
§200.303 Internal controls.
§200.305 Payment.
§200.313 Equipment.
§200.314 Supplies.
§200.318 General procurement standards.
§200.320 Methods of procurement to be followed;
2 CFR 200 Subpart E: Cost Principles:
§200.403 Factors affecting allowability of costs.
§200.404 Reasonable costs.
§200.405 Allocable costs.
§200.413 Direct costs.
§200.415 Required certifications.
§200.430 Compensation—personal services.

The Debarment and Suspension, 34 CFR Part 85, Section 85.510, Participants' Responsibilities and makes the following certification by signing this application:

The prospective lower-tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.

Where the prospective lower-tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 for such failure.

Section II. Specific Elementary and Secondary School Emergency Relief (ESSER) Grant Assurances

The LEA assures that funds shall only be used for any of the following:

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.
• Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.
• Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.
• Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.
• Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.
• Planning for and coordinating during long-term closures, including for how to provide meals to eligible students, how to provide technology for online learning to all students, how to provide guidance for carrying out requirements under the Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.) and how to ensure other educational services can continue to be provided consistent with all Federal, State, and local requirements.
• Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and students with disabilities, which may include assistive technology or adaptive equipment.
• Providing mental health services and supports.
• Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low income students, students with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.
• Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.
• School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.
• Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.
• Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Throughout the period of the grant award, the LEA shall comply with all applicable requirements of the Elementary and Secondary School Emergency Relief (ESSER) authorized by the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSAA), including:
CONTINUED PAYMENT TO EMPLOYEES
SEC. 18006. A local educational agency, State, institution of higher education, or other entity that receives funds under “Education Stabilization Fund”, shall to the greatest extent practicable, continue to pay its employees and contractors during the period of any disruptions or closures related to coronavirus.

Certification
To the best of my knowledge and belief, all the information and data in this agreement are true and correct. I acknowledge and agree that the failure to comply with all Assurances and Certifications in this Agreement, all relevant provisions and requirements of the CARES Act, Pub. L. No. 116-136 (March 27, 2020), or any other applicable law or regulation may result in liability under the False Claims Act, 31 U.S.C. § 3729, et seq.; OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485; and 18 USC § 1001, as appropriate.

Would you like to additional district representatives to the application? │ No

Please briefly describe the impacts of COVID-19 on the district and its Pre-K through 12 students, including any relevant data where possible (e.g., cost impact, learning loss, emotional impact on students). If there has been a disproportionate impact on a special population in the district (e.g., students with disabilities, English Learners, students in foster care, students in poverty, etc.), please describe the impact and provide the number of Pre-K through 12 students in that population.

The largest impact that COVID-19 had our district is it showed us our areas of weakness when it comes to aligned curriculum and alternative methods of instruction. The virus itself had minimal impact on school closure in general, in that our district was face-to-face every day this past school year. However, with students and staff continually being quarantined for weeks at a time, our curriculum and instruction showed areas in which needed to be improved. Moving to a standards based grading model using aligned curriculum along with all students and staff having access to quality hardware and software will allow us to pivot in the future between remote and face-to-face instruction.

Does the district have remaining ESSER I funding that it has not yet spent as of the date of ESSER II application submission? │ No
Please review the following allowable uses of ESSER II funds before completing the narrative and Excel template portion of the application.

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.
- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.
- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.
- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.
- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.
- Planning for, coordinating, and implementing activities during long-term closures, including providing meals to eligible students, providing technology for online learning to all students, providing guidance for carrying out requirements under the IDEA and ensuring other educational services can continue to be provided consistent with all Federal, State, and local requirements.
- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and children with disabilities, which may include assistive technology or adaptive equipment.
- Providing mental health services and supports.
- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low-income students, children with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.
- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by—(A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.
- School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.
- Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.
- Developing strategies and implementing public health protocols for the reopening and operation of school facilities.
- Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Please note: "Developing strategies and implementing public health protocols for the reopening and operation of school facilities," identified as an allowable use under ESSER III in the American Rescue Plan, is also permissible under ESSER II.
Plan for ESSER II Direct District Allocation and KSDE Per-Student Additional Allocation (If Applicable)

Please summarize how the district proposes using its ESSER II direct district allocation (and its KSDE per-student additional allocation, if applicable) to address incremental COVID-19 needs.

ESSER II money will be used to pay teacher salaries for six 1/2 days of in service this summer to finalizing our ELA and math curriculum alignment as our district moves to a standards based grading approach. New chrome books will be purchased for the 7-12 and iPads for the PreK-6 students so that all our students will have access at home for remote learning. The Bluestem Elementary School HVAC system will also be replaced to better improve air quality in the school.

How will the district determine the impact of its ESSER II direct district allocation expenditures (and additional per-student allocation, if applicable) on students?

The overall impact should be able to be measured quantitatively through our assessment tools, AimsWeb, State Assessment, and ACT. Using the ESSER II money to provide for equipment and staff development will provide a more consistent PreK-12 educational system which will also be documented throughout the KESA process.

Notes on ESSER II application Excel template:

- Plans and budgets should be submitted for at least a 12 month period but do not need to account for the full duration of the program or the full allocation amount. Funds will remain accessible to the LEA until September 30, 2023 and there will be additional opportunities to submit further requests/plans in the future.
- Following ESSER II application approval and initiation of funds draw down, districts will be required to report to the Commissioner's Task Force on ESSER II expenditures and impact on a monthly basis throughout the program. This ESSER II reporting will be required as a part of regular ESSER program reporting, which will capture past expenditures across funding streams (ESSER I, ESSER I SPED, ESSER II, ESSER II SPED, ESSER II KSDE Per Student Allocation). Districts may be asked to provide expenditures by fund, function, object, account, and ESSER II allowable use as part of ongoing ESSER reporting.
- This reporting will not replace any reporting required by the federal government. KSDE will work to maximize compatibility between its reporting requirements and those of the federal government as much as possible to minimize burden on districts.

Please download and complete the ESSER II application template [here](http://example.com) to provide details on ESSER II budgeted expenditures across allowable uses and KSDE accounting codes.

Local Education Agency (LEA) Assurances

Section I. General Grant Assurances for Federal Funds

Throughout the period of the grant award, the LEA will comply with all requirements of:

- The LEA will make a good faith effort, on a continuing basis, to maintain a drug-free workplace, in accordance with the measures in 34 CFR Part 84, Subpart B and the Drug-Free Workplace Act of 1988;
- The Education Department General Administrative Regulations (EDGAR) 34 CFR 76 requirements, including: 34 CFR §76.500(a) Federal statutes and regulations on nondiscrimination.
- A State and a subgrantee shall comply with the following statutes and regulations:
Discrimination on the basis of age | The Age Discrimination Act (42 U.S.C. 6101 et seq.) | 34 CFR part 110.

(b) A State or subgrantee that is a covered entity as defined in §108.3 of this title shall comply with the nondiscrimination requirements of the Boy Scouts of AmericaEqual Access Act, 20 U.S.C. 7905, 34 CFR part 108.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.650 Private schools; purpose of §§76.651-76.662.

(a) Under some programs, the authorizing statute requires that a State and its subgrantees provide for participation by students enrolled in private schools. Sections 76.651-76.662 apply to those programs and provide rules for that participation. These sections do not affect the authority of the State or a subgrantee to enter into a contract with a private party.

(b) If any other rules for participation of students enrolled in private schools apply under a particular program, they are in the authorizing statute or implementing regulations for that program.

(Authority: 20 U.S.C. 1221e-3 and 3474)

34 CFR §76.700 Compliance with statutes, regulations, State plan, and applications.

A State and a subgrantee shall comply with the State plan and applicable statutes, regulations, and approved applications, and shall use Federal funds in accordance with those statutes, regulations, plan, and applications.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.701 The State or subgrantee administers or supervises each project.

A State or a subgrantee shall directly administer or supervise the administration of each project.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.702 Fiscal control and fund accounting procedures.

A State and a subgrantee shall use fiscal control and fund accounting procedures that insure proper disbursement of and accounting for Federal funds.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.709 Funds may be obligated during a “carryover period.”

(a) If a State or a subgrantee does not obligate all of its grant or subgrant funds by the end of the fiscal year for which Congress appropriated the funds, it may obligate the remaining funds during a carryover period of one additional fiscal year.

(b) The State shall return to the Federal Government any carryover funds not obligated by the end of the carryover period by the State and its subgrantees.

(Authority: U.S.C. 1221e-3, 1225(b), and 3474)

34 CFR §76.722 Subgrantee reporting requirements.

A State may require a subgrantee to submit reports in a manner and format that assists the State in complying with the requirements under 34 CFR 76.720 and in carrying out other responsibilities under the program.

(Authority: 20 U.S.C. 1221e-3, 1231a, and 3474)

34 CFR §76.730 Records related to grant funds.

A State and a subgrantee shall keep records that fully show:

(a) The amount of funds under the grant or subgrant;
(b) How the State or subgrantee uses the funds;
(c) The total cost of the project;
(d) The share of that cost provided from other sources; and
(e) Other records to facilitate an effective audit.

(Approved by the Office of Management and Budget under control number 1880-0513)

(Authority: 20 U.S.C. 1232f)

34 CFR §76.731 Records related to compliance.
A State and a subgrantee shall keep records to show its compliance with program requirements.
(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))
The Uniform Grant Guidance, 2 CFR §200 all applicable subrecipient requirements, including but not limited to:
2 CFR Subpart D – Post Federal Award Requirements
§200.302 Financial management.
§200.303 Internal controls.
§200.305 Payment.
§200.313 Equipment.
§200.314 Supplies.
§200.318 General procurement standards.
§200.320 Methods of procurement to be followed;
2 CFR 200 Subpart E: Cost Principles:
§200.403 Factors affecting allowability of costs.
§200.404 Reasonable costs.
§200.405 Allocable costs.
§200.413 Direct costs.
§200.415 Required certifications.
§200.430 Compensation—personal services.
The Debarment and Suspension, 34 CFR Part 85, Section 85.510, Participants’ Responsibilities and makes the following
certification by signing this application:
The prospective lower-tier participant certifies, by submission of this proposal, that neither it nor its principals is presently
debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this
transaction by any federal department or agency.
Where the prospective lower-tier participant is unable to certify to any of the statements in this certification, such prospective
participant shall attach an explanation to this proposal.
This certification is a material representation of fact upon which reliance was placed when this transaction was made or
entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section
1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than
$10,000 for such failure.

Section II. Specific Elementary and Secondary School
Emergency Relief (ESSER) Grant Assurances

The LEA assures that funds shall only be used for any of the following:
- Any activity authorized by the ESEA of 1965, including the Native Hawaiian Education Act and the Alaska Native Educational
  Equity, Support, and Assistance Act (20 U.S.C. 6301 et seq.), the Individuals with Disabilities Education Act (20 U.S.C. 1400 et
  seq.) (“IDEA”), the Adult Education and Family Literacy Act (20 U.S.C. 1400 et seq.), the Carl D. Perkins Career and Technical
  Education Act of 2006 (20 U.S.C. 2301 et seq.) (the Perkins Act”), or subtitle B of title VII of the McKinney-Vento Homeless
  Assistance Act (42 U.S.C. 11431 et seq.).
- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial
  public health departments, and other relevant agencies, to improve coordinated responses among such entities to
  prevent, prepare for, and respond to coronavirus.
- Providing principals and others school leaders with the resources necessary to address the needs of their individual
  schools.
- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial
  and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service
  delivery will meet the needs of each population.
- Developing and implementing procedures and systems to improve the preparedness and response efforts of local
  educational agencies.
- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of
  infectious diseases.
• Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.
• Planning for and coordinating during long-term closures, including for how to provide meals to eligible students, how to provide technology for online learning to all students, how to provide guidance for carrying out requirements under the Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.) and how to ensure other educational services can continue to be provided consistent with all Federal, State, and local requirements.
• Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and students with disabilities, which may include assistive technology or adaptive equipment.
• Providing mental health services and supports.
• Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low income students, students with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.
• Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by—(A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students' academic progress and assist educators in meeting students' academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.
• School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.
• Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.
• Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Throughout the period of the grant award, the LEA shall comply with all applicable requirements of the Elementary and Secondary School Emergency Relief (ESSER) authorized by the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSAA), including:
CONTINUED PAYMENT TO EMPLOYEES
SEC. 18006. A local educational agency, State, institution of higher education, or other entity that receives funds under “Education Stabilization Fund”, shall to the greatest extent practicable, continue to pay its employees and contractors during the period of any disruptions or closures related to coronavirus.

Certification
To the best of my knowledge and belief, all the information and data in this agreement are true and correct. I acknowledge and agree that the failure to comply with all Assurances and Certifications in this Agreement, all relevant provisions and requirements of the CARES Act, Pub. L. No. 116-136 (March 27, 2020), or any other applicable law or regulation may result in liability under the False Claims Act, 31 U.S.C. § 3729, et seq.; OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485; and 18 USC § 1001, as appropriate.

Application details

Full District Name | Northern Valley Schools

District Number | 212
Please briefly describe the impacts of COVID-19 on the district and its Pre-K through 12 students, including any relevant data where possible (e.g., cost impact, learning loss, emotional impact on students). If there has been a disproportionate impact on a special population in the district (e.g., students with disabilities, English Learners, students in foster care, students in poverty, etc.), please describe the impact and provide the number of Pre-K through 12 students in that population.

We have been fortunate in that we have not had to transition to remote learning for the 2020-21 school year, thus our data collection has not changed. The elementary and middle schools continue to utilize the MTSS process in which we benchmark assess in the area of reading and math. The MTSS time has also been used for social emotional needs in some cases. The benchmark assessment results have shown that students started the 2020-21 school year lower than the normal, but the winter benchmark scores showed good growth to where many students are back to grade equivalency. There has been an increase in student attendance data as well. This shows that parents and students are comfortable with the supports provided by the school district in the time of the pandemic.

We have purchased Chromebooks and iPads to allow one-to-one technology. This allows our students to stay connected when quarantined. We have discovered that some families (3%) did not have internet access. In cooperation with our local internet provider (Nex-tech) we were able to connect all families that wanted it.

Does the district have remaining ESSER I funding that it has not yet spent as of the date of ESSER II application submission?  

No

Please review the following allowable uses of ESSER II funds before completing the narrative and Excel template portion of the application.

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
• Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.

• Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.

• Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.

• Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.

• Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.

• Planning for, coordinating, and implementing activities during long-term closures, including providing meals to eligible students, providing technology for online learning to all students, providing guidance for carrying out requirements under the IDEA and ensuring other educational services can continue to be provided consistent with all Federal, State, and local requirements.

• Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and children with disabilities, which may include assistive technology or adaptive equipment.

• Providing mental health services and supports.

• Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low-income students, children with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.

• Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.

• School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.

• Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.

• Developing strategies and implementing public health protocols for the reopening and operation of school facilities.

• Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Please note: “Developing strategies and implementing public health protocols for the reopening and operation of school facilities,” identified as an allowable use under ESSER III in the American Rescue Plan, is also permissible under ESSER II.

Plan for ESSER II Direct District Allocation and KSDE Per-Student Additional Allocation (If Applicable)

Please summarize how the district proposes using its ESSER II direct district allocation (and its KSDE per-student additional allocation, if applicable) to address incremental COVID-19 needs.

The ESSER I funds were used to help purchase enough Chromebooks and iPads for each of the K – 12 students. In addition, we were able to use SPARK funds from our two counties to help offset the costs of server upgrades, PPE, cleaning supplies and equipment, classroom dividers, and other items to ensure the safety of our students and staff.
There are continuing costs to replace those items used as the pandemic continues. One such cost is to bring on a technology coordinator to help with the everyday problems with technology. We have had an individual on an eight hour per week basis for a couple of years … but with the new devices, the demand for someone in district every day is a must. This purchase will aid in regular and substantive educational interaction between students and their classroom instructors. Secondly, there is a need to increase the connectivity with parents and the community.

The website we currently use is not compatible with cell phones and is so cumbersome, only about 2 -3 people use it for posting. We plan to use some of the ESSER II funds to purchase a new website and app (Apptegy) to help connect with our families and the community. In addition we will upgrade our existing Fund Accounting system to AptaFund. This will allow staff more freedom in looking at their personal information and will allow remote accounting by the Board Clerk and Treasurer. Because the offices are often a gathering point for staff and families, both of these improvements will reduce risk of virus transmission and exposure to environmental health hazards.

How will the district determine the impact of its ESSER II direct district allocation expenditures (and additional per-student allocation, if applicable) on students?

The impact of these expenditures will be seen by the increased productivity of students. Student absences will also be reduced since they will be able to be connected and in attendance, even if they are quarantined at home. The technology coordinator on site will be able to handle issues as they arise to enable the staff and students stay connected at all times. Each year we do a survey of the students, staff, and community to determine how well we are communicating and how easy it is for them to communicate with us. These responses have been improving slowly over the past four years, but the reality is that our current system, is too cumbersome to use with modern cell phones. We will be able to use this survey to determine the effectiveness of AptaFund and Apptegy.

Notes on ESSER II application Excel template:

- Plans and budgets should be submitted for at least a 12 month period but do not need to account for the full duration of the program or the full allocation amount. Funds will remain accessible to the LEA until September 30, 2023 and there will be additional opportunities to submit further requests/plans in the future.
- Following ESSER II application approval and initiation of funds draw down, districts will be required to report to the Commissioner's Task Force on ESSER II expenditures and impact on a monthly basis throughout the program. This ESSER II reporting will be required as a part of regular ESSER program reporting, which will capture past expenditures across funding streams (ESSER I, ESSER I SPED, ESSER II, ESSER II SPED, ESSER II KSDE Per Student Allocation). Districts may be asked to provide expenditures by fund, function, object, account, and ESSER II allowable use as part of ongoing ESSER reporting.
- This reporting will not replace any reporting required by the federal government. KSDE will work to maximize compatibility between its reporting requirements and those of the federal government as much as possible to minimize burden on districts.

Please download and complete the ESSER II application template here to provide details on ESSER II budgeted expenditures across allowable uses and KSDE accounting codes.

Local Education Agency (LEA) Assurances

Section I. General Grant Assurances for Federal Funds

Throughout the period of the grant award, the LEA will comply with all requirements of:
The LEA will make a good faith effort, on a continuing basis, to maintain a drug-free workplace, in accordance with the measures in 34 CFR Part 84, Subpart B and the Drug-Free Workplace Act of 1988;

The Education Department General Administrative Regulations (EDGAR) 34 CFR 76 requirements, including:

34 CFR §76.500(a) Federal statutes and regulations on nondiscrimination.

(a) A State and a subgrantee shall comply with the following statutes and regulations:

- Discrimination on the basis of age | The Age Discrimination Act (42 U.S.C. 6101 et seq.) | 34 CFR part 110.

(b) A State or subgrantee that is a covered entity as defined in §108.3 of this title shall comply with the nondiscrimination requirements of the Boy Scouts of America Equal Access Act, 20 U.S.C. 7905, 34 CFR part 108.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.650 Private schools; purpose of §§76.651-76.662.

(a) Under some programs, the authorizing statute requires that a State and its subgrantees provide for participation by students enrolled in private schools. Sections 76.651-76.662 apply to those programs and provide rules for that participation. These sections do not affect the authority of the State or a subgrantee to enter into a contract with a private party.

(b) If any other rules for participation of students enrolled in private schools apply under a particular program, they are in the authorizing statute or implementing regulations for that program.

(Authority: 20 U.S.C. 1221e-3 and 3474)

34 CFR §76.700 Compliance with statutes, regulations, State plan, and applications.

A State and a subgrantee shall comply with the State plan and applicable statutes, regulations, and approved applications, and shall use Federal funds in accordance with those statutes, regulations, plan, and applications.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.701 The State or subgrantee administers or supervises each project.

A State or a subgrantee shall directly administer or supervise the administration of each project.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.702 Fiscal control and fund accounting procedures.

A State and a subgrantee shall use fiscal control and fund accounting procedures that insure proper disbursement of and accounting for Federal funds.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.709 Funds may be obligated during a “carryover period.”

(a) If a State or a subgrantee does not obligate all of its grant or subgrant funds by the end of the fiscal year for which Congress appropriated the funds, it may obligate the remaining funds during a carryover period of one additional fiscal year.

(b) The State shall return to the Federal Government any carryover funds not obligated by the end of the carryover period by the State and its subgrantees.

(Authority: U.S.C. 1221e-3, 1225(b), and 3474)

34 CFR §76.722 Subgrantee reporting requirements.

A State may require a subgrantee to submit reports in a manner and format that assists the State in complying with the requirements under 34 CFR 76.720 and in carrying out other responsibilities under the program.

(Authority: 20 U.S.C. 1221e-3, 1231a, and 3474)

34 CFR §76.730 Records related to grant funds.

A State and a subgrantee shall keep records that fully show:

(a) The amount of funds under the grant or subgrant;

(b) How the State or subgrantee uses the funds;

(c) The total cost of the project;

(d) The share of that cost provided from other sources; and
(e) Other records to facilitate an effective audit.  
( Approved by the Office of Management and Budget under control number 1880-0513)  
(Authority: 20 U.S.C. 1232f)  
34 CFR §76.731 Records related to compliance.  
A State and a subgrantee shall keep records to show its compliance with program requirements.  
(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))  
The Uniform Grant Guidance, 2 CFR §200 all applicable subrecipient requirements, including but not limited to:  
2 CFR Subpart D – Post Federal Award Requirements  
§200.302 Financial management.  
§200.303 Internal controls.  
§200.305 Payment.  
§200.313 Equipment.  
§200.314 Supplies.  
§200.318 General procurement standards.  
§200.320 Methods of procurement to be followed;  
2 CFR 200 Subpart E: Cost Principles:  
§200.403 Factors affecting allowability of costs.  
§200.404 Reasonable costs.  
§200.405 Allocable costs.  
§200.413 Direct costs.  
§200.415 Required certifications.  
§200.430 Compensation—personal services.  
The Debarment and Suspension, 34 CFR Part 85, Section 85.510, Participants’ Responsibilities and makes the following certification by signing this application:  
The prospective lower-tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.  
Where the prospective lower-tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.  
This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 for such failure.

Section II. Specific Elementary and Secondary School  
Emergency Relief (ESSER) Grant Assurances  
The LEA assures that funds shall only be used for any of the following:  
- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.  
- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.  
- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.
• Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.

• Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.

• Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.

• Planning for and coordinating during long-term closures, including for how to provide meals to eligible students, how to provide technology for online learning to all students, how to provide guidance for carrying out requirements under the Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.) and how to ensure other educational services can continue to be provided consistent with all Federal, State, and local requirements.

• Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and students with disabilities, which may include assistive technology or adaptive equipment.

• Providing mental health services and supports.

• Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low income students, students with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.

• Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by—(A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.

• School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.

• Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.

• Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Throughout the period of the grant award, the LEA shall comply with all applicable requirements of the Elementary and Secondary School Emergency Relief (ESSER) authorized by the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSAA), including:

CONTINUED PAYMENT TO EMPLOYEES
SEC. 18006. A local educational agency, State, institution of higher education, or other entity that receives funds under “Education Stabilization Fund”, shall to the greatest extent practicable, continue to pay its employees and contractors during the period of any disruptions or closures related to coronavirus.

Certification

To the best of my knowledge and belief, all the information and data in this agreement are true and correct. I acknowledge and agree that the failure to comply with all Assurances and Certifications in this Agreement, all relevant provisions and requirements of the CARES Act, Pub. L. No. 116-136 (March 27, 2020), or any other applicable law or regulation may result in liability under the False Claims Act, 31 U.S.C. § 3729, et seq.; OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485; and 18 USC § 1001, as appropriate.

Covid has impacted all learners in the district. On winter Fastbridge assessments 55% of all students were categorized as either some risk or high risk. In reading, 54% of all students were classified as some or high risk. The 10% of our students classified as ELL were disproportionately impacted by an interruption in services as well as our at-risk students who fell further behind over the summer. Over 80% of these students are classified as some or high risk on Fastbridge reading and math assessments. Research tells us these students are in need of both summer remediation and enrichment programs.

Covid also exposed the digital divide among our less affluent students. Currently 57% of our students are classified as economically disadvantaged and 51% are minority students. Approximately 40% of these students and families have no access to technology beyond a cell phone in the home.

Covid also made us acutely aware of the social-emotional needs of students and families in poverty. These students suffered from a lack of connection to caring adults and these families lack the ability to access community resources that are available to support them.

Does the district have remaining ESSER I funding that it has not yet spent as of the date of ESSER II application submission?

Yes

Please summarize how the district will use its remaining ESSER I and ESSER I SPED funding and what it hopes to accomplish with these funds.

Our remaining ESSER I Funds will be spent on salaries and instructional supplies for extended learning opportunities for students before, during and after school currently underway. Any remaining funds will be used to purchase books for the
Please review the following allowable uses of ESSER II funds before completing the narrative and Excel template portion of the application.

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.

- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.

- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.

- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.

- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.

- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.

- Planning for, coordinating, and implementing activities during long-term closures, including providing meals to eligible students, providing technology for online learning to all students, providing guidance for carrying out requirements under the IDEA and ensuring other educational services can continue to be provided consistent with all Federal, State, and local requirements.

- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and children with disabilities, which may include assistive technology or adaptive equipment.

- Providing mental health services and supports.

- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low-income students, children with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.

- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.

- School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.

- Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.

- Developing strategies and implementing public health protocols for the reopening and operation of school facilities.

- Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.
Please note: "Developing strategies and implementing public health protocols for the reopening and operation of school facilities," identified as an allowable use under ESSER III in the American Rescue Plan, is also permissible under ESSER II.

**Plan for ESSER II Direct District Allocation and KSDE Per-Student Additional Allocation (If Applicable)**

Please summarize how the district proposes using its ESSER II direct district allocation (and its KSDE per-student additional allocation, if applicable) to address incremental COVID-19 needs.

To address learning loss for at-risk k-8 students, we will run three sessions of camp invention and a summer tutoring program. Camp invention will be held early in June to activate student learning. The summer tutoring program will consist of licensed teachers working with small groups of students (2-5) to improve reading and math skills. The summer reading program will supplement summer tutoring. Teachers will make weekly home visits to deliver each student a book a week to engage them in reading. For high school students in need of credit recovery we will provide in person summer school options online via Edgenuity. Next year we will sponsor an after-school STEM enrichment program for students in grades 5-8 in addition to after school remediation for students K-8.

To better serve ELL students we will hire a bilingual paraprofessional to work with students under the supervision of our ELL coordinator/teacher during the school year and summer. We will also purchase a Fast ForWord as an instructional resource for ELL students.

For social emotional needs we will hire a social worker to work with families of grade school students to help connect them to the community resources available for their help. We will also train middle school staff on “Conscious Discipline” to help them be more responsive to students with adverse childhood experiences. Middle school students and staff will participate in a book study of “Pound the Stone” to develop resiliency in students.

To close the technology gap, we will purchase laptops for our high school students all allow summer checkout. Buildings will be open for those who need access to high-speed internet.

Some revenue will be spent upgrading HVAC controls in our high school buildings. This will increase air turnover in classrooms and make them more comfortable for student learning.

**How will the district determine the impact of its ESSER II direct district allocation expenditures (and additional per-student allocation, if applicable) on students?**

To determine impact, we will analyze fall Fastbridge data to determine if our program reduced summer learning loss in reading and math. We will also survey students and parents who were served in tutoring to determine their level of satisfaction. Last, we will ask teachers to keep learning logs on students to document their progress.

**Notes on ESSER II application Excel template:**

- Plans and budgets should be submitted for at least a 12 month period but do not need to account for the full duration of the program or the full allocation amount. Funds will remain accessible to the LEA until September 30, 2023 and there will be additional opportunities to submit further requests/plans in the future.
- Following ESSER II application approval and initiation of funds draw down, districts will be required to report to the Commissioner's Task Force on ESSER II expenditures and impact on a monthly basis throughout the program. This ESSER II reporting will be required as a part of regular ESSER program reporting, which will capture past expenditures across funding streams (ESSER I, ESSER I SPED, ESSER II, ESSER II SPED, ESSER II KSDE Per Student Allocation). Districts may be asked to provide expenditures by fund, function, object, account, and ESSER II allowable use as part of ongoing ESSER reporting.
- This reporting will not replace any reporting required by the federal government. KSDE will work to maximize compatibility between its reporting requirements and those of the federal government as much as possible to minimize burden on districts.

Please download and complete the ESSER II application template [here](#) to provide details on ESSER II budgeted expenditures across allowable uses and KSDE accounting codes.
Local Education Agency (LEA) Assurances

Section I. General Grant Assurances for Federal Funds

Throughout the period of the grant award, the LEA will comply with all requirements of:

- The LEA will make a good faith effort, on a continuing basis, to maintain a drug-free workplace, in accordance with the measures in 34 CFR Part 84, Subpart B and the Drug-Free Workplace Act of 1988;
- The Education Department General Administrative Regulations (EDGAR) 34 CFR 76 requirements, including:
  - 34 CFR §76.500(a) Federal statutes and regulations on nondiscrimination.
    (a) A State and a subgrantee shall comply with the following statutes and regulations:
      - Discrimination on the basis of age | The Age Discrimination Act (42 U.S.C. 6101 et seq.) | 34 CFR part 110.
    (b) A State or subgrantee that is a covered entity as defined in §108.3 of this title shall comply with the nondiscrimination requirements of the Boy Scouts of America Equal Access Act, 20 U.S.C. 7905, 34 CFR part 108.
    (Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))
- 34 CFR §76.650 Private schools; purpose of §§76.651-76.662.
  (a) Under some programs, the authorizing statute requires that a State and its subgrantees provide for participation by students enrolled in private schools. Sections 76.651-76.662 apply to those programs and provide rules for that participation. These sections do not affect the authority of the State or a subgrantee to enter into a contract with a private party.
  (b) If any other rules for participation of students enrolled in private schools apply under a particular program, they are in the authorizing statute or implementing regulations for that program.
  (Authority: 20 U.S.C. 1221e-3 and 3474)
- 34 CFR §76.700 Compliance with statutes, regulations, State plan, and applications.
  A State and a subgrantee shall comply with the State plan and applicable statutes, regulations, and approved applications, and shall use Federal funds in accordance with those statutes, regulations, plan, and applications.
  (Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))
- 34 CFR §76.701 The State or subgrantee administers or supervises each project.
  A State or a subgrantee shall directly administer or supervise the administration of each project.
  (Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))
- 34 CFR §76.702 Fiscal control and fund accounting procedures.
  A State and a subgrantee shall use fiscal control and fund accounting procedures that insure proper disbursement of and accounting for Federal funds.
  (Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))
34 CFR §76.722 Subgrantee reporting requirements.
A State may require a subgrantee to submit reports in a manner and format that assists the State in complying with the requirements under 34 CFR 76.720 and in carrying out other responsibilities under the program.
(Authority: 20 U.S.C. 1221e-3, 1231a, and 3474)
[72 FR 3703, Jan. 25, 2007]

34 CFR §76.730 Records related to grant funds.
A State and a subgrantee shall keep records that fully show:
(a) The amount of funds under the grant or subgrant;
(b) How the State or subgrantee uses the funds;
(c) The total cost of the project;
(d) The share of that cost provided from other sources; and
(e) Other records to facilitate an effective audit.
(Approved by the Office of Management and Budget under control number 1880-0513)
(Authority: 20 U.S.C. 1232f)

34 CFR §76.731 Records related to compliance.
A State and a subgrantee shall keep records to show its compliance with program requirements.
(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))
The Uniform Grant Guidance, 2 CFR §200 all applicable subrecipient requirements, including but not limited to:
2 CFR Subpart D – Post Federal Award Requirements
$200.302 Financial management.
$200.303 Internal controls.
$200.305 Payment.

$200.430 Compensation—personal services.
The Debarment and Suspension, 34 CFR Part 85, Section 85.510, Participants’ Responsibilities and makes the following certification by signing this application:
The prospective lower-tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.
Where the prospective lower-tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.
This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 for such failure.

Section II. Specific Elementary and Secondary School Emergency Relief (ESSER) Grant Assurances

The LEA assures that funds shall only be used for any of the following:
- Any activity authorized by the ESEA of 1965, including the Native Hawaiian Education Act and the Alaska Native Educational Equity, Support, and Assistance Act (20 U.S.C. 6301 et seq.), the Individuals with Disabilities Education Act (20 U.S.C. 1400 et

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.
- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.
- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.
- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.
- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.
- Planning for and coordinating during long-term closures, including for how to provide meals to eligible students, how to provide technology for online learning to all students, how to provide guidance for carrying out requirements under the Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.) and how to ensure other educational services can continue to be provided consistent with all Federal, State, and local requirements.
- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and students with disabilities, which may include assistive technology or adaptive equipment.
- Providing mental health services and supports.
- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low income students, students with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.
- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by—(A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.
- School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.
- Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.
- Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Throughout the period of the grant award, the LEA shall comply with all applicable requirements of the Elementary and Secondary School Emergency Relief (ESSER) authorized by the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSAA), including:

CONTINUED PAYMENT TO EMPLOYEES
SEC. 18006. A local educational agency, State, institution of higher education, or other entity that receives funds under “Education Stabilization Fund”, shall to the greatest extent practicable, continue to pay its employees and contractors during the period of any disruptions or closures related to coronavirus.
Certification

To the best of my knowledge and belief, all the information and data in this agreement are true and correct. I acknowledge and agree that the failure to comply with all Assurances and Certifications in this Agreement, all relevant provisions and requirements of the CARES Act, Pub. L. No. 116-136 (March 27, 2020), or any other applicable law or regulation may result in liability under the False Claims Act, 31 U.S.C. § 3729, et seq.; OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485; and 18 USC § 1001, as appropriate.

Application details

Full District Name

| Weskan Schools

District Number

| 242
COVID-19 had a dramatic impact on student learning. Our focus on ESSER I moneys was to buy supplies for remote learning and then to provide supplies to create a safe environment for our students to return to. Our focus for ESSER II moneys will be to focus on literacy and learning loss. The 2019-20 school year was disrupted from March-May when we had to move to remote learning. Some of our families had little or no internet service. We were able to come back in August 2020, but we had to close down for two weeks in November, due to a COVID outbreak in our school. We had teachers teaching kids in the classroom, in our on-site quarantine room, and at home with remote learning all at once. Student learning loss won't be fully known for years, but we already saw a decrease in local reading data (see ESSER II info), as well as some students with known mental health issues are now having even more mental health issues. Everyone has suffered with dealing with loss this year--loss of routine, loss of income, loss of family members, loss of in-school structure, loss of normal dances and activities. We did our best to provide supports for our students with disabilities during the remote learning, but some kids just need in-person, hands-on, one-on-one supports that you just can't effectively provide when you aren't physically together.

Does the district have remaining ESSER I funding that it has not yet spent as of the date of ESSER II application submission?

Yes

Please summarize how the district will use its remaining ESSER I and ESSER I SPED funding and what it hopes to accomplish with these funds.

We will only have around $500 left in our ESSER 1 funds that we have not yet allotted. We will continue to use it for current COVID expenses, such as additional cleaning supplies or to help pay for more summer school or COVID related classroom expenses.

Please review the following allowable uses of ESSER II funds before completing the narrative and Excel template portion of the application.

Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.

Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.

Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.

Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.

Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.

Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.

Planning for, coordinating, and implementing activities during long-term closures, including providing meals to eligible students, providing technology for online learning to all students, providing guidance for carrying out requirements under the IDEA and ensuring other educational services can continue to be provided consistent with all Federal, State, and local requirements.

Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and children with disabilities, which may include assistive technology or adaptive equipment.

Providing mental health services and supports.

Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low-income students, children with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.

Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by—(A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students' academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.

School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.

Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.

Developing strategies and implementing public health protocols for the reopening and operation of school facilities.

Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Please note: "Developing strategies and implementing public health protocols for the reopening and operation of school facilities," identified as an allowable use under ESSER III in the American Rescue Plan, is also permissible under ESSER II.

Plan for ESSER II Direct District Allocation and KSDE Per-Student Additional Allocation (If Applicable)
Please summarize how the district proposes using its ESSER II direct district allocation (and its KSDE per-student additional allocation, if applicable) to address incremental COVID-19 needs.

COVID-19 had a dramatic impact on student learning. Our focus on ESSER I moneys was to buy supplies for remote learning and then to provide supplies to create a safe environment for our students to return to. Our focus for ESSER II moneys will be to focus on literacy and learning loss. Overall, we had 15% of our students drop from at-grade level on STAR Reading before the pandemic, to below-grade level, using STAR Reading data. This is a pretty significant decline, and we are working to help those students catch back up by using ESSER II funds for literacy curriculum and summer tutoring. This money will all be spent in 2021, as we want to get our kids help now instead of waiting three years. We plan to purchase K-5 and a 6-12 reading curriculums that are evidence and research-based. We feel getting our teachers quality instructional materials will help us bring up those reading scores the fastest. We also would like to provide summer tutoring for K-12. We will provide 1-1 or small group tutoring for the kids who are below grade level in K-6. In JH/HS, we will provide a teacher to reteach content for credit recovery for any students that failed a class due to time missed due to COVID sickness or quarantines or due to issues with successfully learning using remote methods.

How will the district determine the impact of its ESSER II direct district allocation expenditures (and additional per-student allocation, if applicable) on students?

We have no per-student allocation. We will be able to determine the impact of our expenditures by seeing growth in our STAR Reading data, growth in our state assessments, and reduction in the numbers of students that need tier 3 supports.

Notes on ESSER II application Excel template:

- Plans and budgets should be submitted for at least a 12 month period but do not need to account for the full duration of the program or the full allocation amount. Funds will remain accessible to the LEA until September 30, 2023 and there will be additional opportunities to submit further requests/plans in the future.
- Following ESSER II application approval and initiation of funds draw down, districts will be required to report to the Commissioner’s Task Force on ESSER II expenditures and impact on a monthly basis throughout the program. This ESSER II reporting will be required as a part of regular ESSER program reporting, which will capture past expenditures across funding streams (ESSER I, ESSER I SPED, ESSER II, ESSER II SPED, ESSER II KSDE Per Student Allocation). Districts may be asked to provide expenditures by fund, function, object, account, and ESSER II allowable use as part of ongoing ESSER reporting.
- This reporting will not replace any reporting required by the federal government. KSDE will work to maximize compatibility between its reporting requirements and those of the federal government as much as possible to minimize burden on districts.

Please download and complete the ESSER II application template [here](#) to provide details on ESSER II budgeted expenditures across allowable uses and KSDE accounting codes.

Local Education Agency (LEA) Assurances

Section I. General Grant Assurances for Federal Funds

Throughout the period of the grant award, the LEA will comply with all requirements of:
The LEA will make a good faith effort, on a continuing basis, to maintain a drug-free workplace, in accordance with the measures in 34 CFR Part 84, Subpart B and the Drug-Free Workplace Act of 1988;
The Education Department General Administrative Regulations (EDGAR) 34 CFR 76 requirements, including:
34 CFR §76.500(a) Federal statutes and regulations on nondiscrimination.

(a) A State and a subgrantee shall comply with the following statutes and regulations:

- Discrimination on the basis of age | The Age Discrimination Act (42 U.S.C. 6101 et seq.) | 34 CFR part 110.

(b) A State or subgrantee that is a covered entity as defined in §108.3 of this title shall comply with the nondiscrimination requirements of the Boy Scouts of America Equal Access Act, 20 U.S.C. 7905, 34 CFR part 108.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.650 Private schools; purpose of §§76.651-76.662.

(a) Under some programs, the authorizing statute requires that a State and its subgrantees provide for participation by students enrolled in private schools. Sections 76.651-76.662 apply to those programs and provide rules for that participation. These sections do not affect the authority of the State or a subgrantee to enter into a contract with a private party.

(b) If any other rules for participation of students enrolled in private schools apply under a particular program, they are in the authorizing statute or implementing regulations for that program.

(Authority: 20 U.S.C. 1221e-3 and 3474)

34 CFR §76.700 Compliance with statutes, regulations, State plan, and applications.

A State and a subgrantee shall comply with the State plan and applicable statutes, regulations, and approved applications, and shall use Federal funds in accordance with those statutes, regulations, plan, and applications.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.701 The State or subgrantee administers or supervises each project.

A State or a subgrantee shall directly administer or supervise the administration of each project.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.702 Fiscal control and fund accounting procedures.

A State and a subgrantee shall use fiscal control and fund accounting procedures that insure proper disbursement of and accounting for Federal funds.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.709 Funds may be obligated during a “carryover period.”

(a) If a State or a subgrantee does not obligate all of its grant or subgrant funds by the end of the fiscal year for which Congress appropriated the funds, it may obligate the remaining funds during a carryover period of one additional fiscal year.

(b) The State shall return to the Federal Government any carryover funds not obligated by the end of the carryover period by the State and its subgrantees.

(Authority: U.S.C. 1221e-3, 1225(b), and 3474)

34 CFR §76.722 Subgrantee reporting requirements.

A State may require a subgrantee to submit reports in a manner and format that assists the State in complying with the requirements under 34 CFR 76.720 and in carrying out other responsibilities under the program.

(Authority: 20 U.S.C. 1221e-3, 1231a, and 3474)

[72 FR 3703, Jan. 25, 2007]

34 CFR §76.730 Records related to grant funds.

A State and a subgrantee shall keep records that fully show:

(a) The amount of funds under the grant or subgrant;
(b) How the State or subgrantee uses the funds;
(c) The total cost of the project;
(d) The share of that cost provided from other sources; and
(e) Other records to facilitate an effective audit.

(Approved by the Office of Management and Budget under control number 1880-0513)
A State and a subgrantee shall keep records to show its compliance with program requirements.

The Uniform Grant Guidance, 2 CFR §200 all applicable subrecipient requirements, including but not limited to:

2 CFR Subpart D – Post Federal Award Requirements

§200.302 Financial management.
§200.303 Internal controls.
§200.305 Payment.
§200.313 Equipment.
§200.314 Supplies.
§200.318 General procurement standards.
§200.320 Methods of procurement to be followed;

2 CFR 200 Subpart E: Cost Principles:

§200.403 Factors affecting allowability of costs.
§200.404 Reasonable costs.
§200.405 Allocable costs.
§200.413 Direct costs.
§200.415 Required certifications.
§200.430 Compensation—personal services.

The Debarment and Suspension, 34 CFR Part 85, Section 85.510, Participants' Responsibilities and makes the following certification by signing this application:

The prospective lower-tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.

Where the prospective lower-tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 for such failure.

Section II. Specific Elementary and Secondary School Emergency Relief (ESSER) Grant Assurances

The LEA assures that funds shall only be used for any of the following:

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.
- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.
- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.
• Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.
• Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.
• Planning for and coordinating during long-term closures, including for how to provide meals to eligible students, how to provide technology for online learning to all students, how to provide guidance for carrying out requirements under the Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.) and how to ensure other educational services can continue to be provided consistent with all Federal, State, and local requirements.
• Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and students with disabilities, which may include assistive technology or adaptive equipment.
• Providing mental health services and supports.
• Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low income students, students with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.
• Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.
• School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.
• Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.
• Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Throughout the period of the grant award, the LEA shall comply with all applicable requirements of the Elementary and Secondary School Emergency Relief (ESSER) authorized by the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSAA), including:

CONTINUED PAYMENT TO EMPLOYEES
SEC. 18006. A local educational agency, State, institution of higher education, or other entity that receives funds under “Education Stabilization Fund”, shall to the greatest extent practicable, continue to pay its employees and contractors during the period of any disruptions or closures related to coronavirus.

Certification

To the best of my knowledge and belief, all the information and data in this agreement are true and correct. I acknowledge and agree that the failure to comply with all Assurances and Certifications in this Agreement, all relevant provisions and requirements of the CARES Act, Pub. L. No. 116-136 (March 27, 2020), or any other applicable law or regulation may result in liability under the False Claims Act, 31 U.S.C. § 3729, et seq.; OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485; and 18 USC § 1001, as appropriate.

<td>12. Addressing learning loss among students, including vulnerable populations</td>
<td>Purchase a K-5 reading series (Amplify) to help with our student's learning loss from remote learning. On our local assessments, 15% of our student body in our district that was previously on-grade level before COVID hit last Spring, fell to below grade level. We currently do not have an evidenced-based, researched curriculum. We feel a vertically aligned curriculum that incorporates all components of the science of reading, esp. foundational skills of phonics and phonemic awareness, will help us catch our students up faster than just each teacher doing their own thing. We will use components of this program in whole class lessons, as well as tier 2 and 3 reteaching times. We feel like the most important thing we can do with this money is give our teachers tools they can use to help catch our kids up. It has been over 15 years since we've updated our core reading curriculum--we need to spend money on this to get our kids back on grade level and to ensure current best-practices are used.</td>

Salaries hiring teachers to tutor students over the summer in reading and math and providing a teacher to help JH/HS students complete remedial coursework for failed courses. The pandemic caused students to miss a lot of content due to remote learning, extended medical absences, and learning loss with parents trying to juggle online learning while also helping their kids with classes. We are providing summer tutoring and remediation to try to catch some of that up. We have 4 teachers that have agreed to split the workload and meet for at least 120 hours altogether to tutor and remediate for our students in K-12 that are behind. We will have about 15 of our most behind kids involved in summer remediation (roughly 15/100 or 15% of our student body), in either small groups or 1-1. Most students will receive around 8 hours total of individual/small group tutoring, although JH/HS will receive around 30 hours of direct instruction in larger groups as they complete remedial coursework for failed courses. We feel a short time with intensive intervention targeted specifically to that student’s needs will be best, especially for our elementary students.

Application details

Full District Name

| Northeast USD 246 |
The impact on our district has primarily been two-fold. Our first concern was for the physical health of our students. We knew we needed to invest in new cleaning equipment, as well as personnel, to keep the building sanitized. We also purchased PPE for our staff and students.

We knew we had to get our students recovered from missing the last nine weeks and believe our decision to have class on a daily basis helped with getting our students caught up. We had very few students do remote learning. We also purchased educational technology that would benefit our students to get them to the appropriate grade level. We also provided after-school sessions for students that were struggling. We already provide Chromebooks for each of our students.

We currently have a school therapist that we get through Community Health and she is on campus a couple of days a week and helps us with the mental well-being of our students.

We did have one week where we needed to shut the high school down because of the high number of quarantined students we had, but other than that we feel we have had a pretty good year in these unpredictable times. We plan to add a nurse next year to help our students with not only the pandemic but with common health issues they have. We are continuing to look for better ways to sanitize our facilities and to try to provide the best meal service we can for our students.

Please summarize how the district will use its remaining ESSER I and ESSER I SPED funding and what it hopes to accomplish with these funds.
ESSER I SPED funding is spent in full. The plan is to spend the remaining ESSER I funds this fiscal year on learning loss programs, certified salaries (substitutes and after school tutoring), cleaning/sanitizing equipment and classified staff who are going to continue additional sanitizing measures through the end of the school year.

Please review the following allowable uses of ESSER II funds before completing the narrative and Excel template portion of the application.

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.
- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.
- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.
- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.
- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.
- Planning for, coordinating, and implementing activities during long-term closures, including providing meals to eligible students, providing technology for online learning to all students, providing guidance for carrying out requirements under the IDEA and ensuring other educational services can continue to be provided consistent with all Federal, State, and local requirements.
- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and children with disabilities, which may include assistive technology or adaptive equipment.
- Providing mental health services and supports.
- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low-income students, children with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.
- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.
- School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.
- Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.
- Developing strategies and implementing public health protocols for the reopening and operation of school facilities.
• Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Please note: "Developing strategies and implementing public health protocols for the reopening and operation of school facilities," identified as an allowable use under ESSER III in the American Rescue Plan, is also permissible under ESSER II.

Plan for ESSER II Direct District Allocation and KSDE Per-Student Additional Allocation (If Applicable)

Please summarize how the district proposes using its ESSER II direct district allocation (and its KSDE per-student additional allocation, if applicable) to address incremental COVID-19 needs.

We have a concern for the physical well-being of our students. We have no school nurse in our district and would like to employ a school nurse with the funds.

We will use funds to continue to purchase PPE for our staff and students as well as better equipment to keep our buildings sanitized.

Our fourth-grade class has grown this year due to students transferring in. We will be adding a section next year which means we will be adding a 5th grade teacher to keep the class sizes small.

We also plan to add a para for the students in Junior High School that receive Title Services.

We will have summer school for the first time at our high school. We will employ teachers for this session concentrating on credit recovery and the students that have fallen behind.

We have purchased additional technology for our students and staff to use to address the academic loss we had in our primary grades especially. We have purchased the multi-year packages for the technology. We have supported both tutoring and after-school programs to address academic loss and wish to continue these.

How will the district determine the impact of its ESSER II direct district allocation expenditures (and additional per-student allocation, if applicable) on students?

ESSER II funds will positively impact the district by allowing us to continue the fight against this pandemic without using our district funding.

We would not be able to afford many if not all of the expenses if we had to use the general fund and other district funds. Our school will be cleaner and better sanitized which will account for the overall better health of our students.

The district was not able to afford the added staff we plan to hire, especially the school nurse.

Students will be positively impacted by the purchase of the learning technologies and resources so they can academically catch up.

We have not been able to provide summer school in the past and now we can for our students that need additional help. It will also help us pay for substitutes if our teachers have to get tested, get the virus, or are quarantined.

Notes on ESSER II application Excel template:

• Plans and budgets should be submitted for at least a 12 month period but do not need to account for the full duration of the program or the full allocation amount. Funds will remain accessible to the LEA until September 30, 2023 and there will be additional opportunities to submit further requests/plans in the future.

• Following ESSER II application approval and initiation of funds draw down, districts will be required to report to the Commissioner's Task Force on ESSER II expenditures and impact on a monthly basis throughout the program. This ESSER II reporting will be required as a part of regular ESSER program reporting, which will capture past expenditures across funding streams (ESSER I, ESSER I SPED, ESSER II, ESSER II SPED, ESSER II KSDE Per Student Allocation). Districts may be asked to provide expenditures by fund, function, object, account, and ESSER II allowable use as part of ongoing ESSER reporting.
Local Education Agency (LEA) Assurances

Section I. General Grant Assurances for Federal Funds

Throughout the period of the grant award, the LEA will comply with all requirements of:
The LEA will make a good faith effort, on a continuing basis, to maintain a drug-free workplace, in accordance with the measures in 34 CFR Part 84, Subpart B and the Drug-Free Workplace Act of 1988;
The Education Department General Administrative Regulations (EDGAR) 34 CFR 76 requirements, including:
34 CFR §76.500(a) Federal statutes and regulations on nondiscrimination.
(a) A State and a subgrantee shall comply with the following statutes and regulations:

Discrimination on the basis of age | The Age Discrimination Act (42 U.S.C. 6101 et seq.) | 34 CFR part 110.

(b) A State or subgrantee that is a covered entity as defined in §108.3 of this title shall comply with the nondiscrimination requirements of the Boy Scouts of America Equal Access Act, 20 U.S.C. 7905, 34 CFR part 108.
(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))
34 CFR §76.650 Private schools; purpose of §§76.651-76.662.
(a) Under some programs, the authorizing statute requires that a State and its subgrantees provide for participation by students enrolled in private schools. Sections 76.651-76.662 apply to those programs and provide rules for that participation. These sections do not affect the authority of the State or a subgrantee to enter into a contract with a private party.
(b) If any other rules for participation of students enrolled in private schools apply under a particular program, they are in the authorizing statute or implementing regulations for that program.
(Authority: 20 U.S.C. 1221e-3 and 3474)
34 CFR §76.700 Compliance with statutes, regulations, State plan, and applications.
A State and a subgrantee shall comply with the State plan and applicable statutes, regulations, and approved applications, and shall use Federal funds in accordance with those statutes, regulations, plan, and applications.
(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))
34 CFR §76.701 The State or subgrantee administers or supervises each project.
A State or a subgrantee shall directly administer or supervise the administration of each project.
(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))
34 CFR §76.702 Fiscal control and fund accounting procedures.
A State and a subgrantee shall use fiscal control and fund accounting procedures that insure proper disbursement of and accounting for Federal funds.
(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))
34 CFR §76.709 Funds may be obligated during a “carryover period.”
(a) If a State or a subgrantee does not obligate all of its grant or subgrant funds by the end of the fiscal year for which Congress appropriated the funds, it may obligate the remaining funds during a carryover period of one additional fiscal year.
(b) The State shall return to the Federal Government any carryover funds not obligated by the end of the carryover period by the State and its subgrantees.

(Authority: U.S.C. 1221e-3, 1225(b), and 3474)

34 CFR §76.722 Subgrantee reporting requirements.
A State may require a subgrantee to submit reports in a manner and format that assists the State in complying with the requirements under 34 CFR 76.720 and in carrying out other responsibilities under the program.

(Authority: 20 U.S.C. 1221e-3, 1231a, and 3474)
[72 FR 3703, Jan. 25, 2007]

34 CFR §76.730 Records related to grant funds.
A State and a subgrantee shall keep records that fully show:
(a) The amount of funds under the grant or subgrant;
(b) How the State or subgrantee uses the funds;
(c) The total cost of the project;
(d) The share of that cost provided from other sources; and
(e) Other records to facilitate an effective audit.

(Approved by the Office of Management and Budget under control number 1880-0513)

(Authority: 20 U.S.C. 1232f)

34 CFR §76.731 Records related to compliance.
A State and a subgrantee shall keep records to show its compliance with program requirements.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

The Uniform Grant Guidance, 2 CFR §200 all applicable subrecipient requirements, including but not limited to:
2 CFR Subpart D – Post Federal Award Requirements
$200.302 Financial management.
$200.303 Internal controls.
$200.305 Payment.
$200.313 Equipment.
$200.314 Supplies.
$200.318 General procurement standards.
$200.320 Methods of procurement to be followed;
2 CFR 200 Subpart E: Cost Principles:
$200.403 Factors affecting allowability of costs.
$200.404 Reasonable costs.
$200.405 Allocable costs.
$200.413 Direct costs.
$200.415 Required certifications.
$200.430 Compensation—personal services.

The Debarment and Suspension, 34 CFR Part 85, Section 85.510, Participants’ Responsibilities and makes the following certification by signing this application:
The prospective lower-tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.
Where the prospective lower-tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.
This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 for such failure.
Section II. Specific Elementary and Secondary School Emergency Relief (ESSER) Grant Assurances

The LEA assures that funds shall only be used for any of the following:

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.

- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.

- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.

- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.

- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.

- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.

- Planning for and coordinating during long-term closures, including for how to provide meals to eligible students, how to provide technology for online learning to all students, how to provide guidance for carrying out requirements under the Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.) and how to ensure other educational services can continue to be provided consistent with all Federal, State, and local requirements.

- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and students with disabilities, which may include assistive technology or adaptive equipment.

- Providing mental health services and supports.

- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low income students, students with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.

- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.

- School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.

- Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.

- Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.
Throughout the period of the grant award, the LEA shall comply with all applicable requirements of the Elementary and Secondary School Emergency Relief (ESSER) authorized by the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSAA), including:

CONTINUED PAYMENT TO EMPLOYEES
SEC. 18006. A local educational agency, State, institution of higher education, or other entity that receives funds under “Education Stabilization Fund”, shall to the greatest extent practicable, continue to pay its employees and contractors during the period of any disruptions or closures related to coronavirus.

Certification

To the best of my knowledge and belief, all the information and data in this agreement are true and correct. I acknowledge and agree that the failure to comply with all Assurances and Certifications in this Agreement, all relevant provisions and requirements of the CARES Act, Pub. L. No. 116-136 (March 27, 2020), or any other applicable law or regulation may result in liability under the False Claims Act, 31 U.S.C. § 3729, et seq.; OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485; and 18 USC § 1001, as appropriate.

**Applicant / Email Address of Owner, CEO, or Executive Director**  |  rsimoncic@frontenac249.org

**Applicant / Phone Number**  |  620-231-7551

All questions in the section below are optional, and offer an opportunity to upload or enter information that is typically asked for on grant opportunities. (for EANS and ESSER grant applications - please skip the questions below, and scroll to the bottom to complete your User Profile information.)

**Application details**

**Full District Name**  |  Frontenac

**District Number**  |  249

**Mailing Address | Street Address**  |  208 S Cayuga
Please briefly describe the impacts of COVID-19 on the district and its Pre-K through 12 students, including any relevant data where possible (e.g., cost impact, learning loss, emotional impact on students). If there has been a disproportionate impact on a special population in the district (e.g., students with disabilities, English Learners, students in foster care, students in poverty, etc.), please describe the impact and provide the number of Pre-K through 12 students in that population.

All of our students have been impacted by Covid-19. Some of our students have shown learning loss while other students have shown learning gains throughout the 2020-21 school year. The students who have been affected the most are students with disabilities, students in poverty, and English language learners. Our social emotional data have indicated that many of our students have struggled with the effects of the pandemic. This would amount to about fifty percent of our student population. Our math and English data shows a decline in our ACT data while science, stem, reading, writing, and ELA data shows a slight increase. Our elementary data shows a decline in math over the course of this school year. We will implement programs to address learning loss. Our district has spent money to ensure social distancing could be achieved throughout the school campus for things like plexiglass dividers, additional student desks to replace collaborative learning environments, and personal protective equipment.

We are more fortunate than many school districts because we were able to have in-person learning during the 2020-2021 school year. I believe this allowed our district to address many students’ deficits. We are planning to begin addressing learning loss beginning this summer.

Does the district have remaining ESSER I funding that it has not yet spent as of the date of ESSER II application submission?  
Yes

Please summarize how the district will use its remaining ESSER I and ESSER I SPED funding and what it hopes to accomplish with these funds.

We are providing an additional school bus route to ensure our students can continue to social distance on school buses. The remaining funds will be used to pay for the bus drivers salary. Our district continues to purchase supplies and sanitation equipment to ensure our students and staff are as safe as possible throughout this pandemic.
Please review the following allowable uses of ESSER II funds before completing the narrative and Excel template portion of the application.

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.

- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.

- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.

- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.

- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.

- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.

- Planning for, coordinating, and implementing activities during long-term closures, including providing meals to eligible students, providing technology for online learning to all students, providing guidance for carrying out requirements under the IDEA and ensuring other educational services can continue to be provided consistent with all Federal, State, and local requirements.

- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and children with disabilities, which may include assistive technology or adaptive equipment.

- Providing mental health services and supports.

- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low-income students, children with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.

- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.

- School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.

- Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.

- Developing strategies and implementing public health protocols for the reopening and operation of school facilities.

- Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Please note: "Developing strategies and implementing public health protocols for the reopening and operation of school facilities," identified as an allowable use under ESSER III in the American Rescue Plan, is also permissible under ESSER II.
Plan for ESSER II Direct District Allocation and KSDE Per-Student Additional Allocation (If Applicable)

Please summarize how the district proposes using its ESSER II direct district allocation (and its KSDE per-student additional allocation, if applicable) to address incremental COVID-19 needs.

Our district has hired additional staff to address our pandemic needs from the pandemic. We made a part time custodian full time to address the additional time required to set up and take down additional cafeteria tables and plexiglass partitions to promote social distancing in our gymnasium for lunch. We hired an English language aide to address learning loss with our ELL students. The board just approved the district to hire a MTSS teacher for next year to help low achieving students in the junior high/high school that don’t qualify for special education services.

We plan to purchase social emotional curriculum, student improvement services and student enrichment services through Greenbush. The district will enhance our before and after school programs for students needing additional classroom support.

We are purchasing iWave air purifiers and Merv 13 air filters to provide better air quality in all our classrooms.

How will the district determine the impact of its ESSER II direct district allocation expenditures (and additional per-student allocation, if applicable) on students?

Assessment data will reflect student improvement over the course of ESSER funding period, so the district can track student improvement. Our goal is for all students to be at grade level or better. Hopefully, we can improve attendance by improving the air quality with merv 13 air filters and iwave air purifiers. The district hopes this will reduce the number of students that get sick. This will be tracked with daily attendance.

Notes on ESSER II application Excel template:

- Plans and budgets should be submitted for at least a 12 month period but do not need to account for the full duration of the program or the full allocation amount. Funds will remain accessible to the LEA until September 30, 2023 and there will be additional opportunities to submit further requests/plans in the future.
- Following ESSER II application approval and initiation of funds draw down, districts will be required to report to the Commissioner's Task Force on ESSER II expenditures and impact on a monthly basis throughout the program. This ESSER II reporting will be required as a part of regular ESSER program reporting, which will capture past expenditures across funding streams (ESSER I, ESSER I SPED, ESSER II, ESSER II SPED, ESSER II KSDE Per Student Allocation). Districts may be asked to provide expenditures by fund, function, object, account, and ESSER II allowable use as part of ongoing ESSER reporting.
- This reporting will not replace any reporting required by the federal government. KSDE will work to maximize compatibility between its reporting requirements and those of the federal government as much as possible to minimize burden on districts.

Please download and complete the ESSER II application template [here](#) to provide details on ESSER II budgeted expenditures across allowable uses and KSDE accounting codes.

Local Education Agency (LEA) Assurances

Section I. General Grant Assurances for Federal Funds

Throughout the period of the grant award, the LEA will comply with all requirements of:
The LEA will make a good faith effort, on a continuing basis, to maintain a drug-free workplace, in accordance with the measures in 34 CFR Part 84, Subpart B and the Drug-Free Workplace Act of 1988;

The Education Department General Administrative Regulations (EDGAR) 34 CFR 76 requirements, including:

34 CFR §76.500(a) Federal statutes and regulations on nondiscrimination.

(a) A State and a subgrantee shall comply with the following statutes and regulations:

- Discrimination on the basis of age | The Age Discrimination Act (42 U.S.C. 6101 et seq.) | 34 CFR part 110.

(b) A State or subgrantee that is a covered entity as defined in §108.3 of this title shall comply with the nondiscrimination requirements of the Boy Scouts of America Equal Access Act, 20 U.S.C. 7905, 34 CFR part 108.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.650 Private schools; purpose of §§76.651-76.662.

(a) Under some programs, the authorizing statute requires that a State and its subgrantees provide for participation by students enrolled in private schools. Sections 76.651-76.662 apply to those programs and provide rules for that participation. These sections do not affect the authority of the State or a subgrantee to enter into a contract with a private party.

(b) If any other rules for participation of students enrolled in private schools apply under a particular program, they are in the authorizing statute or implementing regulations for that program.

(Authority: 20 U.S.C. 1221e-3 and 3474)

34 CFR §76.700 Compliance with statutes, regulations, State plan, and applications.

A State and a subgrantee shall comply with the State plan and applicable statutes, regulations, and approved applications, and shall use Federal funds in accordance with those statutes, regulations, plan, and applications.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.701 The State or subgrantee administers or supervises each project.

A State or a subgrantee shall directly administer or supervise the administration of each project.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.702 Fiscal control and fund accounting procedures.

A State and a subgrantee shall use fiscal control and fund accounting procedures that insure proper disbursement of and accounting for Federal funds.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.709 Funds may be obligated during a “carryover period.”

(a) If a State or a subgrantee does not obligate all of its grant or subgrant funds by the end of the fiscal year for which Congress appropriated the funds, it may obligate the remaining funds during a carryover period of one additional fiscal year.

(b) The State shall return to the Federal Government any carryover funds not obligated by the end of the carryover period by the State and its subgrantees.

(Authority: U.S.C. 1221e-3, 1225(b), and 3474)

34 CFR §76.722 Subgrantee reporting requirements.

A State may require a subgrantee to submit reports in a manner and format that assists the State in complying with the requirements under 34 CFR 76.720 and in carrying out other responsibilities under the program.

(Authority: 20 U.S.C. 1221e-3, 1231a, and 3474)

[72 FR 3703, Jan. 25, 2007]

34 CFR §76.730 Records related to grant funds.

A State and a subgrantee shall keep records that fully show:

(a) The amount of funds under the grant or subgrant;

(b) How the State or subgrantee uses the funds;

(c) The total cost of the project;

(d) The share of that cost provided from other sources; and
(e) Other records to facilitate an effective audit.
(Approved by the Office of Management and Budget under control number 1880-0513)
(Authority: 20 U.S.C. 1232f)
34 CFR §76.731 Records related to compliance.

A State and a subgrantee shall keep records to show its compliance with program requirements.
(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))
The Uniform Grant Guidance, 2 CFR §200 all applicable subrecipient requirements, including but not limited to:

2 CFR Subpart D – Post Federal Award Requirements
§200.302 Financial management.
§200.303 Internal controls.
§200.305 Payment.
§200.313 Equipment.
§200.314 Supplies.
§200.318 General procurement standards.
§200.320 Methods of procurement to be followed;
2 CFR 200 Subpart E: Cost Principles:
§200.403 Factors affecting allowability of costs.
§200.404 Reasonable costs.
§200.405 Allocable costs.
§200.413 Direct costs.
§200.415 Required certifications.
§200.430 Compensation—personal services.

The Debarment and Suspension, 34 CFR Part 85, Section 85.510, Participants' Responsibilities and makes the following certification by signing this application:

The prospective lower-tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.

Where the prospective lower-tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 for such failure.

Section II. Specific Elementary and Secondary School Emergency Relief (ESSER) Grant Assurances

The LEA assures that funds shall only be used for any of the following:
- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.
- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.
Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.

Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.

Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.

Planning for and coordinating during long-term closures, including for how to provide meals to eligible students, how to provide technology for online learning to all students, how to provide guidance for carrying out requirements under the Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.) and how to ensure other educational services can continue to be provided consistent with all Federal, State, and local requirements.

Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and students with disabilities, which may include assistive technology or adaptive equipment.

Providing mental health services and supports.

Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low income students, students with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.

Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by—(A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students' academic progress and assist educators in meeting students' academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.

School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.

Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.

Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Throughout the period of the grant award, the LEA shall comply with all applicable requirements of the Elementary and Secondary School Emergency Relief (ESSER) authorized by the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSAA), including:

CONTINUED PAYMENT TO EMPLOYEES

SEC. 18006. A local educational agency, State, institution of higher education, or other entity that receives funds under “Education Stabilization Fund”, shall to the greatest extent practicable, continue to pay its employees and contractors during the period of any disruptions or closures related to coronavirus.

Certification

To the best of my knowledge and belief, all the information and data in this agreement are true and correct. I acknowledge and agree that the failure to comply with all Assurances and Certifications in this Agreement, all relevant provisions and requirements of the CARES Act, Pub. L. No. 116-136 (March 27, 2020), or any other applicable law or regulation may result in liability under the False Claims Act, 31 U.S.C. § 3729, et seq.; OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485; and 18 USC § 1001, as appropriate.

Row added per applicant's request. Per narrative, The students who have been affected the most are students with disabilities, students in poverty, and English language learners. Our social emotional data have indicated that many of our students have struggled with the effects of the pandemic. This would amount to about fifty percent of our student population. Our math and English data shows a decline in our ACT data while science, stem, reading, writing, and ELA data shows a slight increase. Our elementary data shows a decline in math over the course of this school year. We will implement programs to address learning loss.

Row added per applicant's request and please see previous row for support.

Application details

Full District Name
Unified School District Humboldt

District Number
258

Mailing Address | Street Address
801 New York St.
The district K-12 students have been impacted by COVID this year. Even though we were in person and we also had some remote learners at the same time we had some learning loss from March 2020 until now. After viewing our Fastbridge data our district was 51% at risk overall. By viewing our sub group population we see that our special education and free and reduced students had the most impact of student learning loss. Overall our students social emotional health suffered as well. We had 48% fall in the at-risk category of the SABRS Assessment.

Please briefly describe the impacts of COVID-19 on the district and its Pre-K through 12 students, including any relevant data where possible (e.g., cost impact, learning loss, emotional impact on students). If there has been a disproportionate impact on a special population in the district (e.g., students with disabilities, English Learners, students in foster care, students in poverty, etc.), please describe the impact and provide the number of Pre-K through 12 students in that population.

Does the district have remaining ESSER I funding that it has not yet spent as of the date of ESSER II application submission?  

Yes

Please summarize how the district will use its remaining ESSER I and ESSER I SPED funding and what it hopes to accomplish with these funds.

The remaining ESSER money will be spent on part time custodians that were hired and a part time cook. The ESSER I SPED funding has already been spent.

Please review the following allowable uses of ESSER II funds before completing the narrative and Excel template portion of the application.

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.
- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.
- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.
- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.
- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.
- Planning for, coordinating, and implementing activities during long-term closures, including providing meals to eligible students, providing technology for online learning to all students, providing guidance for carrying out requirements under the IDEA and ensuring other educational services can continue to be provided consistent with all Federal, State, and local requirements.
- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and children with disabilities, which may include assistive technology or adaptive equipment.
- Providing mental health services and supports.
- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low-income students, children with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.
- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students' academic progress and assist educators in meeting students' academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.
- School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.
- Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.
- Developing strategies and implementing public health protocols for the reopening and operation of school facilities.
- Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Please note: "Developing strategies and implementing public health protocols for the reopening and operation of school facilities," identified as an allowable use under ESSER III in the American Rescue Plan, is also permissible under ESSER II.

Plan for ESSER II Direct District Allocation and KSDE Per-Student Additional Allocation (If Applicable)

Please summarize how the district proposes using its ESSER II direct district allocation (and its KSDE per-student additional allocation, if applicable) to address incremental COVID-19 needs.
The district K-12 students have been impacted by covid this year. Even though we were in person and we also had some remote learners at the same time we had some learning loss from March 2020 until now. After viewing our Fastbridge data our district was 51% at risk overall. To help with this gap we are planning on summer school, using money to cover teachers for additional training in the use of science in reading, math and how to look at data from our Fastbridge assessment which we just purchased this year. We are looking at strengthening our elementary with using decodable readers, Really Great Reading and through purchasing assessment tools. We are also purchasing computers at the high school for in person and remote learning for next school year. We are purchasing Core Essentials for additional curriculum for social emotional for our K-12 students.

How will the district determine the impact of its ESSER II direct district allocation expenditures (and additional per-student allocation, if applicable) on students?

We will determine the effectiveness of our expenditures through our assessments of Fastbridge and STAR. We will view sub groups and have weekly meeting on students.

Notes on ESSER II application Excel template:

- Plans and budgets should be submitted for at least a 12 month period but do not need to account for the full duration of the program or the full allocation amount. Funds will remain accessible to the LEA until September 30, 2023 and there will be additional opportunities to submit further requests/plans in the future.
- Following ESSER II application approval and initiation of funds draw down, districts will be required to report to the Commissioner's Task Force on ESSER II expenditures and impact on a monthly basis throughout the program. This ESSER II reporting will be required as a part of regular ESSER program reporting, which will capture past expenditures across funding streams (ESSER I, ESSER I SPED, ESSER II, ESSER II SPED, ESSER II KSDE Per Student Allocation). Districts may be asked to provide expenditures by fund, function, object, account, and ESSER II allowable use as part of ongoing ESSER reporting.
- This reporting will not replace any reporting required by the federal government. KSDE will work to maximize compatibility between its reporting requirements and those of the federal government as much as possible to minimize burden on districts.

Please download and complete the ESSER II application template here to provide details on ESSER II budgeted expenditures across allowable uses and KSDE accounting codes.

Local Education Agency (LEA) Assurances

Section I. General Grant Assurances for Federal Funds

Throughout the period of the grant award, the LEA will comply with all requirements of:
The LEA will make a good faith effort, on a continuing basis, to maintain a drug-free workplace, in accordance with the measures in 34 CFR Part 84, Subpart B and the Drug-Free Workplace Act of 1988; The Education Department General Administrative Regulations (EDGAR) 34 CFR 76 requirements, including: 34 CFR §76.500(a) Federal statutes and regulations on nondiscrimination.

(a) A State and a subgrantee shall comply with the following statutes and regulations:
Discrimination on the basis of age | The Age Discrimination Act (42 U.S.C. 6101 et seq.) | 34 CFR part 110.

(b) A State or subgrantee that is a covered entity as defined in §108.3 of this title shall comply with the nondiscrimination requirements of the Boy Scouts of America Equal Access Act, 20 U.S.C. 7905, 34 CFR part 108.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))
34 CFR §76.650 Private schools; purpose of §§76.651-76.662.
(a) Under some programs, the authorizing statute requires that a State and its subgrantees provide for participation by students enrolled in private schools. Sections 76.651-76.662 apply to those programs and provide rules for that participation. These sections do not affect the authority of the State or a subgrantee to enter into a contract with a private party.
(b) If any other rules for participation of students enrolled in private schools apply under a particular program, they are in the authorizing statute or implementing regulations for that program.

(Authority: 20 U.S.C. 1221e-3 and 3474)
34 CFR §76.700 Compliance with statutes, regulations, State plan, and applications.
A State and a subgrantee shall comply with the State plan and applicable statutes, regulations, and approved applications, and shall use Federal funds in accordance with those statutes, regulations, plan, and applications.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))
34 CFR §76.701 The State or subgrantee administers or supervises each project.
A State or a subgrantee shall directly administer or supervise the administration of each project.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))
34 CFR §76.702 Fiscal control and fund accounting procedures.
A State and a subgrantee shall use fiscal control and fund accounting procedures that insure proper disbursement of and accounting for Federal funds.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))
34 CFR §76.709 Funds may be obligated during a “carryover period.”
(a) If a State or a subgrantee does not obligate all of its grant or subgrant funds by the end of the fiscal year for which Congress appropriated the funds, it may obligate the remaining funds during a carryover period of one additional fiscal year.
(b) The State shall return to the Federal Government any carryover funds not obligated by the end of the carryover period by the State and its subgrantees.

(Authority: U.S.C. 1221e-3, 1225(b), and 3474)
34 CFR §76.722 Subgrantee reporting requirements.
A State may require a subgrantee to submit reports in a manner and format that assists the State in complying with the requirements under 34 CFR 76.720 and in carrying out other responsibilities under the program.

(Authority: 20 U.S.C. 1221e-3, 1231a, and 3474)
[72 FR 3703, Jan. 25, 2007]
34 CFR §76.730 Records related to grant funds.
A State and a subgrantee shall keep records that fully show:
(a) The amount of funds under the grant or subgrant;
(b) How the State or subgrantee uses the funds;
(c) The total cost of the project;
(d) The share of that cost provided from other sources; and
(e) Other records to facilitate an effective audit.

(Approved by the Office of Management and Budget under control number 1880-0513)
(Authority: 20 U.S.C. 1232f)
34 CFR §76.731 Records related to compliance.
A State and a subgrantee shall keep records to show its compliance with program requirements.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))
The Uniform Grant Guidance, 2 CFR §200 all applicable subrecipient requirements, including but not limited to:
2 CFR Subpart D – Post Federal Award Requirements
§200.302 Financial management.
§200.303 Internal controls.
§200.305 Payment.
§200.313 Equipment.
§200.314 Supplies.
§200.318 General procurement standards.
§200.320 Methods of procurement to be followed;
2 CFR 200 Subpart E: Cost Principles:
§200.403 Factors affecting allowability of costs.
§200.404 Reasonable costs.
§200.405 Allocable costs.
§200.413 Direct costs.
§200.415 Required certifications.
§200.430 Compensation—personal services.
The Debarment and Suspension, 34 CFR Part 85, Section 85.510, Participants’ Responsibilities and makes the following certification by signing this application:
The prospective lower-tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.
Where the prospective lower-tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.
This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 for such failure.

Section II. Specific Elementary and Secondary School Emergency Relief (ESSER) Grant Assurances

The LEA assures that funds shall only be used for any of the following:

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.
- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.
- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.
- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.
- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.
- Planning for and coordinating during long-term closures, including for how to provide meals to eligible students, how to provide technology for online learning to all students, how to provide guidance for carrying out requirements under the
Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.) and how to ensure other educational services can continue to be provided consistent with all Federal, State, and local requirements.

- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and students with disabilities, which may include assistive technology or adaptive equipment.
- Providing mental health services and supports.
- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low income students, students with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.
- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.
- School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.
- Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.
- Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Throughout the period of the grant award, the LEA shall comply with all applicable requirements of the Elementary and Secondary School Emergency Relief (ESSER) authorized by the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSAA), including:

CONTINUED PAYMENT TO EMPLOYEES

SEC. 18006. A local educational agency, State, institution of higher education, or other entity that receives funds under “Education Stabilization Fund”, shall to the greatest extent practicable, continue to pay its employees and contractors during the period of any disruptions or closures related to coronavirus.

Certification

To the best of my knowledge and belief, all the information and data in this agreement are true and correct. I acknowledge and agree that the failure to comply with all Assurances and Certifications in this Agreement, all relevant provisions and requirements of the CARES Act, Pub. L. No. 116-136 (March 27, 2020), or any other applicable law or regulation may result in liability under the False Claims Act, 31 U.S.C. § 3729, et seq.; OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485; and 18 USC § 1001, as appropriate.

Applicant / Federal EIN (if applicable) | 48-6006243
Applicant / Website Address (if applicable) | USD263.com
Fiscal Agent / Name (if applicable) | Carolyn Young
COVID-19 has required our district to adjust nearly every aspect of what it means to be “in school”. This year, our students participated in a hybrid learning model (halftime on-site and half-time remote) for the 1st, 2nd, and 3rd 9 weeks. Then, transitioned to full-time on-site for the final 9 weeks. During the Hybrid and Remote Learning modes, our academic achievement data has shown a decline in some places, particularly in early reading skills for grades K-1st - impacting approximately 250 students. Overall Reading and Math scores for grades 3-9 have shown some increases and some decreases, yet, have held steady showing no significant loss or gain.
Finally, we have also observed an escalation of severe behavior for students with family distress or mental health concerns at all grade levels – specifically impacting 40-50 students. We have also seen an escalation in emotional responses from parents and community members, particularly regarding leadership decisions.

Does the district have remaining ESSER I funding that it has not yet spent as of the date of ESSER II application submission?

No

Please review the following allowable uses of ESSER II funds before completing the narrative and Excel template portion of the application.

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.
- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.
- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.
- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.
- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.
- Planning for, coordinating, and implementing activities during long-term closures, including providing meals to eligible students, providing technology for online learning to all students, providing guidance for carrying out requirements under the IDEA and ensuring other educational services can continue to be provided consistent with all Federal, State, and local requirements.
- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and children with disabilities, which may include assistive technology or adaptive equipment.
- Providing mental health services and supports.
- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low-income students, children with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.
- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.
• School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.
• Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.
• Developing strategies and implementing public health protocols for the reopening and operation of school facilities.
• Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Please note: "Developing strategies and implementing public health protocols for the reopening and operation of school facilities," identified as an allowable use under ESSER III in the American Rescue Plan, is also permissible under ESSER II.

Plan for ESSER II Direct District Allocation and KSDE Per-Student Additional Allocation (If Applicable)

Please summarize how the district proposes using its ESSER II direct district allocation (and its KSDE per-student additional allocation, if applicable) to address incremental COVID-19 needs.

A summer learning program, Wildcat University, will be available to any currently enrolled student. Students who choose to attend will receive 3 hours of individualized instruction in reading and math based on FASTBridge data. Wildcat University will be 4 days/week for 4 weeks and class sizes will be at 15 students or less. Early reading scores will be addressed through additional staff and specialized training. Adding a 1st-grade teacher will decrease the class size to better address Tier 2 interventions. Over 50% of our incoming 1st-grade students are performing below the benchmark, so Tier 2 interventions will need to be done by the regular education teacher. In addition, all teachers in grades K-3 will receive 5 days of Pathways training. A core group of teacher-leaders in grades K-3 have attended LETRS training and will provide support to their respective grade levels. We plan to purchase the 95% group and 6-minute solution for a tier 2 curriculum intervention resource. We also plan to add a Special Education case manager for Primary school (grades K-2) to answer the additional needs observed from the last year being hybrid and remote the majority of the time. The escalation in the severity of behavior will be addressed through additional staff and specialized training. Adding a social worker for the High School will eliminate sharing this service between buildings, and address the increased social-emotional needs at the secondary level over the last year. In addition, we will contract with Capturing Kids Hearts for year 1 implementation to better equip all staff with specific strategies to build positive relationships and facilitate a positive culture. We believe this will help reset our schools as everyone comes back together full time in the fall.

How will the district determine the impact of its ESSER II direct district allocation expenditures (and additional per-student allocation, if applicable) on students?

Our district will continue to assess academic and behavior data each Fall, Winter, & Spring using FASTBridge assessments and curriculum-based measures. In addition, we will review ACT & ACT WorkKeys and KCTC survey data. We will also review KSDE quantitative data for Kansas Assessments, Graduation Rate, and Post-Secondary Success. Adjustments to our KESA goals will be made by our District and Building Leadership Teams as we review this data to ensure we continue implementing strategies that meet the needs of our students.

Notes on ESSER II application Excel template:

- Plans and budgets should be submitted for at least a 12 month period but do not need to account for the full duration of the program or the full allocation amount. Funds will remain accessible to the LEA until September 30, 2023 and there will be additional opportunities to submit further requests/plans in the future.
- Following ESSER II application approval and initiation of funds draw down, districts will be required to report to the Commissioner's Task Force on ESSER II expenditures and impact on a monthly basis throughout the program. This ESSER II reporting will be required as a part of regular ESSER program reporting, which will capture past expenditures across funding streams (ESSER I, ESSER I SPED, ESSER II, ESSER II SPED, ESSER II KSDE Per Student Allocation). Districts may be
Local Education Agency (LEA) Assurances

Section I. General Grant Assurances for Federal Funds

Throughout the period of the grant award, the LEA will comply with all requirements of:

The LEA will make a good faith effort, on a continuing basis, to maintain a drug-free workplace, in accordance with the measures in 34 CFR Part 84, Subpart B and the Drug-Free Workplace Act of 1988;

The Education Department General Administrative Regulations (EDGAR) 34 CFR 76 requirements, including:

34 CFR §76.500(a) Federal statutes and regulations on nondiscrimination.

(a) A State and a subgrantee shall comply with the following statutes and regulations:

- Discrimination on the basis of age | The Age Discrimination Act (42 U.S.C. 6101 et seq.) | 34 CFR part 110.

(b) A State or subgrantee that is a covered entity as defined in §108.3 of this title shall comply with the nondiscrimination requirements of the Boy Scouts of America Equal Access Act, 20 U.S.C. 7905, 34 CFR part 108.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.650 Private schools; purpose of §§76.651-76.662.

(a) Under some programs, the authorizing statute requires that a State and its subgrantees provide for participation by students enrolled in private schools. Sections 76.651-76.662 apply to those programs and provide rules for that participation. These sections do not affect the authority of the State or a subgrantee to enter into a contract with a private party.

(b) If any other rules for participation of students enrolled in private schools apply under a particular program, they are in the authorizing statute or implementing regulations for that program.

(Authority: 20 U.S.C. 1221e-3 and 3474)

34 CFR §76.700 Compliance with statutes, regulations, State plan, and applications.

A State and a subgrantee shall comply with the State plan and applicable statutes, regulations, and approved applications, and shall use Federal funds in accordance with those statutes, regulations, plan, and applications.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.701 The State or subgrantee administers or supervises each project.

A State or a subgrantee shall directly administer or supervise the administration of each project.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.702 Fiscal control and fund accounting procedures.

A State and a subgrantee shall use fiscal control and fund accounting procedures that insure proper disbursement of and
accounting for Federal funds.
(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.709 Funds may be obligated during a “carryover period.”
(a) If a State or a subgrantee does not obligate all of its grant or subgrant funds by the end of the fiscal year for which Congress appropriated the funds, it may obligate the remaining funds during a carryover period of one additional fiscal year.
(b) The State shall return to the Federal Government any carryover funds not obligated by the end of the carryover period by the State and its subgrantees.
(Authority: U.S.C. 1221e-3, 1225(b), and 3474)

34 CFR §76.722 Subgrantee reporting requirements.
A State may require a subgrantee to submit reports in a manner and format that assists the State in complying with the requirements under 34 CFR 76.720 and in carrying out other responsibilities under the program.
(Authority: 20 U.S.C. 1221e-3, 1231a, and 3474)

[72 FR 3703, Jan. 25, 2007]

34 CFR §76.730 Records related to grant funds.
A State and a subgrantee shall keep records that fully show:
(a) The amount of funds under the grant or subgrant;
(b) How the State or subgrantee uses the funds;
(c) The total cost of the project;
(d) The share of that cost provided from other sources; and
(e) Other records to facilitate an effective audit.
(Approved by the Office of Management and Budget under control number 1880-0513)
(Authority: 20 U.S.C. 1232f)

The Uniform Grant Guidance, 2 CFR §200 all applicable subrecipient requirements, including but not limited to:
2 CFR Subpart D – Post Federal Award Requirements
§200.302 Financial management.
§200.303 Internal controls.
§200.305 Payment.
§200.313 Equipment.
§200.314 Supplies.

§200.320 Methods of procurement to be followed;
2 CFR 200 Subpart E: Cost Principles:
§200.403 Factors affecting allowability of costs.
§200.404 Reasonable costs.
§200.405 Allocable costs.
§200.413 Direct costs.
§200.415 Required certifications.
§200.430 Compensation—personal services.
The Debarment and Suspension, 34 CFR Part 85, Section 85.510, Participants’ Responsibilities and makes the following certification by signing this application:
The prospective lower-tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.
Where the prospective lower-tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.
This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section
Section II. Specific Elementary and Secondary School Emergency Relief (ESSER) Grant Assurances

The LEA assures that funds shall only be used for any of the following:

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.
- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.
- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.
- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.
- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.
- Planning for and coordinating during long-term closures, including for how to provide meals to eligible students, how to provide technology for online learning to all students, how to provide guidance for carrying out requirements under the Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.) and how to ensure other educational services can continue to be provided consistent with all Federal, State, and local requirements.
- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and students with disabilities, which may include assistive technology or adaptive equipment.
- Providing mental health services and supports.
- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low income students, students with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.
- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.
- School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.
- Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.
• Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Throughout the period of the grant award, the LEA shall comply with all applicable requirements of the Elementary and Secondary School Emergency Relief (ESSER) authorized by the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSAA), including:

CONTINUED PAYMENT TO EMPLOYEES
SEC. 18006. A local educational agency, State, institution of higher education, or other entity that receives funds under "Education Stabilization Fund", shall to the greatest extent practicable, continue to pay its employees and contractors during the period of any disruptions or closures related to coronavirus.

Certification

To the best of my knowledge and belief, all the information and data in this agreement are true and correct. I acknowledge and agree that the failure to comply with all Assurances and Certifications in this Agreement, all relevant provisions and requirements of the CARES Act, Pub. L. No. 116-136 (March 27, 2020), or any other applicable law or regulation may result in liability under the False Claims Act, 31 U.S.C. § 3729, et seq.; OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485; and 18 USC § 1001, as appropriate.

Per clarification email from district: Since March 29, 2021, we have transitioned from a Hybrid Learning Mode to nearly all being in a Full-day On-site Learning Mode. From this transition, beginning on 3/29/21, we have been using 3 teachers to teach (additional staff duties) during their plan period, to help cover classes and students through 5/26/21. Therefore, this would be a request for reimbursement for past expenses.

Per clarification email from district: This school year we have used classified staff for additional staff duties and additional time worked before and after school, for temp checks, mask checks, at multiple entrances. This was funded by ESSER 1 until it was exhausted on November 29, 2020. The amount listed is a request for reimbursement for past expenses, for the additional staff duties from 11/29/20 through 5/26/21.

Application details

Full District Name | Graham County USD 281

District Number | 281

Mailing Address | 117 N 3rd St

City | Hill City

Zip Code | 67642

Authorized Representative of the District | Dale Deighton

Position or Title | Superintendent

Email Address | daledeighton@usd281.com

Phone Number | +17854212135

Would you like to additional district representatives to the application? | Yes

Other District Representative 1 | Nancy Law

Email Address | nancylaw@usd281.com

Please briefly describe the impacts of COVID-19 on the district and its Pre-K through 12 students, including any relevant data where possible (e.g., cost impact, learning loss, emotional impact on students). If there has been a disproportionate impact on a special population in the district (e.g., students with disabilities, English Learners, students in foster care, students in poverty, etc.), please describe the impact and provide the number of Pre-K through 12 students in that population.

USD 281 has 57% economically disadvantaged population and the impact on our students when they had to be quarantined effected their ability to keep up the necessary learning.

Does the district have remaining ESSER I funding that it has not yet spent as of the date of ESSER II application submission? | No

Please review the following allowable uses of ESSER II funds before completing the narrative and Excel template portion of the application.

Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.

Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.

Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.

Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.

Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.

Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.

Planning for, coordinating, and implementing activities during long-term closures, including providing meals to eligible students, providing technology for online learning to all students, providing guidance for carrying out requirements under the IDEA and ensuring other educational services can continue to be provided consistent with all Federal, State, and local requirements.

Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and children with disabilities, which may include assistive technology or adaptive equipment.

Providing mental health services and supports.

Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low-income students, children with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.

Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.

School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.

Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.

Developing strategies and implementing public health protocols for the reopening and operation of school facilities.

Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Please note: "Developing strategies and implementing public health protocols for the reopening and operation of school facilities," identified as an allowable use under ESSER III in the American Rescue Plan, is also permissible under ESSER II.

Plan for ESSER II Direct District Allocation and KSDE Per-Student Additional Allocation (If Applicable)
Please summarize how the district proposes using its ESSER II direct district allocation (and its KSDE per-student additional allocation, if applicable) to address incremental COVID-19 needs.

We are using the funds to purchase computers for our students, teachers, and classrooms. We are also using the funds to purchase software so that we can test for learning loss and the emotional effect that the pandemic has had on our students. We are providing summer school for students that have had the most learning loss. We are employing a counselor to help with the social and emotional needs of both our students and staff.

How will the district determine the impact of its ESSER II direct district allocation expenditures (and additional per-student allocation, if applicable) on students?

With the purchase of the fastbridge program. We will be able to test the learning of our students and the emotional status of our students.

Notes on ESSER II application Excel template:

- Plans and budgets should be submitted for at least a 12 month period but do not need to account for the full duration of the program or the full allocation amount. Funds will remain accessible to the LEA until September 30, 2023 and there will be additional opportunities to submit further requests/plans in the future.
- Following ESSER II application approval and initiation of funds draw down, districts will be required to report to the Commissioner’s Task Force on ESSER II expenditures and impact on a monthly basis throughout the program. This ESSER II reporting will be required as a part of regular ESSER program reporting, which will capture past expenditures across funding streams (ESSER I, ESSER I SPED, ESSER II, ESSER II SPED, ESSER II KSDE Per Student Allocation). Districts may be asked to provide expenditures by fund, function, object, account, and ESSER II allowable use as part of ongoing ESSER reporting.
- This reporting will not replace any reporting required by the federal government. KSDE will work to maximize compatibility between its reporting requirements and those of the federal government as much as possible to minimize burden on districts.

Please download and complete the ESSER II application template here to provide details on ESSER II budgeted expenditures across allowable uses and KSDE accounting codes.

Local Education Agency (LEA) Assurances

Section I. General Grant Assurances for Federal Funds

Throughout the period of the grant award, the LEA will comply with all requirements of:

The LEA will make a good faith effort, on a continuing basis, to maintain a drug-free workplace, in accordance with the measures in 34 CFR Part 84, Subpart B and the Drug-Free Workplace Act of 1988;

The Education Department General Administrative Regulations (EDGAR) 34 CFR 76 requirements, including:

- 34 CFR §76.500(a) Federal statutes and regulations on nondiscrimination.

(a) A State and a subgrantee shall comply with the following statutes and regulations:

- Discrimination on the basis of age | The Age Discrimination Act (42 U.S.C. 6101 et seq.) | 34 CFR part 110.
(b) A State or subgrantee that is a covered entity as defined in §108.3 of this title shall comply with the nondiscrimination requirements of the Boy Scouts of America Equal Access Act, 20 U.S.C. 7905, 34 CFR part 108.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.650 Private schools; purpose of §§76.651-76.662.

(a) Under some programs, the authorizing statute requires that a State and its subgrantees provide for participation by students enrolled in private schools. Sections 76.651-76.662 apply to those programs and provide rules for that participation. These sections do not affect the authority of the State or a subgrantee to enter into a contract with a private party.

(b) If any other rules for participation of students enrolled in private schools apply under a particular program, they are in the authorizing statute or implementing regulations for that program.

(Authority: 20 U.S.C. 1221e-3 and 3474)

34 CFR §76.700 Compliance with statutes, regulations, State plan, and applications.

A State and a subgrantee shall comply with the State plan and applicable statutes, regulations, and approved applications, and shall use Federal funds in accordance with those statutes, regulations, plan, and applications.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.701 The State or subgrantee administers or supervises each project.

A State or a subgrantee shall directly administer or supervise the administration of each project.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.702 Fiscal control and fund accounting procedures.

A State and a subgrantee shall use fiscal control and fund accounting procedures that insure proper disbursement of and accounting for Federal funds.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.709 Funds may be obligated during a “carryover period.”

(a) If a State or a subgrantee does not obligate all of its grant or subgrant funds by the end of the fiscal year for which Congress appropriated the funds, it may obligate the remaining funds during a carryover period of one additional fiscal year.

(b) The State shall return to the Federal Government any carryover funds not obligated by the end of the carryover period by the State and its subgrantees.

(Authority: U.S.C. 1221e-3, 1225(b), and 3474)

34 CFR §76.722 Subgrantee reporting requirements.

A State may require a subgrantee to submit reports in a manner and format that assists the State in complying with the requirements under 34 CFR 76.720 and in carrying out other responsibilities under the program.

(Authority: 20 U.S.C. 1221e-3, 1231a, and 3474)

[72 FR 3703, Jan. 25, 2007]

34 CFR §76.730 Records related to grant funds.

A State and a subgrantee shall keep records that fully show:

(a) The amount of funds under the grant or subgrant;

(b) How the State or subgrantee uses the funds;

(c) The total cost of the project;

(d) The share of that cost provided from other sources; and

(e) Other records to facilitate an effective audit.

(Approved by the Office of Management and Budget under control number 1880-0513)

(Authority: 20 U.S.C. 1232f)

34 CFR §76.731 Records related to compliance.

A State and a subgrantee shall keep records to show its compliance with program requirements.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

The Uniform Grant Guidance, 2 CFR §200 all applicable subrecipient requirements, including but not limited to:

2 CFR Subpart D – Post Federal Award Requirements

§200.302 Financial management.

§200.303 Internal controls.
The Debarment and Suspension, 34 CFR Part 85, Section 85.510, Participants’ Responsibilities and makes the following certification by signing this application:

The prospective lower-tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.

Where the prospective lower-tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 for such failure.

Section II. Specific Elementary and Secondary School Emergency Relief (ESSER) Grant Assurances

The LEA assures that funds shall only be used for any of the following:

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.
- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.
- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.
- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.
- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.
- Planning for and coordinating during long-term closures, including for how to provide meals to eligible students, how to provide technology for online learning to all students, how to provide guidance for carrying out requirements under the Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.) and how to ensure other educational services can continue to be provided consistent with all Federal, State, and local requirements.
• Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and students with disabilities, which may include assistive technology or adaptive equipment.
• Providing mental health services and supports.
• Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low income students, students with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.
• Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by—
  (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction.
  (B) Implementing evidence-based activities to meet the comprehensive needs of students.
  (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment.
  (D) Tracking student attendance and improving student engagement in distance education.
• School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.
• Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.
• Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Throughout the period of the grant award, the LEA shall comply with all applicable requirements of the Elementary and Secondary School Emergency Relief (ESSER) authorized by the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSAA), including:

CONTINUED PAYMENT TO EMPLOYEES
SEC. 18006. A local educational agency, State, institution of higher education, or other entity that receives funds under “Education Stabilization Fund”, shall to the greatest extent practicable, continue to pay its employees and contractors during the period of any disruptions or closures related to coronavirus.

Certification

To the best of my knowledge and belief, all the information and data in this agreement are true and correct. I acknowledge and agree that the failure to comply with all Assurances and Certifications in this Agreement, all relevant provisions and requirements of the CARES Act, Pub. L. No. 116-136 (March 27, 2020), or any other applicable law or regulation may result in liability under the False Claims Act, 31 U.S.C. § 3729, et seq.; OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485; and 18 USC § 1001, as appropriate.

 Applicant details

Thank you for creating a User Profile for the Kansas CommonApp!

Your User Profile will be linked to every application submitted under your login. You can always return to this page to keep your information current.

Select an Applicant Type | Unified School District

Applicant / Entity Name | Colby Public Schools

Applicant / Mailing Address

| 600 West Third Street |
| Colby KS, 67701 |

Applicant / First and Last Name of Owner, CEO, or Executive Director | Katina Brenn

Applicant / Email Address of Owner, CEO, or Executive Director | Kbrenn@colbyeagles.org

Applicant / Phone Number | 7854605000

All questions in the section below are optional, and offer an opportunity to upload or enter information that is typically asked for on grant opportunities.

(for EANS and ESSER grant applications - please skip the questions below, and scroll to the bottom to complete your User Profile information.)

Application details

Full District Name | Colby Public Schools

District Number | 315
Please briefly describe the impacts of COVID-19 on the district and its Pre-K through 12 students, including any relevant data where possible (e.g., cost impact, learning loss, emotional impact on students). If there has been a disproportionate impact on a special population in the district (e.g., students with disabilities, English Learners, students in foster care, students in poverty, etc.), please describe the impact and provide the number of Pre-K through 12 students in that population.

When the pandemic hit, our students were forced first into a long-term closure and then multiple quarantines. The district implemented online learning in order to continue educating our students forced to stay home. Due to the increase in chronic absenteeism we quickly realized that there were equity and access issues amongst many of our families that were magnified due to a growing unemployment rate. Our initial focus was on removing technology barriers that impeded learning through providing students and teachers with the technology and curriculum access necessary. When our students were able to return to face-to-face instruction in the fall of 2020 our district’s focus shifted from long term remote learning to developing and implementing public health protocols to reduce additional learning loss due to quarantines. We worked with local health officials to determine the best strategies to reduce the number of students being exposed in our environment through PPE, additional sanitation supplies, and supplies that allowed us to implement social distancing standards. Now that student attendance rates have increased and quarantines have decreased our focus is on assisting our students in rebounding from their learning loss through increasing both the amount and quality of learning time. The district will continue to provide access to continuous learning during student illnesses and/or quarantines. We will also use local diagnostic assessments to identify students academically at risk and provide summer programming to assist in reducing learning gaps and recovering skills/credits.

Does the district have remaining ESSER I funding that it has not yet spent as of the date of ESSER II application submission? | No
Please review the following allowable uses of ESSER II funds before completing the narrative and Excel template portion of the application.

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.
- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.
- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.
- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.
- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.
- Planning for, coordinating, and implementing activities during long-term closures, including providing meals to eligible students, providing technology for online learning to all students, providing guidance for carrying out requirements under the IDEA and ensuring other educational services can continue to be provided consistent with all Federal, State, and local requirements.
- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and children with disabilities, which may include assistive technology or adaptive equipment.
- Providing mental health services and supports.
- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low-income students, children with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.
- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students' academic progress and assist educators in meeting students' academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.
- School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.
- Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.
- Developing strategies and implementing public health protocols for the reopening and operation of school facilities.
- Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Please note: "Developing strategies and implementing public health protocols for the reopening and operation of school facilities," identified as an allowable use under ESSER III in the American Rescue Plan, is also permissible under ESSER II.
Plan for ESSER II Direct District Allocation and KSDE Per-Student Additional Allocation (If Applicable)

Please summarize how the district proposes using its ESSER II direct district allocation (and its KSDE per-student additional allocation, if applicable) to address incremental COVID-19 needs.

Allowable Use(s): Coordination of preparedness response efforts/ Developing and implementing procedures, systems strategies and public health protocols:
• 40 hours for district/building staff to work with local agencies on preparedness and response efforts.
  Allowable Use Cost = $11,052.24

Allowable Use(s): Resources needed at individual buildings
• Insulated food bags and carts to provide breakfast in classrooms to implement social distancing protocols.
  Allowable Use Cost = $766.40

Allowable Use(s): PPE/supplies/sanitation
• Additional PPE and sanitize supplies to clean and sanitize the facilities.
  Allowable Use Cost = $28,109.78

Allowable Use(s): Software/hardware/connectivity
• 125 laptops, cases, and power cords to provide equitable access to learning during quarantines to address learning loss. ($174,750.00)
• Zoom and curriculum connectivity to facilitate online learning during quarantines ($6,616.50)
• TVs/interactive panels/projectors/cameras/speakers to facilitate learning during quarantines ($41,878.17)
  Allowable Use Cost = $223,244.67

Allowable Use(s): Mental health supports
• One-day presentation for student to discuss social emotional topics due to an increase in observable behaviors.
  Allowable Use Cost = $600.00

Allowable Use(s): Summer learning
• Summer programming for general education, special education, ELL, and migrant students determined at risk by local assessments.
  June 1- June 30
  8:30-11:30/12:30-3:30 ELA/Math/Credit Recovery Sessions
  14 licensed teachers and 6 teacher aides
  Pay based on negotiated agreement and regular school year classified hourly rate ($80,000.00 in salaries + $10,000.00 supplies)
  Allowable Use Cost = $90,000.00

Allowable Use(s): School facility to enable operation of schools to reduce risk of virus transmission and exposure
• Additional classroom desks/ tables to facilitate social distancing protocols ($1,312.23)
• Additional 30 lunchroom tables to open an a additional K-8 satellite lunchroom to facilitate social distancing protocols ($60,613.44)
• Equipment to covert water fountains to bottle filling stations to implement health protocols (2,146.84)
  Allowable Use Cost = $64,072.51

Allowable Use(s): To improve the indoor air quality
• Additional air purifier filters.
  Allowable Use Cost = 600.40
  Total Cost = $418,446.00

How will the district determine the impact of its ESSER II direct district allocation expenditures (and additional per-student allocation, if applicable) on students?

The district will determine the impact of ESSER II expenditures through:
• increased student access to learning as measured by device checkout and program log in rates;
• increased student diagnostic local assessment scores as measured by assessment screening reports;
• increased attendance as measured by student information system reports; and
Notes on ESSER II application Excel template:

- Plans and budgets should be submitted for at least a 12 month period but do not need to account for the full duration of the program or the full allocation amount. Funds will remain accessible to the LEA until September 30, 2023 and there will be additional opportunities to submit further requests/plans in the future.
- Following ESSER II application approval and initiation of funds draw down, districts will be required to report to the Commissioner's Task Force on ESSER II expenditures and impact on a monthly basis throughout the program. This ESSER II reporting will be required as a part of regular ESSER program reporting, which will capture past expenditures across funding streams (ESSER I, ESSER I SPED, ESSER II, ESSER II SPED, ESSER II KSDE Per Student Allocation). Districts may be asked to provide expenditures by fund, function, object, account, and ESSER II allowable use as part of ongoing ESSER reporting.
- This reporting will not replace any reporting required by the federal government. KSDE will work to maximize compatibility between its reporting requirements and those of the federal government as much as possible to minimize burden on districts.

Please download and complete the ESSER II application template here to provide details on ESSER II budgeted expenditures across allowable uses and KSDE accounting codes.

Local Education Agency (LEA) Assurances

Section I. General Grant Assurances for Federal Funds

Throughout the period of the grant award, the LEA will comply with all requirements of:

The LEA will make a good faith effort, on a continuing basis, to maintain a drug-free workplace, in accordance with the measures in 34 CFR Part 84, Subpart B and the Drug-Free Workplace Act of 1988;

The Education Department General Administrative Regulations (EDGAR) 34 CFR 76 requirements, including:

34 CFR §76.500(a) Federal statutes and regulations on nondiscrimination.

(a) A State and a subgrantee shall comply with the following statutes and regulations:

- Discrimination on the basis of age | The Age Discrimination Act (42 U.S.C. 6101 et seq.) | 34 CFR part 110.

(b) A State or subgrantee that is a covered entity as defined in §108.3 of this title shall comply with the nondiscrimination requirements of the Boy Scouts of America Equal Access Act, 20 U.S.C. 7905, 34 CFR part 108.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.650 Private schools; purpose of §§76.651-76.662.

(a) Under some programs, the authorizing statute requires that a State and its subgrantees provide for participation by students enrolled in private schools. Sections 76.651-76.662 apply to those programs and provide rules for that participation. These sections do not affect the authority of the State or a subgrantee to enter into a contract with a private party.

(b) If any other rules for participation of students enrolled in private schools apply under a particular program, they are in the
authorizing statute or implementing regulations for that program.
(Authority: 20 U.S.C. 1221e-3 and 3474)

34 CFR §76.700 Compliance with statutes, regulations, State plan, and applications.
A State and a subgrantee shall comply with the State plan and applicable statutes, regulations, and approved applications, and shall use Federal funds in accordance with those statutes, regulations, plan, and applications.
(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.701 The State or subgrantee administers or supervises each project.
A State or a subgrantee shall directly administer or supervise the administration of each project.
(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.702 Fiscal control and fund accounting procedures.
A State and a subgrantee shall use fiscal control and fund accounting procedures that insure proper disbursement of and accounting for Federal funds.
(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.709 Funds may be obligated during a “carryover period.”
(a) If a State or a subgrantee does not obligate all of its grant or subgrant funds by the end of the fiscal year for which Congress appropriated the funds, it may obligate the remaining funds during a carryover period of one additional fiscal year.
(b) The State shall return to the Federal Government any carryover funds not obligated by the end of the carryover period by the State and its subgrantees.
(Authority: U.S.C. 1221e-3, 1225(b), and 3474)

34 CFR §76.722 Subgrantee reporting requirements.
A State may require a subgrantee to submit reports in a manner and format that assists the State in complying with the requirements under 34 CFR 76.720 and in carrying out other responsibilities under the program.
(Authority: 20 U.S.C. 1221e-3, 1231a, and 3474)

[72 FR 3703, Jan. 25, 2007]

34 CFR §76.730 Records related to grant funds.
A State and a subgrantee shall keep records that fully show:
(a) The amount of funds under the grant or subgrant;
(b) How the State or subgrantee uses the funds;
(c) The total cost of the project;
(d) The share of that cost provided from other sources; and
(e) Other records to facilitate an effective audit.
(Approved by the Office of Management and Budget under control number 1880-0513)
(Authority: 20 U.S.C. 1232f)

34 CFR §76.731 Records related to compliance.
A State and a subgrantee shall keep records to show its compliance with program requirements.
(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

The Uniform Grant Guidance, 2 CFR §200 all applicable subrecipient requirements, including but not limited to:
2 CFR Subpart D – Post Federal Award Requirements
§200.302 Financial management.
§200.303 Internal controls.
§200.305 Payment.
§200.313 Equipment.
§200.314 Supplies.
§200.318 General procurement standards.
§200.320 Methods of procurement to be followed;
2 CFR 200 Subpart E: Cost Principles:
§200.403 Factors affecting allowability of costs.
§200.404 Reasonable costs.
§200.405 Allocable costs.
§200.413 Direct costs.
§200.415 Required certifications.
§200.430 Compensation—personal services.
The Debarment and Suspension, 34 CFR Part 85, Section 85.510, Participants' Responsibilities and makes the following certification by signing this application:
The prospective lower-tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.
Where the prospective lower-tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.
This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 for such failure.

Section II. Specific Elementary and Secondary School Emergency Relief (ESSER) Grant Assurances

The LEA assures that funds shall only be used for any of the following:

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.
- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.
- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.
- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.
- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.
- Planning for and coordinating during long-term closures, including for how to provide meals to eligible students, how to provide technology for online learning to all students, how to provide guidance for carrying out requirements under the Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.) and how to ensure other educational services can continue to be provided consistent with all Federal, State, and local requirements.
- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and students with disabilities, which may include assistive technology or adaptive equipment.
- Providing mental health services and supports.
- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low income students, students with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.
- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational
agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students' academic progress and assist educators in meeting students' academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.

- School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.
- Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.
- Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Throughout the period of the grant award, the LEA shall comply with all applicable requirements of the Elementary and Secondary School Emergency Relief (ESSER) authorized by the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSAA), including:

CONTINUED PAYMENT TO EMPLOYEES
SEC. 18006. A local educational agency, State, institution of higher education, or other entity that receives funds under "Education Stabilization Fund", shall to the greatest extent practicable, continue to pay its employees and contractors during the period of any disruptions or closures related to coronavirus.

Certification

To the best of my knowledge and belief, all the information and data in this agreement are true and correct. I acknowledge and agree that the failure to comply with all Assurances and Certifications in this Agreement, all relevant provisions and requirements of the CARES Act, Pub. L. No. 116-136 (March 27, 2020), or any other applicable law or regulation may result in liability under the False Claims Act, 31 U.S.C. § 3729, et seq.; OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485; and 18 USC § 1001, as appropriate.

Thank you for creating a User Profile for the Kansas CommonApp!

Your User Profile will be linked to every application submitted under your login. You can always return to this page to keep your information current.

Select an Applicant Type | Unified School District

Applicant / Entity Name | Golden Plains USD 316

Applicant / Mailing Address

| PO Box 199
| Selden, KS 67757

Applicant / First and Last Name of Owner, CEO, or Executive Director | Betty Hickert

Applicant / Email Address of Owner, CEO, or Executive Director | bhickert@usd316.org

Applicant / Phone Number | 785-386-4559

All questions in the section below are optional, and offer an opportunity to upload or enter information that is typically asked for on grant opportunities.

(for EANS and ESSER grant applications - please skip the questions below, and scroll to the bottom to complete your User Profile information.)

Application details

Full District Name | Golden Plains

District Number | 316
Please briefly describe the impacts of COVID-19 on the district and its Pre-K through 12 students, including any relevant data where possible (e.g., cost impact, learning loss, emotional impact on students). If there has been a disproportionate impact on a special population in the district (e.g., students with disabilities, English Learners, students in foster care, students in poverty, etc.), please describe the impact and provide the number of Pre-K through 12 students in that population.

Although the direct impact on students at Golden Plains appeared to be minimal because school was not paused or switched to remote (we did provide a remote option) during the 2020-2021 year, we believe there was a social emotional impact that led to a loss of learning. Data from academic screeners showed an increase in tier 2 and tier 3 students at several grade levels from the fall to winter benchmark in both reading and math. We also had to make an extraordinary amount of DCF (Division of Children and Families) calls during the year, especially following the winter break. We do not know if this was because of additional stress on parents/students caused by Covid/unemployment, but the assumption is that it likely had something to do with it.

Does the district have remaining ESSER I funding that it has not yet spent as of the date of ESSER II application submission?

We only have ESSER I SPED ($2,375) funds remaining. At this time, we have not decided on the best use of these funds.

Please review the following allowable uses of ESSER II funds before completing the narrative and Excel template portion of the application.

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.
- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.
- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.
- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.
- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.
- Planning for, coordinating, and implementing activities during long-term closures, including providing meals to eligible students, providing technology for online learning to all students, providing guidance for carrying out requirements under the IDEA and ensuring other educational services can continue to be provided consistent with all Federal, State, and local requirements.
- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and children with disabilities, which may include assistive technology or adaptive equipment.
- Providing mental health services and supports.
- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low-income students, children with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.
- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students' academic progress and assist educators in meeting students' academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.
- School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.
- Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.
- Developing strategies and implementing public health protocols for the reopening and operation of school facilities.
- Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Please note: "Developing strategies and implementing public health protocols for the reopening and operation of school facilities," identified as an allowable use under ESSER III in the American Rescue Plan, is also permissible under ESSER II.

Plan for ESSER II Direct District Allocation and KSDE Per-Student Additional Allocation (If Applicable)

Please summarize how the district proposes using its ESSER II direct district allocation (and its KSDE per-student additional allocation, if applicable) to address incremental COVID-19 needs.
Golden Plains has exciting plans to improve and expand our educational programs to address the COVID-19 needs of our students. We have scheduled a summer “boot camp” professional development with KS MTSS to provide training to all licensed staff and paraprofessionals. This training will encompass all MTSS strategies, most importantly, using data to drive decision making and address student needs. Included with this plan is the purchase of the Fastbridge screener, student intervention curriculum, and a social emotional curriculum.

Also in the plan is the purchase of online and hybrid textbooks as needed. This purchase will greatly mitigate the effects of future COVID-19 outbreaks for all students. Students will be provided continuous access to high-quality, standards-based curriculum regardless of attendance status. Remote learning will be easily facilitated with the new curriculum.

We also plan to add two new positions in the district to help students with learning loss, social emotional difficulties, and to mitigate future learning loss due to the COVID-19 pandemic.

Position one is for a math and reading interventionist team leader. This person will be responsible for student interventions and professional development to personnel providing interventions designed to address learning loss due to COVID-19 circumstances. Learning losses will be identified using Fastbridge data and corrected using the aforementioned intervention curricula.

Position two is for a Student Advocate Coordinator. This position will be responsible for developing and implementing a program to provide resources and strategies to students and families dealing with aspects of social emotional stress and the issues that coincide with that stress. Student counseling services, coordinating local professional resources with students/families in need, and peer mentoring are examples of strategies to be implemented. Resources/strategies from the Northwest Kansas Educational Service Center’s Project EVERS will also be implemented through this position.

How will the district determine the impact of its ESSER II direct district allocation expenditures (and additional per-student allocation, if applicable) on students?

We will use data collected from assessments such as Fastbridge, ACT, KS Assessments, and student grades to determine the academic impact of our ESSER II allocation. We will use data from new and existing parent, student, and teacher surveys, in addition to student office referrals to determine the impact on students and families regarding social emotional concerns and improvement.

Notes on ESSER II application Excel template:

- Plans and budgets should be submitted for at least a 12 month period but do not need to account for the full duration of the program or the full allocation amount. Funds will remain accessible to the LEA until September 30, 2023 and there will be additional opportunities to submit further requests/plans in the future.
- Following ESSER II application approval and initiation of funds draw down, districts will be required to report to the Commissioner’s Task Force on ESSER II expenditures and impact on a monthly basis throughout the program. This ESSER II reporting will be required as a part of regular ESSER program reporting, which will capture past expenditures across funding streams (ESSER I, ESSER I SPED, ESSER II, ESSER II SPED, ESSER II KSDE Per Student Allocation). Districts may be asked to provide expenditures by fund, function, object, account, and ESSER II allowable use as part of ongoing ESSER reporting.
- This reporting will not replace any reporting required by the federal government. KSDE will work to maximize compatibility between its reporting requirements and those of the federal government as much as possible to minimize burden on districts.

Please download and complete the ESSER II application template here to provide details on ESSER II budgeted expenditures across allowable uses and KSDE accounting codes.
Local Education Agency (LEA) Assurances

Section I. General Grant Assurances for Federal Funds

Throughout the period of the grant award, the LEA will comply with all requirements of:

The LEA will make a good faith effort, on a continuing basis, to maintain a drug-free workplace, in accordance with the measures in 34 CFR Part 84, Subpart B and the Drug-Free Workplace Act of 1988;

The Education Department General Administrative Regulations (EDGAR) 34 CFR 76 requirements, including:

34 CFR §76.500(a) Federal statutes and regulations on nondiscrimination.

(a) A State and a subgrantee shall comply with the following statutes and regulations:

- Discrimination on the basis of age | The Age Discrimination Act (42 U.S.C. 6101 et seq.) | 34 CFR part 110.

(b) A State or subgrantee that is a covered entity as defined in §108.3 of this title shall comply with the nondiscrimination requirements of the Boy Scouts of America Equal Access Act, 20 U.S.C. 7905, 34 CFR part 108.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.650 Private schools; purpose of §§76.651-76.662.

(a) Under some programs, the authorizing statute requires that a State and its subgrantees provide for participation by students enrolled in private schools. Sections 76.651-76.662 apply to those programs and provide rules for that participation. These sections do not affect the authority of the State or a subgrantee to enter into a contract with a private party.

(b) If any other rules for participation of students enrolled in private schools apply under a particular program, they are in the authorizing statute or implementing regulations for that program.

(Authority: 20 U.S.C. 1221e-3 and 3474)

34 CFR §76.700 Compliance with statutes, regulations, State plan, and applications.

A State and a subgrantee shall comply with the State plan and applicable statutes, regulations, and approved applications, and shall use Federal funds in accordance with those statutes, regulations, plan, and applications.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.701 The State or subgrantee administers or supervises each project.

A State or a subgrantee shall directly administer or supervise the administration of each project.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.702 Fiscal control and fund accounting procedures.

A State and a subgrantee shall use fiscal control and fund accounting procedures that insure proper disbursement of and accounting for Federal funds.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.709 Funds may be obligated during a “carryover period.”

(a) If a State or a subgrantee does not obligate all of its grant or subgrant funds by the end of the fiscal year for which Congress appropriated the funds, it may obligate the remaining funds during a carryover period of one additional fiscal year.

(b) The State shall return to the Federal Government any carryover funds not obligated by the end of the carryover period by the State and its subgrantees.

(Authority: U.S.C. 1221e-3, 1225(b), and 3474)

34 CFR §76.722 Subgrantee reporting requirements.

A State may require a subgrantee to submit reports in a manner and format that assists the State in complying with the requirements under 34 CFR 76.720 and in carrying out other responsibilities under the program.

(Authority: 20 U.S.C. 1221e-3, 1231a, and 3474)

[72 FR 3703, Jan. 25, 2007]
34 CFR §76.730 Records related to grant funds.
A State and a subgrantee shall keep records that fully show:
(a) The amount of funds under the grant or subgrant;
(b) How the State or subgrantee uses the funds;
(c) The total cost of the project;
(d) The share of that cost provided from other sources; and
(e) Other records to facilitate an effective audit.
(Approved by the Office of Management and Budget under control number 1880-0513)
(Authority: 20 U.S.C. 1232f)

34 CFR §76.731 Records related to compliance.
A State and a subgrantee shall keep records to show its compliance with program requirements.
(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))
The Uniform Grant Guidance, 2 CFR 200 all applicable subrecipient requirements, including but not limited to:
2 CFR Subpart D – Post Federal Award Requirements
§200.302 Financial management.
§200.303 Internal controls.
§200.305 Payment.
§200.313 Equipment.
§200.314 Supplies.
§200.318 General procurement standards.
§200.320 Methods of procurement to be followed;
2 CFR 200 Subpart E: Cost Principles:
§200.403 Factors affecting allowability of costs.
§200.404 Reasonable costs.
§200.405 Allocable costs.
§200.413 Direct costs.
§200.415 Required certifications.
§200.430 Compensation—personal services.
The Debarment and Suspension, 34 CFR Part 85, Section 85.510, Participants’ Responsibilities and makes the following
certification by signing this application:
The prospective lower-tier participant certifies, by submission of this proposal, that neither it nor its principals is presently
debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this
transaction by any federal department or agency.
Where the prospective lower-tier participant is unable to certify to any of the statements in this certification, such prospective
participant shall attach an explanation to this proposal.
This certification is a material representation of fact upon which reliance was placed when this transaction was made or
entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section
1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than
$10,000 for such failure.

Section II. Specific Elementary and Secondary School
Emergency Relief (ESSER) Grant Assurances

The LEA assures that funds shall only be used for any of the following:
- Any activity authorized by the ESEA of 1965, including the Native Hawaiian Education Act and the Alaska Native Educational
  Equity, Support, and Assistance Act (20 U.S.C. 6301 et seq.), the Individuals with Disabilities Education Act (20 U.S.C. 1400 et
  seq.) ("IDEA"), the Adult Education and Family Literacy Act (20 U.S.C. 1400 et seq.), the Carl D. Perkins Career and Technical
  Education Act of 2006 (20 U.S.C. 2301 et seq.) ("the Perkins Act"), or subtitle B of title VII of the McKinney-Vento Homeless
  Assistance Act (42 U.S.C. 11431 et seq.).
- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial
  public health departments, and other relevant agencies, to improve coordinated responses among such entities to
prevent, prepare for, and respond to coronavirus.

- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.
- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.
- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.
- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.
- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.
- Planning for and coordinating during long-term closures, including for how to provide meals to eligible students, how to provide technology for online learning to all students, how to provide guidance for carrying out requirements under the Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.) and how to ensure other educational services can continue to be provided consistent with all Federal, State, and local requirements.
- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and students with disabilities, which may include assistive technology or adaptive equipment.
- Providing mental health services and supports.
- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low income students, students with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.
- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students' academic progress and assist educators in meeting students' academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.
- School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.
- Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.
- Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Throughout the period of the grant award, the LEA shall comply with all applicable requirements of the Elementary and Secondary School Emergency Relief (ESSER) authorized by the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSAA), including:

CONTINUED PAYMENT TO EMPLOYEES
SEC. 18006. A local educational agency, State, institution of higher education, or other entity that receives funds under “Education Stabilization Fund”, shall to the greatest extent practicable, continue to pay its employees and contractors during the period of any disruptions or closures related to coronavirus.

Certification

To the best of my knowledge and belief, all the information and data in this agreement are true and correct. I acknowledge and agree that the failure to comply with all Assurances and Certifications in this Agreement, all relevant provisions and requirements of the CARES Act, Pub. L. No. 116-136 (March 27, 2020), or any other applicable law or regulation may result in
liability under the False Claims Act, 31 U.S.C. § 3729, et seq.; OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485; and 18 USC § 1001, as appropriate.

Please briefly describe the impacts of COVID-19 on the district and its Pre-K through 12 students, including any relevant data where possible (e.g., cost impact, learning loss, emotional impact on students). If there has been a disproportionate impact on a special population in the district (e.g., students with disabilities, English Learners, students in foster care, students in poverty, etc.), please describe the impact and provide the number of Pre-K through 12 students in that population.
Students' social and emotional states have suffered due to hybrid, wearing masks, using desk shields, and cohorting. Current 1st grade students missed a quarter of their foundational learning in reading and number sense in Kindergarten. 42% of 1st grade students had no risk in FASTbridge in the fall and that fell to only 30% in the Winter. Because of the lost learning, students are not able to typically progress. Some of our most needy families continue to struggle with accessing community resources and mental health support. High school students' feeling of isolation has increased, creating a need for positive peer interactions.

Does the district have remaining ESSER I funding that it has not yet spent as of the date of ESSER II application submission? | Yes

Please summarize how the district will use its remaining ESSER I and ESSER I SPED funding and what it hopes to accomplish with these funds.

Remaining funds are encumbered but not paid out as of this date. Funding is for air filtration, PPE, sanitizing and cleaning supplies. ($1259.71)

Please review the following allowable uses of ESSER II funds before completing the narrative and Excel template portion of the application.

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.
- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.
- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.
- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.
- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.
- Planning for, coordinating, and implementing activities during long-term closures, including providing meals to eligible students, providing technology for online learning to all students, providing guidance for carrying out requirements under the IDEA and ensuring other educational services can continue to be provided consistent with all Federal, State, and local requirements.
- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and children with disabilities, which may include assistive technology or adaptive equipment.
- Providing mental health services and supports.
- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low-income students, children with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.
Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by—(A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students' academic progress and assist educators in meeting students' academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.

- School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.
- Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.
- Developing strategies and implementing public health protocols for the reopening and operation of school facilities.
- Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Please note: "Developing strategies and implementing public health protocols for the reopening and operation of school facilities," identified as an allowable use under ESSER III in the American Rescue Plan, is also permissible under ESSER II.

Plan for ESSER II Direct District Allocation and KSDE Per-Student Additional Allocation (If Applicable)

Please summarize how the district proposes using its ESSER II direct district allocation (and its KSDE per-student additional allocation, if applicable) to address incremental COVID-19 needs.

Summer learning will be offered to those elementary students who are most at risk of continuing to fall behind reading and math expectations. Summer learning for our Kindergarten through 2nd grade students will focus on foundational reading skills such as phonemic awareness, phonological awareness, phonics, and fluency. Students in grade 3 through 5 will focus on fluency and comprehension reading skills as well as basic math skills necessary for progression to the upper grades. We will utilize approximately 16 staff to serve about 100 students in our elementary summer academy. Our middle school summer academy will provide learning opportunities based on the KSDE's competencies and provide a structure for social emotional learning. 7 staff will service approximately 60 students at our middle school. Our high school summer learning academy will provide experiences for students who need additional social emotional support. The high school summer academy will employ 3 teachers to serve about 40 students who need additional academic, postsecondary success, and emotional support. 2 ESOL certified teachers and one ESOL paraprofessional will support 10 students with limited English proficiency. All summer academies will run for 15 days with 4 hours/day of instruction. We will also use funds for air filtration, PPE, sanitizing, and cleaning supplies. Additional CNA staff will remain with the district to assist our nursing staff to meet the health needs of our students. An additional bus driver will remain on staff to provide transportation for our at risk students who live in city limits, but struggle to get to school. Funding will provide instructional support to our middle school teachers to help address the learning loss through an MTSS facilitator. An additional counselor at the high school will provide mental and social support.

How will the district determine the impact of its ESSER II direct district allocation expenditures (and additional per-student allocation, if applicable) on students?

Reading and aMath scores should improve and progress monitoring will be used for our early reading students. We should see students' scores improve with their attendance in our summer learning program. More families will utilize the mental health and community resources available to them. MTSS will be implemented with fidelity and instructional support will be in place at Wamego Middle School. Sanitation and cleaning will continue to be provided so that our students and staff can stay healthy. High school students mental, social, and emotional needs will be met more effectively. Interim assessment scores will improve over time.

Notes on ESSER II application Excel template:
- Plans and budgets should be submitted for at least a 12 month period but do not need to account for the full duration of the program or the full allocation amount. Funds will remain accessible to the LEA until September 30, 2023 and there will be additional opportunities to submit further requests/plans in the future.
- Following ESSER II application approval and initiation of funds draw down, districts will be required to report to the Commissioner’s Task Force on ESSER II expenditures and impact on a monthly basis throughout the program. This ESSER II reporting will be required as a part of regular ESSER program reporting, which will capture past expenditures across funding streams (ESSER I, ESSER I SPED, ESSER II, ESSER II SPED, ESSER II KSDE Per Student Allocation). Districts may be asked to provide expenditures by fund, function, object, account, and ESSER II allowable use as part of ongoing ESSER reporting.
- This reporting will not replace any reporting required by the federal government. KSDE will work to maximize compatibility between its reporting requirements and those of the federal government as much as possible to minimize burden on districts.

Please download and complete the ESSER II application template [here](#) to provide details on ESSER II budgeted expenditures across allowable uses and KSDE accounting codes.

### Local Education Agency (LEA) Assurances

#### Section I. General Grant Assurances for Federal Funds

Throughout the period of the grant award, the LEA will comply with all requirements of:

The LEA will make a good faith effort, on a continuing basis, to maintain a drug-free workplace, in accordance with the measures in 34 CFR Part 84, Subpart B and the Drug-Free Workplace Act of 1988;
The Education Department General Administrative Regulations (EDGAR) 34 CFR 76 requirements, including:
34 CFR §76.500(a) Federal statutes and regulations on nondiscrimination.
(a) A State and a subgrantee shall comply with the following statutes and regulations:
- Discrimination on the basis of age | The Age Discrimination Act (42 U.S.C. 6101 et seq.) | 34 CFR part 110.

(b) A State or subgrantee that is a covered entity as defined in §108.3 of this title shall comply with the nondiscrimination requirements of the Boy Scouts of America Equal Access Act, 20 U.S.C. 7905, 34 CFR part 108.
(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))
34 CFR §76.650 Private schools; purpose of §§76.651-76.662.
(a) Under some programs, the authorizing statute requires that a State and its subgrantees provide for participation by students enrolled in private schools. Sections 76.651-76.662 apply to those programs and provide rules for that participation. These sections do not affect the authority of the State or a subgrantee to enter into a contract with a private party.
(b) If any other rules for participation of students enrolled in private schools apply under a particular program, they are in the authorizing statute or implementing regulations for that program.
(Authority: 20 U.S.C. 1221e-3 and 3474)
34 CFR §76.700 Compliance with statutes, regulations, State plan, and applications.
A State and a subgrantee shall comply with the State plan and applicable statutes, regulations, and approved applications, and
shall use Federal funds in accordance with those statutes, regulations, plan, and applications.
(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR § 76.701 The State or subgrantee administers or supervises each project.
A State or a subgrantee shall directly administer or supervise the administration of each project.
(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR § 76.702 Fiscal control and fund accounting procedures.
A State and a subgrantee shall use fiscal control and fund accounting procedures that insure proper disbursement of and accounting for Federal funds.
(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR § 76.709 Funds may be obligated during a “carryover period.”
(a) If a State or a subgrantee does not obligate all of its grant or subgrant funds by the end of the fiscal year for which Congress appropriated the funds, it may obligate the remaining funds during a carryover period of one additional fiscal year.
(b) The State shall return to the Federal Government any carryover funds not obligated by the end of the carryover period by the State and its subgrantees.
(Authority: U.S.C. 1221e-3, 1225(b), and 3474)

34 CFR § 76.722 Subgrantee reporting requirements.
A State may require a subgrantee to submit reports in a manner and format that assists the State in complying with the requirements under 34 CFR 76.720 and in carrying out other responsibilities under the program.
(Authority: 20 U.S.C. 1221e-3, 1231a, and 3474)

[72 FR 3703, Jan. 25, 2007]

34 CFR § 76.730 Records related to grant funds.
A State and a subgrantee shall keep records that fully show:
(a) The amount of funds under the grant or subgrant;
(b) How the State or subgrantee uses the funds;
(c) The total cost of the project;
(d) The share of that cost provided from other sources; and
(e) Other records to facilitate an effective audit.
(Approved by the Office of Management and Budget under control number 1880-0513)
(Authority: 20 U.S.C. 1232f)

34 CFR § 76.731 Records related to compliance.
A State and a subgrantee shall keep records to show its compliance with program requirements.
(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))
The Uniform Grant Guidance, 2 CFR § 200 all applicable subrecipient requirements, including but not limited to:
2 CFR Subpart D – Post Federal Award Requirements
$200.302 Financial management.
$200.303 Internal controls.
$200.305 Payment.
$200.313 Equipment.
$200.314 Supplies.
$200.318 General procurement standards.
$200.320 Methods of procurement to be followed;
2 CFR 200 Subpart E: Cost Principles:
$200.403 Factors affecting allowability of costs.
$200.404 Reasonable costs.
$200.405 Allocable costs.
$200.413 Direct costs.
$200.415 Required certifications.
$200.430 Compensation—personal services.
The Debarment and Suspension, 34 CFR Part 85, Section 85.510, Participants’ Responsibilities and makes the following certification by signing this application:
The prospective lower-tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.

Where the prospective lower-tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 for such failure.

Section II. Specific Elementary and Secondary School Emergency Relief (ESSER) Grant Assurances

The LEA assures that funds shall only be used for any of the following:

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.
- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.
- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.
- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.
- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.
- Planning for and coordinating during long-term closures, including for how to provide meals to eligible students, how to provide technology for online learning to all students, how to provide guidance for carrying out requirements under the Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.) and how to ensure other educational services can continue to be provided consistent with all Federal, State, and local requirements.
- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and students with disabilities, which may include assistive technology or adaptive equipment.
- Providing mental health services and supports.
- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low income students, students with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.
- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by—(A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing
information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.

- School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.
- Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.
- Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Throughout the period of the grant award, the LEA shall comply with all applicable requirements of the Elementary and Secondary School Emergency Relief (ESSER) authorized by the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSAA), including:

CONTINUED PAYMENT TO EMPLOYEES
SEC. 18006. A local educational agency, State, institution of higher education, or other entity that receives funds under "Education Stabilization Fund", shall to the greatest extent practicable, continue to pay its employees and contractors during the period of any disruptions or closures related to coronavirus.

Certification

To the best of my knowledge and belief, all the information and data in this agreement are true and correct. I acknowledge and agree that the failure to comply with all Assurances and Certifications in this Agreement, all relevant provisions and requirements of the CARES Act, Pub. L. No. 116-136 (March 27, 2020), or any other applicable law or regulation may result in liability under the False Claims Act, 31 U.S.C. § 3729, et seq.; OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485; and 18 USC § 1001, as appropriate.

Application details

Full District Name

Rock Creek

District Number

323
The mission of USD 323 Rock Creek has been negatively impacted during both the 2019-2020 and 2020-2021 School years. The abrupt cancellation of classes and the move to our “Continuous Learning” format in March 2020 slowed or stopped the academic growth of many of our most at-risk students, 564 of our 1150 students meet one or more of the at-risk criteria. The choice of a "remote" learning option, and the disruptions caused by student and staff quarantines, further advanced learning loss, especially for the at-risk children. In addition to learning remotely; our in-person learners and staff had to communicate while having their faces covered. We also took time hourly to wash or sanitize our hands and cleaning frequently touched surfaces, taking even more time away from the teaching/learning process. In both school years, the educational environment was not ideal and teachers could not be as effective as they have been in previous years in educating our children.

Please briefly describe the impacts of COVID-19 on the district and its Pre-K through 12 students, including any relevant data where possible (e.g., cost impact, learning loss, emotional impact on students). If there has been a disproportionate impact on a special population in the district (e.g., students with disabilities, English Learners, students in foster care, students in poverty, etc.), please describe the impact and provide the number of Pre-K through 12 students in that population.

Does the district have remaining ESSER I funding that it has not yet spent as of the date of ESSER II application submission? Yes

Please summarize how the district will use its remaining ESSER I and ESSER I SPED funding and what it hopes to accomplish with these funds.

ESSER I Sped funding was used for extra duty pay for both certified professionals and paraprofessionals because of the extra duties caused by the Covid 19 Pandemic in the 2020-21 school year. The extra duty pay for certified professionals covered the additional time required for new duties with writing Remote Learning Plans (RLP) to provide compliant IEPs for remote/hybrid learning and implementation. This work included writing the RLPs, communicating with the team, communicating with parents/guardians, scheduling meetings, attending IEP amendment meetings, sending out letters,
implementing the RLP, implementing remote/hybrid learning, modified quarantines, RLP services documentation, etc. The extra duty pay for paraprofessionals included new duties with serving more students in groups than typical because of limited grouping options due to C-19 exposure, increased instructional duties, cleaning/sanitizing of materials and surfaces between groups, supporting students in remote learning and modified quarantines, and para workload increase due to covering absences of other paras with Covid positive test or exposure.

**Please review the following allowable uses of ESSER II funds before completing the narrative and Excel template portion of the application.**

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.
- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.
- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.
- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.
- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.
- Planning for, coordinating, and implementing activities during long-term closures, including providing meals to eligible students, providing technology for online learning to all students, providing guidance for carrying out requirements under the IDEA and ensuring other educational services can continue to be provided consistent with all Federal, State, and local requirements.
- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and children with disabilities, which may include assistive technology or adaptive equipment.
- Providing mental health services and supports.
- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low-income students, children with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.
- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.
- School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.
- Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.
• Developing strategies and implementing public health protocols for the reopening and operation of school facilities.
• Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Please note: "Developing strategies and implementing public health protocols for the reopening and operation of school facilities," identified as an allowable use under ESSER III in the American Rescue Plan, is also permissible under ESSER II.

Plan for ESSER II Direct District Allocation and KSDE Per-Student Additional Allocation (If Applicable)

Please summarize how the district proposes using its ESSER II direct district allocation (and its KSDE per-student additional allocation, if applicable) to address incremental COVID-19 needs.

USD 323 has already used some ESSER 2 funds to:
Provide wellness/temperature checks when students & staff enter the building,
Subscribe to learning links (software and on-line programming) when students chose remote or when they were quarantined, and
Hire licensed staff to direct and monitor “remote” learners.
USD 323 will use ESSER 2 funds to:
Offer a meaningful and focused summer school opportunity for our most at-risk students,
Present targeted professional development opportunities for our faculty on trauma, specifically related to trauma experienced during the Covid pandemic,
Extend learning opportunities beyond the regular school day, and
Supply teachers with additional resources: i.e. hands-on, software, and workbook based to help with learning loss during the pandemic.

How will the district determine the impact of its ESSER II direct district allocation expenditures (and additional per-student allocation, if applicable) on students?

USD 323 Rock Creek will/has look(ed) at:
Our student growth on: State Assessments, Nationally Normed Assessment (FastBridge), and Classroom Assessments.
Our student attendance rate should improve; we will not have remote learners, quarantines will lessen, and our in-person student numbers will increase as students return from other non-USD 323 virtual and homeschool options, and
We have already seen a drop in the number of lost student days resulting from fewer quarantines, due to lessening Covid exposure and good hygiene through wellness/temperature checks.

Notes on ESSER II application Excel template:

• Plans and budgets should be submitted for at least a 12 month period but do not need to account for the full duration of the program or the full allocation amount. Funds will remain accessible to the LEA until September 30, 2023 and there will be additional opportunities to submit further requests/plans in the future.
• Following ESSER II application approval and initiation of funds draw down, districts will be required to report to the Commissioner's Task Force on ESSER II expenditures and impact on a monthly basis throughout the program. This ESSER II reporting will be required as a part of regular ESSER program reporting, which will capture past expenditures across funding streams (ESSER I, ESSER I SPED, ESSER II, ESSER II SPED, ESSER II KSDE Per Student Allocation). Districts may be asked to provide expenditures by fund, function, object, account, and ESSER II allowable use as part of ongoing ESSER reporting.
• This reporting will not replace any reporting required by the federal government. KSDE will work to maximize compatibility between its reporting requirements and those of the federal government as much as possible to minimize burden on districts.

Please download and complete the ESSER II application template here to provide details on ESSER II budgeted expenditures across allowable uses and KSDE accounting codes.
Local Education Agency (LEA) Assurances

Section I. General Grant Assurances for Federal Funds

Throughout the period of the grant award, the LEA will comply with all requirements of:

The LEA will make a good faith effort, on a continuing basis, to maintain a drug-free workplace, in accordance with the measures in 34 CFR Part 84, Subpart B and the Drug-Free Workplace Act of 1988;

The Education Department General Administrative Regulations (EDGAR) 34 CFR 76 requirements, including:

34 CFR §76.500(a) Federal statutes and regulations on nondiscrimination.

(a) A State and a subgrantee shall comply with the following statutes and regulations:

- Discrimination on the basis of age | The Age Discrimination Act (42 U.S.C. 6101 et seq.) | 34 CFR part 110.

(b) A State or subgrantee that is a covered entity as defined in §108.3 of this title shall comply with the nondiscrimination requirements of the Boy Scouts of America Equal Access Act, 20 U.S.C. 7905, 34 CFR part 108.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.650 Private schools; purpose of §§76.651-76.662.

(a) Under some programs, the authorizing statute requires that a State and its subgrantees provide for participation by students enrolled in private schools. Sections 76.651-76.662 apply to those programs and provide rules for that participation. These sections do not affect the authority of the State or a subgrantee to enter into a contract with a private party.

(b) If any other rules for participation of students enrolled in private schools apply under a particular program, they are in the authorizing statute or implementing regulations for that program.

(Authority: 20 U.S.C. 1221e-3 and 3474)

34 CFR §76.700 Compliance with statutes, regulations, State plan, and applications.

A State and a subgrantee shall comply with the State plan and applicable statutes, regulations, and approved applications, and shall use Federal funds in accordance with those statutes, regulations, plan, and applications.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.701 The State or subgrantee administers or supervises each project.

A State or a subgrantee shall directly administer or supervise the administration of each project.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.702 Fiscal control and fund accounting procedures.

A State and a subgrantee shall use fiscal control and fund accounting procedures that insure proper disbursement of and accounting for Federal funds.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.709 Funds may be obligated during a “carryover period.”

(a) If a State or a subgrantee does not obligate all of its grant or subgrant funds by the end of the fiscal year for which Congress appropriated the funds, it may obligate the remaining funds during a carryover period of one additional fiscal year.

(b) The State shall return to the Federal Government any carryover funds not obligated by the end of the carryover period by the State and its subgrantees.

(Authority: U.S.C. 1221e-3, 1225(b), and 3474)

Section II. Specific Elementary and Secondary School Emergency Relief (ESSER) Grant Assurances

The LEA assures that funds shall only be used for any of the following:

- Any activity authorized by the ESEA of 1965, including the Native Hawaiian Education Act and the Alaska Native Educational Equity, Support, and Assistance Act (20 U.S.C. 6301 et seq.), the Individuals with Disabilities Education Act (20 U.S.C. 1400 et

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.
- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.
- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.
- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.
- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.
- Planning for and coordinating during long-term closures, including for how to provide meals to eligible students, how to provide technology for online learning to all students, how to provide guidance for carrying out requirements under the Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.) and how to ensure other educational services can continue to be provided consistent with all Federal, State, and local requirements.
- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and students with disabilities, which may include assistive technology or adaptive equipment.
- Providing mental health services and supports.
- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low income students, students with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.
- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by—(A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students' academic progress and assist educators in meeting students' academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.
- School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.
- Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.
- Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Throughout the period of the grant award, the LEA shall comply with all applicable requirements of the Elementary and Secondary School Emergency Relief (ESSER) authorized by the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSAA), including:

CONTINUED PAYMENT TO EMPLOYEES

SEC. 18006. A local educational agency, State, institution of higher education, or other entity that receives funds under “Education Stabilization Fund”, shall to the greatest extent practicable, continue to pay its employees and contractors during the period of any disruptions or closures related to coronavirus.
Certification

To the best of my knowledge and belief, all the information and data in this agreement are true and correct. I acknowledge and agree that the failure to comply with all Assurances and Certifications in this Agreement, all relevant provisions and requirements of the CARES Act, Pub. L. No. 116-136 (March 27, 2020), or any other applicable law or regulation may result in liability under the False Claims Act, 31 U.S.C. § 3729, et seq.; OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485; and 18 USC § 1001, as appropriate.

Applicant / Federal EIN (if applicable) | 48-0698617
Fiscal Agent / Name (if applicable) | Stacy Webster
Fiscal Agent / Email (if applicable) | stacy.webster@usd332.com
Please briefly describe the impacts of COVID-19 on the district and its Pre-K through 12 students, including any relevant data where possible (e.g., cost impact, learning loss, emotional impact on students). If there has been a disproportionate impact on a special population in the district (e.g., students with disabilities, English Learners, students in foster care, students in poverty, etc.), please describe the impact and provide the number of Pre-K through 12 students in that population.

Due to the rural demographics of our district, many students had issues with accessing the digital resources that we offered during remote learning. Several students did not complete work and their grades suffered because of this issue. Some students had to be brought in to school for one-on-one learning to address missing assignments and learning loss while their peers were in remote learning due to their failure to be able to access the internet or to turn in assignments because of poor parental support. Several students missed speech services, para, or resource support because they did not have internet access or parental support.

Does the district have remaining ESSER II funding that it has not yet spent as of the date of ESSER II application submission?

No

Please review the following allowable uses of ESSER II funds before completing the narrative and Excel template portion of the application.

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.
- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.
- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.
- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.
- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.
- Planning for, coordinating, and implementing activities during long-term closures, including providing meals to eligible students, providing technology for online learning to all students, providing guidance for carrying out requirements under the IDEA and ensuring other educational services can continue to be provided consistent with all Federal, State, and local requirements.
- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and children with disabilities, which may include assistive technology or adaptive equipment.
- Providing mental health services and supports.
- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low-income students, children with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.
- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by—(A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students' academic progress and assist educators in meeting students' academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.
- School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.
- Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.
- Developing strategies and implementing public health protocols for the reopening and operation of school facilities.
- Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Please note: "Developing strategies and implementing public health protocols for the reopening and operation of school facilities," identified as an allowable use under ESSER III in the American Rescue Plan, is also permissible under ESSER II.

Plan for ESSER II Direct District Allocation and KSDE Per-Student Additional Allocation (If Applicable)

Please summarize how the district proposes using its ESSER II direct district allocation (and its KSDE per-student additional allocation, if applicable) to address incremental COVID-19 needs.
The district will offer a Jump Start summer program for grades K-8 in order to address deficiencies in reading and math. The funds will be used to pay teacher salaries for 2 weeks 4hrs/day for 5 days/week during summer 2021 and summer 2022 and new MobyMax curriculum which can be accessed from school or home. For Grades 9-12 summer credit recovery will be offered. We would like to improve Wi-Fi performance by putting in additional wireless access points throughout all buildings. We will purchase 100 student chrome book laptops for grades 6th - 12th to improve distance learning and access. Our district will update HVAC systems in our K-2 classrooms in order to improve filtration and air quality.

How will the district determine the impact of its ESSER II direct district allocation expenditures (and additional per-student allocation, if applicable) on students?

Jump Start students will take pre- and post-assessments to show impact. Our connectivity will improve within the individual classrooms by adding wireless access points. This would help rural students during instances of remote learning because they would be able to access the broadband from outside of the building if they are not able to access the internet at home. We will provide devices to 100% of our secondary students. The HVAC improvements will help to improve student health and attendance. Our SIS will be used to track attendance records for comparison.

Notes on ESSER II application Excel template:

- Plans and budgets should be submitted for at least a 12 month period but do not need to account for the full duration of the program or the full allocation amount. Funds will remain accessible to the LEA until September 30, 2023 and there will be additional opportunities to submit further requests/plans in the future.
- Following ESSER II application approval and initiation of funds draw down, districts will be required to report to the Commissioner's Task Force on ESSER II expenditures and impact on a monthly basis throughout the program. This ESSER II reporting will be required as a part of regular ESSER program reporting, which will capture past expenditures across funding streams (ESSER I, ESSER I SPED, ESSER II, ESSER II SPED, ESSER II KSDE Per Student Allocation). Districts may be asked to provide expenditures by fund, function, object, account, and ESSER II allowable use as part of ongoing ESSER reporting.
- This reporting will not replace any reporting required by the federal government. KSDE will work to maximize compatibility between its reporting requirements and those of the federal government as much as possible to minimize burden on districts.

Please download and complete the ESSER II application template [here](http://example.com) to provide details on ESSER II budgeted expenditures across allowable uses and KSDE accounting codes.

Local Education Agency (LEA) Assurances

Section I. General Grant Assurances for Federal Funds

Throughout the period of the grant award, the LEA will comply with all requirements of:

The LEA will make a good faith effort, on a continuing basis, to maintain a drug-free workplace, in accordance with the measures in 34 CFR Part 84, Subpart B and the Drug-Free Workplace Act of 1988;

The Education Department General Administrative Regulations (EDGAR) 34 CFR 76 requirements, including:

34 CFR §76.500(a) Federal statutes and regulations on nondiscrimination.

(a) A State and a subgrantee shall comply with the following statutes and regulations:

Discrimination on the basis of age | The Age Discrimination Act (42 U.S.C. 6101 et seq.) | 34 CFR part 110.

(b) A State or subgrantee that is a covered entity as defined in §108.3 of this title shall comply with the nondiscrimination requirements of the Boy Scouts of America Equal Access Act, 20 U.S.C. 7905, 34 CFR part 108.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.650 Private schools; purpose of §§76.651-76.662.

(a) Under some programs, the authorizing statute requires that a State and its subgrantees provide for participation by students enrolled in private schools. Sections 76.651-76.662 apply to those programs and provide rules for that participation. These sections do not affect the authority of the State or a subgrantee to enter into a contract with a private party.

(b) If any other rules for participation of students enrolled in private schools apply under a particular program, they are in the authorizing statute or implementing regulations for that program.

(Authority: 20 U.S.C. 1221e-3 and 3474)

34 CFR §76.700 Compliance with statutes, regulations, State plan, and applications.

A State and a subgrantee shall comply with the State plan and applicable statutes, regulations, and approved applications, and shall use Federal funds in accordance with those statutes, regulations, plan, and applications.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.701 The State or subgrantee administers or supervises each project.

A State or a subgrantee shall directly administer or supervise the administration of each project.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.702 Fiscal control and fund accounting procedures.

A State and a subgrantee shall use fiscal control and fund accounting procedures that insure proper disbursement of and accounting for Federal funds.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.709 Funds may be obligated during a “carryover period.”

(a) If a State or a subgrantee does not obligate all of its grant or subgrant funds by the end of the fiscal year for which Congress appropriated the funds, it may obligate the remaining funds during a carryover period of one additional fiscal year.

(b) The State shall return to the Federal Government any carryover funds not obligated by the end of the carryover period by the State and its subgrantees.

(Authority: U.S.C. 1221e-3, 1225(b), and 3474)

34 CFR §76.722 Subgrantee reporting requirements.

A State may require a subgrantee to submit reports in a manner and format that assists the State in complying with the requirements under 34 CFR 76.720 and in carrying out other responsibilities under the program.

(Authority: 20 U.S.C. 1221e-3, 1231a, and 3474)

[72 FR 3703, Jan. 25, 2007]

34 CFR §76.730 Records related to grant funds.

A State and a subgrantee shall keep records that fully show:

(a) The amount of funds under the grant or subgrant;

(b) How the State or subgrantee uses the funds;

(c) The total cost of the project;

(d) The share of that cost provided from other sources; and

(e) Other records to facilitate an effective audit.

(Approved by the Office of Management and Budget under control number 1880-0513)

(Authority: 20 U.S.C. 1232f)

34 CFR §76.731 Records related to compliance. A State and a subgrantee shall keep records to show its compliance with program requirements. (Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

The Uniform Grant Guidance, 2 CFR §200 all applicable subrecipient requirements, including but not limited to:

2 CFR Subpart D – Post Federal Award Requirements

§200.302 Financial management.
§200.303 Internal controls.
§200.305 Payment.
§200.313 Equipment.
§200.314 Supplies.
§200.318 General procurement standards.
§200.320 Methods of procurement to be followed;

2 CFR 200 Subpart E: Cost Principles:

§200.403 Factors affecting allowability of costs.
§200.404 Reasonable costs.
§200.405 Allocable costs.
§200.413 Direct costs.
§200.415 Required certifications.

§200.430 Compensation—personal services.

The Debarment and Suspension, 34 CFR Part 85, Section 85.510, Participants’ Responsibilities and makes the following certification by signing this application:

The prospective lower-tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.

Where the prospective lower-tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 for such failure.

Section II. Specific Elementary and Secondary School Emergency Relief (ESSER) Grant Assurances

The LEA assures that funds shall only be used for any of the following:

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.
- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.
- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.
- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.
Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.

Planning for and coordinating during long-term closures, including for how to provide meals to eligible students, how to provide technology for online learning to all students, how to provide guidance for carrying out requirements under the Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.) and how to ensure other educational services can continue to be provided consistent with all Federal, State, and local requirements.

Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and students with disabilities, which may include assistive technology or adaptive equipment.

Providing mental health services and supports.

Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low income students, students with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.

Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by—(A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.

School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.

Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.

Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Throughout the period of the grant award, the LEA shall comply with all applicable requirements of the Elementary and Secondary School Emergency Relief (ESSER) authorized by the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSAA), including:

CONTINUED PAYMENT TO EMPLOYEES

SEC. 18006. A local educational agency, State, institution of higher education, or other entity that receives funds under “Education Stabilization Fund”, shall to the greatest extent practicable, continue to pay its employees and contractors during the period of any disruptions or closures related to coronavirus.

Certification

To the best of my knowledge and belief, all the information and data in this agreement are true and correct. I acknowledge and agree that the failure to comply with all Assurances and Certifications in this Agreement, all relevant provisions and requirements of the CARES Act, Pub. L. No. 116-136 (March 27, 2020), or any other applicable law or regulation may result in liability under the False Claims Act, 31 U.S.C. § 3729, et seq.; OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485; and 18 USC § 1001, as appropriate.

Please briefly describe the impacts of COVID-19 on the district and its Pre-K through 12 students, including any relevant data where possible (e.g., cost impact, learning loss, emotional impact on students). If there has been a disproportionate impact on a special population in the district (e.g., students with disabilities, English Learners, students in foster care, students in poverty, etc.), please describe the impact and provide the number of Pre-K through 12 students in that population.

When the pandemic struck in March of 2020, our staff, families, and students were thrust into so much turmoil and uncertainty it is amazing we accomplished anything. We learned a lot about what we could expect from different ages and types of students. We were fortunate to remain in-person for most of the 2020-2021 school year, as long as we could keep staff healthy. We initially saw a lot of social emotional issues in the beginning of the school year and this will take some time to fully comprehend the damage created by the isolation that was caused from March until September. Districtwide we are showing loss in reading and have a few plans to help student make gains. The elementary needs some help with resources for Tier 2 and Tier 3 reading interventions. The MS and HS need someone to "push in" and sparingly "pull out" (much like Title services in our elementary school) to help deliver on demand tier 2 and tier 3 reading interventions. This person will also transition to help ELA teachers develop skills necessary to take over to help all students make the necessary gains to be able to keep up with peers. We have a Guatemalan population that would have been devastated had we not been in person in September. No special populations seem to have any extra issues and again, we are thankful we were able to be in-person.

Does the district have remaining ESSER I funding that it has not yet spent as of |
| Yes |
the date of ESSER II application submission?

Please summarize how the district will use its remaining ESSER I and ESSER I SPED funding and what it hopes to accomplish with these funds.

We will use these funds like we will use ESSER II funds. To help better our students due to issues caused by the pandemic and we will use them for supplies to help keep us in session and in-person.

Please review the following allowable uses of ESSER II funds before completing the narrative and Excel template portion of the application.

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.
- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.
- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.
- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.
- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.
- Planning for, coordinating, and implementing activities during long-term closures, including providing meals to eligible students, providing technology for online learning to all students, providing guidance for carrying out requirements under the IDEA and ensuring other educational services can continue to be provided consistent with all Federal, State, and local requirements.
- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and children with disabilities, which may include assistive technology or adaptive equipment.
- Providing mental health services and supports.
- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low-income students, children with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.
- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by—(A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.
- School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.
Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.

Developing strategies and implementing public health protocols for the reopening and operation of school facilities.

Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Please note: "Developing strategies and implementing public health protocols for the reopening and operation of school facilities," identified as an allowable use under ESSER III in the American Rescue Plan, is also permissible under ESSER II.

Plan for ESSER II Direct District Allocation and KSDE Per-Student Additional Allocation (If Applicable)

Please summarize how the district proposes using its ESSER II direct district allocation (and its KSDE per-student additional allocation, if applicable) to address incremental COVID-19 needs.

Our chart has details as well - We have identified through fastbridge testing from last year to this year that our number one issue, districtwide, is reading loss in many of our students. We have many student who require tier 2 and tier 3 reading interventions so we are asking for those resources upfront to start working on this now. The district just hired a curriculum director whose specialty is reading and the reading process and she is working after hours with us to look at data and our materials we have in place to assess what we have missing. We need resources Prek-5 and we need an interventionist (coach?) in the MS and HS to help retrain MS and HS staff on how to better help student with these skills. We are spending money on summer school for Grade K-12 to help kickstart this process as well. We have an aging HS facility that has an older HVAC system that is at end of life and a Capital Outlay budget that is not able to fix this all at once. We are charging 8 mills and receive 65% State Aid. We have been working with Trane the last three years to complete this in phases and we have unit ventilators we can not purchase parts for so ventilation in some areas has been sacrificed. We have work we can do this summer and add more to this to fix more areas. With Capital Outlay Being drained for HVAC, we also are requesting cleaning equipment and some fountain with bottle fillers so we can socially distance for the student who can not be vaccinated. We are also asking to be reimbursed for COVID leave like businesses were able to request. Again, the attachment has more details as well.

How will the district determine the impact of its ESSER II direct district allocation expenditures (and additional per-student allocation, if applicable) on students?

We will be able to assess our reading gains over the next three years with testing scores from Fastbridge as we have baseline data from 2020 and this school year and we can utilize other data points as well moving forward such as state assessments.

Notes on ESSER II application Excel template:

- Plans and budgets should be submitted for at least a 12 month period but do not need to account for the full duration of the program or the full allocation amount. Funds will remain accessible to the LEA until September 30, 2023 and there will be additional opportunities to submit further requests/plans in the future.

- Following ESSER II application approval and initiation of funds draw down, districts will be required to report to the Commissioner's Task Force on ESSER II expenditures and impact on a monthly basis throughout the program. This ESSER II reporting will be required as a part of regular ESSER program reporting, which will capture past expenditures across funding streams (ESSER I, ESSER I SPED, ESSER II, ESSER II SPED, ESSER II KSDE Per Student Allocation). Districts may be asked to provide expenditures by fund, function, object, account, and ESSER II allowable use as part of ongoing ESSER reporting.

- This reporting will not replace any reporting required by the federal government. KSDE will work to maximize compatibility between its reporting requirements and those of the federal government as much as possible to minimize burden on districts.
Please download and complete the ESSER II application template here to provide details on ESSER II budgeted expenditures across allowable uses and KSDE accounting codes.

ESSERII-Holton USD #336 A... (150 KiB download)

Local Education Agency (LEA) Assurances

Section I. General Grant Assurances for Federal Funds

Throughout the period of the grant award, the LEA will comply with all requirements of:

The LEA will make a good faith effort, on a continuing basis, to maintain a drug-free workplace, in accordance with the measures in 34 CFR Part 84, Subpart B and the Drug-Free Workplace Act of 1988;

The Education Department General Administrative Regulations (EDGAR) 34 CFR 76 requirements, including:

34 CFR §76.500(a) Federal statutes and regulations on nondiscrimination.

(a) A State and a subgrantee shall comply with the following statutes and regulations:

- Discrimination on the basis of age | The Age Discrimination Act (42 U.S.C. 6101 et seq.) | 34 CFR part 110.

(b) A State or subgrantee that is a covered entity as defined in §108.3 of this title shall comply with the nondiscrimination requirements of the Boy Scouts of America Equal Access Act, 20 U.S.C. 7905, 34 CFR part 108.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.650 Private schools; purpose of §§76.651-76.662.

(a) Under some programs, the authorizing statute requires that a State and its subgrantees provide for participation by students enrolled in private schools. Sections 76.651-76.662 apply to those programs and provide rules for that participation. These sections do not affect the authority of the State or a subgrantee to enter into a contract with a private party.

(b) If any other rules for participation of students enrolled in private schools apply under a particular program, they are in the authorizing statute or implementing regulations for that program.

(Authority: 20 U.S.C. 1221e-3 and 3474)

34 CFR §76.700 Compliance with statutes, regulations, State plan, and applications.

A State and a subgrantee shall comply with the State plan and applicable statutes, regulations, and approved applications, and shall use Federal funds in accordance with those statutes, regulations, plan, and applications.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.701 The State or subgrantee administers or supervises each project.

A State or a subgrantee shall directly administer or supervise the administration of each project.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.702 Fiscal control and fund accounting procedures.

A State and a subgrantee shall use fiscal control and fund accounting procedures that insure proper disbursement of and accounting for Federal funds.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.709 Funds may be obligated during a "carryover period."

(a) If a State or a subgrantee does not obligate all of its grant or subgrant funds by the end of the fiscal year for which Congress appropriated the funds, it may obligate the remaining funds during a carryover period of one additional fiscal year.

(b) The State shall return to the Federal Government any carryover funds not obligated by the end of the carryover period by the State and its subgrantees.

(Authority: U.S.C. 1221e-3, 1225(b), and 3474)
Section II. Specific Elementary and Secondary School Emergency Relief (ESSER) Grant Assurances

The LEA assures that funds shall only be used for any of the following:

Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.

Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.

Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.

Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.

Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.

Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.

Planning for and coordinating during long-term closures, including for how to provide meals to eligible students, how to provide technology for online learning to all students, how to provide guidance for carrying out requirements under the Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.) and how to ensure other educational services can continue to be provided consistent with all Federal, State, and local requirements.

Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and students with disabilities, which may include assistive technology or adaptive equipment.

Providing mental health services and supports.

Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low income students, students with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.

Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.

School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.

Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.

Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Throughout the period of the grant award, the LEA shall comply with all applicable requirements of the Elementary and Secondary School Emergency Relief (ESSER) authorized by the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSA), including:

CONTINUED PAYMENT TO EMPLOYEES

SEC. 18006. A local educational agency, State, institution of higher education, or other entity that receives funds under
“Education Stabilization Fund”, shall to the greatest extent practicable, continue to pay its employees and contractors during the period of any disruptions or closures related to coronavirus.

**Certification**

To the best of my knowledge and belief, all the information and data in this agreement are true and correct. I acknowledge and agree that the failure to comply with all Assurances and Certifications in this Agreement, all relevant provisions and requirements of the CARES Act, Pub. L. No. 116-136 (March 27, 2020), or any other applicable law or regulation may result in liability under the False Claims Act, 31 U.S.C. § 3729, et seq.; OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485; and 18 USC § 1001, as appropriate.

Please briefly describe the impacts of COVID-19 on the district and its Pre-K through 12 students, including any relevant data where possible (e.g., cost impact, learning loss, emotional impact on students). If there has been a disproportionate impact on a special population in the district (e.g., students with disabilities, English Learners, students in foster care, students in poverty, etc.), please describe the impact and provide the number of Pre-K through 12 students in that population.

USD #337 has been impacted by the pandemic by academic learning loss, we are also struggling to keep all of our 7-12 students engaged in the learning environment due to continuous learning and remote learning disruptions. We are seeing HS and MS failing courses at 2 to 3 times the usual rate. Our elementary school students have been on-site for a majority of the school year, but lost a nine-weeks of quality instruction last spring which has an impact on learning from a long-term perspective. In addition to learning loss from continuous learning, we have had teachers and students placed in quarantine that have disrupted learning for many students. We have tried to stay on top of social emotional factors for our students and staff, but our HS SAEBRS screener indicates that we have seen a sharp increase in at-risk students due to social emotional factors in grades 10, 11, and 12. As far as cost is concerned, we have funded a majority of our PPE, Covid supplies, and Covid protocols through SPARKS funds and ESSER I funds. A majority of our ongoing cost revolves around the need to reduce class sizes for social distancing this past year and providing additional academic support for students through summer learning opportunities and interventions for reading and math at the middle school and high school levels.

Does the district have remaining ESSER I funding that it has not yet spent as of the date of ESSER II application submission? | Yes

Please summarize how the district will use its remaining ESSER I and ESSER I SPED funding and what it hopes to accomplish with these funds.

We have spent the funds for ESSER I, but are not planning to draw the remaining balance down until May 7, 2021. The expenses that will be drawn down on May 7th are related to additional services that were provided during the school year to handle covid protocols.

Please review the following allowable uses of ESSER II funds before completing the narrative and Excel template portion of the application.

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.
- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.
- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.
- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.
- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.
- Planning for, coordinating, and implementing activities during long-term closures, including providing meals to eligible students, providing technology for online learning to all students, providing guidance for carrying out requirements under the IDEA and ensuring other educational services can continue to be provided consistent with all Federal, State, and local requirements.
- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and children with disabilities, which may include assistive technology or adaptive equipment.
- Providing mental health services and supports.
- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low-income students, children with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.
- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by—(A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.
- School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.
- Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.
- Developing strategies and implementing public health protocols for the reopening and operation of school facilities.
- Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Please note: “Developing strategies and implementing public health protocols for the reopening and operation of school facilities,” identified as an allowable use under ESSER III in the American Rescue Plan, is also permissible under ESSER II.

Plan for ESSER II Direct District Allocation and KSDE Per-Student Additional Allocation (If Applicable)

Please summarize how the district proposes using its ESSER II direct district allocation (and its KSDE per-student additional allocation, if applicable) to address incremental COVID-19 needs.

USD 337 proposes to use its ESSER II allocations to reimburse the district for the cost of adding a 5th section of 1st grade during the 2020-2021 school year. This section was added to allow for social distancing in the classroom due to the large number of students in this grade level. (90 students). Next, we would like to provide summer academic opportunities for our students in grades K-12. We plan to offer a 2 week STEM camp for students in grades k-5, academic support for at-risk students in grades 5-8 for 3 weeks, and a credit recovery program for students in grades 9-12 for three weeks. To continue our support for our 5-12 students, we are adding an MTSS interventionist and coordinator position that will help with screening, interventions, and training for other staff support team members to close achievement gaps caused by the disrupted learning environment during the pandemic.

How will the district determine the impact of its ESSER II direct district allocation expenditures (and additional per-student allocation, if applicable) on students?
We will continue to monitor our academic progress using MAP testing this year and we are switching to FastBridge for next year to screen students and monitor progress in reading and in math. We will also continue to monitor student grades, attendance, office discipline referrals and SAEBRS for social emotional risk factors.

**Notes on ESSER II application Excel template:**

- Plans and budgets should be submitted for at least a 12 month period but do not need to account for the full duration of the program or the full allocation amount. Funds will remain accessible to the LEA until September 30, 2023 and there will be additional opportunities to submit further requests/plans in the future.
- Following ESSER II application approval and initiation of funds draw down, districts will be required to report to the Commissioner's Task Force on ESSER II expenditures and impact on a monthly basis throughout the program. This ESSER II reporting will be required as a part of regular ESSER program reporting, which will capture past expenditures across funding streams (ESSER I, ESSER I SPED, ESSER II, ESSER II SPED, ESSER II KSDE Per Student Allocation). Districts may be asked to provide expenditures by fund, function, object, account, and ESSER II allowable use as part of ongoing ESSER reporting.
- This reporting will not replace any reporting required by the federal government. KSDE will work to maximize compatibility between its reporting requirements and those of the federal government as much as possible to minimize burden on districts.

Please download and complete the ESSER II application template [here](#) to provide details on ESSER II budgeted expenditures across allowable uses and KSDE accounting codes.

**Local Education Agency (LEA) Assurances**

### Section I. General Grant Assurances for Federal Funds

Throughout the period of the grant award, the LEA will comply with all requirements of:

The LEA will make a good faith effort, on a continuing basis, to maintain a drug-free workplace, in accordance with the measures in 34 CFR Part 84, Subpart B and the Drug-Free Workplace Act of 1988;

The Education Department General Administrative Regulations (EDGAR) 34 CFR 76 requirements, including:

34 CFR §76.500(a) Federal statutes and regulations on nondiscrimination.

(a) A State and a subgrantee shall comply with the following statutes and regulations:

- Discrimination on the basis of age | The Age Discrimination Act (42 U.S.C. 6101 et seq.) | 34 CFR part 110.

(b) A State or subgrantee that is a covered entity as defined in §108.3 of this title shall comply with the nondiscrimination requirements of the Boy Scouts of America Equal Access Act, 20 U.S.C. 7905, 34 CFR part 108.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.650 Private schools; purpose of §§76.651-76.662.

(a) Under some programs, the authorizing statute requires that a State and its subgrantees provide for participation by students enrolled in private schools. Sections 76.651-76.662 apply to those programs and provide rules for that participation. These sections do not affect the authority of the State or a subgrantee to enter into a contract with a private party.

(b) If any other rules for participation of students enrolled in private schools apply under a particular program, they are in the
authorizing statute or implementing regulations for that program.
(Authority: 20 U.S.C. 1221e-3 and 3474)
34 CFR §76.700 Compliance with statutes, regulations, State plan, and applications.
A State and a subgrantee shall comply with the State plan and applicable statutes, regulations, and approved applications, and shall use Federal funds in accordance with those statutes, regulations, plan, and applications.
(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))
34 CFR §76.701 The State or subgrantee administers or supervises each project.
A State or a subgrantee shall directly administer or supervise the administration of each project.
(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))
34 CFR §76.702 Fiscal control and fund accounting procedures.
A State and a subgrantee shall use fiscal control and fund accounting procedures that insure proper disbursement of and accounting for Federal funds.
(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))
34 CFR §76.709 Funds may be obligated during a “carryover period.”
(a) If a State or a subgrantee does not obligate all of its grant or subgrant funds by the end of the fiscal year for which Congress appropriated the funds, it may obligate the remaining funds during a carryover period of one additional fiscal year.
(b) The State shall return to the Federal Government any carryover funds not obligated by the end of the carryover period by the State and its subgrantees.
(Authority: U.S.C. 1221e-3, 1225(b), and 3474)
34 CFR §76.722 Subgrantee reporting requirements.
A State may require a subgrantee to submit reports in a manner and format that assists the State in complying with the requirements under 34 CFR 76.720 and in carrying out other responsibilities under the program.
(Authority: 20 U.S.C. 1221e-3, 1231a, and 3474)
[72 FR 3703, Jan. 25, 2007]
34 CFR §76.730 Records related to grant funds.
A State and a subgrantee shall keep records that fully show:
(a) The amount of funds under the grant or subgrant;
(b) How the State or subgrantee uses the funds;
(c) The total cost of the project;
(d) The share of that cost provided from other sources; and
(e) Other records to facilitate an effective audit.
(Approved by the Office of Management and Budget under control number 1880-0513)
(Authority: 20 U.S.C. 1232)
34 CFR §76.731 Records related to compliance.
A State and a subgrantee shall keep records to show its compliance with program requirements.
(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))
The Uniform Grant Guidance, 2 CFR §200 all applicable subrecipient requirements, including but not limited to:
2 CFR Subpart D – Post Federal Award Requirements
§200.302 Financial management.
§200.303 Internal controls.
§200.305 Payment.
§200.313 Equipment.
§200.314 Supplies.
§200.318 General procurement standards.
§200.320 Methods of procurement to be followed;
2 CFR 200 Subpart E: Cost Principles:
§200.403 Factors affecting allowability of costs.
§200.404 Reasonable costs.
§200.405 Allocable costs.
§200.413 Direct costs.
§200.415 Required certifications.
§200.430 Compensation—personal services.
The Debarment and Suspension, 34 CFR Part 85, Section 85.510, Participants' Responsibilities and makes the following certification by signing this application:
The prospective lower-tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.
Where the prospective lower-tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.
This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 for such failure.

Section II. Specific Elementary and Secondary School Emergency Relief (ESSER) Grant Assurances
The LEA assures that funds shall only be used for any of the following:
- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.
- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.
- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.
- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.
- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.
- Planning for and coordinating during long-term closures, including for how to provide meals to eligible students, how to provide technology for online learning to all students, how to provide guidance for carrying out requirements under the Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.) and how to ensure other educational services can continue to be provided consistent with all Federal, State, and local requirements.
- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and students with disabilities, which may include assistive technology or adaptive equipment.
- Providing mental health services and supports.
- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low income students, students with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.
- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational
agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.

- School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.
- Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.
- Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Throughout the period of the grant award, the LEA shall comply with all applicable requirements of the Elementary and Secondary School Emergency Relief (ESSER) authorized by the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSAA), including:

CONTINUED PAYMENT TO EMPLOYEES
SEC. 18006. A local educational agency, State, institution of higher education, or other entity that receives funds under “Education Stabilization Fund”, shall to the greatest extent practicable, continue to pay its employees and contractors during the period of any disruptions or closures related to coronavirus.

Certification

To the best of my knowledge and belief, all the information and data in this agreement are true and correct. I acknowledge and agree that the failure to comply with all Assurances and Certifications in this Agreement, all relevant provisions and requirements of the CARES Act, Pub. L. No. 116-136 (March 27, 2020), or any other applicable law or regulation may result in liability under the False Claims Act, 31 U.S.C. § 3729, et seq.; OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485; and 18 USC § 1001, as appropriate.

### 337-1-002

**Eligible** | **Direct Allocation** | **Instruction** | **Regular Certified Salaries** | **11A. Planning and implementing summer learning or enrichment programs** | USD 337 will be hiring 11 teachers to put on a 2 week summer school for elementary school students, a 3 week reading and math intervention program for at-risk middle school students and a 3 week credit recovery program for high school students who failed a course during the 2020-2021 school year. These teachers will be helping students improve their reading, math and science skills, as well as earn much needed credits at the high school level. This expenditure line item is specifically for the summer of 2021. | **$20,000** | **$-** | **$20,000** | **$-** | **$-** | **13200**

### 337-1-003

**Eligible** | **Direct Allocation** | **Instruction** | **Regular Non-Certified Salaries** | **11A. Planning and implementing summer learning or enrichment programs** | USD 337 will be hiring 4 paraprofessionals to put on a 2 week summer school for elementary school students and a 3 week reading and math intervention program for at-risk middle school students. These paraprofessionals will be helping students improve their reading, math, and science skills by assisting teachers in these STEM and intervention programs. This expenditure line item is specifically for the summer of 2021. | **$2,000** | **$-** | **$2,000** | **$-** | **$-** | **13210**
<p>| 337-1-004 | Eligible | Direct Allocation | Vehicle Operation | Regular Non-Certified Salaries | 11A. Planning and implementing summer learning or enrichment programs | USD 337 will be hiring 4 bus drivers to transport students from home to the location of our summer school programming as explained above in the previous two line items. The drivers will be driving a to and from route each day for 15 days. This expenditure line item is specifically for the summer of 2021 | $ 7,600 | $ - | $ 7,600 | $ - | $ - | 43750 |
| 337-1-005 | Eligible | Direct Allocation | Vehicle Operation | Gasoline | 11A. Planning and implementing summer learning or enrichment programs | USD 337 will be running 4 routes to and from summer school programming as explained above in lines 16. There will be 4 routes each day to and from summer school for 15 days. This line item is specifically for the summer of 2021 | $ 3,400 | $ - | $ 3,400 | $ - | $ - | 44000 |
| 337-1-006 | Eligible | Direct Allocation | Instruction | SUPPLIES AND MATERIALS | 11A. Planning and implementing summer learning or enrichment programs | USD 337 will be purchasing between 60 and 84 student curriculum packets/kits for the STEM camp at the elementary school as a part of their summer camp described in line 16. These kits and programming provides instructor materials and student consumables for STEM projects. | $ 10,920 | $ - | $ 10,920 | $ - | $ - | 86200 |
| 337-1-007 | Eligible Direct Allocation Instruction | Regular Certified Salaries | 12. Addressing learning loss among students, including vulnerable populations | USD 337 has added a new position for an MTSS Coordinator/Interventionist for grades 5-12. This position will help address learning loss stemming from the disrupted learning environment due to continuous learning, remote learning during the 2019-20 and 2020-21 school years. The position will serve as coordinator for both the middle school and the high school but will only serve as an interventionist for the middle school. Current high school staff members will implement interventions at the HS level. | $ 55,865 $ - $ 55,865 $ - $ - $ - 13200 |
| 337-1-008 | Eligible Direct Allocation Building Improvements Construction Services (Outside Contractors) | 14. Inspection, testing, maintenance, repair, replacement and upgrade projects to improve the indoor air quality in school facilities | USD 337 is working to replace the PTAC units currently installed in a wing of our elementary school that provide heat and cooling throughout the school year. The current PTAC units do not incorporate any outside air into these classrooms which creates a less safe air quality with the COVID virus present. The plan is to replace the PTAC units in 13 classrooms at the elementary school with new rooftop fresh air systems and a variable refrigerant heating and cooling system. This new cooling system is estimated to cost around $400,000 and the district is only asking for a portion of this to be covered with ESSER II funds. The new system will improve the air quality for all students and staff in these 13 classrooms. | $ 180,000 $ - $ 180,000 $ - $ - $ - 36200 | Allowable if CDC guidelines are met |</p>

Application details

Full District Name | Valley Falls

District Number | 338
We are a small rural district. Additional costs of COVID have been around $300,000 additional dollars to our budget that we were not expecting. If it weren’t for the generosity of our county and the SPARKS monies, we would not have been able to provide the instructional tools or put into play strategic protocols for reopening. We have been fortunate to be in school all year brick and mortar. However, in school face to face, doesn't come without challenges. We have had short spurts where we combined classes as we did not have enough staff to supervise appropriately. We have had times where we were missing 45% of our student body due to quarantine and COVID positive cases. During these times, we have been able to soldier through but we have still seen both academic and social impact on our students. In looking at our data, we are seeing about 25% of our students needing to fill gaps in learning from last spring. We have stepped up the intensity of our tiered system of support including social-emotional supports. We will continue to increase the intensity of the tiered system of supports and targeted supports of social-emotional learning for next year.

Please review the following allowable uses of ESSER II funds before completing the narrative and Excel template portion of the application.

Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.

Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.

Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.

Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.

Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.

Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.

Planning for, coordinating, and implementing activities during long-term closures, including providing meals to eligible students, providing technology for online learning to all students, providing guidance for carrying out requirements under the IDEA and ensuring other educational services can continue to be provided consistent with all Federal, State, and local requirements.

Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and children with disabilities, which may include assistive technology or adaptive equipment.

Providing mental health services and supports.

Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low-income students, children with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.

Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.

School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.

Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.

Developing strategies and implementing public health protocols for the reopening and operation of school facilities.

Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Please note: “Developing strategies and implementing public health protocols for the reopening and operation of school facilities,” identified as an allowable use under ESSER III in the American Rescue Plan, is also permissible under ESSER II.

Plan for ESSER II Direct District Allocation and KSDE Per-Student Additional Allocation (If Applicable)

Please summarize how the district proposes using its ESSER II direct district allocation (and its KSDE per-student additional allocation, if applicable) to address incremental COVID-19 needs.
The reason we were in session was due to the preplanning and implementing strategies of our staff. The majority of our requests will be for reimbursements for (15) developing strategies and implementing public health protocols. We purchased items such as masks, water bottles, lanyards (holding masks when at lunch and recess), small hand sanitizer bottles, and chair organizers for our younger students. We wash the masks and the water bottles at school. These items do not go home. We focused on making sure each student had individual access to sanitizing tools and ways to get what they needed without being exposed to other students who may have had COVID. We purchased traffic markers for our floors and sneeze guards in our offices. We added an additional sick room (original in the entry office) and provided all staff with individual sanitation items (7). We moved to paper products for lunchtime and provided tools so that the lunch ladies could prepare individual wrapped items for students allowing a more mitigating approach to serving lunch. We have been very successful with our practices. In addition to the public health protocol supports, we would like to request reimbursements for Edgenuity our summer school platform for HS summer school (11). Another reimbursement request would be for Zoom accounts for our teachers (9). We utilized the accounts to support students who were in quarantine (not sick) and helped the student be engaged with other students and the teacher when being at school was not an option. The last item was reimbursement for staff development. We hired Better Lessons to provide instructional coaching to our T2T teachers and new teachers who needed the tools to engaged students during synchronous learning utilizing the district’s new technology (16).

How will the district determine the impact of its ESSER II direct district allocation expenditures (and additional per-student allocation, if applicable) on students?

We can utilize the data we have collected this year to demonstrate that we have been in session and we are not seeing further digression in our FastBridge scores. This is directly related to our ability to mitigate and sanitize using the protocols mentioned above as examples. We did see students slide last year according to our data and big gaps in learning from last spring for some students. We know that research shows that our students do better when they can build face-to-face relationships and get the support they need on a daily basis. Our monies were spent to keep our students in the building and mitigate the risk of getting sick or needing to be quarantined due to exposure.

Notes on ESSER II application Excel template:

- Plans and budgets should be submitted for at least a 12 month period but do not need to account for the full duration of the program or the full allocation amount. Funds will remain accessible to the LEA until September 30, 2023 and there will be additional opportunities to submit further requests/plans in the future.
- Following ESSER II application approval and initiation of funds draw down, districts will be required to report to the Commissioner’s Task Force on ESSER II expenditures and impact on a monthly basis throughout the program. This ESSER II reporting will be required as a part of regular ESSER program reporting, which will capture past expenditures across funding streams (ESSER I, ESSER I SPED, ESSER II, ESSER II SPED, ESSER II KSDE Per Student Allocation). Districts may be asked to provide expenditures by fund, function, object, account, and ESSER II allowable use as part of ongoing ESSER reporting.
- This reporting will not replace any reporting required by the federal government. KSDE will work to maximize compatibility between its reporting requirements and those of the federal government as much as possible to minimize burden on districts.

Please download and complete the ESSER II application template [here](#) to provide details on ESSER II budgeted expenditures across allowable uses and KSDE accounting codes.

Local Education Agency (LEA) Assurances

Section I. General Grant Assurances for Federal Funds

4 of 8
Throughout the period of the grant award, the LEA will comply with all requirements of:

The LEA will make a good faith effort, on a continuing basis, to maintain a drug-free workplace, in accordance with the measures in 34 CFR Part 84, Subpart B and the Drug-Free Workplace Act of 1988;

The Education Department General Administrative Regulations (EDGAR) 34 CFR 76 requirements, including:

34 CFR §76.500(a) Federal statutes and regulations on nondiscrimination.

(a) A State and a subgrantee shall comply with the following statutes and regulations:

- Discrimination on the basis of age | The Age Discrimination Act (42 U.S.C. 6101 et seq.) | 34 CFR part 110.

(b) A State or subgrantee that is a covered entity as defined in §108.3 of this title shall comply with the nondiscrimination requirements of the Boy Scouts of America Equal Access Act, 20 U.S.C. 7905, 34 CFR part 108.

(Authority: 20 U.S.C. 1221e-3 and 3474)

34 CFR §76.700 Compliance with statutes, regulations, State plan, and applications.

A State and a subgrantee shall comply with the State plan and applicable statutes, regulations, and approved applications, and shall use Federal funds in accordance with those statutes, regulations, plan, and applications.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.701 The State or subgrantee administers or supervises each project.

A State or a subgrantee shall directly administer or supervise the administration of each project.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.702 Fiscal control and fund accounting procedures.

A State and a subgrantee shall use fiscal control and fund accounting procedures that insure proper disbursement of and accounting for Federal funds.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.709 Funds may be obligated during a “carryover period.”

(a) If a State or a subgrantee does not obligate all of its grant or subgrant funds by the end of the fiscal year for which Congress appropriated the funds, it may obligate the remaining funds during a carryover period of one additional fiscal year.

(b) The State shall return to the Federal Government any carryover funds not obligated by the end of the carryover period by the State and its subgrantees.

(Authority: U.S.C. 1221e-3, 1225(b), and 3474)

34 CFR §76.722 Subgrantee reporting requirements.

A State may require a subgrantee to submit reports in a manner and format that assists the State in complying with the requirements under 34 CFR 76.720 and in carrying out other responsibilities under the program.

(Authority: 20 U.S.C. 1221e-3, 1231a, and 3474)

34 CFR §76.730 Records related to grant funds.

A State and a subgrantee shall keep records that fully show:

(a) The amount of funds under the grant or subgrant;
(b) How the State or subgrantee uses the funds;
(c) The total cost of the project;
(d) The share of that cost provided from other sources; and
(e) Other records to facilitate an effective audit.

(Approved by the Office of Management and Budget under control number 1880-0513)

(Authority: 20 U.S.C. 1232f)

34 CFR §76.731 Records related to compliance.

A State and a subgrantee shall keep records to show its compliance with program requirements.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

The Uniform Grant Guidance, 2 CFR §200 all applicable subrecipient requirements, including but not limited to:

2 CFR Subpart D – Post Federal Award Requirements
§200.302 Financial management.
§200.303 Internal controls.
§200.305 Payment.
§200.313 Equipment.
§200.314 Supplies.
§200.318 General procurement standards.
§200.320 Methods of procurement to be followed;
2 CFR 200 Subpart E: Cost Principles:
§200.403 Factors affecting allowability of costs.
§200.404 Reasonable costs.
§200.405 Allocable costs.
§200.413 Direct costs.
§200.415 Required certifications.
§200.430 Compensation—personal services.

The Debarment and Suspension, 34 CFR Part 85, Section 85.510, Participants’ Responsibilities and makes the following certification by signing this application:

The prospective lower-tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.

Where the prospective lower-tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 for such failure.

Section II. Specific Elementary and Secondary School Emergency Relief (ESSER) Grant Assurances

The LEA assures that funds shall only be used for any of the following:

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.
- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service
delivery will meet the needs of each population.

- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.
- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.
- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.
- Planning for and coordinating during long-term closures, including for how to provide meals to eligible students, how to provide technology for online learning to all students, how to provide guidance for carrying out requirements under the Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.) and how to ensure other educational services can continue to be provided consistent with all Federal, State, and local requirements.
- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and students with disabilities, which may include assistive technology or adaptive equipment.
- Providing mental health services and supports.
- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low income students, students with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.
- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.
- School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.
- Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.
- Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Throughout the period of the grant award, the LEA shall comply with all applicable requirements of the Elementary and Secondary School Emergency Relief (ESSER) authorized by the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSAA), including:

CONTINUED PAYMENT TO EMPLOYEES

SEC. 18006. A local educational agency, State, institution of higher education, or other entity that receives funds under “Education Stabilization Fund”, shall to the greatest extent practicable, continue to pay its employees and contractors during the period of any disruptions or closures related to coronavirus.

**Certification**

To the best of my knowledge and belief, all the information and data in this agreement are true and correct. I acknowledge and agree that the failure to comply with all Assurances and Certifications in this Agreement, all relevant provisions and requirements of the CARES Act, Pub. L. No. 116-136 (March 27, 2020), or any other applicable law or regulation may result in liability under the False Claims Act, 31 U.S.C. § 3729, et seq.; OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485; and 18 USC § 1001, as appropriate.

Application details
Please briefly describe the impacts of COVID-19 on the district and its Pre-K through 12 students, including any relevant data where possible (e.g., cost impact, learning loss, emotional impact on students). If there has been a disproportionate impact on a special population in the district (e.g., students with disabilities, English Learners, students in foster care, students in poverty, etc.), please describe the impact and provide the number of Pre-K through 12 students in that population.

| Learning loss especially for those students whose homes are without technology and general family support for learning time. This population included students staying with grandparents or extended family, special education students, English language learners, and students in poverty. Of our district enrollment count of 800 students, approximately 50 are English language learners, 160 in poverty and 100 with special education needs. Social interactions as a result of social media influences. Remote learning isolated students to their homes with the social interactions occurring through social media. Many times the social media interactions influenced the decision making of students, especially 4th to 9th grade, in ways that formed poor decision making processes. The additional planning for staff impacted learning loss through the duplication of services that were needed. Planning for both Remote (students that were in quarantine) and On-Site learning required created challenges in fully engaging students. The strain from this duplication also impacted the available energy needed by staff to maintain the same quality learning service during non-COVID times. At any given moment throughout the 2020-2021 school year (up to April 9th) there were between 8 and 200 students in quarantine. Remote learning was an option for students as well and this made up about 2% of our student population. |

| Does the district have remaining ESSER I funding that it has not yet spent as of |
| No |
Please review the following allowable uses of ESSER II funds before completing the narrative and Excel template portion of the application.

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.
- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.
- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.
- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.
- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.
- Planning for, coordinating, and implementing activities during long-term closures, including providing meals to eligible students, providing technology for online learning to all students, providing guidance for carrying out requirements under the IDEA and ensuring other educational services can continue to be provided consistent with all Federal, State, and local requirements.
- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and children with disabilities, which may include assistive technology or adaptive equipment.
- Providing mental health services and supports.
- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low-income students, children with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.
- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by—(A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.
- School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.
- Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.
- Developing strategies and implementing public health protocols for the reopening and operation of school facilities.
- Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.
Please note: “Developing strategies and implementing public health protocols for the reopening and operation of school facilities,” identified as an allowable use under ESSER III in the American Rescue Plan, is also permissible under ESSER II.

Plan for ESSER II Direct District Allocation and KSDE Per-Student Additional Allocation (If Applicable)

Please summarize how the district proposes using its ESSER II direct district allocation (and its KSDE per-student additional allocation, if applicable) to address incremental COVID-19 needs.

The primary focus is MTSS Implementation:

Our system is currently in the 2nd year of MTSS implementation with a TASN team. Several key components are being addressed through the additional staff and components related to the submitted plan. Specifically focusing on Tier 1 integrity along with Tier 2 & Tier 3 progress monitoring effectiveness would be the responsibility of one of the additional positions.

The long term impact of increasing the speed of this program being implemented benefits students not just in the next few years, but many years to follow.

Another area is a focus on morale and a progressing culture focused on student learning. The plan includes the proposal of hiring additional guest teachers (substitute teachers) to support the classroom when the regular teacher is away. The additional staff would also be used when available with small groups of students to help with intervention or enrichment work.

The rationale is to use funds to impact the overall system and not just provide support for a few years. Monitoring the staff behaviors that reflect a culture focused on student learning will be part of the impact monitoring throughout the use of the ESSER funding window.

How will the district determine the impact of its ESSER II direct district allocation expenditures (and additional per-student allocation, if applicable) on students?

Kansas Assessment Program Results, Attendance Rates and Math, Reading and Behavior Universal Screening Results would be the base data points. Additional system metrics would also be monitored for impact to help determine components that remain after ESSER funds are complete.

The adaptive changes will be monitored through our action planning process related to our MTSS Implementation Progress. Our system uses the IMIS survey results (TASN & www.districttools.com) provided from our staff surveys to inform an action planning process.

The culture and climate impact is monitored through a school climate survey and the Kansas Communities that Care survey.

Notes on ESSER II application Excel template:

- Plans and budgets should be submitted for at least a 12 month period but do not need to account for the full duration of the program or the full allocation amount. Funds will remain accessible to the LEA until September 30, 2023 and there will be additional opportunities to submit further requests/plans in the future.
- Following ESSER II application approval and initiation of funds draw down, districts will be required to report to the Commissioner’s Task Force on ESSER II expenditures and impact on a monthly basis throughout the program. This ESSER II reporting will be required as a part of regular ESSER program reporting, which will capture past expenditures across funding streams (ESSER I, ESSER I SPED, ESSER II, ESSER II SPED, ESSER II KSDE Per Student Allocation). Districts may be asked to provide expenditures by fund, function, object, account, and ESSER II allowable use as part of ongoing ESSER reporting.
- This reporting will not replace any reporting required by the federal government. KSDE will work to maximize compatibility between its reporting requirements and those of the federal government as much as possible to minimize burden on districts.
Please download and complete the ESSER II application template [here](361_ChaparralSchools_ESSE...) to provide details on ESSER II budgeted expenditures across allowable uses and KSDE accounting codes.

**Local Education Agency (LEA) Assurances**

**Section I. General Grant Assurances for Federal Funds**

Throughout the period of the grant award, the LEA will comply with all requirements of:

The LEA will make a good faith effort, on a continuing basis, to maintain a drug-free workplace, in accordance with the measures in 34 CFR Part 84, Subpart B and the Drug-Free Workplace Act of 1988;

The Education Department General Administrative Regulations (EDGAR) 34 CFR 76 requirements, including:

34 CFR §76.500(a) Federal statutes and regulations on nondiscrimination.

(a) A State and a subgrantee shall comply with the following statutes and regulations:

- Discrimination on the basis of age | The Age Discrimination Act (42 U.S.C. 6101 et seq.) | 34 CFR part 110.

(b) A State or subgrantee that is a covered entity as defined in §108.3 of this title shall comply with the nondiscrimination requirements of the Boy Scouts of America Equal Access Act, 20 U.S.C. 7905, 34 CFR part 108.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.650 Private schools; purpose of §§76.651-76.662.

(a) Under some programs, the authorizing statute requires that a State and its subgrantees provide for participation by students enrolled in private schools. Sections 76.651-76.662 apply to those programs and provide rules for that participation. These sections do not affect the authority of the State or a subgrantee to enter into a contract with a private party.

(b) If any other rules for participation of students enrolled in private schools apply under a particular program, they are in the authorizing statute or implementing regulations for that program.

(Authority: 20 U.S.C. 1221e-3 and 3474)

34 CFR §76.700 Compliance with statutes, regulations, State plan, and applications.

A State and a subgrantee shall comply with the State plan and applicable statutes, regulations, and approved applications, and shall use Federal funds in accordance with those statutes, regulations, plan, and applications.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.701 The State or subgrantee administers or supervises each project.

A State or a subgrantee shall directly administer or supervise the administration of each project.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.702 Fiscal control and fund accounting procedures.

A State and a subgrantee shall use fiscal control and fund accounting procedures that insure proper disbursement of and accounting for Federal funds.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.709 Funds may be obligated during a “carryover period.”

(a) If a State or a subgrantee does not obligate all of its grant or subgrant funds by the end of the fiscal year for which Congress appropriated the funds, it may obligate the remaining funds during a carryover period of one additional fiscal year.

(b) The State shall return to the Federal Government any carryover funds not obligated by the end of the carryover period by the State and its subgrantees.

(Authority: U.S.C. 1221e-3, 1225(b), and 3474)
34 CFR §76.722 Subgrantee reporting requirements.
A State may require a subgrantee to submit reports in a manner and format that assists the State in complying with the requirements under 34 CFR 76.720 and in carrying out other responsibilities under the program.

(Authority: 20 U.S.C. 1221e-3, 1231a, and 3474)

[72 FR 3703, Jan. 25, 2007]

34 CFR §76.730 Records related to grant funds.
A State and a subgrantee shall keep records that fully show:
(a) The amount of funds under the grant or subgrant;
(b) How the State or subgrantee uses the funds;
(c) The total cost of the project;
(d) The share of that cost provided from other sources; and
(e) Other records to facilitate an effective audit.

(Approved by the Office of Management and Budget under control number 1880-0513)

(Authority: 20 U.S.C. 1232f)

34 CFR §76.731 Records related to compliance.
A State and a subgrantee shall keep records to show its compliance with program requirements.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

The Uniform Grant Guidance, 2 CFR §200 all applicable subrecipient requirements, including but not limited to:

2 CFR Subpart D – Post Federal Award Requirements
§200.302 Financial management.
§200.303 Internal controls.
§200.305 Payment.
§200.313 Equipment.
§200.314 Supplies.
§200.318 General procurement standards.
§200.320 Methods of procurement to be followed;
2 CFR 200 Subpart E: Cost Principles:

§200.413 Direct costs.
§200.415 Required certifications.
§200.430 Compensation—personal services.

The Debarment and Suspension, 34 CFR Part 85, Section 85.510, Participants’ Responsibilities and makes the following certification by signing this application:
The prospective lower-tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.
Where the prospective lower-tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.
This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 for such failure.

Section II. Specific Elementary and Secondary School Emergency Relief (ESSER) Grant Assurances

The LEA assures that funds shall only be used for any of the following:

• Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.

• Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.

• Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.

• Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.

• Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.

• Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.

• Planning for and coordinating during long-term closures, including for how to provide meals to eligible students, how to provide technology for online learning to all students, how to provide guidance for carrying out requirements under the Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.) and how to ensure other educational services can continue to be provided consistent with all Federal, State, and local requirements.

• Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and students with disabilities, which may include assistive technology or adaptive equipment.

• Providing mental health services and supports.

• Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low income students, students with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.

• Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.

• School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.

• Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.

• Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Throughout the period of the grant award, the LEA shall comply with all applicable requirements of the Elementary and Secondary School Emergency Relief (ESSER) authorized by the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSA).
“Education Stabilization Fund”, shall to the greatest extent practicable, continue to pay its employees and contractors during the period of any disruptions or closures related to coronavirus.

Certification

To the best of my knowledge and belief, all the information and data in this agreement are true and correct. I acknowledge and agree that the failure to comply with all Assurances and Certifications in this Agreement, all relevant provisions and requirements of the CARES Act, Pub. L. No. 116-136 (March 27, 2020), or any other applicable law or regulation may result in liability under the False Claims Act, 31 U.S.C. § 3729, et seq.; OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485; and 18 USC § 1001, as appropriate.

Please briefly describe the impacts of COVID-19 on the district and its Pre-K through 12 students, including any relevant data where possible (e.g., cost impact, learning loss, emotional impact on students). If there has been a disproportionate impact on a special population in the district (e.g., students with disabilities, English Learners, students in foster care, students in poverty, etc.), please describe the impact and provide the number of Pre-K through 12 students in that population.

As expected, the pandemic has certainly taken its toll on our educational community here in Holcomb. While we were able to stay in school throughout the entire school year, this was not easily achieved. Toward that end, we implemented a variety of new safety-related protocols which included a District-Created Pandemic Plan that included details regarding social distancing, the wearing of masks and enhanced cleaning protocols.

While what we did was necessary and successful, this new way of doing things impacted our students both academically and emotionally. School SHOULD be a place of joy and wonderment, but when everyone is wearing a mask and is separated by physical barriers, it simply puts distance between people. And, we noticed throughout the year our students (and adults for
that matter) have been emotionally accelerated. This has been documented through strategies found within our District Trauma Approach. One strategy within that approach is for students to provide their relative Zone of Regulation when entering the school each day. The data we gathered shows our students registered “Blue” (sad) or “Red” (angry) much more often than in the past.

While we had and still have strategies in place to deal with accelerated students, the sheer truth is this sort of emotional state negatively impacts the learning environment. Thus, we have noticed a learning loss throughout all grades within the district. To address this, we are expanding our summer school offering to be far more inclusive of students who simply need extra learning opportunities.

Does the district have remaining ESSER I funding that it has not yet spent as of the date of ESSER II application submission? Yes

Please summarize how the district will use its remaining ESSER I and ESSER I SPED funding and what it hopes to accomplish with these funds.

We have dedicated our ESSER I funding to pay the salaries and associated employer costs for the dedicated Remote Teacher and the four Homebound Instructional Liaisons (HILs) we brought on board this year. These five individuals kept up consistent communication with our Remote Students and with those students who had to stay at home while under orders to quarantine. The successes we enjoyed with our Remote Students this year ONLY took place due to the good, hard work of these five people. I cannot imagine the struggles we would have faced if we did not have these dedicated individuals.

Please review the following allowable uses of ESSER II funds before completing the narrative and Excel template portion of the application.

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.
- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.
- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.
- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.
- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.
- Planning for, coordinating, and implementing activities during long-term closures, including providing meals to eligible students, providing technology for online learning to all students, providing guidance for carrying out requirements under the IDEA and ensuring other educational services can continue to be provided consistent with all Federal, State, and local requirements.
- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their
classroom instructors, including low-income students and children with disabilities, which may include assistive technology or adaptive equipment.

- Providing mental health services and supports.
- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low-income students, children with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.
- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students' academic progress and assist educators in meeting students' academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.
- School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.
- Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.
- Developing strategies and implementing public health protocols for the reopening and operation of school facilities.
- Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Please note: "Developing strategies and implementing public health protocols for the reopening and operation of school facilities," identified as an allowable use under ESSER III in the American Rescue Plan, is also permissible under ESSER II.

Plan for ESSER II Direct District Allocation and KSDE Per-Student Additional Allocation (If Applicable)

Please summarize how the district proposes using its ESSER II direct district allocation (and its KSDE per-student additional allocation, if applicable) to address incremental COVID-19 needs.

We FULLY respect that education is a PEOPLE business, knowing we are only as good as our people. So, we are investing the VAST majority of our ESSER II funds on people to provide extended learning opportunities for our students and for meeting their socio-emotional needs.

First, we are expanding our Summer School experience, fully expecting to have more students involved with this opportunity. Students who have suffered learning loss are being invited to attend this expanded event; happily we are getting very positive responses from the parents of our students. To provide for our students, we will open individual grade sections K-5, with the possibility of opening extra sections if the numbers of students enrolled warrant it. Toward that end, we plan to keep the class sizes to no more than ten students per section. Each section will have a dedicated teacher and para professional. At the secondary level, we plan to continue with our longstanding “credit recovery” approach to summer school. We expect we will have ample numbers of students to bring on one middle school teacher and two high school teachers to facilitate the learning taking place.

Next year, we plan on bringing back our Remote Teacher to work with those families who chose to have their student(s) attend school remotely. Also, we will bring back the four Homebound Instructional Liaisons we employed this year to coordinate efforts between the families and the school. We also plan to bring on a District Student Advocate. This person will work intently with At-Risk students and with those who are accelerated due to life tensions. Lastly, so as to help with the volume of accelerated students at the K-5 level, we plan to bring on three elementary paraprofessionals to work with students in small groups, expanding our MTSS efforts.

How will the district determine the impact of its ESSER II direct district allocation expenditures (and additional per-student allocation, if applicable) on students?
We will keep careful data regarding student academic achievement throughout the year. As a part of our normal progress monitoring, we check how students are progressing three times a year, making course corrections as needed. We will continue with this, analyzing how the students are doing, keeping careful note of the students who attended summer school. Also, we will continue with our tracking of the Zones of Regulation self-identifications our students report and the use of the Peace Corners we maintain throughout the various levels of the district. Along with this, we will also track office/counselor referral data.

Our newly created position – the District Student Advocate – will join the various School Intervention Teams and will play a pivotal part in the tracking of all of this data, working in concert with the principals and the school counselors to address needs as they arise.

Notes on ESSER II application Excel template:

- Plans and budgets should be submitted for at least a 12 month period but do not need to account for the full duration of the program or the full allocation amount. Funds will remain accessible to the LEA until September 30, 2023 and there will be additional opportunities to submit further requests/plans in the future.
- Following ESSER II application approval and initiation of funds draw down, districts will be required to report to the Commissioner's Task Force on ESSER II expenditures and impact on a monthly basis throughout the program. This ESSER II reporting will be required as a part of regular ESSER program reporting, which will capture past expenditures across funding streams (ESSER I, ESSER I SPED, ESSER II, ESSER II SPED, ESSER II KSDE Per Student Allocation). Districts may be asked to provide expenditures by fund, function, object, account, and ESSER II allowable use as part of ongoing ESSER II reporting.
- This reporting will not replace any reporting required by the federal government. KSDE will work to maximize compatibility between its reporting requirements and those of the federal government as much as possible to minimize burden on districts.

Please download and complete the ESSER II application template [here](#) to provide details on ESSER II budgeted expenditures across allowable uses and KSDE accounting codes.

Local Education Agency (LEA) Assurances

Section I. General Grant Assurances for Federal Funds

Throughout the period of the grant award, the LEA will comply with all requirements of:

The LEA will make a good faith effort, on a continuing basis, to maintain a drug-free workplace, in accordance with the measures in 34 CFR Part 84, Subpart B and the Drug-Free Workplace Act of 1988;
The Education Department General Administrative Regulations (EDGAR) 34 CFR 76 requirements, including:

34 CFR §76.500(a) Federal statutes and regulations on nondiscrimination.

(a) A State and a subgrantee shall comply with the following statutes and regulations:

- Discrimination on the basis of age | The Age Discrimination Act (42 U.S.C. 6101 et seq.) | 34 CFR part 110.

(b) A State or subgrantee that is a covered entity as defined in §108.3 of this title shall comply with the nondiscrimination requirements of the Boy Scouts of America Equal Access Act, 20 U.S.C. 7905, 34 CFR part 108.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.650 Private schools; purpose of §§76.651-76.662.
(a) Under some programs, the authorizing statute requires that a State and its subgrantees provide for participation by students enrolled in private schools. Sections 76.651-76.662 apply to those programs and provide rules for that participation. These sections do not affect the authority of the State or a subgrantee to enter into a contract with a private party.
(b) If any other rules for participation of students enrolled in private schools apply under a particular program, they are in the authorizing statute or implementing regulations for that program.
(Authority: 20 U.S.C. 1221e-3 and 3474)
34 CFR §76.700 Compliance with statutes, regulations, State plan, and applications.
A State and a subgrantee shall comply with the State plan and applicable statutes, regulations, and approved applications, and shall use Federal funds in accordance with those statutes, regulations, plan, and applications.
(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))
34 CFR §76.701 The State or subgrantee administers or supervises each project.
A State or a subgrantee shall directly administer or supervise the administration of each project.
(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))
34 CFR §76.702 Fiscal control and fund accounting procedures.
A State and a subgrantee shall use fiscal control and fund accounting procedures that insure proper disbursement of and accounting for Federal funds.
(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))
34 CFR §76.709 Funds may be obligated during a “carryover period.”
(a) If a State or a subgrantee does not obligate all of its grant or subgrant funds by the end of the fiscal year for which Congress appropriated the funds, it may obligate the remaining funds during a carryover period of one additional fiscal year.
(b) The State shall return to the Federal Government any carryover funds not obligated by the end of the carryover period by the State and its subgrantees.
(Authority: U.S.C. 1221e-3, 1225(b), and 3474)
34 CFR §76.722 Subgrantee reporting requirements.
A State may require a subgrantee to submit reports in a manner and format that assists the State in complying with the requirements under 34 CFR 76.720 and in carrying out other responsibilities under the program.
(Authority: 20 U.S.C. 1221e-3, 1231a, and 3474)
[72 FR 3703, Jan. 25, 2007]
34 CFR §76.730 Records related to grant funds.
A State and a subgrantee shall keep records that fully show:
(a) The amount of funds under the grant or subgrant;
(b) How the State or subgrantee uses the funds;
(c) The total cost of the project;
(d) The share of that cost provided from other sources; and
(e) Other records to facilitate an effective audit.
(Approved by the Office of Management and Budget under control number 1880-0513)
(Authority: 20 U.S.C. 1232f)
34 CFR §76.731 Records related to compliance.
A State and a subgrantee shall keep records to show its compliance with program requirements.
(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))
The Uniform Grant Guidance, 2 CFR §200 all applicable subrecipient requirements, including but not limited to:
2 CFR Subpart D – Post Federal Award Requirements
§200.302 Financial management.
§200.303 Internal controls.
§200.305 Payment.
§200.313 Equipment.
§200.314 Supplies.
§200.318 General procurement standards.
§200.320 Methods of procurement to be followed;
2 CFR 200 Subpart E: Cost Principles:
§200.403 Factors affecting allowability of costs.
§200.404 Reasonable costs.
§200.405 Allocable costs.
§200.413 Direct costs.
§200.415 Required certifications.
§200.430 Compensation—personal services.
The Debarment and Suspension, 34 CFR Part 85, Section 85.510, Participants' Responsibilities and makes the following
certification by signing this application:
The prospective lower-tier participant certifies, by submission of this proposal, that neither it nor its principals is presently
debaired, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this
transaction by any federal department or agency.
Where the prospective lower-tier participant is unable to certify to any of the statements in this certification, such prospective
participant shall attach an explanation to this proposal.
This certification is a material representation of fact upon which reliance was placed when this transaction was made or
entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section
1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than
$10,000 for such failure.

Section II. Specific Elementary and Secondary School
Emergency Relief (ESSER) Grant Assurances
The LEA assures that funds shall only be used for any of the following:
• Any activity authorized by the ESEA of 1965, including the Native Hawaiian Education Act and the Alaska Native Educational
Equity, Support, and Assistance Act (20 U.S.C. 6301 et seq.), the Individuals with Disabilities Education Act (20 U.S.C. 1400 et
seq.) ("IDEA"), the Adult Education and Family Literacy Act (20 U.S.C. 1400 et seq.), the Carl D. Perkins Career and Technical
Education Act of 2006 (20 U.S.C. 2301 et seq.) ("the Perkins Act"), or subtitle B of title VII of the McKinney-Vento Homeless
Assistance Act (42 U.S.C. 11431 et seq.).
• Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial
public health departments, and other relevant agencies, to improve coordinated responses among such entities to
prevent, prepare for, and respond to coronavirus.
• Providing principals and others school leaders with the resources necessary to address the needs of their individual
schools.
• Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial
and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service
delivery will meet the needs of each population.
• Developing and implementing procedures and systems to improve the preparedness and response efforts of local
educational agencies.
• Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of
infectious diseases.
• Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such
agency.
• Planning for and coordinating during long-term closures, including for how to provide meals to eligible students, how to
provide technology for online learning to all students, how to provide guidance for carrying out requirements under the
Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.) and how to ensure other educational services can
continue to be provided consistent with all Federal, State, and local requirements.
• Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the
local educational agency that aids in regular and substantive educational interaction between students and their
classroom instructors, including low-income students and students with disabilities, which may include assistive
technology or adaptive equipment.
- Providing mental health services and supports.
- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low income students, students with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.
- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students' academic progress and assist educators in meeting students' academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.
- School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.
- Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.
- Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Throughout the period of the grant award, the LEA shall comply with all applicable requirements of the Elementary and Secondary School Emergency Relief (ESSER) authorized by the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSAA), including:

CONTINUED PAYMENT TO EMPLOYEES
SEC. 18006. A local educational agency, State, institution of higher education, or other entity that receives funds under "Education Stabilization Fund", shall to the greatest extent practicable, continue to pay its employees and contractors during the period of any disruptions or closures related to coronavirus.

**Certification**

To the best of my knowledge and belief, all the information and data in this agreement are true and correct. I acknowledge and agree that the failure to comply with all Assurances and Certifications in this Agreement, all relevant provisions and requirements of the CARES Act, Pub. L. No. 116-136 (March 27, 2020), or any other applicable law or regulation may result in liability under the False Claims Act, 31 U.S.C. § 3729, et seq.; OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485; and 18 USC § 1001, as appropriate.

<td>10. Providing mental health services and supports</td>
<td>With the onset of COVID, MANY of our students experienced increased angst and anxiety. To help address this, we plan to bring on additional personnel to help the students with their schooling and to help them regulate if/when they are emotionally accelerated. Our plan is to hire a Student Advocate, four Homebound Instructional Liaisons and three fulltime paraprofessionals. The Student Advocate will work intently with At-Risk students on a daily basis. This person will become that trusted adult mentor for struggling students, particularly at the secondary level. Along with helping with academic work, this person will be that rock for these students, helping them through their struggles. He or she will work closely with the school counselors to coordinate efforts. The Homebound Instructional Liaisons will work with the Remote Teacher to coordinate school business between the Remote Students and the district. The work these people completed this past year is a KEY reason our Remote Students experienced success this past year. The additional paraprofessionals will allow us to serve individual students’ needs better, particularly at the elementary level through our MTSS program. These approaches will have a positive impact on academic achievement, which, in turn, will have a positive impact on the emotional wellbeing of the students.</td>

Would you like to additional district representatives to the application? | Yes

Other District Representative 1 | Email Address | mcouch@usd364.org

Please briefly describe the impacts of COVID-19 on the district and its Pre-K through 12 students, including any relevant data where possible (e.g., cost impact, learning loss, emotional impact on students). If there has been a disproportionate impact on a special population in the district (e.g., students with disabilities, English Learners, students in foster care, students in poverty, etc.), please describe the impact and provide the number of Pre-K through 12 students in that population.

Although USD 364 Marysville Schools responded to the pandemic with immediate alternative pathways to learning when Covid 19 hit our state last March, we still find ourselves in a situation where learning loss did occur across the district. Beyond this learning loss, there has been some serious concerns with the social emotional needs of our students. These social emotional concerns and academic concerns cross all demographics. Although not in our county and they can't be tied directly to Covid-19, two middle school aged children took their lives this school year. This heightened our focus on social emotional needs even more. We have reached out to Communities in Schools to allow a CIS coordinator to work between our counseling staff and the homes of our families. Academic focus will be given to all students, however a concentrated effort will be to our at-risk students. Approximately 40% of our PK-12 800 students fall in this category. MTSS/PBIS focus will be more concentrated upon by adding an additional staff member who will use Fastbridge and other data sources to identify and track needs and student growth.
Does the district have remaining ESSER I funding that it has not yet spent as of the date of ESSER II application submission? Yes

Please summarize how the district will use its remaining ESSER I and ESSER I SPED funding and what it hopes to accomplish with these funds.

The district has used all ESSER I funds but has remaining ESSER I SPED funds available. We plan to use these funds for technology to assist in remote learning when needed, as well as, social and emotional support but not limited to curriculum.

Please review the following allowable uses of ESSER II funds before completing the narrative and Excel template portion of the application.

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.
- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.
- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.
- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.
- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.
- Planning for, coordinating, and implementing activities during long-term closures, including providing meals to eligible students, providing technology for online learning to all students, providing guidance for carrying out requirements under the IDEA and ensuring other educational services can continue to be provided consistent with all Federal, State, and local requirements.
- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and children with disabilities, which may include assistive technology or adaptive equipment.
- Providing mental health services and supports.
- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low-income students, children with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.
- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students' academic progress and assist educators in meeting students' academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.
• School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.
• Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.
• Developing strategies and implementing public health protocols for the reopening and operation of school facilities.
• Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Please note: "Developing strategies and implementing public health protocols for the reopening and operation of school facilities," identified as an allowable use under ESSER III in the American Rescue Plan, is also permissible under ESSER II.

Plan for ESSER II Direct District Allocation and KSDE Per-Student Additional Allocation (If Applicable)

Please summarize how the district proposes using its ESSER II direct district allocation (and its KSDE per-student additional allocation, if applicable) to address incremental COVID-19 needs.

We will pay any temp takers, extra substitutes/paras and custodians. Funds will be used for 2021 and 2022 Summer School Program. We will be using funds to cover costs for all contracted employees whose schedules were adjusted to eliminate congregating of students prior to the school day and to allow for Covid 19 planning. This adjustment to schedule required teachers to report to duty prior to their negotiated agreement time to greet students and begin working on academic loss prior to the school day starting. Students arrive as early as 7:30 to public schools, and this step was needed to recapture learning loss and to prevent unsupervised gathering of students prior to the school day. An additional focus on MTSS and PBIS growth will be given through the utilization of a supervisor of those programs who will utilize data from Fastbridge and other sources to design instructional pathways for students and analyze progress of the students and the program. An additional .75 FTE will be budgeted for classroom and after school assistance of our At-Risk kids. Communities in Schools will be tapped to assist our counselors in meeting the needs of families and students. Additional Professional development with a focus in mathematics and reading will be provided. Allocations will be directed to improve attendance of our students whose success suffers from chronic absenteeism. Nursing and central office staff duties outside of contracted time were essential for our district who could not secure support for these positions. Therefore, much of these duties were completed after hours. Licenses to research based programs such as Read Live and Dreambox will be purchased which will be utilized by teachers and program coordinators as we seek to regain losses of learning.

How will the district determine the impact of its ESSER II direct district allocation expenditures (and additional per-student allocation, if applicable) on students?

The district will refer to our local assessments, Fastbridge results, MAP results, and state assessments in our K-12 buildings. The same social emotional screeners used this year will be utilized to over the next few years to track the social emotional growth of our student body.

Notes on ESSER II application Excel template:

• Plans and budgets should be submitted for at least a 12 month period but do not need to account for the full duration of the program or the full allocation amount. Funds will remain accessible to the LEA until September 30, 2023 and there will be additional opportunities to submit further requests/plans in the future.
• Following ESSER II application approval and initiation of funds draw down, districts will be required to report to the Commissioner’s Task Force on ESSER II expenditures and impact on a monthly basis throughout the program. This ESSER II reporting will be required as a part of regular ESSER program reporting, which will capture past expenditures across funding streams (ESSER I, ESSER I SPED, ESSER II, ESSER II SPED, ESSER II KSDE Per Student Allocation). Districts may be asked to provide expenditures by fund, function, object, account, and ESSER II allowable use as part of ongoing ESSER reporting.
This reporting will not replace any reporting required by the federal government. KSDE will work to maximize compatibility between its reporting requirements and those of the federal government as much as possible to minimize burden on districts.

Please download and complete the ESSER II application template here to provide details on ESSER II budgeted expenditures across allowable uses and KSDE accounting codes.

ESSER II Application.xlsx (147 KiB download)

Local Education Agency (LEA) Assurances

Section I. General Grant Assurances for Federal Funds

Throughout the period of the grant award, the LEA will comply with all requirements of:

The LEA will make a good faith effort, on a continuing basis, to maintain a drug-free workplace, in accordance with the measures in 34 CFR Part 84, Subpart B and the Drug-Free Workplace Act of 1988;

The Education Department General Administrative Regulations (EDGAR) 34 CFR 76 requirements, including:

34 CFR §76.500(a) Federal statutes and regulations on nondiscrimination.

(a) A State and a subgrantee shall comply with the following statutes and regulations:

- Discrimination on the basis of age | The Age Discrimination Act (42 U.S.C. 6101 et seq.) | 34 CFR part 110.

(b) A State or subgrantee that is a covered entity as defined in §108.3 of this title shall comply with the nondiscrimination requirements of the Boy Scouts of America Equal Access Act, 20 U.S.C. 7905, 34 CFR part 108.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.650 Private schools; purpose of §§76.651-76.662.

(a) Under some programs, the authorizing statute requires that a State and its subgrantees provide for participation by students enrolled in private schools. Sections 76.651-76.662 apply to those programs and provide rules for that participation. These sections do not affect the authority of the State or a subgrantee to enter into a contract with a private party.

(b) If any other rules for participation of students enrolled in private schools apply under a particular program, they are in the authorizing statute or implementing regulations for that program.

(Authority: 20 U.S.C. 1221e-3 and 3474)

34 CFR §76.700 Compliance with statutes, regulations, State plan, and applications.

A State and a subgrantee shall comply with the State plan and applicable statutes, regulations, and approved applications, and shall use Federal funds in accordance with those statutes, regulations, plan, and applications.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.701 The State or subgrantee administers or supervises each project.

A State or a subgrantee shall directly administer or supervise the administration of each project.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.702 Fiscal control and fund accounting procedures.

A State and a subgrantee shall use fiscal control and fund accounting procedures that insure proper disbursement of and accounting for Federal funds.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))
34 CFR §76.709 Funds may be obligated during a “carryover period.”

(a) If a State or a subgrantee does not obligate all of its grant or subgrant funds by the end of the fiscal year for which Congress appropriated the funds, it may obligate the remaining funds during a carryover period of one additional fiscal year.

(b) The State shall return to the Federal Government any carryover funds not obligated by the end of the carryover period by the State and its subgrantees.

(Authority: U.S.C. 1221e-3, 1225(b), and 3474)

34 CFR §76.722 Subgrantee reporting requirements.

A State may require a subgrantee to submit reports in a manner and format that assists the State in complying with the requirements under 34 CFR 76.720 and in carrying out other responsibilities under the program.

(Authority: 20 U.S.C. 1221e-3, 1231a, and 3474)

[72 FR 3703, Jan. 25, 2007]

34 CFR §76.730 Records related to grant funds.

A State and a subgrantee shall keep records that fully show:

(a) The amount of funds under the grant or subgrant;

(b) How the State or subgrantee uses the funds;

(c) The total cost of the project;

(d) The share of that cost provided from other sources; and

(e) Other records to facilitate an effective audit.

(Approved by the Office of Management and Budget under control number 1880-0513)

(Authority: 20 U.S.C. 1232f)

34 CFR §76.731 Records related to compliance.

A State and a subgrantee shall keep records to show its compliance with program requirements.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

The Uniform Grant Guidance, 2 CFR §200 all applicable subrecipient requirements, including but not limited to:

2 CFR Subpart D – Post Federal Award Requirements

§200.302 Financial management.

§200.303 Internal controls.

§200.305 Payment.

§200.313 Equipment.

§200.314 Supplies.

§200.318 General procurement standards.

§200.320 Methods of procurement to be followed;

2 CFR 200 Subpart E: Cost Principles:

§200.403 Factors affecting allowability of costs.

§200.404 Reasonable costs.

§200.405 Allocable costs.

§200.413 Direct costs.

§200.415 Required certifications.

§200.430 Compensation—personal services.

The Debarment and Suspension, 34 CFR Part 85, Section 85.510, Participants’ Responsibilities and makes the following certification by signing this application:

The prospective lower-tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.

Where the prospective lower-tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 for such failure.
Section II. Specific Elementary and Secondary School Emergency Relief (ESSER) Grant Assurances

The LEA assures that funds shall only be used for any of the following:

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.
- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.
- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.
- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.
- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.
- Planning for and coordinating during long-term closures, including for how to provide meals to eligible students, how to provide technology for online learning to all students, how to provide guidance for carrying out requirements under the Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.) and how to ensure other educational services can continue to be provided consistent with all Federal, State, and local requirements.
- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and students with disabilities, which may include assistive technology or adaptive equipment.
- Providing mental health services and supports.
- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low income students, students with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.
- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.
- School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.
- Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.
- Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.
Throughout the period of the grant award, the LEA shall comply with all applicable requirements of the Elementary and Secondary School Emergency Relief (ESSER) authorized by the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSAA), including:

CONTINUOUS PAYMENT TO EMPLOYEES
SEC. 18006. A local educational agency, State, institution of higher education, or other entity that receives funds under “Education Stabilization Fund”, shall to the greatest extent practicable, continue to pay its employees and contractors during the period of any disruptions or closures related to coronavirus.

Certification

To the best of my knowledge and belief, all the information and data in this agreement are true and correct. I acknowledge and agree that the failure to comply with all Assurances and Certifications in this Agreement, all relevant provisions and requirements of the CARES Act, Pub. L. No. 116-136 (March 27, 2020), or any other applicable law or regulation may result in liability under the False Claims Act, 31 U.S.C. § 3729, et seq.; OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485; and 18 USC § 1001, as appropriate.

### Application details

<table>
<thead>
<tr>
<th>Full District Name</th>
<th>Woodson School District 366</th>
</tr>
</thead>
</table>
Please briefly describe the impacts of COVID-19 on the district and its Pre-K through 12 students, including any relevant data where possible (e.g., cost impact, learning loss, emotional impact on students). If there has been a disproportionate impact on a special population in the district (e.g., students with disabilities, English Learners, students in foster care, students in poverty, etc.), please describe the impact and provide the number of Pre-K through 12 students in that population.

The primary use of ESSER II funds is in technology, mental health, consortiums providing social-emotional and instructional supports. Items to enhance our depth of cleaning and software to provide for and ensure continued use of the same products to collect our district data while promoting social distancing in closed areas. As a school district that is experiencing continued declining enrollment and the loss of free lunch applications due to the USDA feeding program, the district has taken steps to ensure that the programs needed for our students and staff are still available. If it were not for ESSER II funding, many of the school district’s programs that promote social, emotional, and student/teacher learning would probably need to be dropped. Knowing that there is another round of funding through ESSER III, many items we listed are items we need to get ordered as soon as possible. ESSER III will address afterschool programming, curriculum improvement, and enhanced summer school programming. Not knowing what would or wouldn’t be allowed, the district is patiently waiting for approval before placing these orders.

Does the district have remaining ESSER I funding that it has not yet spent as of the date of ESSER II application submission? | No

Please review the following allowable uses of ESSER II funds before completing the narrative and Excel template portion of the application.

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.
- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.
- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.
- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.
- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.
- Planning for, coordinating, and implementing activities during long-term closures, including providing meals to eligible students, providing technology for online learning to all students, providing guidance for carrying out requirements under the IDEA and ensuring other educational services can continue to be provided consistent with all Federal, State, and local requirements.
- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and children with disabilities, which may include assistive technology or adaptive equipment.
- Providing mental health services and supports.
- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low-income students, children with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.
- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by—
  (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students' academic progress and assist educators in meeting students' academic needs, including through differentiating instruction.
  (B) Implementing evidence-based activities to meet the comprehensive needs of students.
  (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment.
  (D) Tracking student attendance and improving student engagement in distance education.
- School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.
- Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.
- Developing strategies and implementing public health protocols for the reopening and operation of school facilities.
- Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

**Please note:** "Developing strategies and implementing public health protocols for the reopening and operation of school facilities," identified as an allowable use under ESSER III in the American Rescue Plan, is also permissible under ESSER II.

**Plan for ESSER II Direct District Allocation and KSDE Per-Student Additional Allocation (If Applicable)**

Please summarize how the district proposes using its ESSER II direct district allocation (and its KSDE per-student additional allocation, if applicable) to address incremental COVID-19 needs.
The district proposes to address the sanitation of the school through purchasing equipment to provide for social distancing and enhanced cleanliness. The district will also address student learning loss with supplemental software programs to help students make up for what they lost due to school closures. Other software requested will allow the district to make sure students are regaining what they lost during closure by providing standardized data to be evaluated and used by the teaching staff. The extension of summer school in days and time will help address some learning loss that has occurred. In the area of social-emotional, the district will target a variety of different strategies, such as mentoring, student surveys, and implementing social-emotional programming and classes. To help the teaching staff, who also was affected due to the school closing, professional development and services will be available for improved classroom instruction, implementation of social-emotional programs, and personalized opportunities for social-emotional support.

How will the district determine the impact of its ESSER II direct district allocation expenditures (and additional per-student allocation, if applicable) on students?

Students and staff will be surveyed as to how school is going for them, along with how they are doing in the social-emotional aspect of their lives. Using baseline data, the district will attempt to identify areas to address for both students and staff. The district will also determine the effectiveness of expenditures based on school attendance from the 2021 school year. If the cleanliness of the buildings is enhanced, one would assume that attendance should improve. Using baseline data from 2021, the district will review where students are during the 2022 school year in comparison to the prior school year. This information will be continually updated yearly. The district also plans to survey both students and staff as to their perceptions of how well things are going in the district with the additional supports that have been provided.

Notes on ESSER II application Excel template:

- Plans and budgets should be submitted for at least a 12 month period but do not need to account for the full duration of the program or the full allocation amount. Funds will remain accessible to the LEA until September 30, 2023 and there will be additional opportunities to submit further requests/plans in the future.
- Following ESSER II application approval and initiation of funds draw down, districts will be required to report to the Commissioner's Task Force on ESSER II expenditures and impact on a monthly basis throughout the program. This ESSER II reporting will be required as a part of regular ESSER program reporting, which will capture past expenditures across funding streams (ESSER I, ESSER I SPED, ESSER II, ESSER II SPED, ESSER II KSDE Per Student Allocation). Districts may be asked to provide expenditures by fund, function, object, account, and ESSER II allowable use as part of ongoing ESSER reporting.
- This reporting will not replace any reporting required by the federal government. KSDE will work to maximize compatibility between its reporting requirements and those of the federal government as much as possible to minimize burden on districts.

Please download and complete the ESSER II application template here to provide details on ESSER II budgeted expenditures across allowable uses and KSDE accounting codes.

Local Education Agency (LEA) Assurances

Section I. General Grant Assurances for Federal Funds

Throughout the period of the grant award, the LEA will comply with all requirements of:
The LEA will make a good faith effort, on a continuing basis, to maintain a drug-free workplace, in accordance with the measures in 34 CFR Part 84, Subpart B and the Drug-Free Workplace Act of 1988;
The Education Department General Administrative Regulations (EDGAR) 34 CFR 76 requirements, including:
34 CFR §76.500(a) Federal statutes and regulations on nondiscrimination.
(a) A State and a subgrantee shall comply with the following statutes and regulations:
- Discrimination on the basis of age | The Age Discrimination Act (42 U.S.C. 6101 et seq.) | 34 CFR part 110.

(b) A State or subgrantee that is a covered entity as defined in §108.3 of this title shall comply with the nondiscrimination requirements of the Boy Scouts of America Equal Access Act, 20 U.S.C. 7905, 34 CFR part 108.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.650 Private schools; purpose of §§76.651-76.662.
(a) Under some programs, the authorizing statute requires that a State and its subgrantees provide for participation by students enrolled in private schools. Sections 76.651-76.662 apply to those programs and provide rules for that participation. These sections do not affect the authority of the State or a subgrantee to enter into a contract with a private party.

(b) If any other rules for participation of students enrolled in private schools apply under a particular program, they are in the authorizing statute or implementing regulations for that program.

(Authority: 20 U.S.C. 1221e-3 and 3474)

34 CFR §76.700 Compliance with statutes, regulations, State plan, and applications.
A State and a subgrantee shall comply with the State plan and applicable statutes, regulations, and approved applications, and shall use Federal funds in accordance with those statutes, regulations, plan, and applications.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.701 The State or subgrantee administers or supervises each project.
A State or a subgrantee shall directly administer or supervise the administration of each project.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.702 Fiscal control and fund accounting procedures.
A State and a subgrantee shall use fiscal control and fund accounting procedures that insure proper disbursement of and accounting for Federal funds.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.709 Funds may be obligated during a “carryover period.”
(a) If a State or a subgrantee does not obligate all of its grant or subgrant funds by the end of the fiscal year for which Congress appropriated the funds, it may obligate the remaining funds during a carryover period of one additional fiscal year.

(b) The State shall return to the Federal Government any carryover funds not obligated by the end of the carryover period by the State and its subgrantees.

(Authority: U.S.C. 1221e-3, 1225(b), and 3474)

34 CFR §76.722 Subgrantee reporting requirements.
A State may require a subgrantee to submit reports in a manner and format that assists the State in complying with the requirements under 34 CFR 76.720 and in carrying out other responsibilities under the program.

(Authority: 20 U.S.C. 1221e-3, 1231a, and 3474)
[72 FR 3703, Jan. 25, 2007]

34 CFR §76.730 Records related to grant funds.
A State and a subgrantee shall keep records that fully show:
(a) The amount of funds under the grant or subgrant;
(b) How the State or subgrantee uses the funds;
(c) The total cost of the project;
(d) The share of that cost provided from other sources; and
(e) Other records to facilitate an effective audit.

(Approved by the Office of Management and Budget under control number 1880-0513)
The Uniform Grant Guidance, 2 CFR §200 all applicable subrecipient requirements, including but not limited to:
2 CFR Subpart D – Post Federal Award Requirements
$200.302 Financial management.
$200.303 Internal controls.
$200.305 Payment.
$200.313 Equipment.
$200.314 Supplies.
$200.318 General procurement standards.
$200.320 Methods of procurement to be followed;
2 CFR 200 Subpart E: Cost Principles:
$200.403 Factors affecting allowability of costs.
$200.404 Reasonable costs.
$200.405 Allocable costs.
$200.413 Direct costs.
$200.415 Required certifications.
$200.430 Compensation—personal services.
The Debarment and Suspension, 34 CFR Part 85, Section 85.510, Participants’ Responsibilities and makes the following certification by signing this application:
The prospective lower-tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.
Where the prospective lower-tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.
This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 for such failure.

Section II. Specific Elementary and Secondary School Emergency Relief (ESSER) Grant Assurances

The LEA assures that funds shall only be used for any of the following:

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.
- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.
- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.
• Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.
• Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.
• Planning for and coordinating during long-term closures, including for how to provide meals to eligible students, how to provide technology for online learning to all students, how to provide guidance for carrying out requirements under the Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.) and how to ensure other educational services can continue to be provided consistent with all Federal, State, and local requirements.
• Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and students with disabilities, which may include assistive technology or adaptive equipment.
• Providing mental health services and supports.
• Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low income students, students with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.
• Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.
• School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.
• Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.
• Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Throughout the period of the grant award, the LEA shall comply with all applicable requirements of the Elementary and Secondary School Emergency Relief (ESSER) authorized by the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSAA), including:

CONTINUED PAYMENT TO EMPLOYEES
SEC. 18006. A local educational agency, State, institution of higher education, or other entity that receives funds under “Education Stabilization Fund”, shall to the greatest extent practicable, continue to pay its employees and contractors during the period of any disruptions or closures related to coronavirus.

Certification

To the best of my knowledge and belief, all the information and data in this agreement are true and correct. I acknowledge and agree that the failure to comply with all Assurances and Certifications in this Agreement, all relevant provisions and requirements of the CARES Act, Pub. L. No. 116-136 (March 27, 2020), or any other applicable law or regulation may result in liability under the False Claims Act, 31 U.S.C. § 3729, et seq.; OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485; and 18 USC § 1001, as appropriate.

Thank you for creating a User Profile for the Kansas CommonApp!

Your User Profile will be linked to every application submitted under your login. You can always return to this page to keep your information current.

Select an Applicant Type  |  Unified School District

Applicant / Entity Name  |  USD 380 Vermillion Unified Schools

Applicant / Mailing Address

209 School Street
Vermillion KS 66544

Applicant / First and Last Name of Owner, CEO, or Executive Director  |  Matt Rogers

Applicant / Email Address of Owner, CEO, or Executive Director  |  rogersm@usd380.com

Applicant / Phone Number  |  7853826216

All questions in the section below are optional, and offer an opportunity to upload or enter information that is typically asked for on grant opportunities.

(for EANS and ESSER grant applications - please skip the questions below, and scroll to the bottom to complete your User Profile information.)

Application details

Full District Name  |  Vermillion Unified Schools

District Number  |  380
Please briefly describe the impacts of COVID-19 on the district and its Pre-K through 12 students, including any relevant data where possible (e.g., cost impact, learning loss, emotional impact on students). If there has been a disproportionate impact on a special population in the district (e.g., students with disabilities, English Learners, students in foster care, students in poverty, etc.), please describe the impact and provide the number of Pre-K through 12 students in that population.

Covid 19 required our district to purchase more cleaning supplies than we ever have. We brought our Reopening Team in on contract to help develop our plan for opening the schools. With everyone in masks, we are focusing on social emotional issues. We are purchasing Social Emotional curriculum for all of the staff to make sure we are addressing this need. We had to hire extra staff such as health aides to make sure we had sufficient health coverage in all of our buildings. The district purchased extra software programs to help with remote learning and remote teaching. (i.e. - IXL, Kami, Quaver, Zoom, Chromebook Chargers) and provide training for these programs. We also hired a Remote Learning Coordinator. Through our use of Aimsweb, we noticed that there were more students who fell into tier 2 and 3 on our MTSS model. We hired some extra part time staff to help with the extra numbers in MTSS. We will hire some more staff if needed to provide MTSS services to the high school grades if possible.

Does the district have remaining ESSER I funding that it has not yet spent as of the date of ESSER II application submission?

Yes

Please summarize how the district will use its remaining ESSER I and ESSER I SPED funding and what it hopes to accomplish with these funds.

We will continue to draw it down for expenses such as paying the extra salaries we have acquired. There is only enough for the remainder of the school year. We are waiting for our Co-Op to tell us when to draw down the SPED funds.

Please review the following allowable uses of ESSER II funds before completing the narrative and Excel template portion of the application.

- Any activity authorized by the ESEA of 1965, including the Native Hawaiian Education Act and the Alaska Native Educational Equity, Support, and Assistance Act (20 U.S.C. 6301 et seq.), the Individuals with Disabilities Education Act (20 U.S.C.1400 et seq.) ("IDEA"), the Adult Education and Family Literacy Act (20 U.S.C. 1400 et seq.), the Carl D. Perkins Career and Technical...

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.
- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.
- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.
- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.
- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.
- Planning for, coordinating, and implementing activities during long-term closures, including providing meals to eligible students, providing technology for online learning to all students, providing guidance for carrying out requirements under the IDEA and ensuring other educational services can continue to be provided consistent with all Federal, State, and local requirements.
- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and children with disabilities, which may include assistive technology or adaptive equipment.
- Providing mental health services and supports.
- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low-income students, children with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.
- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students' academic progress and assist educators in meeting students' academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.
- School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.
- Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.
- Developing strategies and implementing public health protocols for the reopening and operation of school facilities.
- Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Please note: "Developing strategies and implementing public health protocols for the reopening and operation of school facilities," identified as an allowable use under ESSER III in the American Rescue Plan, is also permissible under ESSER II.

Plan for ESSER II Direct District Allocation and KSDE Per-Student Additional Allocation (If Applicable)

Please summarize how the district proposes using its ESSER II direct district allocation (and its KSDE per-student additional allocation, if applicable) to address incremental COVID-19 needs.
We will hire a Community Liaison who will help families in need. The liaison will allow us to help our families who need extra help due to the loss of wages due to Covid, or help with mental health issues, provide access to counseling, and any other needs the family may have. We will be purchasing SEL curriculum. (Too Good, School Connect). We are bringing in a speaker to talk about the social aspects of social media. We are hiring 2 part time paras to provide MTSS math to the high school grades. We will purchase a laptop computer for use in our MTSS program. We will be hiring two med aids at our early childhood building and be paying our nurses for hours in excess of the contracted 20 hours per week. We want to have a nurse or med aide in our buildings full time. We will purchase Fastbridge to help measure our students success. In year 2 we will be hiring District MTSS coordinators to help us close the learning gaps that the pandemic caused.

How will the district determine the impact of its ESSER II direct district allocation expenditures (and additional per-student allocation, if applicable) on students?

We will take their Fastbridge scores and checking to see if the extra support in MTSS is paying dividends and helping to close the gap created by Covid. We constantly survey students about how they are doing and feeling. We will use our SEL curriculum to gauge how our students are responding to the increase in social, emotional learning.

**Notes on ESSER II application Excel template:**

- Plans and budgets should be submitted for at least a 12 month period but do not need to account for the full duration of the program or the full allocation amount. Funds will remain accessible to the LEA until September 30, 2023 and there will be additional opportunities to submit further requests/plans in the future.
- Following ESSER II application approval and initiation of funds draw down, districts will be required to report to the Commissioner's Task Force on ESSER II expenditures and impact on a monthly basis throughout the program. This ESSER II reporting will be required as a part of regular ESSER program reporting, which will capture past expenditures across funding streams (ESSER I, ESSER I SPED, ESSER II, ESSER II SPED, ESSER II KSDE Per Student Allocation). Districts may be asked to provide expenditures by fund, function, object, account, and ESSER II allowable use as part of ongoing ESSER reporting.
- This reporting will not replace any reporting required by the federal government. KSDE will work to maximize compatibility between its reporting requirements and those of the federal government as much as possible to minimize burden on districts.

Please download and complete the ESSER II application template [here](#) to provide details on ESSER II budgeted expenditures across allowable uses and KSDE accounting codes.

Local Education Agency (LEA) Assurances

**Section I. General Grant Assurances for Federal Funds**

**Throughout the period of the grant award, the LEA will comply with all requirements of:**

The LEA will make a good faith effort, on a continuing basis, to maintain a drug-free workplace, in accordance with the measures in 34 CFR Part 84, Subpart B and the Drug-Free Workplace Act of 1988;

The Education Department General Administrative Regulations (EDGAR) 34 CFR 76 requirements, including:

34 CFR §76.500(a) Federal statutes and regulations on nondiscrimination.

(a) A State and a subgrantee shall comply with the following statutes and regulations:

- Discrimination on the basis of race, color, or national origin | Title VI of the Civil Rights Act of 1964 (45 U.S.C. 2000d through
  2000d-4) | 34 CFR part 100.
• Discrimination on the basis of age | The Age Discrimination Act (42 U.S.C. 6101 et seq.) | 34 CFR part 110.

(b) A State or subgrantee that is a covered entity as defined in §108.3 of this title shall comply with the nondiscrimination requirements of the Boy Scouts of America Equal Access Act, 20 U.S.C. 7905, 34 CFR part 108.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.650 Private schools; purpose of §§76.651-76.662.

(a) Under some programs, the authorizing statute requires that a State and its subgrantees provide for participation by students enrolled in private schools. Sections 76.651-76.662 apply to those programs and provide rules for that participation. These sections do not affect the authority of the State or a subgrantee to enter into a contract with a private party.

(b) If any other rules for participation of students enrolled in private schools apply under a particular program, they are in the authorizing statute or implementing regulations for that program.

(Authority: 20 U.S.C. 1221e-3 and 3474)

34 CFR §76.700 Compliance with statutes, regulations, State plan, and applications.
A State and a subgrantee shall comply with the State plan and applicable statutes, regulations, and approved applications, and shall use Federal funds in accordance with those statutes, regulations, plan, and applications.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.701 The State or subgrantee administers or supervises each project.
A State or a subgrantee shall directly administer or supervise the administration of each project.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.702 Fiscal control and fund accounting procedures.
A State and a subgrantee shall use fiscal control and fund accounting procedures that ensure proper disbursement of and accounting for Federal funds.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.709 Funds may be obligated during a “carryover period.”

(a) If a State or a subgrantee does not obligate all of its grant or subgrant funds by the end of the fiscal year for which Congress appropriated the funds, it may obligate the remaining funds during a carryover period of one additional fiscal year.

(b) The State shall return to the Federal Government any carryover funds not obligated by the end of the carryover period by the State and its subgrantees.

(Authority: U.S.C. 1221e-3, 1225(b), and 3474)

34 CFR §76.722 Subgrantee reporting requirements.
A State may require a subgrantee to submit reports in a manner and format that assists the State in complying with the requirements under 34 CFR 76.720 and in carrying out other responsibilities under the program.

(Authority: 20 U.S.C. 1221e-3, 1231a, and 3474)

[72 FR 3703, Jan. 25, 2007]

34 CFR §76.730 Records related to grant funds.
A State and a subgrantee shall keep records that fully show:

(a) The amount of funds under the grant or subgrant;

(b) How the State or subgrantee uses the funds;

(c) The total cost of the project;

(d) The share of that cost provided from other sources; and

(e) Other records to facilitate an effective audit.

(Approved by the Office of Management and Budget under control number 1880-0513)

(Authority: 20 U.S.C. 1232f)

34 CFR §76.731 Records related to compliance.
A State and a subgrantee shall keep records to show its compliance with program requirements.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

The Uniform Grant Guidance, 2 CFR §200 all applicable subrecipient requirements, including but not limited to:
The Debarment and Suspension, 34 CFR Part 85, Section 85.510, Participants’ Responsibilities and makes the following certification by signing this application:
The prospective lower-tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.
Where the prospective lower-tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.
This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 for such failure.

Section II. Specific Elementary and Secondary School Emergency Relief (ESSER) Grant Assurances

The LEA assures that funds shall only be used for any of the following:
- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.
- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.
- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.
- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.
- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.
- Planning for and coordinating during long-term closures, including for how to provide meals to eligible students, how to provide technology for online learning to all students, how to provide guidance for carrying out requirements under the
Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.) and how to ensure other educational services can continue to be provided consistent with all Federal, State, and local requirements.

- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and students with disabilities, which may include assistive technology or adaptive equipment.
- Providing mental health services and supports.
- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low income students, students with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.
- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by—(A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.
- School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.
- Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.
- Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Throughout the period of the grant award, the LEA shall comply with all applicable requirements of the Elementary and Secondary School Emergency Relief (ESSER) authorized by the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRSSAA), including:

CONTINUED PAYMENT TO EMPLOYEES
SEC. 18006. A local educational agency, State, institution of higher education, or other entity that receives funds under “Education Stabilization Fund”, shall to the greatest extent practicable, continue to pay its employees and contractors during the period of any disruptions or closures related to coronavirus.

Certification

To the best of my knowledge and belief, all the information and data in this agreement are true and correct. I acknowledge and agree that the failure to comply with all Assurances and Certifications in this Agreement, all relevant provisions and requirements of the CARES Act, Pub. L. No. 116-136 (March 27, 2020), or any other applicable law or regulation may result in liability under the False Claims Act, 31 U.S.C. § 3729, et seq.; OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485; and 18 USC § 1001, as appropriate.

Provide more information how the positions relate to COVID-19; Applicant responded: We have 2 part time nurses for our 3 buildings and needed to hire someone to cover our third school building's health needs. We did not want to leave our secretary to deal with any Covid issues. We found 2 people to help. This is the salary portion.

Provide more information how this expenditure relates to COVID-19 and if it is existing staff is work required beyond the contract; Applicant responded via email: Our school nurses are only part time. We felt with the possibility of having to deal with the virus, we wanted only trained individuals to handle those students. It was not something we wanted to place on our secretaries, so we moved our nurses to full time. This is the salary portion.

<td>Applicant responded via email: When school buildings were closed and we could not figure out a way to deliver a quality music curriculum to everyone involved, we started looking for an online platform so we could provide the curriculum to our students even though they were not in class. When school opened back up we had numerous quarantines and still needed a way to allow our students to still do music. We didn't want to just tell them to sing or play your instrument and record it. We wanted to be able to do what we were doing in the classroom. Quaver is online so it allows us to offer a quality music experience no matter if the student is in school or not. Allowable to a) reimburse the district for prior remote learning expenses b) incur new expenses related to actual current/perpetual remote learning circumstances, and/or c) to budget for potential future remote learning expenses. Please note that expenses should not be incurred to purchase property to hold in the unlikely event of potential future remote learning needs.</td>

Applicant responded via email: When all the new reopening guidelines came out, we determined that we had a kindergarten class that was large. 28 students and we could not get anywhere close to 3 feet apart in the classroom. With our other classes, we didn't have that big of a number. We could at least get to 4 feet apart. In order to meet CDC, KSDE, and County Health recommendations, we split the class to help develop a smaller cohort group and this allowed us to spread these students out more. We had to hire a new teacher. This is the salary portion of the new teacher.

Application details

Full District Name | Douglass Public Schools
The Douglass School District has been impacted by the Pandemic in multiple ways. Students have experienced learning loss due to short periods of remote learning. The pandemic has also created periods of isolation and family challenges which has caused social-emotional problems. Our focus for the past year has been to provide instructional support to our students to lessen the loss of learning. After reviewing our student classroom data, the district discovered that our tier-two and three students have been impacted the most and students have not progressed through the tiers as our data has shown in the past. This data has made it clear that we will need to provide more resources to overcome the learning loss that students have experienced.

Does the district have remaining ESSER I funding that it has not yet spent as of the date of ESSER II application submission?  

No

Please review the following allowable uses of ESSER II funds before completing the narrative and Excel template portion of the application.

• Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.

• Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.

• Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.

• Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.

• Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.

• Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.

• Planning for, coordinating, and implementing activities during long-term closures, including providing meals to eligible students, providing technology for online learning to all students, providing guidance for carrying out requirements under the IDEA and ensuring other educational services can continue to be provided consistent with all Federal, State, and local requirements.

• Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and children with disabilities, which may include assistive technology or adaptive equipment.

• Providing mental health services and supports.

• Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low-income students, children with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.

• Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by—(A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students' academic progress and assist educators in meeting students' academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.

• School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.

• Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.

• Developing strategies and implementing public health protocols for the reopening and operation of school facilities.

• Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Please note: "Developing strategies and implementing public health protocols for the reopening and operation of school facilities," identified as an allowable use under ESSER III in the American Rescue Plan, is also permissible under ESSER II.

Plan for ESSER II Direct District Allocation and KSDE Per-Student Additional Allocation (If Applicable)

Please summarize how the district proposes using its ESSER II direct district allocation (and its KSDE per-student additional allocation, if applicable) to address incremental COVID-19 needs.
Douglass is excited about the plan that has been established. Not only will the money bolster our MTSS programs in the elementary school, but it will allow us to emulate that same successful model at the high school and middle school. By adding MTSS coordinators/interventionists for grade levels 6-12, we will have the support in place to review student data to provide and coordinate interventions with students. At the elementary we will be able to provide paraprofessionals to support our current MTSS coordinators/interventionists by providing one-on-one interventions with students in a safe, socially distanced environment. In addition we experienced a spike in our kindergarten enrollment. We attribute some of the cause being parents waiting a year to start kindergarten due to COVID. By adding an additional teacher we will be able to lower and balance our class sizes and better socially distance the students, creating a more safe and effective learning environment.

How will the district determine the impact of its ESSER II direct district allocation expenditures (and additional per-student allocation, if applicable) on students?

By implementing the proposed measures the Douglass School District will be able to quickly see the impact of the ESSER II expenditures due to the data we collect through our very successful MTSS program. We are using a common sense approach to not reinvent programs but rather just enhance what we know is already successful. The ESSER II funds will be a big boost to our efforts to correct the learning loss that some of our students have experienced. In addition, the proposed expenditures will enhance our learning systems by focusing on the overall learning of our students while taking pressure off of our classroom teachers, counselors and social worker. Reducing pressure off of certified staff will allow us better serve our students.

Notes on ESSER II application Excel template:

- Plans and budgets should be submitted for at least a 12 month period but do not need to account for the full duration of the program or the full allocation amount. Funds will remain accessible to the LEA until September 30, 2023 and there will be additional opportunities to submit further requests/plans in the future.
- Following ESSER II application approval and initiation of funds draw down, districts will be required to report to the Commissioner's Task Force on ESSER II expenditures and impact on a monthly basis throughout the program. This ESSER II reporting will be required as a part of regular ESSER program reporting, which will capture past expenditures across funding streams (ESSER I, ESSER I SPED, ESSER II, ESSER II SPED, ESSER II KSDE Per Student Allocation). Districts may be asked to provide expenditures by fund, function, object, account, and ESSER II allowable use as part of ongoing ESSER reporting.
- This reporting will not replace any reporting required by the federal government. KSDE will work to maximize compatibility between its reporting requirements and those of the federal government as much as possible to minimize burden on districts.

Please download and complete the ESSER II application template [here](https://example.com) to provide details on ESSER II budgeted expenditures across allowable uses and KSDE accounting codes.

Local Education Agency (LEA) Assurances

Section I. General Grant Assurances for Federal Funds

Throughout the period of the grant award, the LEA will comply with all requirements of:

The LEA will make a good faith effort, on a continuing basis, to maintain a drug-free workplace, in accordance with the measures in 34 CFR Part 84, Subpart B and the Drug-Free Workplace Act of 1988;

The Education Department General Administrative Regulations (EDGAR) 34 CFR 76 requirements, including:
34 CFR §76.500(a) Federal statutes and regulations on nondiscrimination.
(a) A State and a subgrantee shall comply with the following statutes and regulations:
   - Discrimination on the basis of race, color, or national origin | Title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d through 2000d-4) | 34 CFR part 100.
   - Discrimination on the basis of age | The Age Discrimination Act (42 U.S.C. 6101 et seq.) | 34 CFR part 110.

(b) A State or subgrantee that is a covered entity as defined in §108.3 of this title shall comply with the nondiscrimination requirements of the Boy Scouts of America Equal Access Act, 20 U.S.C. 7905, 34 CFR part 108.
(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.650 Private schools; purpose of §§76.651-76.662.
(a) Under some programs, the authorizing statute requires that a State and its subgrantees provide for participation by students enrolled in private schools. Sections 76.651-76.662 apply to those programs and provide rules for that participation. These sections do not affect the authority of the State or a subgrantee to enter into a contract with a private party.
(b) If any other rules for participation of students enrolled in private schools apply under a particular program, they are in the authorizing statute or implementing regulations for that program.
(Authority: 20 U.S.C. 1221e-3 and 3474)

34 CFR §76.700 Compliance with statutes, regulations, State plan, and applications.
A State and a subgrantee shall comply with the State plan and applicable statutes, regulations, and approved applications, and shall use Federal funds in accordance with those statutes, regulations, plan, and applications.
(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.701 The State or subgrantee administers or supervises each project.
A State or a subgrantee shall directly administer or supervise the administration of each project.
(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.702 Fiscal control and fund accounting procedures.
A State and a subgrantee shall use fiscal control and fund accounting procedures that insure proper disbursement of and accounting for Federal funds.
(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.709 Funds may be obligated during a “carryover period.”
(a) If a State or a subgrantee does not obligate all of its grant or subgrant funds by the end of the fiscal year for which Congress appropriated the funds, it may obligate the remaining funds during a carryover period of one additional fiscal year.
(b) The State shall return to the Federal Government any carryover funds not obligated by the end of the carryover period by the State and its subgrantees.
(Authority: U.S.C. 1221e-3, 1225(b), and 3474)

34 CFR §76.722 Subgrantee reporting requirements.
A State may require a subgrantee to submit reports in a manner and format that assists the State in complying with the requirements under 34 CFR 76.720 and in carrying out other responsibilities under the program.
(Authority: 20 U.S.C. 1221e-3, 1231a, and 3474)

34 CFR §76.730 Records related to grant funds.
A State and a subgrantee shall keep records that fully show:
(a) The amount of funds under the grant or subgrant;
(b) How the State or subgrantee uses the funds;
(c) The total cost of the project;
(d) The share of that cost provided from other sources; and
(e) Other records to facilitate an effective audit.
(Approved by the Office of Management and Budget under control number 1880-0513)
A State and a subgrantee shall keep records to show its compliance with program requirements.

The Uniform Grant Guidance, 2 CFR §200 all applicable subrecipient requirements, including but not limited to:

2 CFR Subpart D – Post Federal Award Requirements

§200.302 Financial management.

§200.303 Internal controls.

§200.305 Payment.

§200.313 Equipment.

§200.314 Supplies.

§200.318 General procurement standards.

§200.320 Methods of procurement to be followed;

2 CFR 200 Subpart E: Cost Principles:

§200.403 Factors affecting allowability of costs.

§200.404 Reasonable costs.

§200.405 Allocable costs.

§200.413 Direct costs.

§200.415 Required certifications.

§200.430 Compensation—personal services.

The Debarment and Suspension, 34 CFR Part 85, Section 85.510, Participants’ Responsibilities and makes the following certification by signing this application:

The prospective lower-tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.

Where the prospective lower-tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 for such failure.

Section II. Specific Elementary and Secondary School Emergency Relief (ESSER) Grant Assurances

The LEA assures that funds shall only be used for any of the following:

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.
- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.
- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.
• Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.
• Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.
• Planning for and coordinating during long-term closures, including for how to provide meals to eligible students, how to provide technology for online learning to all students, how to provide guidance for carrying out requirements under the Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.) and how to ensure other educational services can continue to be provided consistent with all Federal, State, and local requirements.
• Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and students with disabilities, which may include assistive technology or adaptive equipment.
• Providing mental health services and supports.
• Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low income students, students with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.
• Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.
• School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.
• Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.
• Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Throughout the period of the grant award, the LEA shall comply with all applicable requirements of the Elementary and Secondary School Emergency Relief (ESSER) authorized by the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSAA), including:
CONTINUED PAYMENT TO EMPLOYEES
SEC. 18006. A local educational agency, State, institution of higher education, or other entity that receives funds under “Education Stabilization Fund”, shall to the greatest extent practicable, continue to pay its employees and contractors during the period of any disruptions or closures related to coronavirus.

Certification
To the best of my knowledge and belief, all the information and data in this agreement are true and correct. I acknowledge and agree that the failure to comply with all Assurances and Certifications in this Agreement, all relevant provisions and requirements of the CARES Act, Pub. L. No. 116-136 (March 27, 2020), or any other applicable law or regulation may result in liability under the False Claims Act, 31 U.S.C. § 3729, et seq.; OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485; and 18 USC § 1001, as appropriate.

Application details

Full District Name | Riverton
District Number | 404
Please briefly describe the impacts of COVID-19 on the district and its Pre-K through 12 students, including any relevant data where possible (e.g., cost impact, learning loss, emotional impact on students). If there has been a disproportionate impact on a special population in the district (e.g., students with disabilities, English Learners, students in foster care, students in poverty, etc.), please describe the impact and provide the number of Pre-K through 12 students in that population.

Elementary data indicates a significant impact on early readers as a reduced number of students scored at or above grade level goals even before the shutdown. This lack of performance may be attributed to absenteeism that occurred before the pandemic was declared. However, low SES students fare much worse as only 40% of students in this subgroup are at or above grade level. Losing the final nine weeks of school has proven particularly challenging to our youngest students.

At the middle school level, we have seen a significant increase in the percentage of students scoring below the 25th percentile on Aimsweb math benchmarking. We feel some of this may be attributed to restrictions on social distancing and the lack of being able to utilize hands-on manipulatives.

Factors that we believe demonstrate an impact on student social and emotional well-being can be found in an increased number of student visits to the counselor's offices, the need for added outside resources for families, and referrals to Spring River Mental Health for professional counseling services. Data from the Kansas Communities that Care Survey indicates that many of our students have more favorable attitudes toward negative risk factors such as anti-social behavior and drug use than their peers state-wide. Even before the shutdown, data from the survey indicated that many of our students already struggle with a low commitment to school. The shutdown has exasperated that challenge.

Does the district have remaining ESSER I funding that it has not yet spent as of the date of ESSER II application submission?

Yes

Please summarize how the district will use its remaining ESSER I and ESSER I SPED funding and what it hopes to accomplish with these funds.
Remaining ESSER I funds will be expended on the following items:
Before school supervision (extra duty compensation) to address social distancing and to supervise breakfasts consumed in the classroom;
Extra duty compensation for elementary teachers to supervise lunches consumed in the classroom in order to maintain social distancing in the cafeteria;
Classroom paraprofessional employed by the school district to provide in classroom supervision and assistance for a staff member who must work from home due to COVID-19 related health concerns;
Technology purchases.

Please review the following allowable uses of ESSER II funds before completing the narrative and Excel template portion of the application.

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.
- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.
- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.
- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.
- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.
- Planning for, coordinating, and implementing activities during long-term closures, including providing meals to eligible students, providing technology for online learning to all students, providing guidance for carrying out requirements under the IDEA and ensuring other educational services can continue to be provided consistent with all Federal, State, and local requirements.
- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and children with disabilities, which may include assistive technology or adaptive equipment.
- Providing mental health services and supports.
- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low-income students, children with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.
- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students' academic progress and assist educators in meeting students' academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.
- School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.
• Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.

• Developing strategies and implementing public health protocols for the reopening and operation of school facilities.

• Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Please note: “Developing strategies and implementing public health protocols for the reopening and operation of school facilities,” identified as an allowable use under ESSER III in the American Rescue Plan, is also permissible under ESSER II.

Plan for ESSER II Direct District Allocation and KSDE Per-Student Additional Allocation (If Applicable)

Please summarize how the district proposes using its ESSER II direct district allocation (and its KSDE per-student additional allocation, if applicable) to address incremental COVID-19 needs.

ESSER II Education funding will provide additional staff, technology, and the resources necessary to better provide safe, flexible, and quality learning opportunities for all students. Ongoing and future efforts that are intended to recover learning loss due to COVID-19 include but are not limited to extended learning opportunities, reduced class sizes, enhancement of MTSS and Title interventions, professional development, and instructional coaching.

Extended learning opportunities will take the form of summer school and after-school offerings that have been reduced due to a lack of funding. Reduced class sizes will be accomplished by adding and/or maintaining positions that otherwise may have been eliminated. Previous reductions in Title funding have resulted in reduced services in recent years. We will propose utilizing a portion of these resources to enhance and expand the services provided during the school day, especially in the area of mathematics. Further, we are considering options to expand current assessment strategies and resources to provide for better benchmarking and data collection PK-12 in order to best design academic interventions and address social and emotional well-being.

With respect to instructional technology, we will continue to provide teachers and students the hardware and software licensing tools necessary to pivot should short-term school closures or quarantines continue into the fall. While this is not anticipated, we feel these resources are of paramount importance to have in place should the unforeseen occur.

How will the district determine the impact of its ESSER II direct district allocation expenditures (and additional per-student allocation, if applicable) on students?

As a district, we will monitor the academic progress of our students through the use of Renaissance STAR assessments, Dibels, Aimsweb, Fast Bridge, and locally developed assessments in order to target specific learning standards identified as having been significantly impacted by pandemic circumstances. Further, building leaders will implement an ongoing review of current and previous assessment / benchmarked results for comparison purposes and to potentially inform adjustments to instruction and MTSS interventions. With respect to social and emotional well-being, we will monitor data generated through Fast Bridge, the Kansas Communities that Care Survey, locally generated surveys, and feedback from building counselors, case managers, and the school-based therapist.

Notes on ESSER II application Excel template:

• Plans and budgets should be submitted for at least a 12 month period but do not need to account for the full duration of the program or the full allocation amount. Funds will remain accessible to the LEA until September 30, 2023 and there will be additional opportunities to submit further requests/plans in the future.

• Following ESSER II application approval and initiation of funds draw down, districts will be required to report to the Commissioner’s Task Force on ESSER II expenditures and impact on a monthly basis throughout the program. This ESSER II reporting will be required as a part of regular ESSER program reporting, which will capture past expenditures across funding streams (ESSER I, ESSER I SPED, ESSER II, ESSER II SPED, ESSER II KSDE Per Student Allocation). Districts may be
asked to provide expenditures by fund, function, object, account, and ESSER II allowable use as part of ongoing ESSER reporting.

- This reporting will not replace any reporting required by the federal government. KSDE will work to maximize compatibility between its reporting requirements and those of the federal government as much as possible to minimize burden on districts.

Please download and complete the ESSER II application template here to provide details on ESSER II budgeted expenditures across allowable uses and KSDE accounting codes.

Local Education Agency (LEA) Assurances

Section I. General Grant Assurances for Federal Funds

Throughout the period of the grant award, the LEA will comply with all requirements of:

The LEA will make a good faith effort, on a continuing basis, to maintain a drug-free workplace, in accordance with the measures in 34 CFR Part 84, Subpart B and the Drug-Free Workplace Act of 1988;

The Education Department General Administrative Regulations (EDGAR) 34 CFR 76 requirements, including:

34 CFR §76.500(a) Federal statutes and regulations on nondiscrimination.

(a) A State and a subgrantee shall comply with the following statutes and regulations:

- Discrimination on the basis of age | The Age Discrimination Act (42 U.S.C. 6101 et seq.) | 34 CFR part 110.

(b) A State or subgrantee that is a covered entity as defined in §108.3 of this title shall comply with the nondiscrimination requirements of the Boy Scouts of America Equal Access Act, 20 U.S.C. 7905, 34 CFR part 108.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.650 Private schools; purpose of §§76.651-76.662.

(a) Under some programs, the authorizing statute requires that a State and its subgrantees provide for participation by students enrolled in private schools. Sections 76.651-76.662 apply to those programs and provide rules for that participation. These sections do not affect the authority of the State or a subgrantee to enter into a contract with a private party.

(b) If any other rules for participation of students enrolled in private schools apply under a particular program, they are in the authorizing statute or implementing regulations for that program.

(Authority: 20 U.S.C. 1221e-3 and 3474)

34 CFR §76.700 Compliance with statutes, regulations, State plan, and applications.

A State and a subgrantee shall comply with the State plan and applicable statutes, regulations, and approved applications, and shall use Federal funds in accordance with those statutes, regulations, plan, and applications.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.701 The State or subgrantee administers or supervises each project.

A State or a subgrantee shall directly administer or supervise the administration of each project.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.702 Fiscal control and fund accounting procedures.

A State and a subgrantee shall use fiscal control and fund accounting procedures that insure proper disbursement of and
accounting for Federal funds.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.709 Funds may be obligated during a “carryover period.”

(a) If a State or a subgrantee does not obligate all of its grant or subgrant funds by the end of the fiscal year for which Congress appropriated the funds, it may obligate the remaining funds during a carryover period of one additional fiscal year.

(b) The State shall return to the Federal Government any carryover funds not obligated by the end of the carryover period by the State and its subgrantees.

(Authority: U.S.C. 1221e-3, 1225(b), and 3474)

34 CFR §76.722 Subgrantee reporting requirements.

A State may require a subgrantee to submit reports in a manner and format that assists the State in complying with the requirements under 34 CFR 76.720 and in carrying out other responsibilities under the program.

(Authority: 20 U.S.C. 1221e-3, 1231a, and 3474)

[72 FR 3703, Jan. 25, 2007]

34 CFR §76.730 Records related to grant funds.

A State and a subgrantee shall keep records that fully show:

(a) The amount of funds under the grant or subgrant;

(b) How the State or subgrantee uses the funds;

(c) The total cost of the project;

(d) The share of that cost provided from other sources; and

(e) Other records to facilitate an effective audit.

(Approved by the Office of Management and Budget under control number 1880-0513)

(Authority: 20 U.S.C. 1232f)

34 CFR §76.731 Records related to compliance.

A State and a subgrantee shall keep records to show its compliance with program requirements.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

The Uniform Grant Guidance, 2 CFR §200 all applicable subrecipient requirements, including but not limited to:

2 CFR Subpart D – Post Federal Award Requirements

§200.302 Financial management.

§200.303 Internal controls.

§200.305 Payment.

§200.313 Equipment.

§200.314 Supplies.

§200.318 General procurement standards.

§200.320 Methods of procurement to be followed;

2 CFR 200 Subpart E: Cost Principles:

§200.403 Factors affecting allowability of costs.

§200.404 Reasonable costs.

§200.405 Allocable costs.

§200.413 Direct costs.

§200.415 Required certifications.

§200.430 Compensation—personal services.

The Debarment and Suspension, 34 CFR Part 85, Section 85.510, Participants’ Responsibilities and makes the following certification by signing this application:

The prospective lower-tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.

Where the prospective lower-tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section
Section II. Specific Elementary and Secondary School Emergency Relief (ESSER) Grant Assurances

The LEA assures that funds shall only be used for any of the following:

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.

- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.

- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.

- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.

- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.

- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.

- Planning for and coordinating during long-term closures, including for how to provide meals to eligible students, how to provide technology for online learning to all students, how to provide guidance for carrying out requirements under the Individuals with Disabilities Education Act (20 U.S.C. 1400 et seq.) and how to ensure other educational services can continue to be provided consistent with all Federal, State, and local requirements.

- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and students with disabilities, which may include assistive technology or adaptive equipment.

- Providing mental health services and supports.

- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low income students, students with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.

- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by—(A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.

- School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.

- Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.
Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Throughout the period of the grant award, the LEA shall comply with all applicable requirements of the Elementary and Secondary School Emergency Relief (ESSER) authorized by the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSAA), including:

CONTINUED PAYMENT TO EMPLOYEES
SEC. 18006. A local educational agency, State, institution of higher education, or other entity that receives funds under "Education Stabilization Fund", shall to the greatest extent practicable, continue to pay its employees and contractors during the period of any disruptions or closures related to coronavirus.

Certification

To the best of my knowledge and belief, all the information and data in this agreement are true and correct. I acknowledge and agree that the failure to comply with all Assurances and Certifications in this Agreement, all relevant provisions and requirements of the CARES Act, Pub. L. No. 116-136 (March 27, 2020), or any other applicable law or regulation may result in liability under the False Claims Act, 31 U.S.C. § 3729, et seq.; OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485; and 18 USC § 1001, as appropriate.

Would you like to additional district representatives to the application? | Yes
Other District Representative 1 | Email Address | clinej@usd430.org

Please briefly describe the impacts of COVID-19 on the district and its Pre-K through 12 students, including any relevant data where possible (e.g., cost impact, learning loss, emotional impact on students). If there has been a disproportionate impact on a special population in the district (e.g., students with disabilities, English Learners, students in foster care, students in poverty, etc.), please describe the impact and provide the number of Pre-K through 12 students in that population.

Prior to COVID-19 our benchmark assessments and attendance were moving in the upward direction. During COVID, many of our students were without adequate and reliable devices and internet access to provide an effective learning environment. Through Sparks funding and the LiNK grant we were able to purchase additional Chromebooks for those in need. Also, a local communications company, Rainbow Communications, was able to offer hot spots in the area communities. Even with all of the technology growth, in Fall 2020 we had a drop of as much as 20.2 percentile points in Math and 11.16 percentile points in Reading. 90% of our grade levels lost ground in the Fall 2020 NWEA math benchmark assessment, 60% in reading. Attendance has been lower post pandemic. Attendance in each building has reduced by as much as 8%tile points. Another source of data that we use is SAEBRS, social, academic, emotional behavior risk screener. At our middle and high school level we have seen our SAEBRS, which is determined by teacher evaluations, reduce. On the other hand, our elementary school increased by 7% with a greater amount of students identified as needing social emotional intervention.

Does the district have remaining ESSER I funding that it has not yet spent as of the date of ESSER II application submission? | No

Please review the following allowable uses of ESSER II funds before completing the narrative and Excel template portion of the application.

• Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.

• Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.

• Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.

• Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.

• Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.

• Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.

• Planning for, coordinating, and implementing activities during long-term closures, including providing meals to eligible students, providing technology for online learning to all students, providing guidance for carrying out requirements under the IDEA and ensuring other educational services can continue to be provided consistent with all Federal, State, and local requirements.

• Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and children with disabilities, which may include assistive technology or adaptive equipment.

• Providing mental health services and supports.

• Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low-income students, children with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.

• Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by—(A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.

• School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.

• Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.

• Developing strategies and implementing public health protocols for the reopening and operation of school facilities.

• Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Please note: "Developing strategies and implementing public health protocols for the reopening and operation of school facilities," identified as an allowable use under ESSER III in the American Rescue Plan, is also permissible under ESSER II.

Plan for ESSER II Direct District Allocation and KSDE Per-Student Additional Allocation (If Applicable)

Please summarize how the district proposes using its ESSER II direct district allocation (and its KSDE per-student additional allocation, if applicable) to address incremental COVID-19 needs.
USD 430 has created and will implement a new summer school program, “Ride the Wave”, for students in K-6 grades. Summer school will be held weekday mornings during the month of June. Each day, students will work with certified teachers with paraprofessional support on reading and math intervention or enrichment as well as social emotional learning. Each day will also include a fun camp activity for students to enjoy. Students will also receive breakfast and lunch while at the building. Transportation to and from school will be available. Elements of our current SEL program - Lions Quest will be used and supplemented with the Leader in Me principles. A school nurse will also be on duty during anytime students are on campus.

In order to address the need to socially distance our classrooms and to have the ability to move to an outdoor classroom environment when needed, we will be purchasing Interactive Clear Touch boards for our classrooms. This additional technology will allow greater movement within our district buildings and greenspace.

For our high school students, we will purchase an expanded Edgenuity plan for credit recovery. The Edgenuity schedule will be flexible for each student's needs, a tutor also will be available for assistance.

In addition to our summer school offerings, we are looking forward to Fall 2021. Our 5-12 band instruments will be deep cleaned, purchasing materials for our middle school Intro to Agriculture course, and training for our new Reading Intervention materials will be completed. We are also looking to add a few positions within the district to meet the needs of our staff and students. The first position will be an Instructional Coach - a position working with our staff. The others will be Student Interventionists - one for each of our district buildings.

How will the district determine the impact of its ESSER II direct district allocation expenditures (and additional per-student allocation, if applicable) on students?

USD 430 will use our benchmark data to determine the academic impact of the ESSER II funds. We currently use NWEA Map and DIBELS to determine our MTSS tiers for Reading and NWEA Map and Acadience to determine our MTSS tiers for Math. The impact of these funds will be seen through our tier support needs. We will also look at our attendance data and our SAEBRS data for Social Emotional needs. With the help of TASN, SEL interventions will be implemented in Fall 2021. Physically, we will be able to see outdoor and portable learning environments for our students in each of the buildings.

Notes on ESSER II application Excel template:

- Plans and budgets should be submitted for at least a 12 month period but do not need to account for the full duration of the program or the full allocation amount. Funds will remain accessible to the LEA until September 30, 2023 and there will be additional opportunities to submit further requests/plans in the future.
- Following ESSER II application approval and initiation of funds draw down, districts will be required to report to the Commissioner's Task Force on ESSER II expenditures and impact on a monthly basis throughout the program. This ESSER II reporting will be required as a part of regular ESSER program reporting, which will capture past expenditures across funding streams (ESSER I, ESSER I SPED, ESSER II, ESSER II SPED, ESSER II KSDE Per Student Allocation). Districts may be asked to provide expenditures by fund, function, object, account, and ESSER II allowable use as part of ongoing ESSER reporting.
- This reporting will not replace any reporting required by the federal government. KSDE will work to maximize compatibility between its reporting requirements and those of the federal government as much as possible to minimize burden on districts.

Please download and complete the ESSER II application template here to provide details on ESSER II budgeted expenditures across allowable uses and KSDE accounting codes.

Local Education Agency (LEA) Assurances
Section I. General Grant Assurances for Federal Funds

Throughout the period of the grant award, the LEA will comply with all requirements of:

The LEA will make a good faith effort, on a continuing basis, to maintain a drug-free workplace, in accordance with the measures in 34 CFR Part 84, Subpart B and the Drug-Free Workplace Act of 1988;

The Education Department General Administrative Regulations (EDGAR) 34 CFR 76 requirements, including:

34 CFR §76.500(a) Federal statutes and regulations on nondiscrimination.

(a) A State and a subgrantee shall comply with the following statutes and regulations:

- Discrimination on the basis of age | The Age Discrimination Act (42 U.S.C. 6101 et seq.) | 34 CFR part 110.

(b) A State or subgrantee that is a covered entity as defined in §108.3 of this title shall comply with the nondiscrimination requirements of the Boy Scouts of America Equal Access Act, 20 U.S.C. 7905, 34 CFR part 108.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.650 Private schools; purpose of §§76.651-76.662.

(a) Under some programs, the authorizing statute requires that a State and its subgrantees provide for participation by students enrolled in private schools. Sections 76.651-76.662 apply to those programs and provide rules for that participation. These sections do not affect the authority of the State or a subgrantee to enter into a contract with a private party.

(b) If any other rules for participation of students enrolled in private schools apply under a particular program, they are in the authorizing statute or implementing regulations for that program.

(Authority: 20 U.S.C. 1221e-3 and 3474)

34 CFR §76.700 Compliance with statutes, regulations, State plan, and applications.

A State and a subgrantee shall comply with the State plan and applicable statutes, regulations, and approved applications, and shall use Federal funds in accordance with those statutes, regulations, plan, and applications.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.701 The State or subgrantee administers or supervises each project.

A State or a subgrantee shall directly administer or supervise the administration of each project.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.702 Fiscal control and fund accounting procedures.

A State and a subgrantee shall use fiscal control and fund accounting procedures that insure proper disbursement of and accounting for Federal funds.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.709 Funds may be obligated during a “carryover period.”

(a) If a State or a subgrantee does not obligate all of its grant or subgrant funds by the end of the fiscal year for which Congress appropriated the funds, it may obligate the remaining funds during a carryover period of one additional fiscal year.

(b) The State shall return to the Federal Government any carryover funds not obligated by the end of the carryover period by the State and its subgrantees.

(Authority: U.S.C. 1221e-3, 1225(b), and 3474)

34 CFR §76.722 Subgrantee reporting requirements.

A State may require a subgrantee to submit reports in a manner and format that assists the State in complying with the requirements under 34 CFR 76.720 and in carrying out other responsibilities under the program.

(Authority: 20 U.S.C. 1221e-3, 1231a, and 3474)

[72 FR 3703, Jan. 25, 2007]

34 CFR §76.730 Records related to grant funds.

A State and a subgrantee shall keep records that fully show:

(a) The amount of funds under the grant or subgrant;
(b) How the State or subgrantee uses the funds;
(c) The total cost of the project;
(d) The share of that cost provided from other sources; and
(e) Other records to facilitate an effective audit.

(Approved by the Office of Management and Budget under control number 1880-0513)

(Authority: 20 U.S.C. 1232f)

34 CFR §76.731
Records related to compliance.

A State and a subgrantee shall keep records to show its compliance with program requirements.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

The Uniform Grant Guidance, 2 CFR §200 all applicable subrecipient requirements, including but not limited to:

2 CFR Subpart D – Post Federal Award Requirements
§200.302 Financial management.
§200.303 Internal controls.
§200.305 Payment.
§200.313 Equipment.
§200.314 Supplies.
§200.318 General procurement standards.
§200.320 Methods of procurement to be followed;

2 CFR 200 Subpart E: Cost Principles:
§200.403 Factors affecting allowability of costs.
§200.404 Reasonable costs.
§200.405 Allocable costs.
§200.413 Direct costs.
§200.415 Required certifications.
§200.430 Compensation—personal services.

The Debarment and Suspension, 34 CFR Part 85, Section 85.510, Participants’ Responsibilities and makes the following certification by signing this application:

The prospective lower-tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.

Where the prospective lower-tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 for such failure.

Section II. Specific Elementary and Secondary School Emergency Relief (ESSER) Grant Assurances

The LEA assures that funds shall only be used for any of the following:

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.

- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.
• Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.

• Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.

• Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.

• Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.

• Planning for and coordinating during long-term closures, including for how to provide meals to eligible students, how to provide technology for online learning to all students, how to provide guidance for carrying out requirements under the Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.) and how to ensure other educational services can continue to be provided consistent with all Federal, State, and local requirements.

• Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and students with disabilities, which may include assistive technology or adaptive equipment.

• Providing mental health services and supports.

• Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low income students, students with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.

• Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.

• School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.

• Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.

• Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Throughout the period of the grant award, the LEA shall comply with all applicable requirements of the Elementary and Secondary School Emergency Relief (ESSER) authorized by the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSAA), including:

CONTINUED PAYMENT TO EMPLOYEES

SEC. 18006. A local educational agency, State, institution of higher education, or other entity that receives funds under “Education Stabilization Fund”, shall to the greatest extent practicable, continue to pay its employees and contractors during the period of any disruptions or closures related to coronavirus.

Certification

To the best of my knowledge and belief, all the information and data in this agreement are true and correct. I acknowledge and agree that the failure to comply with all Assurances and Certifications in this Agreement, all relevant provisions and requirements of the CARES Act, Pub. L. No. 116-136 (March 27, 2020), or any other applicable law or regulation may result in liability under the False Claims Act, 31 U.S.C. § 3729, et seq.; OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485; and 18 USC § 1001, as appropriate.

Per applicant, This program is for a high school CTE class to allow students to job shadow without having to attend the facilities due to covid restrictions.

Allowable to a) reimburse the district for prior remote learning expenses b) incur new expenses related to actual current/perpetual remote learning circumstances, and/or c) to budget for potential future remote learning expenses. Please note that expenses should not be incurred to purchase property to hold in the unlikely event of potential future remote learning needs.
Thank you for creating a User Profile for the Kansas CommonApp!

Your User Profile will be linked to every application submitted under your login. You can always return to this page to keep your information current.

Please briefly describe the impacts of COVID-19 on the district and its Pre-K through 12 students, including any relevant data where possible (e.g., cost impact, learning loss, emotional impact on students). If there has been a disproportionate impact on
a special population in the district (e.g., students with disabilities, English Learners, students in foster care, students in poverty, etc.), please describe the impact and provide the number of Pre-K through 12 students in that population.

The impact of COVID-19 resulted in a decline in academic performance for PK-12th grade students. Panorama shows students failing at least one class, has increased an average of 15% from the 2019-2020 school year to the 2020-2021 school year. There is a slight decline in MAP Math for students 7-12. There has been a disproportionate impact on the ESOL population with an average of 60% failing at least one class. Special education students failing at least one class increased by 10%. Students eligible for free and reduced failing at least one class increased by 16%.

According to the KCTC, there has been an increase in depression by 19% from 2020-2021. Students reporting that they attempted suicide within the month of the survey administration has increased by 54% from 2020-2021. The Student Risk Screening Scale - Internalizing and Externalizing (SRSS-IE) indicated that students in need of Tier 3 support (individualized and intense) increased 52% from 2020-2021 and students in need of Tier 2 support (individualized and intense) increased 10% from 2020-2021. Currently the district has 83 students in the Mental Health Intervention Program partnership with KSDE.

Due to students having to be remote, the district has had to purchase laptops for all students. This has doubled our one to one technology from approximately 900-2000. The increase of technology usage on campuses has caused an increased need in bandwidth to each classroom. Also, with some students not having access to internet access points were purchased for families to use during remote learning.

Does the district have remaining ESSER I funding that it has not yet spent as of the date of ESSER II application submission?

Please review the following allowable uses of ESSER II funds before completing the narrative and Excel template portion of the application.

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.
- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.
- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.
- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.
- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.
- Planning for, coordinating, and implementing activities during long-term closures, including providing meals to eligible students, providing technology for online learning to all students, providing guidance for carrying out requirements under the IDEA and ensuring other educational services can continue to be provided consistent with all Federal, State, and local requirements.
- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and children with disabilities, which may include assistive technology or adaptive equipment.
Providing mental health services and supports.

Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low-income students, children with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.

Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students' academic progress and assist educators in meeting students' academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.

School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.

Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.

Developing strategies and implementing public health protocols for the reopening and operation of school facilities.

Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Please note: "Developing strategies and implementing public health protocols for the reopening and operation of school facilities," identified as an allowable use under ESSER III in the American Rescue Plan, is also permissible under ESSER II.

Plan for ESSER II Direct District Allocation and KSDE Per-Student Additional Allocation (If Applicable)

Please summarize how the district proposes using its ESSER II direct district allocation (and its KSDE per-student additional allocation, if applicable) to address incremental COVID-19 needs.

To address the learning loss of students during the COVID-19 period, the district is implementing a new instructional model of Professional Learning Communities within all grade levels. These expenses will include paid staff training days as the PLC contractors. An instructional coach will be hired to breakdown student data and to work with instructors in developing strategies to target specific educational need of each student.

Funds will also be used to purchase upgraded network equipment due to the increased use of computers and live streaming both in the classroom and through connectivity with students at home. Internet connectivity options for students who do not have internet connection at home such as cellular hotspots will be purchased. Additional laptop computers will be purchased for use in the classrooms so students do not have to share computers to maintain social distance and will be used when students have to be at home.

Afterschool, summer, and intense targeted assistance programs will be implemented that will target students identified with educational deficiency needs.

To help curtail the spread of COVID-19 and to improve the air quality, replacement HVAC units will be purchased as the current units are approximately 20 years old. New units will have UV lighting to clean the air as it is circulated. In high traffic areas such as offices, smaller UV filtering systems will be purchased and installed. Cleaning supplies and chemicals designed to kill the coronavirus will continue to be purchased for the cleaning and sanitizing of the facilities. Basic supplies such as towels, sanitizer, chemical for ionizer sprayers for the cleaning of classrooms and high touch areas will be purchased. Various PPE supplies for students, staff and visitors will be purchased including appropriate signage for social distancing in line with local health requirements.

How will the district determine the impact of its ESSER II direct district allocation expenditures (and additional per-student allocation, if applicable) on students?
The district has implemented Panorama which will coordinate attendance, behavior, local assessment data, state standards, social-emotional criteria for each student. District staff will monitor each of these areas of students' growth. The Professional Learning Communities will then be able to determine what is the best course of action for the student to achieve set goals. The overall data will be used to monitor the district increased performance in all of these areas. In addition, monitoring of student grades and assignments will be done by classroom teachers if students have to be out of the classroom for a period of time.

Improved air quality and continued cleaning and sanitizing of the facilities will positively impact the attendance of students as they will be back in school every day.

Notes on ESSER II application Excel template:

- Plans and budgets should be submitted for at least a 12 month period but do not need to account for the full duration of the program or the full allocation amount. Funds will remain accessible to the LEA until September 30, 2023 and there will be additional opportunities to submit further requests/plans in the future.
- Following ESSER II application approval and initiation of funds draw down, districts will be required to report to the Commissioner's Task Force on ESSER II expenditures and impact on a monthly basis throughout the program. This ESSER II reporting will be required as a part of regular ESSER program reporting, which will capture past expenditures across funding streams (ESSER I, ESSER I SPED, ESSER II, ESSER II SPED, ESSER II KSDE Per Student Allocation). Districts may be asked to provide expenditures by fund, function, object, account, and ESSER II allowable use as part of ongoing ESSER reporting.
- This reporting will not replace any reporting required by the federal government. KSDE will work to maximize compatibility between its reporting requirements and those of the federal government as much as possible to minimize burden on districts.

Please download and complete the ESSER II application template here to provide details on ESSER II budgeted expenditures across allowable uses and KSDE accounting codes.

Local Education Agency (LEA) Assurances

Section I. General Grant Assurances for Federal Funds

Throughout the period of the grant award, the LEA will comply with all requirements of:
The LEA will make a good faith effort, on a continuing basis, to maintain a drug-free workplace, in accordance with the measures in 34 CFR Part 84, Subpart B and the Drug-Free Workplace Act of 1988;
The Education Department General Administrative Regulations (EDGAR) 34 CFR 76 requirements, including:
34 CFR §76.500(a) Federal statutes and regulations on nondiscrimination.
(a) A State and a subgrantee shall comply with the following statutes and regulations:
- Discrimination on the basis of age | The Age Discrimination Act (42 U.S.C. 6101 et seq.) | 34 CFR part 110.

(b) A State or subgrantee that is a covered entity as defined in §108.3 of this title shall comply with the nondiscrimination requirements of the Boy Scouts of America Equal Access Act, 20 U.S.C. 7905, 34 CFR part 108.
(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))
34 CFR §76.650 Private schools; purpose of §§76.651-76.662.
(a) Under some programs, the authorizing statute requires that a State and its subgrantees provide for participation by students enrolled in private schools. Sections 76.651-76.662 apply to those programs and provide rules for that participation. These sections do not affect the authority of the State or a subgrantee to enter into a contract with a private party.
(b) If any other rules for participation of students enrolled in private schools apply under a particular program, they are in the authorizing statute or implementing regulations for that program.

(Authority: 20 U.S.C. 1221e-3 and 3474)

34 CFR §76.700 Compliance with statutes, regulations, State plan, and applications.
A State and a subgrantee shall comply with the State plan and applicable statutes, regulations, and approved applications, and shall use Federal funds in accordance with those statutes, regulations, plan, and applications.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.701 The State or subgrantee administers or supervises each project.
A State or a subgrantee shall directly administer or supervise the administration of each project.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.702 Fiscal control and fund accounting procedures.
A State and a subgrantee shall use fiscal control and fund accounting procedures that insure proper disbursement of and accounting for Federal funds.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.709 Funds may be obligated during a “carryover period.”
(a) If a State or a subgrantee does not obligate all of its grant or subgrant funds by the end of the fiscal year for which Congress appropriated the funds, it may obligate the remaining funds during a carryover period of one additional fiscal year.
(b) The State shall return to the Federal Government any carryover funds not obligated by the end of the carryover period by the State and its subgrantees.

(Authority: U.S.C. 1221e-3, 1225(b), and 3474)

34 CFR §76.722 Subgrantee reporting requirements.
A State may require a subgrantee to submit reports in a manner and format that assists the State in complying with the requirements under 34 CFR 76.720 and in carrying out other responsibilities under the program.

(Authority: 20 U.S.C. 1221e-3, 1231a, and 3474)

[72 FR 3703, Jan. 25, 2007]

34 CFR §76.730 Records related to grant funds.
A State and a subgrantee shall keep records that fully show:
(a) The amount of funds under the grant or subgrant;
(b) How the State or subgrantee uses the funds;
(c) The total cost of the project;
(d) The share of that cost provided from other sources; and
(e) Other records to facilitate an effective audit.

(Approved by the Office of Management and Budget under control number 1880-0513)

(Authority: 20 U.S.C. 1232f)

34 CFR §76.731 Records related to compliance.
A State and a subgrantee shall keep records to show its compliance with program requirements.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

The Uniform Grant Guidance, 2 CFR §200 all applicable subrecipient requirements, including but not limited to:
2 CFR Subpart D – Post Federal Award Requirements
§200.302 Financial management.
§200.303 Internal controls.
§200.305 Payment.
§200.313 Equipment.
§200.314 Supplies.
§200.318 General procurement standards.
§200.320 Methods of procurement to be followed;
2 CFR 200 Subpart E: Cost Principles:
§200.403 Factors affecting allowability of costs.
§200.404 Reasonable costs.
§200.405 Allocable costs.
§200.413 Direct costs.
§200.415 Required certifications.
§200.430 Compensation—personal services.
The Debarment and Suspension, 34 CFR Part 85, Section 85.510, Participants' Responsibilities and makes the following
certification by signing this application:
The prospective lower-tier participant certifies, by submission of this proposal, that neither it nor its principals is presently
debared, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this
transaction by any federal department or agency.
Where the prospective lower-tier participant is unable to certify to any of the statements in this certification, such prospective
participant shall attach an explanation to this proposal.
This certification is a material representation of fact upon which reliance was placed when this transaction was made or
entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section
1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than
$10,000 for such failure.

Section II. Specific Elementary and Secondary School
Emergency Relief (ESSER) Grant Assurances

The LEA assures that funds shall only be used for any of the following:

- Any activity authorized by the ESEA of 1965, including the Native Hawaiian Education Act and the Alaska Native Educational
  Equity, Support, and Assistance Act (20 U.S.C. 6301 et seq.), the Individuals with Disabilities Education Act (20 U.S.C. 1400 et
  seq.) ("IDEA"), the Adult Education and Family Literacy Act (20 U.S.C. 1400 et seq.), the Carl D. Perkins Career and Technical
  Education Act of 2006 (20 U.S.C. 2301 et seq.) ("the Perkins Act"), or subtitle B of title VII of the McKinney-Vento Homeless
  Assistance Act (42 U.S.C. 11431 et seq.).
- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial
  public health departments, and other relevant agencies, to improve coordinated responses among such entities to
  prevent, prepare for, and respond to coronavirus.
- Providing principals and others school leaders with the resources necessary to address the needs of their individual
  schools.
- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial
  and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service
  delivery will meet the needs of each population.
- Developing and implementing procedures and systems to improve the preparedness and response efforts of local
  educational agencies.
- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of
  infectious diseases.
- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such
  agency.
- Planning for and coordinating during long-term closures, including for how to provide meals to eligible students, how to
  provide technology for online learning to all students, how to provide guidance for carrying out requirements under the
  Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.) and how to ensure other educational services can
  continue to be provided consistent with all Federal, State, and local requirements.
- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the
  local educational agency that aids in regular and substantive educational interaction between students and their
  classroom instructors, including low-income students and students with disabilities, which may include assistive
  technology or adaptive equipment.
• Providing mental health services and supports.
• Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low income students, students with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.
• Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students' academic progress and assist educators in meeting students' academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.
• School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.
• Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.
• Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Throughout the period of the grant award, the LEA shall comply with all applicable requirements of the Elementary and Secondary School Emergency Relief (ESSER) authorized by the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSAA), including:
CONTINUED PAYMENT TO EMPLOYEES
SEC. 18006. A local educational agency, State, institution of higher education, or other entity that receives funds under "Education Stabilization Fund", shall to the greatest extent practicable, continue to pay its employees and contractors during the period of any disruptions or closures related to coronavirus.

**Certification**

To the best of my knowledge and belief, all the information and data in this agreement are true and correct. I acknowledge and agree that the failure to comply with all Assurances and Certifications in this Agreement, all relevant provisions and requirements of the CARES Act, Pub. L. No. 116-136 (March 27, 2020), or any other applicable law or regulation may result in liability under the False Claims Act, 31 U.S.C. § 3729, et seq.; OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485; and 18 USC § 1001, as appropriate.

15. Developing strategies and implementing public health protocols for the reopening and operation of school facilities

Cleaning supplies used throughout the district in the increased efforts to clean and sanitize the district facilities to make them ready for student, staff and community. Cleaning supplies include items that have been implemented due to the COVID-19 pandemic. Items such as paper towels for each classroom, wipes, etc. to implement local health protocols in cleaning the facilities. Est. $14,500/yr. x 2 yrs. = $29,000

| 445-1-031 | Eligible | Direct Allocation | Safety | Cleaning Supplies and Chemicals | $29,000 | $3,000 | $14,000 | $12,000 | $- | 99631 |

7. Purchasing supplies to sanitize and clean LEA and school facilities

Chemicals and usable supplies used to clean the district that are due to the COVID-19 pandemic. These cleaning chemicals and supplies have been implemented in response to the pandemic and include items such as Gen-a-Fect spray cleaner/sanitizer, spray bottles for the classrooms, face shields, N95 masks, hand sanitizing chemicals, vital oxide to spray the classrooms and traffic areas to sanitize and prevent the spread of COVID. Est. $15,000/yr. x 2 yrs. = $30,000

| 445-1-032 | Eligible | Direct Allocation | Safety | Cleaning Supplies and Chemicals | $30,000 | $4,000 | $15,000 | $11,000 | $- | 99632 |
| 445-1-033 | Eligible | Direct Allocation | Safety | Equipment 7. Purchasing supplies to sanitize and clean LEA and school facilities | Equipment used to sanitize and clean the facilities to help prevent the spread of COVID. Sprayers/ionizers are used to spray vital oxide and other chemicals in the classrooms, offices, and gymnasiums after each day. Backpack sprayers are used for bleachers and playground equipment to be sanitized after use. Victory Ionizers: 10 Victory Ionizers x $900 ea. = $9,000 Backpack sprayers: 3 sprayers x $500 ea. = $1,500 Backpack sprayers: 3 sprayers x $500 ea. = $1,500 | $10,500 | $ - | $5,250 | $5,250 | $ - | 99670 |

| 445-1-034 | Eligible | Direct Allocation | Building Improvements (Outside Contractors) | Constructio n Services | 13. School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs | Currently the elementary building as 6 classrooms that were originally designed as “team-teaching” rooms. These rooms have everything separate already, HVAC, electricity, kitchenette, ceiling light controls, etc, except that there is no wall where there should be to divide the room. To help in the prevent the spread of the coronavirus and separation of the student groups we would like to put in a wall that would separate the one “team-teaching” rooms into two individual classrooms. The only thing that is needed is the wall with a little bit of electrical installed in it and possible repair of the ceiling tile where the new wall is placed. Everything else is already separated for the classrooms. By separating the classrooms, it will help to maintain the student cohort in a more confined classroom to help prevent COVID spread. Est. 6 rooms x $7,000/room = $42,000 | $42,000 | $ - | $42,000 | $ - | $ - | 99440 |
| 445-1-035 | Eligible | Direct Allocation | Building Improvements | Heating and Cooling System | The high school and middle school are each almost 100 years old and as such the design of the building allows for only one HVAC unit to serve approximately 12 classrooms. There is a total of 10 units on the high school and middle school. The district has completely replaced two of the units already and has rebuilt two other units with existing funds and have installed UV Light units to clean the air as it is returned. The proposed use of funds would be to replace the remaining units and install UV Light cleaning units in them. With these current units serving multiple classrooms, the possible spread of COVID is increased which is why they need replaced. 6 units x $124,000 each for cost and installation = $620,000 | $620,000 | - | $620,000 | - | - | 99470 |

Application details

**Full District Name**  |  Basehor-Linwood
During the course of the pandemic our students, staff, parents, and community have been deeply impacted. With many of our students living in rural areas, connectivity has been a continuing concern. We have limited connectivity for some students while trying to provide technology and assistive devices for them. With remote, hybrid, and on-site learning we had a myriad of opportunities available for our students to help make up for learning loss due to the pandemic. Student academic scores have decreased in our nationally normed screener, MAP. We have also seen social emotional concerns through our panorama survey. This year we served 2575 in our hybrid, remote, and onsite environment. An additional 373 students in our virtual school also received additional support this year. We have seen deeper impacts on our special populations with staff changes required to meet the needs due to the requirements of the pandemic safety concerns. The costs due to the changes to meet the needs of students and staff have increased with cleaning, staffing and additional resources. The pandemic has made a major impact on our budget, learning, and social-emotional health across the district.

Does the district have remaining ESSER I funding that it has not yet spent as of the date of ESSER II application submission? | No

Please review the following allowable uses of ESSER II funds before completing the narrative and Excel template portion of the application.

• Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.

• Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.

• Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.

• Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.

• Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.

• Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.

• Planning for, coordinating, and implementing activities during long-term closures, including providing meals to eligible students, providing technology for online learning to all students, providing guidance for carrying out requirements under the IDEA and ensuring other educational services can continue to be provided consistent with all Federal, State, and local requirements.

• Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and children with disabilities, which may include assistive technology or adaptive equipment.

• Providing mental health services and supports.

• Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low-income students, children with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.

• Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students' academic progress and assist educators in meeting students' academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.

• School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.

• Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.

• Developing strategies and implementing public health protocols for the reopening and operation of school facilities.

• Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Please note: "Developing strategies and implementing public health protocols for the reopening and operation of school facilities," identified as an allowable use under ESSER III in the American Rescue Plan, is also permissible under ESSER II.

Plan for ESSER II Direct District Allocation and KSDE Per-Student Additional Allocation (If Applicable)

Please summarize how the district proposes using its ESSER II direct district allocation (and its KSDE per-student additional allocation, if applicable) to address incremental COVID-19 needs.
One of our 1st steps to combat the learning loss is the development of our summer school programs. Each building has done a data-dive to determine which students are in need of enrichment due to the learning loss. Working together, our teams collaborated to develop their summer school platform. The funds will be used to pay for our staffing needs, resources, and supplies to meet the needs of this platform to decrease learning loss across the district at the K-12 level. This is a new program for us that has been specifically designed for learning loss due to COVID-19.

How will the district determine the impact of its ESSER II direct district allocation expenditures (and additional per-student allocation, if applicable) on students?

To determine the impact of our ESSER II funds, our district plans to continue to monitor students’ academic growth along with social emotional growth. Our team will utilize our universal screeners, MAP, item assessments and panorama. Gathering this data our teachers, administrators and support staff will collaborate to continually analyze the impacts of our programming to determine additional resources for student growth. Through this data-driven approach our team will continuously analyze our data to determine what is being effective from our ESSER II funded programs and what additional programs are needed to get our students back on track from the effects of the pandemic.

Notes on ESSER II application Excel template:

- Plans and budgets should be submitted for at least a 12 month period but do not need to account for the full duration of the program or the full allocation amount. Funds will remain accessible to the LEA until September 30, 2023 and there will be additional opportunities to submit further requests/plans in the future.
- Following ESSER II application approval and initiation of funds draw down, districts will be required to report to the Commissioner’s Task Force on ESSER II expenditures and impact on a monthly basis throughout the program. This ESSER II reporting will be required as a part of regular ESSER program reporting, which will capture past expenditures across funding streams (ESSER I, ESSER I SPED, ESSER II, ESSER II SPED, ESSER II KSDE Per Student Allocation). Districts may be asked to provide expenditures by fund, function, object, account, and ESSER II allowable use as part of ongoing ESSER reporting.
- This reporting will not replace any reporting required by the federal government. KSDE will work to maximize compatibility between its reporting requirements and those of the federal government as much as possible to minimize burden on districts.

Please download and complete the ESSER II application template [here](#) to provide details on ESSER II budgeted expenditures across allowable uses and KSDE accounting codes.

### Local Education Agency (LEA) Assurances

#### Section I. General Grant Assurances for Federal Funds

Throughout the period of the grant award, the LEA will comply with all requirements of:
The LEA will make a good faith effort, on a continuing basis, to maintain a drug-free workplace, in accordance with the measures in 34 CFR Part 84, Subpart B and the Drug-Free Workplace Act of 1988;
The Education Department General Administrative Regulations (EDGAR) 34 CFR 76 requirements, including:
- 34 CFR §76.500(a) Federal statutes and regulations on nondiscrimination.
- (a) A State and a subgrantee shall comply with the following statutes and regulations:
Discrimination on the basis of age | The Age Discrimination Act (42 U.S.C. 6101 et seq.) | 34 CFR part 110.

(b) A State or subgrantee that is a covered entity as defined in §108.3 of this title shall comply with the nondiscrimination requirements of the Boy Scouts of America Equal Access Act, 20 U.S.C. 7905, 34 CFR part 108.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.650 Private schools; purpose of §§76.651-76.662.

(a) Under some programs, the authorizing statute requires that a State and its subgrantees provide for participation by students enrolled in private schools. Sections 76.651-76.662 apply to those programs and provide rules for that participation. These sections do not affect the authority of the State or a subgrantee to enter into a contract with a private party.

(b) If any other rules for participation of students enrolled in private schools apply under a particular program, they are in the authorizing statute or implementing regulations for that program.

(Authority: 20 U.S.C. 1221e-3 and 3474)

34 CFR §76.700 Compliance with statutes, regulations, State plan, and applications.

A State and a subgrantee shall comply with the State plan and applicable statutes, regulations, and approved applications, and shall use Federal funds in accordance with those statutes, regulations, plan, and applications.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.701 The State or subgrantee administers or supervises each project.

A State or a subgrantee shall directly administer or supervise the administration of each project.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.702 Fiscal control and fund accounting procedures.

A State and a subgrantee shall use fiscal control and fund accounting procedures that insure proper disbursement of and accounting for Federal funds.

(Authority: 20 U.S.C. 1221e-3 and 3474)

34 CFR §76.709 Funds may be obligated during a “carryover period.”

(a) If a State or a subgrantee does not obligate all of its grant or subgrant funds by the end of the fiscal year for which Congress appropriated the funds, it may obligate the remaining funds during a carryover period of one additional fiscal year.

(b) The State shall return to the Federal Government any carryover funds not obligated by the end of the carryover period by the State and its subgrantees.

(Authority: U.S.C. 1221e-3, 1225(b), and 3474)

34 CFR §76.722 Subgrantee reporting requirements.

A State may require a subgrantee to submit reports in a manner and format that assists the State in complying with the requirements under 34 CFR 76.720 and in carrying out other responsibilities under the program.

(Authority: 20 U.S.C. 1221e-3, 1231a, and 3474)

[72 FR 3703, Jan. 25, 2007]

34 CFR §76.730 Records related to grant funds.

A State and a subgrantee shall keep records that fully show:

(a) The amount of funds under the grant or subgrant;

(b) How the State or subgrantee uses the funds;

(c) The total cost of the project;

(d) The share of that cost provided from other sources; and

(e) Other records to facilitate an effective audit.

(Approved by the Office of Management and Budget under control number 1880-0513)

(Authority: 20 U.S.C. 1232f)

34 CFR §76.731 Records related to compliance.

A State and a subgrantee shall keep records to show its compliance with program requirements.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

The Uniform Grant Guidance, 2 CFR §200 all applicable subrecipient requirements, including but not limited to:
The Debarment and Suspension, 34 CFR Part 85, Section 85.510, Participants’ Responsibilities and makes the following certification by signing this application:

The prospective lower-tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.

Where the prospective lower-tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 for such failure.

Section II. Specific Elementary and Secondary School Emergency Relief (ESSER) Grant Assurances

The LEA assures that funds shall only be used for any of the following:

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.
- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.
- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.
- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.
- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.
- Planning for and coordinating during long-term closures, including for how to provide meals to eligible students, how to provide technology for online learning to all students, how to provide guidance for carrying out requirements under the
Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.) and how to ensure other educational services can continue to be provided consistent with all Federal, State, and local requirements.

- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and students with disabilities, which may include assistive technology or adaptive equipment.
- Providing mental health services and supports.
- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low income students, students with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.
- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.
- School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.
- Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.
- Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Throughout the period of the grant award, the LEA shall comply with all applicable requirements of the Elementary and Secondary School Emergency Relief (ESSER) authorized by the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSA), including:

CONTINUED PAYMENT TO EMPLOYEES
SEC. 18006. A local educational agency, State, institution of higher education, or other entity that receives funds under “Education Stabilization Fund”, shall to the greatest extent practicable, continue to pay its employees and contractors during the period of any disruptions or closures related to coronavirus.

Certification

To the best of my knowledge and belief, all the information and data in this agreement are true and correct. I acknowledge and agree that the failure to comply with all Assurances and Certifications in this Agreement, all relevant provisions and requirements of the CARES Act, Pub. L. No. 116-136 (March 27, 2020), or any other applicable law or regulation may result in liability under the False Claims Act, 31 U.S.C. § 3729, et seq.; OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485; and 18 USC § 1001, as appropriate.

Please briefly describe the impacts of COVID-19 on the district and its Pre-K through 12 students, including any relevant data where possible (e.g., cost impact, learning loss, emotional impact on students). If there has been a disproportionate impact on a special population in the district (e.g., students with disabilities, English Learners, students in foster care, students in poverty, etc.), please describe the impact and provide the number of Pre-K through 12 students in that population.

USD 465 has significant challenges since the start of the pandemic. In comparison to the 2019-2020 school year, headcount dropped 155 students from the near 2200 students of 2019-2020. Of those students, 86 of them were PreK aged. We consistently had 10-15% of students enrolled with remote learning K-12. While this was utilized by many in a positive manner, there were over 20 students that have not connected with the school since March 2020. The district made valiant efforts to communicate and connect with these students and families. These students are considered to be at-risk if and when they return to school. Our attendance rate did drop, we have yet to get the comprehensive impact at this time. Looking at the bright side, our Fastbridge data has shown no severe declines in any student population in Reading and Math. However, there are still areas to address, we have great need in K-5 reading curriculum and interventions. We also have students that have pronounced mental health needs that have been exacerbated by the pandemic. We do not find a significant alteration to a specific special population as each challenge has developed in each subgroup we have in the district. Overall, the impact of COVID 19 and the challenges can and will be overcome with the support of a great staff and the strong community of Winfield. The ESSER funds will provide the resources to have positive and lasting interventions for students and families.
Does the district have remaining ESSER I funding that it has not yet spent as of the date of ESSER II application submission?

Yes

Please summarize how the district will use its remaining ESSER I and ESSER I SPED funding and what it hopes to accomplish with these funds.

Our plan is to spend the remaining funds from ESSER I to address academic loss and social-emotional supports for students of the district. Currently, we have 65% left in ESSER I. The priorities were to focus on supporting the Senior class in an effort to get them all to graduation, after-school programming for at-risk learners K-12, and a summer school camp designed for PreK-5 and credit recovery for grades 6-12. This includes students with Special Education needs.

Please review the following allowable uses of ESSER II funds before completing the narrative and Excel template portion of the application.

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.
- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.
- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.
- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.
- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.
- Planning for, coordinating, and implementing activities during long-term closures, including providing meals to eligible students, providing technology for online learning to all students, providing guidance for carrying out requirements under the IDEA and ensuring other educational services can continue to be provided consistent with all Federal, State, and local requirements.
- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and children with disabilities, which may include assistive technology or adaptive equipment.
- Providing mental health services and supports.
- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low-income students, children with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.
- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students' academic progress and assist educators in meeting students' academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing
information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.

- School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.
- Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.
- Developing strategies and implementing public health protocols for the reopening and operation of school facilities.
- Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Please note: "Developing strategies and implementing public health protocols for the reopening and operation of school facilities," identified as an allowable use under ESSER III in the American Rescue Plan, is also permissible under ESSER II.

Plan for ESSER II Direct District Allocation and KSDE Per-Student Additional Allocation (If Applicable)

Please summarize how the district proposes using its ESSER II direct district allocation (and its KSDE per-student additional allocation, if applicable) to address incremental COVID-19 needs.

Much of our plan for ESSER II is tied to additional support staff for students, families and teachers. We plan to add more counselors/social workers to reduce the ratio of staff to students/families in an effort to meet the social emotional impact of the pandemic school year. Additionally, we plan to expand our nursing services through a nursing aide and substitute nurse for the district to meet the health needs of students and staff. Also, it is in the plan to add family engagement specialists to buildings where counselors or social workers may not be added due to shortage across the state. These specialists will be the communicators between school and families to re-establish trust and lines of communication in addressing students at-risk academically and social/emotionally. All of these additional staffing positions will be temporary and thus posted as such. Academically, we plan to add Instructional Coaches to the buildings that do not have them in order to share learning strategies that will directly impact student achievement for future years, supported by ESSER funding. It is in our plan to add curriculum and assessment tools that gives our teachers the resources to properly diagnose and address shortcomings in academics and SEL. The professional development that comes with adding these resources is also included in our plan. We will need additional support from transportation and food service to address at-risk students in afterschool and summer school programming. The secondary priority for ESSER II is to alter the learning environment through air purification/HVAC changes; ventilation monitoring; sanitation supplies; and adding a small vehicle to continue social distancing and ease the reliance of bus drivers requiring a CDL.

How will the district determine the impact of its ESSER II direct district allocation expenditures (and additional per-student allocation, if applicable) on students?

We will monitor our academic follow-through with assessments from Fastbridge, NWEA Map, attendance data, and surveys from parents and staff. SEL will be subject to reports from SAEBRS, Communities that Care surveying, as well as parents, students, and staff surveys. Upon reviewing this data systematically, we will alter our plan and allocations to meet the needs that surface.

Notes on ESSER II application Excel template:

- Plans and budgets should be submitted for at least a 12 month period but do not need to account for the full duration of the program or the full allocation amount. Funds will remain accessible to the LEA until September 30, 2023 and there will be additional opportunities to submit further requests/plans in the future.
- Following ESSER II application approval and initiation of funds draw down, districts will be required to report to the Commissioner’s Task Force on ESSER II expenditures and impact on a monthly basis throughout the program. This ESSER II reporting will be required as a part of regular ESSER program reporting, which will capture past expenditures across funding streams (ESSER I, ESSER I SPED, ESSER II, ESSER II SPED, ESSER II KSDE Per Student Allocation). Districts may be
asked to provide expenditures by fund, function, object, account, and ESSER II allowable use as part of ongoing ESSER reporting.

- This reporting will not replace any reporting required by the federal government. KSDE will work to maximize compatibility between its reporting requirements and those of the federal government as much as possible to minimize burden on districts.

Please download and complete the ESSER II application template here to provide details on ESSER II budgeted expenditures across allowable uses and KSDE accounting codes.

Local Education Agency (LEA) Assurances

Section I. General Grant Assurances for Federal Funds

Throughout the period of the grant award, the LEA will comply with all requirements of:

The LEA will make a good faith effort, on a continuing basis, to maintain a drug-free workplace, in accordance with the measures in 34 CFR Part 84, Subpart B and the Drug-Free Workplace Act of 1988;

The Education Department General Administrative Regulations (EDGAR) 34 CFR 76 requirements, including:

34 CFR §76.500(a) Federal statutes and regulations on nondiscrimination.

(a) A State and a subgrantee shall comply with the following statutes and regulations:

- Discrimination on the basis of age | The Age Discrimination Act (42 U.S.C. 6101 et seq.) | 34 CFR part 110.

(b) A State or subgrantee that is a covered entity as defined in §108.3 of this title shall comply with the nondiscrimination requirements of the Boy Scouts of America Equal Access Act, 20 U.S.C. 7905, 34 CFR part 108.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.650 Private schools; purpose of §§76.651-76.662.

(a) Under some programs, the authorizing statute requires that a State and its subgrantees provide for participation by students enrolled in private schools. Sections 76.651-76.662 apply to those programs and provide rules for that participation. These sections do not affect the authority of the State or a subgrantee to enter into a contract with a private party.

(b) If any other rules for participation of students enrolled in private schools apply under a particular program, they are in the authorizing statute or implementing regulations for that program.

(Authority: 20 U.S.C. 1221e-3 and 3474)

34 CFR §76.700 Compliance with statutes, regulations, State plan, and applications.

A State and a subgrantee shall comply with the State plan and applicable statutes, regulations, and approved applications, and shall use Federal funds in accordance with those statutes, regulations, plan, and applications.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.701 The State or subgrantee administers or supervises each project.

A State or a subgrantee shall directly administer or supervise the administration of each project.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.702 Fiscal control and fund accounting procedures.

A State and a subgrantee shall use fiscal control and fund accounting procedures that insure proper disbursement of and
accounting for Federal funds.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.709 Funds may be obligated during a “carryover period.”

(a) If a State or a subgrantee does not obligate all of its grant or subgrant funds by the end of the fiscal year for which Congress appropriated the funds, it may obligate the remaining funds during a carryover period of one additional fiscal year.

(b) The State shall return to the Federal Government any carryover funds not obligated by the end of the carryover period by the State and its subgrantees.

(Authority: U.S.C. 1221e-3, 1225(b), and 3474)

34 CFR §76.722 Subgrantee reporting requirements.

A State may require a subgrantee to submit reports in a manner and format that assists the State in complying with the requirements under 34 CFR 76.720 and in carrying out other responsibilities under the program.

(Authority: 20 U.S.C. 1221e-3, 1231a, and 3474)

[72 FR 3703, Jan. 25, 2007]

34 CFR §76.730 Records related to grant funds.

A State and a subgrantee shall keep records that fully show:

(a) The amount of funds under the grant or subgrant;

(b) How the State or subgrantee uses the funds;

(c) The total cost of the project;

(d) The share of that cost provided from other sources; and

(e) Other records to facilitate an effective audit.

(Approved by the Office of Management and Budget under control number 1880-0513)

(Authority: 20 U.S.C. 1232f)

34 CFR §76.731 Records related to compliance.

A State and a subgrantee shall keep records to show its compliance with program requirements.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

The Uniform Grant Guidance, 2 CFR §200 all applicable subrecipient requirements, including but not limited to:

2 CFR Subpart D – Post Federal Award Requirements

§200.302 Financial management.

§200.303 Internal controls.

§200.305 Payment.

§200.313 Equipment.

§200.314 Supplies.

§200.318 General procurement standards.

§200.320 Methods of procurement to be followed;

2 CFR 200 Subpart E: Cost Principles:

§200.403 Factors affecting allowability of costs.

§200.404 Reasonable costs.

§200.405 Allocable costs.

§200.413 Direct costs.

§200.415 Required certifications.

§200.430 Compensation—personal services.

The Debarment and Suspension, 34 CFR Part 85, Section 85.510, Participants’ Responsibilities and makes the following certification by signing this application:

The prospective lower-tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.

Where the prospective lower-tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section
1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 for such failure.

Section II. Specific Elementary and Secondary School Emergency Relief (ESSER) Grant Assurances

The LEA assures that funds shall only be used for any of the following:

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.
- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.
- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.
- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.
- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.
- Planning for and coordinating during long-term closures, including for how to provide meals to eligible students, how to provide technology for online learning to all students, how to provide guidance for carrying out requirements under the Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.) and how to ensure other educational services can continue to be provided consistent with all Federal, State, and local requirements.
- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and students with disabilities, which may include assistive technology or adaptive equipment.
- Providing mental health services and supports.
- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low income students, students with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.
- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by—(A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.
- School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.
- Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.
• Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Throughout the period of the grant award, the LEA shall comply with all applicable requirements of the Elementary and Secondary School Emergency Relief (ESSER) authorized by the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSA), including:

CONTINUED PAYMENT TO EMPLOYEES
SEC. 18006. A local educational agency, State, institution of higher education, or other entity that receives funds under “Education Stabilization Fund”, shall to the greatest extent practicable, continue to pay its employees and contractors during the period of any disruptions or closures related to coronavirus.

Certification

To the best of my knowledge and belief, all the information and data in this agreement are true and correct. I acknowledge and agree that the failure to comply with all Assurances and Certifications in this Agreement, all relevant provisions and requirements of the CARES Act, Pub. L. No. 116-136 (March 27, 2020), or any other applicable law or regulation may result in liability under the False Claims Act, 31 U.S.C. § 3729, et seq.; OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485; and 18 USC § 1001, as appropriate.

Please briefly describe the impacts of COVID-19 on the district and its Pre-K through 12 students, including any relevant data where possible (e.g., cost impact, learning loss, emotional impact on students). If there has been a disproportionate impact on a special population in the district (e.g., students with disabilities, English Learners, students in foster care, students in poverty, etc.), please describe the impact and provide the number of Pre-K through 12 students in that population.

USD 470 Arkansas City Public Schools is located in Cowley County and has a current enrollment of 2777 PreK-12th grade students of which 57% qualify for free or reduced meal prices. From September 9, 2020 - April 23, 2021, USD 470 students attended school in a remote learning format, a hybrid learning format, and onsite. During these periods of remote and hybrid learning, USD 470 students and teachers used distance learning as effectively as possible and improved throughout the process but, as data has indicated, can not replace onsite, in-person learning.

The long duration of remote and hybrid learning has created learning loss for all students, in particular, those with disabilities, English Language Learners, foster care students, and students of poverty. USD 470 also recognizes a major impact on the social and emotional health of both our students and many of our staff members.

USD 470 plans to increase instructional time to address this learning loss and social-emotional health by providing extended learning through both summer school, increasing personnel, making changes to the curriculum, incorporating new and renewed software packages, and providing increased professional development. USD 470 will take strides to increase social distancing, and continue to maintain a high level of sanitation and personal protective equipment.

Does the district have remaining ESSER I funding that it has not yet spent as of the date of ESSER II application submission? | No
Please review the following allowable uses of ESSER II funds before completing the narrative and Excel template portion of the application.

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.

- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.

- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.

- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.

- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.

- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.

- Planning for, coordinating, and implementing activities during long-term closures, including providing meals to eligible students, providing technology for online learning to all students, providing guidance for carrying out requirements under the IDEA and ensuring other educational services can continue to be provided consistent with all Federal, State, and local requirements.

- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and children with disabilities, which may include assistive technology or adaptive equipment.

- Providing mental health services and supports.

- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low-income students, children with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.

- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students' academic progress and assist educators in meeting students' academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.

- School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.

- Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.

- Developing strategies and implementing public health protocols for the reopening and operation of school facilities.

- Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

**Please note:** "Developing strategies and implementing public health protocols for the reopening and operation of school facilities," identified as an allowable use under ESSER III in the American Rescue Plan, is also permissible under ESSER II.
Plan for ESSER II Direct District Allocation and KSDE Per-Student Additional Allocation (If Applicable)

Please summarize how the district proposes using its ESSER II direct district allocation (and its KSDE per-student additional allocation, if applicable) to address incremental COVID-19 needs.

The COVID 19 pandemic has created a need in USD 470 to extend the learning opportunities for our students and put into place improved curricula that is better suited for multiple modes of learning and instruction and addresses the social and emotional needs of students. The following are our areas of focus to address and make up for lost learning opportunities.

Summer Learning - We are requesting funds to provide new opportunities for the students of our district that are focused on learning recovery. These funds would cover the total expense of summer school including resources, fees, utilities, and salaries for summer school teachers, counselors, teacher aides (SATS), administrators, bus drivers, and secretaries.

Curriculum and Personnel - This districtwide implementation of curriculum and professional development will require funds that are not available in the course of a normal budget cycle. In addition to curriculum focuses on math, reading, and social-emotional health, the district wishes to add additional teaching and administrative personnel for the 2021-22 school year to increase social distancing and more effectively meet the needs of students by providing additional one on one and small group instruction as well as support for the social and emotional needs of students. These funds will include literacy support services for professional development.

Communication - Communication with student families and the community is an area where USD 470 can make a vast improvement. During the pandemic, it became evident that communications, especially in the area of ESL homes, was a challenge. We are therefore requesting funds for an app called Talking Points that will allow for more effective translation in communications.

USD 470 wants to extend a thank you for your time and efforts in reviewing this application and assisting us in funding our plan to make a difference in the lives of students.

How will the district determine the impact of its ESSER II direct district allocation expenditures (and additional per-student allocation, if applicable) on students?

The district will use both formal and informal assessment data to steer students toward extended learning opportunities such as summer school and areas where PD is needed. These extended learning activities will range from a summer school enrichment model, to camps, band classes, and credit recovery. For communications, the district is basing the need for a new communicative app for use in communicating with families and the community.

Notes on ESSER II application Excel template:

- Plans and budgets should be submitted for at least a 12 month period but do not need to account for the full duration of the program or the full allocation amount. Funds will remain accessible to the LEA until September 30, 2023 and there will be additional opportunities to submit further requests/plans in the future.
- Following ESSER II application approval and initiation of funds draw down, districts will be required to report to the Commissioner's Task Force on ESSER II expenditures and impact on a monthly basis throughout the program. This ESSER II reporting will be required as a part of regular ESSER program reporting, which will capture past expenditures across funding streams (ESSER I, ESSER I SPED, ESSER II, ESSER II SPED, ESSER II KSDE Per Student Allocation). Districts may be asked to provide expenditures by fund, function, object, account, and ESSER II allowable use as part of ongoing ESSER reporting.
- This reporting will not replace any reporting required by the federal government. KSDE will work to maximize compatibility between its reporting requirements and those of the federal government as much as possible to minimize burden on districts.

Please download and complete the ESSER II application template [here](#) to provide details on ESSER II budgeted expenditures across allowable uses and KSDE accounting codes.
Local Education Agency (LEA) Assurances

Section I. General Grant Assurances for Federal Funds

Throughout the period of the grant award, the LEA will comply with all requirements of:
The LEA will make a good faith effort, on a continuing basis, to maintain a drug-free workplace, in accordance with the measures in 34 CFR Part 84, Subpart B and the Drug-Free Workplace Act of 1988;
The Education Department General Administrative Regulations (EDGAR) 34 CFR 76 requirements, including:
34 CFR §76.500(a) Federal statutes and regulations on nondiscrimination.
(a) A State and a subgrantee shall comply with the following statutes and regulations:
- Discrimination on the basis of age | The Age Discrimination Act (42 U.S.C. 6101 et seq.) | 34 CFR part 110.

(b) A State or subgrantee that is a covered entity as defined in §108.3 of this title shall comply with the nondiscrimination requirements of the Boy Scouts of America Equal Access Act, 20 U.S.C. 7905, 34 CFR part 108.
(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))
34 CFR §76.650 Private schools; purpose of §§76.651-76.662.
(a) Under some programs, the authorizing statute requires that a State and its subgrantees provide for participation by students enrolled in private schools. Sections 76.651-76.662 apply to those programs and provide rules for that participation. These sections do not affect the authority of the State or a subgrantee to enter into a contract with a private party.
(b) If any other rules for participation of students enrolled in private schools apply under a particular program, they are in the authorizing statute or implementing regulations for that program.
(Authority: 20 U.S.C. 1221e-3 and 3474)
34 CFR §76.700 Compliance with statutes, regulations, State plan, and applications.
A State and a subgrantee shall comply with the State plan and applicable statutes, regulations, and approved applications, and shall use Federal funds in accordance with those statutes, regulations, plan, and applications.
(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))
34 CFR §76.701 The State or subgrantee administers or supervises each project.
A State or a subgrantee shall directly administer or supervise the administration of each project.
(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))
34 CFR §76.702 Fiscal control and fund accounting procedures.
A State and a subgrantee shall use fiscal control and fund accounting procedures that insure proper disbursement of and accounting for Federal funds.
(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))
34 CFR §76.709 Funds may be obligated during a “carryover period.”
(a) If a State or a subgrantee does not obligate all of its grant or subgrant funds by the end of the fiscal year for which Congress appropriated the funds, it may obligate the remaining funds during a carryover period of one additional fiscal year.
(b) The State shall return to the Federal Government any carryover funds not obligated by the end of the carryover period by the State and its subgrantees.
(Authority: U.S.C. 1221e-3, 1225(b), and 3474)
34 CFR §76.722 Subgrantee reporting requirements.
A State may require a subgrantee to submit reports in a manner and format that assists the State in complying with the requirements under 34 CFR 76.720 and in carrying out other responsibilities under the program.
Section II. Specific Elementary and Secondary School Emergency Relief (ESSER) Grant Assurances

The LEA assures that funds shall only be used for any of the following:

Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.

Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.

Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.

Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.

Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.

Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.

Planning for and coordinating during long-term closures, including for how to provide meals to eligible students, how to provide technology for online learning to all students, how to provide guidance for carrying out requirements under the Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.) and how to ensure other educational services can continue to be provided consistent with all Federal, State, and local requirements.

Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and students with disabilities, which may include assistive technology or adaptive equipment.

Providing mental health services and supports.

Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low income students, students with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.

Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students' academic progress and assist educators in meeting students' academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.

School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.

Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.

Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Throughout the period of the grant award, the LEA shall comply with all applicable requirements of the Elementary and Secondary School Emergency Relief (ESSER) authorized by the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSAA), including:

CONTINUED PAYMENT TO EMPLOYEES

SEC. 18006. A local educational agency, State, institution of higher education, or other entity that receives funds under “Education Stabilization Fund”, shall to the greatest extent practicable, continue to pay its employees and contractors during the period of any disruptions or closures related to coronavirus.

Certification
To the best of my knowledge and belief, all the information and data in this agreement are true and correct. I acknowledge and agree that the failure to comply with all Assurances and Certifications in this Agreement, all relevant provisions and requirements of the CARES Act, Pub. L. No. 116-136 (March 27, 2020), or any other applicable law or regulation may result in liability under the False Claims Act, 31 U.S.C. § 3729, et seq.; OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485; and 18 USC § 1001, as appropriate.

470-1-006  Eligible  Direct Allocation  Instruction  General Supplies and Materials  4. Activities to address the unique needs of low-income children, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including outreach and service delivery  USD 470 plans to implement equity and inclusion initiatives in the district. The addition of the Talking Points app and other communication tools allow for the district, buildings, and teachers to communicate more effectively with non-English speaking parents and community members. Family engagement and support activities are being planned to assist families as well. Communication with specific subgroups was a challenge during remote and hybrid learning. The Talking Points app will further assist the district in providing social and emotional support to all.  $ 21,000  $ 21,000  $ -  $ -  $ -  003-13960

470-1-007  Eligible  Direct Allocation  Instruction  General Supplies and Materials  8. Planning for and coordinating during long-term closures, including on how to provide meals, technology for online learning, guidance for carrying out IDEA requirements, and providing educational services consistent with applicable requirements.  We plan to purchase a core curriculum resource for structured literacy and social-emotional learning. The resources currently in use are not sufficient to adaptively assess and address individual student intervention programs.  $ 150,606  $ 150,606  $ -  $ -  $ -  003-13960

Please provide information on the connect to COVID-19; Applicant responded via email: The Talking Points app is focused on strengthening the connection between teachers and families, especially low-income, non-English speaking households. Due to COVID 19, the district quickly learned that connectivity and communications within these households was a barrier to recapturing COVID caused lost/incomplete learning that presented a challenge to overcome. We know that distance learning cannot work without strong teacher-family communication strategies to overcome language barriers. Through CARES-SPARK the district was successful in greatly increasing our connectivity, leaving a focus on communication. Our district plan has a focus on strengthening these communicative areas for future distance learning scenarios, such as additional remote and hybrid learning brought on by possible new variants of COVID 19 or other instances that would require a move toward other learning models.

Allowable to a) reimburse the district for prior remote learning expenses b) incur new expenses related to actual current/perpetual remote learning circumstances, and/or c) to budget for potential future remote learning expenses. Please note that expenses should not be incurred to purchase property to hold in the unlikely event of potential future remote learning needs.

Please provide additional information how the literacy services are related to COVID-19: Moved to FY 22 per Applicant's request. Applicant responded via email: However, due to and during the COVID 19 pandemic, USD 470, while teaching in remote and hybrid formats, found that pedagogical constructs were less successful in filling these learning gaps. In many cases our data reflects that there actually are increases in the learning gaps for students created by the loss of quality on-site instruction time with teachers. Filling the learning gaps of our students will require additional instruction time and new resources and supports going forward. The Greenbush Literacy Support Service will support literacy instruction, approaches, methodologies and provide literacy resources for educators and families. Resources provided include: instructional coaching and support, literacy resources for educators, and literacy resources for families with a goal of engaging families in joining the process, sharing family literacy data, and empowering families as readers.

Other District Representative 2 | russknapp@smsd.org

Please briefly describe the impacts of COVID-19 on the district and its Pre-K through 12 students, including any relevant data where possible (e.g., cost impact, learning loss, emotional impact on students). If there has been a disproportionate impact on a special population in the district (e.g., students with disabilities, English Learners, students in foster care, students in poverty, etc.), please describe the impact and provide the number of Pre-K through 12 students in that population.

On April 12, 2021 the SMSD Board of Education was presented a comprehensive report detailing the impact of COVID 19 on SMSD's 26,000 students. The report identifies specific areas where disparate COVID-19 data exist for specific groups. For purposes of this application, disparate impact is defined as a substantial negative difference in data from a “normal” base-line year compared to data observed during the pandemic. Disparate data are evident with the following student groups (white, black, hispanic, ELL, SPED, free/reduced lunch) and specific areas (mathematics, english language arts, course failure rates, chronic absenteeism).

Anecdotal information observed by staff regarding the emotional impact of the pandemic on students and their families indicate clear need for social-emotional supports. Baseline data on social-emotional wellness are not available. These data were in the process of being collected during the 2019-20 school year. Spring 2020 data collection was disrupted by the pandemic. The same was true for student data associated with the district's diversity, equity and inclusion (DEI) initiative which is designed to support student development of personalized learning plans that prepare them to be college/career ready and graduate with the interpersonal skills they need for life success. Regardless, measures for these areas are in place and progress will be publicly reported as part SMSD's on-going program evaluation process.

Does the district have remaining ESSER I funding that it has not yet spent as of | Yes
the date of ESSER II application submission?

Please summarize how the district will use its remaining ESSER I and ESSER I SPED funding and what it hopes to accomplish with these funds.

The remaining funds available for ESSER I have been set aside for non-public schools.

Please review the following allowable uses of ESSER II funds before completing the narrative and Excel template portion of the application.

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.
- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.
- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.
- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.
- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.
- Planning for, coordinating, and implementing activities during long-term closures, including providing meals to eligible students, providing technology for online learning to all students, providing guidance for carrying out requirements under the IDEA and ensuring other educational services can continue to be provided consistent with all Federal, State, and local requirements.
- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and children with disabilities, which may include assistive technology or adaptive equipment.
- Providing mental health services and supports.
- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low-income students, children with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.
- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.
- School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.
• Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.

• Developing strategies and implementing public health protocols for the reopening and operation of school facilities.

• Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Please note: "Developing strategies and implementing public health protocols for the reopening and operation of school facilities," identified as an allowable use under ESSER III in the American Rescue Plan, is also permissible under ESSER II.

Plan for ESSER II Direct District Allocation and KSDE Per-Student Additional Allocation (If Applicable)

Please summarize how the district proposes using its ESSER II direct district allocation (and its KSDE per-student additional allocation, if applicable) to address incremental COVID-19 needs.

All expenditures directly support areas and groups disparately as noted in section 1. The expenditures emphasize the importance of careful diagnosis of student learning needs. Teachers served on committees designed to develop and monitor planned expenditures provided by ESSER II. The following expenditures are designed to directly support disparate impact as follows.

Planned expenditures related to academic support include a commitment to hiring more elementary teachers and ten math teachers at middle and high school. This will reduce class sizes and increase opportunities for personalized attention to student learning. Plans also include hiring additional Instructional Coaches who provide job-embedded professional learning. With this addition, ALL staff will have full-time access to an instructional coach. This includes instructional coaching and English language support with our early childhood programs. We will also expand and enhance intervention resources for reading and math support at the secondary level, particularly where students may be at-risk for course failure and/or for not graduating on time. Plans include resources for professional learning designed to accelerate engagement with RTI and PLC protocols and resources for Pre-K-12. Finally, academic-focused expenditures will be allocated to provide scholarships for district provided summer programs, ensuring equitable access to these opportunities.

Planned expenditures related to social/emotional wellness include the addition of seven social worker positions and four high school counseling positions. These plans also include support for dedicated building substitutes so that teacher teams have increased flex time to collaborate to diagnose student needs and plan for instruction and intervention. Dedicated building subs will also have had time to develop relationships with students so that high-quality instruction and support continues even in the teacher’s absence.

Finally, planned expenditures for HVAC are intended to improve indoor air quality in designated buildings.

How will the district determine the impact of its ESSER II direct district allocation expenditures (and additional per-student allocation, if applicable) on students?

The district will determine the impact of allocated expenditures by continuing to track the data used to determine its specific needs in areas that include mathematics, English language arts, course failure rates, and chronic absenteeism. Academic performance will primarily be measured using NWEA MAP growth data with supporting measures such as results from the Kansas Assessments and the ACT. Academic and social/emotional effects will also be reflected through monitoring of attendance data (chronic absenteeism) and graduation rates. Determination of social and emotional impacts will be evaluated through surveys, as well as anecdotal feedback from staff, students, and parents.

Notes on ESSER II application Excel template:

• Plans and budgets should be submitted for at least a 12 month period but do not need to account for the full duration of the program or the full allocation amount. Funds will remain accessible to the LEA until September 30, 2023 and there will be additional opportunities to submit further requests/plans in the future.
Following ESSER II application approval and initiation of funds draw down, districts will be required to report to the Commissioner's Task Force on ESSER II expenditures and impact on a monthly basis throughout the program. This ESSER II reporting will be required as a part of regular ESSER program reporting, which will capture past expenditures across funding streams (ESSER I, ESSER I SPED, ESSER II, ESSER II SPED, ESSER II KSDE Per Student Allocation). Districts may be asked to provide expenditures by fund, function, object, account, and ESSER II allowable use as part of ongoing ESSER reporting.

This reporting will not replace any reporting required by the federal government. KSDE will work to maximize compatibility between its reporting requirements and those of the federal government as much as possible to minimize burden on districts.

Please download and complete the ESSER II application template [here](512_ESSER II Plan_0505.xlsx) to provide details on ESSER II budgeted expenditures across allowable uses and KSDE accounting codes.

**Local Education Agency (LEA) Assurances**

**Section I. General Grant Assurances for Federal Funds**

Throughout the period of the grant award, the LEA will comply with all requirements of:

- The LEA will make a good faith effort, on a continuing basis, to maintain a drug-free workplace, in accordance with the measures in 34 CFR Part 84, Subpart B and the Drug-Free Workplace Act of 1988;
- The Education Department General Administrative Regulations (EDGAR) 34 CFR 76 requirements, including:
  - 34 CFR §76.500(a) Federal statutes and regulations on nondiscrimination.
    - (a) A State and a subgrantee shall comply with the following statutes and regulations:
      - Discrimination on the basis of age | The Age Discrimination Act (42 U.S.C. 6101 et seq.) | 34 CFR part 110.
    - (b) A State or subgrantee that is a covered entity as defined in §108.3 of this title shall comply with the nondiscrimination requirements of the Boy Scouts of America Equal Access Act, 20 U.S.C. 7905, 34 CFR part 108.
      - (Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))
    - 34 CFR §76.650 Private schools; purpose of §§76.651-76.662.
      - (a) Under some programs, the authorizing statute requires that a State and its subgrantees provide for participation by students enrolled in private schools. Sections 76.651-76.662 apply to those programs and provide rules for that participation. These sections do not affect the authority of the State or a subgrantee to enter into a contract with a private party.
      - (b) If any other rules for participation of students enrolled in private schools apply under a particular program, they are in the authorizing statute or implementing regulations for that program.
        - (Authority: 20 U.S.C. 1221e-3 and 3474)
        - 34 CFR §76.700 Compliance with statutes, regulations, State plan, and applications.
          - A State and a subgrantee shall comply with the State plan and applicable statutes, regulations, and approved applications, and shall use Federal funds in accordance with those statutes, regulations, plan, and applications.
          - (Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))
          - 34 CFR §76.701 The State or subgrantee administers or supervises each project.
          - A State or a subgrantee shall directly administer or supervise the administration of each project.
A State and a subgrantee shall use fiscal control and fund accounting procedures that insure proper disbursement of and accounting for Federal funds.

(a) If a State or a subgrantee does not obligate all of its grant or subgrant funds by the end of the fiscal year for which Congress appropriated the funds, it may obligate the remaining funds during a carryover period of one additional fiscal year.

(b) The State shall return to the Federal Government any carryover funds not obligated by the end of the carryover period by the State and its subgrantees.

A State may require a subgrantee to submit reports in a manner and format that assists the State in complying with the requirements under 34 CFR 76.720 and in carrying out other responsibilities under the program.

A State and a subgrantee shall keep records that fully show:

(a) The amount of funds under the grant or subgrant;

(b) How the State or subgrantee uses the funds;

(c) The total cost of the project;

(d) The share of that cost provided from other sources; and

(e) Other records to facilitate an effective audit.

A State and a subgrantee shall keep records to show its compliance with program requirements.

The Uniform Grant Guidance, 2 CFR §200 all applicable subrecipient requirements, including but not limited to:

2 CFR Subpart D – Post Federal Award Requirements

§200.302 Financial management.

§200.303 Internal controls.

§200.305 Payment.

§200.313 Equipment.

§200.314 Supplies.

§200.318 General procurement standards.

§200.320 Methods of procurement to be followed;

2 CFR 200 Subpart E: Cost Principles:

§200.403 Factors affecting allowability of costs.

§200.404 Reasonable costs.

§200.405 Allocable costs.

§200.413 Direct costs.

§200.415 Required certifications.

§200.430 Compensation—personal services.

The Debarment and Suspension, 34 CFR Part 85, Section 85.510, Participants’ Responsibilities and makes the following certification by signing this application:

The prospective lower-tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.
Where the prospective lower-tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal. This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 for such failure.

Section II. Specific Elementary and Secondary School Emergency Relief (ESSER) Grant Assurances

The LEA assures that funds shall only be used for any of the following:

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.

- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.

- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.

- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.

- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.

- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.

- Planning for and coordinating during long-term closures, including for how to provide meals to eligible students, how to provide technology for online learning to all students, how to provide guidance for carrying out requirements under the Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.) and how to ensure other educational services can continue to be provided consistent with all Federal, State, and local requirements.

- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and students with disabilities, which may include assistive technology or adaptive equipment.

- Providing mental health services and supports.

- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low income students, students with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.

- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.

- School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.
• Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.
• Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Throughout the period of the grant award, the LEA shall comply with all applicable requirements of the Elementary and Secondary School Emergency Relief (ESSER) authorized by the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSAA), including:

CONTINUED PAYMENT TO EMPLOYEES
SEC. 18006. A local educational agency, State, institution of higher education, or other entity that receives funds under “Education Stabilization Fund”, shall to the greatest extent practicable, continue to pay its employees and contractors during the period of any disruptions or closures related to coronavirus.

**Certification**

To the best of my knowledge and belief, all the information and data in this agreement are true and correct. I acknowledge and agree that the failure to comply with all Assurances and Certifications in this Agreement, all relevant provisions and requirements of the CARES Act, Pub. L. No. 116-136 (March 27, 2020), or any other applicable law or regulation may result in liability under the False Claims Act, 31 U.S.C. § 3729, et seq.; OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485; and 18 USC § 1001, as appropriate.
