**Update on EANS I reconsideration process**

As you know, the Task Force completed its review of 72 initial EANS I applications and submitted its recommendations to the State Board for final approval of $21.6M in requests (out of a total KS EANS I allocation of $26.7M), which were approved at the State Board special meeting on April 19. KSDE then launched a reconsideration process for schools to resubmit any individual requests that were initially deemed ineligible along with additional information and/or rationale for reconsideration. The reconsideration process, which closed on April 27th, received 115 requests from 36 schools with a total of $2.3M in value. Of these 115 reconsideration requests, 78 (68%) have been deemed eligible by KSDE staff, with an estimated total value of $1.3M. This would bring the total value of all eligible EANS I requests (including the initial round) to $23.0M. A total of 37 (32%) individual requests were deemed ineligible by KSDE, representing an estimated value of $1.0M (43%) out of the estimated $2.3M value of total requests.
The most common categories of requests deemed ineligible include:

- Requests for instructional technology that are unnecessary and/or unreasonable
- Personnel requests that do not map to an allowable use or do not demonstrate reasonableness of personnel type vs. responsibilities
- Requests for technology for remote/hybrid learning that do not adequately map to current/expected remote learning students

During the Task Force meeting, we will walk through each category of ineligible requests to ensure Task Force alignment and answer any questions.

**Update on Heritage Christian Academy**

As you may recall, Heritage Christian Academy (Building #0276) initially submitted an EANS I application in which the requests for products and services, including service center menu items, reimbursements, and other requests, were not submitted properly. KSDE staff followed up with the school but the school was not able to adjust its application within the tight time frame. The school's personnel requests were evaluated and deemed eligible, but the remaining requests were recommended as ineligible at that time. The school was allowed to resubmit the remainder of its application concurrently with the reconsideration process, and it submitted 77 requests totaling $26K in value. KSDE staff has reviewed these requests, and recommends deeming 75 of the 77 requests eligible, for a total value of $25K; 2 requests were deemed ineligible, with a total value of $1K. These requests are also included in the pre-read materials and will be discussed at Friday's meeting.

**Review of ESSER II application process timeline**

The ESSER II application process was launched on March 24th and is a rolling process unlike EANS. KSDE begins review of applications in the order they are submitted, with completion timing depending on the complexity of the application and any follow-up required with the district. The KSDE review team has been hard at work reviewing applications, following up with districts as needed for clarification of requests and to inform them of requests deemed ineligible.

Once a district’s application is approved by the State Board, it will be able to begin drawing down its ESSER II funds as needed on a monthly basis through the same process being used for ESSER I funds. Any applications that have been received but not fully reviewed to date will be deferred to the next batch, which will be reviewed in future Task Force meetings in preparation for the June 8-9 State Board meeting.

**ESSER II application process update**

As discussed last week, the goal has been for the Task Force to make its recommendations regarding applications submitted by April 23rd (49 in total) to the State Board for final approval at its next meeting on May 11th. At the previous Task Force meeting on April 30th we reviewed the first 20 applications, and at this meeting we will review the remaining 29. Moreover, KSDE
has also been able to review an additional 6 applications that were submitted between April 24th-29th in time to be included in this batch as well – bringing the total number of applications to be reviewed at this week's Task Force meeting to 35 and the total batch for the State Board to 55. The 35 applications being presented this week represent 58K students and include 625 individual line items, all but one of which have been recommended as eligible by KSDE. The total value of eligible requests is $24.4M, which is almost 100% of what was requested and 86% of the total non-SPED allocations for the 35 districts in question.

In contrast to the EANS requests, ESSER applications include a much smaller number of requests deemed ineligible by KSDE. There are several reasons for this:

- ESSER II has more allowable uses than EANS I, due to both program-specific provisions and other federal limitations on funds allocated to non-public entities vs. public entities
- Districts have been pre-allocated a set amount of money, and they are not allowed to submit requests that exceed their allocated funds; the EANS program did not set a maximum amount of funds that a school could receive
- ESSER II applications are being submitted at the account level rather than at the individual expenditure level and do not leverage a specific Service Center menu, resulting in fewer requests per applicant and providing more flexibility to the districts regarding the individual items being purchased
- Due to the longer timeline, KSDE staff are able to follow up with districts regarding all requests that would be deemed ineligible prior to presenting to the Task Force

**Implications and plan for this week's materials and meeting**

This week's Task Force meeting will be split into two parts. The first part will focus on the EANS reconsideration process, including both the 115 reconsideration requests as well as the revised application from Heritage Christian. This will culminate in a vote by the Task Force to send a complete slate of EANS reconsideration request recommendations to the State Board in advance of its May 11th meeting.

The second part of the Task Force meeting will focus on the 35 applications that have been reviewed by KSDE but not yet reviewed by the Task Force. At the end of this section the Task Force will vote to send a slate of ESSER II application recommendations (including the 35 applications being discussed this week as well as the 20 discussed last week) to the State Board in advance of its May 11th meeting.
Items Included in this Packet:
In addition to this cover letter, this pre-read contains the following:
- EANS I reconsideration request summary spreadsheet
- Detailed reconsideration requests by school, including KSDE recommendations
- Summary of ESSER II applications and requests included in this pre-read
- Detailed view of 35 reviewed applications, including a compiled list of all requests with KSDE eligibility recommendation by application

As a reminder, in the meeting we will review applications and requests deemed eligible at a summary level. If there is a specific application or request you would like addressed in the Task Force meeting, please email EANS@ksde.org or ESSER@ksde.org no later than Thursday at 4pm so information for the school or district in question can be included in the presentation materials.
CALL TO ORDER
Chairman Porter called the weekly meeting of the Commissioner’s Task Force to order at 3:00 p.m. on Friday, April 30th. The meeting was conducted via video conference and was live streamed for the public to observe and listen.

APPROVAL OF AGENDA
Bert Lewis made a motion to approve the agenda for the April 30th meeting (with flexibility), and Adam Thomas had seconded it. Motion carried (19-0).

ATTENDANCE:
The following Task Force members attended by video conference:

- Jim Porter
- Janet Waugh
- Pat Pettie
- Brenda Dietrich
- Adam Thomas
- Simeon Russell
- Lisa Peters
- Alicia Thompson
- Nick Compagnone
- Jamie Rumford
- Frank Harwood
- Tracy Callard
- Jason Winbolt
- Melissa Rooker
- Brad Bergsma
- Mike Argabright
- Janet Eaton
- Adam Proffitt
- Roberta Lewis

APPROVAL OF APRIL 23rd MINUTES
Jason Winbolt made a motion to approve of the April 23rd minutes, and Adam Thomas had seconded it. Motion carried (19-0).
STATUS UPDATE ON EANS I RECONSIDERATION PROCESSES – Tate Toedman

Tate provided the Task Force members with an update on the EANS I reconsideration process which consisted of the following information -

The EANS I Reconsideration form was closed as of Tuesday, April 27th.

- In which, 37 schools participated in the reconsideration process.
- Schools submitted 196 requests with $2.6 million in value (includes 81 requests previously not reviewed from Heritage Christian).

KSDE is reviewing the submitted reconsideration requests and will bring recommendations to the Task Force next week.

- KSDE will apply consistent principles defined during the EANS I process to determine eligibility for the reconsideration requests.

Of the 72 EANS applicants, 37 submitted 196 reconsideration requests, totaling to $2.6 million. Some of the categories for the reconsideration requests include technology, personnel, sanitization, SEL & mental health, etc.

ESSER II APPLICATION STATUS UPDATE – Doug Boline

Doug shifted the focus of today's meeting from EANS I to ESSER II, and he began this portion of the meeting by stating the total amount of ESSER II applications that have been submitted, and as of 6:00 p.m. on April 29th, there were a total of 77 applications. He then mentioned that there is a significant time investment required for each review. To help districts with the ESSER II application process, KSDE staff have provided the following resources to districts:

- Live online training session (recorded and posted)
- Office hours are being scheduled to ESSER II related questions
- Submission template with detailed explanations
- FAQ document posted online
- Allowable use examples document posted online
- ESSER email address is monitored daily; all district questions are addressed in a timely manner.
- Follow-up with districts after submission of application

Doug mentioned that the Task Force was provided with 20 ESSER II applications in this week’s pre-read material; and the goal is to have a total of 49 applications reviewed, and given to the Task Force by Friday, May 7th to recommend to the Kansas State Board of Education during their May 11th and 12th Board meeting.

Kansas leads the world in the success of each student.
He then mentioned that a total of 3 percent ($10.1 million) of ESSER II allocations have been reviewed by KSDE (as of 6:00 p.m. on April 29th). A few of the allowable categories KSDE is seeing requests in are indoor air quality, learning loss, summer learning, mental health, sanitation, etc. Doug discussed what today’s meeting will look like, and it will primarily focus on $10 million of requests from 20 school districts. The specific procedures he stated were:

- KSDE staff will present a summary of requests deemed eligible by KSDE reviewers.
- Task Force members are encouraged to ask questions and share any comments; if a Task Force member would like to propose a change to the recommendation, the change would be subject to a majority vote of the Task Force.
- Slate of reviewed requests from today (including any approved changes) will be included along with requests reviewed on May 7th in final slate for Task Force approval at the conclusion of the May 7th meeting.

All reviewed ESSER II applications will be voted on by the Task Force on next Friday, May 7th.

**SUMMARY & DISCUSSION OF REQUESTS DEEMED ELIGIBLE BY KSDE – Doug Boline**

Doug mentioned to the Task Force that at this time, all planned expenditures for ESSER II is 100% recommended as eligible. As of April 29th, 2021, at 6:00 p.m., there have been $10.1 million requested through the ESSER II application, and some of the categories the funds were requested under were air quality, learning loss, summer learning, mental health, etc. The average eligible requests per district (so far) is $507K, and per student is $579.

He then discussed that the majority of eligible requests are towards instruction, with a significant investment in support services. Based on district reporting, the function code categorization is displayed as:

- Instruction - $6.0 million
- Support Services - $3.8 million
- Facilities acquisition and construction - $0.3 million
- Operation of non-instruction services - $0.1 million

Next, Doug went through a breakdown the two categories of eligible requests that the majority of funds were requested in, which were instruction, and support services.

*Kansas leads the world in the success of each student.*
• Instruction - $6.0 million; requests include learning loss, summer learning, education technology, remote learning needs, sanitization, etc.

• Support Services - $3.8 million; requests include indoor air quality, mental health, facility repairs, sanitization, etc.

Doug presented a recap of the key differences between ESSER II and EANS I; which consisted of the following information:

Different requirements for timing of plan submission or Task Force response time.

• ESSER II plans will be reviewed on an ongoing basis over the duration of the ESSER II program.

Information on requests will be at a higher level than EANS (account-level vs. product/service-level)

• Eligibility determinations will need to be made with less granular information.

Districts have set dollar allocations, with considerable flexibility to use funds across 15 different allowable uses; in contrast, EANS I was a competitive grant process with no predetermined amount per school.

• Eligibility recommendations should focus on ensuring plans are allowable within the 15 ESSER II allowable uses and address incremental COVID needs.

According to the slide deck provided, please note that ESSER II does have timing requirements for awarding funds to districts (January 2022), and district obligation of funds (September 2023), but not the 30-day application launch or response time deadlines that the private schools experienced with the EANS I application process.

Frank Harwood then asked how indoor air quality being placed under the “instruction” and “support services” is seen as eligible. He mentioned that he is not questioning whether air quality is an approved expenditure under the allowable uses for ESSER II funds, but it may be misleading that they are underneath those specific categories. Doug responded that the categories the expenditures are under depend on how the districts system reports the requests. Craig Neuenswander also commented that it will depend on what specific item the district is requesting reimbursement for, as this is where the category will be determined. For example, if the district is requesting reimbursement for a new or upgrading a roof-top air unit, it will not be considered for the category “instruction”, but if the district is requesting reimbursement for portable air purifiers used in classrooms, that may be placed under the category instruction.

Kansas leads the world in the success of each student.
Brenda Dietrich asked Doug Boline if the public accountants that audit each school district in the State of Kansas are aware of the processes to properly audit the additional federal funds that have been awarded to school districts throughout the pandemic. Craig Neuenswander commented that during this year's budget workshop, KSDE plans to have quite a few public accountants attend (as they have in the past) and at the workshop, the process in which the federal funds should be audited will be described in detail. Craig added that KSDE has visited with several CPA firms as they are currently auditing the use of ESSER I funds.

Doug then briefly covered the key differences with the EANS I and ESSER II program structure and also inform approaches to describing and evaluating requests –

EANS I:
- State is accountable for use of federal funds
- Competitive grant for an unspecified amount per school
- Awards of products, services, and assistance

ESSER II:
- District/State are accountable for use of federal funds
- Set allocation of funds per district
- Awards of funds

EXAMPLES OF REQUESTS REQUIRING KSDE FOLLOW-UP WITH DISTRICTS – Doug Boline

Doug Boline mentioned that there are requests requiring KSDE to follow-up for more information before they are deemed eligible. Two examples of these requests are shown below.

Example A:

Request from District: NWEA – MAP Assessment Tool. We had planned to drop this, but want to continue if covered by ESSER II.

Rationale for Follow-Up: The request does not adequately articulate an incremental COVID need, particularly in light of additional assessment software recommended as eligible within their ESSER II plan.

Kansas leads the world in the success of each student.
Example B:

Request from District: Additional measures for preventing COVID spread by improving air quality – asbestos removal of outdated ceiling times.

Rationale for Follow-Up: Asbestos removal is not among CDC guidelines for improving air quality in relation to COVID-19.

STATUS UPDATE ON ESSER I REPORTING – Doug Bo lin

Doug stated that there have been 285 ESSER I reports turned into KSDE (out of 291; 286 school districts and 5 Interlocals). The remaining reports are expected to be turned into KSDE sometime this week. If districts and interlocals do not have their reports submitted by Friday, April 30th, then they will have federal funds withheld until the reports are submitted.

Preliminary numbers from the first 274 reports with expenditures shows that districts and interlocals have spent at least $59 million out of the $84 million ESSER I allocation through March 31st.

- $59 million represents 70% of ESSER I direct district and SPED allocations
- Most frequent allowable uses were educational technology and supplies to minimize COVID spread
- reports capture expenditures from Mach 2020 to March 2021; districts and interlocals have through September 2022 to spend remaining ESSER I funding

According to the slide deck provided, please note that the numbers are preliminary estimates and are expected to change as reports are received and scanned by KSDE.

Once reports are screened for completion, additional details will be shared with the Task Force.

- KSDE will review all 291 reports to ensure they were completed correctly
- KSDE expects to be able to share summary findings with the Task Force in mid/late May

NEXT STEPS AND PLAN FOR MAY 7TH TASK FORCE MEETING – Doug Bo lin

Lastly, Doug covered the next steps for the Task Force members to anticipate for the May 7th meeting, and the details included:

- KSDE to incorporate any approved Task Force changes to eligibility determinations

Kansas leads the world in the success of each student.
• KSDE to incorporate review of next batch applications, following up with districts as appropriate

• Pre-read of reviewed application for Task Force will be provided on Wednesday, May 5th. KSDE to prepare materials for next week’s Task Force meeting on Friday, May 7th.

• Next Task Force meeting will be focused on reviewing and voting on the first batch of ESSER II applications as well as 200 EANS reconsideration requests in advance of the Kansas State Board of Education meeting.

ADJOURNMENT - Chairman Porter adjourned the meeting at 3:44pm. The next meeting will occur on Friday, May 7th at 3:00pm.

*Kansas leads the world in the success of each student.*

EANS I Reconsideration: status update

EANS I reconsideration request submission took place from April 20-27

- 36 schools submitted 115 reconsideration requests, totaling $2.3M in value
- Significant KSDE time investment required to review revised descriptions and quantities, compare against original requests and feedback, and review across similar requests to ensure consistency

Majority of requests deemed eligible by KSDE

- 57% of reconsideration value (estimated $1.3M) deemed eligible
- 43% of reconsideration value (estimated $1.0M) deemed ineligible
- All dollar amounts represent budgeted estimates

Unique circumstances for 1 additional school

- Heritage Christian Academy (0276) was invited to complete and resubmit original requests, resulting in 77 additional requests at $26K in value
- KSDE has deemed 75 of the 77 requests eligible, for a total value of $25K
### Recall | Additional opportunities provided for schools to resubmit ineligible requests and submit new requests

<table>
<thead>
<tr>

</tr>
<tr>
<td>EANS I application process – schools submit complete applications; responses received on 4/20 indicating which requests are eligible / ineligible</td>
</tr>
</tbody>
</table>

| **2** Reconsideration |
| Apr 20 – Apr 27 |
| EANS I applicants may resubmit any individual requests that were initially deemed ineligible along with additional information and/or rationale for reconsideration |

| **3** Appeals |
| TBD (May/Jun) |
| EANS I applicants may appeal determinations after reconsideration round is complete |

| **4** Second Round |
| TBD |
| Eligible non-public schools will submit a complete application for EANS II ($25M); second round funding pool will also include any remaining EANS I funds that have not yet been awarded |

---

### Recall | Reconsideration process gives schools a chance to further explain their initial requests

#### Parameters

- **School**: Must have submitted an EANS I application in the initial round (on/before April 2); new applicants may not participate
- **Request**: Must have been submitted as part of the initial application and must have been deemed ineligible; new requests may not be submitted
  - Note: requests that do not comply with federal guidelines (e.g. custodial staff, permanent fixtures) cannot be reconsidered
- **Submission**: Must include additional information and/or rationale beyond initial request; school may also reduce quantity requested
- **Timing**: Reconsideration request must be submitted on or before April 27, 2021 to be reconsidered

#### Process

- **KSDE** will communicate initial State Board decisions to schools and will provide instructions on how to submit request for reconsideration
- **Schools** will submit request(s) for reconsideration along with additional information and/or rationale
- **KSDE** will evaluate new information and/or rationale provided and recommend requests for approval to Task Force
- **Task Force** will vote on KSDE recommendations on May 7 and will recommend slate of approvals to **State Board** for final decision at its May 11 meeting
Reconsideration requests valued at $2.3M

Total cumulative value of eligible requests by EANS allowable use

1. Only includes requests deemed eligible in Round 1 that were not resubmitted for reconsideration; excludes two requests deemed eligible in Round 1 that were also submitted for reconsideration ($300K); to be covered in subsequent slides
**Procedure**

Today's meeting will drive towards a vote on a full slate of reviewed reconsideration requests to send to State Board.

1. KSDE staff will present a summary of reconsideration requests deemed eligible by KSDE reviewers.

2. KSDE staff will present sub-categories of requests deemed ineligible by KSDE reviewers.

Task Force members can ask questions and share comments; if a Task Force member would like to propose a change to a recommendation, the change would be subject to a majority vote of the Task Force.

At the end of the section, the Task Force will vote on final slate of requests (including any approved changes) to recommend to State Board for final approval.

Schools will have additional future opportunities to submit change requests; process will be shared at a later date.

Any questions or comments on eligible requests shared in the pre-read?
EANS I Reconsideration: Discussion of requests deemed ineligible by KSDE

Recap | Key EANS limitations that informed ineligibility recommendations

All expenditures must be reasonable, necessary, and allocable (proportional).

Property and equipment may be purchased by the state and shared with the private school to meet their needs, but the property must then be returned to the state or purchased by the private school at the fair market value. In order for KSDE to comply with this requirement, permanent fixtures may not be supported through Kansas EANS funding.

Property and services may only be provided when required for the stated need, and generally not held in anticipation of future need.

All services and materials must be secular, neutral, and non-ideological.

**Principles**

- Requests for remote/hybrid learning from majority in-person schools must identify the subset of students that will be remote/hybrid in the future and cannot be for potential future use.
- Requests to address learning loss, social distancing, and cross-contamination must clearly describe how the requested technology will directly address the stated need.
- Age of technology alone is not sufficient rationale.
- All requests must be reasonable in quantity and cost given the intended use case and stated need.

<td>School Shutdowns have proven racial disparities in learning and achievement. Assessment data from this fall shows that students, on average, started school about three months behind where they would expect them to be in mathematics. Students of color were about three to five months behind in learning; white students were about one to three months behind. Being that our school population is 51% minority, we need to provide the best interventions in our instruction. Math labs will benefit our students and support them bridging the achievement gap. Calculations were created especially for our students in the specific subgroups with the largest deficits. When Math Labs become an integral part of the school’s culture, they allow teachers and school leaders to negotiate how they position and empower students; what opportunities they give students to understand and describe the tools needed for better understanding; and what shared professional values guide their inquiry into student’s mathematical learning. Math labs have proven to increase state assessment scores by over 50% in three year periods and also help close the gap between white and student minority groups. Providing our students with a math lab will help increase achievement in math.</td>

<td>Ineligible</td>
<td>Does not adequately describe how the request will address an incremental COVID need</td>
<td>Due to low of academic instruction and social-emotional growth from nearly 6 months of no in-person school and quarantine periods of 10-14 days at a time, we have experienced an increase of student absences; student and teacher anxiety, student and staff depression, student anti-social behaviors, and student loss of academic skills in literacy and math. Classroom teachers are overwhelmed with the sheer number of students that are in need of intensive support for academics and/or behavior. We are in need of a new position to lead a CARE (Collaborative, Affective, Responsive Educational) Team (currently chaired by principal) to support and guide teachers with academic and behavioral interventions, social-emotional learning services, student support, and behavior interventions, and partner with the counselor to support the growing social-emotional needs of the students, and to support remotely learning students during COVID quarantine. Additional personnel with appropriate knowledge of MTSS will allow us to close the gaps caused by the loss of school April and May 2020 and the long periods of quarantine due to COVID-19.</td>

<td><strong>71</strong></td>
</tr>
</tbody>
</table>

### Principles

- Requests to address social-emotional learning loss and mental health must clearly describe how the request will directly address the stated need, and how the need is due to COVID impact.
- Requests must focus on student SEL/mental health.
- Requests must demonstrate an incremental need rather than a continuation of existing program.
- All requests must be reasonable in quantity and cost given the intended use case and stated need (e.g., student program, professional development).

| **Eligible** | 10 | $89K | 86% |
| **Ineligible** | 4 | $14K | 14% |

25% of the original ineligible value was resubmitted for reconsideration.

**Principles**
- Requests for remote/hybrid learning from majority in-person schools must identify the subset of students that will be remote/hybrid in the future and cannot be for potential future use.
- Requests to address learning loss or remote/hybrid learning curriculum must clearly describe how the request will directly address the stated need (e.g., remediation/intervention, curriculum).
- All requests must be reasonable in quantity and cost given the intended use case and stated need.

## RECONSIDERATION REVIEW

<table>
<thead>
<tr>
<th>Category</th>
<th>ID</th>
<th>Eligible</th>
<th>Reconsideration Rec.</th>
<th>Notes</th>
</tr>
</thead>
<tbody>
<tr>
<td>Curriculum and PD</td>
<td>2246-4-055</td>
<td>Ineligible</td>
<td>Does not demonstrate reasonable COVID need</td>
<td></td>
</tr>
</tbody>
</table>

These cameras will allow for social distancing in the media classroom as we have an election and social distancing in the classroom which would allow for greater distance between students and less students per group which will directly help to decrease risk of COVID 19. With these two cameras, students will also not need to wait to use cameras due to size restrictions and space. This will help all students keep-up with the pace of class and not have to wait for use of a restricted item due to COVID 19 guidelines.

<table>
<thead>
<tr>
<th>Category</th>
<th>ID</th>
<th>Eligible</th>
<th>Reconsideration Rec.</th>
<th>Notes</th>
</tr>
</thead>
<tbody>
<tr>
<td>Curriculum and PD</td>
<td>2246-4-056</td>
<td>Ineligible</td>
<td>Does not demonstrate reasonable COVID need</td>
<td></td>
</tr>
</tbody>
</table>

Training these two tripods will help with keeping our media class social distanced from COVID 19 guidelines. Having 2 extra tripods currently, many groups wait to use. Having 2 additional tripods allow groups to be separate in the classroom and not have to wait for use of a restricted item that then class to pass in class. Keeping some of the classes.

<table>
<thead>
<tr>

<th>Notes</th>
</tr>
</thead>
<tbody>
<tr>
<td>Curriculum and PD</td>
<td>2246-4-070</td>
<td>Ineligible</td>
<td>Does not adequately describe why request is necessary or reasonable to address an incremental COVID need</td>
<td></td>
</tr>
</tbody>
</table>

These storage units will allow for greater social distancing in the classroom. With an additional storage unit we could spread out the class and have a more limited number of students in any one given room. This will help us meet social distancing COVID 19 guidelines.

5% of the original ineligible value was resubmitted for reconsideration.

### Recall: Non-Allowable Categories

- Custodial services
- Permanent fixtures
- Non-secular activities
- Reimbursements for items already funded by other sources (e.g., ESSER I)
- Activities to fulfill state requirements or requirements of other federal programs (IEP)
- Support for students outside of grades K-12

### Several requests previously placed in non-allowable categories were deemed eligible with add'l info

- **SEL & Mental Health: Student Programs and Professional Development**
  - # Requests: 6
  - Value ($K): $65K
  - Rationale for Ineligibility in Round 1: Unclear whether programs would be secular
  - Rationale for Reconsideration Recommendation: Schools clarified that programs will focus on completely secular topics related to student SEL and mental health

- **Technology: Learning Loss**
  - # Requests: 1
  - Value ($K): $4K
  - Rationale for Ineligibility in Round 1: IEP support provided by local public school district
  - Rationale for Reconsideration Recommendation: School clarified that request was not for students on an IEP supported by the local public district and would be used to address learning loss

- **Technology: Unreasonable Quantity or Stated Need**
  - # Requests: 1
  - Value ($K): $9K
  - Rationale for Ineligibility in Round 1: Request appeared to have been already funded in ESSER I
  - Rationale for Reconsideration Recommendation: School clarified that ESSER I funding had not been used for this request; however, request did not meet reasonable or necessary requirements for eligibility

- **Sanitization: Not Necessary to Facilitate Social Distancing**
  - # Requests: 1
  - Value ($K): $2K
  - Rationale for Ineligibility in Round 1: Request was assumed to be a permanent fixture
  - Rationale for Reconsideration Recommendation: School clarified that lighting fixtures would be removable; however, request did not meet reasonable or necessary requirements for eligibility

<td>The original request for these 20 Dell Chromebooks said they would be for the Kindergarten class. They were deemed ineligible, according to the notes, because in the original application it was stated that ESSER funds were already used to buy Chromebooks for Kindergarten. We would like to clarify that the ESSER funds bought Chromebooks for the 2020-2021 Kindergarten students. Those Chromebooks will be passed on to those same students for first grade. This request was intended for the incoming Kindergarten students for the 2021-2022 school year. This request is, in fact, for a different set of specific students. Chromebooks for each 2021-2022 Kindergarten student are essential so that every student has access to programs. We are urging to individual learning as needed to fill the gaps that occurred when students were remote and had interruptions in their learning. This is especially true for our 2021-2022 Kindergarten students who are entering kindergarten. They will be going to be significant for this group of students as they enter kindergarten.</td>

**Heritage Christian | Reconsideration requests overview**

**COVID Impact**

We went to remote learning in March 2020 for K-12. Our preschool was closed at that time for the remainder of the school year. We lost preschool tuition revenue for April and May. We continued to pay staff and other part time employees during that time period. Since returning in August, we have increased our safety protocols greatly, by purchasing supplies/additional janitorial, teaching staff for remote learning option.

**Applicant Profile**

**Total cumulative value of eligible planned expenditures, including this week’s eligible items**

- **Allowable uses primarily/exclusively focused on teaching & learning**

KSDE staff will present a **summary of expenditures deemed eligible** by KSDE reviewers

KSDE staff will present **expenditures deemed ineligible** by KSDE reviewers

**Task Force members can ask questions and share comments**: if a Task Force member would like to propose a change to a recommendation, the **change would be subject to a majority vote** of the Task Force.

At the end of today's meeting, **the Task Force will vote on final slate of expenditures** (including any approved changes and the 4/30 batch) to recommend to State Board for final approval at its meeting on 5/11.

**Procedure**

Today's meeting will drive towards a vote on a full slate of reviewed plans to send to State Board

- KSDE staff will present a summary of expenditures deemed eligible by KSDE reviewers
- KSDE staff will present expenditures deemed ineligible by KSDE reviewers
- Task Force members can ask questions and share comments; if a Task Force member would like to propose a change to a recommendation, the change would be subject to a majority vote of the Task Force
- At the end of today's meeting, the Task Force will vote on final slate of expenditures (including any approved changes and the 4/30 batch) to recommend to State Board for final approval at its meeting on 5/11

Allowable uses primarily/exclusively focused on teaching & learning.

Data as of: May 6, 6pm CT
Summary of today's batch | Majority of eligible dollars going to instruction, with significant investments in support services

Function | Example | Value of eligible expenditures
--- | --- | ---
Instruction | "Salary for additional staff to lower Elementary class size for more one on one learning to help with learning loss due to COVID." | $16.6M (68%)
Support services | "Professional development support for teachers, paras and administrators focusing on trainings to support individualized needs, collaborative planning, data discussions and focusing on improving learning loss." | $6.7M (28%)
Facilities acquisition and construction | "We intend to create an additional classroom in our library and an outdoor learning space that will help with social distancing." | $1.0M (4%)
Operation of non-instruction services | "To contract with community library to provide additional summer reading opportunities to students to help catch up from "COVID Slide" in reading achievement." | $0.1M (0%)

Backup | Breakdown of Instruction function by allowable use

**Definition**
Instruction includes the activities dealing directly with the interaction between teachers and students. Teaching may be provided for students in a school classroom, in another location such as a home or hospital, and in other learning situations such as those involving co-curricular activities. This includes expenditures formerly reported under 3400 Student Activities. Teaching may also be provided through some other approved medium such as two-way interactive video, television, radio, telephone, and correspondence. Included here are the activities of aides or classroom assistants of any type (clerks, graders, teaching machines, etc.) which assist in the instructional process.

**Value of eligible expenditures by allowable use**

USD 343: Perry Lecompton | Plan summary

ESSER II Plan Summary

During the 2020-21 school year, we added programs to help with the deficiencies discovered. We have also added several screeners to assist in the identification process of academic and social-emotional needs. Online platforms have been used to connect with students during times in which online learning was required. In one situation at the elementary level, we had to add an additional section to ensure that we could meet the county requirements related to social distancing in the classroom.

This summer, we plan to focus our efforts on addressing the academic deficiencies our students have realized. Our summer program will be called the “Academic Recovery Program” and will serve identified students in grades K-12. K-8 students scoring below grade level on local and State Assessments are eligible for the Academic Recovery Program. 9-12 students who have fallen behind in graduation progress have been identified as eligible for the summer program. The summer session will begin on Tuesday, July 6th, with a full school day (8:30 – 3:30) three days per week (Tuesday, Wednesday, and Thursday). This schedule will be maintained for four weeks, ending on July 29th. The schedule allows students a five-week break after the normal school year ends in May and a two-week break before the next school year begins in August. Door-to-door transportation will be made available for all students who need it. Our food service program will be fully operational, offering breakfast and lunch to all students attending the summer program.

We are hopeful that by offering full-day instruction, breakfast, and lunch, along with transportation to and from the school, parents will be encouraged to allow their students the opportunity to recover instruction lost during the pandemic.

### Recent examples of requests requiring KSDE follow-up with districts

<table>
<thead>
<tr>
<th>Example request requiring follow-up</th>
<th>Rationale for follow-up</th>
</tr>
</thead>
<tbody>
<tr>
<td>&quot;AED's-7-To address health concerns of both students and staff who may have acquired heart issues due to COVID and in preparation of community and visitors to the buildings, who may have developed heart conditions due to COVID.&quot;</td>
<td>• Expenditure does not address an ESSER II allowable use</td>
</tr>
<tr>
<td>&quot;FB Field Wireless Powerbeam and Wireless Access Point to use with camera system. Actual costs to install a wireless connection to the cameras at the football field to provide parents, relatives, and community to observe games while quarantining and promote social distancing by not having to attend the school activities.&quot;</td>
<td>• Extracurricular costs are not an allowable use under ESSER II</td>
</tr>
<tr>
<td>&quot;Hazard/Retention Stipend (all staff) [...] With over 110 known positive cases and 623 individuals determined to be close contacts [...], it is clear that the staff put the needs of our students first while navigating a world-wide pandemic. While it could not have eliminated learning loss, having our staff work in-person with students surely helped to lessen the learning loss caused by COVID and we hope to compensate them for this service.&quot;</td>
<td>• Stipends for all staff members (bonuses) are not an allowable use under ESSER II</td>
</tr>
<tr>
<td>• Description does not adequately provide the hazardous circumstances for each staff member receiving hazard pay. Hazard pay is additional pay for performing hazardous duty or work involving physical hardship, in each case that is related to COVID-19</td>
<td>• Description does not adequately provide the hazardous circumstances for each staff member receiving hazard pay. Hazard pay is additional pay for performing hazardous duty or work involving physical hardship, in each case that is related to COVID-19</td>
</tr>

</table>

Any questions or comments on ineligible requests or requests requiring follow-up with districts?
ESSER II: Vote to recommend application slate to State Board

Vote to recommend the final slate of requests (including any changes previously approved by the Task Force) to State Board

Scope: 55 ESSER II applications (includes 20 reviewed last week)
Next steps and plan for upcoming Task Force meetings

Next Steps

- KSDE to incorporate any approved Task Force changes to eligibility determinations
- KSDE to finalize materials for State Board meeting on Tuesday
- State Board to give final approval to slate of recommendations
- KSDE to inform schools & Service Centers of reconsideration request determinations
- **Next Task Force meeting scheduled for 5/21** (no meeting on 5/14)
Suggested plan for upcoming Task Force meetings

**State Board Meeting: May 11-12**

- **May 14**: No Task Force meeting
- **May 21**: Review early batch of ESSER II applications, Share update on ESSER I reporting
- **May 28**: No Task Force meeting (Memorial Day Weekend)
- **Jun 4**: Review next batch of ESSER II applications, Vote on both batches, Share update on ESSER I reporting

**State Board Meeting: June 8-9**

<td>KSDE and Service Centers will work with the school to ensure the coaching provided will be completely secular. There is much greater need presently than ever before for our teachers to given attention to the social and emotional needs of our 66 elementary students. At all grade levels we are experiencing students who are anxious, depressed, and not-confident in their ability to navigate through the pandemic. This has been shared in numerous conversations with students who are not handling the changes in their life that have been brought on with the pandemic. We have dealt with a death in our community due to Covid-19, a lady who was beloved by many school families. We have a staff member that lost a cousin to Covid-19 (he was the very first confirmed Covid-19 death in Kansas.) We have students whose grades are far below their normal performance. We have students who are dealing with depression. We have a set of twins currently who experience panic attacks every single morning when coming to and arriving at school because they are afraid that they won't see their parents again after drop-off. This training of social emotional content will bring to light these topics and provide teachers with skills to incorporate into the classroom as the pandemic has taken and is continuing to take a toll on so many. Our teachers need this training!</td>
<td>$6,864.00</td>
<td>Table 4 - Other Requests</td>
<td>New Service</td>
<td>Restorative Discipline Coaching-Lynne Lang One-Day Coaching/Training for our building, in order to help us integrate the VBRD restorative discipline system, and help our students social-emotional development. Relationships have been one damaging aspect of Covid, with masks and social distancing, and we want to help our kids overcome these setbacks.</td>
<td>Training and maintaining education and support services or assistance for remote or hybrid learning or to address learning loss</td>

<td>1334-1-001</td>
<td>Eligible</td>
<td></td>
<td>The purchase of Chromebooks are needed to provide a uniform internet based platform that allows for individualized instruction in all curriculum areas, but especially in math and language arts. We need 225 for the students we have in grades 7-12. Covid has spread the skill level of our students from those who have mastered concepts to the many who need extra practice and reinforcement. The need to recover skills that have been either lost or simply not covered has been evident all year. We have more low performing students than ever. The teachers overall report challenges in mastery. Teachers have identified individualized programs such as KHAN Academy that will be used in all grades if the students had access to the technology. Allowing for more individualized instruction through online sites and applications, will help with achievement and provide the needed reinforcement to make up for the deficiencies. On my original request, I had indicated 250, as I know that we will need substitute chromebooks as devices from time to time will need to be fixed. However, I do understand this funding can not be used for that and thus I have lowered the request to be 225.</td>

<td>225</td>
<td>$86,192.73</td>
<td>Does not adequately describe how request will address an incremental COVID need. School has requested more Chromebooks than they have students (current enrollment 225)</td>
</tr>
<tr>
<td>1334-1-002</td>
<td>Eligible</td>
<td></td>
<td>Ten iPads for students with Individualized Learning Plans (ILPs). These students are learning challenged students identified by our school, but are not on an IEP that is supported by the public school system. These students' academics greatly decreased because of the loss of support and quarantines because of COVID-19. The iPads would be used for 2 freshmen, 4 sophomores and 4 juniors. The use of these iPads would allow them to use Apple Apps that are beneficial to their specific learning deficiencies. An example would be the use of &quot;kami&quot; or the &quot;notes&quot; application within an iPad. This would allow any document to be created into a pdf and would allow the student and teacher to work on a worksheet together for more timely feedback and support of the assignment. Another use would be to allow these students who fell behind in ELA to use ibooks to supplement the current curriculum.</td>

<td>The revised request is for one mobile Promethean Board. We will designate the mobile board to be used for grades 5 and 6 (40 students) where the teachers teach and do not have access to a board. We have been in person school for much of the year. However, we have had many students quarantined due to parents and family members testing positive. We have had very few days where we don’t have students in quarantine. Our teachers are zooming with their students when they are quarantined. We have seen examples of schools that are using Promethean boards to better connect the students at home with the students at school. The students who are quarantined have very limited capability to interact with their classmates. Currently our teachers are zooming on laptops and the screen is too small for whole class interactions. We have seen in these examples that students are much more engaged at home and at school when they have more realistic interactions. This makes it much more effective in catching students up from lost learning and also a big boost for social/emotional wellness which we have seen decline this year.</td>

<td>Faculty need to be trained in dealing with social/emotional challenges brought on by COVID. There is a great need for our teachers to give attention to the social and emotional needs of our 168 K-8 students. This year our 15 teachers and staff have dealt with students that lack social and emotional skills. At all grade levels we are experiencing students that are anxious, depressed, and not-confident in their ability to navigate through the pandemic. This has been shared in numerous conversations with students who are not handling the changes in their life brought on with the pandemic. This data can be found in annual surveys, journal writing and in numerous conversations. We have experienced the loss of a faculty member loved by all students. Students grades are far below their normal performance. Students inability to make decisions, to gain trust in each other and students who are dealing with depression are apparent. This social emotional content will bring to light these topics and provide teachers with skills to incorporate into the classroom as the pandemic has taken its toll on emotional needs. Teachers have had no time to give in my original request I stated this was training for teachers social emotional stress but in reality it is training for them to help students with their social emotional stress. Self-Awareness, Self-Management Social Awareness and Relationship Building. These are the categories the 168 students are needing immediate attention in order to recover from their lives being changed so much due to COVID 19. The topics covered in the categories are topics found in secular social emotional competencies and will be completely taught in this manner.</td>

<td>NSDE and Service Centers will work with the school to ensure the coaching provided will be completely secular. The pandemic has intensified the need for our school to address social and emotional needs of middle school students. Our middle school teachers have identified approximately 42% of our middle school students who are anxious, depressed, and lacking confident social (SEL) skills. This has been shared from students in circle activities, journaling, and in numerous conversations between students and teachers. The 9 sessions of social emotional content will bring light to these topics and assist students with dealing with SEL. The 9 sessions will completely focus on the secular topics and from a secular view point in three categories: Self Awareness, Self Management, and Social Awareness and Relationship Building. It is these 3 categories that the students are needing immediate attention to in order to recover from the life changes they have been through due to COVID and the disruption of their learning.</td>

<td>The pandemic has intensified the need for our school to address social and emotional needs of middle school students. We have seen a huge learning loss in this area. This year our 5 middle school teachers and the administration have dealt with 72, 6th-8th grade students who lack social and emotional skills. They are anxious, depressed, and not confident in their ability to navigate through the pandemic. This has been shared from students in numerous conversations who are not handling the changes in their lives that have been brought on with the pandemic. They have expressed the plea for help in their annual survey, in journal writing, and in numerous conversations. We have dealt with 2 students who have lost a loved one to COVID 19, we have students whose grades are far below their normal performance. We have had 4 students express suicide ideation. We have seen students with a profound inability to make decisions, to gain trust in each other and students who are dealing with depression. These 9 sessions will bring to light these topics. This year we have had no time to give to these topics and thus we see our students far behind in their social and emotional development.</td>
<td>(CONTINUED FROM DESCRIPTION DUE TO EXCEEDING CHARACTER LIMIT) The nine sessions will completely focus on the social topics and from a secular view point in three categories: Self-Awareness, Self-Management, and Social Awareness and Relationship Building. These are the three categories the 72 middle school students are needing immediate attention in order to recover from their lives being changed so much due to COVID 19. The topic covered in the 3 categories are topics found in secular social emotional competencies.</td>

<td></td>
<td>The revised request is for two mobile boards. We will designate one for grades K-4 and the other for grades 5-8. We have been in person school for much of the year. However, we have had many students quarantined due to parents testing positive. We have had very few days where we don’t have students in quarantine. Our teachers are zooming with their students when they are quarantined. We have seen examples of schools that are using Promethean boards to better connect the students at home with the students at school. The students who are quarantined have very limited capability to interact with their classmates. Currently our teachers are zooming on their laptops and the screen is too small for whole class interactions. We have seen in these examples that students are much more engaged at home and at school when they have more real life interactions. This makes it much more effective in catching up students up from lost learning and also keeping the students where they need to be academically. This is would be a big boost for social-emotional wellness which we have seen decline this year. We do not foresee the quarantining of students to go away next year or even the year after.</td>

</tr>
</tbody>
</table>

In our original application, we were told to think big. I understand that my request was deemed ineligible due to reasonableness. I would like to revise my request to two Promethean Boards that would be mobile. I also would like to revise my request and ask for a much more cost effective model. I received a quote from Haddock for the type of Promethean Boards that I would like to request and they would be $1,899 each plus $499 for the mobile stand and $229 each for installation. This would be a revised total cost of $5,254. The price per board from Haddock is actually about $200 less expensive than the price in the service center catalog.

$5,254.00

<td>I did not do a good job in linking this item to the approved positions (2246-007 and 2246-008) that are to run this opportunity. The opportunity would be of an immeasurable benefit to students as the one investment would lead to years of use. Included in the cost are the initial investments of trees, a well, a high tunnel hoop house (greenhouse), Tillers, hoses, and utility vehicle. The initial cost does seem like it may not meet a cost/benefit analysis, but the items being purchase would all have an extremely long longevity allowing for many uses in the future. An additional item to add would be that other classes could utilize (such as biology) the hoop house and equipment when studying our botany sections. I feel like the benefit, not only from STEM experience, but of growing produce and trees, landscaping, and a boost of known social and emotional well being would be something very worthwhile. I would ask that this be considered again.</td>
<td>Could reduce utility vehicle cost by buying a used unit or eliminating which could reduce from $12,000 to $6,000 or $0</td>

<td>Description does not clearly map to specific subset of future remote/hybrid students</td>
<td>Chrome books during this Covid period are a vital part of being able to continue to educate students, if and when they need to be at home learners. Technology needs to be reliable and up to certain standards to be able to meet the needs of the students that we, as a school community, are trying to serve. Because of the limited amount of chrome books that we have access to, and the wide variety of issues these chromebooks have, many students that needed to quarantine because of Covid issues had difficulty being able to stay in line with learners that were able to stay in school. Although we have been in person we have had students in quarantine at different times which forces students and teachers to learn and teach virtually during these time periods.</td>

<td>6060-4-004</td>
<td>Ineligible</td>
<td>Does not adequately describe why request is necessary or reasonable to address an incremental COVID need</td>
<td>The original request for these 20 Chromebook said they would be for the kindergarten class. They were deemed ineligible, according to the notes, because in the “Funding Need” portion of the application it was stated that ESSER funds were already used to buy Chromebooks for kindergarten. We would like to clarify that the ESSER funds bought Chromebooks for the 2020-2021 kindergarten students. Those Chromebooks will be passed on with those same students to first grade. This request was intended for the incoming kindergarten class of 2021-2022. Therefore, this request is for a different set of specific students. Chromebooks for each 2021-2022 kindergarten student are essential so that every student has access to programs we are using to individual learning as needed to fill the gaps that occurred when students were remote and had interruptions in their learning. This is especially true for our 2021-2022 kindergarten class as over 50% of the students did not even attend Pre-Kindergarten due to concerns their parents had over COVID-19 and the required regulations. Therefore, the gaps of learning are going to be significant for this group of students as they enter kindergarten.</td>

<td>Due to COVID-19, we sent iPads home with students during the last semester of 2020 for remote learning. We have sent numerous iPads home during the 2020-2021 school year when students were quarantined or tested positive to COVID-19. Because of this extra wear and tear on our old devices, we now have iPads that need to be replaced. If we do not replace these, students will have to share devices. By purchasing more iPads, students will not have to share devices in class, thus reducing the chance of spreading COVID-19. The new iPads will help us address learning loss of our students by providing devices for educational activities and programs aimed at helping them gain back some of the instruction they missed due to COVID-19 interruptions.</td>
<td>50</td>
<td>$10,576.99</td>
<td>Table 1 - Service Center Menu</td>
<td>Apple 10.2-inch iPad Wi-Fi - 8th generation - tablet - 32 GB - 10.2&quot;</td>
<td>COVID-19 forced us to move to online instruction, which required each student to have their own personal device. Many of our current iPads are dated, ranging from 3 - 10 years old. With the increased use as students took their iPads home and used them on a daily basis, our devices have taken a lot of extra wear and tear. Having newer iPads will allow us to continue providing quality in-class instruction while also having reliable devices for any online instruction we may have to provide in the future.</td>

<td>7784-1-001</td>
<td>Eligible</td>
<td></td>
<td>Ascension Catholic School plans to address COVID related learning loss and individual technology access in the near future. Based on Measures of Academic Progress reports for Fall 2019-2020 and Winter 2021, grades two, third and fourth demonstrate learning loss identified in the following data. In comparing Fall 2019-2020 scores, over half of second and third grade students failed to meet the projected growth in both Reading and Math. Scores indicate less than 24 percent of 3rd grade students and less than 45 percent of 2nd grade students met projected growth in Reading and Math. Review of Winter 2021 scores indicates continued loss of learning with over fifty percent of students in 3rd and 4th grade falling in the category of 'low growth' for both low and high achievers. Student access to technology designed to assist with literacy and math skills, such as Lexia and IXL, is an individualized reasonable means to recover learning loss. Constant sanitation of shared devices has caused increased wear and breakage of current devices. Providing individual Chromebooks for Ascension students in grades two through four is an appropriate, reasonable and allocable means to address these deficiencies over the next three years.</td>

| 7980-2-001 | Ineligible  | Does not demonstrate reasonableness of personnel type vs. stated need | Licensed Building or District Administrator for Social-Emotional Support and Academic Intervention | Due to loss of academic instruction and social-emotional growth from nearly 6 months of no in person school and quarantine periods of 14-28 days at a time due to COVID, our school has experienced an increase of student absenteeism, student and teacher anxiety, student and staff depression, student anti-social behaviors, and student loss of academic skills in literacy and math. Classroom teachers are overwhelmed with the sheer number of students that are in need of intervention for academics and/or behavior.

We are in need of a new position to lead a CARE (Collaborative, Affective, Responsive Educational) Team (currently chaired by principal) to support and guide teachers with academic and behavioral interventions, provide tier 2 and 3 academic and behavior interventions, and partner with the counselor to support the growing social-emotional needs of the students, and to support remotely learning students during COVID quarantine. Additional personnel with appropriate knowledge of MTSS will allow us to close the gaps caused by the loss of school April and May 2020 and the long periods of quarantine due to COVID exposure.

| 7980-4-001 | Eligible    | Eligible for 1/3 of original requested quantity (117); subject to substitution of a similar product to satisfy COVID need | The Google platform on Chromebooks allows students to continue with the best practice of collaborative learning in the classroom and still maintaining the recommended social distance due to COVID. Students required to stay 3-6 feet from each other during the school day are able to use the Google platform on Chromebooks for group projects, small group discussion, virtual science labs, test reviews, as well as attend school remotely during COVID quarantine.

After students returned for the 2020-2021 school year, there was a wide range of academic skills, and many demonstrated significant loss in literacy and numeracy skills during the six months they were out of school due to COVID. Chromebooks allow teachers to differentiate academic practice according to individual student needs on programs such as Lexia Core 5, IXL, Xtra Math, as well as individual assessments to progress monitor learning.

We need reliable mobile devices to be able to continue student collaborative learning while socially-distanced, differentiate student academic practice, and monitor the progress of student learning to close learning gaps from the loss of academic instruction last spring when in person school was suspended due to the COVID-19 pandemic.

We asked for 350, which is 1:1 for our school building. Even a third or half would be helpful. |

<td>We have many students in each grade, K-2, from our Acadience progress monitoring in both Reading and Math that are behind academically due to a loss of learning with COVID-19. Our students K-2 are assessed in their reading growth through Raz Kids, a program that assesses both fluency and reading comprehension. In the Fall of 2021, we had 36% of our students fall well below grade level to begin the 2020-2021 school year. This percentage was about 10% greater than the previous year. In order to decrease this learning gap in our students, we are asking for iPads. These iPads will allow students in class accessibility to our Raz-Kids (A to Z reading program). This will support progress monitoring. Students will be able to take online assessments using these devices on a daily basis to continue working on their reading fluency and comprehension skills. We currently have zero iPads in our entire building. For next year (21-22) we will have 220 K-2 students enrolled in our building. Our proposal for iPads would give us a 2-1 student to iPad ratio in the classroom for our students.</td>

<td>Eligible</td>
<td></td>
<td>A school counselor is imperative in supporting our students with the social and emotional repercussions created by the pandemic. The differences between the previous year to the current year has made it clear we need more mental health and SEL support for our students and staff. The students would benefit from a program implemented by a school counselor that will provide students with social awareness, emotional intelligence and self-regulation of behavior. These skills will drive home the importance of social emotional learning to students academic success and later success in life. Our school population is 51% minority and this subgroup often times does not have access to this type of service outside the school setting. The rising amount of mental health emergencies and suicidal threats within our building, starting as low as third grade, deems the need of a mental health professional on-site at minimum for three days a week for more support.</td>

<td>School shutdowns have proven racial disparities in learning and achievement. Assessment data from this fall, shows that students, on average, started school about three months behind where we would expect them to be in mathematics. Students of color were about three to five months behind in learning while students were about one to three months behind. Being that our school population is 51% minority, we need to provide the best interventions in mathematics and to better support our students. A Math lab would benefit our students and support them in bridging the achievement gaps Covid has created especially for our students in the specific subgroups with the biggest deficits. When Math Labs become an integral part of the schools culture, they allow teachers and school leaders to negotiate how they position and empower students; what opportunities they give students to learn rich mathematics; and what shared professional values guide their inquiry into students’ mathematical learning. Math labs have proven to increase state assessment scores by over 50% in three year periods and also help close the gap between white and student minority groups. Providing our students with a math lab will help increase achievement in math.</td>
<td>Interactive Touch Screen TV - $3000 (Astar ANB-6007 65&quot; Multi Touch Display Electronic White Board Interactive Smart Writing Board with WiFi, 3G Internet and Built-in Speaker) 1920 x 1080 Optical Math kits Grades K-8 - $200 a piece x9 = $1800 White board tables - 4 x $350 = $1400 15 Tablets - $200 x 15 = $3,000</td>

Would you like to additional district representatives to the application?  |  Yes
Other District Representative 1 | Email Address  |  reyna.weatherred@usd216.org

Please briefly describe the impacts of COVID-19 on the district and its Pre-K through 12 students, including any relevant data where possible (e.g., cost impact, learning loss, emotional impact on students). If there has been a disproportionate impact on a special population in the district (e.g., students with disabilities, English Learners, students in foster care, students in poverty, etc.), please describe the impact and provide the number of Pre-K through 12 students in that population.

The impacts of the COVID-19 Pandemic for USD 216 have been visible both academically and on the social/emotional front. In the District, we currently have 20% of our students identified as Chronic Absent, and the main cause of the students missing school is the pandemic. Academically District-wide, we have seen a decline in our reading and math scores and an even bigger decline in our ELL population, and free and reduced lunch students' scores. Currently, 70% of our student population is free...
and reduced, and 45% is ELL. With over 60% of our students being identified as at high risk or some risk in Reading and Math according to our Fastbridge data, and then 100% of our students identifying with some social/emotional struggle based on our SAEBRS data and small group work of our Social/Emotional Counselor. The impact of not being in school from last March till May and then the ongoing stresses of the daily pandemic has taken a huge toll on our students and staff.

Does the district have remaining ESSER I funding that it has not yet spent as of the date of ESSER II application submission? | Yes

Please summarize how the district will use its remaining ESSER I and ESSER I SPED funding and what it hopes to accomplish with these funds.

The remaining of our ESSER 1 funds will be spent on additional staff to help address the learning needs of our students and provide coverage for staff. This person is working with our ELL population, who has been impacted greatly by the pandemic in the role of para but on days that a teacher is gone and we cannot fill with a substitute; this person will cover those classes to help keep the learning moving forward on those days and limit the amount of time lost due to a teacher being out because of quarantine or positive cases. It will also help cover the cost of the extra time that staff has put in to help teach students and keep facilities cleaned during the pandemic.

Please review the following allowable uses of ESSER II funds before completing the narrative and Excel template portion of the application.

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.
- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.
- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.
- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.
- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.
- Planning for, coordinating, and implementing activities during long-term closures, including providing meals to eligible students, providing technology for online learning to all students, providing guidance for carrying out requirements under the IDEA and ensuring other educational services can continue to be provided consistent with all Federal, State, and local requirements.
- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and children with disabilities, which may include assistive technology or adaptive equipment.
- Providing mental health services and supports.
- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low-income
students, children with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.

- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.

- School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.

- Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.

- Developing strategies and implementing public health protocols for the reopening and operation of school facilities.

- Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Please note: “Developing strategies and implementing public health protocols for the reopening and operation of school facilities,” identified as an allowable use under ESSER III in the American Rescue Plan, is also permissible under ESSER II.

Plan for ESSER II Direct District Allocation and KSDE Per-Student Additional Allocation (If Applicable)

Please summarize how the district proposes using its ESSER II direct district allocation (and its KSDE per-student additional allocation, if applicable) to address incremental COVID-19 needs.

USD 216 will be allocating our ESSER 2 funds to help address the learning loss from the pandemic by giving staff and students the resources they need to be successful. Through our remote learning and in-person learning, we have identified that our technology is not sufficient to support our students and staff in the curriculum and resources that we are using to help close the gaps and educate our students. One of our main priorities will be updating technology for both students and teachers district-wide to better use programs and curriculum. We conducted building needs assessments with our staff. The biggest need from outside of technology improvements was the need to provide professional development on the resources we are using and highly effective teaching strategies. To build on the extra learning time our staff is already providing, we are creating an EXCELeRate Learning Academy this summer to help close the gap on learning and provide students an opportunity to get a jump start on the next school year. This academy will be a combination of closing academic gaps and providing STEAM-based hands-on problem-solving education. We hope to expand this model in years to come to continue to grow a love of learning among all our students. The final part of our plan is to align and update both social/emotional and academic curriculum to support closing the gap and making sure our students have social/emotional help.

How will the district determine the impact of its ESSER II direct district allocation expenditures (and additional per-student allocation, if applicable) on students?

USD 216 is finishing up year 1 of FastBridge for both academic and social/emotional data tracking. We will continue to use FastBridge for both progress monitoring and intervention resources and measure where our students are at social/emotional and providing supports based on that data. Two other pieces of data that we will look at are our absentee rates and state assessments. We will also continue to conduct yearly building needs assessments that involve the staff to see if the plans we are implementing and materials we are buying are impacting our students.

Notes on ESSER II application Excel template:

- Plans and budgets should be submitted for at least a 12 month period but do not need to account for the full duration of the program or the full allocation amount. Funds will remain accessible to the LEA until September 30, 2023 and there will
be additional opportunities to submit further requests/plans in the future.

- Following ESSER II application approval and initiation of funds draw down, districts will be required to report to the Commissioner's Task Force on ESSER II expenditures and impact on a monthly basis throughout the program. This ESSER II reporting will be required as a part of regular ESSER program reporting, which will capture past expenditures across funding streams (ESSER I, ESSER I SPED, ESSER II, ESSER II SPED, ESSER II KSDE Per Student Allocation). Districts may be asked to provide expenditures by fund, function, object, account, and ESSER II allowable use as part of ongoing ESSER reporting.

- This reporting will not replace any reporting required by the federal government. KSDE will work to maximize compatibility between its reporting requirements and those of the federal government as much as possible to minimize burden on districts.

Please download and complete the ESSER II application template [here](#) to provide details on ESSER II budgeted expenditures across allowable uses and KSDE accounting codes.

Local Education Agency (LEA) Assurances

## Section I. General Grant Assurances for Federal Funds

**Throughout the period of the grant award, the LEA will comply with all requirements of:**

The LEA will make a good faith effort, on a continuing basis, to maintain a drug-free workplace, in accordance with the measures in 34 CFR Part 84, Subpart B and the Drug-Free Workplace Act of 1988;

The Education Department General Administrative Regulations (EDGAR) 34 CFR 76 requirements, including:

34 CFR §76.500(a) Federal statutes and regulations on nondiscrimination.

(a) A State and a subgrantee shall comply with the following statutes and regulations:
- Discrimination on the basis of age | The Age Discrimination Act (42 U.S.C. 6101 et seq.) | 34 CFR part 110.

(b) A State or subgrantee that is a covered entity as defined in §108.3 of this title shall comply with the nondiscrimination requirements of the Boy Scouts of America Equal Access Act, 20 U.S.C. 7905, 34 CFR part 108.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.650 Private schools; purpose of §§76.651-76.662.

(a) Under some programs, the authorizing statute requires that a State and its subgrantees provide for participation by students enrolled in private schools. Sections 76.651-76.662 apply to those programs and provide rules for that participation. These sections do not affect the authority of the State or a subgrantee to enter into a contract with a private party.

(b) If any other rules for participation of students enrolled in private schools apply under a particular program, they are in the authorizing statute or implementing regulations for that program.

(Authority: 20 U.S.C. 1221e-3 and 3474)

34 CFR §76.700 Compliance with statutes, regulations, State plan, and applications.

A State and a subgrantee shall comply with the State plan and applicable statutes, regulations, and approved applications, and shall use Federal funds in accordance with those statutes, regulations, plan, and applications.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))
34 CFR §76.701 The State or subgrantee administers or supervises each project. A State or a subgrantee shall directly administer or supervise the administration of each project. (Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.709 Funds may be obligated during a “carryover period.”
(a) If a State or a subgrantee does not obligate all of its grant or subgrant funds by the end of the fiscal year for which Congress appropriated the funds, it may obligate the remaining funds during a carryover period of one additional fiscal year.
(b) The State shall return to the Federal Government any carryover funds not obligated by the end of the carryover period by the State and its subgrantees. (Authority: U.S.C. 1221e-3, 1225(b), and 3474)

34 CFR §76.722 Subgrantee reporting requirements. A State may require a subgrantee to submit reports in a manner and format that assists the State in complying with the requirements under 34 CFR 76.720 and in carrying out other responsibilities under the program. (Authority: 20 U.S.C. 1221e-3, 1231a, and 3474)

[72 FR 3703, Jan. 25, 2007]

34 CFR §76.730 Records related to grant funds. A State and a subgrantee shall keep records that fully show:
(a) The amount of funds under the grant or subgrant;
(b) How the State or subgrantee uses the funds;
(c) The total cost of the project;
(d) The share of that cost provided from other sources; and
(e) Other records to facilitate an effective audit. (Approved by the Office of Management and Budget under control number 1880-0513)

(Authority: 20 U.S.C. 1232f)

34 CFR §76.731 Records related to compliance. A State and a subgrantee shall keep records to show its compliance with program requirements. (Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

The Uniform Grant Guidance, 2 CFR §200 all applicable subrecipient requirements, including but not limited to:
2 CFR Subpart D – Post Federal Award Requirements
§200.302 Financial management. §200.303 Internal controls. §200.305 Payment. §200.313 Equipment. §200.314 Supplies. §200.318 General procurement standards. §200.320 Methods of procurement to be followed; 2 CFR 200 Subpart E: Cost Principles: §200.403 Factors affecting allowability of costs. §200.404 Reasonable costs. §200.405 Allocable costs. §200.413 Direct costs. §200.415 Required certifications. §200.430 Compensation—personal services. The Debarment and Suspension, 34 CFR Part 85, Section 85.510, Participants’ Responsibilities and makes the following certification by signing this application: The prospective lower-tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this
transaction by any federal department or agency. Where the prospective lower-tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal. This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 for such failure.

Section II. Specific Elementary and Secondary School Emergency Relief (ESSER) Grant Assurances

The LEA assures that funds shall only be used for any of the following:

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.
- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.
- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.
- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.
- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.
- Planning for and coordinating during long-term closures, including for how to provide meals to eligible students, how to provide technology for online learning to all students, how to provide guidance for carrying out requirements under the Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.) and how to ensure other educational services can continue to be provided consistent with all Federal, State, and local requirements.
- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and students with disabilities, which may include assistive technology or adaptive equipment.
- Providing mental health services and supports.
- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low income students, students with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.
- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by—(A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.
• School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.
• Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.
• Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Throughout the period of the grant award, the LEA shall comply with all applicable requirements of the Elementary and Secondary School Emergency Relief (ESSER) authorized by the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSAA), including:

CONTINUED PAYMENT TO EMPLOYEES
SEC. 18006. A local educational agency, State, institution of higher education, or other entity that receives funds under “Education Stabilization Fund”, shall to the greatest extent practicable, continue to pay its employees and contractors during the period of any disruptions or closures related to coronavirus.

Certification
To the best of my knowledge and belief, all the information and data in this agreement are true and correct. I acknowledge and agree that the failure to comply with all Assurances and Certifications in this Agreement, all relevant provisions and requirements of the CARES Act, Pub. L. No. 116-136 (March 27, 2020), or any other applicable law or regulation may result in liability under the False Claims Act, 31 U.S.C. § 3729, et seq.; OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485; and 18 USC § 1001, as appropriate.

Your User Profile will be linked to every application submitted under your login. You can always return to this page to keep your information current.

Select an Applicant Type: Unified School District

Applicant / Entity Name: Blue Valley School District

Applicant / Mailing Address:
15020 Metcalf
Overland Park, Kansas 66223

Applicant / First and Last Name of Owner, CEO, or Executive Director: Adam Wade

Applicant / Email Address of Owner, CEO, or Executive Director: awade@bluevalleyk12.org

Applicant / Phone Number: 913-239-4623

All questions in the section below are optional, and offer an opportunity to upload or enter information that is typically asked for on grant opportunities.

(for EANS and ESSER grant applications - please skip the questions below, and scroll to the bottom to complete your User Profile information.)

Application details

Full District Name: Blue Valley School District

District Number: 229
Please briefly describe the impacts of COVID-19 on the district and its Pre-K through 12 students, including any relevant data where possible (e.g., cost impact, learning loss, emotional impact on students). If there has been a disproportionate impact on a special population in the district (e.g., students with disabilities, English Learners, students in foster care, students in poverty, etc.), please describe the impact and provide the number of Pre-K through 12 students in that population.

We estimate that COVID-19 has cost 2.9 million dollars beyond federal funding. This includes PPE, mitigation, contact tracing, VirtualED, etc.

Due to COVID-19, we have had roughly 25% of our families opt for VirtualED for the entire school year. Thus, we have built a remote school for 6,000 students which has included costs for hiring extra teachers, hiring a VirtualED Director, creating resources to support teachers, training teachers, buying software, etc. All of these pieces have been necessary to provide families with the high quality education they expect.

Additionally, families' worries and needs have increased this year. As we want to serve families to the best extent, we know that moving forward, we need to understand their perceptions, fears, and concerns so that we know we are appropriately responsive.

COVID-19 has impacted student learning, both academically and social-emotionally. While impacts vary, MAP data shows struggles in math, where less than 50% of students met their Fall to Winter growth target. Reading data was better, though many students are likely not progressing as much as they would be otherwise. Further, our social-emotional data (through Panorama, ICLE WE Teacher and Student Surveys, KCTC) shows students feel more isolated than they have in the past.

As a result of these increased needs, we need extended learning opportunities for students (in both realms), before and after school tutoring, more instructional resources to aid in targeted interventions, more intervention specialists, and a special education literacy consultant.

Does the district have remaining ESSER I funding that it has not yet spent as of

Yes
the date of ESSER II application submission?

Please summarize how the district will use its remaining ESSER I and ESSER I SPED funding and what it hopes to accomplish with these funds.

The remaining ESSER I allocation will be used for tutoring stipends to pay teachers to work with students outside of contract time on an as-needed basis during the fourth quarter of the school year. It will also be used to account for any teacher overages necessitated by offering remote learning. Lastly, we could also move some of the remaining salaries for the health mitigation employees here also. In essence, the plan is to use up ESSER I Gen Ed funding by the end of the year.

As for ESSER I SPED, we plan to use some of the allocation for teacher stipend pay (OT/SLP compensatory services for summer 2021) and software purchases.

Please review the following allowable uses of ESSER II funds before completing the narrative and Excel template portion of the application.

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.
- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.
- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.
- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.
- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.
- Planning for, coordinating, and implementing activities during long-term closures, including providing meals to eligible students, providing technology for online learning to all students, providing guidance for carrying out requirements under the IDEA and ensuring other educational services can continue to be provided consistent with all Federal, State, and local requirements.
- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and children with disabilities, which may include assistive technology or adaptive equipment.
- Providing mental health services and supports.
- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low-income students, children with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.
- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating...
instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.

- School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.
- Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.
- Developing strategies and implementing public health protocols for the reopening and operation of school facilities.
- Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Please note: "Developing strategies and implementing public health protocols for the reopening and operation of school facilities," identified as an allowable use under ESSER III in the American Rescue Plan, is also permissible under ESSER II.

Plan for ESSER II Direct District Allocation and KSDE Per-Student Additional Allocation (If Applicable)

Please summarize how the district proposes using its ESSER II direct district allocation (and its KSDE per-student additional allocation, if applicable) to address incremental COVID-19 needs.

We propose using our allocation in the following ways:

* Paying for mitigation strategies and contract tracers to provide for the health and safety of students, staff, parents, and patrons.

* Funding professional learning in the areas of Trauma Responsive Learning, Reading Strategies, Assessment Data Analysis, School Wide Positive Behavior Supports, Mathematics Pedagogy, and Diversity, Equity & Inclusion. This would help address the academic and social-emotional losses, developed as a result of COVID-19.

* Spending on surveys that better help us serve our families in these needy times, as gathering familial input will allow us to further customize the Blue Valley experience. Further, we would like to use funds to design strategies to increase parent and student connectedness to school in order to benefit the social-emotional needs of all students.

* Purchasing tools that will better help teachers analyze data, which will help us better serve students.

* Funding before and after school tutoring to assist students with standards at specific grade levels in specific subject areas.

* Paying for extended learning opportunities this summer to help students catch-up academically.

* Purchasing instructional resources such as a phonics resource, math materials, SEL resources, and other intervention materials as needed.

* Funding intervention specialists at high schools to help address learning loss for students.

* Funding a special education literacy consultant to assist with job embedded professional learning and coaching and to address learning loss for special education students.

* Spending for more social workers and student clubs to support student wellbeing and self-care and mitigate engagement in high-risk behaviors.

* Finally, we would like to use funds to continue to build our virtual school, so that we can meet the needs of students wanting to learn from home. Meeting these needs are especially crucial, as we know that remote learning won't be permitted for Kansas students in Fall 2021.

How will the district determine the impact of its ESSER II direct district allocation expenditures (and additional per-student allocation, if applicable) on students?
Since all of our proposed expenditures relate to academic and social-emotional needs, our measurements can be boiled down to the following:

*We will use the research-based surveys during the 2021-22 school year to measure family feedback in the areas of school satisfaction, school connectedness, and culture, all of which have an impact on defining emotional and academic needs of students.

*We will use MAP, Acadience, KAP, PSAT, ACT, and AP data to provide us with many different big picture lenses into how students are growing academically. With the hopeful funding of more data analysis tools, we will increase focus on teacher-created formative assessments, where PLCs can problem-solve around students’ academic needs.

*We will use Panorama (3-5), KCTC (6, 8, 10, 12), informal surveys (K-2), and WE surveys (6-12) to measure how students are progressing in terms of SEL.

### Notes on ESSER II application Excel template:

- Plans and budgets should be submitted for at least a 12 month period but do not need to account for the full duration of the program or the full allocation amount. Funds will remain accessible to the LEA until September 30, 2023 and there will be additional opportunities to submit further requests/plans in the future.
- Following ESSER II application approval and initiation of funds draw down, districts will be required to report to the Commissioner’s Task Force on ESSER II expenditures and impact on a monthly basis throughout the program. This ESSER II reporting will be required as a part of regular ESSER program reporting, which will capture past expenditures across funding streams (ESSER I, ESSER I SPED, ESSER II, ESSER II SPED, ESSER II KSDE Per Student Allocation). Districts may be asked to provide expenditures by fund, function, object, account, and ESSER II allowable use as part of ongoing ESSER reporting.
- This reporting will not replace any reporting required by the federal government. KSDE will work to maximize compatibility between its reporting requirements and those of the federal government as much as possible to minimize burden on districts.

Please download and complete the ESSER II application template [here](#) to provide details on ESSER II budgeted expenditures across allowable uses and KSDE accounting codes.

### Local Education Agency (LEA) Assurances

#### Section I. General Grant Assurances for Federal Funds

**Throughout the period of the grant award, the LEA will comply with all requirements of:**

- The LEA will make a good faith effort, on a continuing basis, to maintain a drug-free workplace, in accordance with the measures in 34 CFR Part 84, Subpart B and the Drug-Free Workplace Act of 1988;
- The Education Department General Administrative Regulations (EDGAR) 34 CFR 76 requirements, including:
  - 34 CFR § 76.500(a) Federal statutes and regulations on nondiscrimination.
  - A State and a subgrantee shall comply with the following statutes and regulations:
    - Discrimination on the basis of age | The Age Discrimination Act (42 U.S.C. 6101 et seq.) | 34 CFR part 110.
(b) A State or subgrantee that is a covered entity as defined in §108.3 of this title shall comply with the nondiscrimination requirements of the Boy Scouts of America Equal Access Act, 20 U.S.C. 7905, 34 CFR part 108.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.650 Private schools; purpose of §§76.651-76.662.

(a) Under some programs, the authorizing statute requires that a State and its subgrantees provide for participation by students enrolled in private schools. Sections 76.651-76.662 apply to those programs and provide rules for that participation. These sections do not affect the authority of the State or a subgrantee to enter into a contract with a private party.

(b) If any other rules for participation of students enrolled in private schools apply under a particular program, they are in the authorizing statute or implementing regulations for that program.

(Authority: 20 U.S.C. 1221e-3 and 3474)

34 CFR §76.700 Compliance with statutes, regulations, State plan, and applications.

A State and a subgrantee shall comply with the State plan and applicable statutes, regulations, and approved applications, and shall use Federal funds in accordance with those statutes, regulations, plan, and applications.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.701 The State or subgrantee administers or supervises each project.

A State or a subgrantee shall directly administer or supervise the administration of each project.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.702 Fiscal control and fund accounting procedures.

A State and a subgrantee shall use fiscal control and fund accounting procedures that insure proper disbursement of and accounting for Federal funds.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.709 Funds may be obligated during a “carryover period.”

(a) If a State or a subgrantee does not obligate all of its grant or subgrant funds by the end of the fiscal year for which Congress appropriated the funds, it may obligate the remaining funds during a carryover period of one additional fiscal year.

(b) The State shall return to the Federal Government any carryover funds not obligated by the end of the carryover period by the State and its subgrantees.

(Authority: U.S.C. 1221e-3, 1225(b), and 3474)

34 CFR §76.722 Subgrantee reporting requirements.

A State may require a subgrantee to submit reports in a manner and format that assists the State in complying with the requirements under 34 CFR 76.720 and in carrying out other responsibilities under the program.

(Authority: 20 U.S.C. 1221e-3, 1231a, and 3474)

[72 FR 3703, Jan. 25, 2007]

34 CFR §76.730 Records related to grant funds.

A State and a subgrantee shall keep records that fully show:

(a) The amount of funds under the grant or subgrant;

(b) How the State or subgrantee uses the funds;

(c) The total cost of the project;

(d) The share of that cost provided from other sources; and

(e) Other records to facilitate an effective audit.

(Approved by the Office of Management and Budget under control number 1880-0513)

(Authority: 20 U.S.C. 1232f)

34 CFR §76.731 Records related to compliance.

A State and a subgrantee shall keep records to show its compliance with program requirements.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

The Uniform Grant Guidance, 2 CFR §200 all applicable subrecipient requirements, including but not limited to:

2 CFR Subpart D – Post Federal Award Requirements

$200.302 Financial management.

$200.303 Internal controls.
§200.305 Payment.
§200.313 Equipment.
§200.314 Supplies.
§200.318 General procurement standards.
§200.320 Methods of procurement to be followed;
2 CFR 200 Subpart E: Cost Principles:
§200.403 Factors affecting allowability of costs.
§200.404 Reasonable costs.
§200.405 Allocable costs.
§200.413 Direct costs.
§200.415 Required certifications.
§200.430 Compensation—personal services.
The Debarment and Suspension, 34 CFR Part 85, Section 85.510, Participants’ Responsibilities and makes the following certification by signing this application:
The prospective lower-tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.

Where the prospective lower-tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.
This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 for such failure.

Section II. Specific Elementary and Secondary School Emergency Relief (ESSER) Grant Assurances

The LEA assures that funds shall only be used for any of the following:
- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.
- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.
- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.
- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.
- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.
- Planning for and coordinating during long-term closures, including for how to provide meals to eligible students, how to provide technology for online learning to all students, how to provide guidance for carrying out requirements under the Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.) and how to ensure other educational services can continue to be provided consistent with all Federal, State, and local requirements.
• Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and students with disabilities, which may include assistive technology or adaptive equipment.

• Providing mental health services and supports.

• Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low income students, students with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.

• Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by—(A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.

• School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.

• Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.

• Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Throughout the period of the grant award, the LEA shall comply with all applicable requirements of the Elementary and Secondary School Emergency Relief (ESSER) authorized by the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSAA), including:

CONTINUED PAYMENT TO EMPLOYEES
SEC. 18006. A local educational agency, State, institution of higher education, or other entity that receives funds under “Education Stabilization Fund”, shall to the greatest extent practicable, continue to pay its employees and contractors during the period of any disruptions or closures related to coronavirus.

Certification

To the best of my knowledge and belief, all the information and data in this agreement are true and correct. I acknowledge and agree that the failure to comply with all Assurances and Certifications in this Agreement, all relevant provisions and requirements of the CARES Act, Pub. L. No. 116-136 (March 27, 2020), or any other applicable law or regulation may result in liability under the False Claims Act, 31 U.S.C. § 3729, et seq.; OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485; and 18 USC § 1001, as appropriate.

Described in more detail in the narrative: we would like to use funds to address learning loss for students. This would include hiring interventionists to work with students on specific grade levels in specific subject areas. The funds would also be used to design strategies to increase parent and student connectedness during the summer to help students catch-up academically.

Described in more detail in the narrative: we would like to use funds to design strategies to increase parent and student connectedness to school in order to benefit the social-emotional needs of all students.

Thank you for creating a User Profile for the Kansas CommonApp!

Your User Profile will be linked to every application submitted under your login. You can always return to this page to keep your information current.

Select an Applicant Type | Unified School District
Applicant / Entity Name | Twin Valley Schools
Applicant / Mailing Address
107 N. Nelson
PO Box 38
Bennington, KS. 67422
Applicant / First and Last Name of Owner, CEO, or Executive Director | Pam Irwin
Applicant / Email Address of Owner, CEO, or Executive Director | pirwin@usd240.org
Applicant / Phone Number | 7854883325 ext. 401

All questions in the section below are optional, and offer an opportunity to upload or enter information that is typically asked for on grant opportunities.

(for EANS and ESSER grant applications - please skip the questions below, and scroll to the bottom to complete your User Profile information.)

Application details

Full District Name | Twin Valley Schools
District Number | 240
Please briefly describe the impacts of COVID-19 on the district and its Pre-K through 12 students, including any relevant data where possible (e.g., cost impact, learning loss, emotional impact on students). If there has been a disproportionate impact on a special population in the district (e.g., students with disabilities, English Learners, students in foster care, students in poverty, etc.), please describe the impact and provide the number of Pre-K through 12 students in that population.

Our school district has seen academic loss as students struggled to learn over Zoom during the spring of 2020. In addition to academic loss, we see an increase in social-emotional needs throughout our district during this school year as well with COVID-19 protocols in place. Staff and students are reporting more struggles with social-emotional well-being this year.

Our SRSS data shows an increase in moderate (from 23.21% to 35.6% for externalizing behaviors; from 19.6% to 23.8% for internalizing behaviors) and high-risk behaviors (from 0% to 10.2% for externalizing behaviors; from 7.1% to 25.4% for internalizing behaviors) in one of our schools, while the other school has maintained. We had created sustainable initiatives towards addressing these behaviors prior to COVID-19 which have provided a sense of stability; however, we have not seen a significant move in the data due to protocols and isolation in place in our classrooms and buildings.

In reading, we are seeing an increase in students requiring tier 2 and 3 supports K-6. Our DIBELS data shows our students continually struggle with reading fluency and comprehension. Our MAP data also shows our students growth is not at the expected level for the 20-21 school year across the district, with our students struggling in a variety of areas including reading and math. Our Free and Reduced population, approximately 51% of our students, have shown significant struggles across the board.

In addition to the academic needs as determined through our data analysis, our need for cleaning supplies and PPE continues.

Does the district have remaining ESSER I funding that it has not yet spent as of Yes
the date of ESSER II application submission?

Please summarize how the district will use its remaining ESSER I and ESSER I SPED funding and what it hopes to accomplish with these funds.

The remaining ESSER I funds will be utilized for payroll for April and May for additional classified staff and a long term sub to complete the 20-21 school year.

Please review the following allowable uses of ESSER II funds before completing the narrative and Excel template portion of the application.

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.
- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.
- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.
- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.
- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.
- Planning for, coordinating, and implementing activities during long-term closures, including providing meals to eligible students, providing technology for online learning to all students, providing guidance for carrying out requirements under the IDEA and ensuring other educational services can continue to be provided consistent with all Federal, State, and local requirements.
- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and children with disabilities, which may include assistive technology or adaptive equipment.
- Providing mental health services and supports.
- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low-income students, children with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.
- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.
- School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.
- Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.
- Developing strategies and implementing public health protocols for the reopening and operation of school facilities.
- Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Please note: “Developing strategies and implementing public health protocols for the reopening and operation of school facilities,” identified as an allowable use under ESSER III in the American Rescue Plan, is also permissible under ESSER II.

**Plan for ESSER II Direct District Allocation and KSDE Per-Student Additional Allocation (If Applicable)**

Please summarize how the district proposes using its ESSER II direct district allocation (and its KSDE per-student additional allocation, if applicable) to address incremental COVID-19 needs.

To address our needs in the area of social-emotional learning, we are proposing to increase staff support in this area. We currently have 1.5 social workers and 1 at-risk coordinator in our district, however our needs are great enough to increase this to 4 full time positions for social emotional supports for the next several years (2 social workers and 2 at-risk positions). Social-Emotional issues have increased for many of our students and so one of our focuses with the ESSER II funds is to provide intensive support in this area through both staffing and resources. We would pay for 1.5 positions out of ESSER II funds.

We have also seen an impact on student’s academic needs in both reading and math. We will begin using a screener that addresses all three areas (math, reading, SEL) to determine which students need additional supports and at what level. This screener identifies students who are struggling and provides basic diagnostic information.

To fill the gaps discovered, we must ensure we have the right tools in the hands of staff. Part of our new reading adoption includes a Tier 2 resource to support gaps in learning and to use as an intervention tool for K-3. In addition, we will look at purchasing additional tier 1, 2 and 3 resources for reading, math and SEL.

Extending the learning time available for students will also be a focus for the ESSER funds. Summer Academies will be scheduled each of the next 3 summers to provide additional opportunities for students to fill the gaps in their learning.

How will the district determine the impact of its ESSER II direct district allocation expenditures (and additional per-student allocation, if applicable) on students?

To determine the impact of the programs outlined in our plan, we will use a variety of data. The reading intervention materials include both benchmark assessments as well as progress monitoring tools. These assessments will be used to determine the impact of the use of these programs with students, measuring not only individual student growth, but also number of students requiring tier 2 or 3 interventions.

For math, we will also utilize additional resources for tier 2 and 3 interventions, and monitor the impact by how many students continue to need these additional supports, as well as the screener/benchmark assessments.

Additional data to be used for monitoring effectiveness of our plan will include MAP growth, discipline data, attendance data, and behavior data.

**Notes on ESSER II application Excel template:**

- Plans and budgets should be submitted for at least a 12 month period but do not need to account for the full duration of the program or the full allocation amount. Funds will remain accessible to the LEA until September 30, 2023 and there will be additional opportunities to submit further requests/plans in the future.
- Following ESSER II application approval and initiation of funds draw down, districts will be required to report to the Commissioner’s Task Force on ESSER II expenditures and impact on a monthly basis throughout the program. This ESSER II
reporting will be required as a part of regular ESSER program reporting, which will capture past expenditures across funding streams (ESSER I, ESSER I SPED, ESSER II, ESSER II SPED, ESSER II KSDE Per Student Allocation). Districts may be asked to provide expenditures by fund, function, object, account, and ESSER II allowable use as part of ongoing ESSER reporting.

- This reporting will not replace any reporting required by the federal government. KSDE will work to maximize compatibility between its reporting requirements and those of the federal government as much as possible to minimize burden on districts.

Please download and complete the ESSER II application template here to provide details on ESSER II budgeted expenditures across allowable uses and KSDE accounting codes.

Local Education Agency (LEA) Assurances

Section I. General Grant Assurances for Federal Funds

Throughout the period of the grant award, the LEA will comply with all requirements of:

The LEA will make a good faith effort, on a continuing basis, to maintain a drug-free workplace, in accordance with the measures in 34 CFR Part 84, Subpart B and the Drug-Free Workplace Act of 1988;

The Education Department General Administrative Regulations (EDGAR) 34 CFR 76 requirements, including:

34 CFR §76.500(a) Federal statutes and regulations on nondiscrimination.

(a) A State and a subgrantee shall comply with the following statutes and regulations:

- Discrimination on the basis of age | The Age Discrimination Act (42 U.S.C. 6101 et seq.) | 34 CFR part 110.

(b) A State or subgrantee that is a covered entity as defined in §108.3 of this title shall comply with the nondiscrimination requirements of the Boy Scouts of America Equal Access Act, 20 U.S.C. 7905, 34 CFR part 108.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.650 Private schools; purpose of §§76.651-76.662.

(a) Under some programs, the authorizing statute requires that a State and its subgrantees provide for participation by students enrolled in private schools. Sections 76.651-76.662 apply to those programs and provide rules for that participation. These sections do not affect the authority of the State or a subgrantee to enter into a contract with a private party.

(b) If any other rules for participation of students enrolled in private schools apply under a particular program, they are in the authorizing statute or implementing regulations for that program.

(Authority: 20 U.S.C. 1221e-3 and 3474)

34 CFR §76.700 Compliance with statutes, regulations, State plan, and applications.

A State and a subgrantee shall comply with the State plan and applicable statutes, regulations, and approved applications, and shall use Federal funds in accordance with those statutes, regulations, plan, and applications.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.701 The State or subgrantee administers or supervises each project.

A State or a subgrantee shall directly administer or supervise the administration of each project.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))
34 CFR §76.702 Fiscal control and fund accounting procedures.
A State and a subgrantee shall use fiscal control and fund accounting procedures that insure proper disbursement of and accounting for Federal funds.
(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.709 Funds may be obligated during a “carryover period.”
(a) If a State or a subgrantee does not obligate all of its grant or subgrant funds by the end of the fiscal year for which Congress appropriated the funds, it may obligate the remaining funds during a carryover period of one additional fiscal year.
(b) The State shall return to the Federal Government any carryover funds not obligated by the end of the carryover period by the State and its subgrantees.
(Authority: U.S.C. 1221e-3, 1225(b), and 3474)

34 CFR §76.722 Subgrantee reporting requirements.
A State may require a subgrantee to submit reports in a manner and format that assists the State in complying with the requirements under 34 CFR 76.720 and in carrying out other responsibilities under the program.
(Authority: 20 U.S.C. 1221e-3, 1231a, and 3474)
[72 FR 3703, Jan. 25, 2007]

34 CFR §76.730 Records related to grant funds.
A State and a subgrantee shall keep records that fully show:
(a) The amount of funds under the grant or subgrant;
(b) How the State or subgrantee uses the funds;
(c) The total cost of the project;
(d) The share of that cost provided from other sources; and
(e) Other records to facilitate an effective audit.
(Approved by the Office of Management and Budget under control number 1880-0513)
(Authority: 20 U.S.C. 1232f)

34 CFR §76.731 Records related to compliance.
A State and a subgrantee shall keep records to show its compliance with program requirements.
(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))
The Uniform Grant Guidance, 2 CFR §200 all applicable subrecipient requirements, including but not limited to:
2 CFR Subpart D – Post Federal Award Requirements
§200.302 Financial management.
§200.303 Internal controls.
§200.305 Payment.
§200.313 Equipment.
§200.314 Supplies.
§200.318 General procurement standards.
§200.320 Methods of procurement to be followed;
2 CFR 200 Subpart E: Cost Principles:
§200.403 Factors affecting allowability of costs.
§200.404 Reasonable costs.
§200.405 Allocable costs.
§200.413 Direct costs.
§200.415 Required certifications.
§200.430 Compensation—personal services.
The Debarment and Suspension, 34 CFR Part 85, Section 85.510, Participants’ Responsibilities and makes the following certification by signing this application:
The prospective lower-tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.
Where the prospective lower-tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.
This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 for such failure.

Section II. Specific Elementary and Secondary School Emergency Relief (ESSER) Grant Assurances

The LEA assures that funds shall only be used for any of the following:

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.

- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.

- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.

- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.

- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.

- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.

- Planning for and coordinating during long-term closures, including for how to provide meals to eligible students, how to provide technology for online learning to all students, how to provide guidance for carrying out requirements under the Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.) and how to ensure other educational services can continue to be provided consistent with all Federal, State, and local requirements.

- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and students with disabilities, which may include assistive technology or adaptive equipment.

- Providing mental health services and supports.

- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low income students, students with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.

- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.

- School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.

- Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification
and other air cleaning, fans, control systems, and window and door repair and replacement.

- Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Throughout the period of the grant award, the LEA shall comply with all applicable requirements of the Elementary and Secondary School Emergency Relief (ESSER) authorized by the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSAA), including:

CONTINUED PAYMENT TO EMPLOYEES

SEC. 18006. A local educational agency, State, institution of higher education, or other entity that receives funds under “Education Stabilization Fund”, shall to the greatest extent practicable, continue to pay its employees and contractors during the period of any disruptions or closures related to coronavirus.

Certification

To the best of my knowledge and belief, all the information and data in this agreement are true and correct. I acknowledge and agree that the failure to comply with all Assurances and Certifications in this Agreement, all relevant provisions and requirements of the CARES Act, Pub. L. No. 116-136 (March 27, 2020), or any other applicable law or regulation may result in liability under the False Claims Act, 31 U.S.C. § 3729, et seq.; OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485; and 18 USC § 1001, as appropriate.

Please briefly describe the impacts of COVID-19 on the district and its Pre-K through 12 students, including any relevant data where possible (e.g., cost impact, learning loss, emotional impact on students). If there has been a disproportionate impact on a special population in the district (e.g., students with disabilities, English Learners, students in foster care, students in poverty, etc.), please describe the impact and provide the number of Pre-K through 12 students in that population.

We are working with students to develop leadership and skills to regulate themselves and to be able to help others. We assess culture and climate using the KCTC survey and also the EVERS Student Engagement Survey. The SECD curriculums used for 6-12 addresses student's emotional well-being. Studies show that students who regularly engage in self-regulatory behavior report greater well-being than their peers, including enhanced life satisfaction, perceived social support, and positive affect. All 6-12th students receive education on suicide and depression in the hopes of educating them, but also encouraging an open conversation. This gives them tools to help themselves and also their peers. The Culture and Climate Committee that will soon be in place will use culture and climate data to directly address student and staff well-being, by implementing various activities and programs. Through our data dive, we found that students who attend class in person did better than those who chose remote learning.

Does the district have remaining ESSER funding that it has not yet spent as of

No
Please review the following allowable uses of ESSER II funds before completing the narrative and Excel template portion of the application.

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.

- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.

- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.

- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.

- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.

- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.

- Planning for, coordinating, and implementing activities during long-term closures, including providing meals to eligible students, providing technology for online learning to all students, providing guidance for carrying out requirements under the IDEA and ensuring other educational services can continue to be provided consistent with all Federal, State, and local requirements.

- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and children with disabilities, which may include assistive technology or adaptive equipment.

- Providing mental health services and supports.

- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low-income students, children with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.

- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.

- School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.

- Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.

- Developing strategies and implementing public health protocols for the reopening and operation of school facilities.

- Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.
Please note: "Developing strategies and implementing public health protocols for the reopening and operation of school facilities," identified as an allowable use under ESSER III in the American Rescue Plan, is also permissible under ESSER II.

Plan for ESSER II Direct District Allocation and KSDE Per-Student Additional Allocation (If Applicable)

Please summarize how the district proposes using its ESSER II direct district allocation (and its KSDE per-student additional allocation, if applicable) to address incremental COVID-19 needs.

We have many needs for ESSER II funds to address learning, safety, and social economic needs of our staff and our students. We continue to use the services of the counselor whom we added on an additional half-time contract to meet the needs of our students and our staff. In addition we are adding diagnostic testing capabilities to help disaggregate the student learning data. All of this is targeted to help students recover from learning loss that occurred last spring. If needed, we plan to offer after school extended learning time next fall, and extended learning opportunities possibly this summer and for sure in the summer of 2022.

How will the district determine the impact of its ESSER II direct district allocation expenditures (and additional per-student allocation, if applicable) on students?

With our additional counselor position and updated and expanded testing capabilities, we hope to identify the learning and emotional needs of our students. Also, we plan to purchase additional technology to allow all students to have access to updated Chromebooks and iPads. Our district is behind on technology needs and this will allow access for all students. If needed, we will be able to send Chromebooks home with students who cannot afford their own computers. Our teachers have gone above and beyond their requirements this year to address the learning needs of students, and also allow us to stay in class the entire year. They would cover for each other when needed and it did not matter if they were elementary or high school, they did what was needed. We plan to pay them the additional $500.00 hazard duty pay for their efforts to come to work every day.

Notes on ESSER II application Excel template:

- Plans and budgets should be submitted for at least a 12 month period but do not need to account for the full duration of the program or the full allocation amount. Funds will remain accessible to the LEA until September 30, 2023 and there will be additional opportunities to submit further requests/plans in the future.
- Following ESSER II application approval and initiation of funds draw down, districts will be required to report to the Commissioner's Task Force on ESSER II expenditures and impact on a monthly basis throughout the program. This ESSER II reporting will be required as a part of regular ESSER program reporting, which will capture past expenditures across funding streams (ESSER I, ESSER I SPED, ESSER II, ESSER II SPED, ESSER II KSDE Per Student Allocation). Districts may be asked to provide expenditures by fund, function, object, account, and ESSER II allowable use as part of ongoing ESSER reporting.
- This reporting will not replace any reporting required by the federal government. KSDE will work to maximize compatibility between its reporting requirements and those of the federal government as much as possible to minimize burden on districts.

Please download and complete the ESSER II application template here to provide details on ESSER II budgeted expenditures across allowable uses and KSDE accounting codes.

Local Education Agency (LEA) Assurances
Section I. General Grant Assurances for Federal Funds

Throughout the period of the grant award, the LEA will comply with all requirements of:

The LEA will make a good faith effort, on a continuing basis, to maintain a drug-free workplace, in accordance with the measures in 34 CFR Part 84, Subpart B and the Drug-Free Workplace Act of 1988;

The Education Department General Administrative Regulations (EDGAR) 34 CFR 76 requirements, including:

34 CFR §76.500(a) Federal statutes and regulations on nondiscrimination.

(a) A State and a subgrantee shall comply with the following statutes and regulations:

- Discrimination on the basis of age | The Age Discrimination Act (42 U.S.C. 6101 et seq.) | 34 CFR part 110.

(b) A State or subgrantee that is a covered entity as defined in §108.3 of this title shall comply with the nondiscrimination requirements of the Boy Scouts of America Equal Access Act, 20 U.S.C. 7905, 34 CFR part 108.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.650 Private schools; purpose of §§76.651-76.662.

(a) Under some programs, the authorizing statute requires that a State and its subgrantees provide for participation by students enrolled in private schools. Sections 76.651-76.662 apply to those programs and provide rules for that participation. These sections do not affect the authority of the State or a subgrantee to enter into a contract with a private party.

(b) If any other rules for participation of students enrolled in private schools apply under a particular program, they are in the authorizing statute or implementing regulations for that program.

(Authority: 20 U.S.C. 1221e-3 and 3474)

34 CFR §76.700 Compliance with statutes, regulations, State plan, and applications.

A State and a subgrantee shall comply with the State plan and applicable statutes, regulations, and approved applications, and shall use Federal funds in accordance with those statutes, regulations, plan, and applications.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.701 The State or subgrantee administers or supervises each project.

A State or a subgrantee shall directly administer or supervise the administration of each project.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.702 Fiscal control and fund accounting procedures.

A State and a subgrantee shall use fiscal control and fund accounting procedures that insure proper disbursement of and accounting for Federal funds.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.709 Funds may be obligated during a “carryover period.”

(a) If a State or a subgrantee does not obligate all of its grant or subgrant funds by the end of the fiscal year for which Congress appropriated the funds, it may obligate the remaining funds during a carryover period of one additional fiscal year.

(b) The State shall return to the Federal Government any carryover funds not obligated by the end of the carryover period by the State and its subgrantees.

(Authority: U.S.C. 1221e-3, 1225(b), and 3474)

34 CFR §76.722 Subgrantee reporting requirements.

A State may require a subgrantee to submit reports in a manner and format that assists the State in complying with the requirements under 34 CFR 76.720 and in carrying out other responsibilities under the program.

(Authority: 20 U.S.C. 1221e-3, 1231a, and 3474)

[72 FR 3703, Jan. 25, 2007]

34 CFR §76.730 Records related to grant funds.

A State and a subgrantee shall keep records that fully show:

(a) The amount of funds under the grant or subgrant;
(b) How the State or subgrantee uses the funds;
(c) The total cost of the project;
(d) The share of that cost provided from other sources; and
(e) Other records to facilitate an effective audit.

(Approved by the Office of Management and Budget under control number 1880-0513)

(Authority: 20 U.S.C. 1232f)

34 CFR §76.731

Records related to compliance.

A State and a subgrantee shall keep records to show its compliance with program requirements.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

The Uniform Grant Guidance, 2 CFR §200 all applicable subrecipient requirements, including but not limited to:

2 CFR Subpart D – Post Federal Award Requirements

§200.302 Financial management.

§200.303 Internal controls.

§200.305 Payment.

§200.313 Equipment.

§200.314 Supplies.

§200.318 General procurement standards.

§200.320 Methods of procurement to be followed;

2 CFR 200 Subpart E: Cost Principles:

§200.403 Factors affecting allowability of costs.

§200.404 Reasonable costs.

§200.405 Allocable costs.

§200.413 Direct costs.

§200.415 Required certifications.

§200.430 Compensation—personal services.

The Debarment and Suspension, 34 CFR Part 85, Section 85.510, Participants' Responsibilities and makes the following certification by signing this application:

The prospective lower-tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.

Where the prospective lower-tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 for such failure.

**Section II. Specific Elementary and Secondary School Emergency Relief (ESSER) Grant Assurances**

The LEA assures that funds shall only be used for any of the following:

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.

- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.
• Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.

• Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.

• Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.

• Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.

• Planning for and coordinating during long-term closures, including for how to provide meals to eligible students, how to provide technology for online learning to all students, how to provide guidance for carrying out requirements under the Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.) and how to ensure other educational services can continue to be provided consistent with all Federal, State, and local requirements.

• Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and students with disabilities, which may include assistive technology or adaptive equipment.

• Providing mental health services and supports.

• Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low income students, students with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.

• Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.

• School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.

• Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.

• Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Throughout the period of the grant award, the LEA shall comply with all applicable requirements of the Elementary and Secondary School Emergency Relief (ESSER) authorized by the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSAA), including:

CONTINUED PAYMENT TO EMPLOYEES
SEC. 18006. A local educational agency, State, institution of higher education, or other entity that receives funds under “Education Stabilization Fund”, shall to the greatest extent practicable, continue to pay its employees and contractors during the period of any disruptions or closures related to coronavirus.

Certification
To the best of my knowledge and belief, all the information and data in this agreement are true and correct. I acknowledge and agree that the failure to comply with all Assurances and Certifications in this Agreement, all relevant provisions and requirements of the CARES Act, Pub. L. No. 116-136 (March 27, 2020), or any other applicable law or regulation may result in liability under the False Claims Act, 31 U.S.C. § 3729, et seq.; OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485; and 18 USC § 1001, as appropriate.

Please briefly describe the impacts of COVID-19 on the district and its Pre-K through 12 students, including any relevant data where possible (e.g., cost impact, learning loss, emotional impact on students). If there has been a disproportionate impact on a special population in the district (e.g., students with disabilities, English Learners, students in foster care, students in poverty, etc.), please describe the impact and provide the number of Pre-K through 12 students in that population.

USD 244 had on-site learning for the entire 2020-21 school year except for one week at our high school before Winter Break. COVID-19 has created challenges related to Remote Learners all throughout the school year when students and staff have tested positive. Our students and staff have embraced these challenges and excelled in the classroom and with their activities.

We have made many adjustments this year. The obvious ones are masking, temperature taking, hand washing/sanitizing, additional cleaning measures, hiring additional staff for custodial and food service responsibilities, attendance policies for events, transportation guidelines for student health safety, and many others too numerous to mention.

Our leadership team is developing a plan to spend funds focusing on student learning loss, enhancing educational technology, cleaning supplies, and other items needed to help with the educational process.

We are evaluating our student learning losses as well as our educational needs in the future. We are looking to add additional sections to our summer learning academy to help kids in need of extra academic attention. We will add credit recovery opportunities for our high school students as needed.
The social/emotional needs of our students are being evaluated. On-site learning this year has helped our staff meet the needs of our kids by seeing them daily. Staff have administrative and counselor support in all three schools to address students and their social/emotional needs. They have addressed issues like frustration with mask wearing, loss of friends/family from COVID, and other issues related to the pandemic.

Does the district have remaining ESSER I funding that it has not yet spent as of the date of ESSER II application submission?  

No

Please review the following allowable uses of ESSER II funds before completing the narrative and Excel template portion of the application.

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.
- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.
- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.
- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.
- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.
- Planning for, coordinating, and implementing activities during long-term closures, including providing meals to eligible students, providing technology for online learning to all students, providing guidance for carrying out requirements under the IDEA and ensuring other educational services can continue to be provided consistent with all Federal, State, and local requirements.
- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and children with disabilities, which may include assistive technology or adaptive equipment.
- Providing mental health services and supports.
- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low-income students, children with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.
- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.
- School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.
- Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.
- Developing strategies and implementing public health protocols for the reopening and operation of school facilities.
- Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Please note: ”Developing strategies and implementing public health protocols for the reopening and operation of school facilities,” identified as an allowable use under ESSER III in the American Rescue Plan, is also permissible under ESSER II.

Plan for ESSER II Direct District Allocation and KSDE Per-Student Additional Allocation (If Applicable)

Please summarize how the district proposes using its ESSER II direct district allocation (and its KSDE per-student additional allocation, if applicable) to address incremental COVID-19 needs.

USD 244 will expand our summer school program to include more grade levels and additional students to curb learning loss due to COVID-19. We will continue to employ additional custodians for additional cleaning, food service staff for increased mandates and nursing staff for additional work load for our district nurse. We will purchase additional laptops and iPADS for quarantined and remote learners. We will purchase additional lunch room tables for social distancing during the lunch periods. Trash bag and paper towels usage in the district has tripled due to increased hand washing, so we will utilize funds for those purchases. We will purchase a sterilizer for gym class equipment as well as for sporting events. We will purchase a dishwasher for our middle school kitchen to reduce the risk of virus transmission.

How will the district determine the impact of its ESSER II direct district allocation expenditures (and additional per-student allocation, if applicable) on students?

USD 244 will continue to evaluate all students on their progress focusing especially on the students in need of extra academic assistance to see if they are improving academically. We will look closely at the data on the students that attended our summer learning academy to see if those kids were impacted positively from the extra attention during the summer. We will also evaluate our ability to stay on-site learning throughout the year and our custodial practices to keep our buildings clean and our learning environments sanitized.

Notes on ESSER II application Excel template:

- Plans and budgets should be submitted for at least a 12 month period but do not need to account for the full duration of the program or the full allocation amount. Funds will remain accessible to the LEA until September 30, 2023 and there will be additional opportunities to submit further requests/plans in the future.
- Following ESSER II application approval and initiation of funds draw down, districts will be required to report to the Commissioner's Task Force on ESSER II expenditures and impact on a monthly basis throughout the program. This ESSER II reporting will be required as a part of regular ESSER program reporting, which will capture past expenditures across funding streams (ESSER I, ESSER I SPED, ESSER II, ESSER II SPED, ESSER II KSDE Per Student Allocation). Districts may be asked to provide expenditures by fund, function, object, account, and ESSER II allowable use as part of ongoing ESSER reporting.
- This reporting will not replace any reporting required by the federal government. KSDE will work to maximize compatibility between its reporting requirements and those of the federal government as much as possible to minimize burden on districts.

Please download and complete the ESSER II application template [here](#) to provide details on ESSER II budgeted expenditures across allowable uses and KSDE accounting codes.
Local Education Agency (LEA) Assurances

Section I. General Grant Assurances for Federal Funds

Throughout the period of the grant award, the LEA will comply with all requirements of:

The LEA will make a good faith effort, on a continuing basis, to maintain a drug-free workplace, in accordance with the measures in 34 CFR Part 84, Subpart B and the Drug-Free Workplace Act of 1988;

The Education Department General Administrative Regulations (EDGAR) 34 CFR 76 requirements, including:

34 CFR §76.500(a) Federal statutes and regulations on nondiscrimination.

(a) A State and a subgrantee shall comply with the following statutes and regulations:

- Discrimination on the basis of race, color, or national origin | Title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d through 2000d-4) | 34 CFR part 100.
- Discrimination on the basis of age | The Age Discrimination Act (42 U.S.C. 6101 et seq.) | 34 CFR part 110.

(b) A State or subgrantee that is a covered entity as defined in §108.3 of this title shall comply with the nondiscrimination requirements of the Boy Scouts of America Equal Access Act, 20 U.S.C. 7905, 34 CFR part 108.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.650 Private schools; purpose of §§76.651-76.662.

(a) Under some programs, the authorizing statute requires that a State and its subgrantees provide for participation by students enrolled in private schools. Sections 76.651-76.662 apply to those programs and provide rules for that participation. These sections do not affect the authority of the State or a subgrantee to enter into a contract with a private party.

(b) If any other rules for participation of students enrolled in private schools apply under a particular program, they are in the authorizing statute or implementing regulations for that program.

(Authority: 20 U.S.C. 1221e-3 and 3474)

34 CFR §76.700 Compliance with statutes, regulations, State plan, and applications.

A State and a subgrantee shall comply with the State plan and applicable statutes, regulations, and approved applications, and shall use Federal funds in accordance with those statutes, regulations, plan, and applications.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.701 The State or subgrantee administers or supervises each project.

A State or a subgrantee shall directly administer or supervise the administration of each project.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.702 Fiscal control and fund accounting procedures.

A State and a subgrantee shall use fiscal control and fund accounting procedures that insure proper disbursement of and accounting for Federal funds.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.709 Funds may be obligated during a “carryover period.”

(a) If a State or a subgrantee does not obligate all of its grant or subgrant funds by the end of the fiscal year for which Congress appropriated the funds, it may obligate the remaining funds during a carryover period of one additional fiscal year.

(b) The State shall return to the Federal Government any carryover funds not obligated by the end of the carryover period by the State and its subgrantees.

(Authority: U.S.C. 1221e-3, 1225(b), and 3474)

34 CFR §76.722 Subgrantee reporting requirements.
A State may require a subgrantee to submit reports in a manner and format that assists the State in complying with the requirements under 34 CFR 76.720 and in carrying out other responsibilities under the program.
(Authority: 20 U.S.C. 1221e-3, 1231a, and 3474)
[72 FR 3703, Jan. 25, 2007]

34 CFR §76.730 Records related to grant funds.
A State and a subgrantee shall keep records that fully show:
(a) The amount of funds under the grant or subgrant;
(b) How the State or subgrantee uses the funds;
(c) The total cost of the project;
(d) The share of that cost provided from other sources; and
(e) Other records to facilitate an effective audit.
(Approved by the Office of Management and Budget under control number 1880-0513)
(Authority: 20 U.S.C. 1232f)

34 CFR §76.731 Records related to compliance.
A State and a subgrantee shall keep records to show its compliance with program requirements.
(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))
The Uniform Grant Guidance, 2 CFR §200 all applicable subrecipient requirements, including but not limited to:
2 CFR Subpart D – Post Federal Award Requirements
§200.302 Financial management.
§200.303 Internal controls.
§200.305 Payment.
§200.313 Equipment.
§200.314 Supplies.

§200.404 Reasonable costs.
§200.405 Allocable costs.
§200.413 Direct costs.
§200.415 Required certifications.
§200.430 Compensation—personal services.
The Debarment and Suspension, 34 CFR Part 85, Section 85.510, Participants’ Responsibilities and makes the following certification by signing this application:
The prospective lower-tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.
Where the prospective lower-tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.
This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 for such failure.

Section II. Specific Elementary and Secondary School Emergency Relief (ESSER) Grant Assurances

The LEA assures that funds shall only be used for any of the following:
- Any activity authorized by the ESEA of 1965, including the Native Hawaiian Education Act and the Alaska Native Educational Equity, Support, and Assistance Act (20 U.S.C. 6301 et seq.), the Individuals with Disabilities Education Act (20 U.S.C. 1400 et

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.

- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.

- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.

- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.

- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.

- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.

- Planning for and coordinating during long-term closures, including for how to provide meals to eligible students, how to provide technology for online learning to all students, how to provide guidance for carrying out requirements under the Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.) and how to ensure other educational services can continue to be provided consistent with all Federal, State, and local requirements.

- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and students with disabilities, which may include assistive technology or adaptive equipment.

- Providing mental health services and supports.

- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low income students, students with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.

- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.

- School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.

- Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.

- Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Throughout the period of the grant award, the LEA shall comply with all applicable requirements of the Elementary and Secondary School Emergency Relief (ESSER) authorized by the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSAA), including:

CONTINUED PAYMENT TO EMPLOYEES

SEC. 18006. A local educational agency, State, institution of higher education, or other entity that receives funds under “Education Stabilization Fund”, shall to the greatest extent practicable, continue to pay its employees and contractors during the period of any disruptions or closures related to coronavirus.
Certification

To the best of my knowledge and belief, all the information and data in this agreement are true and correct. I acknowledge and agree that the failure to comply with all Assurances and Certifications in this Agreement, all relevant provisions and requirements of the CARES Act, Pub. L. No. 116-136 (March 27, 2020), or any other applicable law or regulation may result in liability under the False Claims Act, 31 U.S.C. § 3729, et seq.; OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485; and 18 USC § 1001, as appropriate.

Please briefly describe the impacts of COVID-19 on the district and its Pre-K through 12 students, including any relevant data where possible (e.g., cost impact, learning loss, emotional impact on students). If there has been a disproportinate impact on a special population in the district (e.g., students with disabilities, English Learners, students in foster care, students in poverty, etc.), please describe the impact and provide the number of Pre-K through 12 students in that population.

COVID-19 had a significant affect on all students in our district. Beginning Spring of 2020, our district began to experience the cost of our inability to meet the needs of all students. Whether it was loss of important traditional rites such as graduation or prom, or the inability to receive a full regiment of teaching, curriculum and assessment, our students suffered loss. Education
for our students changed dramatically. Our mitigation strategies forced all of us to approach routines in different ways which required funds to be diverted away from standard practices and purchases to new additional methods and costs. These new approaches put a tremendous amount of stress on our students and staff. The population effected the greatest were those with the most needs. We have 3,241 students in our district. 2,009 of them are identified as At-Risk, 291 are ELL and 650 are students with disabilities. The dual teaching platform (remote and in-person) created challenges for everyone, but with these students in particular. Teachers tried their best to meet the individual needs of students, but failed to fully sustain the efforts that they normally strive to maintain. We have found ourselves in a situation that we have continually tried to play catch up with curricular setbacks and delays while dealing with a significantly increased number of social-emotional issues. We do not believe that we have been successful with students in reaching the levels that we would normally attain due to the circumstances that we have had to endure.

Does the district have remaining ESSER I funding that it has not yet spent as of the date of ESSER II application submission?

No

Please review the following allowable uses of ESSER II funds before completing the narrative and Excel template portion of the application.

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.
- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.
- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.
- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.
- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.
- Planning for, coordinating, and implementing activities during long-term closures, including providing meals to eligible students, providing technology for online learning to all students, providing guidance for carrying out requirements under the IDEA and ensuring other educational services can continue to be provided consistent with all Federal, State, and local requirements.
- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and children with disabilities, which may include assistive technology or adaptive equipment.
- Providing mental health services and supports.
- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low-income students, children with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.
- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational
agency, including by—(A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.

- School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.
- Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.
- Developing strategies and implementing public health protocols for the reopening and operation of school facilities.
- Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Please note: “Developing strategies and implementing public health protocols for the reopening and operation of school facilities,” identified as an allowable use under ESSER III in the American Rescue Plan, is also permissible under ESSER II.

Plan for ESSER II Direct District Allocation and KSDE Per-Student Additional Allocation (If Applicable)

Please summarize how the district proposes using its ESSER II direct district allocation (and its KSDE per-student additional allocation, if applicable) to address incremental COVID-19 needs.

The majority of our ESSER II funds will be targeted toward addressing student learning and social-emotional loss. Proposed ideas include:

- Additional instructional coaches to help teachers learn how to address learning losses across our system in: strengthening relationships; skill development; assessment training; data analysis; learning flexibility; and social-emotional learning; ongoing professional development.
- Increase after-school and summer school opportunities: We wish to provide additional summer school opportunities for students to make up for learning losses and better prepare them for the next year (grade level or course).
- Additional mental health assistance programs for students and staff: We propose to increase our relationship with local mental health providers to provide mental health assistance in multiple areas to address affects caused by the pandemic.
- Additional ESOL assistance: One of the sub-groups affected the most was our ESOL students. We need to provide greater support for them by hiring additional staff to address their needs and hopefully catch them up.
- Strengthen our technology infrastructure and increase devices available to students: It has been important that we utilize technology in a broader manner to help address student needs due to abscesses caused by the pandemic, and also enhances the learning opportunities for students that enrich the learning process including connectivity.
- Continue to purchase health and sanitization products: We wish to maintain a safe and healthy environment for all.
- Student progress monitoring: We wish to utilize funds to track academic and social-emotional progress for all students and identify areas of greatest need. To do this we wish to purchase assessment and tracking software.
- Parent assistance programs: Providing parent education programs to help assist their children in both academic and social-emotional areas as we all cope with the pandemic.

How will the district determine the impact of its ESSER II direct district allocation expenditures (and additional per-student allocation, if applicable) on students?

In all instances, the district will collect data for each of the uses of ESSER II funding. Whether it be the number of technology devices put into the hands of teachers and students or the number of students provided additional services in multiple areas. We wish to track their social-emotional and academic growth to ensure that each student is making progress toward goals set for them by their classroom teacher(s) or advisory teacher(s). We want to make up for as much loss as we can in a short amount of time as we can to get every student back on track, and hopefully surpass where they should be at given intervals. We wish to take periodic checks to ensure that progress is being made and make the necessary adjustments so that we can more specifically address individual student needs.
Notes on ESSER II application Excel template:

- Plans and budgets should be submitted for at least a 12 month period but do not need to account for the full duration of the program or the full allocation amount. Funds will remain accessible to the LEA until September 30, 2023 and there will be additional opportunities to submit further requests/plans in the future.
- Following ESSER II application approval and initiation of funds draw down, districts will be required to report to the Commissioner's Task Force on ESSER II expenditures and impact on a monthly basis throughout the program. This ESSER II reporting will be required as a part of regular ESSER program reporting, which will capture past expenditures across funding streams (ESSER I, ESSER I SPED, ESSER II, ESSER II SPED, ESSER II KSDE Per Student Allocation). Districts may be asked to provide expenditures by fund, function, object, account, and ESSER II allowable use as part of ongoing ESSER reporting.
- This reporting will not replace any reporting required by the federal government. KSDE will work to maximize compatibility between its reporting requirements and those of the federal government as much as possible to minimize burden on districts.

Please download and complete the ESSER II application template [here](#) to provide details on ESSER II budgeted expenditures across allowable uses and KSDE accounting codes.

Local Education Agency (LEA) Assurances

Section I. General Grant Assurances for Federal Funds

Throughout the period of the grant award, the LEA will comply with all requirements of:

The LEA will make a good faith effort, on a continuing basis, to maintain a drug-free workplace, in accordance with the measures in 34 CFR Part 84, Subpart B and the Drug-Free Workplace Act of 1988;
The Education Department General Administrative Regulations (EDGAR) 34 CFR 76 requirements, including: 34 CFR §76.500(a) Federal statutes and regulations on nondiscrimination.
(a) A State and a subgrantee shall comply with the following statutes and regulations:
- Discrimination on the basis of age | The Age Discrimination Act (42 U.S.C. 6101 et seq.) | 34 CFR part 110.

(b) A State or subgrantee that is a covered entity as defined in §108.3 of this title shall comply with the nondiscrimination requirements of the Boy Scouts of America Equal Access Act, 20 U.S.C. 7905, 34 CFR part 108.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.650 Particular programs; purpose of §§76.651-76.662.
(a) Under some programs, the authorizing statute requires that a State and its subgrantees provide for participation by students enrolled in private schools. Sections 76.651-76.662 apply to those programs and provide rules for that participation. These sections do not affect the authority of the State or a subgrantee to enter into a contract with a private party.

(b) If any other rules for participation of students enrolled in private schools apply under a particular program, they are in the authorizing statute or implementing regulations for that program.

(Authority: 20 U.S.C. 1221e-3 and 3474)

34 CFR §76.700 Compliance with statutes, regulations, State plan, and applications.
A State and a subgrantee shall comply with the State plan and applicable statutes, regulations, and approved applications, and
shall use Federal funds in accordance with those statutes, regulations, plan, and applications.
(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.701 The State or subgrantee administers or supervises each project.
A State or a subgrantee shall directly administer or supervise the administration of each project.
(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.702 Fiscal control and fund accounting procedures.
A State and a subgrantee shall use fiscal control and fund accounting procedures that insure proper disbursement of and accounting for Federal funds.
(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.709 Funds may be obligated during a "carryover period."
(a) If a State or a subgrantee does not obligate all of its grant or subgrant funds by the end of the fiscal year for which Congress appropriated the funds, it may obligate the remaining funds during a carryover period of one additional fiscal year.
(b) The State shall return to the Federal Government any carryover funds not obligated by the end of the carryover period by the State and its subgrantees.
(Authority: U.S.C. 1221e-3, 1225(b), and 3474)

34 CFR §76.722 Subgrantee reporting requirements.
A State may require a subgrantee to submit reports in a manner and format that assists the State in complying with the requirements under 34 CFR 76.720 and in carrying out other responsibilities under the program.
(Authority: 20 U.S.C. 1221e-3, 1231a, and 3474)

[72 FR 3703, Jan. 25, 2007]

34 CFR §76.730 Records related to grant funds.
A State and a subgrantee shall keep records that fully show:
(a) The amount of funds under the grant or subgrant;
(b) How the State or subgrantee uses the funds;
(c) The total cost of the project;
(d) The share of that cost provided from other sources; and
(e) Other records to facilitate an effective audit.
(Approved by the Office of Management and Budget under control number 1880-0513)
(Authority: 20 U.S.C. 1232f)

34 CFR §76.731 Records related to compliance.
A State and a subgrantee shall keep records to show its compliance with program requirements.
(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))
The Uniform Grant Guidance, 2 CFR §200 all applicable subrecipient requirements, including but not limited to:
2 CFR Subpart D – Post Federal Award Requirements
§200.302 Financial management.
§200.303 Internal controls.
§200.305 Payment.
§200.313 Equipment.

§200.413 Direct costs.
§200.415 Required certifications.
§200.430 Compensation—personal services.
The Debarment and Suspension, 34 CFR Part 85, Section 85.510, Participants’ Responsibilities and makes the following certification by signing this application:
The prospective lower-tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.

Where the prospective lower-tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 for such failure.

**Section II. Specific Elementary and Secondary School Emergency Relief (ESSER) Grant Assurances**

The LEA assures that funds shall only be used for any of the following:

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.

- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.

- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.

- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.

- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.

- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.

- Planning for and coordinating during long-term closures, including for how to provide meals to eligible students, how to provide technology for online learning to all students, how to provide guidance for carrying out requirements under the Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.) and how to ensure other educational services can continue to be provided consistent with all Federal, State, and local requirements.

- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and students with disabilities, which may include assistive technology or adaptive equipment.

- Providing mental health services and supports.

- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low income students, students with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.

- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by—(A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing
information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.

- School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.
- Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.
- Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Throughout the period of the grant award, the LEA shall comply with all applicable requirements of the Elementary and Secondary School Emergency Relief (ESSER) authorized by the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSAA), including:

CONTINUED PAYMENT TO EMPLOYEES
SEC. 18006. A local educational agency, State, institution of higher education, or other entity that receives funds under "Education Stabilization Fund", shall to the greatest extent practicable, continue to pay its employees and contractors during the period of any disruptions or closures related to coronavirus.

Certification
To the best of my knowledge and belief, all the information and data in this agreement are true and correct. I acknowledge and agree that the failure to comply with all Assurances and Certifications in this Agreement, all relevant provisions and requirements of the CARES Act, Pub. L. No. 116-136 (March 27, 2020), or any other applicable law or regulation may result in liability under the False Claims Act, 31 U.S.C. § 3729, et seq.; OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485; and 18 USC § 1001, as appropriate.

COVID-19 pandemic had many impacts on our district staff and students. The pandemic interrupted learning and caused teachers to change the way they connected with and instructed students. Even with our recently updated curriculum's online features, the district immediately incurred costs of additional technology and software programs such as SeeSaw, PearDeck, Canvas Lockdown Browser for remote assessing, Kami, ScreenCastify, and similar programs to ensure teachers could interact with students in meaningful ways and deliver instruction. Even simple software solutions such as Zoom had to be purchased, and immediately training provided, to allow synchronous instruction to occur and to create online learning environments to ward off social isolation for remote learners during periods of distance learning. While we were able to maintain in-person learning for around 75% of our students using purchased PPE, tables, and desks for spacing, and masks there were still periods of remote instruction that impacted the entire district from October 2020 - January 2021. Remote learning was implemented by our teaching staff throughout the academic year. After the experience of spring 2020, we had a committee that worked to create schedules and instructional plans for remote instruction. While the plans were effective in providing a
better remote learning experience in comparison to the plans created over spring break in March of 2020, there were many families who struggled to support remote learning as well as students who struggled to focus and complete work in a home learning environment.

Does the district have remaining ESSER I funding that it has not yet spent as of the date of ESSER II application submission?  
Yes

Please summarize how the district will use its remaining ESSER I and ESSER I SPED funding and what it hopes to accomplish with these funds.

The remaining ESSER I funds are SPED and the Private School Allocation, private schools have not submitted reimbursement to the District. ESSER I Special Education and main allocations are and will be used to teach students in social distancing environments, facilitate remote learning, additional cleaning supplies, and pay for staff for additional contracts, additional technology help as device damage has increased, staff needs to support students who are in remote learning or quarantined, and a covid response personal. Anything else remaining in ESSER I is for cleaning supplies and sanitation devices still in order to be received soon.

Please review the following allowable uses of ESSER II funds before completing the narrative and Excel template portion of the application.

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.
- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.
- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.
- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.
- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.
- Planning for, coordinating, and implementing activities during long-term closures, including providing meals to eligible students, providing technology for online learning to all students, providing guidance for carrying out requirements under the IDEA and ensuring other educational services can continue to be provided consistent with all Federal, State, and local requirements.
- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and children with disabilities, which may include assistive technology or adaptive equipment.
- Providing mental health services and supports.
- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low-income
students, children with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.

- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students' academic progress and assist educators in meeting students' academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.

- School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.

- Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.

- Developing strategies and implementing public health protocols for the reopening and operation of school facilities.

- Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Please note: "Developing strategies and implementing public health protocols for the reopening and operation of school facilities," identified as an allowable use under ESSER III in the American Rescue Plan, is also permissible under ESSER II.

Plan for ESSER II Direct District Allocation and KSDE Per-Student Additional Allocation (If Applicable)

Please summarize how the district proposes using its ESSER II direct district allocation (and its KSDE per-student additional allocation, if applicable) to address incremental COVID-19 needs.

USD 260 plans to use the ESSER II allocations to address incremental learning recovery and continued safety protocol mandates from local health officials. In order to support learning recovery needs, we plan to continue to purchase the online software and learning tools we began using during the pandemic to guard against learning loss for any quarantined or remote students. Additionally, we are experiencing larger numbers of high school students who have experienced failure in classes and not earned credits. We plan to use ESSER II allocations to pay for teacher overages to support additional course recovery classes and provide additional makeup coursework over the summer. We plan to provide K-8 grade students with additional summer learning opportunities to keep them engaged and help recover loss learning throughout the months of June and July of 2021. During the 2021-2022 school year we plan to incrementally continue tutoring support and expanded course recovery offerings to ensure as many students as possible reach grade-level targets and graduate on time. During the pandemic, we implemented an additional attendance team of 4 staff who made check-in phone calls to students who were remote learners, or on quarantine, to ensure they didn't need help with their work and plan to continue this team during the 2021-2022 school year. A COVID-19 Coordinator was also added to our district team to facilitate the process of keeping staff and students safe by identifying and tracking COVID-19 cases, quarantined students, and reinforcing safety protocols.

How will the district determine the impact of its ESSER II direct district allocation expenditures (and additional per-student allocation, if applicable) on students?

We plan to closely monitor our student's progress using district common assessments, attendance, and course completion rates to gauge the impact of our ESSER-II funds across the district.

Notes on ESSER II application Excel template:

- Plans and budgets should be submitted for at least a 12 month period but do not need to account for the full duration of the program or the full allocation amount. Funds will remain accessible to the LEA until September 30, 2023 and there will be additional opportunities to submit further requests/plans in the future.
• Following ESSER II application approval and initiation of funds draw down, districts will be required to report to the Commissioner’s Task Force on ESSER II expenditures and impact on a monthly basis throughout the program. This ESSER II reporting will be required as a part of regular ESSER program reporting, which will capture past expenditures across funding streams (ESSER I, ESSER I SPED, ESSER II, ESSER II SPED, ESSER II KSDE Per Student Allocation). Districts may be asked to provide expenditures by fund, function, object, account, and ESSER II allowable use as part of ongoing ESSER reporting.
• This reporting will not replace any reporting required by the federal government. KSDE will work to maximize compatibility between its reporting requirements and those of the federal government as much as possible to minimize burden on districts.

Please download and complete the ESSER II application template [here](https://example.com/260_Derby_ESSER_II_Plan_0...) to provide details on ESSER II budgeted expenditures across allowable uses and KSDE accounting codes.

**Local Education Agency (LEA) Assurances**

**Section I. General Grant Assurances for Federal Funds**

Throughout the period of the grant award, the LEA will comply with all requirements of:
The LEA will make a good faith effort, on a continuing basis, to maintain a drug-free workplace, in accordance with the measures in 34 CFR Part 84, Subpart B and the Drug-Free Workplace Act of 1988;
The Education Department General Administrative Regulations (EDGAR) 34 CFR 76 requirements, including:
34 CFR §76.500(a) Federal statutes and regulations on nondiscrimination.
(a) A State and a subgrantee shall comply with the following statutes and regulations:
• Discrimination on the basis of race, color, or national origin | Title VI of the Civil Rights Act of 1964 (45 U.S.C. 2000d through 2000d-4) | 34 CFR part 100.
• Discrimination on the basis of age | The Age Discrimination Act (42 U.S.C. 6101 et seq.) | 34 CFR part 110.

(b) A State or subgrantee that is a covered entity as defined in §108.3 of this title shall comply with the nondiscrimination requirements of the Boy Scouts of America Equal Access Act, 20 U.S.C. 7905, 34 CFR part 108.
(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))
34 CFR §76.650 Private schools; purpose of §§76.651-76.662.
(a) Under some programs, the authorizing statute requires that a State and its subgrantees provide for participation by students enrolled in private schools. Sections 76.651-76.662 apply to those programs and provide rules for that participation. These sections do not affect the authority of the State or a subgrantee to enter into a contract with a private party.
(b) If any other rules for participation of students enrolled in private schools apply under a particular program, they are in the authorizing statute or implementing regulations for that program.
(Authority: 20 U.S.C. 1221e-3 and 3474)
34 CFR §76.700 Compliance with statutes, regulations, State plan, and applications.
A State and a subgrantee shall comply with the State plan and applicable statutes, regulations, and approved applications, and shall use Federal funds in accordance with those statutes, regulations, plan, and applications.
(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))
34 CFR §76.701 The State or subgrantee administers or supervises each project.
A State or a subgrantee shall directly administer or supervise the administration of each project.
A State and a subgrantee shall use fiscal control and fund accounting procedures that insure proper disbursement of and accounting for Federal funds.

Fiscal control and fund accounting procedures.

Funds may be obligated during a “carryover period.”

(a) If a State or a subgrantee does not obligate all of its grant or subgrant funds by the end of the fiscal year for which Congress appropriated the funds, it may obligate the remaining funds during a carryover period of one additional fiscal year.

(b) The State shall return to the Federal Government any carryover funds not obligated by the end of the carryover period by the State and its subgrantees.

Subgrantee reporting requirements.

A State may require a subgrantee to submit reports in a manner and format that assists the State in complying with the requirements under 34 CFR 76.720 and in carrying out other responsibilities under the program.

Records related to grant funds.

A State and a subgrantee shall keep records that fully show:

(a) The amount of funds under the grant or subgrant;
(b) How the State or subgrantee uses the funds;
(c) The total cost of the project;
(d) The share of that cost provided from other sources; and
(e) Other records to facilitate an effective audit.

Records related to compliance.

A State and a subgrantee shall keep records to show its compliance with program requirements.

The Uniform Grant Guidance, 2 CFR §200 all applicable subrecipient requirements, including but not limited to:

2 CFR Subpart D – Post Federal Award Requirements

§200.302 Financial management.
§200.303 Internal controls.
§200.305 Payment.
§200.313 Equipment.
§200.314 Supplies.
§200.318 General procurement standards.
§200.320 Methods of procurement to be followed;

2 CFR 200 Subpart E: Cost Principles:

§200.403 Factors affecting allowability of costs.
§200.404 Reasonable costs.
§200.405 Allocable costs.
§200.413 Direct costs.
§200.415 Required certifications.
§200.430 Compensation—personal services.

The Debarment and Suspension, 34 CFR Part 85, Section 85.510, Participants' Responsibilities and makes the following certification by signing this application:

The prospective lower-tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.
Where the prospective lower-tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 for such failure.

Section II. Specific Elementary and Secondary School Emergency Relief (ESSER) Grant Assurances

The LEA assures that funds shall only be used for any of the following:

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.
- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.
- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.
- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.
- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.
- Planning for and coordinating during long-term closures, including for how to provide meals to eligible students, how to provide technology for online learning to all students, how to provide guidance for carrying out requirements under the Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.) and how to ensure other educational services can continue to be provided consistent with all Federal, State, and local requirements.
- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and students with disabilities, which may include assistive technology or adaptive equipment.
- Providing mental health services and supports.
- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low income students, students with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.
- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.
- School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.
Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.

Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Throughout the period of the grant award, the LEA shall comply with all applicable requirements of the Elementary and Secondary School Emergency Relief (ESSER) authorized by the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSAA), including:

CONTINUED PAYMENT TO EMPLOYEES
SEC. 18006. A local educational agency, State, institution of higher education, or other entity that receives funds under “Education Stabilization Fund”, shall to the greatest extent practicable, continue to pay its employees and contractors during the period of any disruptions or closures related to coronavirus.

Certification

Applicant / Website Address (if applicable) | www.usd267.com
Applicant / Mission Statement (if applicable)
--- | ---
The mission of USD 267 is to prepare all students to be college and career ready for the 21st century.
Please briefly describe the impacts of COVID-19 on the district and its Pre-K through 12 students, including any relevant data where possible (e.g., cost impact, learning loss, emotional impact on students). If there has been a disproportionate impact on a special population in the district (e.g., students with disabilities, English Learners, students in foster care, students in poverty, etc.), please describe the impact and provide the number of Pre-K through 12 students in that population.

The challenges from March 2020 to the present have been enormous. We came back to school in August and have been on-site all year, which we celebrate, however there are still areas that were impacted by the pandemic that we must address. Our staff has risen to the challenges of the diverse needs of students and families, unlike any other year in my educational history. The learning loss we have seen through data collection shows that we must improve specifically in literacy, math and behavior supports for all of our children. In the fall of 2020, we had 24% of our students score in Tier 3 in literacy this is double compared to past years. The same is true in math we had 20% of our students in Tier 3, when prior to the pandemic we only had 7%. The social emotional needs of students and staff have grown exponentially this year. In analysis of data, by administering a building needs assessment for each location in our district we have ascertained the needs we must address due to the pandemic. Through these exercises and analyzation we have discovered that to meet the expectations for student outcomes that we have in our district we must address the learning loss in core subject areas, in post-secondary success and in social emotional needs that have occurred due to the pandemic to ensure we meet the goals of student success and district expectations for all our students.

Does the district have remaining ESSER I funding that it has not yet spent as of

No
the date of ESSER II application submission?

Please review the following allowable uses of ESSER II funds before completing the narrative and Excel template portion of the application.

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.

- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.

- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.

- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.

- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.

- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.

- Planning for, coordinating, and implementing activities during long-term closures, including providing meals to eligible students, providing technology for online learning to all students, providing guidance for carrying out requirements under the IDEA and ensuring other educational services can continue to be provided consistent with all Federal, State, and local requirements.

- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and children with disabilities, which may include assistive technology or adaptive equipment.

- Providing mental health services and supports.

- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low-income students, children with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.

- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children in foster care, of the local educational agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.

- School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.

- Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.

- Developing strategies and implementing public health protocols for the reopening and operation of school facilities.

- Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.
Please note: "Developing strategies and implementing public health protocols for the reopening and operation of school facilities," identified as an allowable use under ESSER III in the American Rescue Plan, is also permissible under ESSER II.

Plan for ESSER II Direct District Allocation and KSDE Per-Student Additional Allocation (If Applicable)

Please summarize how the district proposes using its ESSER II direct district allocation (and its KSDE per-student additional allocation, if applicable) to address incremental COVID-19 needs.

We will begin with summer enrichment focusing on literacy for our K-3 students during the month of June 2021. We will be providing mental health services and additional supports to our students and staff through crisis training, social/emotional screeners and curriculum. We will support our staff with an employee assistance program. All areas of safety and mitigation must continue and be planned for. We must continue to train and drive instruction through data collection. When looking at our current data, we found that we are in need of improved reading, math and social-emotional screeners. At this time, we have no formal screener for social-emotional needs. Additionally, we are in need of continual training in differentiated learning and instruction through the use of data. These funds will ensure a continuity of learning and allow us to provide additional support to our students that we could not have done otherwise.

How will the district determine the impact of its ESSER II direct district allocation expenditures (and additional per-student allocation, if applicable) on students?

Data collection through screeners, assessments, discipline, social emotional data and absences will be the focal point of determining the impact of the ESSER fund expenditures. In addition, we have developed building needs assessments that look at specific data areas to help us focus on needs across the district. Starting in April 2021, the district has partnered with TASN on our MTSS processes. This will be a huge focus for the next few years, in all areas of reading, math and behavior. The impact of the ESSER II allocation will be evident in the data we hope to collect with improved screeners in the areas of reading, math and social-emotional. We have never seen the amount of learning loss and social emotional needs in our district in my 30 years here. These funds will help us to continue to support students and staff and provide ample opportunities for continued learning growth.

Notes on ESSER II application Excel template:

- Plans and budgets should be submitted for at least a 12 month period but do not need to account for the full duration of the program or the full allocation amount. Funds will remain accessible to the LEA until September 30, 2023 and there will be additional opportunities to submit further requests/plans in the future.
- Following ESSER II application approval and initiation of funds draw down, districts will be required to report to the Commissioner's Task Force on ESSER II expenditures and impact on a monthly basis throughout the program. This ESSER II reporting will be required as a part of regular ESSER program reporting, which will capture past expenditures across funding streams (ESSER I, ESSER I SPED, ESSER II, ESSER II SPED, ESSER II KSDE Per Student Allocation). Districts may be asked to provide expenditures by fund, function, object, account, and ESSER II allowable use as part of ongoing ESSER reporting.
- This reporting will not replace any reporting required by the federal government. KSDE will work to maximize compatibility between its reporting requirements and those of the federal government as much as possible to minimize burden on districts.

Please download and complete the ESSER II application template here to provide details on ESSER II budgeted expenditures across allowable uses and KSDE accounting codes.
Local Education Agency (LEA) Assurances

Section I. General Grant Assurances for Federal Funds

Throughout the period of the grant award, the LEA will comply with all requirements of:
The LEA will make a good faith effort, on a continuing basis, to maintain a drug-free workplace, in accordance with the measures in 34 CFR Part 84, Subpart B and the Drug-Free Workplace Act of 1988;
The Education Department General Administrative Regulations (EDGAR) 34 CFR 76 requirements, including:
34 CFR §76.500(a) Federal statutes and regulations on nondiscrimination.
(a) A State and a subgrantee shall comply with the following statutes and regulations:

- Discrimination on the basis of age | The Age Discrimination Act (42 U.S.C. 6101 et seq.) | 34 CFR part 110.

(b) A State or subgrantee that is a covered entity as defined in §108.3 of this title shall comply with the nondiscrimination requirements of the Boy Scouts of America Equal Access Act, 20 U.S.C. 7905, 34 CFR part 108.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.650 Private schools; purpose of §§76.651-76.662.

(a) Under some programs, the authorizing statute requires that a State and its subgrantees provide for participation by students enrolled in private schools. Sections 76.651-76.662 apply to those programs and provide rules for that participation. These sections do not affect the authority of the State or a subgrantee to enter into a contract with a private party.

(b) If any other rules for participation of students enrolled in private schools apply under a particular program, they are in the authorizing statute or implementing regulations for that program.

(Authority: 20 U.S.C. 1221e-3 and 3474)

34 CFR §76.700 Compliance with statutes, regulations, State plan, and applications.

A State and a subgrantee shall comply with the State plan and applicable statutes, regulations, and approved applications, and shall use Federal funds in accordance with those statutes, regulations, plan, and applications.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.701 The State or subgrantee administers or supervises each project.

A State or a subgrantee shall directly administer or supervise the administration of each project.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.702 Fiscal control and fund accounting procedures.

A State and a subgrantee shall use fiscal control and fund accounting procedures that insure proper disbursement of and accounting for Federal funds.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.709 Funds may be obligated during a “carryover period.”

(a) If a State or a subgrantee does not obligate all of its grant or subgrant funds by the end of the fiscal year for which Congress appropriated the funds, it may obligate the remaining funds during a carryover period of one additional fiscal year.

(b) The State shall return to the Federal Government any carryover funds not obligated by the end of the carryover period by the State and its subgrantees.

(Authority: U.S.C. 1221e-3, 1225(b), and 3474)

34 CFR §76.722 Subgrantee reporting requirements.

A State may require a subgrantee to submit reports in a manner and format that assists the State in complying with the requirements under 34 CFR 76.720 and in carrying out other responsibilities under the program.

(Authority: 20 U.S.C. 1221e-3, 1231a, and 3474)

[72 FR 3703, Jan. 25, 2007]
34 CFR §76.730 Records related to grant funds.
A State and a subgrantee shall keep records that fully show:
(a) The amount of funds under the grant or subgrant;
(b) How the State or subgrantee uses the funds;
(c) The total cost of the project;
(d) The share of that cost provided from other sources; and
(e) Other records to facilitate an effective audit.
(Approved by the Office of Management and Budget under control number 1880-0513)
(Authority: 20 U.S.C. 1232f)
34 CFR §76.731 Records related to compliance.
A State and a subgrantee shall keep records to show its compliance with program requirements.
(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))
The Uniform Grant Guidance, 2 CFR §200 all applicable subrecipient requirements, including but not limited to:
2 CFR Subpart D – Post Federal Award Requirements
§200.302 Financial management.
§200.303 Internal controls.
§200.305 Payment.
§200.313 Equipment.
§200.314 Supplies.
§200.318 General procurement standards.
§200.320 Methods of procurement to be followed;
2 CFR 200 Subpart E: Cost Principles:
§200.403 Factors affecting allowability of costs.
§200.404 Reasonable costs.
§200.405 Allocable costs.
§200.413 Direct costs.
§200.415 Required certifications.
§200.430 Compensation—personal services.
The Debarment and Suspension, 34 CFR Part 85, Section 85.510, Participants’ Responsibilities and makes the following
certification by signing this application:
The prospective lower-tier participant certifies, by submission of this proposal, that neither it nor its principals is presently
debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this
transaction by any federal department or agency.
Where the prospective lower-tier participant is unable to certify to any of the statements in this certification, such prospective
participant shall attach an explanation to this proposal.
This certification is a material representation of fact upon which reliance was placed when this transaction was made or
entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section
1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than
$10,000 for such failure.

Section II. Specific Elementary and Secondary School
Emergency Relief (ESSER) Grant Assurances

The LEA assures that funds shall only be used for any of the following:
- Any activity authorized by the ESEA of 1965, including the Native Hawaiian Education Act and the Alaska Native Educational
  Equity, Support, and Assistance Act (20 U.S.C. 6301 et seq.), the Individuals with Disabilities Education Act (20 U.S.C. 1400 et
  seq.) (“IDEA”), the Adult Education and Family Literacy Act (20 U.S.C. 1400 et seq.), the Carl D. Perkins Career and Technical
  Assistance Act (42 U.S.C. 11431 et seq.).
- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial
  public health departments, and other relevant agencies, to improve coordinated responses among such entities to
prevent, prepare for, and respond to coronavirus.

- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.
- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.
- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.
- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.
- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.
- Planning for and coordinating during long-term closures, including for how to provide meals to eligible students, how to provide technology for online learning to all students, how to provide guidance for carrying out requirements under the Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.) and how to ensure other educational services can continue to be provided consistent with all Federal, State, and local requirements.
- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and students with disabilities, which may include assistive technology or adaptive equipment.
- Providing mental health services and supports.
- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low income students, students with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.
- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by—(A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students' academic progress and assist educators in meeting students' academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.
- School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.
- Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.
- Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Throughout the period of the grant award, the LEA shall comply with all applicable requirements of the Elementary and Secondary School Emergency Relief (ESSER) authorized by the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSAA), including:

CONTINUED PAYMENT TO EMPLOYEES
SEC. 18006. A local educational agency, State, institution of higher education, or other entity that receives funds under “Education Stabilization Fund”, shall to the greatest extent practicable, continue to pay its employees and contractors during the period of any disruptions or closures related to coronavirus.

**Certification**

To the best of my knowledge and belief, all the information and data in this agreement are true and correct. I acknowledge and agree that the failure to comply with all Assurances and Certifications in this Agreement, all relevant provisions and requirements of the CARES Act, Pub. L. No. 116-136 (March 27, 2020), or any other applicable law or regulation may result in
liability under the False Claims Act, 31 U.S.C. § 3729, et seq.; OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485; and 18 USC § 1001, as appropriate.

Per applicant, this summer's focus is K-3 literacy at 4 elementaries, with 4 staff members at 4 buildings teaching, and we have over 130 students attending this summer.

Our plans are to offer it again next year at the 4 elementaries with 4 staff members at each building. We will discuss data and determine if our focus is literacy, math or both.
Thank you for creating a User Profile for the Kansas CommonApp!

Your User Profile will be linked to every application submitted under your login. You can always return to this page to keep your information current.

Please briefly describe the impacts of COVID-19 on the district and its Pre-K through 12 students, including any relevant data where possible (e.g., cost impact, learning loss, emotional impact on students). If there has been a disproportionate impact on a special population in the district (e.g., students with disabilities, English Learners, students in foster care, students in poverty, etc.), please describe the impact and provide the number of Pre-K through 12 students in that population.
COVID has impacted some of the students of West Franklin USD 287 with a learning loss due to not being able to attend class in a normal setting due to school closings.

Does the district have remaining ESSER I funding that it has not yet spent as of the date of ESSER II application submission?  

No

Please review the following allowable uses of ESSER II funds before completing the narrative and Excel template portion of the application.

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.
- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.
- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.
- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.
- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.
- Planning for, coordinating, and implementing activities during long-term closures, including providing meals to eligible students, providing technology for online learning to all students, providing guidance for carrying out requirements under the IDEA and ensuring other educational services can continue to be provided consistent with all Federal, State, and local requirements.
- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and children with disabilities, which may include assistive technology or adaptive equipment.
- Providing mental health services and supports.
- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low-income students, children with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.
- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.
- School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.
Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.

Developing strategies and implementing public health protocols for the reopening and operation of school facilities.

Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Please note: “Developing strategies and implementing public health protocols for the reopening and operation of school facilities,” identified as an allowable use under ESSER III in the American Rescue Plan, is also permissible under ESSER II.

Plan for ESSER II Direct District Allocation and KSDE Per-Student Additional Allocation (If Applicable)

Please summarize how the district proposes using its ESSER II direct district allocation (and its KSDE per-student additional allocation, if applicable) to address incremental COVID-19 needs.

As depicted on our ESSER II expenditure spreadsheet we have addressed social distancing, preparation for future school closings by purchasing a curriculum which will transition easily from in class to remote, technology to allow for more social distancing and school closings, etc. (see expenditure spreadsheet)

How will the district determine the impact of its ESSER II direct district allocation expenditures (and additional per-student allocation, if applicable) on students?

Through AIMSweb and Fast Bridge, and by utilizing the social distancing space to mitigate the spread of the virus.

Notes on ESSER II application Excel template:

- Plans and budgets should be submitted for at least a 12 month period but do not need to account for the full duration of the program or the full allocation amount. Funds will remain accessible to the LEA until September 30, 2023 and there will be additional opportunities to submit further requests/plans in the future.

- Following ESSER II application approval and initiation of funds draw down, districts will be required to report to the Commissioner's Task Force on ESSER II expenditures and impact on a monthly basis throughout the program. This ESSER II reporting will be required as a part of regular ESSER program reporting, which will capture past expenditures across funding streams (ESSER I, ESSER I SPED, ESSER II, ESSER II SPED, ESSER II KSDE Per Student Allocation). Districts may be asked to provide expenditures by fund, function, object, account, and ESSER II allowable use as part of ongoing ESSER reporting.

- This reporting will not replace any reporting required by the federal government. KSDE will work to maximize compatibility between its reporting requirements and those of the federal government as much as possible to minimize burden on districts.

Please download and complete the ESSER II application template here to provide details on ESSER II budgeted expenditures across allowable uses and KSDE accounting codes.

Local Education Agency (LEA) Assurances

Section I. General Grant Assurances for Federal Funds
Throughout the period of the grant award, the LEA will comply with all requirements of:

The LEA will make a good faith effort, on a continuing basis, to maintain a drug-free workplace, in accordance with the measures in 34 CFR Part 84, Subpart B and the Drug-Free Workplace Act of 1988;

The Education Department General Administrative Regulations (EDGAR) 34 CFR 76 requirements, including:

34 CFR §76.500(a) Federal statutes and regulations on nondiscrimination.

(a) A State and a subgrantee shall comply with the following statutes and regulations:
- Discrimination on the basis of age | The Age Discrimination Act (42 U.S.C. 6101 et seq.) | 34 CFR part 110.

(b) A State or subgrantee that is a covered entity as defined in §108.3 of this title shall comply with the nondiscrimination requirements of the Boy Scouts of America Equal Access Act, 20 U.S.C. 7905, 34 CFR part 108.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.650 Other provisions.

(a) Under some programs, the authorizing statute requires that a State and its subgrantees provide for participation by students enrolled in private schools. Sections 76.651-76.662 apply to those programs and provide rules for that participation. These sections do not affect the authority of the State or a subgrantee to enter into a contract with a private party.

(b) If any other rules for participation of students enrolled in private schools apply under a particular program, they are in the authorizing statute or implementing regulations for that program.

(Authority: 20 U.S.C. 1221e-3 and 3474)

34 CFR §76.700 Compliance with statutes, regulations, State plan, and applications.

A State and a subgrantee shall comply with the State plan and applicable statutes, regulations, and approved applications, and shall use Federal funds in accordance with those statutes, regulations, plan, and applications.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.701 The State or subgrantee administers or supervises each project.

A State or a subgrantee shall directly administer or supervise the administration of each project.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.702 Fiscal control and fund accounting procedures.

A State and a subgrantee shall use fiscal control and fund accounting procedures that insure proper disbursement of and accounting for Federal funds.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.709 Funds may be obligated during a “carryover period.”

(a) If a State or a subgrantee does not obligate all of its grant or subgrant funds by the end of the fiscal year for which Congress appropriated the funds, it may obligate the remaining funds during a carryover period of one additional fiscal year.

(b) The State shall return to the Federal Government any carryover funds not obligated by the end of the carryover period by the State and its subgrantees.

(Authority: U.S.C. 1221e-3, 1225(b), and 3474)

34 CFR §76.722 Subgrantee reporting requirements.

A State may require a subgrantee to submit reports in a manner and format that assists the State in complying with the requirements under 34 CFR 76.720 and in carrying out other responsibilities under the program.

(Authority: 20 U.S.C. 1221e-3, 1231a, and 3474)

[72 FR 3703, Jan. 25, 2007]

34 CFR §76.730 Records related to grant funds.

A State and a subgrantee shall keep records that fully show:
- The amount of funds under the grant or subgrant;
- How the State or subgrantee uses the funds;
- The total cost of the project;
(d) The share of that cost provided from other sources; and
(e) Other records to facilitate an effective audit.

(Approved by the Office of Management and Budget under control number 1880-0513)

(Authority: 20 U.S.C. 1232f)

34 CFR §76.731 Records related to compliance.

A State and a subgrantee shall keep records to show its compliance with program requirements.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

The Uniform Grant Guidance, 2 CFR §200 all applicable subrecipient requirements, including but not limited to:

2 CFR Subpart D – Post Federal Award Requirements

§200.302 Financial management.

§200.303 Internal controls.

§200.305 Payment.

§200.313 Equipment.

§200.314 Supplies.

§200.318 General procurement standards.

§200.320 Methods of procurement to be followed;

2 CFR 200 Subpart E: Cost Principles:

§200.403 Factors affecting allowability of costs.

§200.404 Reasonable costs.

§200.405 Allocable costs.

§200.413 Direct costs.

§200.415 Required certifications.

§200.430 Compensation—personal services.

The Debarment and Suspension, 34 CFR Part 85, Section 85.510, Participants’ Responsibilities and makes the following certification by signing this application:

The prospective lower-tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.

Where the prospective lower-tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 for such failure.

Section II. Specific Elementary and Secondary School Emergency Relief (ESSER) Grant Assurances

The LEA assures that funds shall only be used for any of the following:

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.

- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.

- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service
delivery will meet the needs of each population.

- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.
- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.
- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.
- Planning for and coordinating during long-term closures, including for how to provide meals to eligible students, how to provide technology for online learning to all students, how to provide guidance for carrying out requirements under the Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.) and how to ensure other educational services can continue to be provided consistent with all Federal, State, and local requirements.
- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and students with disabilities, which may include assistive technology or adaptive equipment.
- Providing mental health services and supports.
- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low income students, students with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.
- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.
- School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.
- Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.
- Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Throughout the period of the grant award, the LEA shall comply with all applicable requirements of the Elementary and Secondary School Emergency Relief (ESSER) authorized by the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSAA), including:

CONTINUED PAYMENT TO EMPLOYEES

SEC. 18006. A local educational agency, State, institution of higher education, or other entity that receives funds under “Education Stabilization Fund”, shall to the greatest extent practicable, continue to pay its employees and contractors during the period of any disruptions or closures related to coronavirus.

Certification

To the best of my knowledge and belief, all the information and data in this agreement are true and correct. I acknowledge and agree that the failure to comply with all Assurances and Certifications in this Agreement, all relevant provisions and requirements of the CARES Act, Pub. L. No. 116-136 (March 27, 2020), or any other applicable law or regulation may result in liability under the False Claims Act, 31 U.S.C. § 3729, et seq.; OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485; and 18 USC § 1001, as appropriate.

Thank you for creating a User Profile for the Kansas CommonApp!

Your User Profile will be linked to every application submitted under your login. You can always return to this page to keep your information current.

Select an Applicant Type | Unified School District

Applicant / Entity Name | Ottawa USD 290

Applicant / Mailing Address

| 1404 S. Ash Ottawa, KS 66067

Applicant / First and Last Name of Owner, CEO, or Executive Director | Ryan Cobbs

Applicant / Email Address of Owner, CEO, or Executive Director | cobbsr@usd290.org

Applicant / Phone Number | 7858932411

All questions in the section below are optional, and offer an opportunity to upload or enter information that is typically asked for on grant opportunities.

(for EANS and ESSER grant applications - please skip the questions below, and scroll to the bottom to complete your User Profile information.)

Application details

Full District Name | Ottawa

District Number | 290

Mailing Address | Street Address | 1404 S. Ash
USD 290 has approximately 2300 students prek-12 who missed the last 7 weeks of in person instruction at the end of the 2019/20 resulting in "remote" learning for the remainder of the year. The start of the 2020/21 school year was pushed back until September 8 resulting in further instructional loss. The district then began school under a hybrid model in which students attended everyday for half a day, either in the morning or in the afternoon. We opened back up fully after 6 weeks at the elementary and by the end of the first quarter for both Middle and High. All of these actions were implemented to ensure the safety of our students during an unknown pandemic but had a negative impact upon our student learning and achievement. Specifically we have seen a loss in student achievement in mathematics where our MAP assessment data would indicate that nearly half of our students across the district are currently below the RIT Norm. Maybe most concerning is our 1st grade data which saw about a 13% decline in reading scores of students at the RIT norm from Fall to Winter as the foundational skills lost between the end of Kindergarten and into first grade become more evident. I feel that our district overall did a great job of mitigating the impact of COVID given the abruptness of school closure and the unknown of how this virus would impact large groups. However, there is no doubt that we have a learning gap.

Please summarize how the district will use its remaining ESSER I and ESSER I SPED funding and what it hopes to accomplish with these funds.

Currently we have 3 staff licensed staff members that we will pay salaries with for January through May due to additional classroom spaces needed to accommodate district guidelines for safety measures. We will also pay for an additional nurse to be housed at Garfield Elementary as this building did not have a full time nurse associated with it prior to the pandemic. We will continue to use funds to pay for subs of members of our staff who are quarantined or have tested positive for COVID. We will continue to use funds to provide Big Blue Button to our entire staff as a means to facilitate remote instruction for those
students who have chosen that course of action for the remainder of the year, as well as provide internet access to those students who were not able to afford internet on their own. Furthermore, we intend to utilize funds to address summer school for students in June should we have enough funds left to do so.

Please review the following allowable uses of ESSER II funds before completing the narrative and Excel template portion of the application.

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.
- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.
- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.
- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.
- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.
- Planning for, coordinating, and implementing activities during long-term closures, including providing meals to eligible students, providing technology for online learning to all students, providing guidance for carrying out requirements under the IDEA and ensuring other educational services can continue to be provided consistent with all Federal, State, and local requirements.
- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and children with disabilities, which may include assistive technology or adaptive equipment.
- Providing mental health services and supports.
- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low-income students, children with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.
- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students' academic progress and assist educators in meeting students' academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.
- School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.
- Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.
- Developing strategies and implementing public health protocols for the reopening and operation of school facilities.
Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Please note: "Developing strategies and implementing public health protocols for the reopening and operation of school facilities," identified as an allowable use under ESSER III in the American Rescue Plan, is also permissible under ESSER II.

Plan for ESSER II Direct District Allocation and KSDE Per-Student Additional Allocation (If Applicable)

Please summarize how the district proposes using its ESSER II direct district allocation (and its KSDE per-student additional allocation, if applicable) to address incremental COVID-19 needs.

USD 290 plans to use its ESSER II Funds in the following ways. First, we are working with the Ottawa Education Association to negotiate an additional 20 minutes onto the 2021/22 school day specific to Math intervention. This 20 minutes would take place every school day in what we currently believe will be a walk to intervention model. We are currently estimating about $900,000 to do so with about 230 licensed staff, plus and additional 140 classified staff but this still needs to be negotiated. We would like to spend about $340,000 on the purchase of a new math resource K-12. The lack of learning caused by this pandemic has created clear evidence that our math achievement has suffered significantly most notably in number sense across the board with nearly half of our students below the RIT norm on MAP. The purchase is a resource for all students that guide our teachers and staff with a problem solving model, a greater spiral effect in which concepts are utilized repeatedly in different instructional standards, and one that would allow a greater impact upon the whole system through core instruction. We will be adding 2 positions, one a school nurse at Garfeld Elementary as we do not have a nurse stationed in that school, and a 5th grade teacher at Lincoln Elementary allowing us to reduce the class size below 20 so that we can space more accordingly and provide better small group instruction at a total of around $140,000. We would like to purchase resources for intervention including Lexia, Newsela, IXL, Happy Numbers, and 95% group to address different areas in which our students have shown a lack of achievement. These resources would total about $140,000. Lastly, we would like to address summer school and provide an opportunity for our students.

How will the district determine the impact of its ESSER II direct district allocation expenditures (and additional per-student allocation, if applicable) on students?

We have a number of assessments that would indicate achievement including Fastbridge, MAP, Interim State Assessments, and State Assessments that we will utilize to address increases in student achievement. We should also see an improvement in individual grades, decreased retention or retaking of courses, and increases in graduation rate.

Notes on ESSER II application Excel template:

- Plans and budgets should be submitted for at least a 12 month period but do not need to account for the full duration of the program or the full allocation amount. Funds will remain accessible to the LEA until September 30, 2023 and there will be additional opportunities to submit further requests/plans in the future.
- Following ESSER II application approval and initiation of funds draw down, districts will be required to report to the Commissioner's Task Force on ESSER II expenditures and impact on a monthly basis throughout the program. This ESSER II reporting will be required as part of regular ESSER program reporting, which will capture past expenditures across funding streams (ESSER I, ESSER I SPED, ESSER II, ESSER II SPED, ESSER II KSDE Per Student Allocation). Districts may be asked to provide expenditures by fund, function, object, account, and ESSER II allowable use as part of ongoing ESSER reporting.
- This reporting will not replace any reporting required by the federal government. KSDE will work to maximize compatibility between its reporting requirements and those of the federal government as much as possible to minimize burden on districts.

Please download and complete the ESSER II application template [here](#) to provide details on ESSER II budgeted expenditures across allowable uses and KSDE accounting codes.
Local Education Agency (LEA) Assurances

Section I. General Grant Assurances for Federal Funds

Throughout the period of the grant award, the LEA will comply with all requirements of:

The LEA will make a good faith effort, on a continuing basis, to maintain a drug-free workplace, in accordance with the measures in 34 CFR Part 84, Subpart B and the Drug-Free Workplace Act of 1988;

The Education Department General Administrative Regulations (EDGAR) 34 CFR 76 requirements, including:

34 CFR §76.500(a) Federal statutes and regulations on nondiscrimination.

(a) A State and a subgrantee shall comply with the following statutes and regulations:

* Discrimination on the basis of race, color, or national origin | Title VI of the Civil Rights Act of 1964 (45 U.S.C. 2000d through 2000d-4) | 34 CFR part 100.
* Discrimination on the basis of age | The Age Discrimination Act (42 U.S.C. 6101 et seq.) | 34 CFR part 110.

(b) A State or subgrantee that is a covered entity as defined in §108.3 of this title shall comply with the nondiscrimination requirements of the Boy Scouts of America Equal Access Act, 20 U.S.C. 7905, 34 CFR part 108.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.650 Private schools; purpose of §§76.651-76.662.

(a) Under some programs, the authorizing statute requires that a State and its subgrantees provide for participation by students enrolled in private schools. Sections 76.651-76.662 apply to those programs and provide rules for that participation. These sections do not affect the authority of the State or a subgrantee to enter into a contract with a private party.

(b) If any other rules for participation of students enrolled in private schools apply under a particular program, they are in the authorizing statute or implementing regulations for that program.

(Authority: 20 U.S.C. 1221e-3 and 3474)

34 CFR §76.700 Compliance with statutes, regulations, State plan, and applications.

A State and a subgrantee shall comply with the State plan and applicable statutes, regulations, and approved applications, and shall use Federal funds in accordance with those statutes, regulations, plan, and applications.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.701 The State or subgrantee administers or supervises each project.

A State or a subgrantee shall directly administer or supervise the administration of each project.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.702 Fiscal control and fund accounting procedures.

A State and a subgrantee shall use fiscal control and fund accounting procedures that insure proper disbursement of and accounting for Federal funds.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.709 Funds may be obligated during a “carryover period.”

(a) If a State or a subgrantee does not obligate all of its grant or subgrant funds by the end of the fiscal year for which Congress appropriated the funds, it may obligate the remaining funds during a carryover period of one additional fiscal year.

(b) The State shall return to the Federal Government any carryover funds not obligated by the end of the carryover period by the State and its subgrantees.

(Authority: U.S.C. 1221e-3, 1225(b), and 3474)

34 CFR §76.722 Subgrantee reporting requirements.
A State may require a subgrantee to submit reports in a manner and format that assists the State in complying with the requirements under 34 CFR 76.720 and in carrying out other responsibilities under the program.
(Authority: 20 U.S.C. 1221e-3, 1231a, and 3474)
[72 FR 3703, Jan. 25, 2007]

34 CFR §76.730 Records related to grant funds.
A State and a subgrantee shall keep records that fully show:
(a) The amount of funds under the grant or subgrant;
(b) How the State or subgrantee uses the funds;
(c) The total cost of the project;
(d) The share of that cost provided from other sources; and
(e) Other records to facilitate an effective audit.
(Approved by the Office of Management and Budget under control number 1880-0513)
(Authority: 20 U.S.C. 1232f)

34 CFR §76.731 Records related to compliance.
A State and a subgrantee shall keep records to show its compliance with program requirements.
(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))
The Uniform Grant Guidance, 2 CFR §200 all applicable subrecipient requirements, including but not limited to:
2 CFR Subpart D – Post Federal Award Requirements
§200.302 Financial management.
§200.303 Internal controls.
§200.305 Payment.
§200.313 Equipment.
§200.314 Supplies.
§200.318 General procurement standards.
§200.320 Methods of procurement to be followed;
2 CFR 200 Subpart E: Cost Principles:
§200.403 Factors affecting allowability of costs.
§200.404 Reasonable costs.
§200.405 Allocable costs.
§200.413 Direct costs.
§200.415 Required certifications.
§200.430 Compensation—personal services.
The Debarment and Suspension, 34 CFR Part 85, Section 85.510, Participants’ Responsibilities and makes the following certification by signing this application:
The prospective lower-tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.
Where the prospective lower-tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.
This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 for such failure.

Section II. Specific Elementary and Secondary School Emergency Relief (ESSER) Grant Assurances

The LEA assures that funds shall only be used for any of the following:
- Any activity authorized by the ESEA of 1965, including the Native Hawaiian Education Act and the Alaska Native Educational Equity, Support, and Assistance Act (20 U.S.C. 6301 et seq.), the Individuals with Disabilities Education Act (20 U.S.C. 1400 et

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.
- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.
- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.
- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.
- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.
- Planning for and coordinating during long-term closures, including how to provide meals to eligible students, how to provide technology for online learning to all students, how to provide guidance for carrying out requirements under the Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.) and how to ensure other educational services can continue to be provided consistent with all Federal, State, and local requirements.
- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low income students, students with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.
- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.
- School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.
- Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.
- Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Throughout the period of the grant award, the LEA shall comply with all applicable requirements of the Elementary and Secondary School Emergency Relief (ESSER) authorized by the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSAA), including:

CONTINUED PAYMENT TO EMPLOYEES

SEC. 18006. A local educational agency, State, institution of higher education, or other entity that receives funds under “Education Stabilization Fund”, shall to the greatest extent practicable, continue to pay its employees and contractors during the period of any disruptions or closures related to coronavirus.
Certification

To the best of my knowledge and belief, all the information and data in this agreement are true and correct. I acknowledge and agree that the failure to comply with all Assurances and Certifications in this Agreement, all relevant provisions and requirements of the CARES Act, Pub. L. No. 116-136 (March 27, 2020), or any other applicable law or regulation may result in liability under the False Claims Act, 31 U.S.C. § 3729, et seq.; OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485; and 18 USC § 1001, as appropriate.

Application details

Full District Name | Lincoln School District
District Number | 298
Mailing Address | 133 E. Lincoln Ave P.O Box 289
USD 298, like most districts, experienced our greatest learning loss during the last spring semester of remote learning. 298 saw a decrease in student learning due to the new platform of remote learning over Zoom. Survey data shows that students and staff are struggling with social/emotional issues from this pandemic. As a small school district we have analyzed our current situation and have discovered that many of our subject area curriculum resources are between 7 and 15 years old. We see that we have a critical need for updated curriculum and resources in order to have the proper tools to address student remediation. We also see the need for a progress monitoring tool, such as FastBridge in order to provide us the necessary data to track student academic recovery. Our first focus will be on updating curriculum and monitoring student progress.

Does the district have remaining ESSER I funding that it has not yet spent as of the date of ESSER II application submission?

Please summarize how the district will use its remaining ESSER I and ESSER I SPED funding and what it hopes to accomplish with these funds.

We are continuing to update sanitation protocols and will utilize all of the ESSER I funding by 4/30/21

Please review the following allowable uses of ESSER II funds before completing the narrative and Excel template portion of the application.

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to
prevent, prepare for, and respond to coronavirus.

- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.
- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.
- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.
- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.
- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.
- Planning for, coordinating, and implementing activities during long-term closures, including providing meals to eligible students, providing technology for online learning to all students, providing guidance for carrying out requirements under the IDEA and ensuring other educational services can continue to be provided consistent with all Federal, State, and local requirements.
- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and children with disabilities, which may include assistive technology or adaptive equipment.
- Providing mental health services and supports.
- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low-income students, children with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.
- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.
- School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.
- Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.
- Developing strategies and implementing public health protocols for the reopening and operation of school facilities.
- Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Please note: “Developing strategies and implementing public health protocols for the reopening and operation of school facilities,” identified as an allowable use under ESSER III in the American Rescue Plan, is also permissible under ESSER II.

**Plan for ESSER II Direct District Allocation and KSDE Per-Student Additional Allocation (If Applicable)**

Please summarize how the district proposes using its ESSER II direct district allocation (and its KSDE per-student additional allocation, if applicable) to address incremental COVID-19 needs.

USD 298 will focus first on updating curriculum in core content areas along with implementing a progress monitoring program. After the initial purchase of core content curriculum, we will look to hire a Title 1 teacher and title para to support learning gaps at the elementary level. We also have some HVAC issues that we will address at a later date.
How will the district determine the impact of its ESSER II direct district allocation expenditures (and additional per-student allocation, if applicable) on students?

Our progress monitoring system will give us accurate data on student achievement and remediation. Updated curriculum will allow us to have effective standards based teaching and the learning from this curriculum will be monitored through the FastBridge progress monitoring system. We currently have 25 year old HVAC systems at our junior/senior high school. Replacing these systems over time will allow us to vastly improve the air quality and cleanliness at the junior/senior high school.

Notes on ESSER II application Excel template:

- Plans and budgets should be submitted for at least a 12 month period but do not need to account for the full duration of the program or the full allocation amount. Funds will remain accessible to the LEA until September 30, 2023 and there will be additional opportunities to submit further requests/plans in the future.
- Following ESSER II application approval and initiation of funds draw down, districts will be required to report to the Commissioner's Task Force on ESSER II expenditures and impact on a monthly basis throughout the program. This ESSER II reporting will be required as a part of regular ESSER program reporting, which will capture past expenditures across funding streams (ESSER I, ESSER I SPED, ESSER II, ESSER II SPED, ESSER II KSDE Per Student Allocation). Districts may be asked to provide expenditures by fund, function, object, account, and ESSER II allowable use as part of ongoing ESSER reporting.
- This reporting will not replace any reporting required by the federal government. KSDE will work to maximize compatibility between its reporting requirements and those of the federal government as much as possible to minimize burden on districts.

Please download and complete the ESSER II application template here to provide details on ESSER II budgeted expenditures across allowable uses and KSDE accounting codes.

Local Education Agency (LEA) Assurances

Section I. General Grant Assurances for Federal Funds

Throughout the period of the grant award, the LEA will comply with all requirements of:

The LEA will make a good faith effort, on a continuing basis, to maintain a drug-free workplace, in accordance with the measures in 34 CFR Part 84, Subpart B and the Drug-Free Workplace Act of 1988;
The Education Department General Administrative Regulations (EDGAR) 34 CFR 76 requirements, including:

34 CFR §76.500(a) Federal statutes and regulations on nondiscrimination.

(a) A State and a subgrantee shall comply with the following statutes and regulations:

- Discrimination on the basis of age | The Age Discrimination Act (42 U.S.C. 6101 et seq.) | 34 CFR part 110.

(b) A State or subgrantee that is a covered entity as defined in §108.3 of this title shall comply with the nondiscrimination requirements of the Boy Scouts of America Equal Access Act, 20 U.S.C. 7905, 34 CFR part 108.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.650 Private schools; purpose of §§76.651-76.662.
(a) Under some programs, the authorizing statute requires that a State and its subgrantees provide for participation by students enrolled in private schools. Sections 76.651-76.662 apply to those programs and provide rules for that participation. These sections do not affect the authority of the State or a subgrantee to enter into a contract with a private party.

(b) If any other rules for participation of students enrolled in private schools apply under a particular program, they are in the authorizing statute or implementing regulations for that program.

(Authority: 20 U.S.C. 1221e-3 and 3474)

34 CFR §76.700 Compliance with statutes, regulations, State plan, and applications.
A State and a subgrantee shall comply with the State plan and applicable statutes, regulations, and approved applications, and shall use Federal funds in accordance with those statutes, regulations, plan, and applications.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.701 The State or subgrantee administers or supervises each project.
A State or a subgrantee shall directly administer or supervise the administration of each project.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.702 Fiscal control and fund accounting procedures.
A State and a subgrantee shall use fiscal control and fund accounting procedures that insure proper disbursement of and accounting for Federal funds.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.709 Funds may be obligated during a “carryover period.”
(a) If a State or a subgrantee does not obligate all of its grant or subgrant funds by the end of the fiscal year for which Congress appropriated the funds, it may obligate the remaining funds during a carryover period of one additional fiscal year.

(b) The State shall return to the Federal Government any carryover funds not obligated by the end of the carryover period by the State and its subgrantees.

(Authority: U.S.C. 1221e-3, 1225(b), and 3474)

34 CFR §76.722 Subgrantee reporting requirements.
A State may require a subgrantee to submit reports in a manner and format that assists the State in complying with the requirements under 34 CFR 76.720 and in carrying out other responsibilities under the program.

(Authority: 20 U.S.C. 1221e-3, 1231a, and 3474)

[72 FR 3703, Jan. 25, 2007]

34 CFR §76.730 Records related to grant funds.
A State and a subgrantee shall keep records that fully show:
(a) The amount of funds under the grant or subgrant;
(b) How the State or subgrantee uses the funds;
(c) The total cost of the project;
(d) The share of that cost provided from other sources; and
(e) Other records to facilitate an effective audit.

(Approved by the Office of Management and Budget under control number 1880-0513)

(Authority: 20 U.S.C. 1232f)

34 CFR §76.731 Records related to compliance.
A State and a subgrantee shall keep records to show its compliance with program requirements.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

The Uniform Grant Guidance, 2 CFR §200 all applicable subrecipient requirements, including but not limited to:
2 CFR Subpart D – Post Federal Award Requirements
§200.302 Financial management.
§200.303 Internal controls.
§200.305 Payment.
§200.313 Equipment.
§200.314 Supplies.
$200.318 General procurement standards.
$200.320 Methods of procurement to be followed;
2 CFR 200 Subpart E: Cost Principles:
$200.403 Factors affecting allowability of costs.
$200.404 Reasonable costs.
$200.405 Allocable costs.
$200.413 Direct costs.
$200.415 Required certifications.
$200.430 Compensation—personal services.

The Debarment and Suspension, 34 CFR Part 85, Section 85.510, Participants' Responsibilities and makes the following certification by signing this application:
The prospective lower-tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.
Where the prospective lower-tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.
This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 for such failure.

Section II. Specific Elementary and Secondary School Emergency Relief (ESSER) Grant Assurances

The LEA assures that funds shall only be used for any of the following:

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.
- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.
- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.
- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.
- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.
- Planning for and coordinating during long-term closures, including for how to provide meals to eligible students, how to provide technology for online learning to all students, how to provide guidance for carrying out requirements under the Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.) and how to ensure other educational services can continue to be provided consistent with all Federal, State, and local requirements.
- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and students with disabilities, which may include assistive technology or adaptive equipment.
Providing mental health services and supports.

Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low income students, students with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.

Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students' academic progress and assist educators in meeting students' academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.

School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.

Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.

Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Throughout the period of the grant award, the LEA shall comply with all applicable requirements of the Elementary and Secondary School Emergency Relief (ESSER) authorized by the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSAA), including:

CONTINUED PAYMENT TO EMPLOYEES

SEC. 18006. A local educational agency, State, institution of higher education, or other entity that receives funds under “Education Stabilization Fund”, shall to the greatest extent practicable, continue to pay its employees and contractors during the period of any disruptions or closures related to coronavirus.

Certification

Requested more information from district via email. Response from school district: Social Science: After the COVID pandemic shutdown in the spring of 2020, we identified learning loss among our students. This purchase of updated, state standards based curriculum is critical to getting students learning loss resolved. The current 15 year old curriculum is outdated and not aligned with state standards. The new updated curriculum will include an online version as well as textbooks so students can have resources at school as well as at home for remediation.

Requested more information from district via email. Response from school district: K-12 Math: After the COVID pandemic shutdown in the spring of 2020, we identified learning loss among our students. This purchase of updated, state standards based curriculum is critical to getting students learning loss resolved. The current 17 year old curriculum is outdated and not aligned with state standards. The new updated curriculum will include an online version as well as textbooks so students can have resources at school as well as at home for remediation.

Please briefly describe the impacts of COVID-19 on the district and its Pre-K through 12 students, including any relevant data where possible (e.g., cost impact, learning loss, emotional impact on students). If there has been a disproportionate impact on a special population in the district (e.g., students with disabilities, English Learners, students in foster care, students in poverty, etc.), please describe the impact and provide the number of Pre-K through 12 students in that population.

The emotional impact caused by stress has had the biggest impact on both students and staff. While we have been able to operate fully in person (with the exception of 6 days before Thanksgiving), it has been far from a normal year. We are not able to do many of the normal things we do to build relationships as we try to keep our protocols in place. We have had 4 incidents of student self-harm occur in our building during the school year, this is something we have never encountered before, and does not come close to the total number of students that have contemplated or completed acts of self harm outside of the school day. Our staff is also very stressed and overwhelmed. They are constantly over planning and working additional hours just in case we have to shut down. Additionally, it is a daily fight to get students and community members to follow our safety protocols which has caused more stress and animosity.

The increased operational costs have been another factor for us. We have spent money on masks, shields, and additional cleaning supplies that are above and beyond a typical year. We have also hired additional custodial staff to help ensure our buildings are properly sanitized throughout the day.

Please review the following allowable uses of ESSER II funds before completing the narrative and Excel template portion of the application.

• Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.

• Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.

• Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.

• Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.

• Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.

• Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.

• Planning for, coordinating, and implementing activities during long-term closures, including providing meals to eligible students, providing technology for online learning to all students, providing guidance for carrying out requirements under the IDEA and ensuring other educational services can continue to be provided consistent with all Federal, State, and local requirements.

• Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and children with disabilities, which may include assistive technology or adaptive equipment.

• Providing mental health services and supports.

• Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low-income students, children with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.

• Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by—(A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.

• School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.

• Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.

• Developing strategies and implementing public health protocols for the reopening and operation of school facilities.

• Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Please note: "Developing strategies and implementing public health protocols for the reopening and operation of school facilities," identified as an allowable use under ESSER III in the American Rescue Plan, is also permissible under ESSER II.

Plan for ESSER II Direct District Allocation and KSDE Per-Student Additional Allocation (If Applicable)
Please summarize how the district proposes using its ESSER II direct district allocation (and its KSDE per-student additional allocation, if applicable) to address incremental COVID-19 needs.

Our initial plan is to focus funding in these areas:

1. Increased summer school - We intend to increase attendance in summer school programs, but recent parent surveys show only 24 total parents in our District would take advantage of these opportunities. We plan to use additional ESSER funds to create learning opportunities throughout the summer that are more enticing to students.

2. Social Emotional Support Training - We intend to offer additional and continued training for all staff so they are better equipped to help themselves and their students with social emotional needs. We also intend to offer training directly to students so they are better prepared to understand and find ways to cope with their social and emotional needs.

3. Instructional Coaching - We intend to use funds to provide instructional coaching for all of our classroom teachers through our area service centers. This will provide teaching staff with more support to improve overall instruction and instruction during the pandemic.

4. Creation of additional learning space - We intend to create an additional classroom in our library and an outdoor learning space that will help with social distancing.

5. Purchasing of additional bus - We intend to purchase an additional bus that will help with social distancing for our daily routes and activity trips.

6. Purchasing of additional technology - We intend to purchase additional staff laptops to ensure all staff have technology that allows them to create strong lessons for the students they work with, and provide instruction for students that are learning remotely.

7. HVAC upgrades - We intend to upgrade HVAC at our elementary building to improve air flow and learning conditions.

How will the district determine the impact of its ESSER II direct district allocation expenditures (and additional per-student allocation, if applicable) on students?

We hope to see an increase in positive coping skills throughout our student body, and a decrease in dangerous/harmful choices. We will measure this through the use of the KCTC survey and overall number of office referrals in each building. We also hope to see an increase in academic achievement as measured through the State Assessment and ACT testing.

Notes on ESSER II application Excel template:

- Plans and budgets should be submitted for at least a 12 month period but do not need to account for the full duration of the program or the full allocation amount. Funds will remain accessible to the LEA until September 30, 2023 and there will be additional opportunities to submit further requests/plans in the future.

- Following ESSER II application approval and initiation of funds draw down, districts will be required to report to the Commissioner's Task Force on ESSER II expenditures and impact on a monthly basis throughout the program. This ESSER II reporting will be required as a part of regular ESSER program reporting, which will capture past expenditures across funding streams (ESSER I, ESSER I SPED, ESSER II, ESSER II SPED, ESSER II KSDE Per Student Allocation). Districts may be asked to provide expenditures by fund, function, object, account, and ESSER II allowable use as part of ongoing ESSER II reporting.

- This reporting will not replace any reporting required by the federal government. KSDE will work to maximize compatibility between its reporting requirements and those of the federal government as much as possible to minimize burden on districts.

Please download and complete the ESSER II application template [here](303 Ness City ESSER 2 Plan... (150 KiB download)) to provide details on ESSER II budgeted expenditures across allowable uses and KSDE accounting codes.
Local Education Agency (LEA) Assurances

Section I. General Grant Assurances for Federal Funds

Throughout the period of the grant award, the LEA will comply with all requirements of:

The LEA will make a good faith effort, on a continuing basis, to maintain a drug-free workplace, in accordance with the measures in 34 CFR Part 84, Subpart B and the Drug-Free Workplace Act of 1988;

The Education Department General Administrative Regulations (EDGAR) 34 CFR 76 requirements, including:

34 CFR §76.500(a) Federal statutes and regulations on nondiscrimination.

(a) A State and a subgrantee shall comply with the following statutes and regulations:

- Discrimination on the basis of age | The Age Discrimination Act (42 U.S.C. 6101 et seq.) | 34 CFR part 110.

(b) A State or subgrantee that is a covered entity as defined in §108.3 of this title shall comply with the nondiscrimination requirements of the Boy Scouts of America Equal Access Act, 20 U.S.C. 7905, 34 CFR part 108.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.650 Private schools; purpose of §§76.651-76.662.

(a) Under some programs, the authorizing statute requires that a State and its subgrantees provide for participation by students enrolled in private schools. Sections 76.651-76.662 apply to those programs and provide rules for that participation. These sections do not affect the authority of the State or a subgrantee to enter into a contract with a private party.

(b) If any other rules for participation of students enrolled in private schools apply under a particular program, they are in the authorizing statute or implementing regulations for that program.

(Authority: 20 U.S.C. 1221e-3 and 3474)

34 CFR §76.700 Compliance with statutes, regulations, State plan, and applications.

A State and a subgrantee shall comply with the State plan and applicable statutes, regulations, and approved applications, and shall use Federal funds in accordance with those statutes, regulations, plan, and applications.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.701 The State or subgrantee administers or supervises each project.

A State or a subgrantee shall directly administer or supervise the administration of each project.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.702 Fiscal control and fund accounting procedures.

A State and a subgrantee shall use fiscal control and fund accounting procedures that insure proper disbursement of and accounting for Federal funds.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.709 Funds may be obligated during a “carryover period.”

(a) If a State or a subgrantee does not obligate all of its grant or subgrant funds by the end of the fiscal year for which Congress appropriated the funds, it may obligate the remaining funds during a carryover period of one additional fiscal year.

(b) The State shall return to the Federal Government any carryover funds not obligated by the end of the carryover period by the State and its subgrantees.

(Authority: U.S.C. 1221e-3, 1225(b), and 3474)

34 CFR §76.722 Subgrantee reporting requirements.

A State may require a subgrantee to submit reports in a manner and format that assists the State in complying with the requirements under 34 CFR 76.720 and in carrying out other responsibilities under the program.

(Authority: 20 U.S.C. 1221e-3, 1231a, and 3474)

[72 FR 3703, Jan. 25, 2007]
Records related to grant funds.
A State and a subgrantee shall keep records that fully show:
(a) The amount of funds under the grant or subgrant;
(b) How the State or subgrantee uses the funds;
(c) The total cost of the project;
(d) The share of that cost provided from other sources; and
(e) Other records to facilitate an effective audit.
(Approved by the Office of Management and Budget under control number 1880-0513)
(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

Records related to compliance.
A State and a subgrantee shall keep records to show its compliance with program requirements.
(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))
The Uniform Grant Guidance, 2 CFR §200 all applicable subrecipient requirements, including but not limited to:
2 CFR Subpart D – Post Federal Award Requirements
§200.302 Financial management.
§200.303 Internal controls.
§200.305 Payment.
§200.313 Equipment.
§200.314 Supplies.
§200.318 General procurement standards.
§200.320 Methods of procurement to be followed;
2 CFR 200 Subpart E: Cost Principles:
§200.403 Factors affecting allowability of costs.
§200.404 Reasonable costs.
§200.405 Allocable costs.
§200.413 Direct costs.
§200.415 Required certifications.
§200.430 Compensation—personal services.
The Debarment and Suspension, 34 CFR Part 85, Section 85.510, Participants’ Responsibilities and makes the following certification by signing this application:
The prospective lower-tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.
Where the prospective lower-tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.
This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 for such failure.

Section II. Specific Elementary and Secondary School Emergency Relief (ESSER) Grant Assurances
The LEA assures that funds shall only be used for any of the following:
- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to
prevent, prepare for, and respond to coronavirus.

- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.
- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.
- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.
- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.
- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.
- Planning for and coordinating during long-term closures, including for how to provide meals to eligible students, how to provide technology for online learning to all students, how to provide guidance for carrying out requirements under the Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.) and how to ensure other educational services can continue to be provided consistent with all Federal, State, and local requirements.
- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and students with disabilities, which may include assistive technology or adaptive equipment.
- Providing mental health services and supports.
- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low income students, students with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.
- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.
- School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.
- Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.
- Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Throughout the period of the grant award, the LEA shall comply with all applicable requirements of the Elementary and Secondary School Emergency Relief (ESSER) authorized by the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSSAA), including:
CONTINUED PAYMENT TO EMPLOYEES
SEC. 18006. A local educational agency, State, institution of higher education, or other entity that receives funds under “Education Stabilization Fund”, shall to the greatest extent practicable, continue to pay its employees and contractors during the period of any disruptions or closures related to coronavirus.

Certification

To the best of my knowledge and belief, all the information and data in this agreement are true and correct. I acknowledge and agree that the failure to comply with all Assurances and Certifications in this Agreement, all relevant provisions and requirements of the CARES Act, Pub. L. No. 116-136 (March 27, 2020), or any other applicable law or regulation may result in
liability under the False Claims Act, 31 U.S.C. § 3729, et seq.; OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485; and 18 USC § 1001, as appropriate.

Response from District: This technology purchase is a combination of both a need to address the needs of the couple of students we currently have in remote learning, and also to help prepare for any additional times we may have to move to remote learning in the future. Allowable to a) reimburse the district for prior remote learning expenses b) incur new expenses related to actual current/perpetual remote learning circumstances, and/or c) to budget for potential future remote learning expenses. Please note that expenses should not be incurred to purchase property to hold in the unlikely event of potential future remote learning needs.

Would you like to additional district representatives to the application? | No

Please briefly describe the impacts of COVID-19 on the district and its Pre-K through 12 students, including any relevant data where possible (e.g., cost impact, learning loss, emotional impact on students). If there has been a disproportionate impact on a special population in the district (e.g., students with disabilities, English Learners, students in foster care, students in poverty, etc.), please describe the impact and provide the number of Pre-K through 12 students in that population.

COVID hit our district and impacted us in several ways. First and foremost, for the first time in eight years, our K-3 reading scores fell dramatically. It's easy to see why, because the pandemic stopped our MTSS groupings for over 1/2 of this school year and it also ended our After School Program that focused on students who were reading behind grade level. We had to keep students within their cohorts. The same thing happened with high and middle school science; learning through zoom instead of by projects hurt the students academically. We are a high-poverty and high At-Risk district, and our parents felt a financial squeeze more than ever. This led to more students living in poverty who oftentimes only had the opportunity to eat at school. We also had more foster children this year than we have had in the past. More of our students are going to therapy on campus. We had to totally change our cleaning chemicals and methods to that of a new, approved COVID-19 protocol. Technologically we did the best we could, but it could have been better. We need more devices for students and more internet capability in our six small towns. The ESSER 2 money will help so much in all of these areas.
Does the district have remaining ESSER I funding that it has not yet spent as of the date of ESSER II application submission?

No

Please review the following allowable uses of ESSER II funds before completing the narrative and Excel template portion of the application.

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.
- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.
- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.
- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.
- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.
- Planning for, coordinating, and implementing activities during long-term closures, including providing meals to eligible students, providing technology for online learning to all students, providing guidance for carrying out requirements under the IDEA and ensuring other educational services can continue to be provided consistent with all Federal, State, and local requirements.
- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and children with disabilities, which may include assistive technology or adaptive equipment.
- Providing mental health services and supports.
- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low-income students, children with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.
- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students' academic progress and assist educators in meeting students' academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.
- School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.
- Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.
- Developing strategies and implementing public health protocols for the reopening and operation of school facilities.
• Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Please note: "Developing strategies and implementing public health protocols for the reopening and operation of school facilities," identified as an allowable use under ESSER III in the American Rescue Plan, is also permissible under ESSER II.

Plan for ESSER II Direct District Allocation and KSDE Per-Student Additional Allocation (If Applicable)

Please summarize how the district proposes using its ESSER II direct district allocation (and its KSDE per-student additional allocation, if applicable) to address incremental COVID-19 needs.

Our plan to use the ESSER II funds encompasses several areas. First, academically, we want to use the ESSER money to fund an innovative summer program for our K-12 students; this is to help them overcome areas where they have fallen behind. We have selected a new Reading Program for our K-6 that ties in more easily with the Kansas ELA standards and MTSS format than our former program. We also would like to purchase some STEM materials for our middle and high school students to use in part help them overcome the losses from this year. We want to fund an After-School Program for K-6 for next year for those who are behind grade level in reading or math. We also would bring our district up to where we need to be technologically, with a device for every student that has both a camera and a microphone (in case we zoom again if the pandemic returns.) We need to purchase many laptops and also need to work on our district connectivity and the internet availability to our six small towns. This was a real problem when we were remote, as in the spring of 2020. We are also asking for money to fund the paraprofessional and full-time sub for the last 1.5 months of the 20-21 school year. They were hired only because of COVID-19. We also want to continue to fund an extra custodian because it takes one to do our COVID Protocol. We want to extend our MHIT counseling on campus into the summer as well! Finally, we would like to have funds to provide employees who worked extra hours (with documentation) a $500 stipend to help compensate some of their extra time and also the use of their home internet service.

How will the district determine the impact of its ESSER II direct district allocation expenditures (and additional per-student allocation, if applicable) on students?

Academically, we will be able to see clearly from data comparisons to previous years. Technology wise, we will be able to compare future surveys of students and staff to past surveys. We will also be a 1-to-1 district after purchasing more devices. We would use our social-emotional measure to see if the extra counseling/therapy in the summer translates over to fewer discipline issues or DCF/law enforcement referrals in the fall. Check sheets for our COVID Protocol of cleaning will show what work has been completed daily over the time period. The Summer Academy students will be followed academically to see the long-term impact upon their grades and credit recovery.

Notes on ESSER II application Excel template:

• Plans and budgets should be submitted for at least a 12 month period but do not need to account for the full duration of the program or the full allocation amount. Funds will remain accessible to the LEA until September 30, 2023 and there will be additional opportunities to submit further requests/plans in the future.

• Following ESSER II application approval and initiation of funds draw down, districts will be required to report to the Commissioner's Task Force on ESSER II expenditures and impact on a monthly basis throughout the program. This ESSER II reporting will be required as a part of regular ESSER program reporting, which will capture past expenditures across funding streams (ESSER I, ESSER I SPED, ESSER II, ESSER II SPED, ESSER II KSDE Per Student Allocation). Districts may be asked to provide expenditures by fund, function, object, account, and ESSER II allowable use as part of ongoing ESSER reporting.

• This reporting will not replace any reporting required by the federal government. KSDE will work to maximize compatibility between its reporting requirements and those of the federal government as much as possible to minimize burden on districts.
Please download and complete the ESSER II application template [here](#) to provide details on ESSER II budgeted expenditures across allowable uses and KSDE accounting codes.

**Local Education Agency (LEA) Assurances**

**Section I. General Grant Assurances for Federal Funds**

Throughout the period of the grant award, the LEA will comply with all requirements of:

The LEA will make a good faith effort, on a continuing basis, to maintain a drug-free workplace, in accordance with the measures in 34 CFR Part 84, Subpart B and the Drug-Free Workplace Act of 1988;

The Education Department General Administrative Regulations (EDGAR) 34 CFR 76 requirements, including:

34 CFR §76.500(a) Federal statutes and regulations on nondiscrimination.

(a) A State and a subgrantee shall comply with the following statutes and regulations:

- Discrimination on the basis of age | The Age Discrimination Act (42 U.S.C. 6101 et seq.) | 34 CFR part 110.

(b) A State or subgrantee that is a covered entity as defined in §108.3 of this title shall comply with the nondiscrimination requirements of the Boy Scouts of America Equal Access Act, 20 U.S.C. 7905, 34 CFR part 108.

(a) Under some programs, the authorizing statute requires that a State and its subgrantees provide for participation by students enrolled in private schools. Sections 76.651-76.662 apply to those programs and provide rules for that participation. These sections do not affect the authority of the State or a subgrantee to enter into a contract with a private party.

(b) If any other rules for participation of students enrolled in private schools apply under a particular program, they are in the authorizing statute or implementing regulations for that program.

A State and a subgrantee shall comply with the State plan and applicable statutes, regulations, and approved applications, and shall use Federal funds in accordance with those statutes, regulations, plan, and applications.

34 CFR §76.700 Compliance with statutes, regulations, State plan, and applications.

A State and a subgrantee shall comply with the State plan and applicable statutes, regulations, and approved applications, and shall use Federal funds in accordance with those statutes, regulations, plan, and applications.

34 CFR §76.701 The State or subgrantee administers or supervises each project.

A State or a subgrantee shall directly administer or supervise the administration of each project.

34 CFR §76.702 Fiscal control and fund accounting procedures.

A State and a subgrantee shall use fiscal control and fund accounting procedures that insure proper disbursement of and accounting for Federal funds.

34 CFR §76.709 Funds may be obligated during a “carryover period.”

(a) If a State or a subgrantee does not obligate all of its grant or subgrant funds by the end of the fiscal year for which Congress appropriated the funds, it may obligate the remaining funds during a carryover period of one additional fiscal year.

(b) The State shall return to the Federal Government any carryover funds not obligated by the end of the carryover period by the State and its subgrantees.

(Authority: U.S.C. 1221e-3, 1225(b), and 3474)
34 CFR §76.722 Subgrantee reporting requirements.
A State may require a subgrantee to submit reports in a manner and format that assists the State in complying with the requirements under 34 CFR 76.720 and in carrying out other responsibilities under the program.

(Authority: 20 U.S.C. 1221e-3, 1231a, and 3474)

34 CFR §76.730 Records related to grant funds.
A State and a subgrantee shall keep records that fully show:
(a) The amount of funds under the grant or subgrant;
(b) How the State or subgrantee uses the funds;
(c) The total cost of the project;
(d) The share of that cost provided from other sources; and
(e) Other records to facilitate an effective audit.

(Approved by the Office of Management and Budget under control number 1880-0513)

(Authority: 20 U.S.C. 1232f)

34 CFR §76.731 Records related to compliance.
A State and a subgrantee shall keep records to show its compliance with program requirements.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

The Uniform Grant Guidance, 2 CFR §200 all applicable subrecipient requirements, including but not limited to:
2 CFR Subpart D – Post Federal Award Requirements
§200.302 Financial management.
§200.303 Internal controls.
§200.305 Payment.
§200.313 Equipment.
§200.314 Supplies.
§200.318 General procurement standards.
§200.320 Methods of procurement to be followed;
2 CFR 200 Subpart E: Cost Principles:
§200.403 Factors affecting allowability of costs.
§200.404 Reasonable costs.
§200.405 Allocable costs.
§200.413 Direct costs.
§200.415 Required certifications.
§200.430 Compensation—personal services.

The Debarment and Suspension, 34 CFR Part 85, Section 85.510, Participants’ Responsibilities and makes the following certification by signing this application:
The prospective lower-tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.

Where the prospective lower-tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 for such failure.

Section II. Specific Elementary and Secondary School Emergency Relief (ESSER) Grant Assurances

The LEA assures that funds shall only be used for any of the following:

Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.

Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.

Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.

Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.

Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.

Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.

Planning for and coordinating during long-term closures, including for how to provide meals to eligible students, how to provide technology for online learning to all students, how to provide guidance for carrying out requirements under the Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.) and how to ensure other educational services can continue to be provided consistent with all Federal, State, and local requirements.

Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and students with disabilities, which may include assistive technology or adaptive equipment.

Providing mental health services and supports.

Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low income students, students with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.

Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.

School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.

Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.

Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Throughout the period of the grant award, the LEA shall comply with all applicable requirements of the Elementary and Secondary School Emergency Relief (ESSER) authorized by the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSA), including:

CONTINUED PAYMENT TO EMPLOYEES

SEC. 18006. A local educational agency, State, institution of higher education, or other entity that receives funds under
“Education Stabilization Fund”, shall to the greatest extent practicable, continue to pay its employees and contractors during the period of any disruptions or closures related to coronavirus.

**Certification**

To the best of my knowledge and belief, all the information and data in this agreement are true and correct. I acknowledge and agree that the failure to comply with all Assurances and Certifications in this Agreement, all relevant provisions and requirements of the CARES Act, Pub. L. No. 116-136 (March 27, 2020), or any other applicable law or regulation may result in liability under the False Claims Act, 31 U.S.C. § 3729, et seq.; OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485; and 18 USC § 1001, as appropriate.

Please briefly describe the impacts of COVID-19 on the district and its Pre-K through 12 students, including any relevant data where possible (e.g., cost impact, learning loss, emotional impact on students). If there has been a disproportionate impact on a special population in the district (e.g., students with disabilities, English Learners, students in foster care, students in poverty, etc.), please describe the impact and provide the number of Pre-K through 12 students in that population.

The Covid-19 pandemic and subsequent school closures contributed to learning loss for students in USD313. Achievement scores in grades PreK-5 show the greatest decline in grades Kind -3rd grade. The greatest drop occurred in 3rd grade reading with a drop of 14% from previous years.
In high school (grades 9-12), course failure rates at semester at the secondary level were increased just over 15% compared to previous years. An additional concern is the number of students who failed multiple courses and are further at risk from graduating from high school. In middle school (grades 6-12), the failure rate at semester was nearly 40% higher than previous years. Since implementing after school tutoring and having students back full-time, those rates have decreased.
Mental health concerns are also on the rise. We have partnered with Horizons this year and caseloads are already over capacity which has us asking Horizons to assign another full time worker in our buildings. Our SEL data is showing depression and suicide behavior at alarming levels with 43% responding they are depressed and 20% having suicidal thoughts. In both instances, high school students in Buhler are higher than the state average. On our most recent Kansas Communities that Care data, our “Low Commitment to School” increased 7% across grade levels showing lack of engagement is an issue.

Please summarize how the district will use its remaining ESSER I and ESSER I SPED funding and what it hopes to accomplish with these funds.
At the time of submitting the application, USD 313 had approximately $130,000 left in ESSER 1 funding and approximately $40,000 in Special Education ESSER 1. USD 313 plans to use the remaining funds for finishing out the school year with our 3 full time substitute teachers, software renewal like zoom, technology repairs/breakages, and professional development for our teachers. The professional development will revolve around resiliency, self care, and SEL training. We anticipate ESSER 1 to be completely spent by the end of June. USD 313 will flow through the special education to our local Coop (RCEC) as needed. The coops administration will determine the best use of those funds.

Please review the following allowable uses of ESSER II funds before completing the narrative and Excel template portion of the application.

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.
- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.
- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.
- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.
- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.
- Planning for, coordinating, and implementing activities during long-term closures, including providing meals to eligible students, providing technology for online learning to all students, providing guidance for carrying out requirements under the IDEA and ensuring other educational services can continue to be provided consistent with all Federal, State, and local requirements.
- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and children with disabilities, which may include assistive technology or adaptive equipment.
- Providing mental health services and supports.
- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low-income students, children with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.
- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.
- School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.
- Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification...
and other air cleaning, fans, control systems, and window and door repair and replacement.

- Developing strategies and implementing public health protocols for the reopening and operation of school facilities.
- Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Please note: "Developing strategies and implementing public health protocols for the reopening and operation of school facilities," identified as an allowable use under ESSER III in the American Rescue Plan, is also permissible under ESSER II.

Plan for ESSER II Direct District Allocation and KSDE Per-Student Additional Allocation (If Applicable)

Please summarize how the district proposes using its ESSER II direct district allocation (and its KSDE per-student additional allocation, if applicable) to address incremental COVID-19 needs.

These funds will be used in a variety of ways. First of all, USD 313 will provide summer learning opportunities through a 3 week STEAM camp in June and a 3 week Summer School in July. These opportunities will provide students with opportunities to grow academically as we expect tremendous learning loss. Additionally, this gives students and staff more time to work on SEL skills. USD 313 is employing an additional Counselor at our middle school to reduce the student to counselor ratio and to help with SEL lessons and mental health. We are also employing a math interventionist at Plum Creek Elementary as they are a large school and will need additional support to help students with learning loss. Finally, we are addressing our quality of air by applying I-wave technology to all of our HVAC units district wide to help contain the spread of viruses, pollen, mold, etc.

How will the district determine the impact of its ESSER II direct district allocation expenditures (and additional per-student allocation, if applicable) on students?

1.) Formative and Summative Local and State Assessments
2.) Attendance rates
3.) Graduation Rates

Notes on ESSER II application Excel template:

- Plans and budgets should be submitted for at least a 12 month period but do not need to account for the full duration of the program or the full allocation amount. Funds will remain accessible to the LEA until September 30, 2023 and there will be additional opportunities to submit further requests/plans in the future.
- Following ESSER II application approval and initiation of funds draw down, districts will be required to report to the Commissioner's Task Force on ESSER II expenditures and impact on a monthly basis throughout the program. This ESSER II reporting will be required as a part of regular ESSER program reporting, which will capture past expenditures across funding streams (ESSER I, ESSER I SPED, ESSER II, ESSER II SPED, ESSER II KSDE Per Student Allocation). Districts may be asked to provide expenditures by fund, function, object, account, and ESSER II allowable use as part of ongoing ESSER reporting.
- This reporting will not replace any reporting required by the federal government. KSDE will work to maximize compatibility between its reporting requirements and those of the federal government as much as possible to minimize burden on districts.

Please download and complete the ESSER II application template here to provide details on ESSER II budgeted expenditures across allowable uses and KSDE accounting codes.

Local Education Agency (LEA) Assurances
Section I. General Grant Assurances for Federal Funds

Throughout the period of the grant award, the LEA will comply with all requirements of:

The LEA will make a good faith effort, on a continuing basis, to maintain a drug-free workplace, in accordance with the measures in 34 CFR Part 84, Subpart B and the Drug-Free Workplace Act of 1988;

The Education Department General Administrative Regulations (EDGAR) 34 CFR 76 requirements, including:

34 CFR §76.500(a) Federal statutes and regulations on nondiscrimination.

(a) A State and a subgrantee shall comply with the following statutes and regulations:

- Discrimination on the basis of age | The Age Discrimination Act (42 U.S.C. 6101 et seq.) | 34 CFR part 110.

(b) A State or subgrantee that is a covered entity as defined in §108.3 of this title shall comply with the nondiscrimination requirements of the Boy Scouts of America Equal Access Act, 20 U.S.C. 7905, 34 CFR part 108.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.700 Compliance with statutes, regulations, State plan, and applications.

A State and a subgrantee shall comply with the State plan and applicable statutes, regulations, and approved applications, and shall use Federal funds in accordance with those statutes, regulations, plan, and applications.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.701 The State or subgrantee administers or supervises each project.

A State or a subgrantee shall directly administer or supervise the administration of each project.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.702 Fiscal control and fund accounting procedures.

A State and a subgrantee shall use fiscal control and fund accounting procedures that insure proper disbursement of and accounting for Federal funds.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.709 Funds may be obligated during a “carryover period.”

(a) If a State or a subgrantee does not obligate all of its grant or subgrant funds by the end of the fiscal year for which Congress appropriated the funds, it may obligate the remaining funds during a carryover period of one additional fiscal year.

(b) The State shall return to the Federal Government any carryover funds not obligated by the end of the carryover period by the State and its subgrantees.

(Authority: U.S.C. 1221e-3, 1225(b), and 3474)

34 CFR §76.722 Subgrantee reporting requirements.

A State may require a subgrantee to submit reports in a manner and format that assists the State in complying with the requirements under 34 CFR 76.720 and in carrying out other responsibilities under the program.

(Authority: 20 U.S.C. 1221e-3, 1231a, and 3474)

[72 FR 3703, Jan. 25, 2007]

34 CFR §76.730 Records related to grant funds.

A State and a subgrantee shall keep records that fully show:

(a) The amount of funds under the grant or subgrant;
(b) How the State or subgrantee uses the funds;
(c) The total cost of the project;
(d) The share of that cost provided from other sources; and
(e) Other records to facilitate an effective audit.

(Approved by the Office of Management and Budget under control number 1880-0513)

(Authority: 20 U.S.C. 1232f)

34 CFR §76.731

Records related to compliance.
A State and a subgrantee shall keep records to show its compliance with program requirements.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

The Uniform Grant Guidance, 2 CFR §200 all applicable subrecipient requirements, including but not limited to:

2 CFR Subpart D – Post Federal Award Requirements

§200.302 Financial management.
§200.303 Internal controls.
§200.305 Payment.
§200.313 Equipment.
§200.314 Supplies.
§200.318 General procurement standards.
§200.320 Methods of procurement to be followed;

2 CFR 200 Subpart E: Cost Principles:

§200.403 Factors affecting allowability of costs.
§200.404 Reasonable costs.
§200.405 Allocable costs.
§200.413 Direct costs.
§200.415 Required certifications.
§200.430 Compensation—personal services.

The Debarment and Suspension, 34 CFR Part 85, Section 85.510, Participants' Responsibilities and makes the following certification by signing this application:

The prospective lower-tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.

Where the prospective lower-tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 for such failure.

Section II. Specific Elementary and Secondary School Emergency Relief (ESSER) Grant Assurances

The LEA assures that funds shall only be used for any of the following:

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.
Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.

Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.

Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.

Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.

Planning for and coordinating during long-term closures, including for how to provide meals to eligible students, how to provide technology for online learning to all students, how to provide guidance for carrying out requirements under the Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.) and how to ensure other educational services can continue to be provided consistent with all Federal, State, and local requirements.

Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and students with disabilities, which may include assistive technology or adaptive equipment.

Providing mental health services and supports.

Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low income students, students with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.

Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by—(A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.

School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.

Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.

Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Throughout the period of the grant award, the LEA shall comply with all applicable requirements of the Elementary and Secondary School Emergency Relief (ESSER) authorized by the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSAAA), including:

CONTINUED PAYMENT TO EMPLOYEES

SEC. 18006. A local educational agency, State, institution of higher education, or other entity that receives funds under “Education Stabilization Fund”, shall to the greatest extent practicable, continue to pay its employees and contractors during the period of any disruptions or closures related to coronavirus.

Certification

To the best of my knowledge and belief, all the information and data in this agreement are true and correct. I acknowledge and agree that the failure to comply with all Assurances and Certifications in this Agreement, all relevant provisions and requirements of the CARES Act, Pub. L. No. 116-136 (March 27, 2020), or any other applicable law or regulation may result in liability under the False Claims Act, 31 U.S.C. § 3729, et seq.; OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485; and 18 USC § 1001, as appropriate.

Application details

Full District Name | Onaga-Havensville-Wheaton

District Number | 322
Please briefly describe the impacts of COVID-19 on the district and its Pre-K through 12 students, including any relevant data where possible (e.g., cost impact, learning loss, emotional impact on students). If there has been a disproportionate impact on a special population in the district (e.g., students with disabilities, English Learners, students in foster care, students in poverty, etc.), please describe the impact and provide the number of Pre-K through 12 students in that population.

Our 320+ K-12 students have been negatively impacted in several ways throughout the pandemic. Initially, our district was not prepared technologically to handle this type of educational disruption. Many of the needs we continue to have for responding to the impact of the pandemic are technological in nature, including internet connectivity, infrastructure, and device availability and reliability. As a result, there are obvious student learning and SEL impacts. Our local assessments show the biggest areas of learning loss are in the areas of mathematics, English Language Arts, literacy skills, and reading comprehension. Complicating matters further, our entire district is one of significant poverty so our schools serve as much needed resource hubs in a number of ways, including our ability to lead the way for families to stay connected and engaged through technology. Trying to educate our students in full remote during the spring of 2020, quarantining protocols, and continuing with some remote learners and families up to present day has continued to exacerbate a myriad of ongoing technological issues resulting in a detrimental learning experience for too many students.

Does the district have remaining ESSER I funding that it has not yet spent as of the date of ESSER II application submission? | No

Please review the following allowable uses of ESSER II funds before completing the narrative and Excel template portion of the application.

Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.

Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.

Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.

Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.

Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.

Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.

Planning for, coordinating, and implementing activities during long-term closures, including providing meals to eligible students, providing technology for online learning to all students, providing guidance for carrying out requirements under the IDEA and ensuring other educational services can continue to be provided consistent with all Federal, State, and local requirements.

Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and children with disabilities, which may include assistive technology or adaptive equipment.

Providing mental health services and supports.

Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low-income students, children with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.

Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.

School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.

Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.

Developing strategies and implementing public health protocols for the reopening and operation of school facilities.

Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

**Please note:** "Developing strategies and implementing public health protocols for the reopening and operation of school facilities," identified as an allowable use under ESSER III in the American Rescue Plan, is also permissible under ESSER II.

**Plan for ESSER II Direct District Allocation and KSDE Per-Student Additional Allocation (If Applicable)**

Please summarize how the district proposes using its ESSER II direct district allocation (and its KSDE per-student additional allocation, if applicable) to address incremental COVID-19 needs.
We continue to lack adequate and reliable technology to fully equip our students to experience success. Therefore, some of the funds will be used to make sure all students have the technology needed to help them remain active, engaged, and connected to the school with the expectation that it will be fully utilized to facilitate learning in the academic areas where students have fallen behind due to the pandemic. Additionally, funds will be utilized to enhance internet safety filtering software for our devices that we have provided to families over the course of the pandemic. We have not adequately or sufficiently updated internet safety filtering for devices when they are off campus. It is critically important that we protect our students with currently available filtering technology for when students access the Internet for school-related reasons but are not on-site. We will also provide targeted summer learning opportunities for students. This application seeks to secure funds for the summer of 2021. We intend to provide targeted support in math and English Language Arts and maximize attendance with transportation lunch provided.

Our district plans to utilize funds to support the ongoing professional learning needs of staff to maximize student growth and achievement, especially in response to pandemic-related learning loss. We will utilize the professional learning supports and services via Greenbush School Improvement Services consortium. This will provide in-person and virtual professional learning on addressing learning loss, goal setting based on needs related to our response to the pandemic, and data analysis support to identify student learning loss, plan our instruction accordingly, and identifying and responding to any other critical learning or social and emotional needs of our students.

We will also utilize some funds to fully pay for school nurse additional hours utilized this school.

How will the district determine the impact of its ESSER II direct district allocation expenditures (and additional per-student allocation, if applicable) on students?

Impacts of the expenditures will be clear by the (hopeful) student recovery pace in loss of learning noted in ongoing assessment pieces. This can be measured by data return from assessment and indicators related to state standards accountabilities and grade level performance on various measurements. The students will also be better connected and able to communicate and utilize technology to utilize a variety of learning environments and resource in the means to that end...and with the protection of filtering the district will have done it’s due diligence in working SAFELY toward connectivity and learning loss recovery directly related to the pandemic and Covid 19. The health and wellness, SEL and traditional will also be greatly benefitted by the already increased hours of our medical professional.

Notes on ESSER II application Excel template:

- Plans and budgets should be submitted for at least a 12 month period but do not need to account for the full duration of the program or the full allocation amount. Funds will remain accessible to the LEA until September 30, 2023 and there will be additional opportunities to submit further requests/plans in the future.
- Following ESSER II application approval and initiation of funds draw down, districts will be required to report to the Commissioner's Task Force on ESSER II expenditures and impact on a monthly basis throughout the program. This ESSER II reporting will be required as a part of regular ESSER program reporting, which will capture past expenditures across funding streams (ESSER I, ESSER I SPED, ESSER II, ESSER II SPED, ESSER II KSDE Per Student Allocation). Districts may be asked to provide expenditures by fund, function, object, account, and ESSER II allowable use as part of ongoing ESSER reporting.
- This reporting will not replace any reporting required by the federal government. KSDE will work to maximize compatibility between its reporting requirements and those of the federal government as much as possible to minimize burden on districts.

Please download and complete the ESSER II application template here to provide details on ESSER II budgeted expenditures across allowable uses and KSDE accounting codes.
Local Education Agency (LEA) Assurances

Section I. General Grant Assurances for Federal Funds

Throughout the period of the grant award, the LEA will comply with all requirements of:
The LEA will make a good faith effort, on a continuing basis, to maintain a drug-free workplace, in accordance with the measures in 34 CFR Part 84, Subpart B and the Drug-Free Workplace Act of 1988;
The Education Department General Administrative Regulations (EDGAR) 34 CFR 76 requirements, including:
34 CFR §76.500(a) Federal statutes and regulations on nondiscrimination.
(a) A State and a subgrantee shall comply with the following statutes and regulations:
   • Discrimination on the basis of race, color, or national origin | Title VI of the Civil Rights Act of 1964 (45 U.S.C. 2000d through 2000d-4) | 34 CFR part 100.
   • Discrimination on the basis of age | The Age Discrimination Act (42 U.S.C. 6101 et seq.) | 34 CFR part 110.

(b) A State or subgrantee that is a covered entity as defined in §108.3 of this title shall comply with the nondiscrimination requirements of the Boy Scouts of America Equal Access Act, 20 U.S.C. 7905, 34 CFR part 108.
(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))
34 CFR §76.650 Private schools; purpose of §§76.651-76.662.
(a) Under some programs, the authorizing statute requires that a State and its subgrantees provide for participation by students enrolled in private schools. Sections 76.651-76.662 apply to those programs and provide rules for that participation. These sections do not affect the authority of the State or a subgrantee to enter into a contract with a private party.
(b) If any other rules for participation of students enrolled in private schools apply under a particular program, they are in the authorizing statute or implementing regulations for that program.
(Authority: 20 U.S.C. 1221e-3 and 3474)
34 CFR §76.700 Compliance with statutes, regulations, State plan, and applications.
A State and a subgrantee shall comply with the State plan and applicable statutes, regulations, and approved applications, and shall use Federal funds in accordance with those statutes, regulations, plan, and applications.
(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))
34 CFR §76.701 The State or subgrantee administers or supervises each project.
A State or a subgrantee shall directly administer or supervise the administration of each project.
(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))
34 CFR §76.702 Fiscal control and fund accounting procedures.
A State and a subgrantee shall use fiscal control and fund accounting procedures that insure proper disbursement of and accounting for Federal funds.
(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))
34 CFR §76.709 Funds may be obligated during a “carryover period.”
(a) If a State or a subgrantee does not obligate all of its grant or subgrant funds by the end of the fiscal year for which Congress appropriated the funds, it may obligate the remaining funds during a carryover period of one additional fiscal year.
(b) The State shall return to the Federal Government any carryover funds not obligated by the end of the carryover period by the State and its subgrantees.
(Authority: U.S.C. 1221e-3, 1225(b), and 3474)
34 CFR §76.722 Subgrantee reporting requirements.
A State may require a subgrantee to submit reports in a manner and format that assists the State in complying with the requirements under 34 CFR 76.720 and in carrying out other responsibilities under the program.
(Authority: 20 U.S.C. 1221e-3, 1231a, and 3474)
[72 FR 3703, Jan. 25, 2007]
34 CFR §76.730 Records related to grant funds. A State and a subgrantee shall keep records that fully show:
(a) The amount of funds under the grant or subgrant;
(b) How the State or subgrantee uses the funds;
(c) The total cost of the project;
(d) The share of that cost provided from other sources; and
(e) Other records to facilitate an effective audit.
(Approved by the Office of Management and Budget under control number 1880-0513)
(Authority: 20 U.S.C. 1232f)
34 CFR §76.731 Records related to compliance. A State and a subgrantee shall keep records to show its compliance with program requirements.
(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))
The Uniform Grant Guidance, 2 CFR §200 all applicable subrecipient requirements, including but not limited to:
2 CFR Subpart D – Post Federal Award Requirements
§200.302 Financial management.
§200.303 Internal controls.
§200.305 Payment.
§200.313 Equipment.
§200.314 Supplies.
§200.318 General procurement standards.
§200.320 Methods of procurement to be followed;
2 CFR 200 Subpart E: Cost Principles:
§200.403 Factors affecting allowability of costs.
§200.404 Reasonable costs.
§200.405 Allocable costs.
§200.413 Direct costs.
§200.415 Required certifications.
§200.430 Compensation—personal services.
The Debarment and Suspension, 34 CFR Part 85, Section 85.510, Participants’ Responsibilities and makes the following certification by signing this application:
The prospective lower-tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.
Where the prospective lower-tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.
This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 for such failure.

Section II. Specific Elementary and Secondary School Emergency Relief (ESSER) Grant Assurances
The LEA assures that funds shall only be used for any of the following:
- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to
• Preventing, preparing for, and responding to coronavirus.

• Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.

• Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.

• Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.

• Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.

• Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.

• Planning for and coordinating during long-term closures, including for how to provide meals to eligible students, how to provide technology for online learning to all students, how to provide guidance for carrying out requirements under the Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.) and how to ensure other educational services can continue to be provided consistent with all Federal, State, and local requirements.

• Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and students with disabilities, which may include assistive technology or adaptive equipment.

• Providing mental health services and supports.

• Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low income students, students with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.

• Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by—(A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.

• School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.

• Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.

• Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and to support staff of the local educational agency.

Throughout the period of the grant award, the LEA shall comply with all applicable requirements of the Elementary and Secondary School Emergency Relief (ESSER) authorized by the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSAA), including:

CONTINUED PAYMENT TO EMPLOYEES
SEC. 18006. A local educational agency, State, institution of higher education, or other entity that receives funds under “Education Stabilization Fund”, shall to the greatest extent practicable, continue to pay its employees and contractors during the period of any disruptions or closures related to coronavirus.

Certification

To the best of my knowledge and belief, all the information and data in this agreement are true and correct. I acknowledge and agree that the failure to comply with all Assurances and Certifications in this Agreement, all relevant provisions and requirements of the CARES Act, Pub. L. No. 116-136 (March 27, 2020), or any other applicable law or regulation may result in
liability under the False Claims Act, 31 U.S.C. § 3729, et seq.; OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485; and 18 USC § 1001, as appropriate.

Other District Representative 1 | mblosser@usd343.org

Please briefly describe the impacts of COVID-19 on the district and its Pre-K through 12 students, including any relevant data where possible (e.g., cost impact, learning loss, emotional impact on students). If there has been a disproportionate impact on a special population in the district (e.g., students with disabilities, English Learners, students in foster care, students in poverty, etc.), please describe the impact and provide the number of Pre-K through 12 students in that population.

We have used AIMSWeb plus, MAP, Really Great Reading, and Panorama) and State Assessments to identify students in need and to which areas they are in need. We have seen more students falling below grade level, particularly in our elementary students. We believe these students struggled with online learning in the Spring of 2020 and various times throughout remote learning as needed due to quarantine related to COVID-19. Online learning had a higher negative impact on our special education population. We have currently identified a total of 148 students PreK-12 that need remediation to move up to grade level or return to the path of graduating on time. We have 785 students PreK-12. Therefore this would represent just over 18% of our students. Additional data that would be useful is the number of students in our special education population. We have 169 students in our district with an IEP. We have 48 students in our 3-year old and 4-year old preschool program.

Does the district have remaining ESSER I funding that it has not yet spent as of the date of ESSER II application submission? | No

Please review the following allowable uses of ESSER II funds before completing the narrative and Excel template portion of the application.

• Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.

• Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.

• Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.

• Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.

• Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.

• Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.

• Planning for, coordinating, and implementing activities during long-term closures, including providing meals to eligible students, providing technology for online learning to all students, providing guidance for carrying out requirements under the IDEA and ensuring other educational services can continue to be provided consistent with all Federal, State, and local requirements.

• Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and children with disabilities, which may include assistive technology or adaptive equipment.

• Providing mental health services and supports.

• Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low-income students, children with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.

• Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.

• School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.

• Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.

• Developing strategies and implementing public health protocols for the reopening and operation of school facilities.

• Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Please note: “Developing strategies and implementing public health protocols for the reopening and operation of school facilities,” identified as an allowable use under ESSER III in the American Rescue Plan, is also permissible under ESSER II.

Plan for ESSER II Direct District Allocation and KSDE Per-Student Additional Allocation (If Applicable)
Please summarize how the district proposes using its ESSER II direct district allocation (and its KSDE per-student additional allocation, if applicable) to address incremental COVID-19 needs.

During the 2020-21 school year, we added programs to help with the deficiencies discovered. We have also added several screeners to assist in the identification process of academic and social-emotional needs. Online platforms have been used to connect with students during times in which online learning was required. In one situation at the elementary level, we had to add an additional section to ensure that we could meet the county requirements related to social distancing in the classroom.

This summer, we plan to focus our efforts on addressing the academic deficiencies our students have realized. Our summer program will be called the “Academic Recovery Program” and will serve identified students in grades K-12. K-8 students scoring below grade level on local and State Assessments are eligible for the Academic Recovery Program. 9-12 students who have fallen behind in graduation progress have been identified as eligible for the summer program. The summer session will begin on Tuesday, July 6th, with a full school day (8:30 - 3:30) three days per week (Tuesday, Wednesday, and Thursday). This schedule will be maintained for four weeks, ending on July 29th. The schedule allows students a five-week break after the normal school year ends in May and a two-week break before the next school year begins in August. Door-to-door transportation will be made available for all students who need it. Our food service program will be fully operational, offering breakfast and lunch to all students attending the summer program.

We are hopeful that by offering full-day instruction, breakfast, and lunch, along with transportation to and from the school, parents will be encouraged to allow their students the opportunity to recover instruction lost during the pandemic.

How will the district determine the impact of its ESSER II direct district allocation expenditures (and additional per-student allocation, if applicable) on students?

At the end of the summer program, students will be assessed locally using the appropriate assessment for the student’s grade level. The number of students showing academic growth will be utilized to determine the success of the program. Students in grades 9-12 will participate in credit recovery class(es). The number of students successfully recovering (earning) high school credit will be used to determine the success of this program. Our efforts in improving student performance will be monitored through local and State assessments during the 2021-22 school year and beyond.

Notes on ESSER II application Excel template:

- Plans and budgets should be submitted for at least a 12 month period but do not need to account for the full duration of the program or the full allocation amount. Funds will remain accessible to the LEA until September 30, 2023 and there will be additional opportunities to submit further requests/plans in the future.
- Following ESSER II application approval and initiation of funds draw down, districts will be required to report to the Commissioner’s Task Force on ESSER II expenditures and impact on a monthly basis throughout the program. This ESSER II reporting will be required as a part of regular ESSER program reporting, which will capture past expenditures across funding streams (ESSER I, ESSER I SPED, ESSER II, ESSER II SPED, ESSER II KSDE Per Student Allocation). Districts may be asked to provide expenditures by fund, function, object, account, and ESSER II allowable use as part of ongoing ESSER reporting.
- This reporting will not replace any reporting required by the federal government. KSDE will work to maximize compatibility between its reporting requirements and those of the federal government as much as possible to minimize burden on districts.

Please download and complete the ESSER II application template here to provide details on ESSER II budgeted expenditures across allowable uses and KSDE accounting codes.

Local Education Agency (LEA) Assurances
Section I. General Grant Assurances for Federal Funds

Throughout the period of the grant award, the LEA will comply with all requirements of:

The LEA will make a good faith effort, on a continuing basis, to maintain a drug-free workplace, in accordance with the measures in 34 CFR Part 84, Subpart B and the Drug-Free Workplace Act of 1988;

The Education Department General Administrative Regulations (EDGAR) 34 CFR 76 requirements, including:

34 CFR §76.500(a) Federal statutes and regulations on nondiscrimination.

(a) A State and a subgrantee shall comply with the following statutes and regulations:

- Discrimination on the basis of age | The Age Discrimination Act (42 U.S.C. 6101 et seq.) | 34 CFR part 110.

(b) A State or subgrantee that is a covered entity as defined in §108.3 of this title shall comply with the nondiscrimination requirements of the Boy Scouts of America Equal Access Act, 20 U.S.C. 7905, 34 CFR part 108.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.650 Private schools; purpose of §§76.651-76.662.

(a) Under some programs, the authorizing statute requires that a State and its subgrantees provide for participation by students enrolled in private schools. Sections 76.651-76.662 apply to those programs and provide rules for that participation. These sections do not affect the authority of the State or a subgrantee to enter into a contract with a private party.

(b) If any other rules for participation of students enrolled in private schools apply under a particular program, they are in the authorizing statute or implementing regulations for that program.

(Authority: 20 U.S.C. 1221e-3 and 3474)

34 CFR §76.700 Compliance with statutes, regulations, State plan, and applications.

A State and a subgrantee shall comply with the State plan and applicable statutes, regulations, and approved applications, and shall use Federal funds in accordance with those statutes, regulations, plan, and applications.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.701 The State or subgrantee administers or supervises each project.

A State or a subgrantee shall directly administer or supervise the administration of each project.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.702 Fiscal control and fund accounting procedures.

A State and a subgrantee shall use fiscal control and fund accounting procedures that insure proper disbursement of and accounting for Federal funds.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.709 Funds may be obligated during a “carryover period.”

(a) If a State or a subgrantee does not obligate all of its grant or subgrant funds by the end of the fiscal year for which Congress appropriated the funds, it may obligate the remaining funds during a carryover period of one additional fiscal year.

(b) The State shall return to the Federal Government any carryover funds not obligated by the end of the carryover period by the State and its subgrantees.

(Authority: U.S.C. 1221e-3, 1225(b), and 3474)

34 CFR §76.722 Subgrantee reporting requirements.

A State may require a subgrantee to submit reports in a manner and format that assists the State in complying with the requirements under 34 CFR 76.720 and in carrying out other responsibilities under the program.

(Authority: 20 U.S.C. 1221e-3, 1231a, and 3474)

[72 FR 3703, Jan. 25, 2007]

34 CFR §76.730 Records related to grant funds.

A State and a subgrantee shall keep records that fully show:

(a) The amount of funds under the grant or subgrant;
(b) How the State or subgrantee uses the funds;
(c) The total cost of the project;
(d) The share of that cost provided from other sources; and
(e) Other records to facilitate an effective audit.

(Approved by the Office of Management and Budget under control number 1880-0513)

(Authority: 20 U.S.C. 1232f)

34 CFR §76.731

Records related to compliance.

A State and a subgrantee shall keep records to show its compliance with program requirements.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

The Uniform Grant Guidance, 2 CFR §200 all applicable subrecipient requirements, including but not limited to:

2 CFR Subpart D – Post Federal Award Requirements

$200.302 Financial management.

$200.303 Internal controls.

$200.305 Payment.

$200.313 Equipment.

$200.314 Supplies.

$200.318 General procurement standards.

$200.320 Methods of procurement to be followed;

2 CFR 200 Subpart E: Cost Principles:

$200.403 Factors affecting allowability of costs.

$200.404 Reasonable costs.

$200.405 Allocable costs.

$200.413 Direct costs.

$200.415 Required certifications.

$200.430 Compensation—personal services.

The Debarment and Suspension, 34 CFR Part 85, Section 85.510, Participants’ Responsibilities and makes the following certification by signing this application:

The prospective lower-tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.

Where the prospective lower-tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 for such failure.

Section II. Specific Elementary and Secondary School Emergency Relief (ESSER) Grant Assurances

The LEA assures that funds shall only be used for any of the following:

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.
• Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.

• Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.

• Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.

• Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.

• Planning for and coordinating during long-term closures, including for how to provide meals to eligible students, how to provide technology for online learning to all students, how to provide guidance for carrying out requirements under the Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.) and how to ensure other educational services can continue to be provided consistent with all Federal, State, and local requirements.

• Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and students with disabilities, which may include assistive technology or adaptive equipment.

• Providing mental health services and supports.

• Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low income students, students with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.

• Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.

• School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.

• Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.

• Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Throughout the period of the grant award, the LEA shall comply with all applicable requirements of the Elementary and Secondary School Emergency Relief (ESSER) authorized by the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSAA), including:

CONTINUED PAYMENT TO EMPLOYEES
SEC. 18006. A local educational agency, State, institution of higher education, or other entity that receives funds under “Education Stabilization Fund”, shall to the greatest extent practicable, continue to pay its employees and contractors during the period of any disruptions or closures related to coronavirus.

Certification

To the best of my knowledge and belief, all the information and data in this agreement are true and correct. I acknowledge and agree that the failure to comply with all Assurances and Certifications in this Agreement, all relevant provisions and requirements of the CARES Act, Pub. L. No. 116-136 (March 27, 2020), or any other applicable law or regulation may result in liability under the False Claims Act, 31 U.S.C. § 3729, et seq.; OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485; and 18 USC § 1001, as appropriate.

District plans to remove MAP testing in favor for AIMSWEB, but does not have longitudinal data from AIMSWEB yet, so would like to continue to use MAP for another year to identify those students with a learning loss caused by COVID. (Phone Call, 4/28/2021)

Additional information provided by district: the summer tech is hiring HS students to update the tech in the summer to prepare devices to help with learning loss.

Would you like to additional district representatives to the application? | No

Please briefly describe the impacts of COVID-19 on the district and its Pre-K through 12 students, including any relevant data where possible (e.g., cost impact, learning loss, emotional impact on students). If there has been a disproportionate impact on a special population in the district (e.g., students with disabilities, English Learners, students in foster care, students in poverty, etc.), please describe the impact and provide the number of Pre-K through 12 students in that population.

Last spring when students were fully remote we noticed that our MAPS scores were pretty static with no improvements from winter to fall of 2020. This was the fact for nearly every student enrolled in USD 344. This school year we have offered face to face education all year along with giving parents the opportunity to choose a hybrid or remote option. The bulk of our families chose to be in an in person learning environment. The impact of Covid-19 quarantines has been tough at times though as students have had to have substitutes teaching classes for up to a couple weeks at a time. We have approximately 12 students that have been affected by the spring shutdown that have been working with our counselors. These students represent all student groups.

Does the district have remaining ESSER I funding that it has not yet spent as of the date of ESSER II application submission? | No
Please review the following allowable uses of ESSER II funds before completing the narrative and Excel template portion of the application.

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.
- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.
- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.
- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.
- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.
- Planning for, coordinating, and implementing activities during long-term closures, including providing meals to eligible students, providing technology for online learning to all students, providing guidance for carrying out requirements under the IDEA and ensuring other educational services can continue to be provided consistent with all Federal, State, and local requirements.
- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and children with disabilities, which may include assistive technology or adaptive equipment.
- Providing mental health services and supports.
- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low-income students, children with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.
- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by—(A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students' academic progress and assist educators in meeting students' academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.
- School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.
- Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.
- Developing strategies and implementing public health protocols for the reopening and operation of school facilities.
- Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Please note: "Developing strategies and implementing public health protocols for the reopening and operation of school facilities," identified as an allowable use under ESSER III in the American Rescue Plan, is also permissible under ESSER II.
Plan for ESSER II Direct District Allocation and KSDE Per-Student Additional Allocation (If Applicable)

Please summarize how the district proposes using its ESSER II direct district allocation (and its KSDE per-student additional allocation, if applicable) to address incremental COVID-19 needs.

Summer school availability for our students is at the top of our list to try to makeup for the lost time in the classroom. In addition we will use funds to upgrade our HVAC systems with better filtration and clean air ionizing capabilities. Additional cleaning supplies will be purchased as well as equipment to help get the job done more efficiently. Monitors for our busses will continue to take temps etc. before students board the bus, and for staff health and wellness we will offer gym memberships. To ease crowding on the current route busses we will add another bus to the fleet to pick up students. Last thing is that we will continue to add around 40 Chromebooks per year to make sure we can have and maintain the quantity needed to shift to a remote learning environment if needed in the future.

How will the district determine the impact of its ESSER II direct district allocation expenditures (and additional per-student allocation, if applicable) on students?

The clean air quality initiatives will be able to be measured immediately with the air quality equipment that is available for use from our education consortium at Greenbush or other providers. The effects of summer school will be measured using our MAPS testing as it is the most complete tool that we have baseline measurements from before the pandemic.

Notes on ESSER II application Excel template:

- Plans and budgets should be submitted for at least a 12 month period but do not need to account for the full duration of the program or the full allocation amount. Funds will remain accessible to the LEA until September 30, 2023 and there will be additional opportunities to submit further requests/plans in the future.
- Following ESSER II application approval and initiation of funds draw down, districts will be required to report to the Commissioner's Task Force on ESSER II expenditures and impact on a monthly basis throughout the program. This ESSER II reporting will be required as a part of regular ESSER program reporting, which will capture past expenditures across funding streams (ESSER I, ESSER I SPED, ESSER II, ESSER II SPED, ESSER II KSDE Per Student Allocation). Districts may be asked to provide expenditures by fund, function, object, account, and ESSER II allowable use as part of ongoing ESSER reporting.
- This reporting will not replace any reporting required by the federal government. KSDE will work to maximize compatibility between its reporting requirements and those of the federal government as much as possible to minimize burden on districts.

Please download and complete the ESSER II application template here to provide details on ESSER II budgeted expenditures across allowable uses and KSDE accounting codes.

Local Education Agency (LEA) Assurances

Section I. General Grant Assurances for Federal Funds

Throughout the period of the grant award, the LEA will comply with all requirements of:
The LEA will make a good faith effort, on a continuing basis, to maintain a drug-free workplace, in accordance with the measures in 34 CFR Part 84, Subpart B and the Drug-Free Workplace Act of 1988;
The Education Department General Administrative Regulations (EDGAR) 34 CFR 76 requirements, including:
34 CFR §76.500(a) Federal statutes and regulations on nondiscrimination.

(a) A State and a subgrantee shall comply with the following statutes and regulations:

- Discrimination on the basis of age | The Age Discrimination Act (42 U.S.C. 6101 et seq.) | 34 CFR part 110.

(b) A State or subgrantee that is a covered entity as defined in §108.3 of this title shall comply with the nondiscrimination requirements of the Boy Scouts of America Equal Access Act, 20 U.S.C. 7905, 34 CFR part 108.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.650 Private schools; purpose of §§76.651-76.662.

(a) Under some programs, the authorizing statute requires that a State and its subgrantees provide for participation by students enrolled in private schools. Sections 76.651-76.662 apply to those programs and provide rules for that participation. These sections do not affect the authority of the State or a subgrantee to enter into a contract with a private party.

(b) If any other rules for participation of students enrolled in private schools apply under a particular program, they are in the authorizing statute or implementing regulations for that program.

(Authority: 20 U.S.C. 1221e-3 and 3474)

34 CFR §76.700 Compliance with statutes, regulations, State plan, and applications.

A State and a subgrantee shall comply with the State plan and applicable statutes, regulations, and approved applications, and shall use Federal funds in accordance with those statutes, regulations, plan, and applications.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.701 The State or subgrantee administers or supervises each project.

A State or a subgrantee shall directly administer or supervise the administration of each project.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.702 Fiscal control and fund accounting procedures.

A State and a subgrantee shall use fiscal control and fund accounting procedures that insure proper disbursement of and accounting for Federal funds.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.709 Funds may be obligated during a “carryover period.”

(a) If a State or a subgrantee does not obligate all of its grant or subgrant funds by the end of the fiscal year for which Congress appropriated the funds, it may obligate the remaining funds during a carryover period of one additional fiscal year.

(b) The State shall return to the Federal Government any carryover funds not obligated by the end of the carryover period by the State and its subgrantees.

(Authority: U.S.C. 1221e-3, 1225(b), and 3474)

34 CFR §76.722 Subgrantee reporting requirements.

A State may require a subgrantee to submit reports in a manner and format that assists the State in complying with the requirements under 34 CFR 76.720 and in carrying out other responsibilities under the program.

(Authority: 20 U.S.C. 1221e-3, 1231a, and 3474)

34 CFR §76.730 Records related to grant funds.

A State and a subgrantee shall keep records that fully show:

(a) The amount of funds under the grant or subgrant;
(b) How the State or subgrantee uses the funds;
(c) The total cost of the project;
(d) The share of that cost provided from other sources; and
(e) Other records to facilitate an effective audit.

(Approved by the Office of Management and Budget under control number 1880-0513)
A State and a subgrantee shall keep records to show its compliance with program requirements. 

The Uniform Grant Guidance, 2 CFR §200 all applicable subrecipient requirements, including but not limited to:

§200.302 Financial management.
§200.303 Internal controls.
§200.305 Payment.
§200.313 Equipment.
§200.314 Supplies.
§200.318 General procurement standards.
§200.320 Methods of procurement to be followed;
2 CFR 200 Subpart E: Cost Principles:
§200.403 Factors affecting allowability of costs.
§200.404 Reasonable costs.
§200.405 Allocable costs.
§200.413 Direct costs.
§200.415 Required certifications.
§200.430 Compensation—personal services.

The Debarment and Suspension, 34 CFR Part 85, Section 85.510, Participants’ Responsibilities and makes the following certification by signing this application:

The prospective lower-tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.

Where the prospective lower-tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 for such failure.

Section II. Specific Elementary and Secondary School Emergency Relief (ESSER) Grant Assurances

The LEA assures that funds shall only be used for any of the following:

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
- Providing principals and other school leaders with the resources necessary to address the needs of their individual schools.
- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.
- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.
• Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.
• Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.
• Planning for and coordinating during long-term closures, including for how to provide meals to eligible students, how to provide technology for online learning to all students, how to provide guidance for carrying out requirements under the Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.) and how to ensure other educational services can continue to be provided consistent with all Federal, State, and local requirements.
• Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and students with disabilities, which may include assistive technology or adaptive equipment.
• Providing mental health services and supports.
• Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low income students, students with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.
• Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by—(A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.
• School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.
• Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.
• Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Throughout the period of the grant award, the LEA shall comply with all applicable requirements of the Elementary and Secondary School Emergency Relief (ESSER) authorized by the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSAA), including:

CONTINUED PAYMENT TO EMPLOYEES
SEC. 18006. A local educational agency, State, institution of higher education, or other entity that receives funds under “Education Stabilization Fund”, shall to the greatest extent practicable, continue to pay its employees and contractors during the period of any disruptions or closures related to coronavirus.

Certification

To the best of my knowledge and belief, all the information and data in this agreement are true and correct. I acknowledge and agree that the failure to comply with all Assurances and Certifications in this Agreement, all relevant provisions and requirements of the CARES Act, Pub. L. No. 116-136 (March 27, 2020), or any other applicable law or regulation may result in liability under the False Claims Act, 31 U.S.C. § 3729, et seq.; OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485; and 18 USC § 1001, as appropriate.

Application details

Full District Name
Conway Springs

District Number
356
USD 356 - Conway Springs is a rural school district with just over 400 public school students and we also partially serve 97 students who attend a local private school.

During the shut down of in-school education in the spring of 2020, we had to provide remote learning for all of our students. This was hard on our students and teachers because none of them had ever been in this type of learning scenario. Through the summer, counselors and teachers offered to stay in contact with any students whenever they felt the need. As we began school in Fall 2021, we were able to hold in person classes with some still choosing to do remote learning. We also found some students, especially in our elementary grades were behind due to the remote learning from Spring 2020.

Our staff has worked very hard to catch students up this year, but we have still seen some struggling, again, mostly in our lower elementary grades.

The entire COVID-19 situation has created many challenges as we were all making adjustments in the middle of a crisis to ensure student and staff safety and to continue moving students forward in their educational process.

Does the district have remaining ESSER I funding that it has not yet spent as of the date of ESSER II application submission?

No

Please review the following allowable uses of ESSER II funds before completing the narrative and Excel template portion of the application.

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.
- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.
- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.
- Planning for, coordinating, and implementing activities during long-term closures, including providing meals to eligible students, providing technology for online learning to all students, providing guidance for carrying out requirements under the IDEA and ensuring other educational services can continue to be provided consistent with all Federal, State, and local requirements.
- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and children with disabilities, which may include assistive technology or adaptive equipment.
- Providing mental health services and supports.
- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low-income students, children with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.
- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.
- School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.
- Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.
- Developing strategies and implementing public health protocols for the reopening and operation of school facilities.
- Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Please note: "Developing strategies and implementing public health protocols for the reopening and operation of school facilities," identified as an allowable use under ESSER III in the American Rescue Plan, is also permissible under ESSER II.

Plan for ESSER II Direct District Allocation and KSDE Per-Student Additional Allocation (If Applicable)

Please summarize how the district proposes using its ESSER II direct district allocation (and its KSDE per-student additional allocation, if applicable) to address incremental COVID-19 needs.
Throughout the COVID-19 pandemic, we have found areas that we need to address. We need to purchase more technology so that our students can have their own computer to be used by them only. This allows all students to have their computer at school and at home when needed. We also need to buy additional interactive boards for teachers to use while students are learning remotely.

During our adjustment to the pandemic, we found that we need higher internet speed for our students and staff for remote learning situations, so we will be updating and adding fiber connectivity to help increase our information transition speed. We found that the students who seem to have regressed the most during the remote learning time were in our lower elementary grades. We need to hire an additional teacher in that grade level area so that students can have more one to one instruction to catch them up in math and reading. We also need to improve our curriculum in the elementary level and utilize diagnostic tests in that curriculum to better diagnose where each student is struggling so that we can individualize each students education to get them back on track.

We will need to utilize staff through the summer to help students stay on track and will need to pay for subs from quarantines and trainings.

Student and staff safety needs to be addressed with improved air quality utilizing fresh air movement and clean air. Replacing water fountains with bottle fillers to help stop any spread of germs is another area of concern. Other student safety tools will be addressed.

How will the district determine the impact of its ESSER II direct district allocation expenditures (and additional per-student allocation, if applicable) on students?

We have learned lessons each day throughout the pandemic. We have seen some success with some things and have had to make changes on others. We have looked at where we are lacking and feel we can utilize the ESSER II funds to make improvements. We will continue to monitor student success and safety as we make purchases and implement changes. We will continue to monitor student mental and physical health as well as continuing to track students achievement through assessments and surveys.

We feel with the help of the ESSER II funds, we can continue to support our students and continue to see positive changes in them.

Notes on ESSER II application Excel template:

- Plans and budgets should be submitted for at least a 12 month period but do not need to account for the full duration of the program or the full allocation amount. Funds will remain accessible to the LEA until September 30, 2023 and there will be additional opportunities to submit further requests/plans in the future.
- Following ESSER II application approval and initiation of funds draw down, districts will be required to report to the Commissioner's Task Force on ESSER II expenditures and impact on a monthly basis throughout the program. This ESSER II reporting will be required as a part of regular ESSER program reporting, which will capture past expenditures across funding streams (ESSER I, ESSER I SPED, ESSER II, ESSER II SPED, ESSER II KSDE Per Student Allocation). Districts may be asked to provide expenditures by fund, function, object, account, and ESSER II allowable use as part of ongoing ESSER reporting.
- This reporting will not replace any reporting required by the federal government. KSDE will work to maximize compatibility between its reporting requirements and those of the federal government as much as possible to minimize burden on districts.

Please download and complete the ESSER II application template here to provide details on ESSER II budgeted expenditures across allowable uses and KSDE accounting codes.

Local Education Agency (LEA) Assurances
Section I. General Grant Assurances for Federal Funds

Throughout the period of the grant award, the LEA will comply with all requirements of:

The LEA will make a good faith effort, on a continuing basis, to maintain a drug-free workplace, in accordance with the measures in 34 CFR Part 84, Subpart B and the Drug-Free Workplace Act of 1988;

The Education Department General Administrative Regulations (EDGAR) 34 CFR 76 requirements, including:

34 CFR §76.500(a) Federal statutes and regulations on nondiscrimination.

(a) A State and a subgrantee shall comply with the following statutes and regulations:

- Discrimination on the basis of age | The Age Discrimination Act (42 U.S.C. 6101 et seq.) | 34 CFR part 110.

(b) A State or subgrantee that is a covered entity as defined in §108.3 of this title shall comply with the nondiscrimination requirements of the Boy Scouts of America Equal Access Act, 20 U.S.C. 7905, 34 CFR part 108.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.650 Private schools; purpose of §§76.651-76.662.

(a) Under some programs, the authorizing statute requires that a State and its subgrantees provide for participation by students enrolled in private schools. Sections 76.651-76.662 apply to those programs and provide rules for that participation. These sections do not affect the authority of the State or a subgrantee to enter into a contract with a private party.

(b) If any other rules for participation of students enrolled in private schools apply under a particular program, they are in the authorizing statute or implementing regulations for that program.

(Authority: 20 U.S.C. 1221e-3 and 3474)

34 CFR §76.700 Compliance with statutes, regulations, State plan, and applications.

A State and a subgrantee shall comply with the State plan and applicable statutes, regulations, and approved applications, and shall use Federal funds in accordance with those statutes, regulations, plan, and applications.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.701 The State or subgrantee administers or supervises each project.

A State or a subgrantee shall directly administer or supervise the administration of each project.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.702 Fiscal control and fund accounting procedures.

A State and a subgrantee shall use fiscal control and fund accounting procedures that insure proper disbursement of and accounting for Federal funds.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.709 Funds may be obligated during a “carryover period.”

(a) If a State or a subgrantee does not obligate all of its grant or subgrant funds by the end of the fiscal year for which Congress appropriated the funds, it may obligate the remaining funds during a carryover period of one additional fiscal year.

(b) The State shall return to the Federal Government any carryover funds not obligated by the end of the carryover period by the State and its subgrantees.

(Authority: U.S.C. 1221e-3, 1225(b), and 3474)

34 CFR §76.722 Subgrantee reporting requirements.

A State may require a subgrantee to submit reports in a manner and format that assists the State in complying with the requirements under 34 CFR 76.720 and in carrying out other responsibilities under the program.

(Authority: 20 U.S.C. 1221e-3, 1231a, and 3474)

[72 FR 3703, Jan. 25, 2007]

34 CFR §76.730 Records related to grant funds.

A State and a subgrantee shall keep records that fully show:

(a) The amount of funds under the grant or subgrant;
Section II. Specific Elementary and Secondary School Emergency Relief (ESSER) Grant Assurances

The LEA assures that funds shall only be used for any of the following:

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.
• Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.
• Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.
• Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.
• Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.
• Planning for and coordinating during long-term closures, including for how to provide meals to eligible students, how to provide technology for online learning to all students, how to provide guidance for carrying out requirements under the Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.) and how to ensure other educational services can continue to be provided consistent with all Federal, State, and local requirements.
• Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and students with disabilities, which may include assistive technology or adaptive equipment.
• Providing mental health services and supports.
• Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low-income students, students with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.
• Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.
• School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.
• Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.
• Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Throughout the period of the grant award, the LEA shall comply with all applicable requirements of the Elementary and Secondary School Emergency Relief (ESSER) authorized by the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSA), including:

CONTINUED PAYMENT TO EMPLOYEES
SEC. 18006. A local educational agency, State, institution of higher education, or other entity that receives funds under “Education Stabilization Fund”, shall to the greatest extent practicable, continue to pay its employees and contractors during the period of any disruptions or closures related to coronavirus.

Certification

To the best of my knowledge and belief, all the information and data in this agreement are true and correct. I acknowledge and agree that the failure to comply with all Assurances and Certifications in this Agreement, all relevant provisions and requirements of the CARES Act, Pub. L. No. 116-136 (March 27, 2020), or any other applicable law or regulation may result in liability under the False Claims Act, 31 U.S.C. § 3729, et seq.; OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485; and 18 USC § 1001, as appropriate.

Please briefly describe the impacts of COVID-19 on the district and its Pre-K through 12 students, including any relevant data where possible (e.g., cost impact, learning loss, emotional impact on students). If there has been a disproportionate impact on a special population in the district (e.g., students with disabilities, English Learners, students in foster care, students in poverty, etc.), please describe the impact and provide the number of Pre-K through 12 students in that population.

The pandemic has had and will continue to have impact in our district if we don’t take measures to mitigate in some key areas. 1) Academic - learning loss is evident. Most grade levels show decline on the MAP Reading test from the Winter of 2019 to the Fall/Winter of 2020. Example: 3rd graders showed 19.7% in Level I (learning level) compared to 26.5% in Level 1 in the Winter of 2020. The exception is seventh grade Reading. Math also showed declines, but not to the level of Reading. This is a little surprising as there would typically be more decline in math over a number of months. This may be an indication that our remote learning model was relatively successful. We actually observed increased proficiency in math at the 8th grade level. 2) Social Emotion/Well-Being - a continued area of concern is the social emotional aspect of the pandemic: such as, anxiety of being at school during the pandemic, family issues as a result of home stress (lose of income and employment), and student stress and uncertainty. Counselors and teacher have reported more students seeking services and counselors are reporting increase in contacts by 100% during pandemic. 3) Physical Facilities -- students and staff need to feel comfortable in the facilities. While we have been in school the entire year, clean air is a major concern for staff and parents. This also creates a emotional impact of students, some are scared to be in the buildings.

Does the district have remaining ESSER I funding that it has not yet spent as of | Yes
the date of ESSER II application submission?

Please summarize how the district will use its remaining ESSER I and ESSER I SPED funding and what it hopes to accomplish with these funds.

The remaining ESSER I money will be used for summer school 2021. The goal is to catch students up due to learning loss during the pandemic and support academic instruction with a well designed and managed curriculum.

**Please review the following allowable uses of ESSER II funds before completing the narrative and Excel template portion of the application.**

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.
- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.
- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.
- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.
- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.
- Planning for, coordinating, and implementing activities during long-term closures, including providing meals to eligible students, providing technology for online learning to all students, providing guidance for carrying out requirements under the IDEA and ensuring other educational services can continue to be provided consistent with all Federal, State, and local requirements.
- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and children with disabilities, which may include assistive technology or adaptive equipment.
- Providing mental health services and supports.
- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low-income students, children with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.
- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.
- School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.
- Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.
- Developing strategies and implementing public health protocols for the reopening and operation of school facilities.
- Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Please note: “Developing strategies and implementing public health protocols for the reopening and operation of school facilities,” identified as an allowable use under ESSER III in the American Rescue Plan, is also permissible under ESSER II.

Plan for ESSER II Direct District Allocation and KSDE Per-Student Additional Allocation (If Applicable)

Please summarize how the district proposes using its ESSER II direct district allocation (and its KSDE per-student additional allocation, if applicable) to address incremental COVID-19 needs.

USD #365 will utilize ESSER II funds in four different categories:

1) Learning Loss:
   a) INSTRUCTIONAL: Funds will be spent on summer school for K-12 students that are in need. Note: this may include activities (field trips, etc.) as part of the summer program. We will also utilize the funds for after-school tutoring once school resumes for the 2021-2022 school year. To further eliminate learning loss, the district will focus on curriculum enhancements designed to eliminate instructional gaps.
   b) SOCIAL EMOTIONAL: We plan to work with faith-based (local churches) to offer a family engagement/mentoring program for students tied to the community. Furthermore, the district will hire an individual to support social emotional learning activities, support counselors, and develop and/or implement some type of social emotional strategy or curriculum. Finally, we will provide more resources for credit recovery and individual academic help. To support these initiatives, the district will provide services (as needed) transportation, food service, and/or supplies for these programs.

2) Technology:
   The school district will provide more training for electronic communications including Google Classroom, etc. We also plan to purchase additional hardware and programming to enhance the delivery of instruction that can be utilized in a remote environment. Furthermore, the district plans to purchase Exact Path (progress monitoring tool) and SEL programming to help students become more academically/socially successful.

3) Air Quality:
   The district plans to purchase and install air purification systems in the HVAC systems to help eliminate airborne viruses.

4) Facility Improvements:
   The district is developing plans to change the focus of the Junior/High School library. The idea is to develop (remodel) an area within the library that will house a relaxation area (similar to a Starbucks), where students and staff can go to just relax (read, unwind,...) for a few minutes during the day.

How will the district determine the impact of its ESSER II direct district allocation expenditures (and additional per-student allocation, if applicable) on students?

Our goal is to offset learning loss that may have occurred during the pandemic. We will use testing data, such as MAP testing or local generated testing to determine gains. Our goal would be to see overall gains during the funding allocation, especially in students affected the most by the pandemic (socially and academically). We will also survey the teachers about their skills and comfort with upgraded technologies, such as Google Classroom, etc. For social emotional impacts, the district will utilize surveys, local reports from staff, or observations to determine impact. We will monitor the impact of a relaxation area in the library and how students and staff feel about the effects of such a forward thinking concept. Finally, we will work with our construction manager to compare current air quality samplings to post air-quality samplings, to determine the impacts of clean air within the building (plasma-ionizer system, etc.).

Notes on ESSER II application Excel template:

- Plans and budgets should be submitted for at least a 12 month period but do not need to account for the full duration of the program or the full allocation amount. Funds will remain accessible to the LEA until September 30, 2023 and there will be additional opportunities to submit further requests/plans in the future.
• Following ESSER II application approval and initiation of funds draw down, districts will be required to report to the Commissioner’s Task Force on ESSER II expenditures and impact on a monthly basis throughout the program. This ESSER II reporting will be required as a part of regular ESSER program reporting, which will capture past expenditures across funding streams (ESSER I, ESSER I SPED, ESSER II, ESSER II SPED, ESSER II KSDE Per Student Allocation). Districts may be asked to provide expenditures by fund, function, object, account, and ESSER II allowable use as part of ongoing ESSER reporting.
• This reporting will not replace any reporting required by the federal government. KSDE will work to maximize compatibility between its reporting requirements and those of the federal government as much as possible to minimize burden on districts.

Please download and complete the ESSER II application template [here](#) to provide details on ESSER II budgeted expenditures across allowable uses and KSDE accounting codes.

### Local Education Agency (LEA) Assurances

#### Section I. General Grant Assurances for Federal Funds

Throughout the period of the grant award, the LEA will comply with all requirements of:
The LEA will make a good faith effort, on a continuing basis, to maintain a drug-free workplace, in accordance with the measures in 34 CFR Part 84, Subpart B and the Drug-Free Workplace Act of 1988;
The Education Department General Administrative Regulations (EDGAR) 34 CFR 76 requirements, including:
34 CFR §76.500(a) Federal statutes and regulations on nondiscrimination.
(a) A State and a subgrantee shall comply with the following statutes and regulations:
• Discrimination on the basis of race, color, or national origin | Title VI of the Civil Rights Act of 1964 (45 U.S.C. 2000d through 2000d-4) | 34 CFR part 100.
• Discrimination on the basis of age | The Age Discrimination Act (42 U.S.C. 6101 et seq.) | 34 CFR part 110.

(b) A State or subgrantee that is a covered entity as defined in §108.3 of this title shall comply with the nondiscrimination requirements of the Boy Scouts of America Equal Access Act, 20 U.S.C. 7905, 34 CFR part 108.
(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))
34 CFR §76.650 Private schools; purpose of §§76.651-76.662.
(a) Under some programs, the authorizing statute requires that a State and its subgrantees provide for participation by students enrolled in private schools. Sections 76.651-76.662 apply to those programs and provide rules for that participation. These sections do not affect the authority of the State or a subgrantee to enter into a contract with a private party.
(b) If any other rules for participation of students enrolled in private schools apply under a particular program, they are in the authorizing statute or implementing regulations for that program.
(Authority: 20 U.S.C. 1221e-3 and 3474)
34 CFR §76.700 Compliance with statutes, regulations, State plan, and applications.
A State and a subgrantee shall comply with the State plan and applicable statutes, regulations, and approved applications, and shall use Federal funds in accordance with those statutes, regulations, plan, and applications.
(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))
34 CFR §76.701 The State or subgrantee administers or supervises each project.
A State or a subgrantee shall directly administer or supervise the administration of each project.
34 CFR §76.702 Fiscal control and fund accounting procedures.
A State and a subgrantee shall use fiscal control and fund accounting procedures that insure proper disbursement of and accounting for Federal funds.

34 CFR §76.709 Funds may be obligated during a “carryover period.”
(a) If a State or a subgrantee does not obligate all of its grant or subgrant funds by the end of the fiscal year for which Congress appropriated the funds, it may obligate the remaining funds during a carryover period of one additional fiscal year.
(b) The State shall return to the Federal Government any carryover funds not obligated by the end of the carryover period by the State and its subgrantees.

34 CFR §76.722 Subgrantee reporting requirements.
A State may require a subgrantee to submit reports in a manner and format that assists the State in complying with the requirements under 34 CFR 76.720 and in carrying out other responsibilities under the program.

34 CFR §76.730 Records related to grant funds.
A State and a subgrantee shall keep records that fully show:
(a) The amount of funds under the grant or subgrant;
(b) How the State or subgrantee uses the funds;
(c) The total cost of the project;
(d) The share of that cost provided from other sources; and
(e) Other records to facilitate an effective audit.

34 CFR §76.731 Records related to compliance.
A State and a subgrantee shall keep records to show its compliance with program requirements.

The Uniform Grant Guidance, 2 CFR §200 all applicable subrecipient requirements, including but not limited to:
2 CFR Subpart D – Post Federal Award Requirements
§200.302 Financial management.
§200.303 Internal controls.
§200.305 Payment.
§200.313 Equipment.
§200.314 Supplies.
§200.318 General procurement standards.
§200.320 Methods of procurement to be followed;
2 CFR 200 Subpart E: Cost Principles:
§200.403 Factors affecting allowability of costs.
§200.404 Reasonable costs.
§200.405 Allocable costs.
§200.413 Direct costs.
§200.415 Required certifications.
§200.430 Compensation—personal services.
The Debarment and Suspension, 34 CFR Part 85, Section 85.510, Participants’ Responsibilities and makes the following certification by signing this application:
The prospective lower-tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.
Where the prospective lower-tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal. This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 for such failure.

Section II. Specific Elementary and Secondary School Emergency Relief (ESSER) Grant Assurances

The LEA assures that funds shall only be used for any of the following:

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.
- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.
- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.
- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.
- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.
- Planning for and coordinating during long-term closures, including for how to provide meals to eligible students, how to provide technology for online learning to all students, how to provide guidance for carrying out requirements under the Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.) and how to ensure other educational services can continue to be provided consistent with all Federal, State, and local requirements.
- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and students with disabilities, which may include assistive technology or adaptive equipment.
- Providing mental health services and supports.
- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low income students, students with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.
- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by—(A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.
- School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.
Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.

Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Throughout the period of the grant award, the LEA shall comply with all applicable requirements of the Elementary and Secondary School Emergency Relief (ESSER) authorized by the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSAA), including:

CONTINUED PAYMENT TO EMPLOYEES
SEC. 18006. A local educational agency, State, institution of higher education, or other entity that receives funds under “Education Stabilization Fund”, shall to the greatest extent practicable, continue to pay its employees and contractors during the period of any disruptions or closures related to coronavirus.

Certification

To the best of my knowledge and belief, all the information and data in this agreement are true and correct. I acknowledge and agree that the failure to comply with all Assurances and Certifications in this Agreement, all relevant provisions and requirements of the CARES Act, Pub. L. No. 116-136 (March 27, 2020), or any other applicable law or regulation may result in liability under the False Claims Act, 31 U.S.C. § 3729, et seq.; OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485; and 18 USC § 1001, as appropriate.

Application details

**Full District Name**  |  USD 379 Clay Center
---|---
**District Number**  |  379
**Mailing Address | Street Address**  |  PO Box 97
Please briefly describe the impacts of COVID-19 on the district and its Pre-K through 12 students, including any relevant data where possible (e.g., cost impact, learning loss, emotional impact on students). If there has been a disproportionate impact on a special population in the district (e.g., students with disabilities, English Learners, students in foster care, students in poverty, etc.), please describe the impact and provide the number of Pre-K through 12 students in that population.

Our most recent data from the January 2021 KCTC survey reports the following: 46% of our high school students felt sad or hopeless almost every day for two weeks or more in a row that they stopped doing some usual activities. Up from 43% in January 2020. 43.2% of our high school students have seriously thought about killing themselves. Up from 37.8% in January 2020. Of the 18 details under the suicide thoughts, we have 11 of them over the stage average. With regard to making a plan about how you would kill yourself, 28.4% of our high school students indicated yes. Up from 25.2% in the previous year.

Our risk factors indicate an increase in participation from 2020 to 2021: low commitment to school, academic failure, favorable attitudes to antisocial behavior, parent favorable attitude to antisocial behavior, favorable attitudes to drugs, perceived availability of drugs, and peer drug use.

From August 2020 to April 1st, 2021 our students have a total of 3,341 days in quarantine (either because they were positive or they were a close contact).

Failing students at the middle school level is up from 1% to 7% comparing 19-20 to 20-21 school year. Our high schools are up from 10% to 17%.

Up to 37% learning loss was demonstrated when comparing literacy/reading screening data from January 2020 to September 2020. Up to 20% learning loss was demonstrated when comparing math screening data from January 2020 to September 2020.

Does the district have remaining ESSER I funding that it has not yet spent as of the date of ESSER II application submission?

No
Please review the following allowable uses of ESSER II funds before completing the narrative and Excel template portion of the application.

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.

- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.

- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.

- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.

- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.

- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.

- Planning for, coordinating, and implementing activities during long-term closures, including providing meals to eligible students, providing technology for online learning to all students, providing guidance for carrying out requirements under the IDEA and ensuring other educational services can continue to be provided consistent with all Federal, State, and local requirements.

- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and children with disabilities, which may include assistive technology or adaptive equipment.

- Providing mental health services and supports.

- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low-income students, children with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.

- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.

- School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.

- Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.

- Developing strategies and implementing public health protocols for the reopening and operation of school facilities.

- Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

**Please note:** "Developing strategies and implementing public health protocols for the reopening and operation of school facilities," identified as an allowable use under ESSER III in the American Rescue Plan, is also permissible under ESSER II.
Plan for ESSER II Direct District Allocation and KSDE Per-Student Additional Allocation (If Applicable)

Please summarize how the district proposes using its ESSER II direct district allocation (and its KSDE per-student additional allocation, if applicable) to address incremental COVID-19 needs.

Address Needs of Special Population:
- Implement equity services/plans for our students & their post-secondary plans and/or earning a certificate. Many students fell behind as a result of the school closure & required quarantines. Specifically, our free & reduced lunch students.
- Provide post-secondary support for students to visit for certifications & post-secondary plans. Additional support & management of student IPS implementation.

Additional Learning Opportunities:
- Elementary, Middle & High school summer programming opportunities. The elementary budget is written for 200 students. Depending on enrollment, could be less or more. All students in grades Pre-k-5 will be able to attend a 6 week full day summer program focusing on learning loss and SEL skills. Secondary students will have multi week opportunities to work on credit recovery with certified core teachers.
- Extended day learning opportunities for secondary students.
- Preparation support for testing, such as ACT.

Mental Health Support:
- Social Emotional Professional Development for our staff and students. We would work on our year one plan with a specific resource & pay for it now in order to begin scheduling dates throughout the 21-22 school year.
- SEL curriculum for students.

Addressing Learning Loss:
- Planning time for high school staff to review credit recovery & certifications, and post-secondary support.
- Student Diagnostic Tool for social emotional and academic learning needs.
- Purchase of Tier II/III curriculum for reading and math interventions, as well as professional development to support implementation.

Educational Technology:
- Student learning management system.
- Student online curriculum support.

Sanitation Supplies:
- PPE and sanitation order to fully stock anticipated needs for the 21-22 school year and summer programming.

Facility Improvements:
- Plexiglass Dividers in areas where students can not be 6 feet apart
- Water bottle filling stations to replace all water fountains in our buildings.

Air Quality:
- Installation of needlepoint bipolar ionization systems on every air handling unit district wide

How will the district determine the impact of its ESSER II direct district allocation expenditures (and additional per-student allocation, if applicable) on students?

Kansas Communities that Care Data.
Aims Web data
Attendance
Failing grades
Behavior Referrals
State Assessment Scores
ACT scores
Notes on ESSER II application Excel template:

- Plans and budgets should be submitted for at least a 12 month period but do not need to account for the full duration of the program or the full allocation amount. Funds will remain accessible to the LEA until September 30, 2023 and there will be additional opportunities to submit further requests/plans in the future.
- Following ESSER II application approval and initiation of funds draw down, districts will be required to report to the Commissioner's Task Force on ESSER II expenditures and impact on a monthly basis throughout the program. This ESSER II reporting will be required as a part of regular ESSER program reporting, which will capture past expenditures across funding streams (ESSER I, ESSER I SPED, ESSER II, ESSER II SPED, ESSER II KSDE Per Student Allocation). Districts may be asked to provide expenditures by fund, function, object, account, and ESSER II allowable use as part of ongoing ESSER reporting.
- This reporting will not replace any reporting required by the federal government. KSDE will work to maximize compatibility between its reporting requirements and those of the federal government as much as possible to minimize burden on districts.

Please download and complete the ESSER II application template here to provide details on ESSER II budgeted expenditures across allowable uses and KSDE accounting codes.

Local Education Agency (LEA) Assurances

Section I. General Grant Assurances for Federal Funds

Throughout the period of the grant award, the LEA will comply with all requirements of:
The LEA will make a good faith effort, on a continuing basis, to maintain a drug-free workplace, in accordance with the measures in 34 CFR Part 84, Subpart B and the Drug-Free Workplace Act of 1988; The Education Department General Administrative Regulations (EDGAR) 34 CFR 76 requirements, including: 34 CFR §76.500(a) Federal statutes and regulations on nondiscrimination. (a) A State and a subgrantee shall comply with the following statutes and regulations:
- Discrimination on the basis of age | The Age Discrimination Act (42 U.S.C. 6101 et seq.) | 34 CFR part 110.

(b) A State or subgrantee that is a covered entity as defined in §108.3 of this title shall comply with the nondiscrimination requirements of the Boy Scouts of America Equal Access Act, 20 U.S.C. 7905, 34 CFR part 108. (Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))
34 CFR §76.650 Private schools; purpose of §§76.651-76.662. (a) Under some programs, the authorizing statute requires that a State and its subgrantees provide for participation by students enrolled in private schools. Sections 76.651-76.662 apply to those programs and provide rules for that participation. These sections do not affect the authority of the State or a subgrantee to enter into a contract with a private party. (b) If any other rules for participation of students enrolled in private schools apply under a particular program, they are in the authorizing statute or implementing regulations for that program. (Authority: 20 U.S.C. 1221e-3 and 3474) 34 CFR §76.700 Compliance with statutes, regulations, State plan, and applications.
A State and a subgrantee shall comply with the State plan and applicable statutes, regulations, and approved applications, and
shall use Federal funds in accordance with those statutes, regulations, plan, and applications.
(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))
34 CFR §76.701 The State or subgrantee administers or supervises each project.
A State or a subgrantee shall directly administer or supervise the administration of each project.
(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))
34 CFR §76.702 Fiscal control and fund accounting procedures.
A State and a subgrantee shall use fiscal control and fund accounting procedures that insure proper disbursement of and accounting for Federal funds.
(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.709 Funds may be obligated during a “carryover period.”
(a) If a State or a subgrantee does not obligate all of its grant or subgrant funds by the end of the fiscal year for which Congress appropriated the funds, it may obligate the remaining funds during a carryover period of one additional fiscal year.
(b) The State shall return to the Federal Government any carryover funds not obligated by the end of the carryover period by the State and its subgrantees.
(Authority: U.S.C. 1221e-3, 1225(b), and 3474)
34 CFR §76.722 Subgrantee reporting requirements.
A State may require a subgrantee to submit reports in a manner and format that assists the State in complying with the requirements under 34 CFR 76.720 and in carrying out other responsibilities under the program.
(Authority: 20 U.S.C. 1221e-3, 1231a, and 3474)
[72 FR 3703, Jan. 25, 2007]
34 CFR §76.730 Records related to grant funds.
A State and a subgrantee shall keep records that fully show:
(a) The amount of funds under the grant or subgrant;
(b) How the State or subgrantee uses the funds;
(c) The total cost of the project;
(d) The share of that cost provided from other sources; and
(e) Other records to facilitate an effective audit.
(Approved by the Office of Management and Budget under control number 1880-0513)
(Authority: 20 U.S.C. 1232f)
34 CFR §76.731 Records related to compliance.
A State and a subgrantee shall keep records to show its compliance with program requirements.
(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))
The Uniform Grant Guidance, 2 CFR §200 all applicable subrecipient requirements, including but not limited to:
2 CFR Subpart D – Post Federal Award Requirements
$200.302 Financial management.
$200.303 Internal controls.
$200.305 Payment.
$200.313 Equipment.
$200.314 Supplies.
$200.318 General procurement standards.
$200.320 Methods of procurement to be followed;
2 CFR 200 Subpart E: Cost Principles:
$200.403 Factors affecting allowability of costs.
$200.404 Reasonable costs.
$200.405 Allocable costs.
$200.413 Direct costs.
$200.415 Required certifications.
$200.430 Compensation—personal services.
The Debarment and Suspension, 34 CFR Part 85, Section 85.510, Participants’ Responsibilities and makes the following certification by signing this application:
The prospective lower-tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.

Where the prospective lower-tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 for such failure.

Section II. Specific Elementary and Secondary School Emergency Relief (ESSER) Grant Assurances

The LEA assures that funds shall only be used for any of the following:

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.
- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.
- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.
- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.
- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.
- Planning for and coordinating during long-term closures, including for how to provide meals to eligible students, how to provide technology for online learning to all students, how to provide guidance for carrying out requirements under the Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.) and how to ensure other educational services can continue to be provided consistent with all Federal, State, and local requirements.
- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and students with disabilities, which may include assistive technology or adaptive equipment.
- Providing mental health services and supports.
- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low income students, students with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.
- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing
information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.

- School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.
- Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.
- Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Throughout the period of the grant award, the LEA shall comply with all applicable requirements of the Elementary and Secondary School Emergency Relief (ESSER) authorized by the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSAA), including:

CONTINUED PAYMENT TO EMPLOYEES

SEC. 18006. A local educational agency, State, institution of higher education, or other entity that receives funds under “Education Stabilization Fund”, shall to the greatest extent practicable, continue to pay its employees and contractors during the period of any disruptions or closures related to coronavirus.

Certification

To the best of my knowledge and belief, all the information and data in this agreement are true and correct. I acknowledge and agree that the failure to comply with all Assurances and Certifications in this Agreement, all relevant provisions and requirements of the CARES Act, Pub. L. No. 116-136 (March 27, 2020), or any other applicable law or regulation may result in liability under the False Claims Act, 31 U.S.C. § 3729, et seq.; OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485; and 18 USC § 1001, as appropriate.

Please explain how this is related to COVID-19; Applicant replied via email: School closure, quarantines and positive COVID cases resulted in a large percentage of students falling behind with their plans outlined in their individual plans of study (IPS). This line will be used to pay staff to work with students after school hours and collaborate with other staff to update and coordinate student IPS plans.

Provide additional information regarding credit recovery and COVID-19; Applicant replied via email: Due to school closure and quarantines, an abnormally large number of our students fell behind in credits.

Thank you for creating a User Profile for the Kansas CommonApp!

Your User Profile will be linked to every application submitted under your login. You can always return to this page to keep your information current.

Select an Applicant Type | Unified School District

Applicant / Entity Name | USD 388

Applicant / Mailing Address

1011 Washington St.
PO Box 256
Ellis, KS 67637

Applicant / First and Last Name of Owner, CEO, or Executive Director | Corey Burton

Applicant / Email Address of Owner, CEO, or Executive Director | cburton@usd388.com

Applicant / Phone Number | 17857264281

All questions in the section below are optional, and offer an opportunity to upload or enter information that is typically asked for on grant opportunities.

(for EANS and ESSER grant applications - please skip the questions below, and scroll to the bottom to complete your User Profile information.)

Applicant / Federal EIN (if applicable) | 48-0726135

Applicant / Website Address (if applicable) | http://www.usd388.k12.ks.us/
Please briefly describe the impacts of COVID-19 on the district and its Pre-K through 12 students, including any relevant data where possible (e.g., cost impact, learning loss, emotional impact on students). If there has been a disproportionate impact on a special population in the district (e.g., students with disabilities, English Learners, students in foster care, students in poverty, etc.), please describe the impact and provide the number of Pre-K through 12 students in that population.

When the pandemic started in March of 2020 and schools moved to remote learning, students, parents, staff and others were scrambling to finish the school year. Our district did see some academic loss because some students struggled to learn remotely during this time. Our grade school AIMS Web math scores indicated an overall decline in math skills. Our mean scores for each of our classes fell in both the fall and winter assessments in all grades except one. At the junior and senior high school level, we have seen larger groups of students falling behind and failing classes. Many of these students were quarantined and fell behind while being required to do remote learning. We have seen an increase in social-emotional needs throughout our district during this school year. Stress is a reality for many. We employ two full time counselors in our small district to help focus on these student and family needs. Depression and anxiety have increased for many of our students and so our focus will remain there. We have seen an effect on those students' academics decreasing and therefore we will need to keep classroom loads small to allow for small group activities as well as one-on-one work. As a small school district all of our students, including special education students, have been impacted and we are addressing those needs as well. We are looking to update out HVAC system at the grade school to allow for fresh air to be mechanically brought into the building.

Does the district have remaining ESSER I funding that it has not yet spent as of the date of ESSER II application submission? | No
Please review the following allowable uses of ESSER II funds before completing the narrative and Excel template portion of the application.

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.
- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.
- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.
- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.
- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.
- Planning for, coordinating, and implementing activities during long-term closures, including providing meals to eligible students, providing technology for online learning to all students, providing guidance for carrying out requirements under the IDEA and ensuring other educational services can continue to be provided consistent with all Federal, State, and local requirements.
- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and children with disabilities, which may include assistive technology or adaptive equipment.
- Providing mental health services and supports.
- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low-income students, children with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.
- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by—(A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.
- School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.
- Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.
- Developing strategies and implementing public health protocols for the reopening and operation of school facilities.
- Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Please note: "Developing strategies and implementing public health protocols for the reopening and operation of school facilities," identified as an allowable use under ESSER III in the American Rescue Plan, is also permissible under ESSER II.
Plan for ESSER II Direct District Allocation and KSDE Per-Student Additional Allocation (If Applicable)

Please summarize how the district proposes using its ESSER II direct district allocation (and its KSDE per-student additional allocation, if applicable) to address incremental COVID-19 needs.

The district will be using ESSER II funds to purchase updated math curriculum at the grade school to help address student's learning loss as indicated in our AIMS Web scores. This curriculum purchase will include additional staff training and access to online materials to assist staff in reaching students who face future quarantines. The online materials will also serve as a classroom resource to help students build skills and fill learning gaps. We will be using ESSER II funds to help keep class sizes small at the grade school level to allow for more one-on-one instruction and continued social distancing within the classrooms. As a district, our student population has been dropping. Based on school guidelines of splitting classes over 29 students, we should NOT be splitting some of our elementary classes. With these funds we could split classes of 23, 24, and 26. At this time, it is in the student's best interest if we continue to split these classes next year. If funds allow, in the following years we may use a portion of our ESSER II funds to improve the fresh air make-up at our grade school.

How will the district determine the impact of its ESSER II direct district allocation expenditures (and additional per-student allocation, if applicable) on students?

We will continue to monitor our local assessments, AIMS Web results, Star results, and state assessments in our elementary building, and more specifically, the grade levels where we were able to keep two sections instead of dropping to one. This will allow us to track the progress of our students to see gains. We will continue to monitor local assessments, AIMS web, state assessments, and our gradation rate at our jr/sr high school to track program progress. We will continue to monitor student and staff social emotional health through surveys and programs.

Notes on ESSER II application Excel template:

- Plans and budgets should be submitted for at least a 12 month period but do not need to account for the full duration of the program or the full allocation amount. Funds will remain accessible to the LEA until September 30, 2023 and there will be additional opportunities to submit further requests/plans in the future.
- Following ESSER II application approval and initiation of funds draw down, districts will be required to report to the Commissioner's Task Force on ESSER II expenditures and impact on a monthly basis throughout the program. This ESSER II reporting will be required as a part of regular ESSER program reporting, which will capture past expenditures across funding streams (ESSER I, ESSER I SPED, ESSER II, ESSER II SPED, ESSER II KSDE Per Student Allocation). Districts may be asked to provide expenditures by fund, function, object, account, and ESSER II allowable use as part of ongoing ESSER reporting.
- This reporting will not replace any reporting required by the federal government. KSDE will work to maximize compatibility between its reporting requirements and those of the federal government as much as possible to minimize burden on districts.

Please download and complete the ESSER II application template here to provide details on ESSER II budgeted expenditures across allowable uses and KSDE accounting codes.

Local Education Agency (LEA) Assurances

Section I. General Grant Assurances for Federal Funds
Throughout the period of the grant award, the LEA will comply with all requirements of:

The LEA will make a good faith effort, on a continuing basis, to maintain a drug-free workplace, in accordance with the measures in 34 CFR Part 84, Subpart B and the Drug-Free Workplace Act of 1988;
The Education Department General Administrative Regulations (EDGAR) 34 CFR 76 requirements, including:
34 CFR §76.500(a) Federal statutes and regulations on nondiscrimination.

(a) A State and a subgrantee shall comply with the following statutes and regulations:
- Discrimination on the basis of age | The Age Discrimination Act (42 U.S.C. 6101 et seq.) | 34 CFR part 110.

(b) A State or subgrantee that is a covered entity as defined in §108.3 of this title shall comply with the nondiscrimination requirements of the Boy Scouts of America Equal Access Act, 20 U.S.C. 7905, 34 CFR part 108.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.650 Private schools; purpose of §§76.651-76.662.
(a) Under some programs, the authorizing statute requires that a State and its subgrantees provide for participation by students enrolled in private schools. Sections 76.651-76.662 apply to those programs and provide rules for that participation. These sections do not affect the authority of the State or a subgrantee to enter into a contract with a private party.
(b) If any other rules for participation of students enrolled in private schools apply under a particular program, they are in the authorizing statute or implementing regulations for that program.

(Authority: 20 U.S.C. 1221e-3 and 3474)

34 CFR §76.700 Compliance with statutes, regulations, State plan, and applications.
A State and a subgrantee shall comply with the State plan and applicable statutes, regulations, and approved applications, and shall use Federal funds in accordance with those statutes, regulations, plan, and applications.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.701 The State or subgrantee administers or supervises each project.
A State or a subgrantee shall directly administer or supervise the administration of each project.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.702 Fiscal control and fund accounting procedures.
A State and a subgrantee shall use fiscal control and fund accounting procedures that insure proper disbursement of and accounting for Federal funds.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.709 Funds may be obligated during a “carryover period.”
(a) If a State or a subgrantee does not obligate all of its grant or subgrant funds by the end of the fiscal year for which Congress appropriated the funds, it may obligate the remaining funds during a carryover period of one additional fiscal year.
(b) The State shall return to the Federal Government any carryover funds not obligated by the end of the carryover period by the State and its subgrantees.

(Authority: U.S.C. 1221e-3, 1225(b), and 3474)

34 CFR §76.722 Subgrantee reporting requirements.
A State may require a subgrantee to submit reports in a manner and format that assists the State in complying with the requirements under 34 CFR 76.720 and in carrying out other responsibilities under the program.

(Authority: 20 U.S.C. 1221e-3, 1231a, and 3474)

34 CFR §76.730 Records related to grant funds.
A State and a subgrantee shall keep records that fully show:
(a) The amount of funds under the grant or subgrant;
(b) How the State or subgrantee uses the funds;
(c) The total cost of the project;
(d) The share of that cost provided from other sources; and
(e) Other records to facilitate an effective audit.

(Approved by the Office of Management and Budget under control number 1880-0513)

(Authority: 20 U.S.C. 1232f)

34 CFR §76.731 Records related to compliance.

A State and a subgrantee shall keep records to show its compliance with program requirements.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

The Uniform Grant Guidance, 2 CFR §200 all applicable subrecipient requirements, including but not limited to:

2 CFR Subpart D – Post Federal Award Requirements

$200.302 Financial management.

$200.303 Internal controls.

$200.305 Payment.

$200.313 Equipment.

$200.314 Supplies.

$200.318 General procurement standards.

$200.320 Methods of procurement to be followed;

2 CFR 200 Subpart E: Cost Principles:

$200.403 Factors affecting allowability of costs.

$200.404 Reasonable costs.

$200.405 Allocable costs.

$200.413 Direct costs.

$200.415 Required certifications.

$200.430 Compensation—personal services.

The Debarment and Suspension, 34 CFR Part 85, Section 85.510, Participants’ Responsibilities and makes the following certification by signing this application:

The prospective lower-tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.

Where the prospective lower-tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 for such failure.

Section II. Specific Elementary and Secondary School Emergency Relief (ESSER) Grant Assurances

The LEA assures that funds shall only be used for any of the following:

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.
- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service
delivery will meet the needs of each population.

- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.
- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.
- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.
- Planning for and coordinating during long-term closures, including for how to provide meals to eligible students, how to provide technology for online learning to all students, how to provide guidance for carrying out requirements under the Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.) and how to ensure other educational services can continue to be provided consistent with all Federal, State, and local requirements.
- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and students with disabilities, which may include assistive technology or adaptive equipment.
- Providing mental health services and supports.
- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low income students, students with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.
- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students' academic progress and assist educators in meeting students' academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.
- School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.
- Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.
- Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Throughout the period of the grant award, the LEA shall comply with all applicable requirements of the Elementary and Secondary School Emergency Relief (ESSER) authorized by the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSAA), including:

**CONTINUED PAYMENT TO EMPLOYEES**

SEC. 18006. A local educational agency, State, institution of higher education, or other entity that receives funds under “Education Stabilization Fund”, shall to the greatest extent practicable, continue to pay its employees and contractors during the period of any disruptions or closures related to coronavirus.

**Certification**

To the best of my knowledge and belief, all the information and data in this agreement are true and correct. I acknowledge and agree that the failure to comply with all Assurances and Certifications in this Agreement, all relevant provisions and requirements of the CARES Act, Pub. L. No. 116-136 (March 27, 2020), or any other applicable law or regulation may result in liability under the False Claims Act, 31 U.S.C. § 3729, et seq.; OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485; and 18 USC § 1001, as appropriate.

Please briefly describe the impacts of COVID-19 on the district and its Pre-K through 12 students, including any relevant data where possible (e.g., cost impact, learning loss, emotional impact on students). If there has been a disproportionate impact on a special population in the district (e.g., students with disabilities, English Learners, students in foster care, students in poverty, etc.), please describe the impact and provide the number of Pre-K through 12 students in that population.

COVID created the need for many unplanned expenditures including personal protective equipment, cleaning supplies and equipment, hygiene supplies, touchless faucets and fountains, extra bus routes, Internet access hot-spots for students, and full-time substitute teachers and a full-time substitute custodian, among other expenditures. The learning loss data for Lyons students is very similar to data from across the country. Although we were remote during the final quarter of 2020 and on-site for nearly all of 2020-21, the disruptions of the Spring shutdown, and Fall and Winter quarantines caused much disruption in the normal ebb and flow of teaching and learning. District-wide our reading learning loss was approximately 5% and the math learning loss was approximately 10%. The impact on our special populations was varied, but in general 2-3% lower than their non-identified peers. However, where 72% of our students qualify for free (469 students) or reduced (68 students) lunches, 45% are racial minority (333 students), 20% are ESL (150 students), and 23% are SPED (169 students), the percent of our students in a special population is 90% (665 unduplicated students).
Does the district have remaining ESSER I funding that it has not yet spent as of the date of ESSER II application submission?

Yes

Please summarize how the district will use its remaining ESSER I and ESSER I SPED funding and what it hopes to accomplish with these funds.

The amount left in ESSER I funding is for window replacement at the learning center. The ESSER I SPED funding will be used on FFCRA wages paid to staff quarantined as well as computer equipment to assist with remote teaching.

Please review the following allowable uses of ESSER II funds before completing the narrative and Excel template portion of the application.

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.
- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.
- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.
- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.
- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.
- Planning for, coordinating, and implementing activities during long-term closures, including providing meals to eligible students, providing technology for online learning to all students, providing guidance for carrying out requirements under the IDEA and ensuring other educational services can continue to be provided consistent with all Federal, State, and local requirements.
- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and children with disabilities, which may include assistive technology or adaptive equipment.
- Providing mental health services and supports.
- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low-income students, children with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.
- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.
School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.

- Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.
- Developing strategies and implementing public health protocols for the reopening and operation of school facilities.
- Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Please note: "Developing strategies and implementing public health protocols for the reopening and operation of school facilities," identified as an allowable use under ESSER III in the American Rescue Plan, is also permissible under ESSER II.

Plan for ESSER II Direct District Allocation and KSDE Per-Student Additional Allocation (If Applicable)

Please summarize how the district proposes using its ESSER II direct district allocation (and its KSDE per-student additional allocation, if applicable) to address incremental COVID-19 needs.

The district put together an ad-hoc committee of special education and regular education teachers, paras, classified staff, administrators, department heads, parents, and a board member to review the district’s ESSER I expenditures and remaining COVID-related needs. The committee developed a priority-ordered list of recommendations for the USD 405 Board of Education to consider. The ordered list included after-school and summer school programming, remote- or hybrid-accessible curriculum, additional health and hygiene equipment, air quality issues, home-based supplies for our PAT program, additional support for our Migrant summer program, remotely available ESL language acquisition software, hot-spots for Internet access for students, substitute teacher and substitute custodian wages, FFCRA wages, mental health support for staff and students, social-emotional learning curriculum and professional development, a nurse assistant, cleaning and sanitizing the district-owned band instruments, hiring an additional teacher to help address learning loss, and air scrubbers or other type of air quality improvement devices. Other needs for which adequate funding does not exist through our regular budget or through ESSER I or ESSER II include additional air quality improvements, such as replacing non-opening windows, replacing ventilation fans, air exchanger improvements, replacing inadequate cleaning equipment, replacing carpet, adding a full-time reading recovery teacher at the elementary level, sanitizing and cleaning of district-owned band instruments, and adding cleaning and hygiene chemicals storage cabinets.

How will the district determine the impact of its ESSER II direct district allocation expenditures (and additional per-student allocation, if applicable) on students?

The greatest impact will be seen in improved assessment scores by recovering a portion of the learning loss through Internet accessible curriculum, after-school programs, and summer programs. Additionally, having a clean and safe environment as well as mental health supports will create a physically and mentally healthier student body and staff with better results in multiple domains.

Notes on ESSER II application Excel template:

- Plans and budgets should be submitted for at least a 12 month period but do not need to account for the full duration of the program or the full allocation amount. Funds will remain accessible to the LEA until September 30, 2023 and there will be additional opportunities to submit further requests/plans in the future.
- Following ESSER II application approval and initiation of funds draw down, districts will be required to report to the Commissioner's Task Force on ESSER II expenditures and impact on a monthly basis throughout the program. This ESSER II reporting will be required as a part of regular ESSER program reporting, which will capture past expenditures across funding streams (ESSER I, ESSER I SPED, ESSER II, ESSER II SPED, ESSER II KSDE Per Student Allocation). Districts may be asked to provide expenditures by fund, function, object, account, and ESSER II allowable use as part of ongoing ESSER reporting.
This reporting will not replace any reporting required by the federal government. KSDE will work to maximize compatibility between its reporting requirements and those of the federal government as much as possible to minimize burden on districts.

Please download and complete the ESSER II application template here to provide details on ESSER II budgeted expenditures across allowable uses and KSDE accounting codes.

Local Education Agency (LEA) Assurances

Section I. General Grant Assurances for Federal Funds

Throughout the period of the grant award, the LEA will comply with all requirements of:
The LEA will make a good faith effort, on a continuing basis, to maintain a drug-free workplace, in accordance with the measures in 34 CFR Part 84, Subpart B and the Drug-Free Workplace Act of 1988;
The Education Department General Administrative Regulations (EDGAR) 34 CFR 76 requirements, including:
34 CFR §76.500(a) Federal statutes and regulations on nondiscrimination.
   (a) A State and a subgrantee shall comply with the following statutes and regulations:
   • Discrimination on the basis of race, color, or national origin | Title VI of the Civil Rights Act of 1964 (45 U.S.C. 2000d through 2000d-4) | 34 CFR part 100.
   • Discrimination on the basis of age | The Age Discrimination Act (42 U.S.C. 6101 et seq.) | 34 CFR part 110.

(b) A State or subgrantee that is a covered entity as defined in §108.3 of this title shall comply with the nondiscrimination requirements of the Boy Scouts of America Equal Access Act, 20 U.S.C. 7905, 34 CFR part 108.
   (Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))
   34 CFR §76.650 Private schools; purpose of §§76.651-76.662.
   (a) Under some programs, the authorizing statute requires that a State and its subgrantees provide for participation by students enrolled in private schools. Sections 76.651-76.662 apply to those programs and provide rules for that participation. These sections do not affect the authority of the State or a subgrantee to enter into a contract with a private party.
   (b) If any other rules for participation of students enrolled in private schools apply under a particular program, they are in the authorizing statute or implementing regulations for that program.
   (Authority: 20 U.S.C. 1221e-3 and 3474)
   34 CFR §76.700 Compliance with statutes, regulations, State plan, and applications.
   A State and a subgrantee shall comply with the State plan and applicable statutes, regulations, and approved applications, and shall use Federal funds in accordance with those statutes, regulations, plan, and applications.
   (Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))
   34 CFR §76.701 The State or subgrantee administers or supervises each project.
   A State or a subgrantee shall directly administer or supervise the administration of each project.
   (Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))
   34 CFR §76.702 Fiscal control and fund accounting procedures.
   A State and a subgrantee shall use fiscal control and fund accounting procedures that insure proper disbursement of and accounting for Federal funds.
   (Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))
34 CFR §76.709 Funds may be obligated during a “carryover period.”
(a) If a State or a subgrantee does not obligate all of its grant or subgrant funds by the end of the fiscal year for which Congress appropriated the funds, it may obligate the remaining funds during a carryover period of one additional fiscal year.
(b) The State shall return to the Federal Government any carryover funds not obligated by the end of the carryover period by the State and its subgrantees.

(Authority: U.S.C. 1221e-3, 1225(b), and 3474)

34 CFR §76.722 Subgrantee reporting requirements.
A State may require a subgrantee to submit reports in a manner and format that assists the State in complying with the requirements under 34 CFR 76.720 and in carrying out other responsibilities under the program.

(Authority: 20 U.S.C. 1221e-3, 1231a, and 3474)
[72 FR 3703, Jan. 25, 2007]

34 CFR §76.730 Records related to grant funds.
A State and a subgrantee shall keep records that fully show:
(a) The amount of funds under the grant or subgrant;
(b) How the State or subgrantee uses the funds;
(c) The total cost of the project;
(d) The share of that cost provided from other sources; and
(e) Other records to facilitate an effective audit.

(Approved by the Office of Management and Budget under control number 1880-0513)
(Authority: 20 U.S.C. 1232f)

34 CFR §76.731 Records related to compliance.
A State and a subgrantee shall keep records to show its compliance with program requirements.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))
The Uniform Grant Guidance, 2 CFR §200 all applicable subrecipient requirements, including but not limited to:
2 CFR Subpart D – Post Federal Award Requirements
§200.302 Financial management.
§200.303 Internal controls.
§200.305 Payment.
§200.313 Equipment.
§200.314 Supplies.
§200.318 General procurement standards.
§200.320 Methods of procurement to be followed;
2 CFR 200 Subpart E: Cost Principles:
§200.403 Factors affecting allowability of costs.
§200.404 Reasonable costs.
§200.405 Allocable costs.
§200.413 Direct costs.
§200.415 Required certifications.
§200.430 Compensation—personal services.
The Debarment and Suspension, 34 CFR Part 85, Section 85.510, Participants’ Responsibilities and makes the following certification by signing this application:
The prospective lower-tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.
Where the prospective lower-tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.
This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 for such failure.
Section II. Specific Elementary and Secondary School Emergency Relief (ESSER) Grant Assurances

The LEA assures that funds shall only be used for any of the following:

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.

- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.

- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.

- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.

- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.

- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.

- Planning for and coordinating during long-term closures, including for how to provide meals to eligible students, how to provide technology for online learning to all students, how to provide guidance for carrying out requirements under the Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.) and how to ensure other educational services can continue to be provided consistent with all Federal, State, and local requirements.

- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and students with disabilities, which may include assistive technology or adaptive equipment.

- Providing mental health services and supports.

- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low income students, students with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.

- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by—(A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.

- School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.

- Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.

- Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.
Throughout the period of the grant award, the LEA shall comply with all applicable requirements of the Elementary and Secondary School Emergency Relief (ESSER) authorized by the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSAA), including:

CONTINUED PAYMENT TO EMPLOYEES

SEC. 18006. A local educational agency, State, institution of higher education, or other entity that receives funds under “Education Stabilization Fund”, shall to the greatest extent practicable, continue to pay its employees and contractors during the period of any disruptions or closures related to coronavirus.

Certification

To the best of my knowledge and belief, all the information and data in this agreement are true and correct. I acknowledge and agree that the failure to comply with all Assurances and Certifications in this Agreement, all relevant provisions and requirements of the CARES Act, Pub. L. No. 116-136 (March 27, 2020), or any other applicable law or regulation may result in liability under the False Claims Act, 31 U.S.C. § 3729, et seq.; OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485; and 18 USC § 1001, as appropriate.

Application details
The impacts of the pandemic can be seen in a variety of substantial ways.

Student enrollment declined by 30. Some chose alternate and or home-school situations as a response to the pandemic. The loss of formalized learning within the school community will likely become evident as they return with the improving health situation. We anticipate learning gaps with those students.

Loss of Learning. 1)School closure in the spring of 2020 and subsequent shorter closures during this school year 2)Change in school structure/operations as a result of health mitigation efforts- Our protocols for tiered support were changed in response to these efforts. We chose to prevent mixing between groups and therefore were unable to serve students fully with our intervention and progress monitoring activities. This contributed to a lack of growth and even decline in our struggling students. Our local data continues to reveal stagnation and even learning loss.

Our Fall to Winter FastBridge assessments showed overall drops in the percentage of students above the benchmark in math for eight of the nine groups completing that screener. Seven of the nine groups, when comparing a “normal” fall to the “pandemic” fall showed a negative percentage change of students above benchmark. The percentage of elementary students who scored in the high risk category also increased.

One-fourth of our high school students show flat line growth on the aMath assessment. Course failure rates at the high school were increased by nearly 30 percent. Many of those students failed more than one class.

Does the district have remaining ESSER I funding that it has not yet spent as of

Yes
Please summarize how the district will use its remaining ESSER I and ESSER I SPED funding and what it hopes to accomplish with these funds.

Closing out this year will exhaust our ESSER I funds. Our students demonstrate the need for academic and social-emotional support that will require additional funding outside of the funds of our budget. Funds are needed to operate a summer learning recovery center in each of our three buildings. This will range from Pre-K through Grade 12 and will be geared to at-risk students who have demonstrated the greatest negative impact from the pandemic. Funding for the summer school program will include salaries and payroll costs for staffing, transportation and food service costs, curriculum/materials/supplies, and related expenses. This program will begin in June of 2021 and run for one month.

Please review the following allowable uses of ESSER II funds before completing the narrative and Excel template portion of the application.

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.
- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.
- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.
- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.
- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.
- Planning for, coordinating, and implementing activities during long-term closures, including providing meals to eligible students, providing technology for online learning to all students, providing guidance for carrying out requirements under the IDEA and ensuring other educational services can continue to be provided consistent with all Federal, State, and local requirements.
- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and children with disabilities, which may include assistive technology or adaptive equipment.
- Providing mental health services and supports.
- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low-income students, children with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.
- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing
information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.

- School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.
- Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.
- Developing strategies and implementing public health protocols for the reopening and operation of school facilities.
- Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Please note: "Developing strategies and implementing public health protocols for the reopening and operation of school facilities," identified as an allowable use under ESSER III in the American Rescue Plan, is also permissible under ESSER II.

Plan for ESSER II Direct District Allocation and KSDE Per-Student Additional Allocation (If Applicable)

Please summarize how the district proposes using its ESSER II direct district allocation (and its KSDE per-student additional allocation, if applicable) to address incremental COVID-19 needs.

Closing out this year will exhaust our ESSER I funds. Our students demonstrate the need for academic and social-emotional support that will require additional funding outside of the funds of our budget. Funds are needed to operate a summer learning recovery center in each of our three buildings. This will range from Pre-K through Grade 12 and will be geared to at-risk students who have demonstrated the greatest negative impact from the pandemic. Funding for the summer school program will include salaries and payroll costs for staffing, transportation and food service costs, curriculum/materials/supplies, and related expenses. This program will begin in June of 2021 and run for one month.

Looking to the 2021-22 school year, we have identified several preliminary needs including, but not limited to:

- Extended learning (after school programming)
- Professional development needs of certified staff and student support staff
- Additional support staff to enable cohesive intervention with our MTSS programming
- Access to instructional coaching
- Memberships to consortiums as a resource for our teachers and staff as they work to address the unique needs of a variety of students impacted by the pandemic
- More certified staff to address literacy and math
- Additional district social worker
- Assessment tools to identify student growth in math, literacy, and social-emotional health.
- Curricular resources for math, literacy and social-emotional intervention
- Academic and positive supports to ensure students earn their HS diploma- We will offer a J.A.G. program in our high school.
- Mentoring programming (Teammates).
- Resource Room replacement- Due to the pandemic, our elementary school lost a valuable resource room. The “Amygdala Room” was an effective resource for students who were dysregulated. It was staffed by an experienced social-emotional staff member. The room had to be repurposed for use with students showing symptoms of COVID-19 and needing isolation.

How will the district determine the impact of its ESSER II direct district allocation expenditures (and additional per-student allocation, if applicable) on students?

USD 415 will frequently measure our impact in the following ways:

- Formative and Summative local data (screener, progress monitoring for academic and social-emotional learning, climate perception data)
- Attendance Rates
- Progress towards graduation and Graduation Rates
- State Assessments
Notes on ESSER II application Excel template:

- Plans and budgets should be submitted for at least a 12 month period but do not need to account for the full duration of the program or the full allocation amount. Funds will remain accessible to the LEA until September 30, 2023 and there will be additional opportunities to submit further requests/plans in the future.
- Following ESSER II application approval and initiation of funds draw down, districts will be required to report to the Commissioner's Task Force on ESSER II expenditures and impact on a monthly basis throughout the program. This ESSER II reporting will be required as a part of regular ESSER program reporting, which will capture past expenditures across funding streams (ESSER I, ESSER I SPED, ESSER II, ESSER II SPED, ESSER II KSDE Per Student Allocation). Districts may be asked to provide expenditures by fund, function, object, account, and ESSER II allowable use as part of ongoing ESSER reporting.
- This reporting will not replace any reporting required by the federal government. KSDE will work to maximize compatibility between its reporting requirements and those of the federal government as much as possible to minimize burden on districts.

Please download and complete the ESSER II application template here to provide details on ESSER II budgeted expenditures across allowable uses and KSDE accounting codes.

Local Education Agency (LEA) Assurances

Section I. General Grant Assurances for Federal Funds

Throughout the period of the grant award, the LEA will comply with all requirements of:
The LEA will make a good faith effort, on a continuing basis, to maintain a drug-free workplace, in accordance with the measures in 34 CFR Part 84, Subpart B and the Drug-Free Workplace Act of 1988;
The Education Department General Administrative Regulations (EDGAR) 34 CFR 76 requirements, including:
34 CFR §76.500(a) Federal statutes and regulations on nondiscrimination.

(a) A State and a subgrantee shall comply with the following statutes and regulations:
- Discrimination on the basis of age | The Age Discrimination Act (42 U.S.C. 6101 et seq.) | 34 CFR part 110.

(b) A State or subgrantee that is a covered entity as defined in §108.3 of this title shall comply with the nondiscrimination requirements of the Boy Scouts of America Equal Access Act, 20 U.S.C. 7905, 34 CFR part 108.
(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))
34 CFR §76.650 Private schools; purpose of §§76.651-76.662.

(a) Under some programs, the authorizing statute requires that a State and its subgrantees provide for participation by students enrolled in private schools. Sections 76.651-76.662 apply to those programs and provide rules for that participation. These sections do not affect the authority of the State or a subgrantee to enter into a contract with a private party.
(b) If any other rules for participation of students enrolled in private schools apply under a particular program, they are in the authorizing statute or implementing regulations for that program.
(Authority: 20 U.S.C. 1221e-3 and 3474)
34 CFR §76.700 Compliance with statutes, regulations, State plan, and applications.
A State and a subgrantee shall comply with the State plan and applicable statutes, regulations, and approved applications, and
shall use Federal funds in accordance with those statutes, regulations, plan, and applications.
(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.701 The State or subgrantee administers or supervises each project.
A State or a subgrantee shall directly administer or supervise the administration of each project.
(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.702 Fiscal control and fund accounting procedures.
A State and a subgrantee shall use fiscal control and fund accounting procedures that insure proper disbursement of and accounting for Federal funds.
(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.709 Funds may be obligated during a “carryover period.”
(a) If a State or a subgrantee does not obligate all of its grant or subgrant funds by the end of the fiscal year for which Congress appropriated the funds, it may obligate the remaining funds during a carryover period of one additional fiscal year.
(b) The State shall return to the Federal Government any carryover funds not obligated by the end of the carryover period by the State and its subgrantees.
(Authority: U.S.C. 1221e-3, 1225(b), and 3474)

34 CFR §76.722 Subgrantee reporting requirements.
A State may require a subgrantee to submit reports in a manner and format that assists the State in complying with the requirements under 34 CFR 76.720 and in carrying out other responsibilities under the program.
(Authority: 20 U.S.C. 1221e-3, 1231a, and 3474)

[72 FR 3703, Jan. 25, 2007]

34 CFR §76.730 Records related to grant funds.
A State and a subgrantee shall keep records that fully show:
(a) The amount of funds under the grant or subgrant;
(b) How the State or subgrantee uses the funds;
(c) The total cost of the project;
(d) The share of that cost provided from other sources; and
(e) Other records to facilitate an effective audit.
(Approved by the Office of Management and Budget under control number 1880-0513)
(Authority: 20 U.S.C. 1232f)

34 CFR §76.731 Records related to compliance.
A State and a subgrantee shall keep records to show its compliance with program requirements.
(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))
The Uniform Grant Guidance, 2 CFR §200 all applicable subrecipient requirements, including but not limited to:
2 CFR Subpart D – Post Federal Award Requirements
§200.302 Financial management.
§200.303 Internal controls.
§200.305 Payment.
§200.313 Equipment.
§200.314 Supplies.
§200.318 General procurement standards.
§200.320 Methods of procurement to be followed;
2 CFR 200 Subpart E: Cost Principles:
§200.403 Factors affecting allowability of costs.
§200.404 Reasonable costs.
§200.405 Allocable costs.
§200.413 Direct costs.
§200.415 Required certifications.
§200.430 Compensation—personal services.
The Debarment and Suspension, 34 CFR Part 85, Section 85.510, Participants’ Responsibilities and makes the following certification by signing this application:
The prospective lower-tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.

Where the prospective lower-tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 for such failure.

**Section II. Specific Elementary and Secondary School Emergency Relief (ESSER) Grant Assurances**

The LEA assures that funds shall only be used for any of the following:

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.
- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.
- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.
- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.
- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.
- Planning for and coordinating during long-term closures, including for how to provide meals to eligible students, how to provide technology for online learning to all students, how to provide guidance for carrying out requirements under the Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.) and how to ensure other educational services can continue to be provided consistent with all Federal, State, and local requirements.
- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and students with disabilities, which may include assistive technology or adaptive equipment.
- Providing mental health services and supports.
- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low income students, students with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.
- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by—(A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students' academic progress and assist educators in meeting students' academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing
information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.

- School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.
- Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.
- Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Throughout the period of the grant award, the LEA shall comply with all applicable requirements of the Elementary and Secondary School Emergency Relief (ESSER) authorized by the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSAA), including:

**CONTINUED PAYMENT TO EMPLOYEES**

SEC. 18006. A local educational agency, State, institution of higher education, or other entity that receives funds under "Education Stabilization Fund", shall to the greatest extent practicable, continue to pay its employees and contractors during the period of any disruptions or closures related to coronavirus.

**Certification**

To the best of my knowledge and belief, all the information and data in this agreement are true and correct. I acknowledge and agree that the failure to comply with all Assurances and Certifications in this Agreement, all relevant provisions and requirements of the CARES Act, Pub. L. No. 116-136 (March 27, 2020), or any other applicable law or regulation may result in liability under the False Claims Act, 31 U.S.C. § 3729, et seq.; OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485; and 18 USC § 1001, as appropriate.

Canton, Kansas 67428
Please briefly describe the impacts of COVID-19 on the district and its Pre-K through 12 students, including any relevant data where possible (e.g., cost impact, learning loss, emotional impact on students). If there has been a disproportionate impact on a special population in the district (e.g., students with disabilities, English Learners, students in foster care, students in poverty, etc.), please describe the impact and provide the number of Pre-K through 12 students in that population.

The effect of remote schooling at the end of last year, number of missed days this year due to COVID illness and/or quarantine, and the stress of COVID is apparent in the number of students struggling to maintain passing grades. Students receiving Fs this year is up about 25% from last year at the jr./sr. high school. District-wide Maps testing scores are showing negative growth as well. At the jr./sr. high school, we have five at-risk students who are remote, all have had trouble keeping up with schoolwork and attaining passing grades. We had five students enroll in online classes due to the anxiety of coming to school.

We have seen a definite increase in apathy, stress, and anxiety during COVID. Our student advocate at the elementary indicated that 30 students are in individual counseling, and five recent additions were due to anxiety or motivational issues. The stress is not only taking a toll on our students, but our staff as well. Multiple staff members have stated that when they go home, they have very little energy or motivation. It has been reported that preparing lessons for remote students takes an additional 45 – 50 minutes per day, in addition to preparing for their in-person students.

Moving forward we have plans this summer to continue counseling services for students, providing tutorial services in reading for kindergarten - 2nd grade students who are currently receiving title services, and hosting summer school sessions for elementary and jr/sr high school students.
Does the district have remaining ESSER I funding that it has not yet spent as of the date of ESSER II application submission?

Yes

Please summarize how the district will use its remaining ESSER I and ESSER I SPED funding and what it hopes to accomplish with these funds.

We only have ESSER I SPED funding available. We are waiting for direction from our SPED cooperative. Once they have a need/plan for those dollars, they will have us draw down the remaining funds.

Please review the following allowable uses of ESSER II funds before completing the narrative and Excel template portion of the application.

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.
- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.
- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.
- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.
- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.
- Planning for, coordinating, and implementing activities during long-term closures, including providing meals to eligible students, providing technology for online learning to all students, providing guidance for carrying out requirements under the IDEA and ensuring other educational services can continue to be provided consistent with all Federal, State, and local requirements.
- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and children with disabilities, which may include assistive technology or adaptive equipment.
- Providing mental health services and supports.
- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low-income students, children with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.
- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.
School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.

Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.

Developing strategies and implementing public health protocols for the reopening and operation of school facilities.

Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Please note: "Developing strategies and implementing public health protocols for the reopening and operation of school facilities," identified as an allowable use under ESSER III in the American Rescue Plan, is also permissible under ESSER II.

**Plan for ESSER II Direct District Allocation and KSDE Per-Student Additional Allocation (If Applicable)**

Please summarize how the district proposes using its ESSER II direct district allocation (and its KSDE per-student additional allocation, if applicable) to address incremental COVID-19 needs.

Canton-Galva USD 419 currently has plans to provide summer tutoring services, summer school for both elementary and jr./sr high students, and K-12 summer counseling services. ESSER II allocations would be used to provide these services for our students. Expenses associated with these services include salaries for teachers, administrators, counselors, aides, custodians, and bus drivers. Any teaching supplies and/or equipment needed would also be purchased using the funds. Fund would also be used to hire an at-risk facilitator during the school year. This person would facilitate credit recovery courses, after-school programs, and Edgenuity courses.

How will the district determine the impact of its ESSER II direct district allocation expenditures (and additional per-student allocation, if applicable) on students?

Pre and post testing would be used to measure the impact of summer school. During the school year we would also look at testing scores such as Maps, Aimsweb, etc. and monitor the number of students needing credit recovery classes. The number of students requesting counseling services would also be an indicator of the emotional impact.

**Notes on ESSER II application Excel template:**

- Plans and budgets should be submitted for at least a 12 month period but do not need to account for the full duration of the program or the full allocation amount. Funds will remain accessible to the LEA until September 30, 2023 and there will be additional opportunities to submit further requests/plans in the future.
- Following ESSER II application approval and initiation of funds draw down, districts will be required to report to the Commissioner's Task Force on ESSER II expenditures and impact on a monthly basis throughout the program. This ESSER II reporting will be required as a part of regular ESSER program reporting, which will capture past expenditures across funding streams (ESSER I, ESSER I SPED, ESSER II, ESSER II SPED, ESSER II KSDE Per Student Allocation). Districts may be asked to provide expenditures by fund, function, object, account, and ESSER II allowable use as part of ongoing ESSER reporting.
- This reporting will not replace any reporting required by the federal government. KSDE will work to maximize compatibility between its reporting requirements and those of the federal government as much as possible to minimize burden on districts.

Please download and complete the ESSER II application template [here](#) to provide details on ESSER II budgeted expenditures across allowable uses and KSDE accounting codes.

Please download and complete the ESSER II application template here to provide details on ESSER II budgeted expenditures across allowable uses and KSDE accounting codes.
Local Education Agency (LEA) Assurances

Section I. General Grant Assurances for Federal Funds

Throughout the period of the grant award, the LEA will comply with all requirements of:
The LEA will make a good faith effort, on a continuing basis, to maintain a drug-free workplace, in accordance with the measures in 34 CFR Part 84, Subpart B and the Drug-Free Workplace Act of 1988;
The Education Department General Administrative Regulations (EDGAR) 34 CFR 76 requirements, including:
34 CFR §76.500(a) Federal statutes and regulations on nondiscrimination.
(a) A State and a subgrantee shall comply with the following statutes and regulations:
- Discrimination on the basis of age | The Age Discrimination Act (42 U.S.C. 6101 et seq.) 34 CFR part 110.
(b) A State or subgrantee that is a covered entity as defined in §108.3 of this title shall comply with the nondiscrimination requirements of the Boy Scouts of America Equal Access Act, 20 U.S.C. 7905, 34 CFR part 108.
(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))
34 CFR §76.650 Private schools; purpose of §§76.651-76.662.
(a) Under some programs, the authorizing statute requires that a State and its subgrantees provide for participation by students enrolled in private schools. Sections 76.651-76.662 apply to those programs and provide rules for that participation. These sections do not affect the authority of the State or a subgrantee to enter into a contract with a private party.
(b) If any other rules for participation of students enrolled in private schools apply under a particular program, they are in the authorizing statute or implementing regulations for that program.
(Authority: 20 U.S.C. 1221e-3 and 3474)
34 CFR §76.700 Compliance with statutes, regulations, State plan, and applications.
A State and a subgrantee shall comply with the State plan and applicable statutes, regulations, and approved applications, and shall use Federal funds in accordance with those statutes, regulations, plan, and applications.
(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))
34 CFR §76.701 The State or subgrantee administers or supervises each project.
A State or a subgrantee shall directly administer or supervise the administration of each project.
(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))
34 CFR §76.702 Fiscal control and fund accounting procedures.
A State and a subgrantee shall use fiscal control and fund accounting procedures that insure proper disbursement of and accounting for Federal funds.
(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))
34 CFR §76.709 Funds may be obligated during a “carryover period.”
(a) If a State or a subgrantee does not obligate all of its grant or subgrant funds by the end of the fiscal year for which Congress appropriated the funds, it may obligate the remaining funds during a carryover period of one additional fiscal year.
(b) The State shall return to the Federal Government any carryover funds not obligated by the end of the carryover period by the State and its subgrantees.
(Authority: U.S.C. 1221e-3, 1225(b), and 3474)
34 CFR §76.722 Subgrantee reporting requirements.
A State may require a subgrantee to submit reports in a manner and format that assists the State in complying with the requirements under 34 CFR 76.720 and in carrying out other responsibilities under the program.
(Authority: 20 U.S.C. 1221e-3, 1231a, and 3474)
[72 FR 3703, Jan. 25, 2007]
34 CFR §76.730 Records related to grant funds.
A State and a subgrantee shall keep records that fully show:
(a) The amount of funds under the grant or subgrant;
(b) How the State or subgrantee uses the funds;
(c) The total cost of the project;
(d) The share of that cost provided from other sources; and
(e) Other records to facilitate an effective audit.
(Approved by the Office of Management and Budget under control number 1880-0513)
(Authority: 20 U.S.C. 1232f)

34 CFR §76.731 Records related to compliance.
A State and a subgrantee shall keep records to show its compliance with program requirements.
(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))
The Uniform Grant Guidance, 2 CFR §200 all applicable subrecipient requirements, including but not limited to:
2 CFR Subpart D – Post Federal Award Requirements
§200.302 Financial management.
§200.303 Internal controls.
§200.305 Payment.
§200.313 Equipment.
§200.314 Supplies.
§200.318 General procurement standards.
§200.320 Methods of procurement to be followed;
2 CFR 200 Subpart E: Cost Principles:
§200.403 Factors affecting allowability of costs.
§200.404 Reasonable costs.
§200.405 Allocable costs.
§200.413 Direct costs.
§200.415 Required certifications.
§200.430 Compensation—personal services.
The Debarment and Suspension, 34 CFR Part 85, Section 85.510, Participants' Responsibilities and makes the following certification by signing this application:
The prospective lower-tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.
Where the prospective lower-tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.
This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 for such failure.

Section II. Specific Elementary and Secondary School Emergency Relief (ESSER) Grant Assurances
The LEA assures that funds shall only be used for any of the following:
- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to
• Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.

• Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.

• Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.

• Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.

• Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.

• Planning for and coordinating during long-term closures, including for how to provide meals to eligible students, how to provide technology for online learning to all students, how to provide guidance for carrying out requirements under the Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.) and how to ensure other educational services can continue to be provided consistent with all Federal, State, and local requirements.

• Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and students with disabilities, which may include assistive technology or adaptive equipment.

• Providing mental health services and supports.

• Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low income students, students with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.

• Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by—(A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.

• School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.

• Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.

• Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Throughout the period of the grant award, the LEA shall comply with all applicable requirements of the Elementary and Secondary School Emergency Relief (ESSER) authorized by the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSAA), including:

CONTINUED PAYMENT TO EMPLOYEES

SEC. 18006. A local educational agency, State, institution of higher education, or other entity that receives funds under “Education Stabilization Fund”, shall to the greatest extent practicable, continue to pay its employees and contractors during the period of any disruptions or closures related to coronavirus.

**Certification**

To the best of my knowledge and belief, all the information and data in this agreement are true and correct. I acknowledge and agree that the failure to comply with all Assurances and Certifications in this Agreement, all relevant provisions and requirements of the CARES Act, Pub. L. No. 116-136 (March 27, 2020), or any other applicable law or regulation may result in
liability under the False Claims Act, 31 U.S.C. § 3729, et seq.; OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485; and 18 USC § 1001, as appropriate.

Application details

Full District Name

Abilene Public Schools

District Number

435
Please briefly describe the impacts of COVID-19 on the district and its Pre-K through 12 students, including any relevant data where possible (e.g., cost impact, learning loss, emotional impact on students). If there has been a disproportionate impact on a special population in the district (e.g., students with disabilities, English Learners, students in foster care, students in poverty, etc.), please describe the impact and provide the number of Pre-K through 12 students in that population.

The FastBridge Reading data for this past fall and winter is alarming. The primary students in the district (PK-1) have been introduced to phonemic awareness and basic phonics through the interfering factor of masks. Although teachers have worked to provide video lessons to mitigate the spread of COVID-19, the loss of explicit, eyeball to eyeball instruction is apparent as this year’s 1st and 2nd graders performed 15% points and 9% points below last year’s 1st and 2nd graders. Overall, the elementary students are performing 10% points lower than before COVID-19. There is also a slight drop in reading at the middle school level (6-8). The high school students appear to be holding their own.

The FastBridge Math data results for the same time-frame, although not as alarming were also concerning. The primary grades performed 10% lower and the 6th-8th grades performed 7% lower. High school math performance did not present a concern as the 9-11th graders actually performed an average of 7% points better!

The FastBridge SAEBRES (Social, Academic, Emotional Behavior Risk Screener) indicates our district currently has between 15 to 25 students at each grade level who is at “some risk” in the areas of social, academic or emotional behavior. Anecdotally, the teachers and administrators are aware of several students who almost completely shut down during the eight weeks of continuous learning in the spring of 2020 as well as during the three to six weeks of remote learning (depending on the building) during the first semester of 2020-2021.

Does the district have remaining ESSER I funding that it has not yet spent as of the date of ESSER II application submission?  
| Yes |
Please summarize how the district will use its remaining ESSER I and ESSER I SPED funding and what it hopes to accomplish with these funds.

We are waiting on the arrival of some additional cleaning tools to mitigate the spread of COVID-19. With one-month left in school, we may also have a few dollars spent on the additional instructional staff we put in place.

Please review the following allowable uses of ESSER II funds before completing the narrative and Excel template portion of the application.

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.
- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.
- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.
- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.
- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.
- Planning for, coordinating, and implementing activities during long-term closures, including providing meals to eligible students, providing technology for online learning to all students, providing guidance for carrying out requirements under the IDEA and ensuring other educational services can continue to be provided consistent with all Federal, State, and local requirements.
- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and children with disabilities, which may include assistive technology or adaptive equipment.
- Providing mental health services and supports.
- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low-income students, children with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.
- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.
- School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.
- Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.
• Developing strategies and implementing public health protocols for the reopening and operation of school facilities.
• Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Please note: "Developing strategies and implementing public health protocols for the reopening and operation of school facilities," identified as an allowable use under ESSER III in the American Rescue Plan, is also permissible under ESSER II.

Plan for ESSER II Direct District Allocation and KSDE Per-Student Additional Allocation (If Applicable)

Please summarize how the district proposes using its ESSER II direct district allocation (and its KSDE per-student additional allocation, if applicable) to address incremental COVID-19 needs.

Abilene USD #435 is planning to utilize ESSER II funds to shore up the learning gaps that have occurred during the COVID-19 challenge.

TEACHING & LEARNING:

Summer Enrichment: The district is preliminarily planning to allocate at least $50,000 toward summer enrichment programs during the next three years. The leadership in our district has a goal to improve the academic progress as measured on the FastBridge universal screener each of the next three fall terms (21-22, 22-23 and 23-24).

9-12 Summer Credit Recovery: Students who have failed required courses during the 2020-2021 school year will be provided the opportunity to regain those credits via the Edgenuity platform used by our Abilene Virtual School.

Additional Academic Support for the 2021-2022 Academic Year: The district is planning to allocate at least $20,000 to provide instructional support for the after-school program. The support will include, but not be limited to homework assistance, tutoring sessions and enrichment lessons at the three elementary schools and the middle school.

STUDENT MOBILITY, FACILITIES & INFRASTRUCTURE

Air Quality: The district is interested in partnering with a reputable HVAC organization to conduct an air quality survey in each of the five school buildings. This work will assist our district as we hope to establish a system that promotes the health of the students and staff.

Considerations will be given to air purification systems, ultraviolet light systems, disinfecting equipment.

FAMILY OUTREACH & SUPPORT

We have found approximately 15% of the City of Abilene's adult population have not earned a high school diploma. We believe there may be a significant number of parents who lost their jobs because of COVID-19. We want to work to improve the employ-ability of our parents.

The district will also look for ways to broaden the scope of mental health services through the district's partnership with Central Kansas Mental Health.

How will the district determine the impact of its ESSER II direct district allocation expenditures (and additional per-student allocation, if applicable) on students?

Abilene USD #435 routinely uses online surveys. A survey is currently being developed to assist district and community leaders with the development of instructional supports and community outreach.

An annual survey will be used to determine the impact of the systems put in place. District leaders believe several of these efforts will continue even after the availability of ESSER funding.

Several of these efforts should have a positive influence on the school system's accreditation measures. With this in mind, we we routinely review academic data which will be included in the annual reporting for the Outside Visitation Team.
Notes on ESSER II application Excel template:

- Plans and budgets should be submitted for at least a 12 month period but do not need to account for the full duration of the program or the full allocation amount. Funds will remain accessible to the LEA until September 30, 2023 and there will be additional opportunities to submit further requests/plans in the future.
- Following ESSER II application approval and initiation of funds draw down, districts will be required to report to the Commissioner's Task Force on ESSER II expenditures and impact on a monthly basis throughout the program. This ESSER II reporting will be required as a part of regular ESSER program reporting, which will capture past expenditures across funding streams (ESSER I, ESSER I SPED, ESSER II, ESSER II SPED, ESSER II KSDE Per Student Allocation). Districts may be asked to provide expenditures by fund, function, object, account, and ESSER II allowable use as part of ongoing ESSER reporting.
- This reporting will not replace any reporting required by the federal government. KSDE will work to maximize compatibility between its reporting requirements and those of the federal government as much as possible to minimize burden on districts.

Please download and complete the ESSER II application template here to provide details on ESSER II budgeted expenditures across allowable uses and KSDE accounting codes.

Local Education Agency (LEA) Assurances

Section I. General Grant Assurances for Federal Funds

Throughout the period of the grant award, the LEA will comply with all requirements of:
The LEA will make a good faith effort, on a continuing basis, to maintain a drug-free workplace, in accordance with the measures in 34 CFR Part 84, Subpart B and the Drug-Free Workplace Act of 1988; The Education Department General Administrative Regulations (EDGAR) 34 CFR 76 requirements, including:
34 CFR §76.500(a) Federal statutes and regulations on nondiscrimination.

(a) A State and a subgrantee shall comply with the following statutes and regulations:
- Discrimination on the basis of age | The Age Discrimination Act (42 U.S.C. 6101 et seq.) | 34 CFR part 110.

(b) A State or subgrantee that is a covered entity as defined in §108.3 of this title shall comply with the nondiscrimination requirements of the Boy Scouts of America Equal Access Act, 20 U.S.C. 7905, 34 CFR part 108.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.650 Private schools; purpose of §§76.651-76.662.

(a) Under some programs, the authorizing statute requires that a State and its subgrantees provide for participation by students enrolled in private schools. Sections 76.651-76.662 apply to those programs and provide rules for that participation. These sections do not affect the authority of the State or a subgrantee to enter into a contract with a private party.

(b) If any other rules for participation of students enrolled in private schools apply under a particular program, they are in the authorizing statute or implementing regulations for that program.

(Authority: 20 U.S.C. 1221e-3 and 3474)

34 CFR §76.700 Compliance with statutes, regulations, State plan, and applications.

A State and a subgrantee shall comply with the State plan and applicable statutes, regulations, and approved applications, and
shall use Federal funds in accordance with those statutes, regulations, plan, and applications.
(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.701 The State or subgrantee administers or supervises each project.
A State or a subgrantee shall directly administer or supervise the administration of each project.
(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.702 Fiscal control and fund accounting procedures.
A State and a subgrantee shall use fiscal control and fund accounting procedures that insure proper disbursement of and accounting for Federal funds.
(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.709 Funds may be obligated during a “carryover period.”
(a) If a State or a subgrantee does not obligate all of its grant or subgrant funds by the end of the fiscal year for which Congress appropriated the funds, it may obligate the remaining funds during a carryover period of one additional fiscal year.
(b) The State shall return to the Federal Government any carryover funds not obligated by the end of the carryover period by the State and its subgrantees.
(Authority: U.S.C. 1221e-3, 1225(b), and 3474)

34 CFR §76.722 Subgrantee reporting requirements.
A State may require a subgrantee to submit reports in a manner and format that assists the State in complying with the requirements under 34 CFR 76.720 and in carrying out other responsibilities under the program.
(Authority: 20 U.S.C. 1221e-3, 1231a, and 3474)

34 CFR §76.730 Records related to grant funds.
A State and a subgrantee shall keep records that fully show:
(a) The amount of funds under the grant or subgrant;
(b) How the State or subgrantee uses the funds;
(c) The total cost of the project;
(d) The share of that cost provided from other sources; and
(e) Other records to facilitate an effective audit.
(Approved by the Office of Management and Budget under control number 1880-0513)
(Authority: 20 U.S.C. 1232f)

34 CFR §76.731 Records related to compliance.
A State and a subgrantee shall keep records to show its compliance with program requirements.
(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))
The Uniform Grant Guidance, 2 CFR §200 all applicable subrecipient requirements, including but not limited to:
2 CFR Subpart D – Post Federal Award Requirements
§200.302 Financial management.
§200.303 Internal controls.
§200.305 Payment.
§200.313 Equipment.
§200.314 Supplies.
§200.318 General procurement standards.
§200.320 Methods of procurement to be followed;
2 CFR 200 Subpart E: Cost Principles:
§200.403 Factors affecting allowability of costs.
§200.404 Reasonable costs.
§200.405 Allocable costs.
§200.413 Direct costs.
§200.415 Required certifications.
§200.430 Compensation—personal services.
The Debarment and Suspension, 34 CFR Part 85, Section 85.510, Participants’ Responsibilities and makes the following certification by signing this application:
The prospective lower-tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.

Where the prospective lower-tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 for such failure.

Section II. Specific Elementary and Secondary School Emergency Relief (ESSER) Grant Assurances

The LEA assures that funds shall only be used for any of the following:

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.
- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.
- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.
- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.
- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.
- Planning for and coordinating during long-term closures, including for how to provide meals to eligible students, how to provide technology for online learning to all students, how to provide guidance for carrying out requirements under the Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.) and how to ensure other educational services can continue to be provided consistent with all Federal, State, and local requirements.
- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and students with disabilities, which may include assistive technology or adaptive equipment.
- Providing mental health services and supports.
- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low income students, students with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.
- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by—(A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing
information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.

- School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.
- Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.
- Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Throughout the period of the grant award, the LEA shall comply with all applicable requirements of the Elementary and Secondary School Emergency Relief (ESSER) authorized by the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSAA), including:

CONTINUED PAYMENT TO EMPLOYEES
SEC. 18006. A local educational agency, State, institution of higher education, or other entity that receives funds under "Education Stabilization Fund", shall to the greatest extent practicable, continue to pay its employees and contractors during the period of any disruptions or closures related to coronavirus.

Certification

To the best of my knowledge and belief, all the information and data in this agreement are true and correct. I acknowledge and agree that the failure to comply with all Assurances and Certifications in this Agreement, all relevant provisions and requirements of the CARES Act, Pub. L. No. 116-136 (March 27, 2020), or any other applicable law or regulation may result in liability under the False Claims Act, 31 U.S.C. § 3729, et seq.; OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485; and 18 USC § 1001, as appropriate.

Application details

Full District Name | Skyline Schools

District Number | 438

Mailing Address | 20269 W Us Highway 54
Please briefly describe the impacts of COVID-19 on the district and its Pre-K through 12 students, including any relevant data where possible (e.g., cost impact, learning loss, emotional impact on students). If there has been a disproportionate impact on a special population in the district (e.g., students with disabilities, English Learners, students in foster care, students in poverty, etc.), please describe the impact and provide the number of Pre-K through 12 students in that population.

COVID caused trauma and chaos that has resulted in an increased number of students and families experiencing social emotional challenges. Many students experienced loss of learning opportunity while involved in remote learning. This has been in the form of not keeping up to pace with learning the core content areas, missing out on internships, field trips, etc.

Does the district have remaining ESSER I funding that it has not yet spent as of the date of ESSER II application submission?

Yes

Please summarize how the district will use its remaining ESSER I and ESSER I SPED funding and what it hopes to accomplish with these funds.

The remaining ESSER I funding will be spent on:

1. Hire interventionists and tutors for students in middle and high school. *Students will stay organized and caught up on their school work.
2. Provide training in Professional Learning Communities, organizing data, and Title I compliance. *Our staff will be able to provide more relevant and effective learning opportunities for students by working in PLC’s. Title I is essential to students who are not at grade level in core academics, compliance is essential to our ability to continue that service to students.
3. PK-12 Grade Summer School Opportunities. *Keep students engaged with caring professionals over the summer months, learn academic skills that may have fell behind during remote learning and provide credit recovery for high school students.
5. Extend the contract of the Student and Family Support Coordinator. *This will provide continuation of mental health services for students in the summer months.

Please review the following allowable uses of ESSER II funds before completing the narrative and Excel template portion of the application.

Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.

Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.

Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.

Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.

Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.

Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.

Planning for, coordinating, and implementing activities during long-term closures, including providing meals to eligible students, providing technology for online learning to all students, providing guidance for carrying out requirements under the IDEA and ensuring other educational services can continue to be provided consistent with all Federal, State, and local requirements.

Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and children with disabilities, which may include assistive technology or adaptive equipment.

Providing mental health services and supports.

Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low-income students, children with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.

Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by—(A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.

School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.

Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.

Developing strategies and implementing public health protocols for the reopening and operation of school facilities.

Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Please note: “Developing strategies and implementing public health protocols for the reopening and operation of school facilities,” identified as an allowable use under ESSER III in the American Rescue Plan, is also permissible under ESSER II.

Plan for ESSER II Direct District Allocation and KSDE Per-Student Additional Allocation (If Applicable)
Please summarize how the district proposes using its ESSER II direct district allocation (and its KSDE per-student additional allocation, if applicable) to address incremental COVID-19 needs.

- Summer contract extension for Student Family Support Coordinator.
- Provide PK - 12 summer learning opportunities for continuation of learning and engagement over the summer months.
- Purchase social emotional learning curriculum, supplies, professional development and activities.
- Purchase career exploration curriculum, supplies, professional development and activities.
- Hire staff to provide personalized instruction to students who require intervention, use funds to pay for salary and benefits.
- Hire additional office staff to arrange for subs during times of increased illness, track student attendance, manage student testing, connect assessment data to appropriate intervention, monitor learning gains/losses, etc. Use funds to pay for salary and benefits.
- Hire staff to provide after school tutoring.
- Remodel facilities to provide a larger more efficient health office.
- Purchase cleaning supplies.
- Purchase technology devices for students to take home to increase learning opportunities in summer and during times of school closure.

How will the district determine the impact of its ESSER II direct district allocation expenditures (and additional per-student allocation, if applicable) on students?

Assessment data in math, reading and SEL will be monitored to determine the impact of additional SEL/mental health services over the summer, summer learning activities, the addition of SEL curriculum, and personalized tutoring opportunities. Students IPS's will be examined to see evidence that students in grades 8-12 have career goals and evidence of career exploration experiences. Attendance and tardy rates will be monitored.

Notes on ESSER II application Excel template:

- Plans and budgets should be submitted for at least a 12 month period but do not need to account for the full duration of the program or the full allocation amount. Funds will remain accessible to the LEA until September 30, 2023 and there will be additional opportunities to submit further requests/plans in the future.
- Following ESSER II application approval and initiation of funds draw down, districts will be required to report to the Commissioner's Task Force on ESSER II expenditures and impact on a monthly basis throughout the program. This ESSER II reporting will be required as a part of regular ESSER program reporting, which will capture past expenditures across funding streams (ESSER I, ESSER I SPED, ESSER II, ESSER II SPED, ESSER II KSDE Per Student Allocation). Districts may be asked to provide expenditures by fund, function, object, account, and ESSER II allowable use as part of ongoing ESSER reporting.
- This reporting will not replace any reporting required by the federal government. KSDE will work to maximize compatibility between its reporting requirements and those of the federal government as much as possible to minimize burden on districts.

Please download and complete the ESSER II application template here to provide details on ESSER II budgeted expenditures across allowable uses and KSDE accounting codes.

Local Education Agency (LEA) Assurances

Section I. General Grant Assurances for Federal Funds

Throughout the period of the grant award, the LEA will comply with all requirements of:
The LEA will make a good faith effort, on a continuing basis, to maintain a drug-free workplace, in accordance with the measures in 34 CFR Part 84, Subpart B and the Drug-Free Workplace Act of 1988.

The Education Department General Administrative Regulations (EDGAR) 34 CFR 76 requirements, including:

34 CFR §76.500(a) Federal statutes and regulations on nondiscrimination.

(a) A State and a subgrantee shall comply with the following statutes and regulations:

- Discrimination on the basis of age | The Age Discrimination Act (42 U.S.C. 6101 et seq.) | 34 CFR part 110.

(b) A State or subgrantee that is a covered entity as defined in §108.3 of this title shall comply with the nondiscrimination requirements of the Boy Scouts of America Equal Access Act, 20 U.S.C. 7905, 34 CFR part 108.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.650 Private schools; purpose of §§76.651-76.662.

(a) Under some programs, the authorizing statute requires that a State and its subgrantees provide for participation by students enrolled in private schools. Sections 76.651-76.662 apply to those programs and provide rules for that participation. These sections do not affect the authority of the State or a subgrantee to enter into a contract with a private party.

(b) If any other rules for participation of students enrolled in private schools apply under a particular program, they are in the authorizing statute or implementing regulations for that program.

(Authority: 20 U.S.C. 1221e-3 and 3474)

34 CFR §76.700 Compliance with statutes, regulations, State plan, and applications.

A State and a subgrantee shall comply with the State plan and applicable statutes, regulations, and approved applications, and shall use Federal funds in accordance with those statutes, regulations, plan, and applications.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.701 The State or subgrantee administers or supervises each project.

A State or a subgrantee shall directly administer or supervise the administration of each project.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.702 Fiscal control and fund accounting procedures.

A State and a subgrantee shall use fiscal control and fund accounting procedures that insure proper disbursement of and accounting for Federal funds.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.709 Funds may be obligated during a “carryover period.”

(a) If a State or a subgrantee does not obligate all of its grant or subgrant funds by the end of the fiscal year for which Congress appropriated the funds, it may obligate the remaining funds during a carryover period of one additional fiscal year.

(b) The State shall return to the Federal Government any carryover funds not obligated by the end of the carryover period by the State and its subgrantees.

(Authority: U.S.C. 1221e-3, 1225(b), and 3474)

34 CFR §76.722 Subgrantee reporting requirements.

A State may require a subgrantee to submit reports in a manner and format that assists the State in complying with the requirements under 34 CFR 76.720 and in carrying out other responsibilities under the program.

(Authority: 20 U.S.C. 1221e-3, 1231a, and 3474)

34 CFR §76.730 Records related to grant funds.

A State and a subgrantee shall keep records that fully show:

(a) The amount of funds under the grant or subgrant;

(b) How the State or subgrantee uses the funds;

(c) The total cost of the project;

(d) The share of that cost provided from other sources; and
(e) Other records to facilitate an effective audit.

(Approved by the Office of Management and Budget under control number 1880-0513)

(Authority: 20 U.S.C. 1232f)

34 CFR §76.731 Records related to compliance.

A State and a subgrantee shall keep records to show its compliance with program requirements.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

The Uniform Grant Guidance, 2 CFR §200 all applicable subrecipient requirements, including but not limited to:

2 CFR Subpart D – Post Federal Award Requirements
§200.302 Financial management.
§200.303 Internal controls.
§200.305 Payment.
§200.313 Equipment.
§200.314 Supplies.
§200.318 General procurement standards.
§200.320 Methods of procurement to be followed;
2 CFR 200 Subpart E: Cost Principles:
§200.403 Factors affecting allowability of costs.
§200.404 Reasonable costs.
§200.405 Allocable costs.
§200.413 Direct costs.
§200.415 Required certifications.
§200.430 Compensation—personal services.

The Debarment and Suspension, 34 CFR Part 85, Section 85.510, Participants' Responsibilities and makes the following certification by signing this application:

The prospective lower-tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.

Where the prospective lower-tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 for such failure.

Section II. Specific Elementary and Secondary School Emergency Relief (ESSER) Grant Assurances

The LEA assures that funds shall only be used for any of the following:

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.
- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.
Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.

Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.

Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.

Planning for and coordinating during long-term closures, including for how to provide meals to eligible students, how to provide technology for online learning to all students, how to provide guidance for carrying out requirements under the Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.) and how to ensure other educational services can continue to be provided consistent with all Federal, State, and local requirements.

Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and students with disabilities, which may include assistive technology or adaptive equipment.

Providing mental health services and supports.

Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low-income students, students with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.

Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by—(A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students' academic progress and assist educators in meeting students' academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.

School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.

Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.

Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Throughout the period of the grant award, the LEA shall comply with all applicable requirements of the Elementary and Secondary School Emergency Relief (ESSER) authorized by the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSAA), including:

CONTINUED PAYMENT TO EMPLOYEES
SEC. 18006. A local educational agency, State, institution of higher education, or other entity that receives funds under "Education Stabilization Fund", shall to the greatest extent practicable, continue to pay its employees and contractors during the period of any disruptions or closures related to coronavirus.

Certification
To the best of my knowledge and belief, all the information and data in this agreement are true and correct. I acknowledge and agree that the failure to comply with all Assurances and Certifications in this Agreement, all relevant provisions and requirements of the CARES Act, Pub. L. No. 116-136 (March 27, 2020), or any other applicable law or regulation may result in liability under the False Claims Act, 31 U.S.C. § 3729, et seq.; OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485; and 18 USC § 1001, as appropriate.

Please briefly describe the impacts of COVID-19 on the district and its Pre-K through 12 students, including any relevant data where possible (e.g., cost impact, learning loss, emotional impact on students). If there has been a disproportionate impact on a special population in the district (e.g., students with disabilities, English Learners, students in foster care, students in poverty, etc.), please describe the impact and provide the number of Pre-K through 12 students in that population.

Learning loss for Pre-K through 12 students is the single biggest concern for USD 446. USD 446 has 2100 students. Our learning loss began in March, 2020. Test data shows students returning for the 2020-21 school year experienced substantial learning loss from the absence of in person instruction from March-May, 2020. Overall, the impact from the Spring 2020 varies by grade. The data shows achievement has not widened by race/ethnicity. In reading, students in many grades were performing close to expectations when returning in the Fall, 2020. Students in grades 4,5, were performing behind expectations when we examined mean student growth a percentile and percentile rank scores. Fall 2019 STAR compared to Fall 2020 STAR reading scores identified the following subgroups is lower predicted proficiency rate without remediation on the end of year assessments: Hispanic males/Latino, and White. Utilizing reading data from a second source (Lexia Core 5) found the percent of students above grade level in March compared to the same group of students in or above grade level in August significantly decreased. For Math, Fall 2019 compared to Fall STAR 2020 identified the following at a lower predicted proficiency rate without mediation on end of year assessments: male, female, Hispanic/Latino. The district began the 2020-21 school year offering students the choice of remote or in person instruction. Approximately 525 students/parents chose the
remote option. 56% of these students are failing two or more classes. Additionally, quarantined students (some 4-5 times) have lost in person instruction affecting student outcomes.

Does the district have remaining ESSER I funding that it has not yet spent as of the date of ESSER II application submission?  
Yes

Please summarize how the district will use its remaining ESSER I and ESSER I SPED funding and what it hopes to accomplish with these funds.

Private schools have not spent their allotment.

**Please review the following allowable uses of ESSER II funds before completing the narrative and Excel template portion of the application.**

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.
- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.
- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.
- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.
- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.
- Planning for, coordinating, and implementing activities during long-term closures, including providing meals to eligible students, providing technology for online learning to all students, providing guidance for carrying out requirements under the IDEA and ensuring other educational services can continue to be provided consistent with all Federal, State, and local requirements.
- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and children with disabilities, which may include assistive technology or adaptive equipment.
- Providing mental health services and supports.
- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low-income students, children with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.
- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing
information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.

- School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.
- Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.
- Developing strategies and implementing public health protocols for the reopening and operation of school facilities.
- Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Please note: "Developing strategies and implementing public health protocols for the reopening and operation of school facilities," identified as an allowable use under ESSER III in the American Rescue Plan, is also permissible under ESSER II.

Plan for ESSER II Direct District Allocation and KSDE Per-Student Additional Allocation (If Applicable)

Please summarize how the district proposes using its ESSER II direct district allocation (and its KSDE per-student additional allocation, if applicable) to address incremental COVID-19 needs.

USD 446 plans to add an extensive summer school offering for students behind grade level. Grades 6-12 will attend June 1 through June 25, 2021. The district will offer a jump start summer offering for K-5 from July 19th through July 30th. The district plans to continue offering an expanded summer school going forward. We are in the process of identifying students to attend this summer offering. We will hire staff to meet student needs this summer. The district will provide transportation along with a breakfast and lunch for summer school students. We will open an alternative school for grades 6-12 at the beginning of school in August, 2021 with a goal of enrolling 25 students. We are in the process of identifying an acceptable location. We will need to remodel, equipment and buy the appropriate technology for this new offering. We will use the software Edgenunity for this offering. Our plan is to hire a director along with 2 support aides to support student success. The district is updating and expanding the technology available for the 2500 students and staff in USD 446. Our plan is to purchase additional computers, chromebooks, laptops, printers, charging carts, Ben Q's along supplies and other software and enrichment programs. Because of unreliable HVAC systems at the high school, we plan to make upgrades to these systems to provide better indoor air quality and improve reliability issues. These updates will improve the learning environment for students and staff. The district has plans to add additional staff with a focus on improving reading score. Our plan is to add 4 additional reading specialists along with support support staff to create smaller learning groups for students.

How will the district determine the impact of its ESSER II direct district allocation expenditures (and additional per-student allocation, if applicable) on students?

The entire plan for ESSER II funds is to improve student success and test scores by creating new opportunities for for students. Planning, reviewing and analyzing periodic testing results will drive our focus as we proceed with our plan. With the addition of the alternative school for grades 6-12, the district will provide access for those hard to reach students with another pathway to success. This alternative learning environment is designed to reach students who struggle in the traditional school environment. The expanded summer school will also provide those students in grades 6-12 below grade the opportunity to reach grade level success. The Jump Start Summer Cruise offering for grades K-5 the last 2 from July 19, 2021 through July 30, 2021. Adding additional reading staff will help improve the districts reading and math scores. The improved learning environment at Independence High School provides an environment conducive to student success.

Notes on ESSER II application Excel template:

- Plans and budgets should be submitted for at least a 12 month period but do not need to account for the full duration of the program or the full allocation amount. Funds will remain accessible to the LEA until September 30, 2023 and there will be additional opportunities to submit further requests/plans in the future.
Following ESSER II application approval and initiation of funds draw down, districts will be required to report to the Commissioner's Task Force on ESSER II expenditures and impact on a monthly basis throughout the program. This ESSER II reporting will be required as a part of regular ESSER program reporting, which will capture past expenditures across funding streams (ESSER I, ESSER I SPED, ESSER II, ESSER II SPED, ESSER II KSDE Per Student Allocation). Districts may be asked to provide expenditures by fund, function, object, account, and ESSER II allowable use as part of ongoing ESSER reporting.

This reporting will not replace any reporting required by the federal government. KSDE will work to maximize compatibility between its reporting requirements and those of the federal government as much as possible to minimize burden on districts.

Please download and complete the ESSER II application template here to provide details on ESSER II budgeted expenditures across allowable uses and KSDE accounting codes.

**Local Education Agency (LEA) Assurances**

**Section I. General Grant Assurances for Federal Funds**

Throughout the period of the grant award, the LEA will comply with all requirements of:

The LEA will make a good faith effort, on a continuing basis, to maintain a drug-free workplace, in accordance with the measures in 34 CFR Part 84, Subpart B and the Drug-Free Workplace Act of 1988;

The Education Department General Administrative Regulations (EDGAR) 34 CFR 76 requirements, including:

- 34 CFR §76.500(a) Federal statutes and regulations on nondiscrimination.
  
  (a) A State and a subgrantee shall comply with the following statutes and regulations:
  
  
  
  
  - Discrimination on the basis of age | The Age Discrimination Act (42 U.S.C. 6101 et seq.) | 34 CFR part 110.

(b) A State or subgrantee that is a covered entity as defined in §108.3 of this title shall comply with the nondiscrimination requirements of the Boy Scouts of America Equal Access Act, 20 U.S.C. 7905, 34 CFR part 108.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.650 Private schools; purpose of §§76.651-76.662.

(a) Under some programs, the authorizing statute requires that a State and its subgrantees provide for participation by students enrolled in private schools. Sections 76.651-76.662 apply to those programs and provide rules for that participation. These sections do not affect the authority of the State or a subgrantee to enter into a contract with a private party.

(b) If any other rules for participation of students enrolled in private schools apply under a particular program, they are in the authorizing statute or implementing regulations for that program.

(Authority: 20 U.S.C. 1221e-3 and 3474)

34 CFR §76.700 Compliance with statutes, regulations, State plan, and applications.

A State and a subgrantee shall comply with the State plan and applicable statutes, regulations, and approved applications, and shall use Federal funds in accordance with those statutes, regulations, plan, and applications.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.701 The State or subgrantee administers or supervises each project.

A State or a subgrantee shall directly administer or supervise the administration of each project.
34 CFR §76.702 Fiscal control and fund accounting procedures.
A State and a subgrantee shall use fiscal control and fund accounting procedures that insure proper disbursement of and accounting for Federal funds.

34 CFR §76.709 Funds may be obligated during a “carryover period.”
(a) If a State or a subgrantee does not obligate all of its grant or subgrant funds by the end of the fiscal year for which Congress appropriated the funds, it may obligate the remaining funds during a carryover period of one additional fiscal year.
(b) The State shall return to the Federal Government any carryover funds not obligated by the end of the carryover period by the State and its subgrantees.

34 CFR §76.722 Subgrantee reporting requirements.
A State may require a subgrantee to submit reports in a manner and format that assists the State in complying with the requirements under 34 CFR 76.720 and in carrying out other responsibilities under the program.

34 CFR §76.730 Records related to grant funds.
A State and a subgrantee shall keep records that fully show:
(a) The amount of funds under the grant or subgrant;
(b) How the State or subgrantee uses the funds;
(c) The total cost of the project;
(d) The share of that cost provided from other sources; and
(e) Other records to facilitate an effective audit.

34 CFR §76.731 Records related to compliance.
A State and a subgrantee shall keep records to show its compliance with program requirements.

The Uniform Grant Guidance, 2 CFR §200 all applicable subrecipient requirements, including but not limited to:
§200.302 Financial management.
§200.303 Internal controls.
§200.305 Payment.
§200.313 Equipment.
§200.314 Supplies.
§200.318 General procurement standards.
§200.320 Methods of procurement to be followed;
2 CFR 200 Subpart E – Cost Principles:
§200.403 Factors affecting allowability of costs.
§200.404 Reasonable costs.
§200.405 Allocable costs.
§200.413 Direct costs.
§200.415 Required certifications.
§200.430 Compensation—personal services.

The Debarment and Suspension, 34 CFR Part 85, Section 85.510, Participants’ Responsibilities and makes the following certification by signing this application:
The prospective lower-tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.
Where the prospective lower-tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 for such failure.

**Section II. Specific Elementary and Secondary School Emergency Relief (ESSER) Grant Assurances**

The LEA assures that funds shall only be used for any of the following:

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.

- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.

- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.

- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.

- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.

- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.

- Planning for and coordinating during long-term closures, including for how to provide meals to eligible students, how to provide technology for online learning to all students, how to provide guidance for carrying out requirements under the Individuals with Disabilities Education Act (20 U.S.C. 1400 et seq.) and how to ensure other educational services can continue to be provided consistent with all Federal, State, and local requirements.

- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and students with disabilities, which may include assistive technology or adaptive equipment.

- Providing mental health services and supports.

- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low income students, students with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.

- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.

- School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.
• Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.
• Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Throughout the period of the grant award, the LEA shall comply with all applicable requirements of the Elementary and Secondary School Emergency Relief (ESSER) authorized by the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSAA), including:

CONTINUED PAYMENT TO EMPLOYEES
SEC. 18006. A local educational agency, State, institution of higher education, or other entity that receives funds under “Education Stabilization Fund”, shall to the greatest extent practicable, continue to pay its employees and contractors during the period of any disruptions or closures related to coronavirus.

Certification

To the best of my knowledge and belief, all the information and data in this agreement are true and correct. I acknowledge and agree that the failure to comply with all Assurances and Certifications in this Agreement, all relevant provisions and requirements of the CARES Act, Pub. L. No. 116-136 (March 27, 2020), or any other applicable law or regulation may result in liability under the False Claims Act, 31 U.S.C. § 3729, et seq.; OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485; and 18 USC § 1001, as appropriate.

Applicant details

Thank you for creating a User Profile for the Kansas CommonApp!

Your User Profile will be linked to every application submitted under your login. You can always return to this page to keep your information current.

Select an Applicant Type | Unified School District
Applicant / Entity Name | USD 447 - Cherryvale
Applicant / Mailing Address
| 618 E 4th
| Cherryvale, KS 67335

Applicant / First and Last Name of Owner, CEO, or Executive Director | Shelly Kiblinger, superintendent
Applicant / Email Address of Owner, CEO, or Executive Director | skiblinger@usd447.org
Applicant / Phone Number | 6203368134

All questions in the section below are optional, and offer an opportunity to upload or enter information that is typically asked for on grant opportunities.

(for EANS and ESSER grant applications - please skip the questions below, and scroll to the bottom to complete your User Profile information.)
Please briefly describe the impacts of COVID-19 on the district and its Pre-K through 12 students, including any relevant data where possible (e.g., cost impact, learning loss, emotional impact on students). If there has been a disproportionate impact on a special population in the district (e.g., students with disabilities, English Learners, students in foster care, students in poverty, etc.), please describe the impact and provide the number of Pre-K through 12 students in that population.

Since March, 2020 our students have experienced substantial disruption to their education. Students test scores show they experienced significant "COVID slide" as students started the 2020-21 school year with about twice the "normal" number of students at moderate or severe levels of at-risk for academic performance in reading and math as measured by AIMSweb. High school students showed similar concerns on the ASPIRE, although this was the first year to give the ASPIRE. Most individual students performed at levels lower on their Fall AIMSweb than we would have predicted for them a normal school year, and a higher percentage were in need of intervention that in previous years. Social emotional measures, such as the Communities That Care Survey showed students were still experiencing emotional distress when the survey was administered in January 2021. With 68% of our students being of low socio-economic status, they have few resources to deal with the learning and social disruptions caused by COVID. They have been especially hard hit by the disruption in formal schooling and the loss of typical programming in our community this year. Due to declining enrollment, we have cut teaching positions. This is increasing class sizes, which will be detrimental to both academic and social-emotional supports. We have also reduced custodial staff and must reduce the amount of sanitation and cleaning done in our buildings, dropping back to an every other day schedule for classroom surface disinfecting. This puts our students and staff at risk of infection from COVID 19.

Does the district have remaining ESSER I funding that it has not yet spent as of the date of ESSER II application submission?  
Yes

Please summarize how the district will use its remaining ESSER I and ESSER I SPED funding and what it hopes to accomplish with these funds.
We are using our remaining ESSER I funds to stock up on cleaning supplies and equipment needed for summer school. We also have some journal transfers that need to be made to reimburse the district for additional counseling services and substitutes paid for COVID-related leaves earlier this year. This will spend out the rest of our ESSER I funds. We will have these expended by the end of May, 2021.

Please review the following allowable uses of ESSER II funds before completing the narrative and Excel template portion of the application.

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.
- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.
- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.
- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.
- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.
- Planning for, coordinating, and implementing activities during long-term closures, including providing meals to eligible students, providing technology for online learning to all students, providing guidance for carrying out requirements under the IDEA and ensuring other educational services can continue to be provided consistent with all Federal, State, and local requirements.
- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and children with disabilities, which may include assistive technology or adaptive equipment.
- Providing mental health services and supports.
- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low-income students, children with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.
- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.
- School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.
- Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.
- Developing strategies and implementing public health protocols for the reopening and operation of school facilities.
Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Please note: "Developing strategies and implementing public health protocols for the reopening and operation of school facilities," identified as an allowable use under ESSER III in the American Rescue Plan, is also permissible under ESSER II.

Plan for ESSER II Direct District Allocation and KSDE Per-Student Additional Allocation (If Applicable)

Please summarize how the district proposes using its ESSER II direct district allocation (and its KSDE per-student additional allocation, if applicable) to address incremental COVID-19 needs.

The district will meet the academic and social-emotional needs of students as our first priority by providing summer learning opportunities K-12 and smaller class sizes at the elementary where we are seeing extreme deficiencies in reading caused by the academic disruption of spring 2020. This additional teaching staff during the school year provides more individual instruction and additional MTSS groups during the school day to target student needs (after-school programming has historically failed to serve the most-at risk students b/c they do not attend). We will also provide a healthy learning environment and mitigate spread of COVID 19 by increasing custodial time to provide daily disinfection of all high-touch classroom and building surfaces (vs. every-other-day). We will provide additional nursing services through a part-time nurse.

We have struggled to provide quality lessons when students were engaged in remote learning b/c of the age of or lack of equipment to integrate our SMART boards in the classroom with the remote learners when students were remote due to quarantine. A district-wide upgrade of interactive flat panel technology will allow for uniform teacher training on the devices, allow instruction taking place in the classroom to be seamlessly shared with remote learners, and infuse interactive technology into all classrooms to further engage struggling learners in the classroom setting. This complements the 1:1 technology we already have in place in the district, although the equipment is showing much more wear and tear due to 2 months of remote learning and additional use at home by all grade levels this year. ESSER II funds will be use to replace and repair Chromebooks that had more than the usual wear and tear this year during remote learning. PPE and additional custodial supplies to maintain a healthy environment will keep kids and staff well and attending school face-to-face.

How will the district determine the impact of its ESSER II direct district allocation expenditures (and additional per-student allocation, if applicable) on students?

The district will continue to follow its normal school improvement processes. The DLT and BLT’s look at achievement data (AIMSweb, ASPIRE, KS interim and assessment data, ACT, and WorkKeys) as well as social emotional data in CTC and referrals to determine areas of need. They develop action plans and prioritize resources to carry out those plans. Based upon this data, we are using ESSER funds to provide greater support at the elementary level in the form of additional teaching staff.

With that exception, the funds will essentially be distributed equally among our three buildings. Note that 3 years of LINK grant have provided much PD and literacy resources already. PLC’s review individual student data for MTSS intervention planning. We expect to see achievement gaps closing and better “student well-being” scores on social-emotional measures as a result of these ESSER II expenditures.

Notes on ESSER II application Excel template:

- Plans and budgets should be submitted for at least a 12 month period but do not need to account for the full duration of the program or the full allocation amount. Funds will remain accessible to the LEA until September 30, 2023 and there will be additional opportunities to submit further requests/plans in the future.

- Following ESSER II application approval and initiation of funds draw down, districts will be required to report to the Commissioner’s Task Force on ESSER II expenditures and impact on a monthly basis throughout the program. This ESSER II reporting will be required as a part of regular ESSER program reporting, which will capture past expenditures across funding streams (ESSER I, ESSER I SPED, ESSER II, ESSER II SPED, ESSER II KSDE Per Student Allocation). Districts may be asked to provide expenditures by fund, function, object, account, and ESSER II allowable use as part of ongoing ESSER reporting.
This reporting will not replace any reporting required by the federal government. KSDE will work to maximize compatibility between its reporting requirements and those of the federal government as much as possible to minimize burden on districts.

Please download and complete the ESSER II application template here to provide details on ESSER II budgeted expenditures across allowable uses and KSDE accounting codes.

Local Education Agency (LEA) Assurances

Section I. General Grant Assurances for Federal Funds

Throughout the period of the grant award, the LEA will comply with all requirements of:
The LEA will make a good faith effort, on a continuing basis, to maintain a drug-free workplace, in accordance with the measures in 34 CFR Part 84, Subpart B and the Drug-Free Workplace Act of 1988;
The Education Department General Administrative Regulations (EDGAR) 34 CFR 76 requirements, including:
34 CFR §76.500(a) Federal statutes and regulations on nondiscrimination.
(a) A State and a subgrantee shall comply with the following statutes and regulations:
• Discrimination on the basis of race, color, or national origin | Title VI of the Civil Rights Act of 1964 (45 U.S.C. 2000d through 2000d-4) | 34 CFR part 100.
• Discrimination on the basis of age | The Age Discrimination Act (42 U.S.C. 6101 et seq.) | 34 CFR part 110.
(b) A State or subgrantee that is a covered entity as defined in §108.3 of this title shall comply with the nondiscrimination requirements of the Boy Scouts of America Equal Access Act, 20 U.S.C. 7905, 34 CFR part 108.
(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))
34 CFR §76.650 Private schools; purpose of §§76.651-76.662.
(a) Under some programs, the authorizing statute requires that a State and its subgrantees provide for participation by students enrolled in private schools. Sections 76.651-76.662 apply to those programs and provide rules for that participation. These sections do not affect the authority of the State or a subgrantee to enter into a contract with a private party.
(b) If any other rules for participation of students enrolled in private schools apply under a particular program, they are in the authorizing statute or implementing regulations for that program.
(Authority: 20 U.S.C. 1221e-3 and 3474)
34 CFR §76.700 Compliance with statutes, regulations, State plan, and applications.
A State and a subgrantee shall comply with the State plan and applicable statutes, regulations, and approved applications, and shall use Federal funds in accordance with those statutes, regulations, plan, and applications.
(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))
34 CFR §76.701 The State or subgrantee administers or supervises each project.
A State or a subgrantee shall directly administer or supervise the administration of each project.
(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))
34 CFR §76.702 Fiscal control and fund accounting procedures.
A State and a subgrantee shall use fiscal control and fund accounting procedures that insure proper disbursement of and accounting for Federal funds.
(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))
34 CFR §76.709 Funds may be obligated during a “carryover period.”
(a) If a State or a subgrantee does not obligate all of its grant or subgrant funds by the end of the fiscal year for which Congress appropriated the funds, it may obligate the remaining funds during a carryover period of one additional fiscal year.
(b) The State shall return to the Federal Government any carryover funds not obligated by the end of the carryover period by the State and its subgrantees.
(Authority: U.S.C. 1221e-3, 1225(b), and 3474)
34 CFR §76.722 Subgrantee reporting requirements.
A State may require a subgrantee to submit reports in a manner and format that assists the State in complying with the requirements under 34 CFR 76.720 and in carrying out other responsibilities under the program.
(Authority: 20 U.S.C. 1221e-3, 1231a, and 3474)
[72 FR 3703, Jan. 25, 2007]
34 CFR §76.730 Records related to grant funds.
A State and a subgrantee shall keep records that fully show:
(a) The amount of funds under the grant or subgrant;
(b) How the State or subgrantee uses the funds;
(c) The total cost of the project;
(d) The share of that cost provided from other sources; and
(e) Other records to facilitate an effective audit.
(Approved by the Office of Management and Budget under control number 1880-0513)
(Authority: 20 U.S.C. 1232f)
34 CFR §76.731 Records related to compliance.
A State and a subgrantee shall keep records to show its compliance with program requirements.
(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))
The Uniform Grant Guidance, 2 CFR §200 all applicable subrecipient requirements, including but not limited to:
2 CFR Subpart D – Post Federal Award Requirements
§200.302 Financial management.
§200.303 Internal controls.
§200.305 Payment.
§200.313 Equipment.
§200.314 Supplies.
§200.318 General procurement standards.
§200.320 Methods of procurement to be followed;
2 CFR 200 Subpart E: Cost Principles:
§200.403 Factors affecting allowability of costs.
§200.404 Reasonable costs.
§200.405 Allocable costs.
§200.413 Direct costs.
§200.415 Required certifications.
§200.430 Compensation—personal services.
The Debarment and Suspension, 34 CFR Part 85, Section 85.510, Participants’ Responsibilities and makes the following certification by signing this application:
The prospective lower-tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.
Where the prospective lower-tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.
This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 for such failure.
Section II. Specific Elementary and Secondary School Emergency Relief (ESSER) Grant Assurances

The LEA assures that funds shall only be used for any of the following:

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.
- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.
- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.
- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.
- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.
- Planning for and coordinating during long-term closures, including for how to provide meals to eligible students, how to provide technology for online learning to all students, how to provide guidance for carrying out requirements under the Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.) and how to ensure other educational services can continue to be provided consistent with all Federal, State, and local requirements.
- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and students with disabilities, which may include assistive technology or adaptive equipment.
- Providing mental health services and supports.
- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low income students, students with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.
- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by—(A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.
- School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.
- Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.
- Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.
Throughout the period of the grant award, the LEA shall comply with all applicable requirements of the Elementary and Secondary School Emergency Relief (ESSER) authorized by the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSAA), including:

CONTINUED PAYMENT TO EMPLOYEES

SEC. 18006. A local educational agency, State, institution of higher education, or other entity that receives funds under "Education Stabilization Fund", shall to the greatest extent practicable, continue to pay its employees and contractors during the period of any disruptions or closures related to coronavirus.

Certification

To the best of my knowledge and belief, all the information and data in this agreement are true and correct. I acknowledge and agree that the failure to comply with all Assurances and Certifications in this Agreement, all relevant provisions and requirements of the CARES Act, Pub. L. No. 116-136 (March 27, 2020), or any other applicable law or regulation may result in liability under the False Claims Act, 31 U.S.C. § 3729, et seq.; OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485; and 18 USC § 1001, as appropriate.

Application details

Full District Name | Hesston

District Number | 460

Mailing Address | Street Address | PO Box 2000 150 N Ridge Rd
Please briefly describe the impacts of COVID-19 on the district and its Pre-K through 12 students, including any relevant data where possible (e.g., cost impact, learning loss, emotional impact on students). If there has been a disproportionate impact on a special population in the district (e.g., students with disabilities, English Learners, students in foster care, students in poverty, etc.), please describe the impact and provide the number of Pre-K through 12 students in that population.

There was significant impact on student academic gains and emotional well-being when school was closed in the Spring of 2020. Since the beginning of the 2020-21 school year, we have been able to have in-person school each day. Our K-8 students have attended all day, every day, and our high school students attended school in an AM/PM Hybrid for most of the school year. Most of our local assessment data shows initial learning loss due to the time away from school last spring, but we are interested in continuing to collect and evaluate academic data in the coming weeks and months. Because we have been in school everyday during this school year, with only a handful of students choosing a remote option, we have not seen significant differences in our special populations from prior year performance. Our plan is to continue to collect academic and social-emotional data and perceptions to best evaluate how we can utilize relief dollars to maximize student impact.

Does the district have remaining ESSER I funding that it has not yet spent as of the date of ESSER II application submission?  
No

Please review the following allowable uses of ESSER II funds before completing the narrative and Excel template portion of the application.

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
• Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.
• Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.
• Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.
• Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.
• Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.
• Planning for, coordinating, and implementing activities during long-term closures, including providing meals to eligible students, providing technology for online learning to all students, providing guidance for carrying out requirements under the IDEA and ensuring other educational services can continue to be provided consistent with all Federal, State, and local requirements.
• Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and children with disabilities, which may include assistive technology or adaptive equipment.
• Providing mental health services and supports.
• Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low-income students, children with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.
• Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students' academic progress and assist educators in meeting students' academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.
• School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.
• Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.
• Developing strategies and implementing public health protocols for the reopening and operation of school facilities.
• Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Please note: “Developing strategies and implementing public health protocols for the reopening and operation of school facilities,” identified as an allowable use under ESSER III in the American Rescue Plan, is also permissible under ESSER II.

Plan for ESSER II Direct District Allocation and KSDE Per-Student Additional Allocation (If Applicable)

Please summarize how the district proposes using its ESSER II direct district allocation (and its KSDE per-student additional allocation, if applicable) to address incremental COVID-19 needs.

We plan to use ESSER II dollars to address several immediate needs that are currently impacting our school operations. First, we have rental costs associated with our “Off-Site Model” for our 7-8th graders. This included renting a conference center through much of the 2020-21 school year in order to keep all students in-person each day. Additionally, we have personnel costs associated with an additional school nurse, who is instrumental in ensuring our ability to maintain safe learning
environments throughout our district. We also have personnel costs associated with additional long-term substitutes, who were directly involved in facilitating remote learning for those short-term and long-term remote students. We hired an additional custodian to help keep our off-site attendance center clean and sanitized, and we also had internet service costs, additional maintenance, and pest control expenses.

Moving forward, we plan to maintain our additional school nurse for the next school year, as she has been instrumental in ensuring we are able to communicate and follow public health guidelines. We plan to implement new mental health approaches, including Mental Health First Aid Training, for all staff as we enter the 2021-22 school year. We continue to evaluate academic areas that all students, and specifically special needs students, might have fallen behind in and will consider curriculum purchases to target these areas.

How will the district determine the impact of its ESSER II direct district allocation expenditures (and additional per-student allocation, if applicable) on students?

We know the impact of our immediate expenditures. Our off-site attendance center rental kept our kids in school every day this school year, which the impact is significant. Our additional school nurse provided support to families, students, and staff as we implemented public health recommendations. Our long-term substitutes supported teachers throughout the year as students were required to quarantine and isolate. We were able to provide internet service to remote students along with those attending in our off-site locations.

As we move forward, we will evaluate our mental health supports through surveys and mental health screening. We will evaluate our academic supports and curriculum expenditures through our local assessments, along with other state and national standardized assessments. We are uncertain if we will be able to purchase improved HVAC systems, due to a relatively smaller amount of funding as a result of the Title I formula.

Notes on ESSER II application Excel template:

- Plans and budgets should be submitted for at least a 12 month period but do not need to account for the full duration of the program or the full allocation amount. Funds will remain accessible to the LEA until September 30, 2023 and there will be additional opportunities to submit further requests/plans in the future.
- Following ESSER II application approval and initiation of funds draw down, districts will be required to report to the Commissioner’s Task Force on ESSER II expenditures and impact on a monthly basis throughout the program. This ESSER II reporting will be required as a part of regular ESSER program reporting, which will capture past expenditures across funding streams (ESSER I, ESSER I SPED, ESSER II, ESSER II SPED, ESSER II KSDE Per Student Allocation). Districts may be asked to provide expenditures by fund, function, object, account, and ESSER II allowable use as part of ongoing ESSER reporting.
- This reporting will not replace any reporting required by the federal government. KSDE will work to maximize compatibility between its reporting requirements and those of the federal government as much as possible to minimize burden on districts.

Please download and complete the ESSER II application template here to provide details on ESSER II budgeted expenditures across allowable uses and KSDE accounting codes.

Local Education Agency (LEA) Assurances

Section I. General Grant Assurances for Federal Funds
Throughout the period of the grant award, the LEA will comply with all requirements of:
The LEA will make a good faith effort, on a continuing basis, to maintain a drug-free workplace, in accordance with the measures in 34 CFR Part 84, Subpart B and the Drug-Free Workplace Act of 1988;
The Education Department General Administrative Regulations (EDGAR) 34 CFR 76 requirements, including:
34 CFR §76.500(a) Federal statutes and regulations on nondiscrimination.
(a) A State and a subgrantee shall comply with the following statutes and regulations:
- Discrimination on the basis of age | The Age Discrimination Act (42 U.S.C. 6101 et seq.) | 34 CFR part 110.

(b) A State or subgrantee that is a covered entity as defined in §108.3 of this title shall comply with the nondiscrimination requirements of the Boy Scouts of America Equal Access Act, 20 U.S.C. 7905, 34 CFR part 108.

34 CFR §76.650 Private schools; purpose of §§76.651-76.662.
(a) Under some programs, the authorizing statute requires that a State and its subgrantees provide for participation by students enrolled in private schools. Sections 76.651-76.662 apply to those programs and provide rules for that participation. These sections do not affect the authority of the State or a subgrantee to enter into a contract with a private party.
(b) If any other rules for participation of students enrolled in private schools apply under a particular program, they are in the authorizing statute or implementing regulations for that program.

34 CFR §76.700 Compliance with statutes, regulations, State plan, and applications.
A State and a subgrantee shall comply with the State plan and applicable statutes, regulations, and approved applications, and shall use Federal funds in accordance with those statutes, regulations, plan, and applications.

34 CFR §76.701 The State or subgrantee administers or supervises each project.
A State or a subgrantee shall directly administer or supervise the administration of each project.

34 CFR §76.702 Fiscal control and fund accounting procedures.
A State and a subgrantee shall use fiscal control and fund accounting procedures that insure proper disbursement of and accounting for Federal funds.

34 CFR §76.709 Funds may be obligated during a “carryover period.”
(a) If a State or a subgrantee does not obligate all of its grant or subgrant funds by the end of the fiscal year for which Congress appropriated the funds, it may obligate the remaining funds during a carryover period of one additional fiscal year.
(b) The State shall return to the Federal Government any carryover funds not obligated by the end of the carryover period by the State and its subgrantees.

34 CFR §76.722 Subgrantee reporting requirements.
A State may require a subgrantee to submit reports in a manner and format that assists the State in complying with the requirements under 34 CFR 76.720 and in carrying out other responsibilities under the program.

34 CFR §76.730 Records related to grant funds.
A State and a subgrantee shall keep records that fully show:
(a) The amount of funds under the grant or subgrant;
(b) How the State or subgrantee uses the funds;
(c) The total cost of the project;
Section II. Specific Elementary and Secondary School Emergency Relief (ESSER) Grant Assurances

The LEA assures that funds shall only be used for any of the following:

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.
- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service
delivery will meet the needs of each population.

- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.
- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.
- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.
- Planning for and coordinating during long-term closures, including for how to provide meals to eligible students, how to provide technology for online learning to all students, how to provide guidance for carrying out requirements under the Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.) and how to ensure other educational services can continue to be provided consistent with all Federal, State, and local requirements.
- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and students with disabilities, which may include assistive technology or adaptive equipment.
- Providing mental health services and supports.
- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low income students, students with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.
- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by—(A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.
- School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.
- Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.
- Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Throughout the period of the grant award, the LEA shall comply with all applicable requirements of the Elementary and Secondary School Emergency Relief (ESSER) authorized by the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSAA), including:

CONTINUED PAYMENT TO EMPLOYEES
SEC. 18006. A local educational agency, State, institution of higher education, or other entity that receives funds under “Education Stabilization Fund”, shall to the greatest extent practicable, continue to pay its employees and contractors during the period of any disruptions or closures related to coronavirus.

Certification
To the best of my knowledge and belief, all the information and data in this agreement are true and correct. I acknowledge and agree that the failure to comply with all Assurances and Certifications in this Agreement, all relevant provisions and requirements of the CARES Act, Pub. L. No. 116-136 (March 27, 2020), or any other applicable law or regulation may result in liability under the False Claims Act, 31 U.S.C. § 3729, et seq.; OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485; and 18 USC § 1001, as appropriate.

Please briefly describe the impacts of COVID-19 on the district and its Pre-K through 12 students, including any relevant data where possible (e.g., cost impact, learning loss, emotional impact on students). If there has been a disproportionate impact on a special population in the district (e.g., students with disabilities, English Learners, students in foster care, students in poverty, etc.), please describe the impact and provide the number of Pre-K through 12 students in that population.

When the pandemic caused us to transition to remote learning in March of last year, we had to adapt to a new way of teaching and learning. We had to provide a remote learning environment for our students and teachers. This caused many issues for our district. We were able to provide devices and internet access to our students but we did not have enough devices to be one to one and the availability of wireless hotspots, chrome books and Ipad from our vendors made it impossible to purchase devices. We have 1104 students in our district and a significant portion of those students struggled with remote learning and we quickly determined that our priority was to get the students back in our buildings and then to do what ever was necessary to keep them in the schools. Once we returned we noticed a significant increase in the need for social supports for the students and the staff. The impact of COVID on our community has been dramatic and often cannot be measured by any type of assessment.

Our custodial staff has done great job of mitigating the in school spread of COVID. The toll that COVID has taken on our equipment is significant and we are seeing a rapid deterioration of our custodial equipment which is caused by COVID mitigation protocols we have in place to keep our students, staff and community safe.

Does the district have remaining ESSER I funding that it has not yet spent as of the date of ESSER II application submission? | No

Please review the following allowable uses of ESSER II funds before completing the narrative and Excel template portion of the application.

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.

- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.

- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.

- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.

- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.

- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.

- Planning for, coordinating, and implementing activities during long-term closures, including providing meals to eligible students, providing technology for online learning to all students, providing guidance for carrying out requirements under the IDEA and ensuring other educational services can continue to be provided consistent with all Federal, State, and local requirements.

- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and children with disabilities, which may include assistive technology or adaptive equipment.

- Providing mental health services and supports.

- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low-income students, children with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.

- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.

- School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.

- Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.

- Developing strategies and implementing public health protocols for the reopening and operation of school facilities.

- Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Please note: "Developing strategies and implementing public health protocols for the reopening and operation of school facilities," identified as an allowable use under ESSER III in the American Rescue Plan, is also permissible under ESSER II.

Plan for ESSER II Direct District Allocation and KSDE Per-Student Additional Allocation (If Applicable)

Please summarize how the district proposes using its ESSER II direct district allocation (and its KSDE per-student additional allocation, if applicable) to address incremental COVID-19 needs.
We would like to fund the following items using the ESSER II funds. We need to add some additional lockers, desks, lunch tables at our schools to allow for more effective social distancing. We also need to purchase new chrome books to distribute to our students to prepare for additional remote learning. We would also like to hire an additional teacher at our MS to decrease class sizes. We transferred one teach to the MS but we need to add another one to help provide smaller classes and a more personal learning environment for our students. We also need to purchase additional cleaning equipment to more effectively clean our facility to recover from impact of the disinfecting we did during the year.

How will the district determine the impact of its ESSER II direct district allocation expenditures (and additional per-student allocation, if applicable) on students?

We will be able to decrease our class sizes at the Middle School and provide the teachers with time to work with small groups of struggling students within the school day. In our district we have a difficult time getting students to stay after school due to activities and transportation issues so we have to be creative with our time during the day to provide additional assistance to our struggling students. By adding lockers, Mobile devices, lunch tables and desks we will be able to more effectively social distance our students. Our teachers have used Google class room and SeeSaw to develop online learning opportunities for students but the lack of devices has made this difficult.

**Notes on ESSER II application Excel template:**

- Plans and budgets should be submitted for at least a 12 month period but do not need to account for the full duration of the program or the full allocation amount. Funds will remain accessible to the LEA until September 30, 2023 and there will be additional opportunities to submit further requests/plans in the future.
- Following ESSER II application approval and initiation of funds draw down, districts will be required to report to the Commissioner's Task Force on ESSER II expenditures and impact on a monthly basis throughout the program. This ESSER II reporting will be required as a part of regular ESSER program reporting, which will capture past expenditures across funding streams (ESSER I, ESSER I SPED, ESSER II, ESSER II SPED, ESSER II KSDE Per Student Allocation). Districts may be asked to provide expenditures by fund, function, object, account, and ESSER II allowable use as part of ongoing ESSER reporting.
- This reporting will not replace any reporting required by the federal government. KSDE will work to maximize compatibility between its reporting requirements and those of the federal government as much as possible to minimize burden on districts.

Please download and complete the ESSER II application template [here](#) to provide details on ESSER II budgeted expenditures across allowable uses and KSDE accounting codes.

**Local Education Agency (LEA) Assurances**

**Section I. General Grant Assurances for Federal Funds**

Throughout the period of the grant award, the LEA will comply with all requirements of:

The LEA will make a good faith effort, on a continuing basis, to maintain a drug-free workplace, in accordance with the measures in 34 CFR Part 84, Subpart B and the Drug-Free Workplace Act of 1988;

The Education Department General Administrative Regulations (EDGAR) 34 CFR 76 requirements, including:
34 CFR §76.500(a) Federal statutes and regulations on nondiscrimination.

(a) A State and a subgrantee shall comply with the following statutes and regulations:
Discrimination on the basis of age | The Age Discrimination Act (42 U.S.C. 6101 et seq.) | 34 CFR part 110.

(b) A State or subgrantee that is a covered entity as defined in §108.3 of this title shall comply with the nondiscrimination requirements of the Boy Scouts of America Equal Access Act, 20 U.S.C. 7905, 34 CFR part 108.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.650 Private schools; purpose of §§76.651-76.662.

(a) Under some programs, the authorizing statute requires that a State and its subgrantees provide for participation by students enrolled in private schools. Sections 76.651-76.662 apply to those programs and provide rules for that participation. These sections do not affect the authority of the State or a subgrantee to enter into a contract with a private party.

(b) If any other rules for participation of students enrolled in private schools apply under a particular program, they are in the authorizing statute or implementing regulations for that program.

(Authority: 20 U.S.C. 1221e-3 and 3474)

34 CFR §76.700 Compliance with statutes, regulations, State plan, and applications.

A State and a subgrantee shall comply with the State plan and applicable statutes, regulations, and approved applications, and shall use Federal funds in accordance with those statutes, regulations, plan, and applications.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.701 The State or subgrantee administers or supervises each project.

A State or a subgrantee shall directly administer or supervise the administration of each project.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.702 Fiscal control and fund accounting procedures.

A State and a subgrantee shall use fiscal control and fund accounting procedures that insure proper disbursement of and accounting for Federal funds.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.709 Funds may be obligated during a “carryover period.”

(a) If a State or a subgrantee does not obligate all of its grant or subgrant funds by the end of the fiscal year for which Congress appropriated the funds, it may obligate the remaining funds during a carryover period of one additional fiscal year.

(b) The State shall return to the Federal Government any carryover funds not obligated by the end of the carryover period by the State and its subgrantees.

(Authority: U.S.C. 1221e-3, 1225(b), and 3474)

34 CFR §76.722 Subgrantee reporting requirements.

A State may require a subgrantee to submit reports in a manner and format that assists the State in complying with the requirements under 34 CFR 76.720 and in carrying out other responsibilities under the program.

(Authority: 20 U.S.C. 1221e-3, 1231a, and 3474)
[72 FR 3703, Jan. 25, 2007]

34 CFR §76.730 Records related to grant funds.

A State and a subgrantee shall keep records that fully show:

(a) The amount of funds under the grant or subgrant;
(b) How the State or subgrantee uses the funds;
(c) The total cost of the project;
(d) The share of that cost provided from other sources; and
(e) Other records to facilitate an effective audit.

(Approved by the Office of Management and Budget under control number 1880-0513)
(Authority: 20 U.S.C. 1232f)

34 CFR §76.731 Records related to compliance.

A State and a subgrantee shall keep records to show its compliance with program requirements.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))
The Uniform Grant Guidance, 2 CFR §200 all applicable subrecipient requirements, including but not limited to:
2 CFR Subpart D – Post Federal Award Requirements
§200.302 Financial management.
§200.303 Internal controls.
§200.305 Payment.
§200.313 Equipment.
§200.314 Supplies.
§200.318 General procurement standards.
§200.320 Methods of procurement to be followed;
2 CFR 200 Subpart E: Cost Principles:
§200.403 Factors affecting allowability of costs.
§200.404 Reasonable costs.
§200.405 Allocable costs.
§200.413 Direct costs.
§200.415 Required certifications.
§200.430 Compensation—personal services.
The Debarment and Suspension, 34 CFR Part 85, Section 85.510, Participants’ Responsibilities and makes the following certification by signing this application:
The prospective lower-tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.
Where the prospective lower-tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.
This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 for such failure.

Section II. Specific Elementary and Secondary School Emergency Relief (ESSER) Grant Assurances

The LEA assures that funds shall only be used for any of the following:
- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.
- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.
- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.
- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.
- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.
• Planning for and coordinating during long-term closures, including for how to provide meals to eligible students, how to provide technology for online learning to all students, how to provide guidance for carrying out requirements under the Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.) and how to ensure other educational services can continue to be provided consistent with all Federal, State, and local requirements.

• Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and students with disabilities, which may include assistive technology or adaptive equipment.

• Providing mental health services and supports.

• Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low income students, students with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.

• Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.

• School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.

• Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.

• Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Throughout the period of the grant award, the LEA shall comply with all applicable requirements of the Elementary and Secondary School Emergency Relief (ESSER) authorized by the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSAA), including:

CONTINUED PAYMENT TO EMPLOYEES
SEC. 18006. A local educational agency, State, institution of higher education, or other entity that receives funds under “Education Stabilization Fund”, shall to the greatest extent practicable, continue to pay its employees and contractors during the period of any disruptions or closures related to coronavirus.

Certification
To the best of my knowledge and belief, all the information and data in this agreement are true and correct. I acknowledge and agree that the failure to comply with all Assurances and Certifications in this Agreement, all relevant provisions and requirements of the CARES Act, Pub. L. No. 116-136 (March 27, 2020), or any other applicable law or regulation may result in liability under the False Claims Act, 31 U.S.C. § 3729, et seq.; OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485; and 18 USC § 1001, as appropriate.

Ingalls is committed to maintaining the core values of a small rural school with a family-like atmosphere. USD 477 utilizes relevant instruction and shared leadership to provide academic, social, emotional, and character education opportunities. This focus on the whole person enables all school community members to flourish. The Ingalls school community values the individual student, and strives to meet each and every need. Relationships, relevance, responsive culture, and rigor are our priority as we prepare every child for career, vocational, and college success. We will ensure students develop the academic skills, cognitive skills, technical skills, employability skills, civic responsibility, and character necessary to be productive citizens.

Would you like to additional district representatives to the application? No

Please briefly describe the impacts of COVID-19 on the district and its Pre-K through 12 students, including any relevant data where possible (e.g., cost impact, learning loss, emotional impact on students). If there has been a disproportionate impact on a special population in the district (e.g., students with disabilities, English Learners, students in foster care, students in poverty, etc.), please describe the impact and provide the number of Pre-K through 12 students in that population.

The Communities That Care Survey indicates a significant social/emotional impact on USD 477 students. Of students surveyed 47.8% of our students felt sad or hopeless almost every day for two weeks or more. This is an incidence rate 16.2% higher than the state average. The data also identifies that 21.7% of our students seriously thought about killing themselves during the past year, and 17.4% of our students made a plan to kill themselves. This is 3% and 5.5% higher respectively than the state average. This data drove us to pursue training, and expand suicide awareness, intervention, and prevention strategies and skills. We currently have one counselor that serves all students PreK-12th grade. USD 477 will use ESSER II funds to support these efforts.
funds to hire a full-time social worker to provide needed support. The district will use surveys, a data dashboard that is being developed by SWPRSC, citizenship rubrics, and Fastbridge social/emotional benchmarks to evaluate the effectiveness of interventions. USD 477 will use 36% or $30,381.00 of our ESSER II funds to offset a portion of the new social worker's salary.

Ingalls USD 477 has reclaimed multiple unused learning spaces to ensure students can be socially distanced. The current need is to improve the indoor air quality in these school facilities, including mechanical and non-mechanical heating, ventilation, air conditioning systems, and filtering purification control systems. It will cost $53,000.00 to upgrade. We will therefore use 64% of our ESSER II funds to upgrade the mechanical systems to ensure the indoor air quality is adequate.

Does the district have remaining ESSER I funding that it has not yet spent as of the date of ESSER II application submission?

No

Please review the following allowable uses of ESSER II funds before completing the narrative and Excel template portion of the application.

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.
- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.
- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.
- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.
- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.
- Planning for, coordinating, and implementing activities during long-term closures, including providing meals to eligible students, providing technology for online learning to all students, providing guidance for carrying out requirements under the IDEA and ensuring other educational services can continue to be provided consistent with all Federal, State, and local requirements.
- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and children with disabilities, which may include assistive technology or adaptive equipment.
- Providing mental health services and supports.
- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low-income students, children with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.
- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating
(A) Instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education. 

- School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.
- Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.
- Developing strategies and implementing public health protocols for the reopening and operation of school facilities.
- Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Please note: "Developing strategies and implementing public health protocols for the reopening and operation of school facilities," identified as an allowable use under ESSER III in the American Rescue Plan, is also permissible under ESSER II.

Plan for ESSER II Direct District Allocation and KSDE Per-Student Additional Allocation (If Applicable)

Please summarize how the district proposes using its ESSER II direct district allocation (and its KSDE per-student additional allocation, if applicable) to address incremental COVID-19 needs.

Ingalls USD 477 will use ESSER II funds to inspection, test, and upgrade HVAC systems that improve the indoor air quality in school facilities. Resources will also be prioritized to address identified social/emotional needs, and learning loss among students within our district.

USD 477 will use ESSER II funds to hire a full-time social worker. This will ensure we have the necessary support to meet the social and emotional needs of our students. USD 477 has also collaborated with Compass Learning to secure counseling services every Wednesday. These services are for students who are currently on the agencies case load as well as for students who have been identified through our student assistance process. The pressure on our counseling program and the identifiable need that students have for social and emotional support has grown exponentially since the onset of the pandemic. USD 477 will use 36% or $30,381.00 of our ESSER II funds to offset a portion of the new social worker’s salary.

Ingalls USD 477 has reclaimed multiple unused learning spaces to ensure students can be socially distanced. Due to this reclamation process the district has been able to transform our Pre-K and Kindergarten learning areas into 2,000 square foot learning spaces. The current need is to improve the indoor air quality in these school facilities, including mechanical and non-mechanical heating, ventilation, air conditioning systems, and filtering purification control systems. The district has three small office areas that need the same upgrades. It will cost $53,000.00 to upgrade the HVAC systems in these spaces. We will therefore use 64% of our ESSER II funds to upgrade the mechanical systems to ensure the indoor air quality is adequate.

How will the district determine the impact of its ESSER II direct district allocation expenditures (and additional per-student allocation, if applicable) on students?

The district will use social/emotional surveys, a data dashboard that is being developed by SWPRSC, grade level citizenship rubrics, student assistance team data, and Fastbridge social/emotional benchmarks to evaluate the effectiveness of our interventions.

The district will have the HVAC systems monitored by Schmidt Heating and Cooling to ensure the new systems are effectively mitigating the impact of the COVID-19 Pandemic. We will continually evaluate attendance data, quarantine, and confirmed COVID-19 positive cases to determine the effectiveness of our interventions.

Notes on ESSER II application Excel template:

- Plans and budgets should be submitted for at least a 12 month period but do not need to account for the full duration of the program or the full allocation amount. Funds will remain accessible to the LEA until September 30, 2023 and there will
be additional opportunities to submit further requests/plans in the future.

- Following ESSER II application approval and initiation of funds draw down, districts will be required to report to the Commissioner's Task Force on ESSER II expenditures and impact on a monthly basis throughout the program. This ESSER II reporting will be required as a part of regular ESSER program reporting, which will capture past expenditures across funding streams (ESSER I, ESSER I SPED, ESSER II, ESSER II SPED, ESSER II KSDE Per Student Allocation). Districts may be asked to provide expenditures by fund, function, object, account, and ESSER II allowable use as part of ongoing ESSER reporting.
- This reporting will not replace any reporting required by the federal government. KSDE will work to maximize compatibility between its reporting requirements and those of the federal government as much as possible to minimize burden on districts.

Please download and complete the ESSER II application template [here](https://example.com) to provide details on ESSER II budgeted expenditures across allowable uses and KSDE accounting codes.

**Local Education Agency (LEA) Assurances**

**Section I. General Grant Assurances for Federal Funds**

*Throughout the period of the grant award, the LEA will comply with all requirements of:*

The LEA will make a good faith effort, on a continuing basis, to maintain a drug-free workplace, in accordance with the measures in 34 CFR Part 84, Subpart B and the Drug-Free Workplace Act of 1988;
The Education Department General Administrative Regulations (EDGAR) 34 CFR 76 requirements, including:

- 34 CFR §76.500(a) Federal statutes and regulations on nondiscrimination.
  - (a) A State and a subgrantee shall comply with the following statutes and regulations:
    - Discrimination on the basis of age| The Age Discrimination Act (42 U.S.C. 6101 et seq.) | 34 CFR part 110.

- (b) A State or subgrantee that is a covered entity as defined in §108.3 of this title shall comply with the nondiscrimination requirements of the Boy Scouts of America Equal Access Act, 20 U.S.C. 7905, 34 CFR part 108.
  (Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.650 Private schools; purpose of §§76.651-76.662.

- (a) Under some programs, the authorizing statute requires that a State and its subgrantees provide for participation by students enrolled in private schools. Sections 76.651-76.662 apply to those programs and provide rules for that participation. These sections do not affect the authority of the State or a subgrantee to enter into a contract with a private party.

- (b) If any other rules for participation of students enrolled in private schools apply under a particular program, they are in the authorizing statute or implementing regulations for that program.
  (Authority: 20 U.S.C. 1221e-3 and 3474)

34 CFR §76.700 Compliance with statutes, regulations, State plan, and applications.

A State and a subgrantee shall comply with the State plan and applicable statutes, regulations, and approved applications, and shall use Federal funds in accordance with those statutes, regulations, plan, and applications.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))
The State or subgrantee administers or supervises each project. A State or a subgrantee shall directly administer or supervise the administration of each project. (Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.709 Funds may be obligated during a “carryover period.”
(a) If a State or a subgrantee does not obligate all of its grant or subgrant funds by the end of the fiscal year for which Congress appropriated the funds, it may obligate the remaining funds during a carryover period of one additional fiscal year.
(b) The State shall return to the Federal Government any carryover funds not obligated by the end of the carryover period by the State and its subgrantees. (Authority: U.S.C. 1221e-3, 1225(b), and 3474)

34 CFR §76.722 Subgrantee reporting requirements. A State may require a subgrantee to submit reports in a manner and format that assists the State in complying with the requirements under 34 CFR 76.720 and in carrying out other responsibilities under the program. (Authority: 20 U.S.C. 1221e-3, 1231a, and 3474)

[72 FR 3703, Jan. 25, 2007]

34 CFR §76.730 Records related to grant funds. A State and a subgrantee shall keep records that fully show:
(a) The amount of funds under the grant or subgrant;
(b) How the State or subgrantee uses the funds;
(c) The total cost of the project;
(d) The share of that cost provided from other sources; and
(e) Other records to facilitate an effective audit.
(Approved by the Office of Management and Budget under control number 1880-0513)

(Authority: 20 U.S.C. 1232f)

34 CFR §76.731 Records related to compliance. A State and a subgrantee shall keep records to show its compliance with program requirements. 
(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

The Uniform Grant Guidance, 2 CFR §200 all applicable subrecipient requirements, including but not limited to:
2 CFR Subpart D – Post Federal Award Requirements
§200.302 Financial management.
§200.303 Internal controls.
§200.305 Payment.
§200.313 Equipment.
§200.314 Supplies.
§200.318 General procurement standards.
§200.320 Methods of procurement to be followed;
2 CFR 200 Subpart E: Cost Principles:
§200.403 Factors affecting allowability of costs.
§200.404 Reasonable costs.
§200.405 Allocable costs.
§200.413 Direct costs.
§200.415 Required certifications.
§200.430 Compensation—personal services.

The Debarment and Suspension, 34 CFR Part 85, Section 85.510, Participants’ Responsibilities and makes the following certification by signing this application:
The prospective lower-tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this
transaction by any federal department or agency. Where the prospective lower-tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal. This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 for such failure.

Section II. Specific Elementary and Secondary School Emergency Relief (ESSER) Grant Assurances

The LEA assures that funds shall only be used for any of the following:

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.
- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.
- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.
- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.
- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.
- Planning for and coordinating during long-term closures, including for how to provide meals to eligible students, how to provide technology for online learning to all students, how to provide guidance for carrying out requirements under the Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.) and how to ensure other educational services can continue to be provided consistent with all Federal, State, and local requirements.
- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and students with disabilities, which may include assistive technology or adaptive equipment.
- Providing mental health services and supports.
- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low income students, students with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.
- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.
• School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.
• Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.
• Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Throughout the period of the grant award, the LEA shall comply with all applicable requirements of the Elementary and Secondary School Emergency Relief (ESSER) authorized by the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSAA), including:

CONTINUED PAYMENT TO EMPLOYEES
SEC. 18006. A local educational agency, State, institution of higher education, or other entity that receives funds under “Education Stabilization Fund”, shall to the greatest extent practicable, continue to pay its employees and contractors during the period of any disruptions or closures related to coronavirus.

Certification

To the best of my knowledge and belief, all the information and data in this agreement are true and correct. I acknowledge and agree that the failure to comply with all Assurances and Certifications in this Agreement, all relevant provisions and requirements of the CARES Act, Pub. L. No. 116-136 (March 27, 2020), or any other applicable law or regulation may result in liability under the False Claims Act, 31 U.S.C. § 3729, et seq.; OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485; and 18 USC § 1001, as appropriate.

| Email Address | swalter@usd479.org |

Please briefly describe the impacts of COVID-19 on the district and its Pre-K through 12 students, including any relevant data where possible (e.g., cost impact, learning loss, emotional impact on students). If there has been a disproportionate impact on a special population in the district (e.g., students with disabilities, English Learners, students in foster care, students in poverty, etc.), please describe the impact and provide the number of Pre-K through 12 students in that population.

Crest currently serves 240 PK-12 students. COVID has created noticeable learning loss due to the spring semester shutdown of 2020 as well as 126 students / staff members impacted by quarantine at one time or another throughout the current school year. Remote learning has been provided with fidelity by the staff at Crest. However, remote learning cannot replace the face to face connection and opportunities provided by live instruction and peer interaction. Our district provided meal delivery in conjunction with remote learning services. The district incurred unexpected costs to the effect of technological...
infrastructure upgrades (hotspots, Ipads, Chromebooks, network upgrades, etc.), as well as summer food service staffing to create and deliver meals. Social-emotional health has been a focus within the district. While creating remote learning plans, staff has made live streaming available to students and families for instructional needs as well as one-to-one connection between students and staff. It also provides the ability for students to interact with peers and receive mental health therapy via SEK mental health and counselling services within our district.

Does the district have remaining ESSER I funding that it has not yet spent as of the date of ESSER II application submission?

No

Please review the following allowable uses of ESSER II funds before completing the narrative and Excel template portion of the application.

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.
- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.
- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.
- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.
- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.
- Planning for, coordinating, and implementing activities during long-term closures, including providing meals to eligible students, providing technology for online learning to all students, providing guidance for carrying out requirements under the IDEA and ensuring other educational services can continue to be provided consistent with all Federal, State, and local requirements.
- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and children with disabilities, which may include assistive technology or adaptive equipment.
- Providing mental health services and supports.
- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low-income students, children with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.
- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.
• School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.
• Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.
• Developing strategies and implementing public health protocols for the reopening and operation of school facilities.
• Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Please note: "Developing strategies and implementing public health protocols for the reopening and operation of school facilities," identified as an allowable use under ESSER III in the American Rescue Plan, is also permissible under ESSER II.

Plan for ESSER II Direct District Allocation and KSDE Per-Student Additional Allocation (If Applicable)

Please summarize how the district proposes using its ESSER II direct district allocation (and its KSDE per-student additional allocation, if applicable) to address incremental COVID-19 needs.

The district will use ESSER II funds to implement a 24 day summer school to address learning loss due to students being remote learners due to COVID 19. ESSER II funds will be used to pay two certified teachers, two teacher aides and one bus driver. ESSER II Funds will also be used to pay the fifty percent salaries of two certified teachers to serve students by reducing class sizes which will allow for one on one or small group instruction during the 2021-2022 school term to address student learning loss due to COVID 19. ESSER II funds will be used to purchase research based software to aid in bridging the gap in student achievement levels and purchase chrome boxes that will allow for classrooms to have access to online learning programs and zoom activities. ESSER II funds will be used to acquire individual student tables and desk to replace group learning tables. The individual student desks will allow for student social distancing and promote a safe, learning environment. ESSER II funds will also be used to replace 22 outdated HVAC units with mini-split heat pumps and air conditioners. The new units will improve the air quality of the classrooms and provide a healthier environment for students, staff and patrons.

How will the district determine the impact of its ESSER II direct district allocation expenditures (and additional per-student allocation, if applicable) on students?

The impact of summer school on student learning will be measured by student assessment tools such as Lexia and Star 360. The impact of the additional one FTE certified teacher instruction to provide additional academic assistance to students will be measured with Lexia, Star 360 and also classroom lesson assessments. The software purchased to aid in academic growth and equipment purchased to allow access to online programs and activities will be assessed through classroom lesson assessment as well as state assessments, Lexia and Star 360. The replacement of HVAC units will be assessed by an improved learning environment provided to students and also reduced absences due to improved air quality. The impact of individual tables and chairs for students will be measured by reduced absences due to reduction of germs and viruses transmitted and by students social distanced which will reduce the number of students being a contact for quarantine.

Notes on ESSER II application Excel template:

• Plans and budgets should be submitted for at least a 12 month period but do not need to account for the full duration of the program or the full allocation amount. Funds will remain accessible to the LEA until September 30, 2023 and there will be additional opportunities to submit further requests/plans in the future.
• Following ESSER II application approval and initiation of funds draw down, districts will be required to report to the Commissioner's Task Force on ESSER II expenditures and impact on a monthly basis throughout the program. This ESSER II reporting will be required as a part of regular ESSER program reporting, which will capture past expenditures across funding streams (ESSER I, ESSER I SPED, ESSER II, ESSER II SPED, ESSER II KSDE Per Student Allocation). Districts may be asked to provide expenditures by fund, function, object, account, and ESSER II allowable use as part of ongoing ESSER reporting.
This reporting will not replace any reporting required by the federal government. KSDE will work to maximize compatibility between its reporting requirements and those of the federal government as much as possible to minimize burden on districts.

Please download and complete the ESSER II application template [here](#) to provide details on ESSER II budgeted expenditures across allowable uses and KSDE accounting codes.

### Local Education Agency (LEA) Assurances

#### Section I. General Grant Assurances for Federal Funds

Throughout the period of the grant award, the LEA will comply with all requirements of:

The LEA will make a good faith effort, on a continuing basis, to maintain a drug-free workplace, in accordance with the measures in 34 CFR Part 84, Subpart B and the Drug-Free Workplace Act of 1988;

The Education Department General Administrative Regulations (EDGAR) 34 CFR 76 requirements, including:

34 CFR §76.500(a) Federal statutes and regulations on nondiscrimination.

(a) A State and a subgrantee shall comply with the following statutes and regulations:

- Discrimination on the basis of age | The Age Discrimination Act (42 U.S.C. 6101 et seq.) | 34 CFR part 110.

(b) A State or subgrantee that is a covered entity as defined in §108.3 of this title shall comply with the nondiscrimination requirements of the Boy Scouts of America Equal Access Act, 20 U.S.C. 7905, 34 CFR part 108.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.650 Private schools; purpose of §§76.651-76.662.

(a) Under some programs, the authorizing statute requires that a State and its subgrantees provide for participation by students enrolled in private schools. Sections 76.651-76.662 apply to those programs and provide rules for that participation. These sections do not affect the authority of the State or a subgrantee to enter into a contract with a private party.

(b) If any other rules for participation of students enrolled in private schools apply under a particular program, they are in the authorizing statute or implementing regulations for that program.

(Authority: 20 U.S.C. 1221e-3 and 3474)

34 CFR §76.700 Compliance with statutes, regulations, State plan, and applications.

A State and a subgrantee shall comply with the State plan and applicable statutes, regulations, and approved applications, and shall use Federal funds in accordance with those statutes, regulations, plan, and applications.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.701 The State or subgrantee administers or supervises each project.

A State or a subgrantee shall directly administer or supervise the administration of each project.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.702 Fiscal control and fund accounting procedures.

A State and a subgrantee shall use fiscal control and fund accounting procedures that insure proper disbursement of and accounting for Federal funds.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))
34 CFR §76.709 Funds may be obligated during a “carryover period.”
(a) If a State or a subgrantee does not obligate all of its grant or subgrant funds by the end of the fiscal year for which Congress appropriated the funds, it may obligate the remaining funds during a carryover period of one additional fiscal year.
(b) The State shall return to the Federal Government any carryover funds not obligated by the end of the carryover period by the State and its subgrantees.

(Authority: U.S.C. 1221e-3, 1225(b), and 3474)

34 CFR §76.722 Subgrantee reporting requirements.
A State may require a subgrantee to submit reports in a manner and format that assists the State in complying with the requirements under 34 CFR 76.720 and in carrying out other responsibilities under the program.

(Authority: 20 U.S.C. 1221e-3, 1231a, and 3474)
[72 FR 3703, Jan. 25, 2007]

34 CFR §76.730 Records related to grant funds.
A State and a subgrantee shall keep records that fully show:
(a) The amount of funds under the grant or subgrant;
(b) How the State or subgrantee uses the funds;
(c) The total cost of the project;
(d) The share of that cost provided from other sources; and
(e) Other records to facilitate an effective audit.

(Approved by the Office of Management and Budget under control number 1880-0513)
(Authority: 20 U.S.C. 1232f)

34 CFR §76.731 Records related to compliance.
A State and a subgrantee shall keep records to show its compliance with program requirements.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))
The Uniform Grant Guidance, 2 CFR §200 all applicable subrecipient requirements, including but not limited to:
2 CFR Subpart D – Post Federal Award Requirements
§200.302 Financial management.
§200.303 Internal controls.
§200.305 Payment.
§200.313 Equipment.
§200.314 Supplies.
§200.318 General procurement standards.
§200.320 Methods of procurement to be followed;
2 CFR 200 Subpart E: Cost Principles:
§200.403 Factors affecting allowable costs.
§200.404 Reasonable costs.
§200.405 Allocable costs.
§200.413 Direct costs.
§200.415 Required certifications.
§200.430 Compensation—personal services.
The Debarment and Suspension, 34 CFR Part 85, Section 85.510, Participants’ Responsibilities and makes the following certification by signing this application:
The prospective lower-tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.
Where the prospective lower-tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.
This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 for such failure.
Section II. Specific Elementary and Secondary School Emergency Relief (ESSER) Grant Assurances

The LEA assures that funds shall only be used for any of the following:

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.

- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.

- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.

- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.

- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.

- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.

- Planning for and coordinating during long-term closures, including for how to provide meals to eligible students, how to provide technology for online learning to all students, how to provide guidance for carrying out requirements under the Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.) and how to ensure other educational services can continue to be provided consistent with all Federal, State, and local requirements.

- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and students with disabilities, which may include assistive technology or adaptive equipment.

- Providing mental health services and supports.

- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low income students, students with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.

- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.

- School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.

- Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.

- Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.
Throughout the period of the grant award, the LEA shall comply with all applicable requirements of the Elementary and Secondary School Emergency Relief (ESSER) authorized by the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSAA), including:

CONTINUED PAYMENT TO EMPLOYEES
SEC. 18006. A local educational agency, State, institution of higher education, or other entity that receives funds under “Education Stabilization Fund”, shall to the greatest extent practicable, continue to pay its employees and contractors during the period of any disruptions or closures related to coronavirus.

Certification

To the best of my knowledge and belief, all the information and data in this agreement are true and correct. I acknowledge and agree that the failure to comply with all Assurances and Certifications in this Agreement, all relevant provisions and requirements of the CARES Act, Pub. L. No. 116-136 (March 27, 2020), or any other applicable law or regulation may result in liability under the False Claims Act, 31 U.S.C. § 3729, et seq.; OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485; and 18 USC § 1001, as appropriate.

Other District Representative 1 | Email Address | irice@usd481.com

Please briefly describe the impacts of COVID-19 on the district and its Pre-K through 12 students, including any relevant data where possible (e.g., cost impact, learning loss, emotional impact on students). If there has been a disproportionate impact on a special population in the district (e.g., students with disabilities, English Learners, students in foster care, students in poverty, etc.), please describe the impact and provide the number of Pre-K through 12 students in that population.

USD 481 saw some academic loss because some students struggled to learn over Zoom during the Spring of last year, 2020. We have seen an increase in social-emotional needs throughout the District during this school year. Teachers are reporting more struggles with social-emotional well-being this year. Depression and anxiety have increased for many students. As a small school district all of our students, including special education students have been impacted. Areas we will continue to address are cleaning of the facilities, additional full-time substitute teachers, additional nursing staff, social distancing, and assuring that we have the capability to teach remotely.

Does the district have remaining ESSER I funding that it has not yet spent as of the date of ESSER II application submission? | Yes

Please summarize how the district will use its remaining ESSER I and ESSER I SPED funding and what it hopes to accomplish with these funds.

We anticipate using the rest of these funds to pay for the Substitute teachers, health nurses, and extra custodians.
Please review the following allowable uses of ESSER II funds before completing the narrative and Excel template portion of the application.

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.
- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.
- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.
- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.
- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.
- Planning for, coordinating, and implementing activities during long-term closures, including providing meals to eligible students, providing technology for online learning to all students, providing guidance for carrying out requirements under the IDEA and ensuring other educational services can continue to be provided consistent with all Federal, State, and local requirements.
- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and children with disabilities, which may include assistive technology or adaptive equipment.
- Providing mental health services and supports.
- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low-income students, children with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.
- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.
- School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.
- Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.
- Developing strategies and implementing public health protocols for the reopening and operation of school facilities.
- Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Please note: "Developing strategies and implementing public health protocols for the reopening and operation of school facilities," identified as an allowable use under ESSER III in the American Rescue Plan, is also permissible under ESSER II.
Plan for ESSER II Direct District Allocation and KSDE Per-Student Additional Allocation (If Applicable)

Please summarize how the district proposes using its ESSER II direct district allocation (and its KSDE per-student additional allocation, if applicable) to address incremental COVID-19 needs.

The District proposes to use the ESSER II funds for the expenses that go with hiring full time substitute teachers, health nurses, extra custodians. Also getting the curriculum that will allow us to teach virtual and in person as needed. It will also help us purchase a extra bus for Hope and one for White City for social distancing purposes.

How will the district determine the impact of its ESSER II direct district allocation expenditures (and additional per-student allocation, if applicable) on students?

The goal of the District is to provide in person instruction with the use of ESSER II Funds. The funding of extra personnel, curriculum, and transportation will help meet this goal.

Notes on ESSER II application Excel template:

- Plans and budgets should be submitted for at least a 12 month period but do not need to account for the full duration of the program or the full allocation amount. Funds will remain accessible to the LEA until September 30, 2023 and there will be additional opportunities to submit further requests/plans in the future.
- Following ESSER II application approval and initiation of funds draw down, districts will be required to report to the Commissioner’s Task Force on ESSER II expenditures and impact on a monthly basis throughout the program. This ESSER II reporting will be required as a part of regular ESSER program reporting, which will capture past expenditures across funding streams (ESSER I, ESSER I SPED, ESSER II, ESSER II SPED, ESSER II KSDE Per Student Allocation). Districts may be asked to provide expenditures by fund, function, object, account, and ESSER II allowable use as part of ongoing ESSER reporting.
- This reporting will not replace any reporting required by the federal government. KSDE will work to maximize compatibility between its reporting requirements and those of the federal government as much as possible to minimize burden on districts.

Please download and complete the ESSER II application template [here](#) to provide details on ESSER II budgeted expenditures across allowable uses and KSDE accounting codes.

Local Education Agency (LEA) Assurances

Section I. General Grant Assurances for Federal Funds

Throughout the period of the grant award, the LEA will comply with all requirements of:

The LEA will make a good faith effort, on a continuing basis, to maintain a drug-free workplace, in accordance with the measures in 34 CFR Part 84, Subpart B and the Drug-Free Workplace Act of 1988;

The Education Department General Administrative Regulations (EDGAR) 34 CFR 76 requirements, including:

34 CFR §76.500(a) Federal statutes and regulations on nondiscrimination.

- A State and a subgrantee shall comply with the following statutes and regulations:
Discrimination on the basis of age | The Age Discrimination Act (42 U.S.C. 6101 et seq.) | 34 CFR part 110.

(b) A State or subgrantee that is a covered entity as defined in §108.3 of this title shall comply with the nondiscrimination requirements of the Boy Scouts of America Equal Access Act, 20 U.S.C. 7905, 34 CFR part 108.
(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.650 Private schools; purpose of §§76.651-76.662.

(a) Under some programs, the authorizing statute requires that a State and its subgrantees provide for participation by students enrolled in private schools. Sections 76.651-76.662 apply to those programs and provide rules for that participation. These sections do not affect the authority of the State or a subgrantee to enter into a contract with a private party.

(b) If any other rules for participation of students enrolled in private schools apply under a particular program, they are in the authorizing statute or implementing regulations for that program.
(Authority: 20 U.S.C. 1221e-3 and 3474)

34 CFR §76.700 Compliance with statutes, regulations, State plan, and applications.
A State and a subgrantee shall comply with the State plan and applicable statutes, regulations, and approved applications, and shall use Federal funds in accordance with those statutes, regulations, plan, and applications.
(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.701 The State or subgrantee administers or supervises each project.
A State or a subgrantee shall directly administer or supervise the administration of each project.
(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.702 Fiscal control and fund accounting procedures.
A State and a subgrantee shall use fiscal control and fund accounting procedures that insure proper disbursement of and accounting for Federal funds.
(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.709 Funds may be obligated during a “carryover period.”
(a) If a State or a subgrantee does not obligate all of its grant or subgrant funds by the end of the fiscal year for which Congress appropriated the funds, it may obligate the remaining funds during a carryover period of one additional fiscal year.
(b) The State shall return to the Federal Government any carryover funds not obligated by the end of the carryover period by the State and its subgrantees.
(Authority: U.S.C. 1221e-3, 1225(b), and 3474)

34 CFR §76.722 Subgrantee reporting requirements.
A State may require a subgrantee to submit reports in a manner and format that assists the State in complying with the requirements under 34 CFR 76.720 and in carrying out other responsibilities under the program.
(Authority: 20 U.S.C. 1221e-3, 1231a, and 3474)

[72 FR 3703, Jan. 25, 2007]

34 CFR §76.730 Records related to grant funds.
A State and a subgrantee shall keep records that fully show:
(a) The amount of funds under the grant or subgrant;
(b) How the State or subgrantee uses the funds;
(c) The total cost of the project;
(d) The share of that cost provided from other sources; and
(e) Other records to facilitate an effective audit.

(Approved by the Office of Management and Budget under control number 1880-0513)
(Authority: 20 U.S.C. 1232f)

34 CFR §76.731 Records related to compliance.
A State and a subgrantee shall keep records to show its compliance with program requirements.
(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))
The Uniform Grant Guidance, 2 CFR §200 all applicable subrecipient requirements, including but not limited to:
Section II. Specific Elementary and Secondary School Emergency Relief (ESSER) Grant Assurances

The LEA assures that funds shall only be used for any of the following:

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.
- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.
- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.
- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.
- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.
- Planning for and coordinating during long-term closures, including for how to provide meals to eligible students, how to provide technology for online learning to all students, how to provide guidance for carrying out requirements under the
Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.) and how to ensure other educational services can continue to be provided consistent with all Federal, State, and local requirements.

- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and students with disabilities, which may include assistive technology or adaptive equipment.
- Providing mental health services and supports.
- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low income students, students with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.
- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by—(A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.
- School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.
- Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.
- Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Throughout the period of the grant award, the LEA shall comply with all applicable requirements of the Elementary and Secondary School Emergency Relief (ESSER) authorized by the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSA), including:

CONTINUED PAYMENT TO EMPLOYEES
SEC. 18006. A local educational agency, State, institution of higher education, or other entity that receives funds under “Education Stabilization Fund”, shall to the greatest extent practicable, continue to pay its employees and contractors during the period of any disruptions or closures related to coronavirus.

Certification

To the best of my knowledge and belief, all the information and data in this agreement are true and correct. I acknowledge and agree that the failure to comply with all Assurances and Certifications in this Agreement, all relevant provisions and requirements of the CARES Act, Pub. L. No. 116-136 (March 27, 2020), or any other applicable law or regulation may result in liability under the False Claims Act, 31 U.S.C. § 3729, et seq.; OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485; and 18 USC § 1001, as appropriate.

Other District Representative 2 | Email Address | amyshanks@eudoraschools.org

Please briefly describe the impacts of COVID-19 on the district and its Pre-K through 12 students, including any relevant data where possible (e.g., cost impact, learning loss, emotional impact on students). If there has been a disproportionate impact on a special population in the district (e.g., students with disabilities, English Learners, students in foster care, students in poverty, etc.), please describe the impact and provide the number of Pre-K through 12 students in that population.

Our district has been impacted by the pandemic in many ways. We know that we have experienced learning losses amongst our students. This will undoubtedly create larger numbers of students needing Tier II and Tier III interventions and supports in the coming years. We are finding ourselves moving aggressively to find better resources and materials to help our struggling learners. Our special education students have struggled at times with the lack of consistency especially related to in-person vs. remote learning. Our district understands that the resources and professional development must be in place as we return all students to the classroom in the fall.
There has also be a significant toll on the social-emotional wellbeing of our staff and students as well. We observed higher numbers of both groups needing assistance and support from our mental health staff and counselors. We believe that some of that was born out of the isolation that came with the shutdown a year ago and has been exacerbated by the financial...
issues in many of our homes as business and industry shutdown and are only starting to rebound. We also know that while
our staff responded in a remarkable manner, they too are experiencing a level of exhaustion that we’ve never seen before.
Finally, we know that there are connectivity gaps within our community. We’ve tried to create some WIFI zones around our
buildings but that does little to support those who struggle financially or who live out in our rural areas.

Does the district have remaining ESSER I funding that it has not yet spent as of the date of ESSER II application
submission?

Please review the following allowable uses of ESSER II funds before completing the narrative and Excel template portion of the application.

- Any activity authorized by the ESEA of 1965, including the Native Hawaiian Education Act and the Alaska Native Educational
  Equity, Support, and Assistance Act (20 U.S.C. 6301 et seq.), the Individuals with Disabilities Education Act (20 U.S.C.1400 et
  seq.) (“IDEA”), the Adult Education and Family Literacy Act (20 U.S.C. 1400 et seq.), the Carl D. Perkins Career and Technical
  Education Act of 2006 (20 U.S.C. 2301 et seq.) (“the Perkins Act”), or subtitle B of title VII of the McKinney-December 21,
  Vento Homeless Assistance Act (42 U.S.C. 11431 et seq.).
- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial
  public health departments, and other relevant agencies, to improve coordinated responses among such entities to
  prevent, prepare for, and respond to coronavirus.
- Providing principals and others school leaders with the resources necessary to address the needs of their individual
  schools.
- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial
  and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service
  delivery will meet the needs of each population.
- Developing and implementing procedures and systems to improve the preparedness and response efforts of local
  educational agencies.
- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of
  infectious diseases.
- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such
  agency.
- Planning for, coordinating, and implementing activities during long-term closures, including providing meals to eligible
  students, providing technology for online learning to all students, providing guidance for carrying out requirements under
  the IDEA and ensuring other educational services can continue to be provided consistent with all Federal, State, and local
  requirements.
- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the
  local educational agency that aids in regular and substantive educational interaction between students and their
  classroom instructors, including low-income students and children with disabilities, which may include assistive technology
  or adaptive equipment.
- Providing mental health services and supports.
- Planning and implementing activities related to summer learning and supplemental afterschool programs, including
  providing classroom instruction or online learning during the summer months and addressing the needs of low-income
  students, children with disabilities, English learners, migrant students, students experiencing homelessness, and children in
  foster care.
- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial
  and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational
  agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess
  students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating
  instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing
  information and assistance to parents and families on how they can effectively support students, including in a distance
  learning environment. (D) Tracking student attendance and improving student engagement in distance education.
School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.

- Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.
- Developing strategies and implementing public health protocols for the reopening and operation of school facilities.
- Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Please note: “Developing strategies and implementing public health protocols for the reopening and operation of school facilities," identified as an allowable use under ESSER III in the American Rescue Plan, is also permissible under ESSER II.

Plan for ESSER II Direct District Allocation and KSDE Per-Student Additional Allocation (If Applicable)

Please summarize how the district proposes using its ESSER II direct district allocation (and its KSDE per-student additional allocation, if applicable) to address incremental COVID-19 needs.

The district will use a balanced approach to our spend. Priority #1 is a focus on supporting a summer academy. The purpose of summer academy is to provide direct instruction to support struggling learners as a means of closing the knowledge gap for elementary learners and credit recovery at the middle school and high school. We plan to purchase district Edgenuity licenses to supplement direct instruction. It is also our intent to provide nursing services to ensure safe operations. The district will address technology shortfalls. We will purchase an additional 130 chromebooks to disperse to students which will make us a completely 1:1 district. We also checked out every device we owned to students and staff. Devises will be returned to the district office and cleaned/disinfected for next year.

We are purchasing new math curriculum with intentional focus on advanced Tier II and Tier III curriculum for our struggling learners. Esser II funding would only be applied to an allowable portion of the overall purchase.

Our district is using obsolete HR and Financial software. This doesn't allow us to function remotely should individuals get quarantined. Central office personnel were quarantined during this past school year. Given our limitations, this caused great concern for continuity of operations when dealing with financial management and personnel operations. We want to purchase new systems that give us greater security, and remote capability.

Our high school needs added space for students and staff to spread out. There are larger classes coming up, making this a must. We intend to take out lockers and utilize that space for additional flexible classroom seating.

Finally, funding will cover sub costs for staff out due to the pandemic. Our substitutes are critical to our overall operation when staff have seen extended absences due to the need to quarantine.

How will the district determine the impact of its ESSER II direct district allocation expenditures (and additional per-student allocation, if applicable) on students?

Our hope is that the summer academy will show benefits immediately. Our high school staff believe that we will be able to report a significant number of credits that were recovered at the secondary level. This work will put more students back on track for graduation. Furthermore, we know the summer academy's target support for reading and math will impact not only mastery of missing content, but will also limit the impact of “summer learning loss” that all too often accompanies our students. We believe this approach will have a positive impact on fall screening assessments at the elementary/middle school. We also believe that the new math adoption will help us support our struggling learners and should help us show consistent growth not only amongst our student body, but most importantly our Tier II and III learners.

Notes on ESSER II application Excel template:

- Plans and budgets should be submitted for at least a 12 month period but do not need to account for the full duration of the program or the full allocation amount. Funds will remain accessible to the LEA until September 30, 2023 and there will be additional opportunities to submit further requests/plans in the future.
• Following ESSER II application approval and initiation of funds draw down, districts will be required to report to the Commissioner’s Task Force on ESSER II expenditures and impact on a monthly basis throughout the program. This ESSER II reporting will be required as a part of regular ESSER program reporting, which will capture past expenditures across funding streams (ESSER I, ESSER I SPED, ESSER II, ESSER II SPED, ESSER II KSDE Per Student Allocation). Districts may be asked to provide expenditures by fund, function, object, account, and ESSER II allowable use as part of ongoing ESSER reporting.
• This reporting will not replace any reporting required by the federal government. KSDE will work to maximize compatibility between its reporting requirements and those of the federal government as much as possible to minimize burden on districts.

Please download and complete the ESSER II application template here to provide details on ESSER II budgeted expenditures across allowable uses and KSDE accounting codes.

![ESSER II Application Template](Eudora ESSERII-Application.xlsx)

Local Education Agency (LEA) Assurances

Section I. General Grant Assurances for Federal Funds

Throughout the period of the grant award, the LEA will comply with all requirements of:
The LEA will make a good faith effort, on a continuing basis, to maintain a drug-free workplace, in accordance with the measures in 34 CFR Part 84, Subpart B and the Drug-Free Workplace Act of 1988;
The Education Department General Administrative Regulations (EDGAR) 34 CFR 76 requirements, including:
34 CFR §76.500(a) Federal statutes and regulations on nondiscrimination.
(a) A State and a subgrantee shall comply with the following statutes and regulations:
• Discrimination on the basis of race, color, or national origin | Title VI of the Civil Rights Act of 1964 (45 U.S.C. 2000d through 2000d-4) | 34 CFR part 100.
• Discrimination on the basis of age | The Age Discrimination Act (42 U.S.C. 6101 et seq.) | 34 CFR part 110.

(b) A State or subgrantee that is a covered entity as defined in §108.3 of this title shall comply with the nondiscrimination requirements of the Boy Scouts of America Equal Access Act, 20 U.S.C. 7905, 34 CFR part 108.
(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))
34 CFR §76.650 Private schools; purpose of §§76.651-76.662.
(a) Under some programs, the authorizing statute requires that a State and its subgrantees provide for participation by students enrolled in private schools. Sections 76.651-76.662 apply to those programs and provide rules for that participation. These sections do not affect the authority of the State or a subgrantee to enter into a contract with a private party.
(b) If any other rules for participation of students enrolled in private schools apply under a particular program, they are in the authorizing statute or implementing regulations for that program.
(Authority: 20 U.S.C. 1221e-3 and 3474)
34 CFR §76.700 Compliance with statutes, regulations, State plan, and applications.
A State and a subgrantee shall comply with the State plan and applicable statutes, regulations, and approved applications, and shall use Federal funds in accordance with those statutes, regulations, plan, and applications.
(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))
34 CFR §76.701 The State or subgrantee administers or supervises each project.
A State or a subgrantee shall directly administer or supervise the administration of each project.
Fiscal control and fund accounting procedures.

A State and a subgrantee shall use fiscal control and fund accounting procedures that insure proper disbursement of and accounting for Federal funds.

Funds may be obligated during a "carryover period."

(a) If a State or a subgrantee does not obligate all of its grant or subgrant funds by the end of the fiscal year for which Congress appropriated the funds, it may obligate the remaining funds during a carryover period of one additional fiscal year.

(b) The State shall return to the Federal Government any carryover funds not obligated by the end of the carryover period by the State and its subgrantees.

Subgrantee reporting requirements.

A State may require a subgrantee to submit reports in a manner and format that assists the State in complying with the requirements under 34 CFR 76.720 and in carrying out other responsibilities under the program.

Records related to grant funds.

A State and a subgrantee shall keep records that fully show:

(a) The amount of funds under the grant or subgrant;
(b) How the State or subgrantee uses the funds;
(c) The total cost of the project;
(d) The share of that cost provided from other sources; and
(e) Other records to facilitate an effective audit.

Subgrantee reporting requirements.

A State may require a subgrantee to submit reports in a manner and format that assists the State in complying with the requirements under 34 CFR 76.720 and in carrying out other responsibilities under the program.

Records related to grant funds.

A State and a subgrantee shall keep records that fully show:

(a) The amount of funds under the grant or subgrant;
(b) How the State or subgrantee uses the funds;
(c) The total cost of the project;
(d) The share of that cost provided from other sources; and
(e) Other records to facilitate an effective audit.

Records related to grant funds.

A State and a subgrantee shall keep records that fully show:

(a) The amount of funds under the grant or subgrant;
(b) How the State or subgrantee uses the funds;
(c) The total cost of the project;
(d) The share of that cost provided from other sources; and
(e) Other records to facilitate an effective audit.

Approved by the Office of Management and Budget under control number 1880-0513

The Uniform Grant Guidance, 2 CFR §200 all applicable subrecipient requirements, including but not limited to:

2 CFR Subpart D – Post Federal Award Requirements

§200.302 Financial management.

§200.303 Internal controls.

§200.305 Payment.

§200.313 Equipment.

§200.314 Supplies.

§200.318 General procurement standards.

§200.320 Methods of procurement to be followed;

2 CFR 200 Subpart E: Cost Principles:

§200.403 Factors affecting allowability of costs.

§200.404 Reasonable costs.

§200.405 Allocable costs.

§200.413 Direct costs.

§200.415 Required certifications.

§200.430 Compensation—personal services.

The Debarment and Suspension, 34 CFR Part 85, Section 85.510, Participants' Responsibilities and makes the following certification by signing this application:

The prospective lower-tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.
Where the prospective lower-tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 for such failure.

Section II. Specific Elementary and Secondary School Emergency Relief (ESSER) Grant Assurances

The LEA assures that funds shall only be used for any of the following:

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.

- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.

- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.

- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.

- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.

- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.

- Planning for and coordinating during long-term closures, including for how to provide meals to eligible students, how to provide technology for online learning to all students, how to provide guidance for carrying out requirements under the Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.) and how to ensure other educational services can continue to be provided consistent with all Federal, State, and local requirements.

- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and students with disabilities, which may include assistive technology or adaptive equipment.

- Providing mental health services and supports.

- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low income students, students with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.

- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by— (A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.

- School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.
Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.

Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Throughout the period of the grant award, the LEA shall comply with all applicable requirements of the Elementary and Secondary School Emergency Relief (ESSER) authorized by the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSAA), including:

CONTINUED PAYMENT TO EMPLOYEES
SEC. 18006. A local educational agency, State, institution of higher education, or other entity that receives funds under “Education Stabilization Fund”, shall to the greatest extent practicable, continue to pay its employees and contractors during the period of any disruptions or closures related to coronavirus.

Certification

To the best of my knowledge and belief, all the information and data in this agreement are true and correct. I acknowledge and agree that the failure to comply with all Assurances and Certifications in this Agreement, all relevant provisions and requirements of the CARES Act, Pub. L. No. 116-136 (March 27, 2020), or any other applicable law or regulation may result in liability under the False Claims Act, 31 U.S.C. § 3729, et seq.; OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485; and 18 USC § 1001, as appropriate.

Thank you for creating a User Profile for the Kansas CommonApp!

Your User Profile will be linked to every application submitted under your login. You can always return to this page to keep your information current.

Select an Applicant Type | Unified School District
---|---
Applicant / Entity Name | South Haven School
Applicant / Mailing Address | PO Box 229
| South Haven, KS 67140
Applicant / First and Last Name of Owner, CEO, or Executive Director | Brooke Price
Applicant / Email Address of Owner, CEO, or Executive Director | brookeprice@usd509.org
Applicant / Phone Number | 620-892-5215

All questions in the section below are optional, and offer an opportunity to upload or enter information that is typically asked for on grant opportunities.

(for EANS and ESSER grant applications - please skip the questions below, and scroll to the bottom to complete your User Profile information.)

Application details

Full District Name | South Haven School
District Number | 509
Mailing Address | PO Box 229, 229 S Kickapoo St
Please briefly describe the impacts of COVID-19 on the district and its Pre-K through 12 students, including any relevant data where possible (e.g., cost impact, learning loss, emotional impact on students). If there has been a disproportionate impact on a special population in the district (e.g., students with disabilities, English Learners, students in foster care, students in poverty, etc.), please describe the impact and provide the number of Pre-K through 12 students in that population.

South Haven USD 509 is a small rural district in South Sumner County with a current student population of 210 students in grades Prek-12. While the Continuous Learning Plan utilized in the Spring of 2020 kept many students afloat during that period, nearly 30% of our students were absent or had unpredictable attendance. On the last day of school in May, 25% of our high school students were failing at least one class required for graduation, with some students failing multiple core classes. This was a ten-fold increase from previous years.

The fall 2020 elementary benchmark testing in math and reading indicated a 15% - 25% drop in scores compared with previous years’ fall testing. With the lack of real social interaction from March 2020 to September 2020, South Haven students being identified as behaviorally/mentally at-risk increased significantly. Office referrals also rose as well as student absenteeism. This attendance challenge was exacerbated by student under quarantine, which during the months of November, December, and January, hovered around 25% of the entire student body... the silver lining being, that a minimal number students tested positive for the COVID virus and were able to learn remotely.

Sadly, an un-proportional high number of low SES families/students (85% of those choosing remote-learning) chose to begin the year in a full remote learning model. The motivation might have been driven by fear of being infected by the virus or possibly the opportunity of receiving free or reduced internet.

Does the district have remaining ESSER I funding that it has not yet spent as of the date of ESSER II application submission?

No

Please review the following allowable uses of ESSER II funds before completing the narrative and Excel template portion of the application.

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.
- Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.
- Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.
- Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.
- Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.
- Planning for, coordinating, and implementing activities during long-term closures, including providing meals to eligible students, providing technology for online learning to all students, providing guidance for carrying out requirements under the IDEA and ensuring other educational services can continue to be provided consistent with all Federal, State, and local requirements.
- Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and children with disabilities, which may include assistive technology or adaptive equipment.
- Providing mental health services and supports.
- Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low-income students, children with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.
- Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by—(A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students' academic progress and assist educators in meeting students' academic needs, including through differentiating instruction. (B) Implementing evidence-based activities to meet the comprehensive needs of students. (C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment. (D) Tracking student attendance and improving student engagement in distance education.
- School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.
- Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.
- Developing strategies and implementing public health protocols for the reopening and operation of school facilities.
- Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

**Please note:** "Developing strategies and implementing public health protocols for the reopening and operation of school facilities," identified as an allowable use under ESSER III in the American Rescue Plan, is also permissible under ESSER II.

### Plan for ESSER II Direct District Allocation and KSDE Per-Student Additional Allocation (If Applicable)

Please summarize how the district proposes using its ESSER II direct district allocation (and its KSDE per-student additional allocation, if applicable) to address incremental COVID-19 needs.
To address the loss of learning created by the pandemic, USD 509 added a full time Title 1 teacher to their staff in the fall of 2020. The district intends to use ESSER II allocation money to pay the salary for this newly created position.

Because of the SEL loss staring in March 2020, South Haven has created a new “Summer Fun” k-12 enrichment program, led by three teachers, to strengthen not only student social/emotional skills but will also include math and reading activities. Bus transportation to/from school will be provided (Bus Drivers and fuel). The 5-week program will be broken down into 2-week segments for K-2 and 3-5 with a field trip schedule on Thursday of each week. Grades 6-12 will consist of only Field Trips and focus primarily on SEL. Currently, 42 South Haven students have registered to participate in the Summer Fun program. Additional summer custodial services will be required for this enrichment program as well teaching materials and supplies.

For the 2020-2021 school year, USD 509 intends to use ESSER II funds to pay for staff (certified and classified) sick leave caused by COVID quarantines/isolations along with required substitute teachers caused by COVID. With the need for more intense cleaning, USD 509 was forced to increase their custodial hours in order to address the increased cleaning work load. For sanitization purposes, ESSER II funds are being used for backpack sanitizing sprayers, touchless towel, soap, and hand sanitizer dispensers and additional cleaning supplies (soap, towels, etc.). As the need arises, more PPE equipment may be purchased, i.e., gloves, adult and youth face masks.

Finally, USD 509 intends utilizing ESSER II funds to cover Instructional technology tools required for remote learning, i.e., Chromebooks, iPads, filtering software, Zoom and Seesaw licenses, technology replacement parts.

How will the district determine the impact of its ESSER II direct district allocation expenditures (and additional per-student allocation, if applicable) on students?

South Haven USD 509 will determine the impact of its ESSER II funds on students by monitoring student success using various tools. Attendance will be monitored using both the district’s student information system and a tool the district uses to track student quarantines and isolation on a daily basis. With regards to the Summer Fun enrichment program, the district will survey all parents of participating students to measure the effectiveness of this new program and make adjustments accordingly. As the 21-22 school year progresses, the district will actively monitor its student reading and math benchmark tests, Tier II and Tier III student progress.

Notes on ESSER II application Excel template:

- Plans and budgets should be submitted for at least a 12 month period but do not need to account for the full duration of the program or the full allocation amount. Funds will remain accessible to the LEA until September 30, 2023 and there will be additional opportunities to submit further requests/plans in the future.
- Following ESSER II application approval and initiation of funds draw down, districts will be required to report to the Commissioner’s Task Force on ESSER II expenditures and impact on a monthly basis throughout the program. This ESSER II reporting will be required as a part of regular ESSER program reporting, which will capture past expenditures across funding streams (ESSER I, ESSER I SPED, ESSER II, ESSER II SPED, ESSER II KSDE Per Student Allocation). Districts may be asked to provide expenditures by fund, function, object, account, and ESSER II allowable use as part of ongoing ESSER reporting.
- This reporting will not replace any reporting required by the federal government. KSDE will work to maximize compatibility between its reporting requirements and those of the federal government as much as possible to minimize burden on districts.

Please download and complete the ESSER II application template here to provide details on ESSER II budgeted expenditures across allowable uses and KSDE accounting codes.

Local Education Agency (LEA) Assurances
Section I. General Grant Assurances for Federal Funds

Throughout the period of the grant award, the LEA will comply with all requirements of:

The LEA will make a good faith effort, on a continuing basis, to maintain a drug-free workplace, in accordance with the measures in 34 CFR Part 84, Subpart B and the Drug-Free Workplace Act of 1988;

The Education Department General Administrative Regulations (EDGAR) 34 CFR 76 requirements, including:

34 CFR §76.500(a) Federal statutes and regulations on nondiscrimination.

(a) A State and a subgrantee shall comply with the following statutes and regulations:

- Discrimination on the basis of age | The Age Discrimination Act (42 U.S.C. 6101 et seq.) | 34 CFR part 110.

(b) A State or subgrantee that is a covered entity as defined in §108.3 of this title shall comply with the nondiscrimination requirements of the Boy Scouts of America Equal Access Act, 20 U.S.C. 7905, 34 CFR part 108.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.750 Private schools; purpose of §§76.651-76.662.

(a) Under some programs, the authorizing statute requires that a State and its subgrantees provide for participation by students enrolled in private schools. Sections 76.651-76.662 apply to those programs and provide rules for that participation. These sections do not affect the authority of the State or a subgrantee to enter into a contract with a private party.

(b) If any other rules for participation of students enrolled in private schools apply under a particular program, they are in the authorizing statute or implementing regulations for that program.

(Authority: 20 U.S.C. 1221e-3 and 3474)

34 CFR §76.700 Compliance with statutes, regulations, State plan, and applications.

A State and a subgrantee shall comply with the State plan and applicable statutes, regulations, and approved applications, and shall use Federal funds in accordance with those statutes, regulations, plan, and applications.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.701 The State or subgrantee administers or supervises each project.

A State or a subgrantee shall directly administer or supervise the administration of each project.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.702 Fiscal control and fund accounting procedures.

A State and a subgrantee shall use fiscal control and fund accounting procedures that insure proper disbursement of and accounting for Federal funds.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

34 CFR §76.709 Funds may be obligated during a “carryover period.”

(a) If a State or a subgrantee does not obligate all of its grant or subgrant funds by the end of the fiscal year for which Congress appropriated the funds, it may obligate the remaining funds during a carryover period of one additional fiscal year.

(b) The State shall return to the Federal Government any carryover funds not obligated by the end of the carryover period by the State and its subgrantees.

(Authority: U.S.C. 1221e-3, 1225(b), and 3474)

34 CFR §76.722 Subgrantee reporting requirements.

A State may require a subgrantee to submit reports in a manner and format that assists the State in complying with the requirements under 34 CFR 76.720 and in carrying out other responsibilities under the program.

(Authority: 20 U.S.C. 1221e-3, 1231a, and 3474)

[72 FR 3703, Jan. 25, 2007]

34 CFR §76.730 Records related to grant funds.

A State and a subgrantee shall keep records that fully show:

(a) The amount of funds under the grant or subgrant;
(b) How the State or subgrantee uses the funds;
(c) The total cost of the project;
(d) The share of that cost provided from other sources; and
(e) Other records to facilitate an effective audit.

(Approved by the Office of Management and Budget under control number 1880-0513)

(Authority: 20 U.S.C. 1232f)

34 CFR §76.731

Records related to compliance.

A State and a subgrantee shall keep records to show its compliance with program requirements.

(Authority: 20 U.S.C. 1221e-3, 3474, and 6511(a))

The Uniform Grant Guidance, 2 CFR §200 all applicable subrecipient requirements, including but not limited to:

2 CFR Subpart D – Post Federal Award Requirements

§200.302 Financial management.

§200.303 Internal controls.

§200.305 Payment.

§200.313 Equipment.

§200.314 Supplies.

§200.318 General procurement standards.

§200.320 Methods of procurement to be followed;

2 CFR 200 Subpart E: Cost Principles:

§200.403 Factors affecting allowability of costs.

§200.404 Reasonable costs.

§200.405 Allocable costs.

§200.413 Direct costs.

§200.415 Required certifications.

§200.430 Compensation—personal services.

The Debarment and Suspension, 34 CFR Part 85, Section 85.510, Participants' Responsibilities and makes the following certification by signing this application:

The prospective lower-tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.

Where the prospective lower-tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 for such failure.

**Section II. Specific Elementary and Secondary School Emergency Relief (ESSER) Grant Assurances**

The LEA assures that funds shall only be used for any of the following:

- Coordination of preparedness and response efforts of local educational agencies with State, local, Tribal, and territorial public health departments, and other relevant agencies, to improve coordinated responses among such entities to prevent, prepare for, and respond to coronavirus.
- Providing principals and others school leaders with the resources necessary to address the needs of their individual schools.
Activities to address the unique needs of low-income children or students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and foster care youth, including how outreach and service delivery will meet the needs of each population.

Developing and implementing procedures and systems to improve the preparedness and response efforts of local educational agencies.

Training and professional development for staff of the local educational agency on sanitation and minimizing the spread of infectious diseases.

Purchasing supplies to sanitize and clean the facilities of a local educational agency, including buildings operated by such agency.

Planning for and coordinating during long-term closures, including for how to provide meals to eligible students, how to provide technology for online learning to all students, how to provide guidance for carrying out requirements under the Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.) and how to ensure other educational services can continue to be provided consistent with all Federal, State, and local requirements.

Purchasing educational technology (including hardware, software, and connectivity) for students who are served by the local educational agency that aids in regular and substantive educational interaction between students and their classroom instructors, including low-income students and students with disabilities, which may include assistive technology or adaptive equipment.

Providing mental health services and supports.

Planning and implementing activities related to summer learning and supplemental afterschool programs, including providing classroom instruction or online learning during the summer months and addressing the needs of low income students, students with disabilities, English learners, migrant students, students experiencing homelessness, and children in foster care.

Addressing learning loss among students, including low-income students, children with disabilities, English learners, racial and ethnic minorities, students experiencing homelessness, and children and youth in foster care, of the local educational agency, including by—

(A) Administering and using high-quality assessments that are valid and reliable, to accurately assess students’ academic progress and assist educators in meeting students’ academic needs, including through differentiating instruction.

(B) Implementing evidence-based activities to meet the comprehensive needs of students.

(C) Providing information and assistance to parents and families on how they can effectively support students, including in a distance learning environment.

(D) Tracking student attendance and improving student engagement in distance education.

School facility repairs and improvements to enable operation of schools to reduce risk of virus transmission and exposure to environmental health hazards, and to support student health needs.

Inspection, testing, maintenance, repair, replacement, and upgrade projects to improve the indoor air quality in school facilities, including mechanical and non-mechanical heating, ventilation, and air conditioning systems, filtering, purification and other air cleaning, fans, control systems, and window and door repair and replacement.

Other activities that are necessary to maintain the operation of and continuity of services in local educational agencies and continuing to employ existing staff of the local educational agency.

Throughout the period of the grant award, the LEA shall comply with all applicable requirements of the Elementary and Secondary School Emergency Relief (ESSER) authorized by the Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (CRRSAA), including:

CONTINUED PAYMENT TO EMPLOYEES

SEC. 18006. A local educational agency, State, institution of higher education, or other entity that receives funds under “Education Stabilization Fund”, shall to the greatest extent practicable, continue to pay its employees and contractors during the period of any disruptions or closures related to coronavirus.

Certification

To the best of my knowledge and belief, all the information and data in this agreement are true and correct. I acknowledge and agree that the failure to comply with all Assurances and Certifications in this Agreement, all relevant provisions and requirements of the CARES Act, Pub. L. No. 116-136 (March 27, 2020), or any other applicable law or regulation may result in liability under the False Claims Act, 31 U.S.C. § 3729, et seq.; OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485; and 18 USC § 1001, as appropriate.
