PART B: Funding Need

Section 312(d)(3)(C) requires an SEA to prioritize services or assistance to non-public schools that enroll low-income students and are most impacted by COVID-19. Accordingly, the State requests that the school provide the data described below. Data provided in this application should not include personally identifiable information about students or their families.

Enrollment and Low-Income Data

Note: Although schools that enroll low-income students will be prioritized for EANS funding, schools are not required to submit data on low-income students to be eligible for EANS funding. If a school chooses to provide low-income student data, they must use one of the four sources above. Schools that do not submit data will be assumed to have no low-income students. Schools with no data available from the above sources that wish to use another source to estimate low-income students should reach out to KSDE to determine the best source to use.

1. Total K-12 student enrollment of the school in the 2019-2020 school year (Short numeric response):

2. Number of K-12 students from low-income families enrolled in the school in the 2019-2020 school year (Short numeric response):

   Note: For the purposes of this application, please define “low-income” as students from households with incomes at or below 185% of the federal poverty level. Non-public schools should enter "0" if they lack or do not wish to share accepted documentation.

3. Data source used to provide the above estimate for the 2019-2020 school year (KSDE will accept only the following data sources):
   a. Free and Reduced Price Lunch eligibility data;
   b. E-Rate data;
   c. scholarship or financial assistance data;
   d. parent surveys identifying students whose household income does not exceed 185% of the federal poverty level, or parent surveys identifying students eligible for services under the Title I, Part A program.
   e. N/A – no low-income data provided

4. Total K-12 student enrollment of the school in the 2020-2021 school year (Short numeric response):
5. Number of K-12 students from low-income families enrolled in the school in the 2020-2021 school year (Short numeric response):

   Note: For the purposes of this application, please define “low-income” as students from households with incomes at or below 185% of the federal poverty level. Non-public schools should enter "0" if they lack or do not wish to share accepted documentation.

6. Data source used to provide the above estimate for the 2020-2021 school year (KSDE will accept only the following data sources):
   f. Free and Reduced Price Lunch eligibility data;
   g. E-Rate data;
   h. scholarship or financial assistance data;
   i. parent surveys identifying students whose household income does not exceed 185% of the federal poverty level, or parent surveys identifying students eligible for services under the Title I, Part A program.
   j. N/A – no low-income data provided

Impact of COVID-19

7. Please briefly describe the impacts of COVID-19 on your school and its K-12 students, including any relevant data where possible (e.g., revenue impact, cost impact, learning loss, emotional impact on students). If there has been a disproportionate impact on a special population at the school (e.g., students with disabilities, English Learners, students in foster care, students in poverty, etc.), please describe the impact and provide the number of K-12 students in that population. (Text response, up to 250 words).

Other COVID-19 Services or Funding

8. Did the school receive a loan guaranteed under the Paycheck Protection Program before December 27, 2020? (Yes/No)

9. If the school received a loan guaranteed under the Paycheck Protection Program before December 27, 2020, please provide the total amount of the loan (short numeric response):

10. Please briefly describe any other prior COVID-19 funding or services received by the school (e.g., ESSER I equitable services, services from counties under the Coronavirus Relief Fund). Include estimated dollar amounts for funding and services where known. (Text response, Up to 150 words).
PART C: Non-Public School Services Requested

Please review the following requirements for services and reimbursements requested before completing the Excel template portion of the application.

**Services requested**

A non-public school may apply to receive services or assistance from the SEA or its contractors to address educational disruptions resulting from COVID-19 for:

1. Supplies to sanitize, disinfect, and clean school facilities
2. Personal Protective Equipment (PPE)
3. Improving ventilation systems, including portable air purification systems
4. Training and professional development for staff on sanitization, the use of PPE, and minimizing the spread of infectious diseases
5. Physical barriers to facilitate social distancing
6. Other materials, supplies or equipment recommended by the CDC for reopening and operation of school facilities to effectively maintain health and safety
7. Expanding capacity to administer coronavirus testing to effectively monitor and suppress the virus
8. Educational technology
9. Redeveloping instructional plans for remote or hybrid learning or to address learning loss
10. Leasing sites or spaces to ensure social distancing
11. Reasonable transportation costs
12. Initiating and maintaining education and support services or assistance for remote or hybrid learning or to address learning loss

**Reimbursements**

Eligible reimbursements may include the expenses of any services or assistance described above that a non-public school incurred on or after March 13, 2020, except for:

- Improvements to ventilation systems (including windows), except for portable air purification systems, which may be reimbursed.
- Staff training and professional development on sanitization, the use of PPE, and minimizing the spread of COVID-19.
- Developing instructional plans, including curriculum development, for remote or hybrid learning or to address learning loss.
- Initiating and maintaining education and support services or assistance for remote or hybrid learning or to address learning loss.
- Any expenses reimbursed through a loan guaranteed under the PPP (15 U.S.C. 636(a)) prior to December 27, 2020.
Prior to any reimbursement, the non-public school must provide sufficient documentation supporting such expenditures demonstrating that the school actually received the services or assistance related to those expenditures.

The public agency gains title to materials, equipment, and property for which it provides reimbursement. For example, if a non-public school purchased laptops for students and teachers to facilitate online learning, KSDE may use EANS funds to purchase those laptops from the non-public school, thereby also obtaining title for the laptops from the non-public school.

For additional information on allowable services or assistance, please review the KSDE EANS FAQ on the KSDE website.
