Assurance 1

• How the local educational agency (LEA) will support safely returning to in-person instruction, maximizing in-person instruction time, and sustaining the safe operation of schools, consistent, to the extent practicable, with Centers for Disease Control and Prevention (CDC) guidance.
Plan for Safe Return to In Person Instruction and Continuity of Services

• All districts were required to create and post to the district website a Plan for Safe Return to In Person Instruction and Continuity of Services.

• These living plans must be updated at least every six months through September 30, 2024 and take into consideration updated CDC Guidance.

• A direct link to your school district's safe return plan posted on your website will need to be provided on the ESSER III Application in CommonApp.
Describe how to the extent which and how the funds will be used to implement prevention and mitigation strategies that are, to the greatest extent practicable, consistent with the most recent CDC guidance on reopening schools, in order to continuously and safely open and operate schools for in-person learning.
Assurance 2

• How the LEA will use the funds that it must reserve for evidence-based activities to address learning loss, and how those activities will respond to the academic, social, and emotional needs of students and address the disproportionate impact of COVID-19 on student groups most impacted by the pandemic and for whom the pandemic exacerbated pre-existing inequities.
District Response

Describe how the LEA will use the funds it reserves under section 2001(e)(1) of the ARP Act to address the academic impact of lost instructional time through the implementation of evidence-based interventions, such as summer learning or summer enrichment, extended day, comprehensive afterschool programs, or extended school year programs.
District Response

Describe how the LEA will spend its remaining ARP ESSER funds consistent with section 2001(e)(2) of the ARP Act.
Describe how the LEA will ensure that the interventions it implements, including but not limited to the interventions under section 2001(e)(1) of the ARP Act to address the academic impact of lost instructional time, will respond to the academic, social, emotional, and mental health needs of all students, and particularly those students disproportionately impacted by the COVID–19 pandemic, including students from low-income families, students of color, English learners, children with disabilities, students experiencing homelessness, children in foster care, and migratory students.
Learning Loss Set Aside

- Each LEA will reserve not less than 20 percent of its total ARP ESSER allocation to address learning loss through the implementation of **evidence-based interventions**, such as summer learning or summer enrichment, extended day, comprehensive afterschool programs, extended school year programs, or other evidence-based interventions, and ensure that such interventions respond to students’ academic, social, and emotional needs and **address the disproportionate impact of COVID-19 on student subgroups** (each major racial and ethnic group, children from low-income families, children with disabilities, English learners, gender, migrant students, students experiencing homelessness, and children and youth in foster care).
