Evidence-Based Practices

The KSDE is currently making adjustment to the evidence-based programs and practices process. The list resulting from the improved process will be available in early 2024 for the 24-25 school year.

Any current or future requests that have been received will be considered for the new list.

The current list will not be changed, note that some programs are now marked with expiration dates after which At-Risk funding should not be used. More information will be coming out from the KSDE later in 2023.
