The Honorable Randy Watson  
Commissioner of Education  
Kansas State Department of Education  
900 SW Jackson St.  
Topeka, KS 66612

Dear Commissioner Watson:

I am writing in response to the Kansas State Department of Education’s (KSDE) request on August 21, 2019, for a waiver of section 1111(b)(2)(D)(i)(I) of the Elementary and Secondary Education Act of 1965 (ESEA), as amended by the Every Student Succeeds Act (ESSA), of the requirement that a State may not assess using an alternate assessment aligned with alternate academic achievement standards (AA-AAAS) more than 1.0 percent of the total number of students in the State. KSDE requested this waiver because, based on State data for the 2018-2019 school year, KSDE has concluded that it will need to assess more than 1.0 percent of students using an AA-AAAS in the 2019-2020 school year.

After reviewing KSDE’s request, I am granting, pursuant to my authority under section 8401(b) of the ESEA, for school year 2019-2020, a one-year waiver of section 1111(b)(2)(D)(i)(I) of the ESEA so that the State may assess with an AA-AAAS more than 1.0 percent of the total number of students in the State who are assessed in reading/language arts, mathematics, and science.

As part of this waiver, KSDE assured that it:

- Will continue to meet all other requirements of section 1111 of the ESEA and implementing regulations with respect to all State-determined academic standards and assessments, including reporting student achievement and school performance, disaggregated by subgroups, to parents and the public.
- Assessed in the prior school year (2018-2019) at least 95 percent of all students and 95 percent of students with disabilities who are enrolled in grades for which an assessment is required.
- Will require that a local educational agency (LEA) submit information justifying the need of the LEA to assess more than 1.0 percent of its assessed students in any such subject with an AA-AAAS.
- Will provide appropriate oversight of an LEA that is required to submit such information to the State, and it will make such information publicly available.
- Will verify that each LEA that is required to submit such information to the State is following all State guidelines in 34 CFR 200.6(d) (with the exception of incorporating principles of universal design) and will address any subgroup disproportionality in the percentage of students taking an AA-AAAS.
• Will implement, consistent with the plan submitted in KSDE’s waiver request, system improvements and will monitor future administrations of the AA-AAAS to avoid exceeding the 1.0 percent threshold.

Given the significant work underway in the State as described in the plan you submitted this summer, I expect to see the results of these efforts in the 2019-2020 school year and beyond. Any future requests for an extension of this waiver will be contingent on both continued progress implementing your plan and progress in reducing the percentage of students taking the AA-AAAS in all tested subjects.

In addition, I want to remind you of the requirement in 34 CFR § 200.6(c)(3)(iv) that the State must make publicly available the information submitted by an LEA justifying the need of the LEA to assess more than 1.0 percent of its students on the AA-AAAS, provided that such information does not reveal personally identifiable information about an individual student. I also encourage you to make available your State’s plan and timeline and your progress to date in reducing the percentage of students taking the AA-AAAS.

Finally, in order to help all States support implementation of the 1.0 percent participation threshold for AA-AAAS participation, the Department is supporting work by the National Center on Educational Outcomes (NCEO). I note that Kansas has participated in some of these efforts and encourage your State’s continued involvement. In 2019, NCEO has published several resources that may be helpful to stakeholders in your State. They may be found online at https://nCEO.info/Assessments/alternate_assessments.

I appreciate the work you are doing to improve your schools and provide a high-quality education for your students. If you have any questions, please contact my staff at ESEA.Assessment@ed.gov.

Sincerely,

[Signature]

Frank T. Brogan
Assistant Secretary
for Elementary and Secondary Education
