Homeless Services Qualifications

The term “homeless children and youth”—

- A. means individuals who lack a fixed, regular, and adequate nighttime residence...; and
- B. includes —
 1. children and youths who are sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; are living in motels, hotels, trailer parks, or camping grounds due to the lack of alternative adequate accommodations; are living in emergency or transitional shelters; or are abandoned in hospitals;
 2. children and youths who have a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings...
 3. children and youths who are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings; and
 4. migratory children who qualify as homeless for the purposes of this subtitle because the children are living in circumstances described in clauses (1) through (3).

Fixed, Adequate, and Regular Residence

Fixed residence - is stationary, permanent, and not subject to change.

Regular residence - is used on a regular (i.e. nightly) basis.

Adequate residence - is sufficient for meeting both the physical and psychological needs typically met in home environments.

Unaccompanied Homeless Youth

Youth in homeless situations who are not in the physical custody of a parent or guardian. Unaccompanied homeless youth have the same rights as other students experiencing homelessness..

School of Origin

The school of origin is the school that the child or youth attended when permanently housed or the school in which the child or youth was last enrolled. This includes the designated receiving school at the next grade level for all feeder schools. Preschool children now have school of origin rights including the right to receive transportation back to the school of origin.

Transportation

Title I, Part A, Homeless Set Aside funds may be used to pay the excess cost of transporting homeless students to and from their school of origin. Effective Fall 2016, schools must transport students back to their school of origin for the remainder of the school year after the student/family becomes permanently housed.

Coordinating Transportation Between Districts

If the student lives outside the school of origin’s LEA, the LEA where the student is living and the school of origin’s LEA must determine how to divide the responsibility and cost of providing transportation, or they must share the responsibility and cost equally.

Documenting Free Meal Eligibility for Homeless Children

USDA guidance memo states:

To expedite the delivery of nutritional benefits, school officials may accept documentation that the children are homeless from the local educational liaison or directors of homeless shelters where the children reside.

Documentation to substantiate free meal eligibility must consist of the child’s name or a list of names, effective date(s), and the signature of the local educational liaison or the director of the homeless shelter. This documentation is acceptable in lieu of a free and reduced price meal application.

To implement these expedited procedures, school officials must work closely with the educational liaison and directors of homeless shelters to ensure that children are provided free meal benefits as promptly as possible.
