Human Trafficking: Lessons for Kansas Schools

This presentation is based on “Kansas Human Trafficking: What You Should Know” by Jennifer Montgomery, Director of the Kansas Attorney General’s Office of Human Trafficking Education and Outreach.

Kansas leads the world in the success of each student.
Why Educators Need to be Informed on Human Trafficking

Meeting the basic human needs (Maslow's Hierarchy of Needs) of students must always be achieved before they can be ready for optimal learning (Bloom's Taxonomy).
What is Human Trafficking?

- **Human Trafficking** is based on recruiting, harboring and/or transporting people solely for the purpose of exploitation.

- **No freedom to leave situation**

- Includes *labor trafficking* and *sex trafficking*.

- Human Trafficking is one of the largest and fastest growing criminal industries in the world.

- Exploits a person’s vulnerabilities.

- Trafficking industry thrives on ignorance and preys upon the uneducated.

The TVPA was reauthorized through the Trafficking Victims Protection Reauthorization Act (TVPRA) of 2003, 2005, 2008, 2013, 2018.
