Possible Evidence-Based Home Visiting Curriculums

Local programs are responsible for determining which evidence-based curriculum is best for their community. KSDE does not require the use of a specific evidence-based curriculum. A list of possible evidence-based home visiting curriculums is below. This is not an exhaustive list and programs must contact KSDE should they find an evidence-based curriculum not on this list is best suited to their needs:

- Parents as Teachers: http://parentsasteachers.org/about/
- Growing Great Kids: http://www.greatkidsinc.org/
- Baby Talk: http://www.babytalk.org/home-visiting
- Partners for a Healthy Baby: https://cpeip.fsu.edu/PHB/
- SafeCare: http://www.cebc4cw.org/program/safecare/
- Home Instruction for Parents of Preschoolers (HIPPY): https://www.hippyusa.org/
- Child First: http://www.childfirst.org/about-us/model-structure
- Creative Curriculum (home visiting): https://teachingstrategies.com/
