Funding Opportunity

The Kansas State Department of Education (KSDE) announces the opportunity for renewal of 2022-2023 Kansas Preschool Pilot (KPP) grants. Kansas Preschool Pilot grants will be for a 1-year funding period from July 1, 2023, to June 30, 2024. Funding sources for these grants will include the Children’s Initiatives Fund (CIF) and Temporary Assistance for Needy Families (TANF). 2023-2024 Kansas Preschool Pilot funding is dependent upon the final budget approved during the 2023 Legislative Session.

The amount of Kansas Preschool Pilot grant funding remains limited. To focus time and energy on more sustainable options to invest in preschool, the following will be in place for 2023-2024:

- Only current Kansas Preschool Pilot grantees are eligible to apply for 2023-2024 Kansas Preschool Pilot grants.
- A grantee's 2023-2024 Kansas Preschool Pilot renewal grant award will not exceed the 2022-2023 grant award.
- Kansas Preschool Pilot renewal grant awards will not exceed the gap between a program’s revenue and expenses. Applicants will use the Preschool Revenue Calculator and Budget Template to estimate the amount of funding they will receive (state enrollment aid and accompanying weightings, special education funds, Head Start funds) and demonstrate how they plan to spend that funding.
- KSDE will first review and award grants to 2022-2023 Kansas Preschool Pilot – CIF and TANF grantees who apply for renewal funding. Any remaining funding will then be awarded to 2022-2023 Kansas Preschool Pilot – GEER grantees who apply for renewal funding. In 2022-2023 $2,585,540 of Governor’s Emergency Education Relief (GEER) funding funded additional Kansas Preschool Pilot grant awards that otherwise would not have received funding. This one-time source of funding will not continue in 2023-2024.

KSDE will support evidence-based, data-driven best practices and program models that provide direct services to children at-risk of entering kindergarten socially, emotionally, or academically unprepared for success. Eligible applicants include 501(c)(3) organizations, county and city governments, and Unified School Districts (USDs) in Kansas.

Grant Overview

Eligible Applicants
Only entities that received Kansas Preschool Pilot grant funding for Fiscal Year 2023 (2022-2023 School Year) are eligible to apply for Fiscal Year 2024 Kansas Preschool Pilot Renewal Grants. Eligible applicants include 501(c)(3) organizations, county and city governments, and Unified School Districts (USDs) in Kansas.

Early Childhood Block Grant eligibility
Kansas Preschool Pilot grantees funded in 2022-2023 with CIF and TANF funding are not eligible to apply for the Early Childhood Block Grant administered by the Kansas Children's Cabinet and Trust Fund.

Kansas Preschool Pilot grantees funded in 2022-2023 with GEER funding may apply for either the 2023-2024 Kansas Preschool Pilot OR the Early Childhood Block Grant administered by the Kansas Children's Cabinet and Trust Fund, but not both. Neither grant is guaranteed. Potential ECBG applicants should carefully review the Early Childhood Block Grant Request for Proposals to understand program requirements.

Population to be Served
The population to be served is children ages 3 to 5 and their families. This is defined as children ages 3 years (on or before August 31, 2023) up to kindergarten eligibility (age 5 on or before August 31, 2023). Children age-eligible for kindergarten may not be served with these funds.

Applicants should prioritize services for the children most at-risk of entering kindergarten socially, emotionally, or academically unprepared for success. Programs must maintain a roster of students being served with Kansas Preschool Pilot funds.
At a minimum, 50% of students served must meet one or more of the following criteria:

Community Partnerships

Applicants must demonstrate appropriate community partnerships and the capacity to implement and administer the proposed project. Applicants should describe shared services between partners and how public-private partnerships will be utilized in meeting the grant objectives and outcomes. Partners could include, but are not limited to, public entities (local government, school districts, tribal programs and agencies, special education organizations, libraries, research and extension) and private entities (families, employers, philanthropies, media, civic groups, service providers, family- and center-based child care).

Grantees must provide and coordinate services and resources through community collaboration that includes IDEA Part C Infant-Toddler Services and IDEA Part B Section 619 providers and local early learning programs that build on, not duplicate, services for families with age-eligible children. Grantees must participate in the Local Interagency Coordinating Council (LICC) or an Advisory Committee that meets at least quarterly.

1-800-CHILDREN

1-800-CHILDREN is an easily accessible, reliable, and organized system of community resources that ensures Kansas families and communities are connected to the information, services, and supports they need, when they need them. The 1-800-CHILDREN Call Line and Resource Directory provides 24-hour, confidential, free information, support, and connection to local resources across the state. We are excited to increase the awareness and utilization of available resources and supports across Kansas.

Programs must establish and maintain an updated listing in the 1-800-CHILDREN Resource Directory. KPP grantees must update their 1-800-CHILDREN listing at least annually.

(Note that the 1-800-CHILDREN Resource Directory is not intended to replace the child care resource and referral services provided by Child Care Aware of Kansas, therefore licensed child care providers do not need to establish and maintain an updated listing for child care services in 1-800-CHILDREN and should continue to maintain updated information via Child Care Aware of Kansas.)

In addition to updating a program listing at least annually, Kansas organizations serving families can:

- Share the electronic Family Outreach Card with families and caregivers in your community. 1-800-CHILDREN offers printed marketing/promotional materials such as magnets, palm cards, pens, etc. and hyperlinked logos for provider websites. Contact Michelle Reichart at mreichart@kcsl.org to request these.
- Check out the new 1-800-CHILDREN Resource Directory at https://1800childrenks.org/.
- Download the free 1-800-CHILDREN Resource Directory app by searching 1800childrenks in your iOS or Android app store.
• Confirm your program is listed in the resource directory. This Quick Reference Guide for Providers video outlines step-by-step instructions on how to update, add, or claim your program in the 1-800-CHILDREN Resource Directory.
• To request a presentation or demo of the updated resource directory and call line supports or to reach out with additional questions or talk about more opportunities with 1-800-CHILDREN, contact Michelle Reichart, 1-800-CHILDREN Community Engagement and Marketing Coordinator, at mreichart@kcsl.org.

Outcomes and Data Collection
Applicants will be responsible for providing services that support the implementation of evidence-based practices designed to improve outcomes for children and families. State statute (K.S.A. 38-2102) requires that moneys credited to the Children’s Initiatives Fund be directed towards programs and services which are data-driven and outcomes-based.

KPP grantees must use measures that foster a culture of continuous improvement by monitoring data, tracking progress toward goals, and learning what is and is not working. Applicants awarded KPP grants are required to obtain a Kansas Individual Data on Students Identification number (KIDS SSID) for each child participating in the KPP and participate in all required KSDE Data Collections, including entry in the KIDS Collection System. Applicants awarded KPP funds to provide preschool programming will be required to use approved screening and assessment tools aligned with the Kansas Early Learning Standards. KPP grantees will collect and enter aggregate outcomes data into the Foundations for School Success Web Application at the end of the program year.

Additional requirements for KPP Grantees
• Provide developmentally appropriate opportunities for meaningful family engagement and partnership (e.g., family night, parent education, parent volunteer opportunities).
• Provide the most inclusive classrooms possible. Children receiving Early Childhood Special Education Services, who are Dual Language Learners and English Learners, who are from migrant worker families, and whose families are experiencing homelessness should be included in classrooms supported by KPP funding.
• Implement an evidence-based preschool curriculum that includes literacy, math, and social-emotional components that align to the Kansas Early Learning Standards.
• Provide a minimum of 465 instructional hours for each child (as defined by the KSDE School Term Audit Guide on the Fiscal Auditing webpage) during the school year.
• Hold staff credentials as required by their setting.
• Provide at least one meal or snack per classroom session to all children attending the program.

In accordance with OMB Circular A-87, indirect costs are: Incurred for a common or joint purpose benefiting more than one cost objective; and not readily assignable to the
cost objectives specifically benefited without effort disproportionate to the results achieved. Examples include salaries and expenses for procurement, payroll, personnel functions, maintenance and operations, data processing, accounting, auditing, budgeting, communications (telephone, postage), etc.

**KPP and Temporary Assistance for Needy Families (TANF)**

There are two funding sources for programs that operate an approved Kansas Preschool Pilot for the 2023-2024 school year: the Children's Initiatives Fund (CIF) and Temporary Assistance for Needy Families (TANF).

Grantees will receive CIF grant funds in four quarterly payments throughout the 2023-2024 school year. CIF Funding may be used to reimburse administrative costs as outlined in the “Allowable Uses of Funds” section above.

School district grantees will use the KSDE Web Application “LEA Forms” to submit quarterly reimbursement requests for Kansas Preschool Pilot TANF grant payments. Grantees who are not school districts will email KSDE to submit quarterly reimbursement requests for Kansas Preschool Pilot TANF grant payments. TANF funding may **not** be used to reimburse administrative costs as defined here:

(b) The term “administrative costs” means costs necessary for the proper administration of the TANF program or separate State programs.

1. It excludes direct costs of providing program services.
   i. It excludes costs of providing diversion benefits and services, providing program information to clients, screening and assessment, development of employability plans, work activities, post-employment services, work supports, and case management. It excludes costs for contracts devoted entirely to such activities.
   ii. It excludes the salaries and benefits costs for staff providing program services and the direct administrative costs associated with providing the services, such as the costs for supplies, equipment, travel, postage, utilities, rental of office space and maintenance of office space.

2. It includes costs for general administration and coordination of these programs, including contract costs and all indirect (or overhead) costs. Examples include:
   i. Salaries and benefits of staff performing administrative and coordination functions;
   ii. Activities related to eligibility determinations;
   iii. Preparation of program plans, budgets, and schedules;
   iv. Monitoring of programs and projects;
v. Fraud and abuse units;
vi. Procurement activities;
vii. Public relations;
viii. Services related to accounting, litigation, audits, management of property, payroll, and personnel;
ix. Costs for the goods and services required for administration of the program such as the costs for supplies, equipment, travel, postage, utilities, and rental of office space and maintenance of office space, provided that such costs are not excluded as a direct administrative cost for providing program services under paragraph (b)(1) of this section;

xi. Travel costs incurred for official business and not excluded as a direct administrative cost for providing program services under paragraph (b)(1) of this section;

xii. Management information systems not related to the tracking and monitoring of TANF requirements (e.g., for a personnel and payroll system for State staff); and (xii) Preparing reports and other documents.
