

Kansas Social-Emotional Character Development (SECD)

What is Social-Emotional Character Development (SECD)?

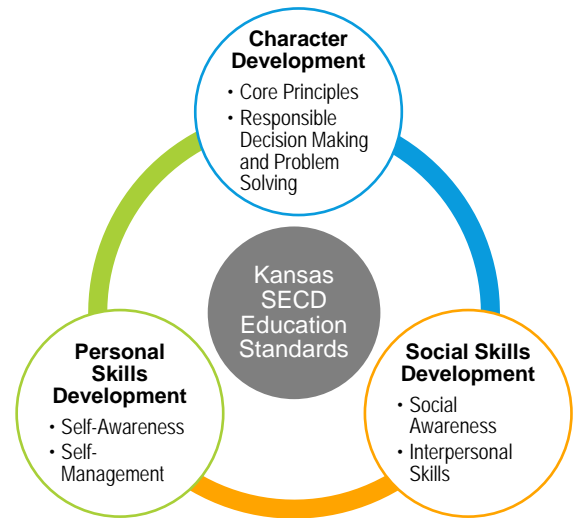

SECD is teaching, practicing, modeling and encouraging essential personal life habits that are universally understood as making people good human beings and citizens. It is learning with our heads, hearts and hands to be caring and civil, to make healthy decisions, to effectively problem solve, to be respectful and responsible, to be good citizens and to be empathetic and ethical individuals. In schools SECD takes many forms, including programs that specifically address safe and drug-free schools, service learning, emotional literacy, bullying and violence prevention, the embracing of diversity and other similar initiatives.
