KSDE IT staff have developed a video tutorial for registering for an application at apps.ksde.org/authentication/Help/acct_registration.mp4.

This tutorial has instructions to register for both School-wide and District-wide applications. The Outcomes Post School application is a District-wide application. Therefore, to register for the Outcomes Post School application, you will need to follow these steps.

For Building number, select ALL BUILDINGS, to see the list of district-wide applications.

**Please select the applications that you would like to access:**

<table>
<thead>
<tr>
<th>Application Name</th>
<th>Application Access Level</th>
</tr>
</thead>
<tbody>
<tr>
<td>AMOSS - Academic Measures of Student Success</td>
<td>District</td>
</tr>
<tr>
<td>Annual</td>
<td>District</td>
</tr>
</tbody>
</table>

When the district-wide application list appears, scroll down, and choose the Outcomes Post School application, then on the right, for Access Level, choose either Post Sch User (if you are entering data for a single district) or Post Sch Multi Org User (if you are entering data for a coop or interlocal).

Finish creating your login by answering the rest of the questions, Click Submit.

You should receive an email from the IT HelpDesk when your access has been approved.

Please remember your username, password, and security question/answer. The KSDE helpdesk can help you find your username from your email, but cannot help with the others.

**PLEASE NOTE:** If you already have a district-wide login, you can use the MANAGE MY ACCOUNT blue button and add Outcomes Post School application to that account.
Post-School Survey

The Post School Survey (Senior Exit Survey) can be completed anytime during the school year in which the student will exit or graduate.

For students who are graduating early, it is recommended that this be done early in the school year, not waiting until the end of the school year. Student completion of the survey is encouraged, recognizing that some students may require the support of staff to complete the survey, and for some students (or students from the KSDE list who are dropouts) staff may have to complete the exit survey from information in the student file.

The survey does not need to be completed for students on gifted only IEPs or for students who are exiting special education services (not graduating or aging out).
