Kansas leads the world in the success of each student.
ESSA

• SEAs must require LEAs that assesses more than 1% of its assessed students in any subject with an AA-AAAS to submit information to the State justifying the need to exceed the 1.0 percent threshold. SEAs must provide appropriate oversight of each LEA that is required to submit such a justification.

• SEAs that apply for a waiver must include assurances that it has verified that each LEA that the State anticipates will assess more than 1% of its assessed students in any subject using an AA-AAAS followed the State’s guidelines for participation in the AA-AAAS.
34 CFR § 200.6

(d) State guidelines for students with the most significant cognitive disabilities. If a State adopts alternate academic achievement standards for students with the most significant cognitive disabilities and administers an alternate assessment aligned with those standards, the State must -

(1) Establish, consistent with section 612(a)(16)(C) of the IDEA, and monitor implementation of clear and appropriate guidelines for IEP teams to apply in determining, on a case-by-case basis, which students with the most significant cognitive disabilities will be assessed based on alternate academic achievement standards.
IDEA Sec. 300.320 (a) (6)

- If the IEP Team determines that the child must take an alternate assessment instead of a particular regular state or districtwide assessment of student achievement, the child’s IEP must include a statement of why
  - the child cannot participate in the regular assessment;
  - and the particular alternate assessment selected is appropriate for the child

DLM justifications

- Data we provide
  - Number and percentage of students per subject
  - Disability Categories taking the DLM
  - Participation by Subject Subgroup – disproportionality using risk ratio
  - Percentage of students performing at target or advanced on the DLM by subject

- Requirements of the district
  - Explain how they will address any disproportionality
  - Narrative that includes the data types and processes that the IEP teams utilize to qualify students for the AA
  - Districts next steps to ensure that annually the appropriate test is administered to each student
  - Whether the district needs additional training
  - Whether the district anticipates testing over 1% during the current school year
  - DLM Assurances
