RE: **NONPUBLIC SCHOOL EQUIVALENTS - Calculation Formula and examples**

Below is an example for calculation an estimated entitlement for Special Education categorical aid funds from contracting with accredited private nonprofit corporations or public or private institutions. These examples are based on an estimate of \$28,000 per Full-Time Equivalency Teaching Unit (FTE) for demonstration only. Current year values are subject to change.

Contact KSDE School Finance for the current year estimate for per teacher entitlement.

Estimated reimbursement is (hours served) X (FTE per hour of service) = FTE equivalent

Example 1090 hours of Autism service - (1090) X (.0000149) = .16241

(.16241) X (\$28,000) = \$4,547 estimated reimbursement

Payments are made based on the actual current year final Categorical Aid per teacher entitlement for a 1.0 FTE provider.
