June 12, 2020 Special Education Administrator's webinar Question and Answers

Q&A

Audit Updates:

Question: Are there some districts submitting a PAR for a portion of their general ed principals time to claim that they spent a portion of their time?

KSDE Answer: The special education reimbursement guide, clearly says that should not be done, and is prohibited by IDEA.

Question: Three years ago, in place of the Biannual form we were told by a previous auditor that we could create a spreadsheet with all the names on the spreadsheet created twice annually. Last year I was given approval to do this, should this practice be continued?

KSDE Answer: You don't have to use the forms that we have put out on the KSDE fiscal auditing website, However, we have created them for your convenience if you would like to use them. If you would rather use something else like google docs and be able to share it and have people fill that in, that is fine. However, to ensure you have all the elements required, we would recommend that you model it after the elements that you are seeing in the PAR and in the bi-annual certification of time, that is listed on our website.

Director Update:

Question: Could we get a description of these three options so we can discuss them at our region meetings of the three options Dale Dennis gave to state board members on how they could reach 92% excess cost?

KSDE Answer: It's in the board information in the state board packet. Dale gave that information in the state board presentation for 2022 found at this board meeting recording for June 2020. Here is the link to the recording of that meeting <https://www.youtube.com/watch?v=1bo7zr9vSRA>. Dale's presentation on 92% excess cost and options time stamp starts at 2:03:18.

June 12, 2020 Special Education Administrator's webinar chat transcript

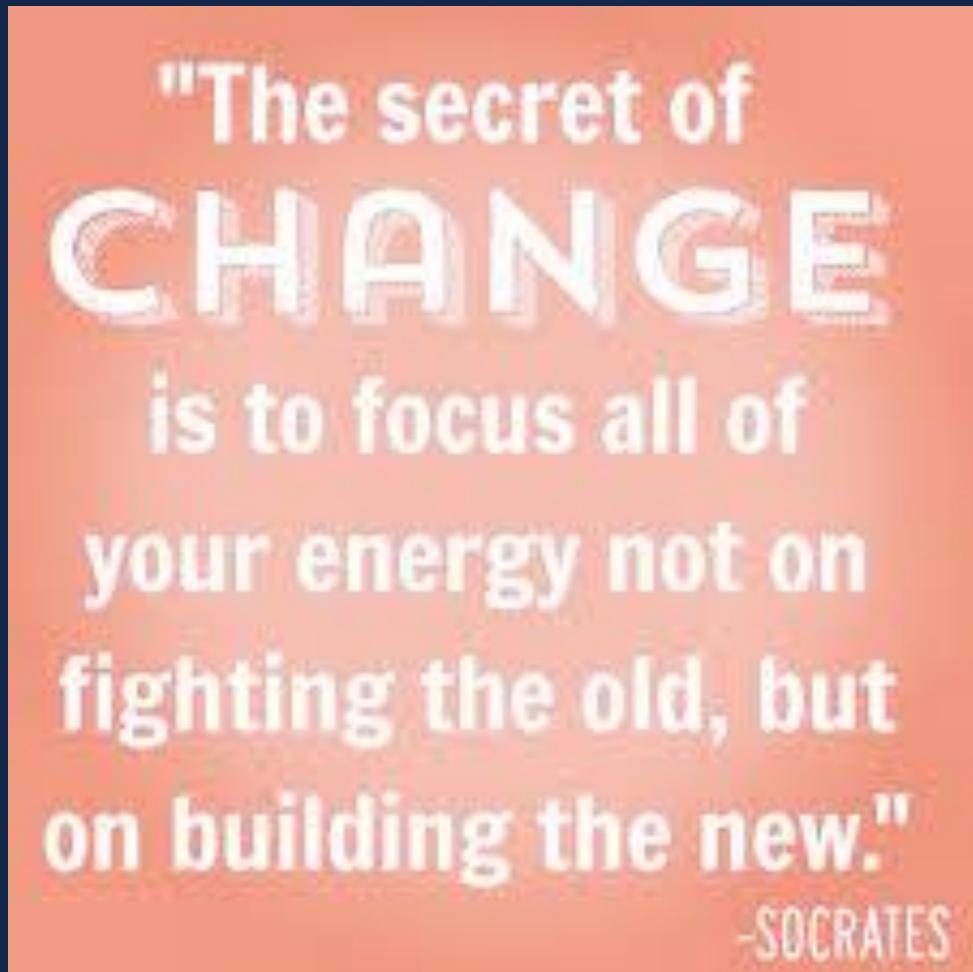

- 09:07:29 **Mike Lowers:** There is word that some districts are submitting a PAR for a portion of their gen ed principal's time....to claim that they spend a portion of their time devoted to special education. Thoughts on this?

- 09:46:06 **Kathy Kersenbrock-Ostmeyer:** Just a reminder that the Dale/Craig Budget meetings are happening in the next few weeks. It's important to register as locations have limited space as they address social distancing etc.
- 09:57:33 **Mike Lowers:** Could we get a description of these three options so we can discuss them at our region meetings?
- 09:59:47 **Evelyn Alden:** Mike the youtube video is at <https://www.youtube.com/watch?v=1bo7zr9vSRA> Dale's presentation is at the end

Early Childhood Special Education Update

Indicator 7-Early Childhood Outcomes

- July 31, 2020, is the last date for submitting child outcome exit summary rating data for children permanently exiting a Part C or B program **between July 1, 2019 and June 30, 2020**, for all children who have been in a program for at least six months.
- Outcomes Web System User Guide:
<https://www.ksde.org/Portals/0/SES/KIAS/indicators/Ind7-OWSguide.pdf>

Indicator 12- Transition from C to B

As you may have read, Secretary DeVos released the RECOMMENDED WAIVER AUTHORITY UNDER SECTION 3511(d)(4) OF DIVISION A OF THE CORONAVIRUS AID, RELIEF, AND ECONOMIC SECURITY ACT (“CARES ACT”) <https://www2.ed.gov/documents/coronavirus/cares-waiver-report.pdf>. There is a section, on page 11, for a Waiver Authority Recommendation (IDEA Part C to Part B Transition).

What does this mean for Kansas right now? It is recommended for districts not to plan for a waiver and continue as previously stated. Should anything change, KSDE and KDHE will work in partnership to provide districts, programs, and families the most up to date information we have available.

Summer Birthdays

- Once eligibility is determined and an IEP developed, a child may begin Part B services anytime during the school year he/she turns three. If the decision to begin Part B services before age three occurs, the transition team proceeds through the IEP process and placement is determined. Once a child begins Part B services, he/she is no longer eligible for Part C services.
- If a child turning age three during the summer (which is defined as the day after the last day of school) is determined to be eligible for Part B, and has an IEP in place with special education services to begin the following school year, the child can continue to be served on an IFSP by the Part C program during the summer until the IEP is implemented at the beginning of the next school year;

Summer Birthdays

- If a child turns age three before the end of the school year and it is determined by the IEP team that it is in the best interest of the child for the child to be served by Part C providers on a Part B IEP in the child's home until the beginning of the next school year, the LEA may contract with the tiny-k program to provide those services to the child to assure a smooth transition;
- If a child turns age three during the summer and the IEP team determines the need for extended school year (ESY), the Part B team may provide the ESY services or may decide that it is in the best interest of the child to be served by the tiny-k program on an IEP until the next school year. The LEA may choose to contract with the local tiny-k program to provide Part B ESY services to the child in order to minimize disruption to the family and to assure a smooth transition; and If a child's third birthday occurs during the summer, the child's IEP team shall develop the IEP and determine the date when services under the IEP shall be implemented, which must occur no later than the first day of school the following school year. It is only the implementation of the IEP that may be delayed. LEA's shall begin Part B services on the date specified on the IEP.

Indicator 12: Transition FAQ's

- <https://www.ksde.org/Portals/0/Early%20Childhood/Ind12-FAQ-KS.pdf>

Kansas Early Childhood Transition from IDEA Part C to IDEA Part B Frequently Asked Questions

A vital part of providing quality services to children with disabilities is assuring a smooth transition from Infant and Toddler Services to Preschool Services. Part C of IDEA is a federal program that assists states in operating a comprehensive, statewide program of early intervention services for infants and toddlers with disabilities, from birth through two years of age. Part B of IDEA defines the preschool program, which guarantees a free appropriate public education (FAPE) to children with disabilities ages three through five. Indicator 12 covers the transition from IDEA Part C to IDEA Part B, documenting the children referred by IDEA Part C prior to age three, who are found eligible for IDEA Part B, and who have had an IEP developed and implemented by their third birthday.

Indicator 6, 7 & 12

SPEDPro Data Reporting and 2020 Training

- If an IEP Team is engaging in contingency planning within a child's IEP, they must plan for data submission to KSDE. KSDE will not provide other options to report SPEDPro data in the 2020-21 school year.
- Reminder: The MIS workshops will not be held regionally this year. It will be a recorded presentation.
- Typically Mason does not send a June or July FAQ to data clerks. Mason will address FY 2021 begin year set up with the August FAQ.
