• Medicaid Replacement State Aid $9,000,000 – Once the total number of **billed and paid** Medicaid claims is computed for the state of Kansas using the count date of March 1, 2023, then the $9,000,000 is divided by the total headcount of students that were billed and paid to figure the per student amount each agency will receive. The count date is March 1, 2023. **You are allowed to include billed and paid Medicaid services for special education students one week prior and one week after March 1 (February 22 through March 8).** You need to confirm by April 15 that claims have been submitted and “PAID” for services provided during the March 1 window.

• Emergency Safety Interventions – Kansas State Board of Education Hearing May 9, 2023 at KSDE
KSDE will soon release the names of the buildings identified under the Elementary and Secondary Education Act as being in the lowest performing buildings. Special education staff assigned to these buildings will need to partner with other building staff to complete a root-cause and develop a plan to address identified areas of weakness.

23-24 OPEN ENROLLMENT TRANSPORTATION

• Opinion #1 – Any student with transportation in their IEP that is selected through the open enrollment “lottery” must have the enrolling district provide the transportation.

• Opinion #2 – Any student with transportation in their IEP that is selected through the open enrollment “lottery” must be transported by their parent to the building of attendance.

• Opinion #3 - Any student with transportation in their IEP that is selected through the open enrollment “lottery” must be transported by their parent to the district border of the enrollment district and the district will transport the remainder of the way to the attendance building.

• Opinion #4 – A court case waiting to happen.

• Other – Who will pay for or get reimbursed for transporting the IEP student with transportation in their IEP to the “lottery” building?
NOTICE OF MEETING FORM

• The Notice of Meeting form was modified to include information that parents may invite someone to the meeting from either State School. The sentence my team added is on page 2. Link to document Notice of Meeting (ksde.org)

• Information on services offered by the State Schools will be sent to you which can be shared with the Notice Form. I have a list of programs provided by the State School for the Blind which I will post in the chat. The State School for the Deaf/Hard of Hearing is preparing a brochure you may include with the Notice form as well. Link to KSSB Events: Events - Kansas State School for the Blind (kssb.net)

  • It’s not “bothering me”, it’s “justifying my employment”
Substitutes

• For the last several years, the state board removed the number of days restriction for substitutes and Bert allowed up to .67 FTE for all substitutes.

• Next year the regulations will be followed (barring further action from the state board)
  • Valid teaching license – 125 days = .67 FTE
  • Substitute license – 90 days = .48 FTE
  • ESub with degree – 30 days = .16 FTE
  • ESub without degree – 15 days = .08 FTE
    • ESUB with waiver – 93 days = .50 FTE

The "report date" is today’s date. The Credentials section displays by default. This section shows any licensure that has been entered and the expiration dates as well as expired licenses.

This is also where you can see if an esub has a degree listed.

The Print License button means the license is complete and active. This means a teacher who expires on 2/14 hasn’t applied for renewal yet.
License lookup part 2

If there is no print license button, the license may not be valid.

This is a different teacher. You can see that this applicant needs to submit fingerprints! This must be done before for a new app or after a lapse.

“Application in process” can mean an application for renewal, an application for a new endorsement, or a waiver application by the district. Teacher licensure is processing applications within a couple of weeks! If a status date is four weeks old, they are waiting on something!

When someone is a discrepancy on the payment report (an “X” in that column), it means they are qualified, but not for the entire time claimed.

Comparing the Claimed start/end dates and the Eligible start/end dates will tell you if the discrepancy is at the start or end. End means the person needs to renew!

All expiring KSDE staff can apply for renewal now!

DLM Spring Test Window

• February 6- April 28, 2023
• Students must meet the blueprint requirements for both ELA and math. Teachers will need to select Essential Elements in the instruction and assessment plan to assign them to the student.
• Students in grades 5, 8, and 11 will need to complete all 9 science testlets. Science testlets are automatically sent to the students who are rostered to science.
TTS Nonvisual Application Checklist

• We are no longer accepting TTS nonvisual applications

• For the checklists that have been approved, please go into Kite Educator Portal and mark the TTS accommodation on each approved student’s PNP.

• If there are students that were disapproved and your team agrees the TTS Nonvisual accommodation is best for the student, you may email TTSnonvisual@ksde.org the student’s state ID number and use the special circumstance code SC-35. This will count against your school/district for participation.

Self-Assessment Form

Instructions are included within the self-assessment form.
Email completed self-assessment form to Doug Tressler, dtressler@keystonelearning.org
A scoring rubric will be used to determine technical assistance levels provided by technical assistance team members.
The self-assessment is to identify what current written policies and procedures are in place and to identify what is still needed.
Only sent to LEA Special Education Directors
Timeline

June 1, 2023- Completed self-assessments are due
June 15-August 10, 2023: self-assessments are reviewed by Technical Assistance Team members
August 15, 2023: LEAs will be notified of summary report and level of technical assistance.
July 1, 2024: LEAs submit revised self-assessments to KSDE.

The Kansas State Department of Education does not discriminate on the basis of race, color, national origin, sex, disability or age in its programs and activities and provides equal access to the Boy Scouts and other designated youth groups. The following person has been designated to handle inquiries regarding the nondiscrimination policies: KSDE General Counsel, Office of General Counsel, KSDE, Landon State Office Building, 900 S.W. Jackson, Suite 102, Topeka, KS 66612, (785) 296-3201.
SIGNIFICANT DISPROPORTIONALITY

Kansas leads the world in the success of each student.
What is “significant disproportionality”? 

• According to 34 C.F.R. § 300.646 of the regulations implementing the Individuals with Disabilities Education Act (IDEA), States must annually collect and examine data to determine whether significant disproportionality based on race or ethnicity is occurring in the state and each local education agency (LEA) of the State with respect to the identification of children as children with disabilities, including the identification of children as children with a particular disability; the placement of children with disabilities in particular educational settings; and the incidence, duration, and type of disciplinary actions, including suspensions and expulsions.
What happens if an LEA is identified as having Significant Disproportionality?

- If an LEA has been identified as having significant disproportionality, the LEA is restricted from reducing its Maintenance of Effort (MOE) level by using the 50% reduction rule, and it must:
  - Reserve 15% of its IDEA Part B Section 611 and 619 allocations for comprehensive coordinated early intervening services (CCEIS) to address factors contributing to the significant disproportionality;
  - Review and, if appropriate, revise its policies, practices, and procedures used in identification or placement in particular education settings, and/or disciplinary removals, to ensure that the policies, practices, and procedures comply with the requirements of the IDEA; and
  - Publicly report on the revision of those policies, practices, and procedures consistent with the requirements of the Family Educational Rights and Privacy Act, its implementing regulations in 34 C.F.R. part 99, and Section 618(b)(1) of IDEA.
What is the Kansas methodology for determining whether an LEA has significant disproportionality?

• The Kansas State Department of Education (KSDE) uses a risk ratio calculation to determine whether an LEA has significant disproportionality, consistent with 34 C.F.R.§ 300.647. This identification of a district with significant disproportionality is based on an analysis of numerical information only and may not include consideration of the State’s or LEA’s policies, practices, or procedures. An LEA is determined to have significant disproportionality if its final risk ratio in one or more categories evaluated exceeds the risk ratio threshold for that category for 3 consecutive years.
What risk ratio thresholds has Kansas established for significant disproportionality evaluations?

KSDE established the following risk ratio thresholds for significant disproportionality calculations:

**Identification Risk Ratio Thresholds**

<table>
<thead>
<tr>
<th>All Disabilities</th>
<th>≥3.0</th>
</tr>
</thead>
<tbody>
<tr>
<td>Autism</td>
<td>≥3.0</td>
</tr>
<tr>
<td>Emotional Disturbance</td>
<td>≥3.0</td>
</tr>
<tr>
<td>Intellectual Disability</td>
<td>≥3.0</td>
</tr>
<tr>

<td>≥3.0</td>
</tr>
<tr>
<td>Specific Learning Disability</td>
<td>≥3.0</td>
</tr>
<tr>
<td>Speech/Language Impairment</td>
<td>≥4.5</td>
</tr>
</tbody>
</table>

**Discipline Risk Ratio Thresholds**

<table>
<thead>
<tr>
<th>In-School Suspension ≤ 10</th>
<th>≥3.0</th>
</tr>
</thead>
<tbody>
<tr>
<td>In-School Suspension &gt;10</td>
<td>≥3.0</td>
</tr>
<tr>
<td>Out-of-School Suspension ≤ 10</td>
<td>≥3.0</td>
</tr>
<tr>
<td>Out-of-School Suspension &gt;10</td>
<td>≥3.0</td>
</tr>
<tr>
<td>All Suspensions</td>
<td>≥3.0</td>
</tr>
</tbody>
</table>

**Placement Risk Ratio Thresholds**

<table>
<thead>
<tr>
<th>Regular Environment &lt; 40%</th>
<th>≥3.0</th>
</tr>
</thead>
<tbody>
<tr>
<td>Separate Settings</td>
<td>≥3.0</td>
</tr>
</tbody>
</table>
What does a risk ratio mean in practical terms and can you provide a sample calculation of a risk ratio?

A risk ratio essentially tells us how the risk of one group compares to the risk of another group. For example, an LEA risk ratio of 3.5 for black or African-American children to be identified for special education and related services means that, within that LEA, black or African-American children were three and half times as likely as all other children to be identified for special education and related services.

Here is a simplified example calculation:

\[
\frac{\# \text{ in target ethnic group in SPED}}{\# \text{ in target ethnic group enrolled}} = \text{Target Group Risk} \quad \Rightarrow \quad 3.5
\]

\[
\frac{\# \text{ in other ethnic groups in SPED}}{\# \text{ all other ethnic groups}} = \text{Other Group Risk} \quad \Rightarrow \quad 5 \quad \Rightarrow \quad 50 = 0.1 \text{ Other Group Risk}
\]

\[
\frac{\text{Target Group Risk}}{\text{Other Group Risk}} = \text{Risk Ratio} \quad \Rightarrow \quad 0.35 \quad \Rightarrow \quad 0.1 = 3.5 \text{ Risk Ratio}
\]
What data sources does KSDE use in calculating significant disproportionality?

KSDE uses the following data sources when calculating significant disproportionality:

- September 20 Count
  - Reported in the ENRL record in the KIDS application. Can be viewed in several reports on [https://datacentral.ksde.org/](https://datacentral.ksde.org/), such as the Kansas K-12 Reports.

- Final December 1st Report
  - Reported and can be viewed in the SPEDPro application

- Final End of Year Report
  - Reported and can be viewed in the SPEDPro application

- Final OSEP Table 5 Discipline Incident Report
  - Reported in the KIAS application and can be viewed in the SPEDPro application

- Final OSEP Table 5 Discipline Summary Report
  - Reported in the KIAS application and can be viewed in the SPEDPro application
Where can I find my LEA’s Significant Disproportionality reports?

• LEA Significant Disproportionality data reports are available on the Kansas APR Reports under the Sig Dis tab. KSDE strongly encourages all LEAs to review this data whether the LEA has been identified for significant disproportionality or not. Also, keep in mind that the significant disproportionality calculations are based on LEA level data and three consecutive years of risk ratios under the current KSDE methodology. The KS APR Report Sig Dis User Guide is located under the Sig Dis tab on the Kansas APR Reports website and was created to assist LEAs in accessing this data and utilizing specific report features and is available under the Sig Dis reports tab.

• For cooperatives and interlocals, KSDE provides district-level analysis to assist with data drilldown. Significant disproportionality determinations are made at the LEA level for cooperatives and interlocals, meaning all data from all member districts is added together to conduct the analysis.

Kansas leads the world in the success of each student.
Significant Disproportionality

- IDEA determinations of significant disproportionality help schools identify symptoms that manifest in special education, but the root cause is almost always found in the district’s core curriculum and culture.
