Dropout Graduation Summary Report (DGSR) due 10/31

The submission window closes at the end of the week to complete the **Dropout Graduation Summary Report**. This report provides all schools and districts an opportunity to review and certify their dropout and graduation data.

Any school/district that does not submit this report by October 31, will by default have its data considered as accurate.

All schools must sign-off on the DGSR, including elementary or middle schools with no unresolved exits or dropouts.

All schools should review the DGSR now to ensure that they have **no unresolved exits**. Any unresolved exits in grades 7-12 that are not corrected will automatically become dropouts for that school once the DGSR closes. All schools must sign-off on the DGSR, including elementary or middle schools with no unresolved exits or dropouts.

To help staff navigate this report, refer to the **DGSR User Manual** and training webinar. This guidance is available on the [KSDE Graduation webpage](#).
