CHECKLIST - Review before mailing a signed paper copy of the budget to KSDE

❑ Print and submit only the budget pages in which the fund is being used. For example, if you don't have expenditures in Driver Training, do not print and include that fund with the budget.
❑ On Code No. 01 Certificate page, top right-hand corner, write the name and phone number of a contact person in your district who can answer budget questions.
❑ On the Notice of Hearing (Code 99) published in the newspaper, if the date published appears above the table, you can submit the newspaper clipping and the affidavit of publication is not needed. Important: If you photocopy the newspaper clipping, all columns and dollar figures published in the paper must be readable.
❑ Place budget pages in the following order to mail:
   – Code 01-Code 99 (print only funds being used)
   – Proof of publication for Notice of Hearing Code 99, Revenue Neutral Tax Rate form
   – USD Information (Open page)
   – Certify page (signed by Superintendent)
   – Forms (110, 150, etc.) in numerical order
   – Average Salaries page
   – Unencumbered Cash Balance on July 1

¹ We suggest you contact your County Clerk's office for budget submission requirements. If your public hearing for the board to adopt the budget will be later than October 1, please notify the County Clerk as soon as possible with the date that you will certify the budget to their office. Additionally, provide a copy of the approved Board resolution and Roll Call Vote to exceed the Revenue Neutral Rate after the budget hearing.
How to Submit the USD Budget Document

- Has the budget been signed in 3 places?
  On the paper copy submitted, the Certificate page (Code 01) and Code 99 and RNR must have signatures of
  the board clerk and board president, and, if applicable, “assisted by” (CPA).

- Has the superintendent signed the Certify page? (Print from Codes.xlsx and include with paper copy budget)

- Be sure code numbers are at the bottom of every page. Sometimes the printer formatting will cause them to
  roll over to the top of the following page.

- The paper copy submitted to KSDE should be printed on one side of the paper.

- Please do not STAPLE or BIND the budget

- Do not include the cover page (Cover Page Index and Coding) and budget summaries (Profile Information and
  Budget at a Glance) with the paper copy of the budget mailed to KSDE.

BUDGET SUPPLEMENTAL DOCUMENTS
- Include these documents with the budget printed for your board and patrons of your district.

Cover Page (Table of Contents, Coding Information)

A cover page is provided to use on paper copies of the budget distributed to your board and district patrons.
This file is named Cover Page Index and Coding. A table of contents (index) will list all the funds. The section
called Coding Information defines how expenditures are coded. This file does not need to be submitted to
KSDE but should be printed and included with the budget document available for public review.

Budget Summaries (Budget at a Glance, Profile Information)

Budget data will be merged automatically into two budget summaries with charts and graphs in separate
worksheets called Budget Glance and Sumexpen. These files have been combined into one file called
‘Sumexpen.xlsx’ beginning with the 2022-2023 Budget software.

Please open Profile Information.docx to enter accomplishments and challenges in your district, then attach
Sumexpen document to complete the merge. Instructions are in the Excel budget manual. These two
documents will be posted later on the KSDE website, so make sure this information is entered.

Note: Do not send Budget Glance or Sumexpen to KSDE - these documents will be created by our office by
merging your budget data. You will, however, want to print both of these documents to provide to the public
and your board members as supplemental budget information.

Every district’s Budget document, Profile Information and Budget at a Glance will be posted on the KSDE
website: Data Central - Link: https://datacentral.ksde.org/budget.aspx
