INTRODUCTION

The purpose of this school bond guide is to present Kansas statutes relating to the issuance of school bonds and the construction of school buildings. It is updated periodically to include new legislation passed by the Kansas legislature.

The bond guide should be used only as a guide in planning for bond issues and the construction of school buildings. Statutory citations have been given as a reference to the statutes shown in the Kansas Statutes Annotated and their supplements. It is recommended that the actual statutes be reviewed.

Samples of forms that may be used to develop a school bond program also have been included. These forms may be duplicated or revised, as needed.

If you have any questions concerning the bond guide, please contact the Division of Fiscal and Administrative Services at (785) 296-3871.

SCHOOL BONDS
Provisions and Procedures for
Issuance of Bonds by Unified School Districts

School district bond laws must be understood and followed explicitly for a legal bond issuance. Because of this fact and since school district general obligation bonds pledge the full faith and credit of the district, it is recommended that each board of education obtain and follow the advice of an attorney on the steps involved in conducting a bond election, and of a financial advisor in regard to the selling of bonds.

I. GENERAL PROVISIONS FOR THE ISSUANCE OF BONDS (K.S.A. 72-5457)

A. General obligation bonds may be issued to:
   1. purchase or improve any site or sites necessary for school district purposes including housing and boarding pupils enrolled in an area vocational school;
   2. acquire, construct, equip, furnish, repair, remodel or make additions to buildings including housing and boarding pupils enrolled in an area vocational school operated under the board of education of a school district; and
   3. purchase school buses.

B. General limitation on bond indebtedness

   Generally, the aggregate amount of bonds outstanding at any time (exclusive of bonds specifically exempted from statutory limitations) cannot exceed 14% of the assessed valuation of taxable tangible property within the school district. However, the State Board of Education may issue an order authorizing a school district to vote and issue bonds in an amount exceeding the general limitation fixed under K.S.A. 72-5458 et seq.

C. K.S.A. 72-5461. Commencing in school year 2017-18, the state board of education shall not approve any application submitted during the current school year if such approval would result in the aggregate amount of all general obligation bonds approved by the state board for such school year exceeding the aggregate principal amount of all general obligation bonds retired in the immediately preceding school year adjusted for inflation pursuant to paragraph (4). For any application submitted during the current school year in excess of $175,000,000 the state board shall apply only an amount of $175,000,000 of such application when determining whether the aggregate principal amount of all general obligation bonds retired in the immediately preceding school year has been exceeded.

   (4) The state board shall adjust the aggregate principal amount of all general obligation bonds retired in the immediately preceding school year by adding an amount equal to the five-year compounded percentage increase in the producer price index industry data for new school building construction as published by the bureau of labor statistics of the United States department of labor for the five immediately preceding school years.

   This provision shall not apply to school districts that have not issued any general obligation bonds in the 25 years prior to the current school year.

II. PROCEDURE FOR CALLING AND HOLDING A BOND ELECTION

A. The board must adopt a resolution stating the purpose and the estimated amount for which bonds are to be issued.

B. The Board must give notice of each bond election in the manner prescribed in K.S.A. 25-2018(f).

C. Elections must be held in accordance with the provisions of the General Bond Law.

   1. A notice of election must be published once each week for two consecutive weeks in a newspaper having general circulation in the school district, with the first publication to be not less than twenty-one (21) days prior to the election. (K.S.A. 10-120)
2. The notice must state:
   (1) the name of the unified district;
   (2) the date of the bond election;
   (3) the amount of bonds to be issued;
   (4) the proposition to be voted upon;
   (5) the hours of opening and closing the polls;
   (6) the voting place or places and the territory each voting place is to serve; and
   (7) any other information specifically required by law. (See K.S.A. 25-2018(f))

D. The election.
1. The county election officer, who is the county clerk in most school districts but the election
   commissioner in others, is in charge of the election. (K.S.A. 25-2010)
   a. Ballots and poll books are to be provided by the county election officer.
   b. Direct election expenses must be reimbursed to the county by the school district, except for
      any election held on a day when every registered voter in the county is authorized to vote at
      one election or another. (K.S.A. 25-2201(b))

2. All qualified electors of the district are entitled to vote.

3. The vote must be by official ballot.

4. The election board must report the results of the balloting to the election officer.

5. A majority vote of those electors voting determines the results of the election.

E. The mail ballot election act, K.S.A. 25-431 to 25-440.
   (See Form No. 7-212-117 on page 20.)

The "Mail Ballot Election Act" concerns voting by mail in certain elections and designation of county
election officers and deputies.

A section-by-section summary of the act follows:

K.S.A. 25-431 to 25-440 may be cited as the "Mail Ballot Election Act."

K.S.A. 25-432. An election shall not be held under the act unless:
   (a) Conducted on a date, mutually agreed upon by the governing body of the political or taxing
       subdivision and the county election officer, not later than 120 days following the date the
       request is submitted by the political or taxing subdivision;
   (b) the Secretary of State approves a written plan for conduct of the election, which shall include
       a written timetable for the conduct of the election, submitted by the county election officer;
   (c) the election is nonpartisan;
   (d) the election is not one at which any candidate is elected, retained or recalled;
   (e) the election is not held on the same date as another election in which the qualified electors of
       that subdivision of government are eligible to case ballots; and
   (f) the election is a question submitted election at which all of the qualified electors of one or any of
       the following subdivisions of government are the only electors eligible to vote:
           (3) school districts, except in an election held pursuant to K.S.A. 72-7302 et seq., and amendments thereto; and ...
           (8) community college districts organized under K.S.A. 71-1101 et seq., and amendments thereto.
K.S.A. 25-433. This section outlines the procedure for mailing ballots, marking ballots and returning ballots. The section provides that the county election officer shall mail all official ballots with a return identification postage paid envelope. In addition, the section provides for a replacement ballot if the ballot is destroyed, spoiled, lost, or not received by the voter.

The section outlines the conditions under which the mail ballot is to be counted. Undeliverable ballot envelopes result in the removal of the voters’ names from the registration book and party affiliation list.

K.S.A. 25-434. This section provides for the challenge of ballots.

K.S.A. 25-435. This section provides for absentee ballots.

K.S.A. 25-436. The county election officer may not mail a ballot to those electors not registered 30 days prior to the date of the election. Electors registered after 30 days prior to the date of the election, but prior to the closing of the registration books, may apply for a ballot under subsection (d) of Section 3.

K.S.A. 25-437. This section provides for the county election officer to appoint a special election board to make the original canvass of all ballots cast in the county.

K.S.A. 25-438. All laws which apply to elections apply to elections under this act to the extent applicable.

K.S.A. 25-439. No mere informality in the manner of carrying out or executing the provisions of this act shall invalidate any election held under it or authorize the rejection of the returns. The provisions of the act shall be construed liberally for the purpose of effectuating its purposes.

K.S.A. 25-440. This section provides for the Secretary of State to adopt rules and regulations governing the procedures and forms necessary to implement the act.

F. Extraordinary Declining Enrollment
K.S.A. 72-5464. If enrollment in a district has declined during the preceding three school years at a rate of at least 5% per year or by at least 50 pupils per year, whichever is greater, the board of education shall not authorize the issuance of any bonds for the construction of a new building without having first advised and consulted with the joint committee on state building construction. If the joint committee recommends against the issuance of any bonds and if the district proceeds to issue bonds, the district shall not be entitled to state aid for such bonds.

III. REGISTRATION AND SELLING OF BONDS

A. Bonds must meet the following requirements:
   1. The printing of bonds must comply with uniform standards prescribed by law; and
   2. The bonds must be signed by the president of the board of education, attested by the clerk and countersigned by the treasurer of the board.

B. Procedure for Selling Bonds (K.S.A. 10-106) (If the issue is $2,000,000 or less, see paragraph 7 on page 4.)
   1. It is the duty of the board of education to send a certified copy of the transcript of the proceedings preliminary to a bond issue to the state treasurer for registration of the bonds.
   2. Except as indicated in paragraph 7 below, under K.S.A. 10-106, bonds must be sold at public sale as follows:

      The board of education shall publish a notice of the sale one time in a newspaper having general circulation in the county where the bonds are issued and in the Kansas Register. Such notices shall be published not less than six days nor more than 30 days before the sale and shall contain the following information:
III. REGISTRATION AND SELLING OF BONDS

(a) 1. Except as provided by subsection (b) the date, time and place at which a public notice auction will be held on such terms and conditions as shall be provided by the municipality or at which bids will be received and considered for the sale of the bonds for cash at such price as the municipality may accept;

2. The date of issue, total par value and denomination of the bonds being sold;

3. The dates and amounts of maturities of the bond issues;

4. The dates on which interest on the bonds shall become due and payable;

5. The place or places where and the approximate date on which the bonds being sold will be delivered to the purchaser;

6. A statement that a good faith deposit in the form of cash, including cash deposited into an account of the municipality or its agent by electronic fund transfer, a certified or cashier’s check or surety bond in the amount of 2% of the total par value of the bonds being sold shall be furnished at or prior to the time of sale by each bidder except that if a bidder agrees to submit the good faith deposit through the federal reserve system into an account of the municipality or its agent, the good faith deposit may be furnished any time prior to the time the governing body of the municipality accepts the bid;

7. A statement disclosing whether or not the purchaser of the bonds will be required to pay for the printing thereof and whether or not and to what extent the purchaser of the bonds will be required to pay the expense of legal services rendered to the municipality in connection with the issuance of the bonds including the fees of recognized bond counsel for an opinion as to legality of issuance;

8. The assessed valuation of the municipality;

9. That bidders may be required to be qualified in a manner established by the municipality before submitting a bid; and

10. The total bonded indebtedness of the municipality as of the date on which the bonds being sold are dated including the bonds submitted for bid. The rate of interest may be omitted in advertising and the bidders requested to specify the lowest interest rate or rates on the bonds at which they will pay the purchase price.

(b) If sold at public notice sale, purchasers shall submit their bids in writing, sealed or sent by facsimile or other electronic transmission, as set forth in the notice of sale, for all or any part of the bonds. In case any purchaser, whose bid is accepted, fails to carry out the contract, the deposit shall be forfeited to the municipality issuing the bonds. Bids shall be disclosed publicly and tabulated or compared only at the time and place specified in the notice. At the time and place specified, the bonds shall be sold to the highest and best bidder or bidders, and the bonds may be allotted among the bidders, however, any or all bids may be rejected. No contract for the sale of the bonds shall be made except on bids submitted as provided in this section. No bonds shall be delivered to any purchaser until the amount of the bid is placed in the hands of the officer in charge of the sale. The provisions of this section relating to public notice sale of bonds shall not apply to bonds: (1) secured solely and only by revenues, (2) bonds sold, pursuant to written agreement, to the government of the United States of America or any bureau, department, instrumentality or agency thereof, (3) bonds issued pursuant to K.S.A. 10-427 et seq., and amendments thereto, (4) all bonds of the same series or which are issued simultaneously with such bonds, and (5) bond sales where the total amount of the
issue does not exceed $2,000,000. In such cases, the bonds may be sold at public notice or private sale as the officers having charge of the sale of such bonds determine. If bonds under clause (5) are to be sold at private sale, the officers having charge of the sale of such bonds shall publish in advance of the sale a notice of intent to seek private placement of such bonds in a newspaper having general circulation in the county where the bonds are issued and in the Kansas register. Such notice shall state the maximum aggregate principal amount of the bonds and shall indicate that the proposed sale is in all respects subject to the subsequent approval of an appropriate bond purchase agreement and an ordinance for the issuance of bonds. The practice of providing more than one issue within a twelve-month period for any one project is prohibited unless the project engineer or architect certifies that it is necessary to do so for the orderly construction progress of the project.

(c) As an alternative to providing notice of the date, time and place of public notice auction or receipt of bids provided by subsection (a)(1), the officers having charge of a bond sale may establish a time period of not less than seven nor more than 30 days during which such bonds would be sold. Notice of such sale period shall be published one time in a newspaper having general circulation in the county where the bonds are issued and in the Kansas register and shall be published not less than six days nor more than 30 days before the beginning date of the sale period. The notice shall contain the information specified in subsection (a) except that in place of the time and date of sale, the notice shall specify the time period during which the bonds would be sold and the manner in which persons interested in submitting a bid may register for notice of the bond sale. At least three business days prior to the time and date of the bond sale, the officers having charge of the sale shall give notice to all persons having registered for notice of the bond sale, and bids shall be submitted and received and the sale made in the manner provided in subsection (a).

C. Terms and denominations of municipal bonds. (K.S.A. 10-103)

1. (a) Except as provided in subsection (b), all municipal bonds payable from special assessments against the property benefited, shall be issued to mature in not more than 20 installments. The last installment shall mature not more than 22 years after the date of issuance. All other municipal bonds shall be issued to mature in not more than 30 installments. The last installment shall mature not more than 32 years after the date of issuance. Such bonds shall bear interest at a rate not to exceed the maximum rate of interest prescribed by K.S.A. 10-1009, and amendments thereto, payable at such times fixed by the municipality issuing the same. Each bond shall specify the date of its separate maturity and shall be in such denomination as the municipality issuing the same determines.

(b) Municipal bonds sold, pursuant to written agreement, to the government of the United States of America or any bureau, department, instrumentality or agency thereof shall be issued to mature in not more than 40 years, may have serial or term maturities and shall bear interest at a rate not to exceed the maximum rate prescribed by K.S.A. 10-1009, and amendments thereto, payable at such times fixed by the municipality issuing the same. The bonds may be in coupon or registered form and interchangeable, and shall have such other terms and provisions as the municipality provides by ordinance, resolution or trust agreement.

D. Rates of Interest; limitation. (K.S.A. 10-1009)

1. The maximum stated rate of interest which may be fixed on fixed-rate bonds issued by municipality or taxing subdivision of the state of Kansas shall be determined on the day the bonds are sold and shall not exceed the daily yield for the ten-year treasury bonds published
III. REGISTRATION AND SELLING OF BONDS (continued)

by The Bond Buyer, in New York, New York, on the Monday next preceding the day on which
the bonds are sold, plus (1) three percent, if the interest on the bonds is excluded from gross
income for federal income tax purposes or (2) four percent, if the interest on the bonds is
included in gross income for federal income tax purposes.

2. The maximum stated rate of interest which may be fixed on variable-rate bonds issued by a
municipality or taxing subdivision of the state of Kansas shall be determined on the date on
which the rate is determined in accordance with the resolution or ordinance of the issuer
and shall not exceed the daily yield for the ten-year treasury bonds published by The Bond
Buyer, in New York, New York, on the Monday next preceding such date, plus (1) three
percent, if the interest on the bonds is excluded from gross income for federal income tax
purposes or (2) four percent, if the interest on the bonds is included in gross income for
federal income tax purposes.

3. Except as provided for variable rate bonds, the maximum rate of interest specified in this
section shall be applicable to bonds issued after the effective date of this act. The maximum
rate of interest on variable rate bonds issued prior to the effective date of this act shall be the
higher of (1) the maximum rate of interest specified by subsection (a) or (b) of this section, as
in effect prior to the effective date of this act, (2) the maximum rate of interest specified in
this section or (3) the rate for such variable rate bonds specified in the documents authorizing
the issuance thereof.

4. Notwithstanding the foregoing, for the period from the effective date of this act until and
including June 30, 2012, the maximum stated rate of interest which may be fixed on fixed-rate
or variable rate bonds issued by a municipality or taxing subdivision of the state of Kansas
shall be determined on the day the bonds are sold and shall not exceed the daily yield for the
ten-year treasury bonds published by The Bond Buyer, in New York, New York, on the Monday
next preceding the day on which the bonds are sold, plus (1) 6%, if the interest on the bonds
is excluded from gross income for federal income tax purposes or (2) 7%, if the interest on the
bonds is included in gross income for federal income tax purposes.

IV. ISSUANCE OF $20,000 IN BONDS OR TEMPORARY NOTES WITHOUT AN ELECTION
(K.S.A. 72-5457)

(b) Any board of education may issue, without an election but with the approval of the state board of
education, bonds to construct or acquire buildings to be used for school district purposes, including
housing and boarding pupils enrolled in an area vocational school operated under the board, to repair
school district buildings, to acquire equipment or to purchase school buses, in an amount not to exceed
$20,000. Bonds issued without an election under this subsection shall not be subject to any bonded debt
limitations nor shall the bonds be considered in determining the bonded indebtedness of any school
district, and the total amount of bonds outstanding which are issued hereunder without an election shall
not at any one time exceed $20,000.

(c) In lieu of bonds, temporary notes may be issued under K.S.A. 10-123, and amendments thereto, and
the notes may be retired, at the option of the board of education, by tax levies made under K.S.A. 10-
113, and amendments thereto.

A. Application should be made on Form 7-212-100 which may be obtained from the Division of Fiscal
and Administrative Services, State Department of Education.

B. Temporary notes cannot mature later than four years from the date of the notes. (K.S.A. 10-123)
V. BOND PAYMENTS WHEN TERRITORY TRANSFERRED OR DISTRICT DISORGANIZED.

All territory within a school district on the date bonds of the district are issued remains liable for the payment of such bonds even though some of the territory subsequently is transferred or the district is disorganized. (K.S.A. 10-119, 72-637, and 72-638)

For the purpose of determining tax liability for bonds issued or other indebtedness incurred under the provisions of K.S.A. 10-119, the effective date of a transfer of school territory for bonds issued or other indebtedness incurred shall be the same as the effective date for election purposes as provided in the order of the State Board of Education in which the transfer of territory is approved. Residents of the territory transferred are liable for bonds issued and other indebtedness incurred by the receiving district on such date or thereafter. Residents of the territory transferred are not liable for bonds issued and other indebtedness incurred by the giving district on or after such date. (K.S.A. 72-523, 72-524, and 72-532)

VI. BOND ELECTIONS; FREQUENCY LIMITATION (K.S.A. 25-2019)

No school district can call or hold more than one special bond election at a time other than a general election or the election of board of education members within any one calendar year. In addition, no special bond election can be held within sixty (60) days before or after a general election or election of members of the board of education of the district. However, districts are not prohibited from planning for or considering a bond election during the period between authorized bond elections, nor from giving notice or making other preparations for an election during such period.

These restrictions have no application to an election for authorization to levy a capital outlay tax.

VII. CAPITAL OUTLAY TAX LEVY (K.S.A. 72-53,113, as amended in 2014)

Subject to a possible vote by school district electors, the board of education of a school district may make an annual tax levy at a mill rate not to exceed the statutorily prescribed mill rate upon the taxable tangible property in the school district for the purposes specified in the law. However, no levy can be made until a resolution is adopted and published by the board of education and a period is allowed for the filing of a petition requesting a vote on the question of whether the tax should be levied. Form 7-212-102 is a sample of the resolution that must be adopted under the requirements of the statute.

VIII. CAPITAL OUTLAY FUND (K.S.A. 72-53,115)

In the budget of each school district in the state, there is a fund which is called the capital outlay fund. The proceeds of any tax levied under K.S.A. 72-53,113, except for an amount to pay a portion of the principal and interest on bonds issued by cities under the authority of K.S.A. 12-1774, and amendments thereto, for the financing of re-development projects upon property located within the school district, must be deposited in the capital outlay fund of the school district making the levy.

IX. ISSUANCE OF TEMPORARY NOTES (K.S.A. 10-123)

If an improvement of a school district can be paid for lawfully, in whole or in part, by the issuance of bonds, the school district may issue temporary notes, bearing interest at a rate not exceeding the maximum rate prescribed by K.S.A. 10-1009, payable in accordance with the terms of the notes, maturing not later than four years from the date of the notes and not exceeding in the aggregate the amount of bonds which are to be issued and are then unissued, as shown by the approved estimates on file. Any school district may issue renewal temporary notes to pay for the cost of taking up any previously issued temporary notes as they mature when all aspects of the improvement will not be completed at the maturity date of the notes or when the school district has completed the improvements and the issuance of bonds is prevented, hindered or delayed. The temporary notes are to be in a form determined by resolution of the school board, acceptable for registration by the state treasurer. The entire temporary...
IX. ISSUANCE OF TEMPORARY NOTES (K.S.A. 10-123) (continued)

Note must be contained on one sheet of paper. The notes must be executed and registered in the same manner as the bonds, and must be redeemed and canceled before, or at, the time permanent bonds are issued in lieu thereof. The amount of temporary notes and bonds issued and outstanding at any time cannot exceed the estimated cost and expense of the improvement. The temporary notes may be issued from time to time, as required during the progress of the work, are negotiable in accordance with their terms, and constitute a general obligation of the school district. The temporary notes are not negotiable until countersigned, following registration, by the clerk of the school district, and a statement to that effect must appear on the face of all such temporary notes. Temporary notes may be sold in the manner determined by the school district.

Primary statutory authority for issuance of school bonds

General obligation bonds: purpose for issuance; when election required; contest of validity; limitations; temporary notes and tax levy.

(a) The board of education of a school district is authorized to select any site or sites necessary for school district purposes. When a board determines that it is necessary to purchase or improve a site or sites, or to acquire, construct, equip, furnish, repair, remodel or make additions to any building or buildings used for school district purposes, including housing and boarding pupils enrolled in an area vocational school operated under the board, or to purchase school buses, the board may submit to the electors of the unified district the question of issuing general obligation bonds for one or more of the above purposes, and upon the affirmative vote of the majority of those voting thereon, the board shall be authorized to issue the bonds. The board shall adopt a resolution stating the purpose for which bonds are to be issued and the estimated amount thereof. The board shall give notice of the bond election in the manner prescribed in K.S.A. 10-120, and amendments thereto, and the election shall be held in accordance with the provisions of the general bond law. The bonded debt limitation prescribed by amendment of this subsection shall not be applied in any manner so as to affect the validity of any bonds of a board which are outstanding on the effective date of this act.

(b) Any board of education may issue, without an election but with the approval of the state board of education, bonds to construct or acquire buildings to be used for school district purposes, including housing and boarding pupils enrolled in an area vocational school operated under the board, to repair school district buildings, to acquire equipment, or to purchase school buses, in an amount not to exceed $20,000. (c) In lieu of bonds, temporary notes may be issued under K.S.A. 10-123, and amendments thereto, and the notes may be retired, at the option of the board of education, by tax levies made under K.S.A. 10-113, and amendments thereto.

LAWS APPLICABLE TO CONSTRUCTION OF SCHOOL FACILITIES

School buildings; definition; inspection; correction of violations; closing in lieu of repair; judicial review.

(a) As used in this act, "school building" means any building or structure operated or used for any purpose by, or located upon the land of, any school district, community college district, area vocational school, area vocational-technical school, institution under the state board of regents or any private or nonpublic school, college or university, whether or not operated for profit. The term school building does not include within its meaning any single-family dwelling or duplex constructed as part of a vocational education program or construction trades class if such single-family dwelling or duplex is to be sold, after its construction, for private use.

(b) All school buildings shall be inspected at least once each year. In all cities of the first and second class in which there is a full-time fire chief or full-time fire inspector, the inspection of the school buildings shall be conducted by such chief or inspector. The chief or inspector shall report the findings from the inspection to the state fire marshal within 30 days after such inspection. In all other cases, school buildings shall be inspected by the state fire marshal or the fire marshal's authorized assistants.

(c) The state fire marshal shall order the governing body having control of any school building or facility thereof to correct any condition in such building or facility which is in violation of this act, or any condition which the fire marshal deems dangerous, or which in any way prevents a speedy exit from such building. After any such order is rendered, such governing body shall make the changes required to comply therewith. A board of education of any school district is hereby authorized to make expenditures from its general fund or capital outlay fund to comply with such order, or the board may issue no-fund warrants in such amounts as are necessary to pay expenses incurred in complying with such order. Such no-fund warrants shall be issued, registered, paid and redeemed and bear interest as provided by K.S.A. 79-2940, and amendments thereto, except that the approval of the state court of tax appeals shall not be required. Such warrants shall recite that they are issued by the board of education of the school district under authority of this act. Any board of education issuing warrants hereunder shall make a tax levy at the same time as other tax levies are made, after such warrants are issued, sufficient to pay such warrants and the interest thereon.

(d) Whenever a board of education receives an order from the state fire marshal pursuant to subsection (c), the board, in lieu of repairing or remodeling the school building or facility as ordered by the state fire marshal, may close such building or facility as an attendance center. Whenever any board of education finds that any such order of the state fire marshal involves a cost in excess of that which the board of education finds the school district can afford, or that the changes ordered are unwarranted or unnecessary, the board may petition for review of such order in the district court of the home county of such school district. Upon receiving such petition, the district court shall appoint three disinterested commissioners, one of whom shall be a licensed architect. The commissioners shall inspect the building or facility affected by the order and report to the court its findings of fact as to the necessity for the improvements or changes ordered by the state fire marshal, together with the estimated cost of each such improvement or change and such other recommendations as the commissioners deem advisable. Upon receiving such findings of fact and recommendations, or any other evidence relating to the petition for review, the court shall enter its order affirming, reversing or modifying the order of the state fire marshal. Such order of the court may be reviewed by the appellate courts in the same manner as other orders and judgments of the district court may be reviewed.

(e) Except as provided in subsection (d), any action of the state fire marshal pursuant to this section is subject to review in accordance with the act for judicial review and civil enforcement of agency actions. (K.S.A. 31-144)
